The conference agreement provides \$3,000,000 for Graduate Fellowship Grants instead of \$4,500,000 as proposed by the House, and \$2,883,000 as proposed by the Senate.

The conference agreement provides \$5,645,000 for Hispanic Education Partnership Grants as proposed by the House instead of \$4,645,000 as proposed by the Senate.

The conference agreement provides \$1,148,000 for Dietary Intervention in Ohio. Of this amount, \$735,000 is provided for Ohio State University and \$413,000 is for the University of Toledo.

The conference agreement provides \$316,000 for the Alliance for Food Protection. Of this amount, \$158,000 shall be used to continue integrated fruit and vegetable research at the University of Georgia.

The conference agreement provides \$1,108,000 for alternative salmon products research. Of this amount, \$443,000 shall be used to continue research into and development of baby food containing salmon.

The conference agreement provides \$1,549,000 for the Food and Agriculture Policy Research Institute. Of that amount, \$79,000

shall be used to fund the Center for Agricultural and Trade Policies for the Northern Plains Region at North Dakota State University.

The conference agreement provides \$1,790,000 for berry research. Of this amount, \$1,400,000 shall be used for nutraceutical research at the University of Alaska-Fairbanks.

The conference agreement provides \$528,000 for the Midwest Advanced Food Marketing Alliance in Nebraska. Of this amount, \$98,000 shall be used for food allergens research to be conducted at the University of Nebraska-Lincoln Food Allergy Research & Resource Program.

NATIVE AMERICAN INSTITUTIONS ENDOWMENT FUND

The conference agreement provides \$12,000,000 for the Native American Institutions Endowment Fund as proposed by both the House and Senate.

EXTENSION ACTIVITIES

The conference agreement provides \$449,225,000 for extension activities instead of \$440,349,000 as proposed by the House and \$443,061,000 as proposed by the Senate.

The conference agreement includes bill language for the following: West Virginia State University as proposed by the Senate instead of West Virginia State College as proposed by the House; \$1,981,000 for payments for rural health and safety education as proposed by the Senate; and, \$2,667,000 for grants to youth organizations as proposed by the Senate.

The following table reflects the conference agreement:

Cooperative State Research, Education, and Extension Service—extension activities

[Dollars in thousands]

	<i>FY 2005 Conference</i>

Within funds provided for the farm safety program, the conference agreement includes \$4,600,000 for the AgrAbility project as proposed by the House instead of \$3,312,000 as proposed by the Senate.

The conference agreement provides \$736,000 for Ag in the Classroom. Of that amount, no less than \$125,000 shall be used to expand efforts in Illinois to promote consumption of healthy foods and proper school nutrition.

The conference agreement provides \$973,000 for nutrition enhancement. Of this amount, \$25,000 shall be used for a cooperative agreement with the Research Institute of Family Health and Wellness at Marywood University in Scranton, Pennsylvania.

INTEGRATED ACTIVITIES

The conference agreement provides \$55,153,000 for integrated activities instead of \$66,255,000 as proposed by the House and \$57,242,000 as proposed by the Senate.

The following table reflects the conference agreement:

Cooperative State Research, Education, and Extension Service—integrated activities

[Dollars in thousands]

	<i>FY 2005 conference</i>
Water Quality	\$12,971
Food Safety	14,967
Regional Pest Management Centers	4,200
Crops at Risk from FQPA Implementation	1,400
FQPA Risk Mitigation Program for Major Food Crop Systems	4,500

	<i>FY 2005 conference</i>

Total, Integrated Activities	55,153

OUTREACH FOR SOCIALLY DISADVANTAGED FARMERS

The conference agreement provides \$5,935,000 for Outreach for Socially Disadvantaged Farmers as proposed by both the House and Senate.

OFFICE OF THE UNDER SECRETARY FOR MARKETING AND REGULATORY PROGRAMS

The conference agreement provides \$721,000 for the Office of the Under Secretary for Marketing and Regulatory Programs as proposed by the House instead of \$733,000 as proposed by the Senate.

ANIMAL AND PLANT HEALTH INSPECTION SERVICE

SALARIES AND EXPENSES

The conference agreement provides \$814,623,000 for the Animal and Plant Health Inspection Service (APHIS) instead of \$831,823,000 as proposed by the House and \$786,866,000 as proposed by the Senate.

The conferees direct that projects identified in House Report 108–193, Senate Report 108–107, and House Report 108–401 that were directed to be funded in fiscal year 2004 are not funded for fiscal year 2005 unless specifically mentioned in this conference report and the reports of the House and Senate that accompany this Act. Further, the conferees direct APHIS not to redirect funding for programs and activities without prior notification to and approval by the House and Senate Committees on Appropriations in accordance with the reprogramming procedures specified in this Act.

The following table reflects the conference agreement:

Animal and Plant Health Inspection Service

[In thousands of dollars]

<i>Program</i>	<i>Conference recommendation</i>
Pest and Disease Exclusion:	
Agricultural quarantine inspection	\$25,292
Cattle ticks	6,720
Foreign animal diseases/FMD	8,740
Fruit fly exclusion and detection	58,343
Import-export inspection	12,874
Screwworm	27,374
Trade issues resolution management	12,578
Tropical bont tick	425
Total, Pest and Disease Exclusion	152,346
Plant and Animal Health Monitoring:	
Animal health monitoring & surveillance	145,082
Animal and plant health regulatory enforcement	9,382

<i>Program</i>	<i>Conference recommendation</i>
Bio Surveillance	2,000
Emergency management systems	12,968
Pest detection	27,132
Total, Plant & Animal Health Monitoring	196,564
Pest and Disease Management:	
Aquaculture	1,255

Environmental Compliance	2,624
Plant methods development labs	8,381
Veterinary biologics	15,513
Veterinary diagnostics	20,575
Wildlife services methods development	17,428
Total, Scientific and Technical Services	80,602
Contingency fund	4,119
Physical security	0
Total, Salaries and Expenses	814,623

The conferees provide the following increases in the APHIS salaries and expenses account for new and enhanced activities related to the Food and Agriculture Defense Initiative: \$33,197,000 for a national animal identification program, \$3,600,000 for state cooperative agreements, \$2,000,000 for biosurveillance, \$2,500,000 for the control of select agents, \$2,303,000 for the National Veterinary Vaccine Bank, \$8,641,000 for BSE testing, and \$2,900,000 for the national animal laboratory network.

Animal Health Monitoring and Surveillance.—The conference agreement includes \$145,082,000 for Animal Health Monitoring

and Surveillance. Within that amount, the conference agreement provides an increase of \$33,197,000 for the National Animal Identification System (NAIS) and includes bill language naming the amount and requiring a report on the system components. The conferees note that, in addition, the Secretary transferred \$18,792,997 from the Commodity Credit Corporation for animal identification in April 2004.

The conference agreement includes not less than \$2,000,000 for a cooperative agreement with the Wisconsin Department of Agriculture, Trade and Consumer Protection to continue work carried out by the Wisconsin Livestock Identification Consortium.

The conferees provide \$600,000 for the Farm Animal Identification and Records (FAIR) program. Both the Wisconsin consortium and the FAIR project should also be eligible to apply for additional cooperative agreement funding for animal identification, which is funded within the NAIS total.

The conference agreement provides the full increase requested, \$8,641,000 over the fiscal year 2004 level, for activities related to Bovine Spongiform Encephalopathy (BSE). In addition, the conferees note that the Department has available \$69,900,000, which the Secretary transferred in March 2004 from the Commodity Credit Corporation (CCC) to fund an intensive BSE surveillance and testing program. That funding will allow APHIS to conduct testing for approximately 268,000 animals within a 12 to 18 month period starting June 1, 2004; as of November 9, 2004, APHIS has tested 106,484 cattle. The conferees note that the CCC-transferred amount will cover all BSE testing during that timeframe.

The conference agreement includes: \$300,000 to assist in creating a database of North Carolina's agriculture industry for rapid response capabilities; funding of the New Mexico Rapid Syndrome Validation Program at \$450,000 to support early detection of pathogens in animals and prevent their spread; \$300,000 for Iowa State's work regarding risk assessments of genetically modified agricultural products; \$746,000 for an alkaline digester for the Ohio Agriculture Research and Development Center in Wooster, Ohio; and \$298,000 to address bio-safety issues relating to antibiotic-resistant strains of bacteria in Vermont.

The conference agreement includes increases of \$3,600,000 for cooperative agreements with states and \$1,900,000 for cooperative agreements as part of the National Animal Health Laboratory Network.

Import-Export Inspection.—The conferees provide \$12,874,000 for import-export inspection, including an increase of \$1,000,000 for select agents, and an increase of \$500,000 for a cooperative agreement with the California County Pest Detection Augmentation Program.

Emerging Plant Pests.—The conference agreement includes an increase of \$8,469,000 above the amount available in fiscal year 2004. The conferees provide \$36,578,000 for citrus canker eradication; \$23,190,000 for Pierce's Disease/Glassy-winged sharpshooter; \$5,000,000 for Emerald Ash borer; \$3,000,000 for Sudden Oak Death; and \$29,168,000 for the Asian long-horned beetle. The conferees provide \$100,000 of funding for hydrilla eradication around Smith Mountain Lake in Virginia, and Lake Gaston in Vir-

ginia and North Carolina. Funding for Karnal bunt, olive fruit fly, and miscellaneous pests continue at the fiscal year 2004 level.

The conferees expect the Secretary to utilize authorities and resources of the Commodity Credit Corporation (CCC) to provide assistance in response to animal and plant health threats.

Johne's Disease.—The conference agreement provides \$18,740,000 for Johne's Disease. From within that amount, the conference agreement provides the fiscal year 2004 funding level to continue cooperative agreements with the Wisconsin Department of Agriculture, Trade and Consumer Protection.

Low Pathogenic Avian Influenza.—The conferees provide \$23,000,000 for activities relating to the prevention, control, and eradication of Low Pathogenic Avian Influenza (LPAI) to remain available until expended. Within the total amount, \$12,000,000 is for indemnities, \$3,000,000 is for surveillance activities, up to \$2,000,000 is for reagents and costs of administering tests, and up to \$2,000,000 is for live bird market closure for disinfection, as needed. Full funding for other LPAI activities that were included in the budget request is included in the total. The conferees are concerned that LPAI, which appears to be endemic in certain live bird markets in urban areas, could mutate into highly pathogenic forms. To prevent this from happening, a robust surveillance and control system in both commercial poultry industries and live bird markets is important. The conferees believe that industry cooperation and program fairness will be maximized through the indemnification of losses.

Wildlife Services Operations.—The conferees direct that, other than funding for the specific items noted in this statement, the funds provided in the Wildlife Services Operations line item are available for general operations needs.

The conferees do not concur with the President's request to reduce funding in the Wildlife Services account to allow cooperators to assume a larger share of the costs associated with these activities.

The conferees provide \$1,215,000 for wolf predation management, of which \$1,065,000 is for Wisconsin, Minnesota, and Michigan, and \$150,000 is for New Mexico and Arizona. The conference agreement does not include separate funding for Minnesota, as proposed by the House.

The conference agreement continues funding for the following projects: \$300,000 for beaver management in North Carolina; \$250,000 for crop and aquaculture losses in southwest Missouri; \$625,000 for game bird predation work with the University of Georgia; \$100,000 for predation wildlife services in western Virginia; \$120,000 for blackbird control in Louisiana; \$1,300,000 for predator control programs in Montana, Idaho, and Wyoming; \$1,000,000 for wildlife services in Texas; \$150,000 for beaver management and damage in Wisconsin; \$515,000 for brown tree snake management in Guam; \$310,000 for Hawaii and Guam operations; \$300,000 for sandhill cranes in Idaho; \$50,000 for control of feral hogs in Missouri; \$1,000,000 for cormorant control in New York; \$150,000 for cormorant control in Michigan; \$100,000 for cormorant control in the Lake Champlain basin; \$750,000 for wildlife service operations with the South Dakota Department of Game, Fish, and Parks to

meet the growing demands of controlling predatory, nuisance, and diseased animals; \$550,000 for the management of beavers in Mississippi; \$335,000 to continue control measures for minimizing blackbird damage to sunflowers in North Dakota and \$33,000 for those purposes in South Dakota; \$120,000 for blackbird management efforts in Louisiana; \$174,000 for Kansas blackbird control; \$247,000 for the Jack Berryman Institute, Utah; \$199,000 for beaver control in Kentucky; \$325,000 for Delta states operations; \$199,000 for geese control in New York; \$249,000 for the New Hampshire State operations; and \$474,000 for the Nevada Division of Wildlife. The conferees do not provide \$50,000 for the Cooperative Livestock Protection Program in Pennsylvania as proposed by the Senate.

The conference agreement includes \$21,850,000 for a cooperative oral rabies vaccination program. This amount includes an increase of \$1,000,000, of which not less than \$420,000 is directed to go to the state of Florida for bait and related costs.

Emergency management systems.—The conference agreement includes \$12,968,000 for emergency management systems, which includes a total of \$4,000,000 for emergency coordinators and a total of \$3,000,000 to establish a vaccine bank.

Pest Detection.—The conference agreement includes \$1,500,000 for select agents, \$200,000 for a remote sensing, hyperspectral imaging and light detection and ranging project; and an increase of \$1,000,000 for surveys through the Cooperative Agricultural Pest Surveys system.

Chronic wasting disease.—For chronic wasting disease, the conferees provide \$18,839,000. The conferees direct that of this amount \$1,750,000 is for Wisconsin and \$250,000 is for Alaska. Funding for Utah and the Conservation Medicine Center of Chicago remains at fiscal year 2004 levels.

Veterinary Diagnostics.—The conferees provide an increase of \$1,000,000 for the National Animal Health Laboratory Network, as requested. The conferees do not continue the funding for equipment needs recommended in the Senate report.

Wildlife Services Methods Development.—The conference agreement includes \$17,428,000 for wildlife services methods development. Within that amount, the conferees provide \$400,000 in funding for the National Wildlife Research Station in Kingsville, Texas, to address emerging infectious disease issues associated with wildlife populations; \$498,000 for the Jack Berryman Institute, Utah, for addressing wildlife damage management issues; and \$352,000 to continue research efforts at the National Wildlife Research Center field station in Starkville, MS, for resolving problems regarding bird damage to aquaculture farms in the Southeast.

Agricultural Quarantine Inspection.—For fiscal year 2005, the conferees provide \$25,292,000 for the AQI appropriated account to conduct preclearance quarantine inspections. The conferees have included the fiscal year 2004 funding level for interline activities in Hawaii as proposed by the Senate, assume the reduction of \$1,246,000 due to one-time equipment purchases, and provide an increase of \$490,000 for the National Germplasm Laboratory.

Boll Weevil Eradication.—The conferees provide \$47,500,000 for fiscal year 2005 to continue the Boll Weevil Eradication Pro-

gram, as proposed by the Senate instead of \$47,000,000 as proposed by the House.

Brucellosis.—The conferees provide an increase of \$114,000 above the fiscal year 2004 level for the brucellosis program. This amount continues funding at the fiscal year 2004 level for Montana to protect the State's brucellosis-free status and for the operation of the bison quarantine facility and the testing of bison that surround Yellowstone National Park.

Noxious Weeds.—The conferees provide \$1,991,000 for the noxious weeds account. This amount includes \$199,000 for the Nez Perce Bio-control Center to increase the availability and distribution of biological control organisms used in an integrated weed management system, and \$298,000 for the Kiski Basin Initiative.

The conference agreement provides continued funding at the fiscal year 2004 level for an invasive species program to prevent the spread of cogongrass in Mississippi, and requests that the agency take necessary steps to address this invasive weed as a regional infestation problem.

Fruit fly exclusion and detection.—The conferees include \$58,343,000 for fruit fly exclusion and detection, a \$1,000,000 increase over the fiscal year 2004 level. Of the increase, \$100,000 is for Texas.

Grasshopper and mormon cricket.—The conference agreement includes \$5,528,000 for grasshopper and mormon cricket control. Of this amount, no less than \$1,000,000 is for activities in Utah and funding for Nevada is at no less than the fiscal year 2004 level for survey, control and eradication activities.

Pierce's Disease/Glassy-winged Sharpshooter.—The conferees strongly object to the recent decision of the Office of Management and Budget (OMB) to deny funding that the Secretary identified as necessary to combat the glassy-winged sharpshooter and to contain Pierce's Disease. The conferees note that OMB's decision to deny this funding has needlessly increased the serious threat posed by Pierce's Disease to California's multi-billion dollar wine and grape industries, constituted an unwelcome intrusion upon the Secretary's exercise of discretion, and was in total disregard of the fact that 33 Members of Congress supported the Secretary's request for these funds. The conferees further note that OMB's decision in this matter contradicted the direction provided to OMB by Congress in fiscal year 2004 to "disregard any arbitrarily imposed cost-share requirements." Accordingly, the conferees strongly encourage OMB to approve the \$5.2 million USDA requested for efforts to combat Pierce's Disease.

The conferees recognize the work conducted in Texas related to the glassy-winged sharpshooter, and direct the Department to continue this work.

Vine Mealy Bug.—The conferees are concerned about the effect of the vine mealy bug (*Planococcus ficus*) on grapes. Over 900,000 acres of grapes are threatened by this pest. The conferees encourage APHIS to appropriately address this emerging threat through the funds available to the agency.

The conferees direct the agency to initiate a cooperative agreement with the Louisiana Department of Wildlife and Fisheries for

development of diagnostics related to disease affecting the domestic alligator industry.

The conferees have included language under the Office of the Secretary to address concerns that the veterinary diagnostic work conducted at Plum Island, New York, remains focused on agriculture.

BUILDINGS AND FACILITIES

The conference agreement provides \$4,967,000 for Animal and Plant Health Inspection Service Buildings and Facilities as proposed by the Senate instead of \$4,996,000 as proposed by the House.

AGRICULTURAL MARKETING SERVICE

MARKETING SERVICES

The conference agreement provides \$75,698,000 for the Agricultural Marketing Service instead of \$75,892,000 as proposed by the House and \$78,198,000 as proposed by the Senate.

The conferees do not include Senate bill language or funding under this section for a web-based supply chain management system, but the conference agreement does provide funding for this system under the section 32 account.

The conferees provide \$2,000,000 for activities relating to organic standards. The conferees continue to encourage AMS to use this funding to finalize the hiring of an executive director for the National Organic Standards Board (NOSB), to create a Peer Review Panel to oversee the USDA accreditation process for organic certifiers, and to improve scientific technical support for the NOSB. The conferees also encourage AMS to regularly collect and report agricultural price trends in the organic industry.

LIMITATION ON ADMINISTRATIVE EXPENSES

The conference agreement provides \$64,459,000 as proposed by both the House and Senate.

FUNDS FOR STRENGTHENING MARKETS, INCOME, AND SUPPLY (SECTION 32)

The conference agreement provides \$15,800,000 for Funds for Strengthening Markets, Income, and Supply as proposed by the House and Senate.

The conferees are aware that farmed salmon imports have undercut the market for Alaska wild salmon creating a domestic surplus of wild pink salmon. The conferees encourage the Department to use all existing authorities under the section 32 program to purchase surplus domestic salmon and stabilize the domestic salmon industry. The conferees are aware that section 32 funds have been used to assist food producers affected by adverse market conditions caused by an imbalance of supply and demand.

The conferees strongly encourage the Department to begin development of the Web-based Supply Chain Management System, which will benefit the programs of the Agricultural Marketing Service, the Farm Service Agency, and the Food and Nutrition

Service, as well as enhancing food distribution to schools and other feeding outlets. Administrative expenses to support section 32 purposes are expressly allowed, and section 32 funds, accordingly, should be used to fund support computer systems. The conferees believe that all of the cost of the Web-based Supply Chain Management System should be financed from section 32. The first phase of the system should be funded at no less than \$10,000,000, as included in the Commodity Purchase Support line in the following table.

Section 32

	<i>FY 2005 conference</i>
Appropriation (30% of Customs Receipts)	\$6,030,964,691
Less Transfers:	
Food and Nutrition Service	-5,152,962,000
Commerce Department	- 77,538,934
Total, Transfers	-5,230,500,934
Budget Authority	800,463,757
Unobligated Balance Available, Start of Year	408,050,634
Recoveries of Prior Year Obligations	0
Rescission	-163,000,000
Available for Obligation	1,045,514,391
Less Obligations:	
Commodity Procurement:	
Child Nutrition Programs (Entitlement Commodities)	400,000,000
State Option Contract	5,000,000
Removal of Defective Commodities	1,000,000
Emergency Surplus Removal	73,865,287
Disaster Relief	332,202,000
Estimated Future Needs	196,415,104
Total, Commodity Procurement	1,008,482,391
Administrative Funds:	
Commodity Purchase Support	21,232,000
Marketing Agreements and Orders	15,800,000
Total, Administrative Funds	37,032,000
Total Obligations	1,045,514,391
Unobligated Balance Available, End of Year	0

PAYMENTS TO STATES AND POSSESSIONS

The conference agreement provides \$3,847,000 for Payments to States and Possessions as proposed by the Senate instead of \$1,347,000 as proposed by the House.

The conference agreement includes bill language and funding for a specialty markets grant as proposed by the Senate.

GRAIN INSPECTION, PACKERS AND STOCKYARDS ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement provides \$37,299,000 for the Grain Inspection, Packers and Stockyards Administration as proposed by the Senate instead of \$37,540,000 as proposed by the House.

The conference agreement provides an increase of \$1,000,000 for budgeted increases including IT security and BSE-related activities.

The conference agreement includes \$500,000 to continue the product verification protocols pilot program, in conjunction with the Missouri, Illinois, and Iowa Corn Growers Associations. The pilot program is to establish controls for regulated seed varieties and augment grain marketing.

LIMITATION ON INSPECTION AND WEIGHING SERVICES EXPENSES

The conference agreement provides \$42,463,000 as proposed by the House and Senate.

OFFICE OF THE UNDER SECRETARY FOR FOOD SAFETY

The conference agreement provides \$595,000 for the Office of the Under Secretary for Food Safety as proposed by the House instead of \$608,000 as proposed by the Senate.

FOOD SAFETY AND INSPECTION SERVICE

The conference agreement provides \$823,760,000 for the Food Safety and Inspection Service, instead of \$824,746,000 as proposed by the House and \$823,757,000 as proposed by the Senate.

The conferees include bill language, as proposed by the Senate, regarding full-time equivalent positions for inspections and enforcement of laws and regulations related to the Humane Methods of Slaughter Act.

The conference agreement includes bill language to provide \$3,000,000 for the Humane Animal Tracking System, a component of the Field Automation and Information Management System (FAIM). These funds will remain available until September 30, 2006. The conferees direct FSIS to provide notice to the Committees on Appropriations prior to obligating funds for this purpose, with details on specific costs associated with this action, a schedule for incorporation, and how this action will benefit enforcement of the Humane Methods of Slaughter Act regulations.

The conference agreement includes \$20,653,000 for regulatory and scientific training.

The conferees provide the following increases: \$17,267,000 for frontline inspectors and humane slaughter enforcement; \$3,000,000 for surveillance related to Bovine Spongiform Encephalopathy; \$7,153,000 for entry-level training for field employees, food safety regulatory essentials training, and biosecurity training; \$2,100,000 for biosurveillance; \$2,000,000 for the Food Emergency Response Network (FERN); \$1,500,000 for FERN data systems; and \$350,000 for microbiological baseline studies, bringing total funding for this activity to \$2,000,000.

The conferees commend FSIS for beginning to include photographs of recalled products and website addresses of manufacturers in recall press release notices. The conferees urge FSIS to continue to do this to the greatest extent possible and also to ask manufacturers if they will voluntarily provide information on retail outlets of recalled products for inclusion on the FSIS press release, so that consumers may readily locate them.

Food Safety and Inspection Service, funding by activity

[In thousands of dollars]

Food Safety & Inspection:	
Federal	\$742,305
State	52,175
International	19,335
Codex	2,726
FAIM Project	7,219
	<hr/>
Total	823,760

OFFICE OF THE UNDER SECRETARY FOR FARM AND FOREIGN
AGRICULTURAL SERVICES

The conference agreement provides \$631,000 for the Office of the Under Secretary for Farm and Foreign Agricultural Services as proposed by the House instead of \$648,000 as proposed by the Senate.

FARM SERVICE AGENCY

SALARIES AND EXPENSES

The conference agreement provides \$1,007,597,000 for the Farm Service Agency instead of \$1,060,471,000 as proposed by the House and \$1,004,032,000 as proposed by the Senate. The conferees direct that of this amount \$854,000 shall be for additional salaries and expenses to carry out disaster assistance related activities.

STATE MEDIATION GRANTS

The conference agreement provides \$4,000,000 for State Mediation Grants, as proposed by the House and Senate.

DAIRY INDEMNITY PROGRAM

The conference agreement provides \$100,000 for the Dairy Indemnity Program, as proposed by the House and Senate.

AGRICULTURAL CREDIT INSURANCE FUND PROGRAM ACCOUNT

The following table reflects the conference agreement:

Farm Ownership Loans:	
Direct	(\$210,000,000)
Subsidy	11,235,000
Guaranteed	(1,400,000,000)
Subsidy	7,420,000
Farm Operating Loans:	
Direct	(650,000,000)
Subsidy	65,585,000
Unsubsidized Guaranteed	(1,100,000,000)
Subsidy	35,530,000
Subsidized guaranteed	(285,000,000)
Subsidy	37,934,000
Indian tribe land acquisition	(2,000,000)
Subsidy	105,000
Boll weevil eradication	(100,000,000)
Subsidy	0
ACIF expenses:	
Salaries and expenses (transfer to FSA)	293,764,000
Administrative expenses	8,000,000

RISK MANAGEMENT AGENCY

The conference agreement provides \$72,044,000 for the Risk Management Agency as proposed by the House and the Senate.

FEDERAL CROP INSURANCE CORPORATION FUND

The conference agreement provides an appropriation of such sums as may be necessary for the Federal Crop Insurance Corporation Fund (estimated to be \$4,095,128,000 in the President's fiscal year 2005 Budget Request), as proposed by the House and Senate.

COMMODITY CREDIT CORPORATION FUND

REIMBURSEMENT FOR NET REALIZED LOSSES

The conference agreement provides an appropriation of such sums as may be necessary for Reimbursement for Net Realized Losses of the Commodity Credit Corporation (estimated to be \$16,452,377,000 in the President's fiscal year 2005 Budget Request), as proposed by the House and Senate.

HAZARDOUS WASTE MANAGEMENT

The conference agreement provides a limitation of \$5,000,000 for Hazardous Waste Management, as proposed by the House and Senate.

TITLE II—CONSERVATION PROGRAMS

OFFICE OF THE UNDER SECRETARY FOR NATURAL RESOURCES AND ENVIRONMENT

The conference agreement provides \$741,000 for the Office of the Under Secretary for Natural Resources and Environment instead of \$731,000 as proposed by the House and \$758,000 as proposed by the Senate.

The conferees direct the Natural Resources Conservation Service (NRCS) to provide the Committees on Appropriations a report no later than 90 days after enactment of this Act detailing the steps necessary and the funds required to complete the Kagman watershed project in the Northern Mariana Islands.

The conference agreement directs the NRCS to provide funding from within the Mississippi Wetland Reserve Program allocation to restore catfish ponds to functioning wetlands in order to reduce flooding, improve water quality, and provide habitat for aquatic wildlife.

NATURAL RESOURCES CONSERVATION SERVICE

CONSERVATION OPERATIONS

The conference agreement includes \$837,360,000 for Conservation Operations, instead of \$854,132,000 as proposed by the House and \$845,863,000 as proposed by the Senate. The agreement includes statutory language to make the funds in this account available until June 30, 2006, instead of the funds remaining available until expended, as proposed by the Senate.

The Committee provides \$23,500,000 for the Grazing Lands Conservation Initiative, \$10,500,000 for snow surveys, \$14,433,000 for Plant Materials Centers, and \$87,196,000 for the Soil Surveys Program.

Misuse of discretionary funds.—The conferees are concerned about the misuse of discretionary conservation technical assistance funds. The fiscal year 2004 instructions to State Conservationists from the Chief of NRCS, state, “Your fiscal and performance responsibilities include . . . Assuring that all planning that occurs before the approval of an application for Farm Bill conservation programs is charged to Conservation Technical Assistance (CTA), but charge the planning that occurs after the application has been approved (contract planning) to the benefiting program . . .”. This instruction is in clear violation of provisions of Public Law 108–199, which are restated in this Act, directing that none of the funds made available to NRCS may be used to provide technical assistance “with respect to programs listed in section 1241(a) of the Food Security Act of 1985.” The Office of the General Counsel has opined that the language is clear in its prohibition of the use of discretionary CTA funds for Farm Bill conservation programs. The NRCS is directed to provide the Committees on Appropriations with a detailed accounting of all CTA funds that were used for Farm Bill conservation programs at any point in fiscal years 2003 and 2004, including the amounts and dates of any charges made to CTA during the planning process before application approval, by January 15, 2005.

State funding allocations.—The conferees are concerned that funding allocations to the States are being reduced in proportion to Congressional earmarks funded in the Conservation Operations account. The conferees direct the Chief of the NRCS, in making the fiscal year 2005 Conservation Operations funding allocations to the States, to treat Congressional earmarks as additions to the States’ funding allocation. The conferees direct the NRCS to provide a report to the Committees on Appropriations, not later than 45 days after the enactment of this Act, including the following: fiscal year 2004 Conservation Operations Allocation by State, fiscal year 2005 Conservation Operations Allocation by State, the fiscal year 2005 Congressional Earmarks by State, and the Total Conservation Operations Allocation by State.

Projects identified with a specific dollar amount in House Report 108–401 that were directed to be funded by the conferees for fiscal year 2004 or identified with a specific dollar amount in House Report 108–584 or Senate Report 108–340 are not funded for fiscal year 2005, unless specifically mentioned herein.

The conferees direct NRCS to obligate the funds for the projects named within this account within 45 days of enactment, and to provide a report within 60 days of enactment to the Committees on Appropriations regarding those obligations, and specifically noting any projects for which funding has been delayed beyond 45 days and the reason for the delay.

The following funds are directed to be used in cooperative agreements continued with the same cooperator entities as in the fiscal year 2004 agreements, unless otherwise noted.

Cooperative agreement between the Alabama Department of Conservation and Natural Resources and the Alabama Wildlife Federation for conservation education in Millbrook, Alabama—\$450,000; Obtain/evaluate materials for cold region seeds of plants in conjunction w/ Alaska Division of Agriculture (AK)—\$315,000; Native Plant Materials (evaluating and developing) (AK)—\$315,000; GIS-based mapping/hyperspectral imaging of agriculture lands (AK)—\$400,000; NRI pilot development (AK)—\$1,200,000; Cooperative agreement w/ Soil and Water Conservation District (AK)—\$1,500,000; National Water Management Center (AR)—\$2,612,500; Little Red River Irrigation Project (AR)—\$399,000; Study to determine logistics of transportation/coordination of excess nutrient management (AR)—\$225,000; East Valley Conservation District/Santa Ana Watershed Authority Non-native Plant Removal (CA)—\$1,000,000; Monterey Bay Sanctuary (CA)—\$600,000; Cooperative agreement with the Municipal Water District of Orange County, California—\$100,000; Cooperative agreement w/ Tufts University to improve conservation practices (CT)—\$480,000; Pilot projects for technology systems resulting in nutrient reduction (FL)—\$5,500,000; Manatee Agriculture Reuse System (FL)—\$2,000,000; Lake Okeechobee Watershed project planning (FL)—\$310,000; Suwannee, Dixie, and Lafayette Counties dairy and poultry waste treatment (FL)—\$280,000; Cooperative agreement w/ Green Institute (FL)—\$340,000; Implementation of pilot projects for nutrient reducing waste treatment systems (FL)—\$720,000; Georgia Soil and Water Conservation Commission Cooperative Agreement (GA)—\$3,600,000; Community nutrient management facilities (GA)—\$350,000; PMC for Native Plants to clean up the Island of Kahoolawe (HI)—\$108,000; Molokai Agriculture Community Committee (HI)—\$250,000; Agricultural development/resource conservation—Molokai (HI)—\$740,000; Idaho One Plan (ID)—\$200,000; Conversion to sprinkler irrigation—Minidoka (ID)—\$950,000; Basalt and ground water protection project (ID)—\$275,000; Ecological site description project w/ ID Association of Conservation Districts (ID)—\$300,000; Trees Forever Program (IL)—\$100,000; Iroquois River watershed (IL)—\$468,000; Illinois River Agricultural Conservation Project w/ Ducks Unlimited (IL)—\$244,000; Wildlife habitat education program in conjunction w/National Wild Turkey Federation (IL)—\$244,000; Cooperative agreement with Kane County, Illinois, for Blackberry Creek watershed (IL)—\$360,000; Illinois River Basin—EQIP; Hungry Canyon/Loess Hills Erosion Control/Western Iowa (IA)—\$1,200,000; Trees Forever Program (IA)—\$100,000; CEMSA w/ Iowa Soybean Association (IA)—\$431,500; Cooperative agreement w/ Northern Iowa University (IA)—\$450,000; Innovative environmental technology program (IN)—\$650,000; Soil erosion control cost-share program/soil survey program (KY)—\$2,800,000; Technical assistance to provide grants to Soil Conservation Districts in Kentucky (KY)—\$940,000; Cooperative agreement w/ Western Kentucky University (KY)—\$400,000; Dairy waste remediation-Lake Ponchartrain Basin (LA)—\$295,000; Cooperative agreement w/ LSU on effectiveness of agriculture and forestry (LA)—\$336,500; False River sedimentation/Bayou Grosse (LA)—\$150,000; Chesapeake Bay activities (MD)—\$6,000,000; Conservation related to cranberry production (MA/WI)—\$570,000;

Weed It Now—Taconic Mountains (MA/NY/CT)—\$200,000; Great Lakes pilot program for conservation (MI)—\$575,000; Mississippi Conservation Initiative (MS)—\$2,500,000; Delta Water Resources Study (MS) \$700,000; Delta Conservation Demonstration Center, Washington County (MS) \$1,400,000; Soil erosion/Alcorn State (MS)—\$175,000; Cattle and nutrient management in stream crossings (MS)—\$900,000; Choctaw County feasibility study for surface impoundment (MS)—\$230,000; Wildlife Management Institute (MS)—\$5,813,000; Humphrey's County Hospital flood protection (MS)—\$125,000; Drainage improvements/Hinds County (MS)—\$250,000; Drainage improvements, Port Gibson, (MS)—\$397,000; Rankin County-Richland Creek Watershed (MS)—\$250,000; Rankin County erosion control project, Mill Creek (MS)—\$225,000; Upper White River Water Quality Project in southern Missouri (MO)—\$391,500; Lake Tahoe Basin Soil Conservation Project (NV/CA)—\$500,000; Great Basin Land and Water study (NV)—\$300,000; State conservation cost share program (NJ)—\$950,000; Riparian restoration activities along Rio Grande and Pecos River (NM)—\$540,000; Pastureland Management/Rotational Grazing (NY)—\$600,000; Best management practices/Skaneateles and Owasco Watersheds (NY)—\$325,000; Address non-point pollution in Onondaga and Oneida Lake Watersheds (NY)—\$500,000; Phase II/Watershed Agriculture Council in Walton (NY)—\$700,000 of which \$80,000 is for monitoring the easements purchased by the Council's Whole Farm Easement Program; Pace University Land Use Law Center (NY)—\$200,000; technical assistance to address water quality problems in Sodus Bay watershed, Wayne County (NY)—\$250,000; New York State Agriculture and Environment Management Program (NY)—\$800,000; Long Island Sound watershed initiative (NY)—\$200,000; Erosion control/stabilization for Hudson River shoreline (NY)—\$250,000; Technical assistance to livestock/poultry industry (NC)—\$450,000; West Cary Watershed and Farmland Protection Project (NC)—\$300,000; Red River Flood Prevention/Energy and Environmental Research Center (ND)—\$1,000,000; North Central Planning Council water utilization/Devil's Lake (ND)—\$350,000; Maumee Watershed Hydrological Study and Flood Mitigation Plan (OH)—\$1,000,000; Oregon Garden, Silverton (OR)—\$325,000; Native grassland demo project in the vicinity of Tar Creek (OK)—\$2,350,000; Pawcatuck Watershed (RI)—\$500,000; Study to characterize land use change while preserving natural resources in cooperation with Clemson University (SC)—\$1,200,000; GIS based Model to integrate commodity and conservation (SC)—\$900,000; Bexar, Medina, Uvalde Counties irrigation in Edwards Aquifer (TX)—\$500,000; Field office telecommunications pilot program/advanced soil survey methods (TX)—\$2,400,000; Leon River Restoration project (TX)—\$100,000; Range vegetation pilot project, Ft. Hood (TX)—\$500,000; a cooperative agreement with the Texas Water Resources Institute to implement a watershed protection plan for Tarrant County (TX)—\$500,000; AFO/CAFO Pilot Project (UT)—\$300,000; Dry Creek/Neff's Grove project (UT)—\$1,050,000; Study to examine effects of vegetative manipulation on water yields w/ Utah State (UT)—\$625,000; Washington Fields (UT)—\$1,125,000; Utah Conservation Initiative (UT)—\$1,000,000; Reduce phosphorus loading into Lake Champlain (VT)—\$295,000; Pilot

farm viability program project (VT) \$233,500; Walla Walla watershed alliance (WA)—\$500,000; Design/implement natural stream restoration initiatives (WV)—\$785,000; Soil survey geographic database in the Mid-Atlantic Highlands (WV)—\$190,000; Poultry Litter Composting (WV)—\$160,000; Potomac and Ohio River Basin Soil Nutrient Project (WV)—\$300,000; Appalachian Small Farmer Outreach Program (WV)—\$860,000; GIS Center of Excellence at West Virginia University (WV)—\$4,418,500; Grazing Lands Initiative/Wisconsin Department of Ag (WI)—\$950,000; Examine benefits of using vegetative buffers w/ Univ. of Wisconsin—Madison (WI)—\$550,000; Conservation land internship program (WI)—\$114,000; Wisconsin Tribal Conservation Advisory Committee cooperative agreement (WI)—\$287,500; Cooperative agreement w/Sand County Foundation (WI)—\$1,050,000; University of Wisconsin cooperative agreement on conservation tech transfer (WI)—\$300,000; Cooperative agreement with Pioneer Farm (WI)—\$300,000; Soil survey mapping project (WY)—\$300,000; Audubon at Home Pilot Program—\$500,000; Great Lakes Basin Program for Soil & Erosion Sediment—\$2,500,000; On-Farm Management Systems Evaluation Network—\$200,000; Watershed management demo program/NPPC—\$548,000; National Fish and Wildlife Foundation Partnerships—\$3,000,000; Source water protection project to States showing greatest need—\$3,250,000; and Operation Oak Program to restore hardwoods—\$350,000.

