

Identifying a DOE National Lab and Bioenergy Research Center Partner for the BER RENEW FOA

Non-R1 MSI institutions should contact the National Laboratory Points of Contact (POCs) and/or Bioenergy Research Center (BRC) POC shown below to explore partnership opportunities for BER-relevant research. When doing so, include a short description of the proposed research and potential laboratory PI(s), if known.

Laboratory	Contact
Ames Laboratory	Emily Smith , Chemical and Biological Sciences Division Director esmith1@ameslab.gov
Argonne National Laboratory	Cristina Negri , Environmental Science Division Director negri@anl.gov
Brookhaven National Laboratory	Martin Schoonen , Associate Laboratory Director, Environment, Biology, Nuclear Sci., & Nonproliferation mschoonen@bnl.gov
Lawrence Berkeley National Laboratory	Lauren Jabusch , Program Developer, Strategic Program Development lkjabusch@lbl.gov
Lawrence Livermore National Laboratory	Felice Lightstone , Biochemical and Biophysical Systems Group Leader lightstone1@llnl.gov
Los Alamos National Laboratory	Srinivas Iyer , Program Director of Office of Science Programs siyer@lanl.gov
National Renewable Energy Laboratory	Maureen McCann , Center Director I-Technical maureen.mccann@nrel.gov
Oak Ridge National Laboratory	Julie Mitchell , Biosciences Division Director mitchelljc@ornl.gov
Pacific Northwest National Laboratory	Timothy Scheibe , Laboratory Fellow tim.scheibe@pnnl.gov
SLAC National Laboratory	Ritimukta Sarangi , Senior Scientist ritis@slac.stanford.edu
Sandia National Laboratories	Amanda Berry , Research and Development Manager anbarr@sandia.gov
Savannah River National Laboratory	Brady Lee , Earth, Biological, and Quantitative Systems Science Division Director brady.lee@srnl.doe.gov

Bioenergy Research Center (BRC)	Contact
Center for Advanced Bioenergy and Bioproducts Innovation (CABBI)	Andrew Leakey , Lead PI leakey@illinois.edu
Center for Bioenergy Innovation (CBI)	Brian Davison , Chief Science Officer davisonbh@ornl.gov
Great Lakes Bioenergy Research Center (GLBRC)	Timothy Donohue , Lead PI tdonohue@bact.wisc.edu
Joint BioEnergy Institute (JBEI)	Blake Simmons , Chief Science & Technology Officer basimmons@lbl.gov

The Office of Science is a steward of 10 of the 17 DOE National Laboratories. Additional information about these 10 laboratories, including core capabilities, is available at <https://science.osti.gov/Laboratories>.

Information about all 17 DOE National Laboratories can be found at <https://www.energy.gov/national-laboratories>.