The conferees provide \$900,000 for the continued development of a geographic information system database in South Carolina to integrate commodity and conservation program data at the field level for watershed analysis and other purposes as the agency deems appropriate. The conferees encourage the agency to consider the designation of the University of South Carolina Earth Sciences Resources Institute as an Information Technology Center of Excellence.

The conferees recognize that the High Plains Aquifer, with the Ogallala Aquifer as its most important component, lies beneath eight States and is the primary source of water for all reported uses in western Kansas. The conferees are aware that the aquifer is depleting at alarming rates and absent conservation efforts could be dry within two decades. The conferees urge the agency to give consideration to the use of ground and surface water funding for projects in Kansas that will conserve this aquifer.

The conferees support the preservation of the last tallgrass prairie in North America, most of which is located in the Flint Hills region of Kansas. The conferees recognize that the tallgrass prairie provides rich ranching lands, open spaces, and habitat for a diverse assemblage of plants and animals. The conferees urge the agency to give consideration to the use of all appropriate funding sources for projects in Kansas that will preserve and protect this unique area.

Edwards Aquifer.—The conferees encourage the Agency to provide technical and financial assistance to the Edwards Aquifer Authority, San Antonio Water Systems, and other local entities, regarding plugging of wells to address pollution concerns.

The conferees appreciate previous efforts by NRCS to conserve sage grouse habitat in the western United States. The conferees

encourage the agency to use no less than \$5,000,000 in fiscal year 2005 to enhance its efforts on sage grouse habitat conservation. Additionally, NRCS should consider using such funds on public land grazing leases in addition to private lands.

Plant Materials Centers.—The conference agreement provides funding to complete construction of the Fallon, Nevada, Plant Materials Center, \$1,500,000, and of the storage facility at the Alaska Plant Materials Center, \$1,350,000. The conference agreement provides funding for the Kika de la Garza Plant Materials Center at no less than the fiscal year 2004 level, to continue the work conducted at the Center.

WATERSHED SURVEYS AND PLANNING

The conference agreement provides \$7,083,000 for Watershed Surveys and Planning instead of \$11,083,000 as proposed by the House and \$7,500,000 as proposed by the Senate.

The conferees are concerned that additional watershed surveys and planning work is being initiated at a time when ongoing planning is not being completed in a timely manner, and the backlog for watershed project implementation and construction continues to mount. The conferees direct the Chief of NRCS to evaluate and rank planning efforts in order to fund and complete the most promising projects based upon merit, and notify the Committees on Appropriations of the selected watershed projects.

WATERSHED AND FLOOD PREVENTION OPERATIONS

The conference agreement provides \$75,576,000 for Watershed and Flood Prevention Operations instead of \$86,487,000 as proposed by the House and \$64,000,000 as proposed by the Senate.

The conferees include bill language which limits the amount spent on technical assistance to not more than \$35,000,000.

The conferees include funding to complete the next phase of projects listed in the House and Senate reports.

WATERSHED REHABILITATION PROGRAM

The conference agreement provides \$27,500,000 for the Watershed Rehabilitation Program instead of \$30,091,000 as proposed by the House and \$25,000,000 as proposed by the Senate.

The conferees direct that funding under this program be provided for rehabilitation of structures determined to be of high priority need in order to protect property and ensure public safety.

RESOURCE CONSERVATION AND DEVELOPMENT

The conference agreement provides \$51,641,000 for Resource Conservation and Development as proposed by the House instead of \$50,760,000 as proposed by the Senate.

The conferees include bill language as proposed by the House that directs the Secretary to enter into an agreement with a national association related to the Resource Conservation and Development program, and directs that such an agreement must maintain the same matching, contribution requirements and funding set forth in previous agreements.

The conferees also include bill language that limits funding for national headquarters activities as proposed by the House.

TITLE III—RURAL DEVELOPMENT PROGRAMS

OFFICE OF THE UNDER SECRETARY FOR RURAL DEVELOPMENT

The conference agreement provides \$632,000 for the Office of the Under Secretary for Rural Development as proposed by the House instead of \$645,000 as proposed by the Senate.

The conferees direct the Under Secretary to give consideration to the following projects or organizations requesting financial and/or technical assistance, and grants and/or loans made available under the Rural Development mission area: Las Lomas Colonia, Starr County (TX), park and youth center; City of Benevides (TX), infrastructure for town park; City of Penitas (TX), development of wildlife park; City of Rio Grande City (TX), improvements for neighborhood pocket park; water and waste disposal loans for Pojoaque Pueblo (NM); and Union-Lincoln Regional Water Supply Initiative (LA), for alternative water supply program.

The conferees expect the Under Secretary to approve these projects only when such applications are judged to be meritorious when subject to established review procedures.

The conference agreement includes a general provision (Section 793) that provides \$2,250,000 to assist in the establishment of pilot cooperative healthcare purchasing alliances for farmers, ranchers, small businesses and non-profit organizations in Wisconsin and Minnesota. The conferees expect the Department to provide the grant within 60 days of enactment of this Act to the Wisconsin Federation of Cooperatives, of which \$2,000,000 is for the establishment of a stop loss fund and of which \$250,000 is for administrative expenses, including actuarial studies.

RURAL COMMUNITY ADVANCEMENT PROGRAM

The conference agreement provides \$716,049,000 for the Rural Community Advancement Program (RCAP) instead of \$668,408,000 as proposed by the House and \$733,360,000 as proposed by the Senate.

The conference agreement provides \$89,180,000 for rural community programs; \$552,689,000 for rural utilities programs, of which \$1,000,000 is for grants to nonprofit organizations to finance construction, refurbishing, and servicing of individually-owned household water well systems in rural areas, and of which \$500,000 is for revolving funds for financing water and wastewater projects; and \$74,180,000 is for rural business and cooperative development programs.

The conference agreement provides \$25,000,000 for loans and grants to benefit Federally Recognized Native American Tribes.

The conference agreement provides \$4,500,000 for community facilities grants to tribal colleges.

The conference agreement provides \$6,350,000 for the Rural Community Development Initiative.

The conference agreement provides \$1,000,000 for grants to the Delta Regional Authority for any Rural Community Advancement Program purpose.

The conference agreement provides \$18,250,000 for technical assistance grants for rural water and waste systems.

The conference agreement provides \$5,600,000 for the Rural Community Assistance Programs, of which \$800,000 shall be for a qualified national Native American Organization to provide technical assistance for rural water systems for tribal communities.

The conference agreement provides \$13,500,000 for a circuit rider program.

The conference agreement provides \$26,000,000 for rural and Native villages in Alaska.

The conference agreement provides \$21,000,000 for facilities in rural communities with extreme unemployment and severe economic depression.

The conference agreement provides \$28,000,000 to be transferred to the Rural Utilities Service, High Energy Cost Grants Account.

The conference agreement does not include \$200,000 for predevelopment planning grants from the Rural Community Development Initiative.

The conferees expect the Department to continue Rural Community Advancement Program predevelopment planning grants.

The conferees encourage the Department to provide a rural business enterprise grant for the Tioga County Rural Economic Area Partnership Zone to coordinate and facilitate local community development projects in Tioga County, New York.

The following table indicates the distribution of funding for the RCAP:

Community Facilities	\$89,180,000
Business-Cooperative Development	74,180,000
Water and Waste	552,689,000
Total	716,049,000
Directed spending:	
Federally Recognized Native American Tribes	25,000,000
Rural Community Development Initiative	6,350,000
Technical Assistance for Rural Transportation	750,000
Delta Regional Authority	1,000,000
Colonias	25,000,000
Alaska Villages	26,000,000
Technical Assistance	18,250,000
Circuit Rider	13,500,000
EZ/EC and REAP	22,166,000
Economic Impact Initiative Grants	21,000,000
High Energy Cost Grants	28,000,000
RCAP	5,600,000
Nonprofit individually-owned water well grants	1,000,000
Water and Wastewater Revolving Funds	500,000
Tribal Colleges	4,500,000

RURAL DEVELOPMENT SALARIES AND EXPENSES

The conference agreement provides \$148,452,000 for Rural Development Salaries and Expenses instead of \$171,250,000 as proposed by the House and \$143,452,000 as proposed by the Senate.

The conferees provide an increase of \$5,000,000 within the Rural Development Salaries and Expenses account to be used to complete the consolidation of St. Louis Rural Development activities at the Goodfellow facility. The conferees further request the

Department to provide the Committees on Appropriations a report on the status of the consolidation within 60 days after enactment of this Act.

RURAL HOUSING SERVICE

RURAL HOUSING INSURANCE FUND PROGRAM ACCOUNT

The conference agreement provides a total subsidy of \$228,256,000 for activities under the Rural Housing Insurance Fund Program Account instead of \$230,030,000 as proposed by the House and \$228,847,000 as proposed by the Senate.

The conference agreement provides for an estimated loan program level of \$4,720,843,000 instead of \$4,686,906,000 as proposed by the House and \$4,157,691,000 as proposed by the Senate.

The conference agreement provides for a transfer of \$448,342,000 to salaries and expenses as proposed by the Senate instead of \$448,889,000 as proposed by the House.

The conference agreement includes a provision authorizing housing funds initially allocated to Alaska to be available until September 30, 2006.

The conference agreement does not include bill language restricting the section 515 rental housing program to repair and rehabilitation.

The conferees include a general provision (Section 726) to increase the guarantee fee for the guaranteed single-family housing loan program to two percent. The conferees are concerned that in fiscal years 2003 and 2004, the Rural Housing Service needed to exercise the Secretary's interchange authority to transfer additional budget authority to avoid shutting down the guaranteed loan program. The fiscal year 2005 President's budget request included only a small increase in loan level above the appropriated fiscal year 2004 level. Raising the guarantee fee to two percent will allow this guarantee loan program to more effectively use its budget authority.

The following table indicates loan and subsidy levels provided in the conference agreement:

Rural Housing Insurance Fund Program Account

Loan authorizations:	
Single family (sec. 502)	(\$1,150,000,000)
Unsubsidized guaranteed	(3,309,297,000)
Housing repair (sec. 504)	(35,000,000)
Rental housing (sec. 515)	(100,000,000)
Site loans (sec. 524)	(5,045,000)
Multi-family housing guarantees	(100,000,000)
Multi-family housing credit sales	(1,501,000)
Single family housing credit sales	(10,000,000)
Self help housing land development	(10,000,000)
Total, Loan authorizations	<u>(4,720,843,000)</u>
Loan subsidies:	
Single family (sec. 502)	133,170,000
Unsubsidized guaranteed	33,608,000
Housing repair (sec. 504)	10,171,000
Rental housing (sec. 515)	47,090,000
Site loans (sec. 524)	—
Multi-family housing guarantees	3,490,000

Rural Housing Insurance Fund Program Account—Continued

Multi-family housing credit sales	727,000
Single family housing credit sales	—
Self help housing land development	—
	<hr/>
Total, Loan subsidies	228,256,000
	<hr/>
RHIF administration expenses (transfer to RD)	448,342,000

RENTAL ASSISTANCE PROGRAM

The conference agreement provides \$592,000,000 for the Rental Assistance Program as proposed by the House instead of \$585,900,000 as proposed by the Senate.

MUTUAL AND SELF-HELP HOUSING GRANTS

The conference agreement provides \$34,000,000 for Mutual and Self-Help Housing Grants as proposed by the House and Senate.

RURAL HOUSING ASSISTANCE GRANTS

The conference agreement provides \$43,992,000 for Rural Housing Assistance Grants instead of \$42,500,000 as proposed by the House and \$46,992,000 as proposed by the Senate.

The conferees provide \$3,000,000 for the preservation of the section 515 multi-family housing portfolio. The conferees encourage the Secretary to issue a Notice of Funding Availability within 90 days of enactment of this Act. The Secretary should give funding priority to entities with equal or greater matching funds, including housing tax credits for rural housing assistance. Additional priority should be provided to entities with experience in the administration of revolving loan funds and the preservation of multi-family housing.

The conference agreement provides \$1,800,000 for Empowerment Zones and Enterprise Communities and communities designated by the Secretary of Agriculture as Rural Economic Area Partnership Zones.

FARM LABOR PROGRAM ACCOUNT

The conference agreement provides \$34,118,000 for the Farm Labor Program Account instead of \$36,765,000 as proposed by the House and \$31,471,000 as proposed by the Senate.

The conference agreement provides \$38,500,000 for an estimated loan program level, \$18,118,000 for loan subsidies, and \$16,000,000 for grants.

RURAL BUSINESS-COOPERATIVE SERVICE

RURAL DEVELOPMENT LOAN FUND PROGRAM ACCOUNT

The conference agreement provides an estimated loan program level of \$34,213,000 with a subsidy of \$15,868,000 for the Rural Development Loan Fund as proposed by the House and Senate.

The conference agreement provides for a transfer of \$4,316,000 to the Rural Development salaries and expenses account as pro-

posed by the Senate instead of \$4,321,000 as proposed by the House.

The conference agreement includes \$3,449,000 for Mississippi Delta Region counties, of which up to \$1,500,000 is for the Delta Regional Authority.

RURAL ECONOMIC DEVELOPMENT LOAN FUND PROGRAM ACCOUNT

The conference agreement provides an estimated loan program level of \$25,003,000 for the Rural Economic Development Loan Fund Program Account with a subsidy of \$4,698,000 as proposed by the House and Senate to remain available until expended.

RURAL COOPERATIVE DEVELOPMENT GRANTS

The conference agreement provides \$24,000,000 for Rural Cooperative Development Grants as proposed by the Senate instead of \$23,500,000 as proposed by the House.

The conference agreement provides \$15,500,000 for value-added agricultural product market development grants.

RURAL EMPOWERMENT ZONES AND ENTERPRISE COMMUNITIES GRANTS

The conference agreement provides \$12,500,000 for Rural Empowerment Zones and Enterprise Communities Grants as proposed by the Senate instead of \$11,419,000 as proposed by the House.

The conference agreement includes bill language providing that \$1,000,000 shall be for third round empowerment zones.

RENEWABLE ENERGY PROGRAM

The conference agreement provides \$23,000,000 for the Renewable Energy Program as proposed by the House instead of \$20,000,000 as proposed by the Senate.

RURAL UTILITIES SERVICE

RURAL ELECTRIFICATION AND TELECOMMUNICATIONS LOANS PROGRAM ACCOUNT

The conference agreement provides a total subsidy of \$5,158,000 for activities under the Rural Electrification and Telecommunications Loans Program Account. The conference agreement provides for an estimated loan program level of \$4,840,000,000 as proposed by the House and Senate.

The conference agreement provides for a transfer of \$38,277,000 to the Rural Development salaries and expenses account as proposed by the Senate instead of \$38,323,000 as proposed by the House.

The conferees are concerned by the Department's reprogramming of the Rural Electrification and Telecommunications Loan Program in fiscal year 2004. The program levels are estimates, not limitations, and the affected direct loan program levels had negative subsidy rates in fiscal year 2004. If the program levels with negative subsidy rates in this account are insufficient to meet the expected demand, the program level should be increased with no offset to another program level. The Committees on Appropriations continue to require notification of any reprogramming and expect

that all loan level reprogramming be consistent with this paragraph.

The following table indicates loan and subsidy levels provided in the conference agreement:

Rural Electrification and Telecommunications Loans Program Account

Loan authorizations:	
Electric:	
Direct, 5 percent	(\$120,000,000)
Direct, Muni	(100,000,000)
Direct, FFB	(2,000,000,000)
Direct, Treasury rate	(1,000,000,000)
Guaranteed	(100,000,000)
Guaranteed underwriting	(1,000,000,000)
Subtotal	<u>(4,320,000,000)</u>
Telecommunications:	
Direct, 5 percent	(145,000,000)
Direct, Treasury rate	(250,000,000)
Direct, FFB	(125,000,000)
Subtotal	<u>(520,000,000)</u>
Total, loan authorizations	<u>(4,840,000,000)</u>
Loan subsidies:	
Electric:	
Direct, 5 percent	3,648,000
Direct, Muni	1,350,000
Guaranteed	60,000
Subtotal	<u>5,058,000</u>
Telecommunications: Direct, Treasury rate	100,000
Total, loan subsidies	<u>5,158,000</u>
RETLP administrative expenses (transfer to RD)	38,277,000

RURAL TELEPHONE BANK PROGRAM ACCOUNT

The conference agreement provides an estimated loan program level of \$175,000,000 for the Rural Telephone Bank Program Account as proposed by the House and Senate.

The conference agreement provides for a transfer of \$3,152,000 to the Rural Development salaries and expenses account as proposed by the House and the Senate.

DISTANCE LEARNING, TELEMEDICINE, AND BROADBAND PROGRAM

The conference agreement provides \$56,425,000 for the Distance Learning, Telemedicine, and Broadband Program instead of \$44,594,000 as proposed by the House and \$60,064,000 as proposed by the Senate.

The conference agreement provides for an estimated loan program level of \$50,000,000 for distance learning and telemedicine and \$550,000,000 for broadband telecommunications.

The conference agreement includes \$35,000,000 for distance learning and telemedicine grants, of which \$10,000,000 is for public broadcasting system grants. The conference agreement also in-

cludes \$710,000 for the distance learning and telemedicine loan subsidy.

The conference agreement includes \$11,715,000 for broadband telecommunications loan subsidy, and \$9,000,000 for grants.

TITLE IV—DOMESTIC FOOD PROGRAMS

OFFICE OF THE UNDER SECRETARY FOR FOOD, NUTRITION AND CONSUMER SERVICES

The conference agreement provides \$595,000 for the Office of the Under Secretary for Food, Nutrition and Consumer Services, as proposed by the House, instead of \$608,000 as proposed by the Senate.

FOOD AND NUTRITION SERVICE

CHILD NUTRITION PROGRAMS

The conference agreement provides \$11,782,000,000 for Child Nutrition Programs, instead of \$11,380,557,000, as proposed by both the House and Senate. Included in the total is an appropriated amount of \$6,629,038,000 and a transfer from section 32 of \$5,152,962,000.

The conference agreement includes a provision prohibiting use of funds for studies and evaluations.

The conference agreement provides the following for Child Nutrition programs:

Total Obligational Authority

Child Nutrition Programs:	
School lunch program	\$6,794,930,000
School breakfast program	1,925,044,000
Child and adult care food program	2,058,976,000
Summer food service program	282,787,000
Special milk program	17,210,000
State administrative expenses	144,878,000
Commodity procurement and computer support	541,858,000
School meals initiative/Team nutrition	10,025,000
Food safety education	1,000,000
Coordinated review effort	5,235,000
Program pay cost	57,000
Total	11,782,000,000

SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS, AND CHILDREN (WIC)

The conference agreement provides \$5,277,250,000 for the Special Supplemental Nutrition Program for Women, Infants and Children (WIC), instead of \$4,907,250,000 as proposed by the House, and \$5,175,250,000 as proposed by the Senate.

The conference agreement provides an increase of \$190,000,000 above the budget amendment that was submitted July 14, 2004. Within the total provided, the conferees redirect \$37,250,000 from requested initiatives to meet current and anticipated increases in program participation.

The conference agreement includes \$125,000,000 for a contingency reserve fund, to be allocated as the Secretary deems necessary, as proposed by the Senate. The conference agreement does

not include statutory language designating the amount as an emergency requirement.

The conference agreement does not include bill language that sets aside \$5,000,000 for childhood obesity and \$20,000,000 for State management information systems.

FOOD STAMP PROGRAM

The conference agreement provides \$35,154,554,000 for the Food Stamp Program, instead of \$33,635,798,000 as proposed by the House and \$33,641,798,000 as proposed by the Senate. Included in this amount is a reserve of \$3,000,000,000, to remain available until September 30, 2006.

In addition to the \$3,000,000,000 in the reserve, the conference agreement includes \$30,499,527,000 for program expenses, \$1,515,027,000 for grants to Puerto Rico and Samoa, and \$140,000,000 for commodity purchase for The Emergency Food Assistance Program.

The conference agreement includes a provision allowing for purchase of bison meat, in an amount not to exceed \$4,000,000, for the Food Distribution Program on Indian Reservations.

COMMODITY ASSISTANCE PROGRAM

The conference agreement provides \$178,797,000 for the Commodity Assistance Program as proposed by the House, instead of \$172,081,000, as proposed by the Senate.

Within that amount, the conference agreement provides \$107,716,000 for the Commodity Supplemental Food Program, as proposed by the House.

The conference agreement includes a provision allowing the Secretary to determine what form of special assistance would go towards supporting the nuclear affected islands in this account.

The conferees provide \$50,000,000 for administration—processing, storage, transport, and distribution—of The Emergency Food Assistance Program (TEFAP). The conference agreement includes a general provision (Section 739) that provides the Secretary with authority to transfer up to \$10,000,000 from TEFAP commodity purchases to administration.

NUTRITION PROGRAMS ADMINISTRATION

The conference agreement provides \$139,937,000 for Nutrition Programs Administration, instead of \$133,742,000 as proposed by the House, and \$142,592,000 as proposed by the Senate. The conference agreement does not include funding for the requested initiatives as proposed by the Senate.

The conference agreement does not include language regarding WIC-only stores, as proposed by the House.

TITLE V—FOREIGN ASSISTANCE AND RELATED PROGRAMS

FOREIGN AGRICULTURAL SERVICE

SALARIES AND EXPENSES

The conference agreement provides \$137,822,000 for the Foreign Agricultural Service, Salaries and Expenses instead of

\$137,722,000 as proposed by the House and \$139,162,000 as proposed by the Senate.

The conference agreement includes the following increases: \$1,759,000 for ICASS; \$1,565,000 to offset the increased costs in overseas currency rates; \$490,000 for overseas telecommunications; \$516,000 for capital surcharge; and \$600,000 for technical assistance for the promotion of specialty crop exports.

PUBLIC LAW 480 TITLE I AND TITLE II PROGRAM AND GRANT ACCOUNTS

The conference agreement provides \$94,198,000 for Title I loan subsidies for a loan level of \$109,000,000 as proposed by the Senate instead of \$86,420,000 for Title I loan subsidies and a loan level of \$100,000,000 as proposed by the House.

The conference agreement includes bill language providing that the Secretary of Agriculture may implement a commodity monetization program under existing provisions of the Food for Progress Act of 1985 to provide no less than \$5,000,000 in local-currency funding support for rural electrification overseas as proposed by the House.

The conference agreement provides \$22,723,000 for Ocean Freight Differential Grants as proposed by the House and the Senate.

The conference agreement provides \$1,182,501,000 for Public Law 480 Title II Grants instead of \$1,180,002,000 as proposed by the House and \$1,185,000,000 as proposed by the Senate.

The following table reflects the conference agreement for Public Law 480 program accounts:

Public Law 480

Title I—Program account:	
Loan authorization, direct	(\$109,000,000)
Loan subsidies	94,198,000
Ocean freight differential	22,723,000
Title II—Commodities for disposition abroad:	
Program level	(1,182,501,000)
Appropriation	1,182,501,000
Salaries and expenses:	
Foreign Agricultural Service (transfer)	1,097,000
Farm Service Agency (transfer)	2,937,000

COMMODITY CREDIT CORPORATION EXPORT LOANS PROGRAM ACCOUNT

The conference agreement provides \$4,423,000 for the Commodity Credit Corporation Export Loans Program Account as proposed by the Senate instead of \$4,473,000 as proposed by the House.

McGOVERN-DOLE INTERNATIONAL FOOD FOR EDUCATION AND CHILD NUTRITION PROGRAM GRANTS

The conference agreement provides \$87,500,000 for McGovern-Dole International Food for Education and Child Nutrition Program Grants instead of \$75,000,000 as proposed by the House and \$100,000,000 as proposed by the Senate.

TITLE VI—RELATED AGENCIES AND FOOD AND DRUG
ADMINISTRATION

DEPARTMENT OF HEALTH AND HUMAN SERVICES

FOOD AND DRUG ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement provides total appropriations, including Prescription Drug User Fee Act, Medical Device User Fee Act, and Animal Drug User Fee Act collections, of \$1,788,478,000 for the salaries and expenses of the Food and Drug Administration, instead of \$1,788,849,000, as proposed by the House and \$1,791,599,000 as proposed by the Senate, and provides specific amounts by FDA activity as reflected in the following table.

FOOD AND DRUG ADMINISTRATION, SALARIES AND EXPENSES

[In thousands of dollars]

Program	Budget au- thority	Prescription drug user fees	Medical de- vice user fees	Animal drug user fees	Total
Foods	439,038	439,038
Human Drugs	293,839	204,808	498,647
Biologics	124,104	40,441	8,169	172,714
Animal Drugs and Feeds	91,216	7,748	98,964
Medical Devices	216,699	18,379	235,078
National Center for Toxicological Research	40,530	40,530
Other Activities	87,936	23,738	4,061	235	115,970
Rent and Rent-related Activities	54,036	3,000	686	57,722
Rental Payments to GSA	114,394	12,407	2,643	371	129,815
Total Recommendation	1,461,792	284,394	33,938	8,354	1,788,478

The conference agreement also makes mammography user fees and export certification user fees available to the agency.

Within the total funding for the Food and Drug Administration, the following increases above the fiscal year 2004 level are provided: \$35,500,000 for activities related to food safety and food defense, as proposed by the Senate, instead of \$43,367,000 as proposed by the House; \$8,325,000 for activities related to BSE, as proposed by the House and Senate; \$25,555,000 for medical device review, as proposed by the Senate, instead of \$23,055,000 as proposed by the House; \$5,000,000 for medical countermeasures to ensure preparedness in the event of war or catastrophic events, as proposed by the House and Senate; and \$15,628,000 for relocation expenses related to the move of the Center for Drug Evaluation and Research offices to the consolidated White Oak campus, instead of \$10,628,000 as proposed by the House and \$20,628,000 as proposed by the Senate.

In addition, the conference agreement includes increases above the budget request for the following: \$1,200,000 for Orphan Product Grants, instead of \$1,800,000 as proposed by the House; \$325,000 for the Office of Women's Health, as proposed by the House; \$250,000 for the Food Technology Evaluation Laboratory at New Mexico State University, as proposed by the Senate; and \$300,000 for additional activities relating to the vaccine for influenza.

The conferees note the intense public interest in two recent events related to prescription drug safety—the changes ordered in anti-depressant drug labels and the September 2004 withdrawal of a widely-prescribed painkiller. The conferees are aware that FDA has undertaken a number of steps in response to concerns raised about drug safety in the aftermath of those incidents, including commissioning a study by the Institute of Medicine (IOM) on how FDA handles drug safety issues. The conferees direct FDA to regularly advise the Committees about any changes that FDA anticipates regarding drug safety, and to provide the Committees with regular progress reports on the IOM review and with a copy of the IOM report as soon as it is completed.

The conferees find it necessary to remind the Food and Drug Administration that the Committees on Appropriations perform critical oversight functions for the agency. The ultimate expression of this oversight is the funding decisions for the agency and accompanying language in the statement of managers. The conferees expect that Members of Congress will be provided requested information from FDA so that the Committees can perform their oversight function. It is insupportable that in some cases FDA has given information about major policy matters to the press before providing the same information to Congress. The conferees expect FDA to be fully cooperative with all Congressional oversight activities.

The conferees direct that no less than \$14,392,000 be available for grants and contracts awarded under Section 5 of the Orphan Drug Act.

The conferees appreciate receiving the detailed information provided in the Explanatory Notes prepared by the Department of Health and Human Services, Food and Drug Administration, and rely heavily on this information when considering budget proposals. These materials have traditionally been prepared for the sole use of the Committees on Appropriations in a format consistent with the organization and operation of the programs and the structure of the Appropriations Act. At the direction of the Office of Management and Budget, agencies have changed the format and content of these materials to focus on broader goals and objectives rather than the major program structure followed in the Act, and in the actual conduct of the programs. The new organization and content does not present budget information in a format useful to the deliberations of the Committees. For fiscal year 2006 and future years, the FDA is directed to present Explanatory Notes in a format consistent with the presentation used for the fiscal year 2002 Budget. Any deviations from that format are to be approved in advance by the Committees.

The conference agreement also includes savings related to administrative efficiencies, as proposed in the budget.

The conference agreement does not include language regarding collection of the fiscal year 2006 Prescription Drug User Fee Act fees as proposed by the House.

The conferees include a \$300,000 increase for the Center for Biologics Evaluation and Research (CBER) and related field activities in the Office of Regulatory Affairs for flu vaccine-related activities. The conferees understand that CBER will be undertaking a number of additional activities in fiscal year 2005 to secure addi-

tional units of flu vaccine for the 2004–2005 flu season and to ensure an adequate supply of flu vaccine for the 2005–2006 flu season.

Relocation to White Oak Facility.—The conferees provide a \$15,628,000 budget authority increase and expect that appropriated user fees will fully fund the additional amount needed for relocation costs to the White Oak, Maryland, facility.

National Center for Food Safety and Technology.—The conferees recognize the contributions which the National Center for Food Safety and Technology (NCFST) is making toward ensuring the security of the nation's food supply. The conferees direct that FDA continue to provide \$3,000,000 to NCFST through the cooperative agreement. The \$3,000,000 in funding shall be exclusive of any additional initiative funds that FDA may award to NCFST.

Human Drug Compounding.—The conferees do not include the language in the Senate report on human drug compounding. The conferees believe that drugs for human use compounded by pharmacists in response to a practitioner's prescription or order in conformity with state law should be prepared according to established guidelines on quality, purity, and strength, and preparation-specific monographs when they exist. The conferees also recognize, however, that the nature of compounding and the medical need it serves makes it impossible for all compounded medications to be prepared according to pre-existing monographs, and doing so would infringe on the professional obligation of a medical practitioner to prescribe the optimal medications for their patients.

There are existing state laws and official United States Pharmacopoeia (USP) pharmacy standards which necessitate good compounding practices. However, the conferees believe it is desirable to develop additional formal monographs to provide additional guidance and conformity for doctors, patients and pharmacists.

Presently, the USP, a national drug standard setting organization recognized by Congress, has developed a number of monographs for individual compounded preparations. The conferees believe that a private sector partnership of involved organizations with demonstrated expertise regarding pharmacist compounding of preparations for humans should be expeditiously established to help assure a significant expansion of USP monographs and other relevant guidelines.

The conferees believe that the FDA should assist in the establishment of the private sector partnership to commence the expansion of available monographs relevant to pharmacist compounding of drugs for humans. The conferees encourage the FDA to request adequate funding in the fiscal year 2006 budget request to support this effort at increasing the number of formal monographs.

Nothing in this statement regarding human drug compounding should be interpreted to change or impact in any way the existing state and federal regulatory roles regarding compounding.

Alpha-1 Antitrypsin Deficiency.—The conferees commend FDA for the progress made in bringing two additional plasma based therapies to market for the treatment of the progressive degenerative lung disease Alpha-1. Currently the only treatment for Alpha-1 is weekly infusions of plasma based augmentation therapy that is life sustaining and helps these individuals maintain lung func-

tion. Further, the Center for Biologics and Evaluation and Research (CBER) is recognized for meeting with consumer stakeholders in efforts to further the development of next generation therapies. The conferees encourage CBER to facilitate the development of novel and innovative therapies for the Alpha-1 community to treat the entire spectrum of individuals with Chronic Obstructive Pulmonary Disease.

Consolidation and Fees.—The conferees direct the Department of Health and Human Services (DHHS) to include all anticipated consolidations that impact FDA in the President's budget requests submitted to Congress. Further, the conferees direct that none of the funds made available to FDA in this Act be used for any assessments, fees, or charges by DHHS unless such assessments, fees, or charges are identified in the FDA budget justification and expressly provided by Congress, or approved by Congress in the official reprogramming process as required in the General Provisions of this Act.

Biotechnology.—The conferees understand that the FDA frequently receives requests from foreign governments for FDA regulators to visit foreign countries to educate regulators on the evaluation of the safety of biotechnology. Providing information on the soundness of the U.S. regulatory process will promote the understanding of the benefits of biotechnology to human health and the environment and improve the climate for acceptance of U.S. agricultural products abroad. The conferees encourage FDA to allocate adequate funding so that agency representatives may perform this service.

INDEPENDENT AGENCIES

COMMODITY FUTURES TRADING COMMISSION

The conference agreement provides \$94,327,000 for the Commodity Futures Trading Commission, instead of \$93,327,000 as proposed by the House and \$95,327,000 as proposed by the Senate.

FARM CREDIT ADMINISTRATION

LIMITATION ON ADMINISTRATIVE EXPENSES

The conference agreement includes a limitation of \$42,350,000 on administrative expenses of the Farm Credit Administration, instead of \$42,900,000 as proposed by the House and \$41,800,000 as proposed by the Senate.

TITLE VII—GENERAL PROVISIONS

Section 705. The conference agreement includes language that allows for unobligated balances to be transferred to the Working Capital Fund.

Section 710. The conference agreement limits indirect costs for grants awarded by the Cooperative State Research, Education, and Extension Service to 20 percent.

Section 714. The conference agreement includes language for funds to cover necessary expenses related to advisory committees.

Section 718. The conference agreement includes language regarding the transfer of funds to the Office of the Chief Information Officer and information technology funding obligations.

Section 719. The conference agreement includes language regarding the reprogramming of funds.

Section 720. The conference agreement includes language regarding the Initiative for Future Agriculture and Food Systems.

Section 725. The conference agreement includes language regarding the National Sheep Industry Improvement Center revolving fund.

Section 726. The conference agreement includes language regarding the guaranteed single-family housing loan program guarantee fee.

Section 727. The conference agreement includes language that provides that certain locations shall be considered eligible for certain rural development programs.

Section 728. The conference agreement directs the Secretary to make commodity tonnage available, to the extent practicable, to assist foreign countries to mitigate the effects of the Human Immunodeficiency Virus and Acquired Immune Deficiency Syndrome.

Section 729. The conference agreement includes language regarding Natural Resources Conservation Service financial and technical assistance for certain projects in Illinois and Kentucky and sets limits for that funding.

Section 730. The conference agreement includes language regarding Natural Resources Conservation Service financial and technical assistance for certain projects in Arkansas, Alaska, Illinois, and Utah.

Section 736. The conference agreement allows unobligated balances within the Department of Agriculture to be used to reimburse the Office of the General Counsel for certain services provided.

Section 740. The conference agreement includes language regarding the Wetlands Reserve Program.

Section 741. The conference agreement includes language regarding the Environmental Quality Incentives Program.

Section 742. The conference agreement provides the Secretary of Agriculture with authority to authorize employees of the Department to carry and use firearms for personal protection while conducting field work in remote locations.

Section 743. The conference report includes language regarding the renewable energy program.

Section 744. The conference report includes language regarding the broadband telecommunications program.

Section 745. The conference agreement prohibits funds in excess of \$20,000,000, to be used to reimburse the Commodity Credit Corporation for the release of eligible commodities under the Bill Emerson Humanitarian Trust Act.

Section 746. The conference agreement includes language regarding the value-added market development program.

Section 748. The conference agreement includes language regarding Natural Resources Conservation Service financial and technical assistance to the Dry Creek project, Utah.

Section 749. The conference report includes language regarding the Conservation Security Program.

Section 750. The conference agreement includes language regarding the Wildlife Habitat Incentive Program.

Section 751. The conference report includes language regarding the Farmland Protection Program.

Section 752. The conference report includes assistance for certain tree losses.

Section 753. The conference agreement includes language regarding the Rural Business Investment Program.

Section 754. The conference agreement includes language regarding Public Law 105-264.

Section 755. The conference report includes language regarding the ground and surface water conservation program.

Section 756. The conference agreement includes language related to final rulemaking on APHIS cost-sharing.

Section 757. The conference agreement includes language related to competitive sourcing of rural development or farm loan programs.

Section 758. The conference agreement gives the Secretary of Agriculture the authority to enter into cooperative agreements to lease aircraft.

Section 759. The conference report includes \$1,491,000 for the Northern Great Plains Regional Authority and stipulates that the Federal cost share is 100 percent.

Section 760. The conference agreement includes language regarding the Bioenergy Program.

Section 761. The conference agreement includes language regarding the Delta Regional Authority.

Section 762. The conference agreement includes language that rescinds certain unobligated balances.

Section 763. The conference agreement includes language regarding the use of discretionary funds for certain purposes.

Section 764. The conference agreement includes language that rescinds certain unobligated balances.

Section 765. The conference agreement includes a provision regarding eligibility for housing assistance in Alaska.

Section 766. The conference agreement includes language regarding certain conservation programs.

Section 767. The conference agreement provides \$1,500,000 to the Denali Commission to address deficiencies in solid waste disposal sites.

Section 768. The conference agreement includes language that provides that certain locations shall be considered eligible for certain rural development programs.

Section 769. The conference agreement includes language regarding the Agricultural Trade Development and Assistance Act of 1954.

Section 770. The conference agreement includes a provision giving the Secretary of Agriculture the authority to allow Community Facility Program borrowers to enter into contracts with third parties for necessary services.

Section 771. The conference agreement includes language regarding the Emergency Watershed Protection Program.

Section 772. The conference agreement includes language regarding agriculture credits or credit guarantees.

Section 773. The conference agreement includes language regarding eligibility for the Conservation Reserve Program for land planted in hardwood trees, and previously enrolled in the program, to remain enrolled.

Section 774. The conference agreement includes language regarding the use of funds to restrict to prescription use certain contraceptives.

Section 775. The conference agreement includes language that rescinds certain unobligated balances.

Section 776. The conference agreement includes language regarding privacy protection of certain sellers of farm products.

Section 777. The conference agreement includes language regarding a 1994 institution.

Section 778. The conference agreement includes language that rescinds certain unobligated balances.

Section 779. The conference agreement includes language regarding the Dakota Value Capture Cooperative.

Section 780. The conference agreement includes language regarding new WIC-only stores.

Section 781. The conference agreement includes language that rescinds certain unobligated balances.

Section 782. The conference agreement includes language that rescinds certain unobligated balances.

Section 783. The conference agreement includes language allowing use of unobligated balances in certain accounts within the Rural Utilities Service for the purposes of section 315 of the Rural Electrification Act of 1936.

Section 784. The conference agreement includes language regarding the Wildlife Habitat Management Institute.

Section 785. The conference agreement includes language regarding Livestock Assistance eligibility.

Section 786. The conference agreement includes funding to carry out provisions of Section 751 of Public Law 108-7.

Section 787. The conference agreement includes funding for a private lands wildlife management program.

Section 788. The conference agreement includes certain technical corrections regarding the Child Nutrition Act.

Section 789. The conference agreement includes a technical correction regarding the Hurricane Disasters Assistance Act.

Section 790. The conference agreement includes funds for a certain grant.

Section 791. The conference agreement includes funds for a certain grant.

Section 792. The conference agreement includes language that rescinds certain unobligated balances.

Section 793. The conference agreement includes funds for a certain grant.

Section 794. The conference agreement includes language regarding EQIP participation.

Section 795. The conference agreement includes funds for a certain grant.

Section 796. The conference agreement includes language regarding Child and Adult Care Food Program audit funds.

Section 797. The conference agreement includes language regarding the Grassland Reserve Program.

CONFERENCE TOTAL—WITH COMPARISONS

The total new budget (obligational) authority for the fiscal year 2005 recommended by the Committee of Conference, with comparisons to the fiscal year 2004 amount, the 2005 budget estimates, and the House and Senate bills for 2005 follow:

[In thousands of dollars]	
New budget (obligational) authority, fiscal year 2004	\$86,761,836
Budget estimates of new (obligational) authority, fiscal year 2005	83,586,539
House bill, fiscal year 2005	83,670,594
Senate bill, fiscal year 2005	84,053,760
Conference agreement, fiscal year 2005	86,190,567
Conference agreement compared with:	
New budget (obligational) authority, fiscal year 2004	- 571,269
Budget estimates of new (obligational) authority, fiscal year 2005	+2,604,028
House bill, fiscal year 2005	+2,519,973
Senate bill, fiscal year 2005	+2,136,807

DIVISION B—DEPARTMENTS OF COMMERCE, JUSTICE, AND STATE, THE JUDICIARY AND RELATED AGENCIES APPROPRIATIONS ACT, 2005

TITLE I—DEPARTMENT OF JUSTICE

GENERAL ADMINISTRATION

SALARIES AND EXPENSES

The conferees recommend a total of \$124,100,000 for General Administration, Salaries and Expenses, instead of \$97,856,000 as proposed by the House and \$141,466,000 as proposed by the Senate.

The conference agreement includes the following program increases: \$100,000 and 2 positions for the Office of Public Affairs; \$6,592,000 and 30 positions for the Office of Intelligence Policy and Review; \$200,000 for diversity programs; and \$250,000 to enhance attorney recruitment and retention through the Student Loan Repayment Program.

In addition, the conferees strongly support the request for the Justice Unified Telecom Network, Public Key Infrastructure, Enterprise Architecture, Information Sharing Initiative, Information Technology Project Oversight, Investment Management, E-gov initiatives, and the Unified Financial Management System (UFMS). The conference agreement provides \$1,073,000 in additional direct appropriations for the Chief Information Officer's highest priority needs and an additional \$1,000,000 for the UFMS. The conferees support additional funding for these initiatives through the recovery of obligated but unexpended funds transferred to the Working Capital Fund, or through other sources, subject to section 605 of this Act.

The conferees direct the Department of Justice to provide quarterly reports describing Department resources dedicated to Indian

Country and the activities of the Indian Gaming Working Group. Additionally, the Department shall also provide quarterly reports to Congress detailing efforts to reduce the violent victimization of Native Americans, including efforts to reduce murder rates, serious assaults, violence against women, and child abuse. These reports shall include: the number of agents assigned to Indian Country; man-hours worked in Indian Country; the amount and type of training provided; the number of matters initiated; the number of cases; the number of subjects/defendants; the number of convictions; and the amount of restitution ordered.

The conferees adopt by reference the Senate report language directing the Office of the Chief Information Officer to evaluate commercially-proven enterprise data warehousing and analytic systems and to provide a report to the Committees on Appropriations summarizing the findings on this technology's applicability to the counterterrorism mission not later than March 31, 2005.

The conference agreement includes necessary sums to continue efforts to replace locks used to store classified information.

The conference agreement adopts by reference the House report language concerning budget models and directs that the Department of Justice submit a report, no later than August 1, 2005, describing how the hiring of an investigator impacts the workload of the U.S. Attorneys, the U.S. Marshals Service, the Detention Trustee, and the Federal Prison System.

In addition to the concerns stated above, the conferees have expressed concerns elsewhere in the report about the rationale underlying the allocation of staffing between the litigating divisions and the United States Attorneys. The conferees believe that it is critical that the Department of Justice take a systemic approach to resource requests and subsequent allocations. With that in mind, the conferees direct the Government Accountability Office to initiate a review of the Department of Justice resource planning and allocation processes, with particular emphasis on consistency of resource allocation within the operating year with national law enforcement priorities, in particular the counterterrorism and counterintelligence priorities, articulated by the Administration and supported by the Committees on Appropriations.

The conference agreement adopts by reference the House report language concerning fast track programs and directs the Department of Justice to submit a report within 45 days of enactment of this Act providing a list of the fast track programs operating throughout the country, and an estimate of the resources the Department of Justice saves and the costs that are avoided by these programs. The report shall also discuss opportunities to expand fast track programs to other districts.

The conferees believe that the Department of Justice needs to coordinate its efforts to address gang-related crimes. The Department of Justice is directed to submit a report to the Committees on Appropriations no later than 30 days after enactment of this Act on how the Department is addressing gang issues throughout the country.

The conference agreement adopts by reference the House report language concerning the establishment of an international law enforcement alliance.

Office of Privacy and Civil Liberties.—The conference agreement includes not less than \$690,000 for the salaries and benefits of this office including funding for 2 additional professional staff positions. The conference agreement adopts by reference the House report language requiring the submission of a report detailing the specific responsibilities and authorities of the Office of Privacy and Civil Liberties within 30 days of enactment of this Act. In addition, the Department of Justice shall report to the Committees on Appropriations annually on the activities of this office.

Debt Collection.—The Government Accountability Office recently found that outstanding criminal debt as reported by the Department of Justice totaled about \$25,000,000,000 as of September 30, 2002, almost double the amount reported by Justice 3 years earlier. Moreover, the Department of Justice reported collecting only about \$800,000,000 of criminal debt for fiscal year 2002.

In view of the increase in reported outstanding criminal debt and low collections of such debt, the conferees are concerned that the Department of Justice along with other agencies still has not taken action to develop a strategic plan for improving criminal debt collection. The conferees understand one of the reasons for this outstanding criminal debt is that the Mandatory Victims Restitution Act of 1996 makes restitution mandatory in all violent crimes and most property crimes regardless of a defendant's ability to pay. Nevertheless, there appears to be criminal debt that may be collectible.

To address the large balances of outstanding criminal debt, the conferees direct the Attorney General to establish a task force within 90 days of enactment of this Act that includes other Federal agencies, including, but not limited to, the Department of the Treasury, the Office of Management and Budget, and the Administrative Office of the U.S. Courts, to participate in the task force. Led by the Department of Justice, the task force will be responsible for developing a strategic plan for improving criminal debt collection. The strategic plan shall include specific approaches for better managing, accounting for, reporting, and collecting criminal debt. Specifically, the plan shall include steps that can be taken to better and more promptly identify all collectible criminal debt so that a meaningful allowance for uncollectable criminal debt can be reported and used for measuring debt collection performance. The conferees direct the Attorney General to report to the Committees on Appropriations within 180 days of enactment of this Act on the activities of the task force and the development of a strategic plan.

Fugitive Apprehension.—In an October 19, 2004, report, the Department of Justice acknowledges that “the United States Marshals Service is the federal government’s primary agency for apprehending fugitives”. While the Department does not recommend transferring fugitive apprehension activities to the USMS to ensure continued departmental management flexibility, it recognizes that USMS fugitive efforts free up resources for other Federal law enforcement agencies to focus on their core missions. For example, the report states that for the past 15 years, the USMS has been responsible for the apprehension of many DEA fugitives, leaving DEA agents free to develop new drug crime cases.

The conferees are aware that the USMS arrest statistics far exceed other Federal law enforcement agencies. The conferees also understand that the statistical success, in terms of the number of Federal, state, and local warrants closed, has coincided with the on-going development of the regional fugitive task forces, showing a benefit of linking performance with budget. While the conferees recognize the Department's desire not to consolidate fugitive apprehension activities under one component, the conferees strongly urge the Department to update its 1988 memorandum of understanding to provide greater latitude for the USMS and to promote greater inter-agency cooperation. The conferees commend the USMS, DEA, Interpol, and ATF in its continuing efforts to coordinate investigations.

JOINT AUTOMATED BOOKING SYSTEM

The conference agreement includes \$20,185,000 for the continued operation of the Joint Automated Booking System (JABS), as proposed by the Senate, instead of \$20,000,000 as proposed by the House.

AUTOMATED BIOMETRIC IDENTIFICATION SYSTEM/INTEGRATED AUTOMATED FINGERPRINT IDENTIFICATION SYSTEM

The conference agreement includes \$5,054,000 for this account, as provided by the House and Senate.

The conferees are troubled by the security gap on the nation's borders caused by delays in linking the Automated Biometrics Identification System (IDENT), the fingerprint database managed by Customs and Border Protection (CBP) and US Visitor and Immigrant Status Indicator Technology (US-VISIT), with criminal history data contained in the Federal Bureau of Investigation's Integrated Automated Fingerprint Identification System (IAFIS). The conferees understand that by the end of calendar year 2004, interoperability will exist at airports, seaports, and the largest and busiest Border Patrol stations and land ports of entry. CBP and Immigration and Customs Enforcement (ICE) locations will not be completed until December 31, 2005. With implementation of a new visa tracking system and enrollment of millions of visitors into US-VISIT, it is essential that the Federal Bureau of Investigation (FBI) collaborate with the Directorate of Border and Transportation Security to ensure that IDENT and US-VISIT can retrieve, in real time, biometric information contained in the IAFIS database, and that the IAFIS database can retrieve, in real time, biometric information contained in IDENT and US-VISIT.

The conferees direct the Department of Justice and the Department of State, in coordination with the Under Secretary for Border and Transportation Security (BTS), to report, not later than 90 days after enactment of this Act, on the status of efforts to achieve real time interoperability between these systems, including steps the Departments will take to integrate IAFIS into IDENT and US-VISIT, funds needed, and a timetable for full interoperability of these systems. This report should address the recommendations from the March, 2004, Department of Justice Inspector General re-

port, which documented the need to integrate existing biometric databases.

LEGAL ACTIVITIES OFFICE AUTOMATION

The conference agreement provides \$40,510,000 for this account, which is equal to the amended budget request. The conferees support additional funding for this program through the recovery of obligated but unexpended funds transferred to the Working Capital Fund, or through other sources, subject to section 605 of this Act.

NARROWBAND COMMUNICATIONS

The conference agreement includes \$100,000,000 for Narrowband Communications, as proposed by the House, instead of \$68,021,000 as proposed by the Senate.

ADMINISTRATIVE REVIEW AND APPEALS

The conference agreement includes \$203,965,000 for this account, instead of \$202,518,000 as proposed by the House and \$205,411,000 as proposed by the Senate. The funding level provides for the annualization costs associated with filling immigration judge vacancies.

It is the conferees' understanding that the Executive Office for Immigration Review (EOIR) has issued interim procedural guidelines for the adjudication of unaccompanied alien children's cases before immigration judges. The conferees commend EOIR for this initiative. The conferees further urge EOIR to dedicate resources from its appropriation to developing and implementing policies and procedural guidelines as well as training programs for judges and pro bono attorneys in this area in order to protect the children's due process rights under the Immigration and Nationality Act—including their right to apply for forms of relief from removal—and to further their access to pro bono representation rights, due process and relief under the Immigration and Nationality Act.

DETENTION TRUSTEE

The conference agreement includes \$885,994,000 for the Detention Trustee, as proposed by the Senate, instead of \$938,810,000 as proposed by the House. The conferees are aware that the Trustee has made progress in refining the detention forecasting model, which will provide better projections for this account, and the conferees encourage the much-needed work to continue. The conferees believe that the Trustee should review the entire Federal detention process from commencement to incarceration to identify greater efficiencies in operations. The conferees anticipate that these efforts will result in cost savings. When the Trustee can provide assurance of the funding needs for this account, the Committees will consider options for providing additional resources. The conferees also direct the Attorney General to ensure that the Department's entire law enforcement agenda, including its prosecutorial policies and detention resources, is thoroughly considered when determining the future funding needs for this account.

The conference agreement incorporates by reference Senate report language that prohibits any construction, planning, support, or contracting of new detention facilities and directs the Detention Trustee to withdraw any solicitations for such activities.

The Justice Prisoner and Alien Transportation System (JPATS) has become an increasingly complex system, in part because its biggest user is now Immigration and Customs Enforcement within the Department of Homeland Security. The conferees expect that the United States Marshals Service will continue to operate JPATS, but believe the Federal Detention Trustee, as an independent entity that oversees detention issues for the Department, must play a heightened role with this program. The conferees therefore direct the Trustee to address immediate and long-term planning, management, and policy issues with JPATS, with the goal of improving efficiencies and ensuring equality among participating agencies, and to submit a report on those efforts to the Committees on Appropriations, no later than May 31, 2005.

OFFICE OF INSPECTOR GENERAL

The conference agreement includes \$63,813,000 for the Office of Inspector General, as proposed by the House, instead of \$63,187,000 as proposed by the Senate.

UNITED STATES PAROLE COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$10,638,000 for the United States Parole Commission, as proposed by the Senate, instead of \$10,650,000 as proposed by the House. The conferees adopt by reference House language regarding a study required under Public Law 107-273.

LEGAL ACTIVITIES

SALARIES AND EXPENSES, GENERAL LEGAL ACTIVITIES

The conference agreement includes \$634,193,000 for General Legal Activities, instead of \$639,314,000 as proposed by the House and \$623,364,000 as proposed by the Senate. The distribution of funding provided is as follows:

General legal activities

[In thousands of dollars]

	<i>2005 appropriation</i>
Office of the Solicitor General	\$8,245
Tax Division	81,399
Criminal Division	137,177
Civil Division	188,754
Environment and Natural Resources Division	90,856
Office of Legal Counsel	5,858
Civil Rights Division	109,141
Interpol USNCB	12,426
Office of Dispute Resolution	337
Total	634,193

The funding provided is equal to the requested current services level less requested program reductions for the Department of Jus-

tice's litigating divisions. The conferees understand the Department has reviewed the allocation of attorneys between headquarters and the field. The conferees further understand that the Department believes that 59 attorney positions should be realigned from headquarters litigating divisions to those U.S. Attorney Offices that have a critical shortage of attorney resources to address priority areas such as counter-terrorism, drugs, violent crime, corporate fraud, and immigration. The conferees applaud the Department's efforts to allocate attorney positions to where they can be most productive. The conferees understand this will be a multi-year effort and, therefore, have not provided any of the increases in attorney positions for the litigating divisions at this time. Within the level of funding provided, the conferees expect attorney resources to be provided to the Department's highest priorities, including counterterrorism, violent crime and corporate fraud.

The conferees direct the Attorney General to submit a detailed study to the Committees on Appropriations, not later than January 3, 2005, providing the criteria the Department would use to determine which litigating division positions would be reallocated to the field; the criteria that would be used to determine which U.S. Attorney Offices would be allocated additional positions; and a cross-walk showing the proposed allocation of attorney positions from each legal division to each district.

The conference agreement fully funds the Civil Rights Division's efforts to combat human trafficking and the conferees expect the Department of Justice to continue submitting yearly updates regarding efforts to address human trafficking.

The conferees expect the Department of Justice to submit a reprogramming for costs associated with continuing tobacco and other litigation activities, should funding be warranted.

The conferees are aware that the parties to *Irvin Rosner, et al., v. United States of America* have agreed to mediation and to the selection of a mediator. Given that this case involves elderly Holocaust survivors, the conferees believe that the Department of Justice should proceed with this mediation in a compassionate and expeditious manner in order to reach a fair resolution.

The conferees direct the Department of Justice to submit a report to the Committees on Appropriations not later than April 10, 2005, on proposals to leverage the United States National Central Bureau's network as a means to effectively share national security related information with State and local law enforcement agencies.

THE NATIONAL CHILDHOOD VACCINE INJURY ACT

The conference agreement includes a reimbursement of \$6,333,000 from the Vaccine Injury Compensation Trust Fund to the Department of Justice, as proposed by both the House and the Senate.

SALARIES AND EXPENSES, ANTITRUST DIVISION

The conference agreement includes \$138,763,000 for the Antitrust Division, which is the same as proposed by the Senate, instead of \$135,463,000 as proposed by the House. The conference agreement incorporates by reference Senate report language regarding additional resources.

SALARIES AND EXPENSES, UNITED STATES ATTORNEYS

The conference agreement includes \$1,547,519,000 for the United States Attorneys instead of \$1,535,000,000 as proposed by the House and \$1,532,154,000 as proposed by the Senate.

The conference agreement includes a program increase of \$5,762,000 for 66 additional positions, including 44 attorneys, for additional terrorism and criminal prosecutions. The conference agreement also includes an additional \$3,029,000 for 32 additional positions, including 25 attorneys, to address gang-related crimes.

Project Seahawk.—The conference agreement includes \$5,000,000 for the continuation of Project Seahawk, a pilot project to enhance intermodal security and law enforcement within our Nation's coastal cities. The pilot will provide a national model for cities that experience heavy volumes of intermodal traffic by establishing a streamlined process to address criminal activity that may compromise or impede the movement of intermodal traffic within the U.S. Project Seahawk shall continue to be coordinated under the U.S. Attorneys and include Federal, State, and local law enforcement.

Legal Education.—The conference agreement provides \$18,266,000 for legal education and distance learning at the National Advocacy Center (NAC). NAC State and local training funds are provided under the Office of Justice Programs.

Violent Crime Task Forces.—The conference agreement includes \$1,500,000 to continue and expand task force activities associated with Operation Streetsweeper.

The conference agreement adopts by reference the House and Senate language providing \$10,000,000 for cybercrime and intellectual property enforcement and requiring the submission of a report by April 30, 2005, on the number, types, and locations of copyright prosecutions undertaken during the previous fiscal year.

The conference agreement adopts by reference the House report language concerning public corruption.

UNITED STATES TRUSTEE SYSTEM FUND

The conference agreement includes \$173,602,000 for this account, instead of \$172,850,000 as proposed by the House and \$174,355,000 as proposed by the Senate. The conferees support the requested information technology enhancements and expect the Trustees to fund the request to the maximum extent possible. The conference agreement incorporates by reference the Senate report language directing the Trustees to consult with the Department's Chief Information Officer before obligating its information technology funds. The conference agreement includes not less than \$750,000 for the Bankruptcy Training Center at the National Advocacy Center in support of the Trustees' continuing education program.

SALARIES AND EXPENSES, FOREIGN CLAIMS SETTLEMENT COMMISSION

The conference agreement includes \$1,220,000 for this account, as proposed by both the House and Senate.

UNITED STATES MARSHALS SERVICE
SALARIES AND EXPENSES

The conference agreement includes \$751,985,000 for the United States Marshals Service (USMS), instead of \$752,070,000 as proposed by the House and \$744,725,000 as proposed by the Senate. The conference agreement provides funding for USMS construction under a separate heading, as proposed by the House. The conference agreement includes the base reductions and streamlining efficiencies included in the budget request.

The conference agreement incorporates by reference the Senate report language regarding submission of a spending plan and the timely release of funds to programs.

The conferees are pleased that the USMS has made a concerted effort to fill critically-needed supervisory deputy marshal positions in the districts; boosted its on-board staffing levels throughout the agency; allocated positions based on performance; addressed its information technology infrastructure weaknesses; and improved its overall financial management practices. In many areas, the USMS has demonstrated marked improvements and is urged to continue these practices.

Protection of the Judicial Process.—The conference agreement includes the requested increase of \$8,897,000 and 94 positions to enhance protection of the Federal Judiciary. When determining resource allocations, the USMS should be mindful of the recent recommendations of the Department's Inspector General.

Witness Security.—The conference agreement includes the requested increase of \$1,922,000 and 15 positions for the witness security program.

Information Technology.—The conference agreement includes the requested increase of \$478,000 and 5 positions to meet information technology (IT) requirements. The conferees direct the USMS to submit a report to the Committees on Appropriations, no later than March 17, 2005, on IT needs throughout the USMS and a plan to address those needs, including funding requirements.

Central Courthouse Management Group.—The conference agreement provides \$4,226,000 for the Central Courthouse Management Group (CCMG), including \$3,968,000 in base resources for 34 existing CCMG positions, two restored positions, and an additional \$258,000 for three new CCMG positions, of which two shall be GS-14 positions.

Courthouse Security Equipment.—The conference agreement provides a program increase of \$5,050,000, for a total of \$11,580,000, for preventive maintenance and repair of courthouse security equipment to be allocated to the USMS's highest priority needs. The conference agreement incorporates by reference Senate report language directing the USMS to report to the Committees on Appropriations within 30 days of enactment of this Act on the allocation of this funding. The conferees expect no less than this amount to recur in future budget submissions to address the courthouse security equipment needs of the USMS.

Regional Fugitive Task Forces.—The conference agreement provides \$17,988,000 for the Regional Fugitive Task Forces (RFTF), which includes base resources for the 38 existing RFTF positions,

and an additional \$2,439,000 for 17 new positions to staff these task forces, including supervisory personnel. Available resources can also be used for the district-managed task forces.

Technical Operations Group.—The conference agreement provides \$17,216,000 for the Technical Operations Group (TOG), which includes base resources for the 50 existing TOG positions, an additional \$632,000 for three restored positions and one new position, and an additional \$2,000,000 for non-personnel expenses.

International Fugitives.—The conference agreement provides \$4,459,000 for the International Fugitive Apprehension Program, which includes base resources for the four existing international positions and an additional \$1,086,000 for three new GS-13 deputies at the existing foreign offices. The conferees also direct the USMS to submit a five-year plan for this program, including a time-line and cost estimate to open additional international offices that are critical to the USMS fugitive apprehension mission.

Analytical Support Unit.—The conference agreement provides \$3,835,000 in base resources for the Analytical Support Unit (ASU), including \$1,069,000 for eight existing positions and \$2,766,000 (excluding a \$500,000 transfer from the Justice Detainee Information System) to improve and maintain the Warrant Information Network and to continue subscriptions to various government and private networks and on-line services.

Special Operations Group.—The conference agreement provides \$2,835,000 in base resources for the Special Operations Group (SOG), which includes funding for the 11 existing SOG positions. In addition, the conferees direct the USMS to transfer the funding, duties, and personnel of the Hazardous Response Unit (HRU) to SOG, and to submit a report to the Committees on Appropriations no later than April 5, 2005, on any additional personnel and funding requirements that will accompany the HRU transfer, as well as on the proper location of such transferred personnel.

Vehicles.—The conferees commend the USMS on its efforts to modernize its vehicle infrastructure. Over the last three years, the conferees have included funding for the USMS to replace older vehicles and recognize that under the new vehicle allocation formula, older vehicles are excessed when new vehicles are allocated. Districts no longer are allowed to expand their fleets by keeping vehicles well beyond their useful lifecycle. The conferees expect this trend to continue and for the USMS to continue modernizing its fleet.

CONSTRUCTION

The conference agreement includes \$5,734,000 for this account, instead of \$1,371,000 as proposed by the House. The Senate provided funding for construction in the salaries and expenses account. These funds shall be allocated to the USMS's highest priority construction needs. The conference agreement incorporates by reference the Senate report language directing the USMS to report to the Committees on Appropriations within 30 days of enactment of this Act on the allocation of funding for this program. To the extent that slippages occur throughout the year, however, other priority projects can be undertaken. The conferees expect no less than

this amount to recur in future budget submissions to address the construction needs of the USMS.

FEES AND EXPENSES OF WITNESSES

The conference agreement includes \$177,585,000 for Fees and Expenses of Witnesses, as proposed by both the House and the Senate.

SALARIES AND EXPENSES, COMMUNITY RELATIONS SERVICE

The conference agreement includes \$9,664,000 for the Community Relations Service, instead of \$9,833,000 as proposed by the House and \$9,494,000 as proposed by the Senate.

ASSETS FORFEITURE FUND

The conference agreement includes \$21,759,000 for the Assets Forfeiture Fund, as proposed by both the House and the Senate.

PAYMENT TO RADIATION EXPOSURE COMPENSATION TRUST FUND

The conference agreement includes \$27,800,000 for this account, instead of \$72,000,000 as proposed by the House. The conferees understand that \$27,800,000 will fully fund the Department of Justice's current estimate of payments for eligible claimants through fiscal year 2005.

INTERAGENCY LAW ENFORCEMENT

INTERAGENCY CRIME AND DRUG ENFORCEMENT

The conference agreement provides \$561,033,000 for this account, as proposed by the House, instead of \$295,409,000 as proposed by the Senate. The conference agreement does not adopt the Senate proposal to move management of this program to the Director of the Executive Office of the United States Attorneys. The conference agreement provides the following amounts to reimburse Federal agencies for their costs to participate in these task forces:

Reimbursement by Agency

[Dollars in thousands]

	<i>Amount</i>
Department of Justice Agencies:	
Drug Enforcement Administration	\$191,112
Federal Bureau of Investigation	135,859
United States Marshals Service	6,431
Bureau of Alcohol, Tobacco, Firearms and Explosives	11,228
United States Attorneys	118,083
Criminal Division	2,941
Tax Division	975
Administrative Office	5,565
Non-Justice Agencies:	
Internal Revenue Services	54,643
United States Immigration and Customs Enforcement	33,589
Coast Guard	607
Total	<u>\$561,033</u>

The conference agreement provides the following increases: \$6,113,000 for adjustments to base; \$14,623,000 for 172 additional U.S. Attorney positions; \$4,320,000 for 14 additional U.S. Marshals

Service positions; \$6,344,000 and 60 positions for the Drug Intelligence Fusion Center; and \$13,240,000 for the Drug Enforcement Administration including \$10,465,000 for 79 additional positions and \$2,775,000 for additional operational costs.

The conferees note that the Administration chose not to comply with the direction provided in the fiscal year 2004 Conference Report that participation of the Departments of Homeland Security and Treasury should not be included in the Department of Justice budget request. The participation of these entities should be budgeted by those respective departments. While the conferees are aware of the critical role of the Departments of Homeland Security and Treasury, the conference agreement is unable to fully fund the request for the Internal Revenue Service (IRS) and United States Immigration and Customs Enforcement (ICE) while meeting the resource needs of the Department of Justice. The conferees understand that carryover balances from fiscal year 2004 are available in fiscal year 2005. These balances may be utilized, through the regular reprogramming process under section 605 of this Act, to provide additional funding to IRS and ICE if warranted.

FEDERAL BUREAU OF INVESTIGATION

SALARIES AND EXPENSES

The conference agreement provides \$5,205,028,000 for the Federal Bureau of Investigation Salaries and Expenses account as proposed by the House, instead of \$4,990,728,000 as proposed by the Senate. The conference agreement funds the Foreign Terrorist Tracking Task Force, the Terrorist Screening Center, and the FBI's costs associated with the Terrorist Threat Integration Center under this heading as proposed by the House, instead of under a separate heading as proposed by the Senate. Construction costs are funded under a separate heading as proposed by the House.

Directorate of Intelligence.—The conference agreement adopts the House report language establishing a Directorate of Intelligence. The conferees applaud the improvements the FBI has made in transforming itself from an agency whose primary mission was to investigate traditional crimes, to an agency whose top priority is to prevent terrorism. However, more institutional changes are needed for the FBI's intelligence program, a critical component of an effective terrorism prevention strategy. Toward that end, the conference agreement adopts the House report language directing the FBI to create a new Directorate of Intelligence, led by the Executive Assistant Director for Intelligence. This new directorate shall have broad and clear authority over intelligence-related functions. The need for effective intelligence capabilities cuts across all FBI programs including the counterterrorism, counterintelligence, criminal and cyber crime programs. This new directorate will ensure that intelligence is shared across these programs, eliminate information stove-piping, and allow the FBI to quickly adapt as threats change. The new directorate will have responsibility for operational elements including those of the Office of Intelligence, the FBI's Terrorist Threat Integration Center participation, the Foreign Terrorist Tracking Task Force, and the Terrorist Screening Center. It will also include programmatic elements representing

analyst and administrative components across the FBI, such as training, recruitment, information technology, and security. This directorate shall be responsible for enhancing the FBI's ability to recruit and retain the highest quality intelligence staff, including attracting individuals with educational and professional backgrounds in intelligence, international relations, language, technology and other relevant skills. It shall also work to improve the FBI's capability to share intelligence, not only within the Bureau and the Intelligence Community, but also with State and local law enforcement. Further, it shall ensure that intelligence-related performance criteria are in place for agents and analysts, and develop a process for agents to receive a formal Intelligence Officer Certification. The FBI is directed to submit quarterly reports updating the Committees on Appropriations on the continued transformation, including the FBI's efforts to ensure that the priorities and operations in all of the Bureau's field offices and resident agencies match national priorities.

The conferees note that the 9/11 Commission Report endorsed many of the intelligence reforms proposed in the House bill. The conferees appreciate the assistance the Government Accountability Office, the National Academy of Public Administration, and the Congressional Research Service have provided to the Committees on Appropriations in reviewing the FBI's operations and making recommendations to improve the Bureau. The conferees expect the FBI to continue to work with these organizations and others in fiscal year 2005 to review and improve their operations.

Budget Structure.—The conference agreement adopts the budget decision unit structure proposed by the House. The conferees note that this identical budget structure was recommended by the 9/11 Commission. The new budget structure will align the FBI's budget with its organizational structure by collapsing the ten budget decision units used in previous years to four decision units. There will be a decision unit for each Executive Assistant Director (EAD) with the exception of the EAD for Administration. The costs associated with program administration will be spread to the four other decision units in order to capture the full costs of each program. This new decision unit structure will not only empower the new Director of Intelligence, but will enhance the ability of the EADs for Counterterrorism and Counterintelligence, Criminal, and Criminal Justice Services to manage their programs by unifying their budgets. The following distribution represents the conference agreement. The conferees remind the FBI that changes in this distribution are subject to the reprogramming requirements of section 605 of this Act.

FBI SALARIES AND EXPENSES

[Dollars in thousands]

Decision unit	POS	FTE	Amount
Intelligence	4,703	4,291	\$792,033
Counterterrorism and Counterintelligence	10,549	10,268	1,979,378
Criminal	12,852	12,578	2,156,421
Criminal Justice Services	1,935	1,945	277,196
Total	30,039	29,082	5,205,028

The recommendation includes increases of \$204,515,000 for adjustments to base to support the current operating level. The recommendation includes the following program increases as requested: \$13,400,000 and 151 positions for the Office of Intelligence; \$14,307,000 and 89 intelligence and counterterrorism positions for headquarters program support; \$45,954,000 and 259 positions for counterterrorism field investigations; \$12,838,000 and 86 positions for language services; \$11,155,000 and 14 positions for legal attaché offices in Beirut, Lebanon; Baghdad, Iraq; Dakar, Senegal; Kuwait City, Kuwait; and Cape Town, South Africa; \$9,000,000 for the Chemical, Biological and Radiological Forensic Analysis Counterterrorism Program; \$29,000,000 for the operational costs of the Terrorist Screening Center; \$35,470,000 for the relocation of portions of the Counterterrorism Division to the Hazel-Peterson Building; \$63,754,000 and 294 positions for the counterintelligence program; \$58,257,000 and 188 positions for cyber investigations including \$3,000,000 for Innocent Images; \$46,508,000 and 65 positions for information and physical security improvements; \$20,000,000 for technology investments including \$12,000,000 for TS/SCI LAN field installations and \$8,000,000 for enterprise architecture activities; \$16,000,000 and 12 positions to support the integration of IDENT/IAFIS; \$1,785,000 and 10 positions to support the Criminal Division's Child Exploitation and Obscenity Section; \$1,831,000 and 16 positions for the Lost Innocence National Initiative to address the problem of children forced into prostitution; \$1,213,000 and 8 positions for corporate fraud cases; \$1,170,000 for forensic costs associated with Indian Country and the National Backstopping Program; and \$21,309,000 for renovations at the FBI Academy.

In addition, the conference agreement includes the following increases above the request: \$5,000,000 for the National Security Support Capability program; \$2,750,000 and 27 positions for the Indian Country Unit to investigate crimes in Indian Country, including violent crimes against Native Americans, gang violence, and crimes related to Indian gaming; \$2,085,000 to establish a legal attaché office in West Africa; \$10,000,000 and 78 positions to combat gang-related crime; \$10,000,000 for enhanced training programs; \$30,000,000 to fund additional recruitment and retention programs; \$20,500,000 to accelerate the expansion of secure facilities in FBI field offices; \$8,500,000 for the acquisition of helicopters and related equipment; and \$5,000,000 for the Investigative Technology Division for research and development of emerging technologies.

Training.—The conference agreement adopts the House report language regarding training. The conferees direct the FBI to continue to expand its training opportunities and the capabilities of the College of Analytical Studies to ensure that agents and analysts are receiving the highest quality intelligence, counterterrorism and counterintelligence training available. These training programs should include: joint training sessions with other members of the Intelligence Community; opportunities for an academic sabbatical to pursue an advanced degree; sending staff to the Department of State's Foreign Service Institute; and creation of a fellows program to exchange staff with other Federal agencies and

the private sector. In addition, the conferees expect the FBI to expand both its basic intelligence analyst course and its advanced intelligence training courses offered at the College of Analytical Studies. The FBI shall also consider offering intelligence classes to other Federal law enforcement agencies, where appropriate. For example, the conferees believe it would be beneficial for corrections intelligence staff in the Federal Prison System to receive specialized training to recognize and thwart the introduction of violent ideology and extremism in Federal prisons. The recommendation provides \$10,000,000 above the request to implement these enhanced training programs. In determining its future staffing needs, the FBI shall take into account the staff time associated with training and development programs.

Gangs.—The conference agreement adopts the House report language regarding the spread of violent gangs throughout the country. In order to address this problem, the conference agreement provides \$1,754,000 for the establishment of a National Gang Intelligence Center that will integrate the assets of the FBI, the Bureau of Alcohol, Tobacco, Firearms and Explosives, and other affected Federal agencies to serve as a “clearinghouse” and information management mechanism for gang intelligence on a national and international scope. In addition, the recommendation provides \$8,246,000 for additional agents, analysts and support staff to address the most violent gangs throughout the country.

Offsets.—The conference agreement does not adopt the proposed \$35,000,000 offset in fees to State and local law enforcement for forensic services. The conferees are disappointed that the Administration is proposing to provide funding increases for Federal law enforcement by increasing the financial burden on State and local law enforcement. The conferees expect the FBI to absorb this proposed \$35,000,000 offset within existing funds. The conference agreement also does not adopt the proposed \$3,000,000 reduction to the Criminal Justice Information Services Information Management Accounts.

Retention and Recruitment.—The conferees understand that the FBI is having difficulty retaining certain staff in critical senior management positions and other specialized positions. For example, since September 11, 2001, the attrition rate for intelligence analysts has exceeded 10 percent. The conferees understand that other agencies in the Intelligence Community have more flexible pay and benefit authorities than the FBI and consequently are able to recruit talented staff from the FBI. The conferees further understand that many FBI employees living in high cost areas are experiencing financial hardships. The conferees are concerned that this financial hardship could eventually have a negative impact on FBI agent and staff performance. This is particularly troubling given that high cost areas are the most likely targets for a terrorist attack. In order to address these concerns, the conference agreement includes section 113 and section 115. These provisions are identical to those included in the House bill.

Section 113 provides the Director with the authority, after consultation with the Office of Personnel Management (OPM), to provide retention and relocation bonuses to employees with high or unique qualifications who, in the absence of a bonus, would likely

leave the FBI. The provision also allows for retention and relocation bonuses for individuals transferred to a different geographic area with a higher cost of living. A bonus may total up to 50 percent of an employee's basic rate of pay.

Section 115 authorizes the FBI, in conjunction with the Office of Management and Budget and OPM, to pay critical intelligence positions up to an Executive Schedule I salary provided that the position is determined to be: (1) a high level position in a scientific, technical, professional, or administrative field; and (2) critical to the FBI's mission.

These provisions are included to allow the FBI to begin enhancing its personnel capabilities in order to thwart terrorism. These provisions will also improve the FBI's ability to compete with other Intelligence Community agencies for high quality employees. The conference agreement provides \$30,000,000 above the request to implement these new retention and recruitment authorities.

Within the level of funding provided, the conferees also expect the FBI to expand the number of employees participating in the FBI's Student Loan Repayment Program.

Mandatory Separation.—The conference agreement includes section 112, as proposed by the House. This provision empowers the Director to, on a case-by-case basis, delay the mandatory retirement age of 57 for FBI agents until the agent reaches 65 years of age. Currently, the Director is authorized to delay mandatory retirement until an agent reaches 60 years of age. This provision does not require agents to work past the age of 57, but gives the Director the authority to extend agents until the age of 65 in certain circumstances. This provision provides the FBI with additional discretion and flexibility to retain senior managers and employees with critical technical skills beyond age 60 where it is clear that the individual being retained can meet all requirements, including physical requirements, of the specific job being filled.

Reserve Service.—The conference agreement includes section 114, as proposed by the House. This provision authorizes the Director to provide for the establishment and training of an FBI Reserve Service that would facilitate streamlined, temporary re-hiring from a pre-certified cadre of retired FBI employees who possess the specialized skills required to deal with the demands of crises or other special situations. The provision will allow the FBI to quickly access experienced former employees in the event of an emergency, without adversely impacting reserve service members' retirement pay.

N-DEx.—The conferees are aware that this new information system will allow for better tracking of corporate crime, such as pollution, accounting fraud, corruption, price fixing and tax evasion. The conferees encourage the FBI to work with other federal agencies such as the Securities and Exchange Commission, the U.S. Attorneys, and the Sentencing Commission to ensure adequate data is provided on referrals for prosecution and dispositions of cases. The conference agreement adopts by reference the House report language regarding N-DEx and the submission of a report within 180 days of enactment of this Act.

Oil-for-Food.—The conferees direct the FBI to provide assistance in the United Nations investigation of the "Oil-for-Food" pro-

gram, if requested to do so by the Independent Inquiry Committee chaired by Paul Volcker. The conferees strongly support this investigation and encourage the FBI to make resources available, as appropriate, to ensure its successful conclusion.

OPR.—The conference agreement adopts by reference the House report language concerning the Office of Professional Responsibility (OPR) and the submission of a report 90 days from the enactment of this Act.

Innocent Images National Initiative.—The conference agreement adopts the Senate report language directing the FBI to consider emerging technologies that may help prevent and prosecute crimes against children and child exploitation through the Internet, such as software to troll online venues and record evidentiary materials.

Terrorist Financing.—The conference agreement adopts the Senate report language concerning software that seeks to track financial data streams and, in real time, automatically notify analysts when designated transactions occur in the financial accounts of suspected terrorists. The FBI is directed to evaluate such software and report back to the Committees on Appropriations on its findings.

Enterprise Architecture.—The conference agreement adopts the Senate report language directing the Government Accountability Office (GAO) to review the FBI's management of its enterprise architecture effort, including its use of effective contractual controls and its approach to contractor tracking and oversight. In addition, the conferees direct GAO to review whether FBI's approach to developing its enterprise architecture is consistent with established best practices.

Criminal Justice Information Services Division.—The conference agreement includes \$387,271,000, including fee collections, for the Criminal Justice Information Services Division (CJIS). The conference agreement does not adopt the FBI's proposal to reduce the CJIS IT system maintenance budget by \$3,000,000.

The conference agreement also includes by reference Senate language prohibiting the diversion of funding collected through the CJIS user fee for any purpose other than CJIS, its refreshment plan, or a subsequent modernization plan for the current facility. Moreover, the conferees direct that \$50,668,734 of Working Capital Fund balances be utilized to begin design for hardware and software modernization at CJIS located in Clarksburg, West Virginia. The intent is to ensure that legacy systems are phased out and replaced with modern equipment so that the FBI can take advantage of emerging technologies, such as advances in biometrics, and ensure interoperability and increased information sharing with other agencies. This will also allow for dedicated development of future generations of equipment at CJIS. Within 180 days of enactment of this Act, the FBI is directed to submit to the Committees on Appropriations a status report on the modernization of the existing CJIS systems.

Automated Biometric Identification System/Integrated Automated Fingerprint Identification System (IAFIS).—The conference agreement adopts the Senate report language directing the Department of Justice to submit a report to the Committees on Appropria-

tions not later than April 5, 2005, on the existing capacity of IAFIS, the expected impact US-VISIT may have on the system, and any additional costs necessary to increase IAFIS's capacity to meet that impact.

Intellectual Property Rights.—Within the resources provided for counterintelligence, not less than \$5,000,000 shall be available to combat industrial espionage and other threats to the intellectual property rights of manufacturers and researchers in the United States.

Trilogy.—The conferees have not adopted the total program cost cap included by the Senate for Trilogy, including the Virtual Case File (VCF), but agree that imposing discipline in this program is essential. The Initial Operating Capability (IOC) for VCF is expected to be completed in December 2004, and will provide the following functionality: import all document types; manage workflow; upload to the Automated Case Support System (ACS); and interface through ACS. The conferees recommend that the FBI commission an independent study of Trilogy that evaluates the overall achievements of the program, including equipment upgrades and improved capabilities, identifies outstanding requirements, and establishes a timeline and cost estimate to complete deployment of the program. The study shall also note the benefits of making VCF capabilities available to the users as soon as possible.

CONSTRUCTION

The conference agreement includes \$10,242,000 for FBI construction as proposed by the House. The Senate funded this activity under a different heading. The conference agreement includes \$1,242,000 for recurring construction needs and provides \$9,000,000 for a records management center.

The conferees understand that consolidation of records and collocation of records management personnel would achieve business process efficiencies and personnel savings. It would make more space available in the FBI headquarters building, allowing the FBI to reduce leased space in the Washington, D.C., metropolitan area, and would free up needed space in the field as the number of FBI staff continues to increase. The conferees understand that the FBI hired an outside consultant to study potential locations for a records management center using the following criteria: (1) at least 60 miles outside of Washington, D.C., for continuity of operations; (2) away from obvious terrorist targets; (3) within 250 miles of Washington, D.C.; (4) having access to transportation, utilities, and communications networks; and (5) availability of an educated workforce. The conferees understand the FBI chose Frederick County, VA, as the most ideal location to establish this center. The conferees further understand that the FBI intends to lease an interim facility in Frederick County while the design and construction of a permanent facility is underway. The recommendation includes \$9,000,000 for the costs to lease, equip and relocate an interim records management center in Frederick County in fiscal year 2005. This records management facility will not assume any personnel, projects, programs, or activities being performed by the CJIS.

DRUG ENFORCEMENT ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$1,653,265,000 for the Drug Enforcement Administration, instead of \$1,661,503,000 as proposed by the House and \$1,645,027,000 as proposed by the Senate.

The recommendation provides the following increases: \$53,146,000 for inflationary and other costs to maintain the current operating level; \$14,976,000 and 165 positions for priority targeting; \$3,000,000 for the Special Operations Division; \$4,047,000 and 3 positions for investigative technology support; \$1,173,000 and 9 positions for computer forensics support; \$1,000,000 for aviation support; \$8,530,000 and 10 positions for the Concorde project and web infrastructure; and \$4,837,000 and 4 positions for the El Paso Intelligence Center.

Of the funding provided for priority targeting, \$4,095,000 and 82 positions are for administrative support to relieve agents from performing non-investigative duties. The remaining positions and funding shall be available for the highest priority domestic and international enforcement activities.

Decision Units.—The conference agreement adopts the Senate report language regarding the consolidation of DEA's ten decision units to three. The conferees direct DEA to provide a spending plan by the proposed three decision units to the Committees on Appropriations not less than 30 days after enactment of this Act. To measure the impact of this change, DEA is directed to provide quarterly reports to the Committees on Appropriations of its obligations by prior year as well as proposed decision units.

Demand Reduction Activities.—The conference agreement includes not less than \$8,891,000 for DEA's Demand Reduction activities.

Number of Drug Agents.—Since the September 11, 2001 attacks, the Federal Bureau of Investigation (FBI) has diverted agents from drug investigations to counterterrorism and counterintelligence activities. In order to address this change in FBI priorities without negatively impacting Federal law enforcement's ability to combat drug crimes, the conferees have provided increased funding to the DEA to compensate for this change. With the additional DEA agents funded in fiscal year 2005 under this heading and under the Interagency Crime and Drug Enforcement heading, the total combined number of DEA and FBI agents working on drug cases will exceed the pre-September 11th level by 202.

Ecstasy Interdiction.—The conferees note the progress made by DEA and the Department of State against so-called "club drugs" under the "Roadmap" initiative with the Belgian and Dutch governments. The conferees direct the Department of State and DEA to submit a report to the Committees on Appropriations no later than 90 days after enactment of this Act, detailing steps to be taken in the second roadmap. The second roadmap should emphasize sufficient U.S. presence in the Netherlands, more effective work against the export of precursor chemicals, and a review of terrorist links to club drug trafficking organizations.

DEA's Role in the Intelligence Community.—The conferees are aware of the direct relationship between the funding of international terrorism and narcotics trafficking. The conferees applaud the work of DEA personnel around the world and encourage them to continue sharing critical intelligence related to terrorism with other U.S. government agencies.

Offsets.—The conference agreement assumes the implementation of all of the Administration's proposed offsets except the proposal to charge the District of Columbia Metropolitan Police Department fees for forensic evidence analysis services. The recommendation reduces funding for requested program increases in order to offset this proposal. The Committee is disappointed that the Administration's proposal to offset funding increases is to increase the funding burden on State and local law enforcement.

Operation Containment.—DEA is directed to continue to provide an update on Operation Containment activities in Afghanistan in May and September of 2005.

Diversion Control Fee Account.—The conference agreement includes \$154,216,000 for this account, as provided by the House and Senate. The conference agreement includes the following program increases: \$11,711,000 is to improve and modernize customer service and e-commerce; \$3,482,000 is for the Internet Online Investigations Project and to update the Controlled Substances Information System II; \$659,000 is to enhance DEA's ability to respond to the regulated community and improve the management and financial accountability of resources; and \$15,773,000 supports the Drug and Chemical Diversion Control Decision Unit, previously funded under salaries and expenses, to simplify financial management issues and ensure a stable source of funding for the program. In addition, the conference agreement provides DEA with 10 additional positions to implement sections 110 and 111 of this Act. The Department of Justice is directed to submit quarterly reports describing its efforts to address prescription drug diversion.

BUREAU OF ALCOHOL, TOBACCO, FIREARMS AND EXPLOSIVES

SALARIES AND EXPENSES

The conference agreement provides \$890,357,000 for the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) as proposed by the Senate instead of \$870,357,000 as proposed by the House.

The conference agreement includes program increases of \$2,707,000 and 31 positions for additional explosives investigations and regulatory compliance; \$5,000,000 and 24 special agents to focus on gang-related investigations; and \$5,600,000 for the construction and establishment of the Federal Firearms Licensing Center at the National Tracing Center Facility.

In addition, the conference agreement provides a \$1,000,000 increase for the National Tracing Center Division. The conferees understand that the number of trace requests, particularly international trace requests, is growing dramatically.

Specialized Explosives Groups.—There has been a large increase in the criminal misuse of explosives. Therefore, the conference agreement includes an increase of \$10,200,000 for the cre-

ation and operation of four specialized explosives groups. These groups shall be strategically located throughout the United States based on a thorough threat and workload assessment conducted by the Bureau. These groups will be responsible for investigating the misuse and trafficking of explosives, increasing inspection efforts for high-risk explosives licensees, and increasing forensic support to explosives investigations with the goal of proactively preventing explosives crimes and acts of terrorism.

Conversion of Records.—The conferees recognize the need for the ATF to begin converting tens of thousands of existing records of out-of-business Federal firearms dealers from film to digital images at the National Tracing Center. Once the out-of-business records are fully converted, the search time for these records will be reduced to an average of 5 minutes per search from the current average of 45 minutes per search. This significant time saving will ultimately reduce overall costs and increase efficiency at the National Tracing Center. Therefore, the conference agreement includes a \$4,200,000 increase for the ATF to hire additional contract personnel to begin this conversion.

Access 2000 Program.—The conferees are aware that the Access 2000 program was initiated by ATF to improve the efficiency and reduce the costs associated with firearms tracing incurred by Federal Firearms Licensees (FFLs). ATF and FFL importers, manufacturers, and wholesalers form a partnership in this effort. FFLs take their data from their mainframe computer and import it into a stand-alone server provided by the ATF. The National Tracing Center is connected to this server remotely by secure dial-up and obtains information on a firearm that is subject to a firearms trace. The conferees support this program, which reduces the administrative burdens of the FFL and allows the ATF around the clock access to the records. The ATF currently has 36 Access 2000 partners. The conferees encourage the ATF to place more emphasis on this program and expand the number of partners to the greatest extent possible.

Special Response Teams.—The conferees are aware of the extremely important role Special Response Teams (SRTs) play in the enforcement of our Nation's laws. The Bureau has four teams throughout the United States. Due to the personnel limitations within the Bureau, the four SRTs are predominately made up of special agents that maintain a full case load on the street and train to maintain the highly specialized skills required to qualify for an SRT position. The conferees laud these special agents and the extraordinary dedication to the mission of the ATF they display in order to ensure these teams are effective, safe, and successful. The conferees also acknowledge the outstanding service the unique human scent/tactical K-9 program has provided in support of the Special Response Teams. The conferees urge the ATF to train at least two additional K-9s so as to equip each SRT with full time support.

The conferees adopt by reference the House report language concerning certain sensitive law enforcement information contained in databases maintained by the ATF.

FEDERAL PRISON SYSTEM
SALARIES AND EXPENSES

The conference agreement includes \$4,627,696,000 for the salaries and expenses of the Federal Prison System as proposed by the Senate, instead of \$4,567,232,000 as proposed by the House. The conferees believe that the budget request was inadequate to support the requirements of the Federal Prison System (FPS). The conference agreement provides an amount that should be sufficient to complete or begin activation of ten prisons and also continue operations at existing prisons. To ensure that the FPS is able to activate prisons on a two-year timeline, the conference agreement includes a provision making activation funds available until September 30, 2006. The conferees expect the ten new prisons to be receiving inmates by the date listed in the table below and have provided funding to maintain this schedule. Amounts are dedicated to activate each institution as follows:

Institution	Activation date	Activation costs	Inmate care nationwide	Total
Victorville, CA USP	1/05	\$28,200	\$5,836	\$34,036
Hazelton, WV USP	1/05	37,300	5,836	43,136
Forrest City, AR facility	11/04	30,000	2,918	32,918
Herlong/Sierra, CA medium camp	3/05	30,700	8,754	39,454
Williamsburg, SC FCI	9/04	38,000	1,476	39,476
Canaan, PA USP	2/05	34,000	7,295	41,295
Terre Haute, IN USP	3/05	26,000	8,754	34,754
Bennettsville, SC FCI	12/04	32,500	4,377	36,877
Yazoo City, MS FCI	2/05	26,300	7,295	33,595
Coleman, FL USP	2/05	23,000	7,295	30,295
		306,000	59,836	365,836

Reprogramming Authority.—The amounts designated in the table above for “activation costs” are intended for the sole purpose of bringing these new prisons online. The amounts designated in the table above for “inmate care nationwide” represent the cost associated with the inmates who will eventually be housed at the new facilities. The amounts designated in the table above are to be obligated as directed, and are therefore subject to the reprogramming procedures established in section 605 of this Act.

Carryover Amounts.—In addition to the amounts designated in the table above, an additional \$50,015,000 is available from amounts carried forward from fiscal year 2004 for prison activations. The conferees expect that funds for Victorville, CA; Williamsburg, SC; Canaan, PA; Hazelton, WV; Herlong/Sierra, CA; Forrest City, AR; and Yazoo City, MS will be obligated as planned. If the amounts required deviate from the planned levels, the FPS should submit a reprogramming notification in accordance with section 605 of this Act.

Base Operations.—The conferees believe that the amount provided for this account is sufficient to support the base operational needs of the entire FPS. Within the amounts provided, the conferees provide base funding of \$41,000,000 for FCI Gilmer, West Virginia and \$41,000,000 for FCI Beckley, West Virginia.

Contract Confinement.—The conference agreement includes \$584,948,000 for the contractual costs associated with housing in-

mates. This amount includes \$22,850,000 in contracts for the National Institute of Corrections and \$9,400,000 for 4,500 additional low-security contract beds. The conferees adopt by reference House language regarding use of excess State, local, and private prison capacity to meet bedspace needs, if these facilities meet FPS standards. The conferees also adopt by reference Senate report language in support of private sector contract confinement.

Drug Treatment.—The conferees expect that an amount equal to the fiscal year 2004 level will be provided for the transitional drug treatment program.

Joint Bureau of Prisons/Judiciary Pilot Program.—The conference agreement includes a general provision supporting a pilot program that will allow the Federal Public Defender in the Southern District of Florida to transfer computers for use by inmates reviewing electronic discovery.

Financial Plan.—The conference agreement includes section 118, which requires submission of a financial plan. In requiring the submission of a financial plan, the conferees are mindful of the complexities of managing the budget for the FPS. However, the conferees believe that such a plan is justified in order to effectively carry out the oversight responsibilities of the Committees on Appropriations. To ensure that there is no unnecessary delay in operations of the FPS, the Committees will review the proposed financial plan and respond to the Department of Justice within 15 working days of receipt of the plan. However, submission of the financial plan does not replace the requirement for reprogramming notification under section 605 of the Act.

Sexual Misconduct.—The conferees commend the FPS on its work to address and prevent sexual misconduct. With funds provided in earlier appropriations Acts, the National Institute of Corrections has made useful progress in providing training and technical support to correctional systems throughout the country to eliminate staff sexual misconduct with inmates, training in investigating cases, and training “trainers” in order that employees at every level will be more aware of, and better prepared to deal with, these cases. The conferees direct the FPS to continue these efforts and to report to the Committee by March 31, 2005, on progress made in this area.

The conference agreement incorporates by reference House report language regarding a reimbursable agreement. The conference agreement incorporates by reference Senate report language directing the FPS to move forward with the site investigation and planning for Hazelton, West Virginia. The conferees also incorporate by reference Senate report language regarding female inmates and medical records.

BUILDINGS AND FACILITIES

The conference agreement includes funding of \$189,000,000 for construction, modernization, maintenance and repair of prison and detention facilities housing Federal prisoners as proposed by the House and the Senate. The conference agreement includes section 106, which prohibits the transfer of funds from this account to any other Department of Justice account. The conferees continue to expect that all current construction projects will proceed as planned.

The conferees remain concerned that while the prison population grows, the Department of Justice continues to submit budget requests with proposed rescissions of prison construction funds. The conferees reiterate previous direction to discontinue this practice.

LIMITATION ON ADMINISTRATIVE EXPENSES, FEDERAL PRISON
INDUSTRIES, INCORPORATED

The conference agreement includes language regarding a limit on administrative expenses of \$3,411,000 for Federal Prison Industries, Incorporated (FPI). The conferees adopt by reference House report language regarding the FPI program.

OFFICE ON VIOLENCE AGAINST WOMEN

VIOLENCE AGAINST WOMEN PREVENTION AND PROSECUTION
PROGRAMS

The conference agreement includes \$387,275,000 for violence against women prevention and prosecution programs instead of \$383,551,000 as proposed by the House and \$410,000,000 as proposed by the Senate. The following table outlines the funding provided in the conference agreement:

[In thousands of dollars]

	FY 2004 enacted	FY 2005 request	House	Senate	Conference agreement
Violence Against Women Office Programs STOP					
Grants	\$166,564	\$176,747	\$176,747	\$175,705	\$187,086
(National Institute of Justice—R&D)	(5,145)	(5,200)	(5,200)	(5,000)	(5,000)
(Safe Start Program)	(9,895)	(10,000)	(10,000)	(10,000)	(10,000)
(Transitional Housing Assistance)		(15,000)	(15,000)	(10,000)	(12,500)
Grants to Encourage Arrest Policies	63,824	62,479	62,479	64,503	63,491
Rural Domestic Violence Assistance Grants	39,267	38,274	38,274	39,685	39,685
Violence on College Campuses	9,830	9,175	9,175	9,935	9,175
Civil Legal Assistance	39,322	39,871	39,322	39,740	39,740
Elder Abuse Grant Program	4,916	4,458	4,458	4,968	4,600
Safe Haven Project	14,746	14,078	14,078	14,903	14,078
Educ. & Train for Disabled Female Victims	7,373	6,922	6,922	7,451	7,250

Management and Administration		10,473	10,339	30,000	
CASA (Special Advocates)	11,772	11,484	11,484	11,897	11,897
Training for Judicial Personnel	2,257	1,925	1,925	2,281	1,925
Grants for Televised Testimony	983	986	983	994	983
Training Programs	4,905	4,415	4,415	4,957	4,415
Stalking Database	2,950	2,962	2,950	2,981	2,950
Total	383,551	383,551	410,000	387,275

The conference agreement directs the Office on Violence Against Women to submit a Management and Administration financial plan to the Committees on Appropriations within 60 days of enactment of this Act. The financial plan shall include the amount of funding reimbursed to the Office of Justice Programs for administrative services. The Justice Management Division is required to verify the appropriateness of this amount.

Native American/Native Alaskan Liaison Office.—The conferees understand that Native American and Native Alaskan women experience a high rate of violence compared to any other

group in the United States. The conferees are concerned these individuals lack a comprehensive community response to address their needs in breaking the cycle of violence. The conferees believe a liaison office would be an effective resource for these communities to identify and address their needs in order to develop a community response for the elimination of domestic violence.

The conferees are aware that the State of Alaska has been ranked number 1 in the country for its rate of rape, the rate at which men kill women, and the rate at which firearms are stolen. Although violent crime rates have dropped across the nation last year, Federal statistics have shown that violent crimes have been on the rise in Alaska. The conferees understand that the Office on Violence Against Women held a summit in Alaska in July, 2004, which enabled experts from across the country to assist Alaska with this pervasive social problem. The conferees commend the Office on Violence Against Women for their effort in bringing both the Alaska community and the professional community together.

The conference agreement includes \$7,550,000 for the Native American/Native Alaskan Liaison Office to begin their work in Alaska. The conferees have provided \$2,400,000 for the Anchorage Domestic Violence Prevention Project; \$950,000 for the domestic violence prosecution unit in Alaska; \$2,700,000 for the Sexual Assault/Domestic Violence Prosecution Unit for the State of Alaska; \$750,000 for the Sexual Assault Response Team for the Municipality of Anchorage; and \$750,000 for the Victims for Justice in Alaska. The conferees direct the Office on Violence Against Women to work with these organizations in order to develop a comprehensive community approach for the State of Alaska.

OFFICE OF JUSTICE PROGRAMS

JUSTICE ASSISTANCE

The conference agreement includes \$227,900,000 for Justice Assistance. The conferees do not adopt the Administration's proposal to consolidate all Office of Justice Programs (OJP) activities under this heading. The table below displays the conference agreement compared to the request for programs funded under this heading and compared to the amounts provided in the House and Senate bills.

[In thousands of dollars]

Program	FY 2004 enacted	FY 2005 request	House	Senate	Conference agreement
National Institute of Justice	47,495	63,559	55,000	63,350	55,000
Bureau of Justice Statistics	31,787	38,717	34,000	32,125	34,000
Victim Notification				8,000	8,000
National White Collar Crime	8,905	4,500	9,000		9,000
Regional Inf. Sharing Sys	29,684	43,960	40,000	40,000	40,000
Management and Admin	34,632	118,730	38,000	25,000	35,000
Missing Children Program	35,621	35,368	41,000	42,400	46,900
Total	188,124	217,000	210,875	227,900

National Institute of Justice (NIJ).—The conference agreement provides \$55,000,000 for the National Institute of Justice. The conference agreement provides \$20,000,000 for the Office of Science

and Technology, \$3,250,000 for counterterrorism research and development, \$10,000,000 for social science research and evaluation, \$21,000,000 for the National Law Enforcement and Corrections Technology Centers, and \$750,000 for Mistral Security Non-Toxic Drug Detention and Identification Aerosol Technology.

The conferees adopt the Senate report language concerning the National Law Enforcement and Corrections Technology Centers. Funding for these centers is distributed as follows:

The National Law Enforcement and Corrections Technology Centers

[In thousands of dollars]

Northeast Regional Center	\$3,000
Southeast Regional Center	3,000
Rocky Mountain Regional Center	3,000
Western Regional Center	3,000
National Center	3,000
Northwest Center	3,000
Technology Specialty Centers	3,000
<hr/>	
Total, Regional and Specialty Centers	21,000

Within the level of funding provided for the Office of Science and Technology, \$3,000,000 is for the CommTech program.

Within the level of funding provided, \$3,000,000 is for the Center for Rural Law Enforcement Technology and Training, and \$2,800,000 is for the Office of Law Enforcement Technology Commercialization, Inc. The conferees recognize and support the important work of the Border Research Technology Center and support the budget request for research on trafficking in persons. NIJ shall consider expanding the Forensic Resource Network in future years.

Missing Children.—The conference agreement includes \$46,900,000 for the Missing Children Program for the following purposes:

MISSING CHILDREN PROGRAM

[In thousands of dollars]

Program	FY 2004 enacted	FY 2005 request	House	Senate	Conference
National Center for Missing and Exploited Children	\$14,842	\$12,419	\$17,000	\$26,900	\$23,900
Jimmy Ryce Law Enforcement Training Center	2,968	1,049	3,000	3,000	3,000
Internet Crimes Against Children Task Force	12,368	14,500	14,500	12,500	13,500
Missing and Exploited Children Office	1,484	2,400	1,500	1,500
AMBER Alert Program	3,959	5,000	5,000	5,000
<hr/>					
Total	35,621	35,368	41,000	42,400	46,900

National Center for Missing and Exploited Children (NCMEC).—The conferees strongly support the NCMEC’s nationwide services for the prevention of abduction, endangerment, and sexual exploitation of children. The conferees believe these services are an effective part of the congressionally intended safety net for our most vulnerable children. The conferees commend the leadership of NCMEC for their dedication to these issues. Of the funds appropriated for the NCMEC, \$1,000,000 is for NCMEC’s Lost Child Alert Technology Resource (LOCATER) program; \$2,250,000 is for NCMEC’s NETSMARTZ program; \$1,650,000 is for the expansion and enhancement of the Child Recognition and Identifica-

tion System (CRIS); and \$2,000,000 is for NECMEC's Team Adam initiative.

Regional Information Sharing System.—The conference agreement provides \$40,000,000 for the Regional Information Sharing System (RISS). The conferees direct the Department to ensure that inter-state information sharing systems funded by OJP and COPS comply with the National Criminal Intelligence Sharing Plan. The conferees strongly support RISS's leadership role in implementing the National Criminal Intelligence Sharing Plan. In particular, the conferees are pleased with RISS's efforts in promoting collaboration between Federal, State, and local agencies through information sharing, especially in the exchange of antiterrorism information. Furthermore, the conferees commend the support provided by BJA for RISS.

Bureau of Justice Statistics.—Of the funds provided for the Bureau of Justice Statistics, \$2,000,000 shall be utilized for the National Crime Victimization Survey (NCVS) conversion. This funding supports the continuation of converting the NCVS from primarily a paper and pencil operation to a fully automated data collection operation.

Victim Notification System.—The conferees understand that eighteen states have implemented statewide automatic victim notification programs, but a national automated victim notification network remains incomplete. The conference agreement recommends \$8,000,000 for the Bureau of Justice Assistance to launch a new grant program for State automated victim notification programs. The conferees agree that no funding can be utilized from the Victims Assistance Program for this initiative and that funds provided under this heading require a 50 percent match from State, local, or private sources. The conferees direct the Bureau of Justice Assistance to work with Congress in developing this program and to submit to the Committees on Appropriations a report outlining the program within 180 days of the enactment of this Act.

Management and Administration.—The conference agreement provides \$35,000,000 in direct appropriations for the management and administration of OJP. The conferees direct OJP to submit a financial plan to the Committees on Appropriations within 60 days of enactment of this Act. The financial plan shall include the amount of reimbursable funding OJP receives from the Office of Community Oriented Policing Services, the Office on Violence Against Women and the Office of Domestic Preparedness, as well as reimbursements for the processing of grants for any other agency outside of the Department of Justice. In addition, the financial plan shall outline the level of funding individual OJP programs will be contributing for management and administration.

The conferees are cognizant that independent auditors performing the fiscal year 2004 financial audit at OJP found multiple material weaknesses in internal controls surrounding OJP's grant accounting practices and grants management systems. The conferees are extremely disappointed that the weaknesses have caused the auditors to disclaim their opinion on OJP's financial statements and as a result have caused the loss of the overall Department of Justice clean audit opinion. The conferees understand the auditors reported weaknesses in OJP's grant accounting process, significant

errors in reporting, weak systems controls, weaknesses in OJP monitoring, and an inability to adequately document certain accounting entries. The conferees direct OJP to rectify its accounting and monitoring weaknesses, strengthen its internal controls and systems, and ensure it can reliably report its financial activity in fiscal year 2005. Additionally, the conferees expect OJP to submit monthly reports to the Committees on Appropriations on the status of the corrective action plan.

STATE AND LOCAL LAW ENFORCEMENT ASSISTANCE

The conference agreement provides a total appropriation of \$1,295,510,000. The table below displays the funding provided in the conference agreement compared to the level of funds requested under the Justice Assistance heading for similar activities, and compared to the levels provided in the House and Senate bills.

[In thousands of dollars]

	2004 enacted	2005 request	House	Senate	Conference agreement
Byrne Memorial Justice Assistance Grants		508,937	634,000		634,000
(Boys and Girls Clubs)		(60,000)	(80,000)		(85,000)
(USA Freedom Corps)			(5,000)		(2,500)

Rescission		(53,471)			
Total, State and Local Assistance	1,335,971		1,255,037	1,117,919	1,295,510

Edward Byrne Memorial Justice Assistance Grants program.—The conference agreement includes \$634,000,000 for the Edward Byrne Memorial Justice Assistance Grants program, as authorized by H.R. 3036, the Department of Justice Appropriations Authorization Act, Fiscal Years 2004 through 2006, as passed by the House

on March 30, 2004. The conference agreement is \$125,063,000 above the budget request.

This program is intended to consolidate the Local Law Enforcement Block Grant program and the Byrne Formula program. Funding under this program is authorized for: (a) law enforcement programs; (b) prosecution and court programs; (c) prevention and education programs; (d) corrections and community corrections programs; (e) drug treatment programs; and (f) planning, evaluation, and technology improvement programs. Funding is not available for: (a) vehicles, vessels, or aircraft; (b) luxury items; (c) real estate; or (d) construction projects.

The formula used for distributing funds under this program allocates 50 percent of funding based on population, and 50 percent based on violent crime rates. The formula allocates 60 percent of funding to States and 40 percent to units of local government. Of the amount provided, \$85,000,000 is for Boys and Girls Clubs; \$10,000,000 is for NIJ to assist local units of government to identify, select, develop, modernize, and purchase new technologies for use by law enforcement; and \$2,500,000 is for the USA Freedom Corps initiative for the expansion of Neighborhood Watch programs and the Volunteers in Policing program.

Indian Country Grants.—The recommendation provides \$18,000,000 for Indian Country grants. The conferees acknowledge the success that the Comprehensive Indian Resources for Community Law Enforcement (CIRCLE) initiative is having and urge the Department to continue to work on ways to expand CIRCLE.

Edward Byrne Discretionary Grants.—The conference agreement includes \$170,027,000 for discretionary grants under this account.

Within the amounts provided, OJP is expected to review the following proposals, provide grants if warranted, and report to the Committees on Appropriations regarding its intentions:

\$4,500,000 for the National Citizens Crime Prevention Campaign;

\$1,750,000 for continued support for the expansion of SEARCH Group, Inc. and the National Technical Assistance and Training Program to assist States, such as West Virginia and Alabama, to accelerate the automation of the fingerprint identification process;

\$350,000 for the Turtle Mountain Community College, ND, Project Peacemaker;

\$1,000,000 for the Indigenous Peoples Law & Policy Project at the University of Arizona;

\$1,700,000 for the Drug Abuse Resistance Education (DARE) program;

\$8,000,000 for Operation UNITE for a drug enforcement, treatment and education program;

\$700,000 for the New Orleans, LA, Police Department for crime fighting initiatives;

\$200,000 for the Orleans Parish, LA, District Attorney's Office for crime fighting initiatives;

\$500,000 for the Paul and Lisa Foundation;

\$2,000,000 for the Northern Virginia Regional Gang Task Force;

\$587,000 for the Northwest Virginia Regional Drug Task Force;
\$3,000,000 for the State of Virginia for anti-gang coordination;
\$2,500,000 for Mothers Against Drunk Driving including the continuation of Spanish language public service announcements;
\$1,500,000 for the National Institute of Justice and Bureau of Justice Statistics to conduct a study of conditions of confinement in Indian country correctional facilities and the factors that exacerbate those conditions;
\$150,000 for the Obscenity Crimes Project to provide citizens with an online tool to report Internet obscenity crimes;
\$350,000 for Gospel Rescue Ministries;
\$300,000 for The Women's Center in Vienna, VA;
\$1,500,000 for the Pacific Institute for Research and Evaluation, International Institute for Alcohol Awareness for a training and technical assistance program for State and local law enforcement regarding liquor law enforcement;
\$660,000 for the Virginia Community Policing Institute;
\$500,000 for William and Mary College's Courtroom 21 project;
\$1,540,000 for pre-release and post-incarceration services programs for the Commonwealth of Virginia;
\$1,500,000 for court programs in the Commonwealth of Virginia to combat drug use and drug related crimes;
\$732,000 for the Virginia Attorney General's office for a Computer Crime Unit, a gang task force, and the Triad program;
\$500,000 for a school safety program in Northern Virginia;
\$250,000 for the Wyandotte Focus for a program to reduce recidivism;
\$200,000 for a community resource officer program and a school resource officer program in Manassas Park, VA;
\$100,000 for Clarke County, VA, for a school resource officer program;
\$250,000 for Securing Emergency Resources Through Volunteer Efforts for a re-entry program;
\$750,000 for The Doe Fund's Ready, Willing & Able program;
\$300,000 for an onsite drug testing demonstration project in the Fourth Judicial District of New York State;
\$1,500,000 for the Phoenix House in Upstate New York Drug Treatment Alternative for offenders;
\$225,000 for Excelsior College for law enforcement training programs;
\$225,000 for the Capital Region Cybercrime Partnership in NY;
\$400,000 for the Pat Thomas Law Enforcement Academy Training Program;
\$100,000 for Southside Virginia law enforcement activities;
\$150,000 for the Tarrant County, TX, District Attorney for a gang database program;
\$1,500,000 for the Center for Court Innovation;

\$500,000 for the Frank Bland Regional Training Center;
\$1,000,000 for Protecting Children Against Sex Offenders
in Fairfax County, VA;
\$100,000 for Mountain Village, CO, for law enforcement
technologies;
\$400,000 for the Rhode Island Family Treatment Court
program;
\$1,500,000 for the Washington Metropolitan Area Drug
Enforcement Task Force (MATF);
\$2,000,000 for the Washington Public Building Mapping
System;
\$200,000 for Forest County, PA, for court related costs;
\$1,000,000 for the Wichita, KS, Police Department for law
enforcement costs;
\$250,000 for the Chattanooga, TN, Drug Court program;
\$250,000 for the Law Enforcement Innovation Center;
\$500,000 for the Rape, Abuse and Incest National Net-
work's sexual abuse hotline;
\$3,000,000 for the National Clearinghouse for Science,
Technology, and the Law at Stetson University College of Law;
\$2,000,000 for the National Forensics Science Technology
Center in Largo, FL;
\$750,000 for Pinellas County, FL, for a jail diversion pro-
gram for the mentally ill;
\$200,000 for the Pinellas County, FL, Sexual Predator
Unit;
\$250,000 for Kristen's Act;
\$200,000 for It Happened to Alexa;
\$500,000 for Phoenix House in Dallas, TX, for at-risk
youth programs;
\$250,000 for the Southern Methodist University's Family
Research Center to conduct research on domestic violence;
\$3,000,000 for the University of Houston to work with the
National Institute of Justice to test new law enforcement tech-
nologies;
\$250,000 for the Ascension Parish Law Enforcement
Training Center;
\$250,000 for the National Correctional Industries Associa-
tion's Prison Industry Enhancement Certification Training and
Technical Assistance Project;
\$2,000,000 for the National Institute of Justice's Cyber
Science Laboratory in Rome, NY;
\$300,000 for the National Association of Town Watch's Na-
tional Night Out crime prevention program;
\$200,000 for Athens-Clarke County, GA, for law enforce-
ment initiatives;
\$200,000 for Effingham County, GA, for law enforcement
initiatives;
\$200,000 for Augusta-Richmond County, GA, for law en-
forcement initiatives;
\$500,000 for the National Institute on State Policy on
Trafficking of Women and Girls;
\$250,000 for the Rural Law Enforcement Information
Technology Center at Tarleton State University;

\$250,000 for the University of Notre Dame in collaboration with the State University of New York (SUNY) Stony Brook for law enforcement technologies research;
 \$250,000 for the WINGS Domestic Violence program;
 \$500,000 for Enough is Enough;
 \$50,000 for the Stargazer Foundation;
 \$100,000 for the Union County, NJ, Police Department in partnership with Union County College for law enforcement training programs;
 \$250,000 for a school resource officer training program in Palm Beach County, FL;
 \$250,000 for the Gun Crimes Reduction Task Force in Ventura County, CA;
 \$100,000 for Bartow County, GA, for equipment to prevent the spread of airborne pathogens in the county jail;
 \$250,000 for the State of Missouri, to enhance its Amber Alert program;
 \$500,000 for Beyond Missing;
 \$100,000 for the State University of New York for law enforcement training;
 \$200,000 for St. Clairsville, OH, for courtroom equipment;
 \$400,000 for the San Joaquin Valley Rural Crime Prevention Program;
 \$100,000 for Whiteclay, NE, for law enforcement programs;
 \$250,000 for the Regional Counter-Drug Training Academy for law enforcement training;
 \$250,000 for the City of Lancaster, PA, for a community policing initiative;
 \$250,000 for Chattahoochee Valley Community College for a law enforcement training program;
 \$150,000 for the Check 'Em Out program;
 \$300,000 for The Northwest Fund—Crime Reduction initiative;
 \$500,000 for the Whitman-Walker law enforcement programs;
 \$100,000 for the Lake Washington Technical College;
 \$500,000 for the University of Toledo Center for Parents criminal justice program;
 \$200,000 for the Westchester County, NY, Special Operations Task Force;
 \$250,000 for Arlington County, VA, for gang suppression;
 \$450,000 for the On-Site Academy's Law Enforcement Counseling Program;
 \$200,000 for the Safer Foundation ex-offender program;
 \$500,000 for Training for Judicial Personnel;
 \$600,000 for the Vera Institute of Justice;
 \$500,000 for the Fairleigh Dickinson University CyberCrime program;
 \$300,000 for the Computer Crimes Initiative—Suffolk County, NY;
 \$50,000 for the Latino Action Center for drug and crime prevention programs;

\$100,000 for New York City's Community Crime Stopper Program;
 \$100,000 for the Opening Word, Wyandanch, NY;
 \$200,000 for the Eastern Michigan Center for Community Building;
 \$200,000 for Project COPE NY Police Foundation;
 \$400,000 for the STRIVE Ex-Offender Program;
 \$400,000 for the Fortune Society's Community Reentry Program;
 \$50,000 for the Bexar County, TX, Jail Diversion Program;
 \$200,000 for the Newport, RI, Police Department law enforcement initiative;
 \$1,000,000 for the National Corrections and Law Enforcement Training and Technology Center;
 \$500,000 for the Law Enforcement Information Technology and Analysis Program, WV;
 \$125,000 for Wyandotte CHWC;
 \$125,000 for Mid-America Nazarene;
 \$240,000 for the Minneapolis, MN, Police Department law enforcement initiative;
 \$500,000 for Hennepin County, MN, CrimNet;
 \$100,000 for the Wisconsin Coalition Against Domestic Violence;
 \$100,000 for the Wayne County, MI, Jail Diversion and Assistance Initiative;
 \$100,000 for the Police Command Center in Cleveland, OH;
 \$100,000 for California Front Line Law Enforcement;
 \$400,000 for the Minnesota Fond du Lac Law Enforcement Program;
 \$200,000 for the Central Wisconsin Drug Enforcement program;
 \$500,000 for the Wisconsin Alliance for Children and Families;
 \$1,000,000 for the International Center for Ending Violence;
 \$750,000 for San Francisco Ex-Offender Reentry Services;
 \$150,000 for California Western School of Law;
 \$625,000 for the Contra Costa County, CA, ARIES Integrated Justice System;
 \$400,000 for the Urban Justice Center;
 \$500,000 for West Shore Regional Law Enforcement;
 \$500,000 for the Multi-Jurisdictional Criminal Justice Data Integration Project;
 \$200,000 for the Maine Rural Substance Abuse Project;
 \$291,000 for the Town of Taos, NM, Police Department Law Enforcement;
 \$100,000 for the Providence, RI, Police Department for Command Training;
 \$250,000 for the Center Point Re-entry Program;
 \$100,000 for the WAVE domestic violence program in California;
 \$185,000 for a law enforcement program in Independence County, AR;

\$100,000 for the Catholic University Anti-Domestic Violence Program in Puerto Rico;
 \$500,000 for the Steganography Analysis and Research Center;
 \$400,000 for the Alabama Bureau of Investigation's Missing Children's Program;
 \$1,000,000 for the Alaska Native Justice Center restorative justice programs;
 \$2,000,000 for the Alaskan Rural Prosecution Unit;
 \$1,100,000 for Alcohol Interdiction in Alaska for bootlegging crimes;
 \$250,000 for the Biloxi, MS, Police Department Technical Bomb Squad;
 \$125,000 for Carbon County, UT, for drug enforcement;
 \$200,000 for the Center on Domestic Violence at CU-Denver, CO;
 \$100,000 for the City of Columbia, MS, for law enforcement equipment;
 \$230,000 for the City of Philadelphia's Operation Safe Streets;
 \$100,000 for the City of Xenia, OH, Police Division Internet Child Protection Unit;
 \$3,000,000 for the Consolidated Advanced Technology Laboratory at UNH;
 \$700,000 for the Dispute Resolution program at Faulkner University, AL;
 \$300,000 for the Fort Bend and Harris County, TX, Anti-Drug Initiative;
 \$250,000 for the further testing and evaluation of TACSCAN system;
 \$890,000 for the Holyoke Community College, information security system;
 \$5,000,000 for the Institute for Security Technology Studies, NH;
 \$1,000,000 for the Center for Task Force Training;
 \$2,000,000 for the Jackson, MS, Public Safety Automated Technologies—Equipment;
 \$250,000 for the Kansas City Swope Parkway, MO;
 \$375,000 for the Leadership Institute in Judicial Education, University of Memphis;
 \$900,000 for the Clearwater Economic Development Association, ID, for the Idaho-Montana Lewis and Clark Bicentennial Bi-State Safety Project;
 \$400,000 for Mental Health Courts;
 \$100,000 for the Millerstown Borough Police Department, Perry County, PA;
 \$1,000,000 for the Mississippi State University—Computer Crime Prosecution Initiative;
 \$100,000 for the National Association of Promoting Success;
 \$2,084,650 for the National Fatherhood Initiative;
 \$650,000 for the New Hampshire Cyber Crime Initiative;
 \$750,000 for the National Child Protection Training;

\$51,000 for the NH Department of Safety evidence storage expansion;
 \$250,000 for the NH Police Standards and Training distance learning expansion;
 \$1,000,000 for Operation Streetsweeper;
 \$550,000 for Brown University Nanotechnology DNA Sequencing in RI;
 \$225,000 for crime scene examination enhancement for the State of Alaska;
 \$500,000 for the El Paso Regional Lab in TX;
 \$400,000 for the Greater Columbus Area Crime Fighting AFIS Project in OH;
 \$100,000 for the Fulton County District Attorney's Cold Case Unit in GA;
 \$1,000,000 for the Mississippi Crime Lab to Address Forensic Backlog;
 \$200,000 for the Northwest Ohio Regional Information System AFIS;
 \$250,000 for the Ohio BCI Laboratory System Improvement Project;
 \$375,000 for the Ohio BCI Palmprint AFIS Program;
 \$200,000 for the Pikes Peak Metro Crime Lab DNA Laboratory in CO;
 \$500,000 for Southeast Missouri State University;
 \$200,000 for the Greenville Tech Forensic/DNS Laboratory in SC;
 \$200,000 for the Texas Tech Forensic Science Institute;
 \$150,000 for the University of Alabama at Birmingham Forensic Science Education and Training program;
 \$400,000 for the Utah Valley State College Forensic Science Program;
 \$200,000 for Weber State University's Criminal Justice Program in UT;
 \$200,000 for the Sam Houston State University, Texas, Center for Forensic Sciences.
 \$250,000 for the Partners for Downtown Progress, AK;
 \$2,000,000 for the Public Private Ventures, of which \$750,000 is for the National Center on Neighborhood Enterprise, of which up to 5 percent may be used by Public Private for the purpose of enhanced accountability and rigorous evaluation of the Violence Free Zone project;
 \$1,000,000 for the Ridgeland, MS, Police Department radios and equipment;
 \$200,000 for the South Central Alaska Search and Rescue Training Project for the Alaska Police Department;
 \$210,000 for the Alaska Statewide DARE coordinator and implementation of new DARE curriculum;
 \$100,000 for equipment for the Tchula, MS, Police Department;
 \$640,400 for technology improvements at the NH Department of Motor Vehicles;
 \$3,000,000 for the continuation of the J-ONE information sharing system in NH;

\$750,000 for the Texas Medical Center in Houston, TX, Operations Center;
 \$1,000,000 for the University of Kentucky Rural Drug Prosecution Assistance Project;
 \$500,000 for the University of Louisville Effects of Collaboration Team Intervention on Child Well Being;
 \$2,000,000 for University of Mississippi National Center for Justice and the Rule of Law;
 \$200,000 for the Texas Center for Forensic Science;
 \$200,000 for the University of Mississippi TechLaw to offer police online training;
 \$400,000 for the Institutional Security Program and the University of Southern Mississippi;
 \$275,000 for the University of Southern Mississippi's Rural Law Enforcement Training Initiative;
 \$200,000 for the Violent Crimes Fugitive Task Force, MT;
 \$300,000 for the State of Colorado Digital Trunked Radio System;
 \$400,000 for the Western Kentucky University Public Safety program;
 \$100,000 for the New Hampshire DARE program;
 \$250,000 for the City of Richton, MS, for the police department;
 \$65,000 for the University of Delaware Center for Drug and Alcohol Studies to conduct a statewide survey of delinquent and high risk behaviors;
 \$3,100,000 for the Monterey County, CA, Street Violence and Anti-gang Project;
 \$250,000 for the Washington State Department of Corrections Electronic Fingerprint Criminal Background Check;
 \$150,000 for the Family Re-Entry, Inc., prisoner reentry pilot program in Bridgeport, CT;
 \$400,000 for the University of Connecticut Breaking the Cycle of Behavioral Health Problems and Crime study;
 \$150,000 for the Native Americans Into Law Program;
 \$500,000 for the National Center for Victims of Crime and INFOLINK;
 \$950,000 for the Chicago Project for Violence Prevention to expand Ceasefire;
 \$500,000 for the San Diego, CA, Crisis Intervention Response Teams;
 \$1,200,000 for the Methamphetamine Jail Treatment, IA;
 \$765,000 for the Highway Interdiction Team, IA;
 \$4,750,000 for the National Advocacy Center/National District Attorneys Association;
 \$14,000,000 for the South Carolina Judicial Department case docket system;
 \$1,000,000 for the Richland County Sheriff's Office Carolina Regional Fugitive Task Force;
 \$1,750,000 for Indian Legal Services
 \$425,000 for the Oglala Sioux Tribe Judicial System operations;
 \$500,000 for the Rosebud Sioux Tribe, SD, Judicial System operations;

\$1,000,000 for the Worcester Polytechnic Institute, MA, for the development of law enforcement technologies;
 \$100,000 for the Hampshire County, MA, Triad;
 \$100,000 for the Phoenix House Treatment Center, MA;
 \$950,000 for the Milwaukee County, WI, Judicial Oversight Demonstration Initiative;
 \$400,000 for the Milwaukee, WI, Community Partners;
 \$300,000 for the New Orleans District Attorney's Office for system upgrades;
 \$1,000,000 for the Child Safe Personalized Weapon, New Jersey's Institute of Technology;
 \$1,500,000 for the Baltimore City Operation Safe Streets;
 \$150,000 for the Leadership and Public Service Mentoring and Education Program at the University of Florida;
 \$250,000 for the University of Nebraska at Kearney Polygraph Credibility Project;
 \$550,000 for the Henderson Emergency Operations Center, NV;
 \$50,000 for the UNLV Boyd School of Law Immigration Clinic;
 \$50,000 for the UNR Grant Sawyer Center for Justice Studies;
 \$30,000 for the Mineral County, Nevada, Sheriff's Office;
 \$735,000 for the Family Development Foundation, Las Vegas, Nevada;
 \$750,000 for the National Judicial College;
 \$400,000 for the Bodega Association of NYC;
 \$130,000 for the National Megan's Law Helpline; and
 \$500,000 for the Tools for Tolerance Program;

Harold Rogers Prescription Drug Monitoring Program.—The conference agreement includes \$10,000,000 to assist States in building or enhancing prescription drug monitoring systems, facilitating the exchange of information between States, and providing technical assistance and training on establishing and operating effective prescription drug monitoring programs. During 2002, 6.2 million Americans abused prescription drugs. The conferees expect OJP to collaborate with DEA and other entities of the Executive Branch, such as the Food and Drug Administration and the Office of National Drug Control Policy, to ensure a coordinated government-wide approach to address prescription drug diversion. The Department of Justice is directed to submit quarterly reports describing its efforts to address prescription drug diversion.

Prison Rape Prevention and Prosecution.—The conference agreement provides \$37,000,000 for implementation of the Prison Rape Elimination Act of 2003 (Public Law 108–79). The conference agreement provides \$15,000,000 for the collection of statistics, data and research as authorized by section 4 of the Act; \$1,000,000 for the National Institute of Corrections for a national clearinghouse, training and education as authorized by section 5 of the Act; \$20,000,000 for grants to States to protect inmates and safeguard communities as authorized by section 6 of the Act; and \$1,000,000 to be transferred to the National Prison Rape Elimination Commission.

Improving State and Local Law Enforcement Intelligence Capabilities.—The conference agreement includes \$10,500,000 for the implementation of the National Criminal Intelligence Sharing Plan and the efforts of the Global Justice Information Sharing Initiative. The conferees direct this funding to be used to support training for State and local law enforcement on the intelligence process including planning, collection, analysis, dissemination and reevaluation. This program should continue to provide support for training in the use of intelligence as a tool in identifying pre-incident indicators. The conferees believe the training should ensure that law enforcement officials are protecting individuals' privacy, civil rights, civil liberties, and constitutional rights within the intelligence process. The conferees also expect some funding to be available to promote the use of information technology standards among law enforcement to ensure that the data can be exchanged across disparate information systems.

WEED AND SEED PROGRAM FUND

The conference agreement includes \$62,000,000 for the Weed and Seed program as proposed by the Senate. Of the funds provided, \$2,000,000 shall be for comprehensive community development training and technical assistance.

COMMUNITY ORIENTED POLICING SERVICES

The conference agreement includes \$606,446,000 for Community Oriented Policing Services (COPS) programs instead of \$686,702,000 as proposed by the House and \$755,969,000 as proposed by the Senate.

The table below displays the funding provided in the conference agreement compared to the level of funds requested under the COPS and Justice Assistance headings for similar activities and compared to the levels provided in the House and Senate bills.

[In thousands of dollars]

Program	FY 2004 enacted	FY 2005 request	House	Senate	Conference
Enhancement Grants			113,000		
Hiring/School Resource Officers	118,737			180,000	10,000
Training and Technical Assistance	(5,000)	17,625		20,000	15,000
Tribal Law Enforcement	24,737	20,000		20,000	20,000
Meth Hot Spots	53,482	20,000	60,000	55,000	52,556
COPS Technologies	156,740		130,000	110,969	138,615
Interoperable Communications	84,106	1,550		100,000	100,000
Safe Schools Initiative	4,552			5,000	4,325
Police Integrity Grants	9,894	10,000		15,000	7,500
Management and Administration	29,684	27,914	27,914	35,000	30,000
Prior Year Balances (Rescission)		(53,471)			
Bullet-Proof Vests	24,737	24,950	25,000	25,000	25,000
Police Corps	14,842	27,579	20,000	15,000	15,000
Criminal Records Upgrade	29,684	56,186	50,000		25,000
DNA Initiative	98,948	175,788	175,788	100,000	110,000
Paul Coverdell Forensic Science	9,894			20,000	15,000
Crime Identification Technology Act	23,971			35,000	28,450
(Safe Schools Technologies)	(4,948)			(5,000)	
SW Border Prosecutor Program	29,684	47,431	40,000		
Project Safe Neighborhoods	29,684	45,080	30,000	15,000	
Offender Re-Entry	4,948	15,000	15,000	5,000	10,000

(In thousands of dollars)

Program	FY 2004 enacted	FY 2005 request	House	Senate	Conference
Grand total	748,324	686,702	755,969	606,446

COPS Hiring Program.—The conference agreement includes \$10,000,000 for the hiring of law enforcement officers, of which \$5,000,000 shall be for school resource officers.

Police Corps.—The conference agreement includes \$15,000,000 for the Police Corps program. The conferees expect that the Police Corps training curriculum will incorporate all relevant training portions of the National Criminal Intelligence Sharing Plan.

Indian Country.—The conferees recommend that 5 percent of COPS funds be provided directly to tribal judicial systems to assist Tribal Courts with the caseload associated with increased arrests as a result of more stringent tribal law enforcement.

Methamphetamine Enforcement and Clean-Up.—The conference agreement includes \$52,556,000 for State and local law enforcement programs to combat methamphetamine production and distribution, to target drug “hot spots,” and to remove and dispose of hazardous materials at clandestine methamphetamine labs.

Within the amount provided, the conference agreement includes \$20,000,000 to reimburse the Drug Enforcement Administration (DEA) for assistance to State and local law enforcement for proper removal and disposal of hazardous materials at clandestine methamphetamine labs.

In addition, within the amount provided, the conferees expect the COPS Program Office, in consultation with DEA, to examine each of the following proposals, to provide grants if warranted, and to submit a report to the Committees on Appropriations on its intentions for each proposal:

\$2,000,000 for a Washington State law enforcement methamphetamine initiative;

\$2,000,000 for the Methamphetamine Task Force in East Tennessee, to fight the spread of meth labs in this region;

\$250,000 for the Indiana State Police meth enforcement team;

\$300,000 for the Clackamas County, OR, Methamphetamine Initiative: Community Prosecution;

\$1,000,000 for the Minot State University Rural Methamphetamine Education Demonstration Project in North Dakota;

\$300,000 for the COPS Methamphetamine Drug Hot Spots Program in AR;

\$600,000 for the Marion County, OR, Methamphetamine Forensic Lab Enhancement;

\$6,000,000 for the Comprehensive Methamphetamine Response in HI;

\$1,500,000 for the Methamphetamine Clandestine Lab Task Force in IA;

\$600,000 for the Virginia State Police, of which \$175,000 shall be for the Northwest Virginia Regional Drug Task Force, and \$175,000 shall be for the Harrisonburg Drug Task Force to assist their efforts in combating methamphetamine;

\$2,000,000 for the Partnership for a Drug Free America to provide technical assistance to State and local law enforcement to address meth;

\$160,000 for Winston and Fayette Counties, AL, for a meth initiative;

\$1,500,000 for the California Department of Justice, Bureau of Narcotics Enforcement, for the California Methamphetamine Strategy (CALMS);

\$250,000 for the Mineral Area Drug Task Force;

\$100,000 for the South Central Missouri Drug Task Force;

\$200,000 for the Southeast Missouri Drug Task Force;

\$100,000 for the Bradford County, PA, Sheriff's Department for a meth initiative;

\$250,000 for the Commerce City, CO, Police Department for meth initiatives;

\$250,000 for the Franklin County, MO, Sheriff's Department for Operation CHEM;

\$250,000 for the Regional Training Center in Sioux City, IA;

\$250,000 for the Iowa Office of Drug Control Policy for meth initiatives;

\$250,000 for the Daviess County, KY, Sheriff's Department to combat production and distribution of methamphetamine;

\$250,000 for the Oklahoma Bureau of Narcotics and Dangerous Drug Control Clandestine Laboratory Enforcement Program;

\$250,000 for the Nebraska State Patrol to combat the production and distribution of methamphetamine;

\$250,000 for Polk County, FL, Sheriff's Department to combat the production and distribution of methamphetamine;

\$250,000 for the Oregon Partnership meth prevention program;

\$350,000 for the Pennyryle Narcotics Task Force in KY;

\$300,000 for the Lincoln County, OR, Methamphetamine Intervention and Enforcement;

\$200,000 for the St. Matthews, SC, Police Dept Methamphetamine Initiative;

\$100,000 for the Merced County, CA, "Meth is Death" Project;

\$50,000 for the Lauderdale County, AL, Sheriff's Office Meth Initiative;

\$50,000 for the Colbert County, AL, Sheriff's Office Meth Initiative;

\$100,000 for the Guam Methamphetamine Initiative;

\$100,000 for the Miami Tribe's Meth Hot Spots program;

\$250,000 for the Pulaski County, IL, Sheriff Department Meth Initiative;

\$310,000 for the Fresno County, CA, District Attorney Methamphetamine Initiative;

\$500,000 for the TN 13th Judicial District/Surrounding Counties Methamphetamine Task Force;

\$100,000 for the Woodland, CA, Methamphetamine Enforcement;

\$100,000 for the Combined Ozarks Multi-Jurisdictional Enforcement Team [COMET] in MO;

\$750,000 for the Five County Northern UT Methamphetamine Project;

\$125,000 for Jackson County Methamphetamine Clean-Up in MS;

\$250,000 for the Jackson County Mississippi Sheriff's Department—Narcotics Task Force/Technology;

\$100,000 for Jefferson County, Colorado, Methamphetamine Interdiction & Response;

\$300,000 for the Kansas Methamphetamine Prevention Project;

\$400,000 for the Maricopa County Arizona Meth Funding;

\$250,000 for the Methamphetamine Addiction in MT;

\$1,000,000 for the Mississippi Bureau of Narcotics—Methamphetamine Enforcement;

\$1,000,000 for the MoSmart Board, MO;

\$125,000 for the North Carolina Attorney General Office Meth Program;

\$250,000 for the North Carolina U.S. District Attorneys Meth;

\$200,000 for the State of Minnesota's Methamphetamine Hot Spots Initiative;

\$250,000 for the Statewide Drug Enforcement and Lab Equipment in NE;

\$26,000 for the Wright County Drug Mobile Command;

\$500,000 for the Methamphetamine Montana Initiative;

\$300,000 for the Anhydrous Ammonia Nurse Tank Locks in IA;

\$1,000,000 for the Wisconsin I Methamphetamine Law Enforcement Initiative;

\$300,000 for the Louisiana Methamphetamine Task Force;

\$1,750,000 for the Vermont Drug Task Force; and

\$60,000 for the Coos and Curry Co. METH Reduction, OR;

COPS Interoperable Communications Technology Program.—

The conference agreement provides \$100,000,000 to continue the COPS Interoperable Communications Technology Program being designed and implemented by the COPS Office, in consultation with NIJ's OS&T as well as the Bureau of Justice Assistance. The conferees commend the COPS Office for its coordination with other Federal agencies who deal with public safety interoperability. The conferees believe coordination of Federal efforts is critical to ensure our Nation's safety and a necessity if we are not to fall victim to the pitfalls of the past.

The conferees strongly support the need for minimum standards for law enforcement communications technology. Therefore, OS&T should continue to assist COPS in incorporating existing minimum standards into the formulation of this grant program. Within the amount provided, \$5,000,000 shall be transferred to the National Institute of Standards and Technology (NIST) to continue the efforts of the Office of Law Enforcement Standards (OLEs) regarding the development of a comprehensive suite of minimum standards for law enforcement communications.

The conferees commend the Institute for Telecommunication Sciences (ITS) in Boulder, Colorado, for all their efforts and contributions to the public safety communications statement of requirements. Their contributions were critical in addressing the many issues plaguing public safety organizations for decades.

Interoperable Standards.—Over a decade ago, APCO Project 25 was established through a joint effort of Public Safety First Responders, U.S. Industry, and elements of the Federal Government to provide the public safety community with interoperable, spectrally-efficient, economically-priced, digital radios capable of providing a variety of operationally required functions and features, including backward compatibility with existing analog land mobile radios.

The Project 25 suite of standards, being developed with the technical assistance of the Telecommunications Industry Association (TIA) Standards Committee TR-8, is intended to satisfy defined user needs, allow multiple vendors to manufacture some or all components of the Project 25 system at their discretion, and ensure that components produced by many sources will be interoperable.

The timely completion of the Project 25 standards for all of the relevant communications systems equipment is essential to the public safety community. The conferees are concerned that the functional standards that specify key Project 25 system interfaces (such as the Inter-RF Subsystem Interface (ISSI), the Console Interface, and the Fixed Station Interface) have not been developed or approved, nor have the standards that define how the interfaces should be tested and evaluated.

The conferees encourage the OLES to work with CommTech within the National Institute of Justice and the Wireless Public SAFETY Interoperability COMmunications (SAFECOM) Program within the Department of Homeland Security, to consider the issuance of interim standards that can be used to specify the required functionality and testing validation characteristics.

Law Enforcement Technology Program.—The conference agreement includes \$138,615,000 for the COPS Law Enforcement Technology Program. The conference agreement adopts by reference the House report language concerning standards.

Within the overall amounts recommended, the conferees expect the COPS office to examine each of the following proposals, to provide grants if warranted, and to submit a report to the Committees on Appropriations on its intentions for each proposal:

\$750,000 for the City of Lubbock, TX, Police Department for law enforcement technologies;

\$1,125,000 for the State of New Mexico State Police;

\$1,500,000 for the Midwest Forensics Resource Center, IA;

\$500,000 for the Arkansas State Police for law enforcement technologies;

\$500,000 for the City of Stamford, CT, for law enforcement technologies;

\$750,000 for continued participation of Idaho in the Criminal Information Sharing Alliance;

\$750,000 for law enforcement technologies, to be split evenly between the City of Tucson, AZ Police Department and the Pima County, AZ Police Department;

\$250,000 for law enforcement technologies for sheriff's offices in Cochise County, AZ;

\$2,000,000 for the City of Asheville, NC, Police Department for law enforcement technologies;

\$100,000 for the New Orleans Metropolitan Crime Commission;

\$70,000 for the Leesburg, VA, Police Department for law enforcement technologies;

\$2,100,000 for the Integrated Criminal Justice Information System for the State of Virginia;

\$1,500,000 for a statewide records management system for Virginia law enforcement;

\$15,000 for the Berryville, VA, Police Department for in-car cameras;

\$75,000 for the City of Manassas, VA, Police Department for law enforcement technologies;

\$40,000 for Guin, AL, Police Department for law enforcement technologies;

\$20,000 for the Southside, AL, Police Department for law enforcement technologies;

\$20,000 for the Boaz, AL, Police Department for law enforcement technologies;

\$80,000 for the Morgan County, AL, Sheriff's Department for law enforcement technologies;

\$1,000,000 for the Simulated Prison Environment Crisis Aversion Tools for programs in Alabama, North Carolina, and Pennsylvania;

\$2,000,000 for law enforcement technology enhancements for Middle Rio Grande Border Region of Texas;

\$500,000 for the Florida Department of Corrections for a system to electronically monitor criminal probationers and link their location to crime events;

\$775,000 for the City of Houston, TX, Police Department for law enforcement technologies;

\$500,000 for San Diego County, CA, Sheriff's Department for automation infrastructure upgrades;

\$500,000 for I-SAFE America;

\$500,000 for the City of Roseville, CA, Police Department for law enforcement technologies;

\$500,000 for the Placer County, CA, Sheriff's Department for law enforcement technologies;

\$1,000,000 for the Morris County, NJ, Police Department for law enforcement technologies;

\$300,000 for the Sussex County, NJ, Police Department for law enforcement technologies;

\$300,000 for the Somerset County, NJ, Police Department for law enforcement technologies;

\$300,000 for the West Essex Port of Essex County, NJ, Police Department for law enforcement technologies;

\$405,000 for Southside Virginia law enforcement agencies for law enforcement technologies;

\$3,000,000 for the Center for Criminal Justice Technology;
\$350,000 for the City of Moultrie, GA, Police Department for law enforcement technologies;
\$1,500,000 for the Oakland County, MI, Sheriff's Department for an Identification Based Information System (IBIS) including portable hand-held digital fingerprint and photo devices for patrol cars;
\$500,000 for the Morgan County, IL, Police Department for law enforcement technologies;
\$350,000 for the City of Beardstown, IL, Police Department for law enforcement technologies;
\$150,000 for the City of Peoria, IL, Police Department for law enforcement technologies;
\$500,000 for the Iowa State University for a cyber-crime program;
\$750,000 for the East Valley Community Justice Center;

\$50,000 for the Fairfax County, VA, Regional Intelligence Center for law enforcement technologies;
\$50,000 for the Fairfax City, VA, Police Department for law enforcement technologies;
\$250,000 for the Rappahannock, VA, Regional Jail for the criminal information exchange efforts;

\$250,000 for the Blount County, TN, Sheriff's Department for law enforcement technologies;

\$250,000 for the University of Central Florida and the Florida Law Enforcement Consortium to enhance information sharing among law enforcement in Florida;

\$100,000 for the Chesterfield County, VA, Police Department for law enforcement technologies;

\$25,000 for the Dinwiddie County, VA, Sheriff's Office for law enforcement technologies;

\$25,000 for the Isle Wight County, VA, Sheriff's Office for law enforcement technologies;

\$25,000 for the Southampton, VA, Sheriff's Office for law enforcement technologies;

\$100,000 for the City of Chesapeake, VA, Police Department for laptop computers;

\$75,000 for the City of Suffolk, VA, Police Department for law enforcement technologies;

\$150,000 for the Cobb County, GA, Sheriff's Department for the multi-level law enforcement technology project;

\$80,000 for the City of Lynchburg, VA, Police Department for in-car cameras;

\$80,000 for the City of Harrisonburg and Rockingham County, VA, consolidated law enforcement network;

\$190,000 for the Amherst County, VA, for law enforcement technologies;

\$245,000 for the Bristol Township, PA, Police Department for law enforcement technologies;

\$250,000 for Sarasota County, FL, for law enforcement technologies;

\$250,000 for Manatee County, FL, for law enforcement technologies;

\$250,000 for New Castle, PA, for law enforcement technologies;

\$100,000 for the Anson County, NC, Sheriff's Department for mobile data terminals;

\$200,000 for the Illinois State Police to develop an encryption system for criminal justice information;

\$100,000 for the Ashtabula City, OH, Police Department for a computer aided dispatch system;

\$1,300,000 for technology enhancements for law enforcement agencies in Northern Illinois;

\$250,000 for the Counties of Mid-Carolina Council of Government for law enforcement activities;

\$250,000 for the Putnam County, FL, Sheriff's Office for law enforcement technologies;

\$100,000 for the Macomb County, MI, Sheriff's Office for law enforcement technologies;

\$50,000 for the Shelby Township, MI, Police Department for law enforcement technologies;

\$250,000 for the Sacramento County, CA, Sheriff's Department for an identification based information system;

\$112,000 for the City of Muncie, IN, for a crime scene analysis project;

\$250,000 for the York City, PA, Police Department for equipment to improve information sharing and purchase in-car digital video technology;

\$1,000,000 for the National Sheriff's Association Pegasus program;

\$1,000,000 for the Navajo Nation, AZ, for law enforcement technologies and crime prevention programs;

\$500,000 for the City of Key West, FL, Police Department for law enforcement technologies;

\$125,000 for the City of Bayamon, PR, for law enforcement technologies and crime prevention programs;

\$125,000 for the City of Guaynabo, PR, for law enforcement technologies and crime prevention programs;

\$20,000 for the City of Warren, AR, Police Department for law enforcement technologies;

\$150,000 for the Virginia Beach, VA, Police Department for law enforcement technologies;

\$100,000 for the Hampton, VA, Police Department for law enforcement technologies;

\$50,000 for the Accomack County, VA, Sheriff's Office for law enforcement technologies;

\$50,000 for the Northampton County, VA, Sheriff's Office for law enforcement technologies;

\$250,000 for the Borough of Chambersburg, PA, Police Department for law enforcement technologies;

\$200,000 for the Manchester Township, NJ, Police Department for law enforcement technologies;

\$300,000 for the Kern County, CA, Sheriff's Department for law enforcement technologies;

\$70,000 for the San Luis Obispo County, CA, Sheriff's Department for law enforcement technologies;

\$250,000 for the Kalamazoo County, MI, Justice Integrated Management System;

\$250,000 for the Bernalillo County, NM, Sheriff's Department for law enforcement technologies;

\$1,000,000 for the Worcester Polytechnic Institute, MA;

\$500,000 for a Violent Crime Scene Response Unit in Arizona;

\$500,000 for Technology to Combat Crime and Terrorism in Phoenix;

\$1,000,000 for the WV High Technology Consortium Foundation;

\$500,000 for the Detroit WSU for police initiatives;

\$500,000 for NEMESIS—Sharable Law Enforcement CAD and OMS/JMS;

\$1,000,000 for the Missouri Criminal Justice Integration Project;

\$500,000 for the Huntsville, AL, Police Department Technology and Equipment upgrades;

\$500,000 for the Madison County, AL, Sheriff's Dept. Technology and Equipment upgrades;

\$100,000 for the Morgan County, AL, Sheriff's Dept. Technology and Equipment Upgrades;

\$500,000 for the San Mateo County, CA, Sheriff's Office for law enforcement technologies;
\$300,000 for Modesto, CA, for law enforcement technologies;
\$100,000 for Lakewood, NJ, for law enforcement technologies;
\$100,000 for Oakland, CA, for law enforcement technologies;
\$100,000 for Solano County, CA, for law enforcement technologies;
\$250,000 for the Montebello, CA, Police Department for law enforcement technologies;
\$250,000 for Pomona, CA, for law enforcement technologies;
\$188,000 for the Garden Grove, CA, Police Department for a digital camera system;
\$100,000 for Inglewood, CA, for law enforcement technologies;
\$200,000 for Fontana, CA, for law enforcement technologies;
\$100,000 for Colton, CA, for a police communications project;
\$300,000 for Rosemead, CA, for law enforcement technologies;
\$125,000 for Covina, CA, for law enforcement technologies;
\$100,000 for West Covina, CA, for law enforcement technologies;
\$1,000,000 for the San Francisco, CA, Police Department for a records management system;
\$500,000 for Santa Monica, CA, for law enforcement technologies;
\$150,000 for Whittier, CA, for a school resource officers program;
\$200,000 for the Lakewood, CA, Sheriff's Department, for technology improvements;
\$50,000 for the Fullerton, CA, Police Department, for law enforcement technologies;
\$200,000 for Salinas, CA, for the Mobile Automated Fingerprint and Facial Recognition System;
\$200,000 for the Santa Ana, CA, Police Department for law enforcement technologies;
\$500,000 for the Connecticut Department of Safety for law enforcement technologies;
\$500,000 for the Connecticut State Police for law enforcement technologies;
\$100,000 for Baker County, GA, for law enforcement technologies;

\$100,000 for the Western Forensic Science and Law Enforcement Training Center in CO;
\$500,000 for the Yazoo City, MS, Police Department;
\$300,000 for the Delaware State Police for the Automatic Fingerprint Identification System;
\$200,000 for the New Castle County, DE, Police Department, for an upgraded records management system;
\$500,000 for the Interagency Communications Interoperability System [ICIS] in CA;
\$500,000 for the Solano County, CA, Radio Interoperability Project;
\$350,000 for the Snohomish County, WA, Sheriff Palm AFIS System;
\$60,000 for the Westchester County, NY, Police Department Interagency Radio Interconnect;
\$500,000 for the Town of North Hempstead, NY, Police Department Communication Management System;
\$1,000,000 for the Camden County, NJ, Law Enforcement Technology;
\$500,000 for the Hudson County, NJ, Law Enforcement Technology;
\$450,000 for the North East Minnesota Enforcement and Safety Information System [NEMESIS];
\$1,000,000 for the Fargo, ND, Interoperable Communications System;
\$400,000 for the Bismarck ND, Memorial Training Complex;
\$100,000 for technology upgrades for the Williamson County, IL, Sheriff's Department;
\$3,000,000 for the South Carolina Judicial Department Case Docket System;
\$4,000,000 for the Southeast National Law Enforcement Technology Center for the Backscatter and high-energy technology transmission x-ray technology;
\$100,000 for Arlington County, VA, for the Sheriff's Office for a pilot program to test a geo-location network;
\$400,000 for the Burlington, VT, Police Technology Grant;
\$100,000 for the Middlebury, VT, Police Technology Grant;
\$100,000 for the Bellows Falls, VT, Police Technology Grant;
\$325,000 for the Oglala Sioux Tribe, South Dakota for technology and equipment;

\$750,000 for the Massachusetts Law Enforcement Technology and Training Support Center;

\$100,000 for the Essex County, MA, law enforcement technology;

\$500,000 for the Milwaukee Police Department Mobile Two-Finger ID System, WI;

\$90,000 for the Town of Brookfield Police Department Technology Upgrades, WI;

\$100,000 for the City of Elizabeth, NJ, Law Enforcement Communication Interoperability Enhancement;

\$300,000 for the St. Clair County, MI, Sheriff's Department Communications towers and equipment upgrades;

\$200,000 for the Downriver Mutual Aid communications equipment, MI;

\$750,000 for the Arkansas State Police Automated Fingerprint Identification System;

\$1,400,000 for the Montgomery County, MD, Police Department for National Capital Region Criminal Identification System Update;

\$400,000 for the Wireless High Speed Network for Prince George's County, MD;

\$700,000 for the City of Rockville, MD, COPS Technology Grant;

\$1,000,000 for the Pierce County, WA, Police Rapid Mobile Response Network;

\$500,000 for Miami-Dade County, FL, Law Enforcement Technology Enhancements;

\$250,000 for the Alachua County/City of Gainesville, FL, Enforcement Communications Upgrade;

\$150,000 for Providence, RI, Police Department Technology;

\$150,000 for the Smithfield, RI, Police Department Emergency Management Operation Center;

\$1,500,000 for the Las Vegas, NV, Metropolitan Police Department Communications System;

\$155,000 for the Churchill County, NV, Sheriff's Office Interoperability Communication Project; and

\$200,000 for the Boulder City, NV, Wireless Communications Canopy;

Crime Identification Technology Act.—The conference agreement includes \$28,450,000 for the Crime Identification Technology Act program. Within the overall amounts recommended, the conferees expect OJP to examine each of the following proposals, to provide grants if warranted, and to submit a report to the Committees on Appropriations on its intentions for each proposal:

\$2,000,000 for the Harrison County Public Safety Automated Systems in MS;

\$200,000 for the City of St. Paul/Ramsey County co-location of public safety equipment in MN;

\$325,000 for North Carolina Supreme Court Security;

\$200,000 for the MAGIC Pegasus Project for the Jefferson County Sheriff in AL;

\$600,000 for Case and Document Management in MT;

\$150,000 for the Marion County, MS, Sheriff's Department for equipment;

\$250,000 for the Pascagoula, MS, Police Department for equipment;

\$1,000,000 for the Alaska Court System Information Network;

\$4,000,000 for the Marshall University Forensic Science DNA Lab in WV;

\$4,000,000 for the West Virginia University Forensic Science Initiative;

\$525,000 for Marshall University Computer Forensics in WV;

\$1,000,000 for the Forensic DNA Analysis Lab at North Dakota University;

\$11,050,000 for the South Carolina Judicial Department case document system;

\$1,000,000 for the Honolulu PD Crime Lab in HI;

\$500,000 for the Fox Valley Technical College [FVTC] DNA Training Initiative in WI;

\$1,000,000 for equipment and planning for the Vermont Forensics Laboratory; and

\$400,000 for the Vermont Incident Based Reporting System.

DNA Initiative.—The conference agreement includes \$110,000,000 for a DNA analysis and capacity enhancement program including eliminating casework backlogs, eliminating offender backlogs, strengthening crime lab capacity, training of the criminal justice community and identifying missing persons. OJP shall submit a financial plan for this program within 60 days of enactment of this Act. In addition, the conference agreement provides \$15,000,000 for Paul Coverdell Forensic Sciences Improvement grants.

Safe Schools Initiative.—The conference agreement includes \$4,325,000 for programs aimed at preventing violence in public schools, and to support the assignment of officers to work in collaboration with schools and community-based organizations to address the threat of terrorism, crime, disorder, gangs, and drug activities.

Within the amount provided, the COPS Office should examine each of the following proposals, provide grants if warranted, and submit a report to the Committees on Appropriations on its intentions for each proposal:

\$750,000 for the Alaska Community in Schools Mentoring Program;

\$300,000 for the Granite School District Anti-Violence Project in UT;

\$125,000 for the HOPE for Henderson Juvenile Justice in KY;

\$200,000 for the Martin Luther King, Jr. Center for Non-Violence in PA;

\$500,000 for School-Based Violence Prevention and Mentoring in IL;

\$1,200,000 for the Schools and Communities Coming Together in MT; and

\$1,250,000 for the Youth Advocates Programs in SC.

JUVENILE JUSTICE PROGRAMS

The conference agreement includes \$384,177,000 for Juvenile Justice programs, instead of \$349,000,000 as proposed by the House and \$360,000,000 as proposed by the Senate. The conference agreement provides for the following programs:

[In thousands of dollars]

<i>Program</i>	<i>Amount</i>
Part A—Coordination of Federal Efforts	\$3,000
Part B—State Formula	84,000
Part D—Research and Development	10,000
Part E—Demonstration Projects	102,177
Juvenile Mentoring Program	15,000
Big Brothers/Big Sisters	(7,000)
Title V—Incentive Grants	80,000
Tribal Youth	(10,000)
Gang Prevention	(25,000)
Enforcing Underage Drinking Laws Program	(25,000)
Secure Our Schools Act	15,000
Victims of Child Abuse Programs	15,000
Juvenile Accountability Block Grant	55,000
Project Childsafe	5,000
Total	384,177

Concentration of Federal Efforts.—The conferees commend the Office of Juvenile Justice and Delinquency Prevention (OJJDP) for its leadership of the Coordinating Council on Juvenile Justice and Delinquency. The conferees understand that there has been an increase in interest and membership which has allowed the Council to more effectively examine and address the Federal, State and local response to juvenile justice issues. The conferees strongly support the Council's efforts in addressing truancy, children's mental health issues, and adolescent substance abuse issues, as well as their role on the White House Task Force for disadvantaged youth.

Discretionary Grants.—The conference agreement includes \$102,177,000 for part E programs. Within the amounts provided, OJP is expected to review the following proposals, provide grants if warranted, and report to the Committees on Appropriations on its intentions:

- \$1,900,000 for law-related education;
- \$1,500,000 for Girls and Boys Town, U.S.A.;

Enforcing the Underage Drinking Laws Program.—Within the funds provided in the At Risk Children Program (Title V), the conference agreement provides \$25,000,000 for grants to assist States in enforcing underage drinking laws.

Gang Prevention.—The conference agreement includes \$25,000,000, within Title V grants, for OJP to administer a gang resistance and education program. These funds shall be available to develop comprehensive community strategies to address gangs, including anti-gang education programs and coordination with Federal, State and local law enforcement. This program shall be administered by the Bureau of Justice Assistance with assistance from the Bureau of Alcohol, Tobacco, Firearms and Explosives, and the Office of Juvenile Justice and Delinquency Prevention.

Internet Safety.—The conferees strongly support programs that provide various services and resources to protect children from being vulnerable to on-line predators. The conferees understand there are a multitude of arenas where parents, law enforcement personnel, school personnel and after-school programs can obtain information about Internet safety. The conferees desire a better understanding of what types and how many Internet safety programs are being Federally funded. The conferees direct the Administrator of the Office of Juvenile Justice, in coordination with the Coordinating Council on Juvenile Justice and Delinquency, to submit a report on Federally funded internet safety programs to the Committees on Appropriations within 180 days of the enactment of this Act.

Victims of Child Abuse Act.—The conference agreement includes \$15,000,000 for the various programs authorized under the Victims of Child Abuse Act (VOCA). The recommendation provides the following:

\$3,000,000 for Regional Children's Advocacy Centers, as authorized by section 213 of VOCA;
 \$9,500,000 for local Children's Advocacy Centers, as authorized by section 214 of VOCA;
 \$50,000 for the National Children's Advocacy Center in Huntsville, AL, to implement a training program;

\$850,000 for the National Children's Alliance for technical assistance and training, as authorized by section 214a of VOCA; and

\$1,600,000 for the National Center for Prosecution of Child Abuse for specialized technical assistance and training programs to improve the prosecution of child abuse cases, as authorized by section 214a of VOCA.

PUBLIC SAFETY OFFICERS BENEFITS

The conference agreement includes \$69,464,000 for this account, including \$63,054,000 for death benefits, \$3,615,000 for disability benefits, and \$2,795,000 for education benefits.

GENERAL PROVISIONS—DEPARTMENT OF JUSTICE

The conference agreement includes the following general provisions for the Department of Justice:

Section 101 provides language making up to \$60,000 of the funds appropriated to the Department of Justice available to the Attorney General for reception and representation expenses.

Section 102 provides language, included in prior Appropriations Acts, which prohibits the use of funds to perform abortions in the Federal Prison System.

Section 103 provides language, included in previous Appropriations Acts, which prohibits use of the funds in this bill to require any person to perform, or facilitate the performance of, an abortion.

Section 104 provides language, included in previous Appropriations Acts, which states that nothing in the previous section removes the obligation of the Director of the Bureau of Prisons to provide escort services to female inmates who seek to obtain abortions outside a Federal facility.

Section 105 includes language providing authorization for Department of Justice programs until the effective date of a subsequent Justice authorization act.

Section 106 provides language allowing the Department of Justice, subject to the Committees' reprogramming procedures, to transfer up to 5 percent between any appropriation, but limits to 10 percent the amount that can be transferred into any one appropriation. The provision also prohibits transfers of funds from the Bureau of Prisons Buildings and Facilities account unless the President certifies that such a transfer is necessary to the national security interests of the United States, and such authority shall not be delegated, and shall be subject to section 605 of this Act.

Section 107 provides language to continue section 114 of Public Law 107-77 during fiscal year 2005.

Section 108 includes language regarding additional funding for Project Seahawk.

Section 109 provides for the extension of the Personnel Management Demonstration Project for certain positions of the Bureau of Alcohol, Tobacco, Firearms and Explosives.

Section 110 prohibits the Drug Enforcement Administration from establishing procurement quotas in certain circumstances.

Section 111 provides for the establishment of procurement quotas for certain drugs following the approval of a new drug application.

Section 112 empowers the Director of the FBI to, on a case-by-case basis, delay the mandatory retirement age of 57 for FBI agents until the agent reaches 65 years of age. Currently, the Director is authorized to delay mandatory retirement until the agent reaches 60 years of age. This provision does not require agents to work past the age of 57, but gives the Director the authority to extend agents until the age of 65 in certain circumstances.

Section 113 provides the Director of the FBI with the authority, after consultation with the Office of Personnel Management (OPM), to provide retention and relocation bonuses to employees with high or unique qualifications who in the absence of bonuses would likely leave the FBI. The provision also allows for retention and relocation bonuses for individuals transferred to a different geographic area with a higher cost of living. A bonus may total up to 50 percent of an employee's basic rate of pay.

Section 114 authorizes the Director of the FBI to provide for the establishment and training of an FBI Reserve Service that would facilitate streamlined, temporary re-hiring from a pre-certified cadre of retired FBI employees who possess the specialized skills required to deal with the demands of a crisis or other special situation. The provision will allow the FBI to quickly access experienced employees in the event of an emergency, without adversely impacting reserve service members' retirement pay.

Section 115 authorizes the FBI, in conjunction with the Office of Management and Budget and the Office of Personnel Management, to pay critical intelligence positions up to an Executive Schedule I salary provided that the position is determined to be (1) a high level position in a scientific, technical, professional, or administrative field, and (2) critical to the FBI's mission.

Section 116 provides authority for the Bureau of Alcohol, Tobacco, Firearms and Explosives to use confiscated funds during undercover operations.

Section 117 amends Title 31 of the United States Code to provide protection for the Director of the Bureau of Alcohol, Tobacco, Firearms and Explosives.

Section 118 requires the Bureau of Prisons to submit a financial plan.

Section 119 directs the Bureau of Prisons to work with the Federal Public Defender in the Southern District of Florida on a pilot program.

Section 120 limits the placement of maximum or high security prisoners to appropriately secure facilities.

Section 121 restricts Federal prisoner access to certain amenities.

Section 122 provides for payment of certain eligible radiation exposure claims.

Section 123 changes the name of the National Prison Rape Reduction Commission to the National Prison Rape Elimination Commission.

Section 124 establishes the 9/11 Heroes Medal of Valor.

Section 125 provides for the transfer of certain land to the Secretary of the Army.

Section 126 establishes an Office of Justice for Victims of Overseas Terrorism, as recommended by the Koby Mandell Act of 2003, to ensure that the investigation and prosecution of deaths of American citizens overseas are a high priority within the Department of Justice. The Office shall create a Joint Agency Task Force consisting of Department of Justice and Department of State personnel to be activated in the event of a terrorist incident against American citizens overseas.

TITLE II—DEPARTMENT OF COMMERCE AND RELATED AGENCIES

TRADE AND INFRASTRUCTURE DEVELOPMENT

RELATED AGENCIES

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

SALARIES AND EXPENSES

The conference agreement includes \$41,552,000 for the Office of the United States Trade Representative (USTR) for fiscal year 2005, as proposed by both the House and Senate.

The conference agreement adopts, by reference, language proposed by the House regarding the United States trade deficit with other nations, reporting requirements, and international standards.

The conferees expect the USTR to make use of all available mechanisms, including the safeguards delineated under the Trade Act of 1974, specifically Sections 301 and 421, to address the disruptions resulting from trade with the People's Republic of China.

The conference agreement includes language proposed by the Senate regarding the establishment and the responsibilities of a Chief Negotiator for Intellectual Property Enforcement.

The conference agreement continues language from the prior year regarding certain trade negotiations to be conducted within the World Trade Organization, as proposed by the Senate.

NATIONAL INTELLECTUAL PROPERTY LAW ENFORCEMENT COORDINATION COUNCIL

The conference agreement includes \$2,000,000 for the National Intellectual Property Law Enforcement Coordination Council (NIPLECC), instead of \$20,000,000 as proposed by the Senate.

The conference agreement adopts by reference Senate report language regarding the mission of the NIPLECC and the creation of a Coordinator for International Intellectual Property Enforcement to head this Council.

INTERNATIONAL TRADE COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$61,700,000 as proposed by both the House and Senate for the International Trade Commission for fiscal year 2005.

DEPARTMENT OF COMMERCE
INTERNATIONAL TRADE ADMINISTRATION
OPERATIONS AND ADMINISTRATION

The conference agreement includes \$401,513,000 in total resources for the programs of the International Trade Administration (ITA) for fiscal year 2005, of which \$8,000,000 is to be derived from fee collections, as proposed by both the Senate and House.

Manufacturing and Services.—Of the amounts provided under this heading, the conference agreement includes \$10,000,000 for the National Textile Center, \$3,000,000 for Textile/Clothing Technology Corporation, \$500,000 for Kansas City Smart Port, and \$500,000 for the continuation of the international competitiveness program.

Market Access and Compliance.—Of the amounts provided under this heading, sufficient funding is provided to continue the BISNIS program.

Import Administration.—The conferees direct the Department to ensure that in cases regarding non-market economies, the surrogates are carefully selected. For those alleged dumping cases, the Department should clearly distinguish the fundamental differences in production processes and rely upon all credible expert information (including economic modeling and industry-based cost comparisons) in determining whether the financials of a surrogate realistically reflect costs. The conferees note that in chemical cases, as well as other cases, producers of identical products may not be the most reliable surrogate if they are distinctly different in size or production process. The conferees direct the Department to select the surrogates that most accurately reflect actual costs.

United States and Foreign Commercial Service.—Of the amounts provided under this heading, the conferees direct that overseas position levels dedicated to the Baltics will remain at fiscal year 2004 levels.

The conferees expect the Department to continue to fully participate in and contribute to the Clean Energy Technology Exports Initiative, a nine-agency approach to help open international markets and aid in the export of a range of United States clean energy technologies.

The conference agreement adopts, by reference, language regarding the Appalachian-Turkish Trade Project as proposed by the Senate.

The conferees direct the Secretary of Commerce to report back to the Committees on Appropriations, no later than January 20, 2005, on the trade and U.S. employment impact of the currency valuation of our trading partners including China, Japan, Vietnam, South Korea, Taiwan, the Ukraine, and Indonesia.

The conference agreement includes bill language designating the amounts available for each unit within ITA. The conferees remind ITA that any deviation from the funding distribution provided in the bill and report, including carryover balances, is subject to reprogramming procedures set forth in section 605 of this Act. In addition, ITA is directed to submit to the Committees on Appropriations, not later than 60 days after the enactment of this Act,

a spending plan for all ITA units that incorporates any carryover balances from prior fiscal years.

The conference agreement adopts, by reference, language as proposed by the Senate under the heading of World Trade Organization. The conference agreement adopts, by reference, language as proposed by the House concerning imports of polyester fibers from Korea, Channa micropeltes also known as Snakehead fish, staffing for market access compliance, establishment of a dispute settlement mechanism, report on right-sizing methodology, human rights training, spending plan, trade missions, foreign currency valuation, Caribbean Basin, Global Diversity, the rural export program, and travel expenditures.

The conference agreement includes \$500,000 for the Rural Export Initiative for fiscal year 2005, and directs the ITA to work with the West Virginia High Technology Consortium Foundation. Further, the conferees expect the previously provided \$500,000 for the Rural Export Initiative's National Technology Transfer Center to be awarded or otherwise made available to the West Virginia High Technology Consortium Foundation.

The conference agreement includes report language as proposed by the House regarding the Office of Trade and Economic Analysis (OTEA). The conference agreement includes up to \$3,000,000 for this purpose.

The conference agreement includes, by reference, report language as proposed by the House regarding jobs in food manufacturing (including confectionery) and the submission of a certain report.

The conferees direct the Secretary of Commerce to take all necessary steps to ensure that American business interests are represented in international standards negotiations, including those concerning digital telecommunications. The conferees continue to direct that ITA collaborate with NIST, the USTR, and the State Department to reduce trade barriers to U.S. business exports. The conferees direct the Secretary to report to the Committees on Appropriations regarding the steps taken to ensure these goals are met and what obstacles are impeding the conferees' intended results. This report should include proposals to transfer existing ITA and NIST personnel on a temporary or permanent basis to certain international organizations.

Executive Direction.—The conferees are concerned regarding the accuracy and timeliness of information presented to the Committees on Appropriations, specifically data regarding financial and human capital. The conferees urge the Secretary to address the conferees' concerns.

Language is included regarding a certain international trade study.

BUREAU OF INDUSTRY AND SECURITY

OPERATIONS AND ADMINISTRATION

The conference agreement includes a total operating level of \$68,393,000 for the operations and administration of the Bureau of Industry and Security (BIS), as proposed by the House, instead of \$70,872,000, as proposed by the Senate.

The conference agreement adopts, by reference, Senate report language regarding a certain report.

ECONOMIC DEVELOPMENT ADMINISTRATION

ECONOMIC DEVELOPMENT ASSISTANCE PROGRAMS

The conference agreement includes \$257,423,000 for Economic Development Assistance (EDA) Programs. The conferees direct EDA to continue traditional programs to provide needed assistance to communities struggling with long-term economic dislocation, as well as sudden and severe economic dislocation. Of the amounts provided, \$166,593,000 is for Public Works and Economic Development; \$45,400,000 is for Economic Adjustment Assistance; \$24,500,000 is for planning; \$8,435,000 is for technical assistance, including university centers; \$12,000,000 is for trade adjustment assistance; and \$495,000 is for research.

The conference agreement adopts, by reference, language proposed by the House regarding coal and timber industry downturns, and assistance to applicants and requirements for applicants. The conference agreement adopts, by reference, Senate language regarding the economic downturns including the timber, steel, and coal industries, United States-Canadian trade-related issues, communities in New England, the mid-Atlantic, Hawaii, and Alaska impacted by fisheries regulations, and communities in the southeast impacted by downturns due to the North American Free Trade Agreement.

SALARIES AND EXPENSES

The conference agreement includes \$30,483,000 for the salaries and expenses of the Economic Development Administration, instead of \$30,565,000 as proposed by the House, and \$30,400,000 as proposed by the Senate.

The conference agreement adopts, by reference, House language regarding efforts to maximize the operating funding level, a special headquarters reserve fund, and requirements for reorganization proposals.

MINORITY BUSINESS DEVELOPMENT AGENCY

MINORITY BUSINESS DEVELOPMENT

The conference agreement includes \$29,899,000 for the Minority Business Development Agency for fiscal year 2005, instead of \$31,555,000 as proposed by the Senate, and \$28,899,000 as proposed by the House. The conference agreement adopts, by reference, House language regarding the Entrepreneurial Technology Apprenticeship Program.

The conference agreement adopts, by reference, Senate language regarding the Initiative on Asian Americans and Pacific Islanders. The conferees continue to support the Office of Native American Business Development.

ECONOMIC AND INFORMATION INFRASTRUCTURE

ECONOMIC AND STATISTICAL ANALYSIS

SALARIES AND EXPENSES

The conference agreement includes \$80,000,000 for the economic and statistical analysis programs of the Department of Commerce, including the Bureau of Economic Analysis (BEA), for fiscal year 2005, instead of \$78,211,000 as proposed by the House, and \$81,764,000 as proposed by the Senate.

The BEA has received programmatic increases over the past four years to ensure that policy makers have access to more accurate and timely economic data.

Language is included regarding a grant to the National Academy of Public Administration to conduct a comprehensive study on the effects of off-shoring on the U.S. workforce and economy. Sub-contracts should be awarded as necessary. Information and opinion should be collected from stakeholders in business, education, and government, as well as professional associations and employee organizations.

BUREAU OF THE CENSUS

The conference agreement includes a total operating level of \$754,881,000 for the Bureau of the Census, instead of \$773,881,000 as proposed by the House, and \$605,768,000 as proposed by the Senate.

SALARIES AND EXPENSES

The conference agreement includes \$198,765,000 for the salaries and expenses of the Bureau of the Census for fiscal year 2005, instead of \$174,304,000 as proposed by the Senate, and \$202,765,000 as proposed by the House.

The conference agreement adopts, by reference, House report language regarding the highest priority core activities, reimbursement, the monthly Export-Import and Trade Balance statistics on a North American Industry Classification System (NAICS) basis, and the Advanced Technology Trade Imports, Exports, and Net Balance By Country, domestic stock production, and other key reports.

PERIODIC CENSUSES AND PROGRAMS

The conference agreement includes a total of \$556,116,000 for all periodic censuses and related programs in fiscal year 2005, instead of \$571,116,000 as proposed by the House, and \$431,464,000 as proposed by the Senate. Of the amounts provided, \$146,009,000 is provided for the American Community Survey, and \$82,310,000 is for the Master Address File/Topologically Integrated Geographic Encoding and Referencing (MAF/TIGER) system. The conferees expect to be kept apprised on a monthly basis on the expenditure of these funds.

The conference agreement includes language regarding the collection of data on race identification.

NATIONAL TELECOMMUNICATIONS AND INFORMATION
ADMINISTRATION

The conference agreement includes a total of \$39,202,000 for the National Telecommunications and Information Administration (NTIA), instead of \$17,820,000 as proposed by the House and \$58,194,000 as proposed by the Senate.

SALARIES AND EXPENSES

The conference agreement includes \$17,433,000 for the Salaries and Expenses appropriation of the NTIA, instead of \$15,282,000 as proposed by the House, and \$21,583,000 as proposed by the Senate.

The conference agreement adopts, by reference, language proposed by the House regarding the maximization of the operating level and reimbursements.

PUBLIC TELECOMMUNICATIONS FACILITIES, PLANNING AND
CONSTRUCTION

The conference agreement includes \$21,769,000, the same amount as in the Senate, instead of \$2,538,000 as proposed by the House.

INFORMATION INFRASTRUCTURE GRANTS

The conference agreement includes language allowing recoveries and balances to be used for administration of open grants as proposed by the House. The Senate proposed an appropriation of \$14,842,000.

UNITED STATES PATENT AND TRADEMARK OFFICE

SALARIES AND EXPENSES

The conference agreement includes \$1,544,754,000 for the United States Patent and Trademark Office (USPTO) for fiscal year 2005, the same as proposed by the Senate, and \$1,523,407,000 as proposed by the House.

The conference agreement includes language restricting certain travel payments and language designating full-time equivalents and funding for certain functions.

The conference agreement adopts, by reference, language proposed by the House regarding the National Inventor's Hall of Fame and Inventure Place and the International Intellectual Property Institute.

The conference agreement adopts, by reference, language proposed by the Senate regarding the Whittimore School of Business for an intellectual property rights pilot project.

The conference agreement includes \$20,000,000 for USPTO's efforts to combat piracy and counterfeiting overseas, as proposed in the Senate report.

The conferees remind the PTO that any changes from the funding distribution provided in the bill and report including carry-over balances are subject to the reprogramming procedures set forth in section 605 of this Act.

In addition, PTO is directed to submit to the Committees on Appropriations, not later than three months after the enactment of this Act, a spending plan, which incorporates any carryover balances from previous fiscal years and any increases to the patent or trademark fee structure.

SCIENCE AND TECHNOLOGY

TECHNOLOGY ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$6,547,000 for necessary expenses of the Under Secretary for Technology Policy and the Office of Technology Policy, as proposed by the House, instead of \$6,407,000 as proposed by the Senate.

The conference agreement includes \$200,000 for the World Congress on Information Technology.

NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY

The conference agreement includes \$708,692,000 for the National Institute of Standards and Technology (NIST) for fiscal year 2005, instead of \$524,970,000 as proposed by the House, and \$784,963,000 as proposed by the Senate.

SCIENTIFIC AND TECHNICAL RESEARCH AND SERVICES

The conference agreement includes \$383,892,000 for the Scientific and Technical Research and Services (core programs) of the NIST, as proposed by the Senate, instead of \$375,838,000 as proposed by the House. Of the funds made available, \$2,900,000 is provided for transfer to the NIST Working Capital Fund.

[In thousands of dollars]

	<i>Committee recommendation</i>
Electronics and Electrical Engineering	\$49,590
Manufacturing Engineering	23,779
Chemical Science and Technology	43,951
Physics	41,796
Materials Science and Engineering	60,897
Building and Fire Research	21,779
Computer Science and Applied Mathematics	63,820
Technology Assistance	15,592
National Quality Program	5,465
Research Support Activities	57,223
	<hr/>
Total, STRS	383,892

Within the funds made available for Electronics and Electrical Engineering, \$4,000,000 is provided for the Office of Law Enforcement Standards (OLEs) to fund the highest priority homeland security research projects. Projects managed by OLES are to be coordinated with the Department of Justice and the Department of Homeland Security. In addition, \$1,000,000 is for a nanoelectronics initiative to support the development of semiconductor technologies.

Within the funds made available for Manufacturing Engineering, \$2,000,000 is for the nanomanufacturing initiative enabling

critical infrastructural measurements and standards for the developing nanotechnology industry.

Within the funds made available for Physics, \$3,000,000 is for quantum computing. The conference agreement adopts language, as proposed by the Senate, regarding support of NIST's Nobel Laureates' efforts.

Within the funds made available for Materials Science and Engineering, \$6,000,000 is provided for upgrades to the National Center for Neutron Research in order to meet the increasing demand for this national scientific resource.

Within the funds made available for Building and Fire Research, \$2,000,000 is for measurements and standards for advanced fire fighting technologies. Numerous innovative technologies are becoming available for the Nation's fire departments. Unfortunately, there are few standard test methods able to assess the performance of these instruments.

Within the funds made available for Computer Science and Applied Mathematics, \$500,000 is for NIST's efforts in support of the Technical Guidelines Development Committee, as established under the Help America Vote Act, Public Law 107-252. Additionally, the conferees recognize the need to continue support of the US-VISIT program and other biometric programs of the Departments of State and Justice and have provided \$2,000,000 to allow for NIST to begin testing the accuracy of multimodal systems, develop guidelines for testing fingerprint segmentation methods, and determining the influence of multiple images on the accuracy of facial biometrics.

The Nation's critical infrastructure continues to be at risk due to inadequate security, which is subject to exploitation, including the critical systems of the Federal Government. The Congress has designated the Computer Security Division as having the authority and responsibility of developing Federal standards, security guidelines, security checklists and associated methods and techniques for securing information systems, specifically Federal non-classified systems. These responsibilities are derived from the Federal Information Security Management Act and the Cyber Security Research and Development Act. The conference agreement includes \$10,000,000 to develop the standards, guidelines, security specifications, testing methods, checklists, and testing and scanning tools necessary to protect the Nation's cyberspace.

Within the funding for Research Support, an increase of \$3,000,000 is provided to the Competence program and \$10,050,000 is provided for Business Systems. The recommendation continues funding of \$2,400,000 for a telework project and \$6,500,000 for a critical infrastructure program, both of which received similar funding in fiscal year 2004.

Chemical Science and Technology Study.—The conferees understand that the current methods of bulk asbestos analysis were designed to segregate commercial asbestos products containing more than 1 percent asbestos and may be inadequate for determining low concentrations of asbestos that occur in the natural environment. The conferees are aware of private-sector interest in developing a mass-based method that is accurate to the 0.1–1 WT percent levels and which will segregate asbestos from non-asbestos

particles on mine-grade samples of amphiboles and a method for distinguishing asbestos and non-asbestos particles in airborne filter samples. The conferees direct NIST to provide to the Committees on Appropriations in both the House and Senate, not later than January 31, 2005, a determination on whether developing such a methodology is necessary and, if so, the process, cost, and timetable for developing this methodology.

INDUSTRIAL TECHNOLOGY SERVICES

The conference agreement includes \$251,300,000 for the Industrial Technology Services appropriation of the National Institute of Standards and Technology, instead of \$106,000,000 as proposed by the House, and \$315,000,000 as proposed by the Senate.

Manufacturing Extension Partnership program (MEP).—The conference agreement includes \$109,000,000 to fully fund all MEP centers. The conference agreement includes bill language prohibiting the Secretary of Commerce from recompeting any existing Manufacturing Extension Partnership Center prior to 2007. Federal support for the MEP program, combined with State and private sector funding, has translated into more jobs, more tax revenue, more exports, and a more secure supply source of consumer and defense goods. The MEP program is an economical and prudent means of assisting small manufacturers that want to remain in the United States, continue to hire American workers, and stay competitive in the global market place. Of the amounts provided, \$3,000,000 is to ensure small and rural States receive necessary manufacturing assistance and services. The conferees have reviewed the Department of Commerce's report entitled, "Manufacturing in America" and its recommendations. The conferees do not support the report's recommendation to reorganize the MEP program around a regional approach. The conferees recognize that the original concept of 12 regional centers for MEP is not the best model to address the needs of small and medium-sized manufacturers. The conferees support MEP's expansion in order to equalize services to all types of manufacturers across the country. The conferees direct the Secretary of Commerce to provide the necessary coverage for small and medium-sized manufacturers. In addition, the conferees are concerned about the ability of small and rural States to provide adequate 'matching' funds. The conferees direct MEP to develop a program, which will provide additional assistance to small and rural States and report back to the Committees on Appropriations by April 15, 2005, with an implementation plan.

The conference agreement includes a new provision naming the Manufacturing Extension Partnership Centers the Hollings Centers.

The conference agreement adopts, by reference, language in the House report regarding the requirements for applicants seeking assistance.

Advanced Technology Program.—The conference agreement provides an appropriation of \$142,300,000 for the Advanced Technology Program (ATP), instead of \$203,000,000 as proposed by the Senate and no funding as proposed by the House. The conference agreement does not adopt bill language providing specific funding for new awards as proposed by the Senate.

CONSTRUCTION OF RESEARCH FACILITIES

The conference agreement includes \$73,500,000 for the construction and major renovations of the NIST campuses at Boulder, Colorado, and Gaithersburg, Maryland.

The conferees provide \$23,000,000 for safety, capacity, maintenance, and major repairs, and \$7,000,000 for the central utility plant upgrades for the Boulder, Colorado, facility.

NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION

The conference agreement includes a total of \$3,940,000,000 for the National Oceanic and Atmospheric Administration (NOAA), instead of \$3,158,000,000 as proposed by the House and \$4,141,793,000 as proposed by the Senate. The conference agreement includes funding under the same account structure as in previous years as proposed by the House, instead of unifying the two main accounts as proposed by the Senate.

OPERATIONS, RESEARCH, AND FACILITIES

(INCLUDING TRANSFERS OF FUNDS)

The conference agreement includes total funding of \$2,872,065,000, instead of \$2,324,000,000 as proposed by the House. The Senate bill included \$4,109,646,000 under a new "Operations, Research, Facilities, and Systems Acquisition" account which included funding for activities under this account. Of the amount provided, \$65,000,000 is from balances in the account entitled, "Promote and Develop Fishery Products and Research Pertaining to American Fisheries", instead of \$79,000,000 as proposed by the House, and \$57,000,000 as proposed by the Senate. The net appropriation from the General Fund is \$2,804,065,000.

Language is included prohibiting any general administrative charge against an assigned activity in this Act or the accompanying report. An exception is provided to facilitate the modernization of NOAA's grant systems. The conferees endorse the language in the Senate report emphasizing the need to expedite financial assistance to grantees.

Language is also included capping the amount provided for corporate services administrative support at \$171,530,000, and capping the amount available to the Department of Commerce Working Capital Fund at \$39,500,000.

The conference agreement stipulates that any deviation from the amounts designated for specific activities in the report accompanying this Act shall be subject to the procedures set forth in section 605 of this Act.

The conference agreement includes, by reference, language in the House report regarding the submission of a report on amounts planned for line office personnel and overhead, and a report on positions, full-time equivalents, and salary-related costs for each line office.

The conferees support the intent of the Senate report language connecting the NOAA budget with the agency's strategic plan and goals. However, the conferees were surprised to learn through NOAA's appeal in response to the Senate bill that the agency is un-

able to track its funds or execute its budget in alignment with its strategic goals. Accordingly, the language proposed by the Senate has not been adopted. The conferees have, however, provided a crosswalk for appropriated amounts between strategic goals and line offices in the financial tables included in this statement.

The following table identifies the activities, sub-activities, and projects funded in this appropriation:

ALL	NOAA-WIDE	2,500

NOAA OCEANS AND COASTS/NATIONAL OCEAN SERVICE

The conference agreement includes a total of \$548,788,000 for activities of the National Ocean Service (NOS). The conference agreement adopts, by reference, language in the House report on the hydrographic survey backlog, and on the strategy for the use of private mapping services. The conference agreement adopts, by reference, language in the Senate report regarding NOAA's Integrated Coastal Ocean Observing System, including the important contributions of the National Data Buoy Center and the National Center for Environmental Prediction (NCEP) Environmental Modeling Center.

The conferees agree that amounts provided to address the hydrographic survey backlog on the line items "North Pacific Maritime Boundary Line", "Gulf of Alaska" and "North Pacific" may be used to contract for hydrographic services in Alaska in areas defined as "navigationally significant" in the current edition of the NOAA Hydrographic Survey Priorities.

The conference agreement includes funding for NOAA to consult with and provide assistance to the Departments of Defense and Interior and the Environmental Protection Agency in carrying out their responsibilities in cleaning up Vieques, Puerto Rico.

The conference agreement for the Marine Sanctuary Program includes \$2,000,000 for the conservation of artifacts related to the USS MONITOR, including the vessel's turret and engine. These funds are provided for that grant in addition to the amounts currently provided for public education, the housing of MONITOR archives, and artifact conservation. The conferees expect that MONITOR exhibits will reference any support provided by NOAA and the Marine Sanctuary Program. The conference agreement for the Marine Sanctuary Program also includes \$500,000 to be used for international marine sanctuary and reserve issues, including, but not limited to, the work with the Galapagos Islands Marine Reserve. The conferees expect funds will be allocated, from within amounts provided for the Marine Sanctuary program, for conservation activities at the Monterey Bay National Marine Sanctuary Exploration Center.

The conference agreement adopts, by reference, report language regarding Pier Romeo and a Memorandum of Understanding between the NOS Assistant Administrator and other Federal agencies as proposed by the Senate.

NOAA FISHERIES/NATIONAL MARINE FISHERIES SERVICE

The conference agreement includes \$674,199,000 for the operations of the National Marine Fisheries Service (NMFS).

The conference agreement adopts, by reference, language proposed by the House regarding continuation of funding for implementation of a West Coast in-season harvest data collection system. The conference agreement also includes, by reference, language in the House report regarding the development of forensic tools, the protection of consumers from bacteria in raw molluscan shellfish, and the continuation of funding for the Gulf and Atlantic Foundation for education programs regarding *Vibrio vulnificus*.

The conference agreement includes additional funding for marine mammal activities, as proposed by the Senate. Of the funding provided for Dolphin Encirclement, NMFS is directed to dedicate funding and efforts on revising downward its definition of a vessel that is not capable of setting on or encircling dolphins to reflect the fact that vessels smaller than 400 short tons are known to engage in this practice.

The conference agreement adopts, by reference, language proposed by the Senate under the heading Native Hawaiian Observer Program.

Within funds provided for Habitat Conservation, the conferees encourage NOAA to work with the Ocean Resources Enhancement and Hatchery Program in California, if warranted, and to support the program's efforts to evaluate the effectiveness of marine replenishment.

The conference agreement includes funding for maintenance, operations, and lease costs of all NMFS labs. The conference agreement includes, by reference, language in the House report regarding future NMFS base budget requests.

The conferees urge NOAA to continue support for Virginia Trawl Survey activities.

NOAA RESEARCH/OCEANIC AND ATMOSPHERIC RESEARCH

The conference agreement includes \$409,278,000 for the Oceanic and Atmospheric Research (OAR) line office.

The conference agreement adopts, by reference, language in the House report on ballast water exchange programs; forecasting models for beach closings; coordination of efforts to protect the Great Lakes, including a report on mercury contamination; and responding to the report of the Research Review Team.

The conferees reject the proposed reductions in the budget request to continue activities at the fiscal year 2004 level for paleoclimate and abrupt climate change research; for social science research related to climate variability, including the human dimensions of climate change; and for educational outreach.

Funding is included in the Climate Research account for Joint and Cooperative Institutes for the institutes to continue their work at fiscal year 2004 levels. The conferees direct NOAA to fund all Joint Institutes on a fully annualized basis for fiscal year 2005.

The conference agreement adopts, by reference, language regarding the Economic Development Alliance of Hawaii, and language regarding the Hawaii Marine Invasives Program, as proposed by the Senate under the National Marine Fisheries Service.

The conference agreement adopts, by reference, language in the Senate report regarding the distribution of funds for the Ocean Exploration Program and the National Undersea Research Program (NURP), including the participation in the Ocean Exploration Program.

NOAA NATIONAL WEATHER SERVICE

The conference agreement includes \$710,796,000 for the operations of the National Weather Service (NWS).

The conference agreement adopts, by reference, language in the House report on weather radio coverage in certain locations.

The conferees agree that the amount provided for Air Quality Forecasting includes \$750,000 for efforts to establish air quality and meteorological monitoring equipment throughout the Shenandoah Valley as described in the House report.

The conference agreement includes funding for the Susquehanna River basin flood system within funding for Advanced Hydrological Prediction Services.

The conferees urge NOAA and NWS to take maximum advantage of capabilities and services that already exist in the commercial sector to eliminate duplication and maximize the accomplishment of the core mission of the NWS.

The conference agreement adopts, by reference, language regarding the weather radar and office in Williston, ND, as proposed by the Senate.

NOAA SATELLITES/NATIONAL ENVIRONMENTAL SATELLITE, DATA, AND INFORMATION SERVICE

The conference agreement includes \$178,319,000 for the operational and research and development programs of the National Environmental Satellite, Data, and Information Service (NESDIS).

Data Dissemination.—The conferees are concerned that with the significant increase in oceanographic and environmental data collection in Hawaii and the American Flag Territories, including the Northwestern Hawaiian Islands, NOAA continues to have inadequate capacity to provide timely data and services to the region. The conferees urge NOAA to enhance its Pacific Ocean and environmental data services and specifically encourage NOAA to incorporate the ongoing data management and archival activities at the University of Hawaii's Asia-Pacific Data Research Center (APDRC) as a critical component of an NOAA Pacific Ocean and Environment Information Center.

NOAA-WIDE PROGRAM SUPPORT

The conference agreement includes \$348,185,000 for Program Support.

The conference agreement adopts, by reference, language in the Senate report regarding the NOAA Education Initiative. The agreement includes \$6,500,000 for the Office of Education and new initiatives to improve K–12 environmental, science and math outreach and education. Of this amount, \$100,000 is provided to replicate the successful “Science on a Sphere” environmental education technology display at the John C. Stennis Space Center's Infinity Center facility. The conferees have shifted funding for a number of specific educational programs to the NOAA-wide program support area. As in past years, the BWET Hawaii program is to be managed by the Pacific Coastal Services Center. The amounts under the NOAA Ocean Exploration Program provided under NOAA Research include \$1,500,000 to support the Sea Research Foundation's Immersion Project as described in the Senate report.

The conference agreement adopts, by reference, Senate report language regarding modernization of NOAA's infrastructure, including the fleet of vessels and aircraft, and the fleet modernization plan. The referenced plan should also provide a breakdown by geographic region, including the Western Pacific. Within the marine

services activity, \$15,350,000 is provided to ensure the full-year operation of the NOAA vessels OSCAR DYSON, FAIRWEATHER, NANCY FOSTER, and HIALAKAI, at standard operating tempos. The amounts within fleet planning and maintenance include \$2,000,000 for these same vessels. The conference agreement includes \$1,000,000 for staffing, training and planning for the newly dedicated NOAA ocean exploration vessel. The conference agreement also includes an increase of \$2,100,000 above the budget request, and above the House and Senate bills, to offset fuel price increases for all NOAA ships and aircraft.

The conferees agree that, within the amount provided for Marine Services, NOAA shall take the necessary actions to convey a decommissioned NOAA ship in operable condition to the Utrok Atoll local government as authorized by Public Law 108-219.

Of the amounts provided for Facilities, \$200,000 shall be used for completion of the Santa Cruz Laboratory sea water system.

PLANNING AND PROGRAM INTEGRATION

The conference agreement includes \$2,500,000 for Planning and Program Integration.

PROCUREMENT, ACQUISITION AND CONSTRUCTION

The conference agreement includes \$1,053,436,000 under this heading instead of \$840,000,000 as proposed by the House. The Senate bill included funding for these activities under the "Operations, Research, Facilities, and Systems Acquisition" account. The conference agreement makes funding available for three fiscal years with exceptions for certain construction activities.

The conference agreement includes language clarifying procurement authorities related to the National Polar-Orbiting Operational Environmental Satellite System.

Of the amount provided for Maryland Chesapeake Bay Coastal and Estuarine Land Conservation projects, \$1,000,000 is for Wapiti Farms and \$300,000 is for Holly Grove.

The conference agreement adopts, by reference, language regarding land acquisition and construction, including Section 2 (Fish & Wildlife Coordination Act), as proposed by the Senate.

The conference agreement includes language proposed by the Senate requiring the submission of multi-year program cost estimates for each NOAA procurement, acquisition and construction program having a total multi-year cost of more than \$5,000,000.

The conference agreement includes \$2,400,000 for acoustic quieting, outfitting and improvements for the OSCAR DYSON. The conferees understand that NOAA's first acoustically quiet fisheries research vessel is not meeting its design specifications. The conferees are concerned about NOAA's inability to adequately address this key design element within the original project budget and schedule. The conferees agree that NOAA shall submit a report to the Committees by January 1, 2005, addressing quieting issues in fisheries research vessels, including other vessels in the design and construction phase.

The conference agreement includes \$34,000,000 to complete funding for the construction of the third NOAA Fisheries Research Vessel; \$5,600,000 for initial procurement of the fourth NOAA

Fisheries Research Vessel which will be homeported on the West Coast; and \$9,300,000 to complete funding for the SWATH hydrographic vessel.

The following distribution reflects the activities funded within this account:

PACIFIC COASTAL SALMON RECOVERY

The conference agreement provides \$90,000,000 for Pacific Coastal Salmon Recovery, instead of \$80,000,000 as proposed by the House and \$99,000,000 as proposed by the Senate. Language is included extending authorization for this program in fiscal year 2005 and authorizing participation by the State of Idaho.

Funds provided under this heading shall be allocated as follows: \$24,000,000 for Alaska; \$13,000,000 for California; \$2,500,000 for Columbia River Tribes; \$4,500,000 for Idaho; \$13,000,000 for Oregon; \$8,000,000 for Pacific Coast Tribes; and \$25,000,000 for Washington.

With respect to the amounts for Alaska, the conferences agree to the following allocation: \$3,500,000 is for the Arctic Yukon-Kuskokwim Sustainable Salmon initiative; \$1,000,000 is for the Cook Inlet Fishing Community Assistance Program; \$500,000 is for the Yukon River Drainage Association; \$3,368,000 is for Fairbanks hatchery facilities; \$250,000 is for an initiative to redefine optimum goals for sockeye, chinook, and coho stocks; \$2,500,000 is for the NSRAA Hatchery; \$500,000 is for Coffman Cove king salmon; \$250,000 is for the State of Alaska to participate in discussions regarding the Columbia River hydro-system and for fisheries revitalization; \$100,000 is for the United Fishermen of Alaska's subsistence program; \$3,500,000 is to restore salmon fisheries in Anchorage at Ship Creek, Chester Creek, and Campbell Creek, including habitat restoration and facilities; \$500,000 is for Alaska Village Initiatives to enhance salmon stocks; \$800,000 is for Bristol Bay Science and Research Institute; \$1,100,000 is for the Alaska Fisheries Development Foundation; \$150,000 is for the State of Alaska for fishing rationalization research; \$1,500,000 is for the State of Alaska for fisheries monitoring; \$1,500,000 is for the Alaska SeaLife Center to restore salmon runs in Resurrection Bay; \$500,000 is for the southeast Revitalization Association for its fleet stabilization program; \$1,000,000 is for the Kenai River; and \$200,000 is to restore the Craig watershed.

Of the amounts provided to the State of Washington, \$3,500,000 is for the Washington State Department of Natural Resources and other State and Federal agencies for purposes of implementing the State of Washington's Forest and Fish report, and \$3,000,000 is for the purchase of mass marking equipment used at Federal hatcheries in Washington State to promote selective fisheries and protect threatened and endangered species.

Of the amounts provided to the State of Oregon, \$1,000,000 is for conservation mass marking at the Columbia River Hatcheries.

The conferees agree that NOAA shall report to the Committees by March 31, 2005, on final performance measures for this program, including an assessment of cumulative program effects on Pacific salmon stocks, and the identification of recovery needs of specific salmon populations as a resource for determining future funding allocations.

COASTAL ZONE MANAGEMENT FUND

The conference agreement includes language allowing the transfer of up to \$3,000,000 to the "Operations, Research, and Fa-

ilities” account for the costs of implementing the Coastal Zone Management Act, as proposed by the Senate.

FISHERMEN’S CONTINGENCY FUND

The conference agreement includes \$499,000 for the Fishermen’s Contingency Fund, instead of no funding as proposed by the House and \$956,000 as proposed by the Senate.

FISHERIES FINANCE PROGRAM ACCOUNT

The conference agreement includes language proposed by the Senate providing \$287,000 to subsidize up to \$5,000,000 for Individual Fishing Quota loans and up to \$59,000,000 for fishing capacity reduction loans, of which \$40,000,000 may be used for the United States distant water tuna fleet, and \$19,000,000 may be used for the United States menhaden fishery.

OTHER

DEPARTMENTAL MANAGEMENT

SALARIES AND EXPENSES

The conference agreement includes \$48,109,000 for costs related to managing the Department of Commerce, instead of \$52,109,000 as proposed in the House, and \$55,550,000 as proposed in the Senate. The conference agreement includes \$1,621,000 and 12 full-time equivalents for the legislative affairs function of the Department.

The conference agreement includes, by reference, language proposed in the House report regarding the security upgrades to the Herbert C. Hoover building, and language regarding office relocations.

The conferees direct the Secretary of Commerce, in cooperation with the Secretaries of Energy and Labor, to examine and prepare a study on the economic impacts of rising natural gas prices on energy-intensive industries overseas. The conferees expect a report to be provided to the Committees on Appropriations no later than 120 days after the enactment of this Act.

UNITED STATES TRAVEL AND TOURISM PROMOTION

The conference agreement includes \$10,000,000 for the United States Travel and Tourism Promotion program, instead of \$20,000,000 as proposed by the Senate. The House did not include funding for this purpose.

OFFICE OF INSPECTOR GENERAL

The conference agreement includes \$21,660,000 for the Inspector General for fiscal year 2005, instead of \$22,249,000 as proposed by the House and \$21,071,000 as proposed by the Senate.

GENERAL PROVISIONS—DEPARTMENT OF COMMERCE

The conference agreement includes the following general provisions for the Department of Commerce:

Section 201 making Department of Commerce funds available for advanced payments only upon certification of officials designated by the Secretary that such payments are considered to be in the public interest.

Section 202 making appropriations for the Department for Salaries and Expenses available for hire of passenger motor vehicles, and for services, uniforms and allowances as authorized by law.

Section 203 providing the authority to transfer funds between Department of Commerce appropriation accounts and requiring notification to the Committees of certain actions.

Section 204 providing that any costs incurred by the Department in response to funding reductions shall be absorbed within total budgetary resources available.

Section 205 prohibiting the use of Commerce Department funds for the purpose of reimbursing the Unemployment Trust Fund or any other account of the Treasury to pay unemployment compensation for temporary census workers.

Section 206 designating amounts available in the "Promote and Develop Fishery Products and Research Pertaining to American Fisheries" fund and including language to provide authorities for a certain Board.

Section 207 authorizing the Secretary of Commerce to operate a marine laboratory.

Section 208 extending the availability of funds to administer the Emergency Steel Loan Guarantee Act of 1999.

Section 209 providing the authority and amounts to administer a certain fishing capacity reduction program.

Section 210 establishing the position of Coordinator for International Intellectual Property Enforcement.

Section 211 designating funds for certain projects.

Section 212 extending authorization for the environmental cleanup of the Pribilof Islands.

Section 213 making permanent the conservation and management of marine mammals in the State of Hawaii.

Section 214 establishing the Ernest F. Hollings Scholarship program.

Section 215 regarding a certain land transfer.

Section 216 regarding an ocean activities fund.

Section 217 regarding E-government initiatives.

Section 218 authorizing a fishing capacity reduction program.

Section 219 authorizing a fishing capacity reduction program.

Section 220 regarding a community development quota program.

Section 221 designating funding for a fishing capacity reduction program.

TITLE III—THE JUDICIARY

The conferees adopt by reference the Senate report language regarding budgetary constraints and reminding the Judiciary that it should comply with section 605 of this Act. The conferees also adopt by reference the House report language concerning fast track programs.

SUPREME COURT OF THE UNITED STATES

SALARIES AND EXPENSES

The conference agreement includes \$58,122,000 for the salaries and expenses of the Supreme Court, as proposed by the House and the Senate. The conferees adopt by reference House report language regarding public access to Supreme Court proceedings. The conferees also adopt by reference House and Senate report language regarding personnel and inflationary increases.

CARE OF THE BUILDING AND GROUNDS

The conference agreement includes \$9,979,000 for the Supreme Court "Care of the Building and Grounds" account, as proposed by the House, instead of \$10,579,000 as proposed by the Senate. The conference agreement is \$600,000 below the request because of the planned delay in renovating the Supreme Court's kitchen. The conference agreement adopts by reference the House report language concerning budget requests to renovate the Court.

UNITED STATES COURT OF APPEALS FOR THE FEDERAL CIRCUIT

SALARIES AND EXPENSES

The conference agreement includes \$21,780,000 for the United States Court of Appeals for the Federal Circuit, instead of \$20,624,000 as proposed by the Senate and \$22,936,000 as proposed by the House. The conferees adopt by reference Senate report language regarding funding for a Deputy Circuit Executive, a disaster recovery plan, and an independent security assessment.

Consistent with the budget request, the amount provided includes \$541,000 transferred from the Court Security appropriation for eight court security officers currently stationed at the Court of Appeals for the Federal Circuit. In addition, the conferees have become aware that the Federal Circuit relies on an annual reimbursement from the Courts of Appeals, District Courts, and Other Judicial Services, Salaries and Expenses account to cover certain costs associated with library operations. To eliminate the need for this reimbursement, the amount provided includes \$400,000 for library expenses that have previously been transferred from the Courts of Appeals, District Courts, and Other Judicial Services, Salaries and Expenses account.

UNITED STATES COURT OF INTERNATIONAL TRADE

SALARIES AND EXPENSES

The conference agreement includes \$14,888,000 for the U.S. Court of International Trade, as proposed by the House, instead of \$14,060,000 as proposed by the Senate.

COURTS OF APPEALS, DISTRICT COURTS, AND OTHER JUDICIAL SERVICES

SALARIES AND EXPENSES

The conference agreement provides \$4,177,244,000 for the salaries and expenses of the Courts of Appeals, District Courts, and

Other Judicial Services, as proposed by the House, instead of \$4,131,487,000 as proposed by the Senate. The amount provided assumes that Federal Protective Service charges are funded in the Court Security account.

Office of Probation and Pretrial Services.—The conferees adopt by reference the Senate report language on the Office of Probation and Pretrial Services in the Southern District of Florida.

The Edwin L. Nelson Local Initiative Program.—Within 30 days of enactment of this Act, the Administrative Office (AO) will report to the Committees on Appropriations the financial status of this program. This report, at a minimum, will include a list of all courts that have received grants to date, the reasons for the grants, and the amounts provided. Hereafter, the AO shall submit this information on a quarterly basis.

VACCINE INJURY COMPENSATION TRUST FUND

The conference agreement includes \$3,298,000 from the Vaccine Injury Compensation Trust Fund instead of \$3,471,000 as proposed by the House and \$3,159,000 as proposed by the Senate.

DEFENDER SERVICES

The conference agreement includes \$676,385,000 for the Federal Judiciary's Defender Services account, instead of \$676,469,000 as proposed by the House and \$648,116,000 as proposed by the Senate.

The conferees adopt by reference the Senate report language regarding an increase in the hourly rate for panel attorneys in capital cases and an increase in the case compensation maximum for panel attorneys in non-capital cases. The conferees also adopt by reference the Senate report language concerning training programs by the Federal Defender's Office in the Southern District of Florida.

The conference agreement includes section 119 supporting a pilot program with the Bureau of Prisons and the Federal Public Defender's Office in the Southern District of Florida. By October 15, 2005, the Defender's Office should report to the Committees on Appropriations on the cost savings achieved by this pilot program.

FEES OF JURORS AND COMMISSIONERS

The conference agreement includes \$61,535,000 for Fees of Jurors and Commissioners, instead of \$62,800,000 as proposed by the House and Senate. The conference agreement fully funds the Judiciary's latest estimate of needs for this account.

COURT SECURITY

The conference agreement includes \$332,000,000 for the Judiciary's Court Security Account, instead of \$379,580,000 as proposed by the House and \$274,653,000 as proposed by the Senate.

The conference agreement includes the transfer of the Federal Protective Service (FPS) charge from the Salaries and Expenses account to this account. The conferees understand that the FPS has not provided the Administrative Office (AO) of the U.S. Courts with a detailed justification to substantiate the 34 percent increase in FPS security costs assessed to the judiciary in fiscal year 2005, as

discussed in the Senate report. The conferees are unable to confirm the need for an increase, and therefore the conference agreement only provides \$58,000,000 for FPS security charges, which is the fiscal year 2004 payment plus an inflationary cost increase.

ADMINISTRATIVE OFFICE OF THE UNITED STATES COURTS

SALARIES AND EXPENSES

The conference agreement includes \$68,200,000 for the Administrative Office of the United States Courts (AOUSC) instead of \$68,635,000 as proposed by the House and \$67,249,000 as proposed by the Senate. The conferees adopt by reference the Senate report language concerning cost saving measures, new positions for program oversight, the Edwin L. Nelson Local Initiatives program, and requirements for reprogramming actions under section 605.

FEDERAL JUDICIAL CENTER

SALARIES AND EXPENSES

The conference agreement includes \$21,737,000 for salaries and expenses of the Federal Judicial Center as proposed by the House, instead of \$21,670,000 as proposed by the Senate.

JUDICIAL RETIREMENT FUNDS

PAYMENT TO JUDICIARY TRUST FUNDS

The conference agreement includes \$36,700,000 for payment to various judicial retirement funds, as proposed by the House and Senate.

UNITED STATES SENTENCING COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$13,304,000 for the U.S. Sentencing Commission, as proposed by the House instead of \$12,404,000 as proposed by the Senate.

GENERAL PROVISIONS—THE JUDICIARY

Section 301.—The conference agreement includes a provision allowing appropriations to be used for services as authorized by 5 U.S.C. 3109.

Section 302.—The conference agreement includes a provision related to the transfer of funds.

Section 303.—The conference agreement includes a provision allowing up to \$11,000 to be used for official representation expenses of the Judicial Conference of the United States.

Section 304.—The conference agreement includes a provision raising the compensation maximums for Criminal Justice Act panel attorneys.

Section 305.—The conference agreement includes a provision requiring the Administrative Office to submit an annual financial plan for the Judiciary.

Section 306.—The conference agreement includes a provision allowing for a salary adjustment for Justices and judges.

Section 307.—The conference agreement includes a provision changing the fee structure for district court filings.

Section 308.—The conference agreement includes a provision changing the Central Violations Bureau processing fees.

TITLE IV—DEPARTMENT OF STATE AND RELATED AGENCY

In total, the conference agreement includes \$8,882,787,000 for the Department of State and the Broadcasting Board of Governors. Of the total amount provided, \$8,750,187,000 is derived from general purpose discretionary funds and \$132,600,000 is scored as mandatory spending. This funding level includes significant program increases to improve diplomatic readiness and security. The conference agreement includes \$1,571,022,000 to continue worldwide security activities, including the design and construction of replacement facilities for the most vulnerable overseas posts.

DEPARTMENT OF STATE

The conference agreement for the Department of State is intended to continue the Department's efforts to meet emerging diplomatic requirements, strengthen diplomatic and border security, and institute sweeping management reforms. In the past five fiscal years, the Congress has provided appropriations to significantly increase the Department's operating budget, including funding to support the hiring and training of new employees.

The conference agreement includes a total of \$8,283,227,000 for fiscal year 2005 for the Department of State. Of the total amount provided, \$8,150,627,000 is derived from general purpose discretionary funds and \$132,600,000 is scored as mandatory spending. The conferees expect that this funding level will allow the Department to meet critical embassy security and staffing requirements, modernize its technology and equipment, and continue vigorous management reform initiatives to right-size America's overseas presence.

The conference agreement includes a total of \$6,314,122,000 for the discretionary appropriation accounts under Administration of Foreign Affairs; \$1,672,000,000 for International Organizations; \$64,130,000 for International Commissions; and \$100,375,000 for other activities. The conferees' priorities for the Department of State are delineated in the following paragraphs.

ADMINISTRATION OF FOREIGN AFFAIRS

DIPLOMATIC AND CONSULAR PROGRAMS

The conference agreement includes \$4,228,702,000 for the Diplomatic and Consular Programs account, instead of \$4,278,701,000 as proposed by the House and \$4,151,755,000 as proposed by the Senate. The conference agreement includes \$658,702,000 to continue funding for worldwide security upgrades, and \$319,994,000 for public diplomacy programs. The conference agreement represents an increase of \$165,214,000 above the fiscal year 2004 appropriation, excluding emergency appropriations.

Right-sizing.—The conferees urge the Department to move forward expeditiously with its right-sizing plan. Right-sizing refers to

the reconfiguration of overseas U.S. Government personnel to the number necessary to achieve U.S. foreign policy goals. The conferees recognize that, as the property manager for all U.S. Government properties overseas, the Department of State faces considerable pressure to accommodate ever-greater numbers of non-State Department personnel in its overseas facilities. Given the increasing security vulnerabilities of U.S. Government personnel and facilities, the conferees strongly urge the Department to use the most stringent criteria for determining overseas staffing levels. In addition, the conferees expect the staffing decision-making mechanism used for the U.S. mission in Iraq to be the model for future right-sizing efforts.

For any right-sizing framework to be effective, it must have two main components: (1) a process for determining, internally, the appropriate number of State Department personnel stationed overseas, and (2) an interagency process for determining the appropriate number of non-military U.S. government personnel stationed overseas. To this end, the conference agreement designates \$3,000,000 for the Department to continue the operations of the Office on Right-Sizing the United States Overseas Presence. The conferees expect that this Office, which shall continue to report directly to the Undersecretary for Management, will lead the Department's effort to develop internal and interagency mechanisms to better coordinate, rationalize, and manage the deployment of U.S. government personnel overseas. The conferees expect the Office of Right-Sizing to report to the Committees on Appropriations each year on June 1 regarding the trends in overseas staffing, and support for Chiefs of Mission (COM) and to undertake a review of certain posts, as described in the Senate report.

As part of the overall right-sizing function, the conferees encourage the Department to review the International Cooperative Administrative Support Services (ICASS) system to ensure that the system contributes to right-sizing efforts.

The conferees commend the Department for its recent steps to strengthen internal processes for determining staffing projections for overseas personnel needs. However, more needs to be done. The conferees are not aware of any right-sizing analysis in the past several years that has resulted in a proposed reduction to a country-wide staffing presence. The conferees are supportive of the concept of regionalization. Regionalization refers to the practice of basing certain administrative functions and personnel in regional centers, or "hubs", thereby creating efficiencies. The conferees note that the Department continues to make less than notable progress towards developing an interagency right-sizing process, but anticipates that the capital security cost sharing plan will create new right-sizing incentives to facilitate meeting the conferees' expectations. Language is included establishing and outlining the requirements of the Department's capital cost sharing plan to encourage other Federal agencies to examine more closely whether the personnel they send overseas are truly mission-critical. The conferees remind the Department that this interagency process should not supercede the authority of COMs to determine the composition of their posts, but rather, to serve as a tool and support mechanism. The post must remain at the center of the right-sizing process.

Border Security Program.—The conference agreement includes \$836,480,000 for the Department's Border Security Program, of which \$75,000,000 is from appropriated funds, \$661,480,000 is funded through the collection of Machine Readable Visa (MRV) fees, and approximately \$100,000,000 is to be funded through a proposed Enhanced Border Security Program Fee. The conferees expect this funding to provide for an increase of 60 new consular positions, for a total position base of 2,585 positions by the end of fiscal year 2005. The conferees direct the Department to continue its bimonthly reporting on MRV fee revenues as specified in the conference report accompanying the fiscal year 2003 Supplemental Appropriations Act (Public Law 108–11). Disruption of the border security program due to a MRV fee shortfall must be avoided at all costs. The conferees would therefore entertain a reprogramming of funds out of the Diplomatic and Consular Programs account to cover any unanticipated shortfall in the Department's Border Security Program.

The conference agreement adopts, by reference, language as proposed in the House report concerning efforts to strengthen the visa process to make it an effective anti-terrorism tool. Further, the conference agreement adopts, by reference, language in the Senate report concerning the Interagency Study on the Visa Clearance Process. The conferees require the Department of Justice to work with the Departments of Homeland Security and State on this effort.

Within the amount provided, \$175,000 is to support the United States' membership in the Arctic Council and \$40,000 is to support the United States' membership in the Bering Straits Commission. The former includes funds for representation expenses and travel for United States delegates.

The conference agreement includes language increasing the fees the Department of State may collect for passports and immigrant visas.

Public Diplomacy.—The conference agreement includes language designating \$319,994,000 for the Department's Public Diplomacy program. The conferees continue to believe that separately identifying public diplomacy resources will facilitate monitoring funding levels and trends for these activities. The need to strengthen our public diplomacy has gained urgency as we continue to see alarming public opinion polls and foreign media content relating to the war on terrorism and the war in Iraq that reveal profound anti-American sentiments, and often a rejection of our values. The need for expanded efforts is primarily, but not exclusively, in the Arab and Muslim world. The conferees direct the Department to submit reports outlining the criteria for measuring performance of these expanded efforts, and expect these reports to be submitted to the Committees on Appropriations on a quarterly basis.

The conference agreement adopts language as proposed in the House report regarding the American Corners program. The conference agreement also adopts language regarding efforts to counter disinformation and deliberate misinformation.

The conferees urge the Department to review the recommendations made by the Defense Science Board Task Force on Strategic Communication in their September 2004 report.

The conferees commend the Department on the establishment of an office of policy, plans, and resources within the Office of the Under Secretary for Public Diplomacy and Public Affairs; and the recent efforts and proposed plans to strengthen the authority of the Under Secretary to improve accountability for public diplomacy resources. The conferees continue to urge the Department to improve interagency coordination; increase resources dedicated to program performance measurement and research; expand the English language office; support speaker and fellows programs; expand American studies programs, including American Corners; and increase public diplomacy staff with better language skills. The conferees adopt, by reference, language in the Senate report concerning the Department's Public Diplomacy Strategy, PD Global Forum, and Micro-grants.

The conference agreement includes, by reference, language in the Senate report regarding the refining of a public diplomacy strategy, including the harmonization of mission and strategy with the Broadcasting Board of Governors, and the incorporation of ongoing international assistance and volunteer programs into public diplomacy.

The conference agreement adopts, by reference, language included in the Senate report concerning the 9/11 Commission Report, including a report on how the Department intends to implement its recommendations.

The conferees include \$2,500,000 for the Ambassador's Fund for Cultural Preservation. Currently, there is no greater need for achieving understanding than in the Middle East. Therefore, within amounts available, at least \$500,000 is for projects in the Middle East.

The conference agreement adopts, by reference, language included in the Senate report concerning Continuing Overseas Language Training and provides \$6,000,000 for this purpose.

Cultural Antiquities Task Force.—The conference agreement also includes \$1,000,000 for a cultural antiquities task force as described in the Senate report. The task force will coordinate with all relevant Federal law enforcement and cultural agencies to prevent further looting and promote preservation of Iraq's historically and culturally significant works. The conferees expect the Department to create a database as described in the Senate report. The conferees further urge the Department to make changes to visa policies as they pertain to persons found to have looted, damaged, or trafficked historically or culturally significant works. Finally, the conference agreement includes language proposed in the Senate report regarding a report on the creation of the Cultural Antiquities Task Force, funding requirements, and investigation of alleged damage to an Iraqi temple.

North Korea.—The conference agreement adopts, by reference, language contained in the Senate report concerning an international conference on the human rights situation in North Korea. The conferees expect the conference to be administered by Freedom House.

The conferees recognize the importance of the Special Envoy position created by Section 107 of Public Law 108-478 and include \$1,000,000 for this purpose. The conferees expect that the Special

Envoy will be compensated at a level available to Ambassadors without portfolio, and that no full-time incumbent State Department official will fill this position.

Anti-Semitism.—The conferees direct the State Department to work with the Organization for Security and Cooperation in Europe to support projects and personnel increases to combat anti-Semitism and intolerance.

Intellectual Property Protection.—The conferees continue to be concerned regarding the adequacy of the Department's infrastructure for fulfilling its responsibility to protect American intellectual property. The conference agreement includes language establishing the Office of International Intellectual Property Enforcement. The conference report adopts, by reference, Senate report language regarding a report to the Committees on Appropriations concerning intellectual property efforts.

Post-conflict Response.—The conferees include language regarding the function of the Office of the Coordinator for Reconstruction and Stabilization, as proposed by the Senate, with the exception of a funding designation. The conferees support the Department's establishment of the Office of the Coordinator for Reconstruction and Stabilization, which shall serve as the central entity to plan and coordinate United States Government civilian activities in pre- and post-conflict environments, and to react to complex contingencies. The conferees understand that this office will improve operational response time in the areas of reconstruction, stabilization, and humanitarian assistance. The conferees direct the Office to coordinate with bureaus within the State Department, other relevant U.S. agencies, and non-governmental organizations. The conference agreement adopts by reference language included in the Senate report regarding a description of this Office's functions and a description of how the Office will coordinate with other bureaus in the Department and other agencies. The conferees expect to be notified of any expansion of the Office as required by section 605 of this Act.

War Crimes.—The conferees reiterate their support for the work of the Special Court for Sierra Leone. The purpose of the Special Court is to prosecute those who bear the greatest responsibility for the appalling violations of international and Sierra Leonean law and crimes against humanity perpetrated during the conflict in Sierra Leone. Charles Taylor, the former president of Liberia, has been indicted by the Special Court of Sierra Leone and faces 17 counts of war crimes, crimes against humanity, and violations of international humanitarian law. Charles Taylor organized and ordered widespread and systematic attacks on the civilian population of Sierra Leone. According to the indictment, his supporters commonly used abductions, hacking off limbs, facial and bodily mutilations, and gang rapes to wage a terror campaign against civilians who supported the Revolutionary United Front in Sierra Leone. The conferees expect the Department to ensure that funding for the Special Court continues until all indictees are brought to justice expeditiously, including Charles Taylor. The conferees encourage the Bureau of African Affairs and the Special Court for Sierra Leone to work cooperatively to bring about this result.

International Religious Freedom.—The conference agreement continues funding for the Office of International Religious Freedom in the Bureau of Democracy, Human Rights and Labor. The conferees urge the Office to develop and implement comprehensive strategies to promote religious liberty, and to assist in the preparation of the Human Rights Reports and the Annual Report on International Religious Freedom. The conferees also expect the Office, in consultation with the U.S. Commission on International Religious Freedom, to work to further incorporate religious freedom themes in the Department's public diplomacy programs. In addition, the conferees expect the Department to continue to integrate the internationally recognized right to freedom of religion into foreign service officer training at all levels.

The conferees urge the Secretary of State to continue to every extent possible to monitor and promote religious freedom and human rights in China, Eritrea, India, Nigeria, Pakistan, Saudi Arabia, Sudan, Turkmenistan, Uzbekistan, and Vietnam. The conferees expect the Secretary of State to use all available forums and formal actions to address violations of religious freedom in these countries. The Secretary of State should continue to consult with the U.S. Commission on International Religious Freedom to promote religious freedom and human rights abroad.

Sudan.—The conferees expect the Department to review current staffing levels at the U.S. Embassy in Khartoum and to address increased requirements at this post. The conferees direct the Department to report to the Committees on Appropriations on the findings of this review and any proposal for staffing increases by no later than 120 days after the enactment of this Act.

Worldwide Security Upgrades.—The conference agreement includes \$658,702,000 for worldwide security upgrades as proposed by the Senate, instead of \$658,701,000 as proposed by the House. The conference agreement includes \$582,482,000 for ongoing security activities, including guard services, physical equipment, armored vehicles, personnel, training, and wireless communications; and State Department participation in TOPOFF III, a national counterterrorism exercise, at the funding level described in the Senate report. Language is included to continue \$5,000,000 for the Center for Antiterrorism and Security Training. The conference agreement includes \$43,400,000 to continue the perimeter/compound security initiative and \$29,198,000 in program increases. The program increases include \$4,000,000, for a total of \$18,422,000 for the prevention and response to chemical or biological agents in various locations around the world; \$14,698,000 to support an additional 71 security professional staff positions, including 6 special agents and 55 professional and administrative support positions; \$4,500,000 for a total of \$27,714,000, to maintain a five-year replacement cycle for armored vehicles; \$3,000,000 to reduce the risk that information systems will be compromised; and \$3,000,000 to improve electronic access to, and exchange of, security and law enforcement information.

The conference agreement includes, by reference, language in the House report on the interagency task force to monitor the United Nations headquarters renovation project, intelligence and research, club drugs, trafficking in persons, minority recruitment

and hiring, overseas schools, ICASS, security of classified material, Tibet, and the U.S. presence in China. The conference agreement also includes, by reference, language in the Senate report on financial operations, foreign language proficiency, clean energy technology exports, international child abductions, marine environmental issues, and international trade.

Food and Agriculture Organization.—Within funding provided under this heading, the conferees expect the Department to support the costs of an independent, outside evaluation of the operations and performance of the Food and Agriculture Organization. The conferees expect the Department to report to the Committees on Appropriations in both the House and Senate by no later than March 31, 2005.

As in previous years, the conferees expect that there will be additional savings available to the Department, including vacancies in funded positions. The Department will have the ability to propose that savings be used for needs not funded by the recommendation through the normal reprogramming process. The conferees are concerned about the Department's practice of resubmitting reprogramming requests that have previously been denied by the Committees on Appropriations. Reprogrammings should be resubmitted only if the circumstances surrounding the request or the request itself change substantially enough to warrant a reevaluation by the Committees. The conferees remind the Department that action by the Committees on Appropriations is required before the Department proceeds with any reprogramming action.

The conference agreement includes language in the bill, similar to language in prior years, which: (1) permits not to exceed \$4,000,000 to be transferred to the Emergencies in the Diplomatic and Consular Service account for emergency evacuations and terrorist rewards; (2) provides \$1,426,000 in fees collected from other Executive Branch agencies and \$490,000 from reserves for lease or use of facilities at the International Center Complex, as authorized by law; (3) provides not to exceed \$15,000 from reimbursements, surcharges, and fees for use of Blair House facilities in accordance with the State Department Basic Authorities Act of 1956; (4) requires notification of Congress before processing licenses for the export of satellites to China; and (5) makes not to exceed \$6,000,000 in fee collections available until expended for various activities.

CAPITAL INVESTMENT FUND

The conference agreement includes \$52,149,000 for the Capital Investment Fund, as proposed by the Senate, instead of \$100,000,000 as proposed by the House. The conference agreement includes two separate accounts for the Department's information technology (IT) programs. The agreement includes language to create a new account, called the "Centralized Information Technology Modernization Program". The Capital Investment Fund will continue to provide funding only for new investments in IT, and the new account will provide funding for the maintenance of the Department's IT infrastructure, including hardware and software refreshment and upgrades.

The conference agreement adopts, by reference, language included in the Senate report concerning payroll consolidation, public

diplomacy support, centralization, messaging, and centralized management of information. The conference agreement includes \$7,563,000 for public key infrastructure requirements to help secure interagency communications.

CENTRALIZED INFORMATION TECHNOLOGY MODERNIZATION PROGRAM

The conference agreement includes \$77,851,000 for a new account entitled Centralized Information Technology Modernization Program, instead of \$102,951,000 as proposed by the Senate. The House did not provide funding for a new account. The conference agreement includes language establishing this new account to provide funding for the maintenance of the Department's IT infrastructure, including hardware and software refreshment and upgrades.

In addition, the Department is directed to develop a plan to implement a four-year replacement and modernization program for its classified and unclassified desktop computers, servers, network equipment, circuits, and software. The purpose of this plan will be to provide a blueprint for the maintenance of the Department's network infrastructure to meet current and future needs and to ensure that the Department's communications and information systems remain state-of-the-art. The Department is directed to update this plan on an annual basis. The Department shall provide the first such plan to the Committees on Appropriations no later than September 1, 2005, and every year thereafter at the time of submission of the President's budget request to Congress.

OFFICE OF INSPECTOR GENERAL

The conference agreement includes \$30,435,000 for the Office of Inspector General (OIG) as proposed by the House, instead of \$31,435,000 as proposed by the Senate. The conference agreement includes language, as carried in previous years, waiving the requirement for a five-year post inspection cycle. The conference agreement does not include language in the Senate report on U.S. diplomatic activities in Iraq.

EDUCATIONAL AND CULTURAL EXCHANGE PROGRAMS

The conference agreement includes a total of \$360,750,000 under this heading, as proposed by the Senate, instead of \$345,346,000 as proposed by the House. The following chart displays the conference agreement on the distribution of funds by program or activity under this account, including an estimated \$5,400,000 in prior year recoveries and unobligated balances:

	<i>Amount (in thousands)</i>
Academic Programs:	
Fulbright Students, Scholars, Teachers, Humphreys	\$160,532
Regional Graduate Fellowships/Junior Faculty Development ...	25,000
Educational Advising and Student Services	3,500
English Language Programs	8,381
American Overseas Research Centers	3,200
South Pacific Exchanges	500
Benjamin Gilman International Scholarship	2,600
George Mitchell Fellowship Program	500
Tibet Exchanges	600
East Timor Exchanges	500

	<i>Amount (in thousands)</i>
Abraham Lincoln Study Abroad Fellowship Program	250
U.S.-Poland-Israel Exchange	250
Montana Tech Foreign Exchange Program	150
Disability Exchange Clearinghouse	500
Subtotal, Academic Programs	206,463
Professional and Cultural Programs:	
International Visitor Program	62,175
Citizen Exchange Programs/Youth and Excellence	45,536
Congress Bundestag Youth Exchange	3,176
Mike Mansfield Fellowship Program	1,800
Youth Science Leadership Institute of the Americas	100
Special Olympics	1,000
Global Perspectives Project and Public TV Conference	750
Africa Workforce Development Exchanges	400
Arctic Winter Games	200
PSC U.S.-Pakistan Educator Development	250
Institute for Representative Government	500
Council on Women World Leaders	500
Irish Institute	750
Northern Forum	300
Rule of Law Forum	800
Seed Programs	600
SIFE	250
International Writing Program	200
Atlantic Corridor	250
Interparliamentary Exchanges/Conferences	400
Interparliamentary Conference on Human Rights and Religious Freedom	250
University of Miami Hemispheric Program	500
Subtotal, Professional and Cultural Exchanges	120,687
Exchanges Support	39,000
Prior Year Balances Applied	(5,400)
Total, Exchange Programs	360,750

Deviations from distribution of funds under this heading will be subject to the normal reprogramming procedures under section 605 of this Act.

The conferees understand that, due to the absorption of the former Soviet Eastern European exchanges in this account, there are additional needs for funding in the "Exchanges Support" category. The Department is directed to apply, on a priority basis, any balances that may become available for this purpose.

The conference agreement includes, by reference, Senate report language regarding the exchange visitor program, program regulations, the Fulbright Foreign Student Program with Iraq and Afghanistan, and working exchanges.

The conference agreement continues a program begun in fiscal year 2000 to provide one-time funding to international exchange start-ups. The recommendation includes \$100,000 for each of the following programs: the Middle East Information Portal; the Afghanistan Young Leaders Program at the University of Nebraska-Omaha; the Flushing Council on Culture and the Arts' Partnership Between Queens and Taipei; the Inuit Circumpolar Conference; and the Auschwitz Jewish Center's Student Scholarship Program.

Of the amounts provided for Seed programs, \$300,000 is available for exchange programs related to Operation Smile, Inc.

The conferees support the expansion of the Partnerships for Learning program, which is an overarching theme for exchanges in which resources are shifted from lower to higher priority regions. Presently, and for the near future, the focus of the program is on engagement with the Arab/Muslim world.

Within amounts specified in the chart, the conference agreement includes \$14,500,000 for the Future Leaders Exchange Program, \$2,700,000 for teacher and school administrator exchanges, Teaching Excellence Awards (including the Partners in Education program), and \$4,700,000 for Junior Faculty Development Program exchanges. The conferees support the Youth Exchange Study program.

The conference agreement adopts, by reference, language in the House report on Fulbright exchanges with Tibet; the Leaders in Education Initiative; Traditional Public-Private Partnership grants; artistic and cultural exchanges; minimizing unnecessary barriers to legitimate travel of exchange program participants; enhanced support for engaging Arab and Muslim audiences through exchange programs; allocation of funding for the Near East and South Asia regions; religious freedom; and the allocation of all resources under this account in accordance with worldwide policy priorities.

REPRESENTATION ALLOWANCES

The conference agreement includes \$8,640,000 for representation allowances as proposed by both the House and Senate. The conference agreement includes, by reference, language in the House report regarding the submission of a quarterly report on expenditures under this account.

PROTECTION OF FOREIGN MISSIONS AND OFFICIALS

The conference agreement includes \$9,894,000 under this heading as proposed by the House, instead of \$5,000,000 as proposed by the Senate. The conference agreement includes, by reference, language in the House report regarding the Department's treatment of reimbursement requests and the submission of a report on budgeting for protection expenses in light of heightened security measures. The conferees believe that local jurisdictions incurring such costs must submit a certified billing for such costs in accordance with program regulations. The conferees expect the Department to treat such submissions diligently and provide reimbursement for valid claims to local jurisdictions on a timely basis. The conferees recognize that, in those instances where a local jurisdiction will realize a financial benefit from a visit by a foreign dignitary through increased tax revenues, such circumstances should be taken into account by the Department in assessing the need for reimbursement under this program.

EMBASSY SECURITY, CONSTRUCTION, AND MAINTENANCE

The conference agreement includes a total appropriation of \$1,524,000,000 for Embassy Security, Construction, and Maintenance.

nance, as proposed by the House, instead of \$1,376,758,000 as proposed by the Senate. The conference agreement designates \$912,320,000 as available only for priority worldwide security upgrades, acquisition, and construction, the full amount requested for such activities. The conference agreement includes full requested wage and price increases for the Department's Bureau of Overseas Buildings Operations (OBO).

The conference agreement includes \$912,320,000 for worldwide security upgrades, including \$869,000,000 to continue the capital security program for constructing new secure replacement facilities for the Department's most vulnerable embassies and consulates. Within the funds made available under this category, the conferees expect the Department to undertake new office building projects from among the highest priority facilities listed in the Long Range Overseas Buildings Plan. Projects funded under this account must follow a rigorous right-sizing methodology.

The conferees expect that projects undertaken under this program will address the highest priority facilities from a security standpoint. The conference agreement supports the construction of seven new embassy compounds, two annex buildings, four United States Agency for International Development (USAID) buildings on secure embassy compounds, and acquisition of a number of secure sites for future embassy compounds.

Brussels, Belgium.—The conferees understand that certain non-security requirements exist in the State facilities in Brussels. The conference agreement includes \$2,500,000 for these requirements.

The conference agreement includes such sums as necessary for the renovation of and seismic upgrades to the historic Palazzo Corpi building in Istanbul, Turkey, as determined by the Secretary.

The conference agreement adopts, by reference, language included in the Senate report concerning Beirut, Lebanon, and Karachi, Pakistan, building size, and asset management funds.

The conference agreement includes, by reference, language in the House report regarding compound security, security capital projects fully meeting existing security standards, immediate notification on serious security risks, reprogramming, and right-sizing.

The conference agreement includes \$15,000,000 to secure and protect soft targets, of which \$10,000,000 is for security at overseas schools attended by dependents of U.S. Government employees; \$8,000,000 for consular workspace improvements; and \$25,000,000 for buyout of uneconomic leases, as described in the Senate report.

The recommendation includes language establishing the Capital Security Cost Sharing Program. Under this program, all agencies that have staff overseas under Chief of Mission authority will pay a fair share of urgent, security-driven capital projects undertaken to replace embassies and consulates at the most vulnerable posts. The goals of this program are two-fold. First, the program will accelerate the replacement of unsafe, unsecured and outdated diplomatic facilities that are used overseas by U.S. Government agencies. This is planned as a 14-year, \$17,500,000,000 program to replace 150 vulnerable embassy and consulate facilities with new compounds that fully comply with statutory security requirements. Second, the program will create incentives within all government

departments and agencies to scrutinize and “right-size” their overseas presence to avoid unnecessary costs and security risks.

Each agency with staff overseas under Chief of Mission authority has, built into their fiscal year 2005 budget request, an annual contribution towards construction of new secure diplomatic facilities based on the number of positions overseas and the type of space occupied. These contributions do not take the place of State Department contributions, which are also growing, but create a larger, shared funding pool to accelerate replacement. In fiscal year 2004, the conferees funded the “virtual” costs of the program by including a \$120,000,000 increase to State Department appropriations. The recommendation assumes a total program level of \$869,020,000 in fiscal year 2005 for Capital Security Construction, including \$785,320,000 under this account. The total amount includes a continuing State Department base appropriation of \$622,720,000. The additional amount generated by the Capital Security Cost Sharing program is \$249,101,862, which consists of \$160,186,300 from the State Department included under this account, and \$88,915,562 from non-State agencies, based on positions worldwide. The conferees understand that there is an anticipated five-year phase-in period for the program, wherein the total Government-wide amount grows from \$869,020,000 in fiscal year 2005, to \$1,400,000,000, then remains at that level for the next 9 years. The conferees further understand that the program will include agency involvement in setting priorities, and in other aspects of the development of new embassy compounds. The conferees believe that the establishment of strong interagency coordination and cooperation will be critical to achievement of program goals, and encourage the Department and the Administration to ensure that the management of this program is inclusive, cooperative and transparent.

The conference agreement includes \$604,880,000 for operations and maintenance activities, including \$76,729,000 in program increases. The conferees include \$6,800,000 for headquarters operations. The conferees direct the Department to prioritize requested funding increases, and to specifically identify amounts above current services in a comprehensive spending plan to be submitted no later than 60 days after enactment of this Act.

Assets Management.—The conference agreement designates \$100,049,000 in assets management funds planned for obligation in fiscal year 2005, of which \$25,000,000 is for buyout of uneconomic leases. Any use of assets management funds in fiscal year 2005 is subject to reprogramming, as stated in the Senate report.

The conferees expect the Department to submit to the Committees any waiver or waivers signed by the Secretary of State in accordance with section 606(a)(2) and section 606(a)(3) of the Secure Embassy Construction and Counterterrorism Act of 1999 (Public Law 106–113) within five days of the Secretary’s signature of such a waiver or waivers.

The conference agreement adopts language in the House report concerning reprogramming requirements.

EMERGENCIES IN THE DIPLOMATIC AND CONSULAR SERVICE

The conference agreement includes \$1,000,000 under this heading, instead of \$7,000,000 as proposed by the House, and instead of \$1,000 as proposed by the Senate. The conference agreement anticipates that significant carryover balances from fiscal year 2004 will be available for obligation in fiscal year 2005. Within prior year unobligated balances, the conferees expect that \$2,000,000 will be transferred to the Special Court for Sierra Leone, as proposed by the Senate.

REPATRIATION LOANS PROGRAM ACCOUNT

The conference agreement includes \$612,000 for the subsidy cost of repatriation loans and \$607,000 for administrative costs of the program as proposed by both the House and Senate.

PAYMENT TO THE AMERICAN INSTITUTE IN TAIWAN

The conference agreement includes \$19,482,000 under this heading as proposed by both the House and Senate. The conference agreement includes, by reference, language in the House report regarding the submission of a fiscal year 2005 spending plan, except that such plan shall be submitted by February 28, 2005.

PAYMENT TO THE FOREIGN SERVICE RETIREMENT AND DISABILITY FUND

The conference agreement includes \$132,600,000 under this heading, as proposed by both the House and the Senate.

INTERNATIONAL ORGANIZATIONS

CONTRIBUTIONS TO INTERNATIONAL ORGANIZATIONS

The conference agreement includes \$1,182,000,000 under this heading, instead of \$1,194,210,000 as proposed by the House, and \$1,020,830,000 as proposed by the Senate.

The conference agreement includes, by reference, language in the House report regarding offset of exchange rate losses, reassessment of U.S. membership in certain international organizations, reform and budget discipline, the Organization for Economic Cooperation and Development, the North Atlantic Treaty Organization, the International Atomic Energy Agency, the Pan American Health Organization, and the costs of a direct loan to the United Nations for the cost of renovating its headquarters in New York. The conference agreement includes, by reference, language in the Senate report regarding the International Coffee Organization, the International Copper Study Group, and the International Rubber Study Group.

The conference agreement includes language requiring the Secretary to transmit the most recent biennial budget for the operations of the UN. The conference agreement includes language, as in fiscal year 2004, providing that funds within the Diplomatic and Consular programs account may be used for a United States Government interagency task force to examine, coordinate, and oversee United States participation in the United Nations headquarters renovation project. The conferees direct the task force to coordinate

its efforts with OBO and to consult with senior OBO officials in formulating its recommendations.

The conferees note the role of the UN in fighting diseases, providing humanitarian assistance, fostering conflict resolution, and providing an international forum for world issues. However, the conferees are concerned by recent developments in a number of areas. The conferees note that the United Nations Oil-for-Food program in Iraq is marred by allegations of corruption and that it aided or abetted a tyrannical regime and undermined the international community's good will. Further, the conferees urge the UN to do more to mitigate or resolve the conflicts and humanitarian crises in Sudan, where war has ravaged the country for decades at the cost of millions of lives. Finally, the United Nations' leadership and legitimacy are tarnished by continued failure to bring to justice those individuals involved in improper and illegal activities.

United Nations Oil-For-Food Program.—The conferees direct the Department to bring all necessary resources to bear on the investigation of fraud and bribery allegations regarding the United Nations Oil-For-Food Program. The conferees expect the Department to provide all requested documentation to the U.S. Congress, and to provide any requested support to the Secretary General's Independent Inquiry Committee. The conferees strongly support the Inquiry and expect the Inquiry Committee's review to be thorough, rigorous, and expeditious. The conferees expect the Department to use the voice and vote of the United States to ensure the Inquiry be conducted in this manner.

CONTRIBUTIONS FOR INTERNATIONAL PEACEKEEPING ACTIVITIES

The conference agreement includes a total funding level of \$490,000,000 for payments for Contributions for International Peacekeeping Activities, instead of \$650,000,000 as proposed by the House, and \$574,000,000 as proposed by the Senate. The conferees remain concerned that the United States has voted in the United Nations Security Council to establish five new or expanded peacekeeping missions (Haiti, Burundi, Liberia, Cyprus, and Ivory Coast) without presenting the Committees on Appropriations with a viable plan to meet the current and future costs of such commitments. All but the Cyprus mission were approved by the Security Council and are underway and incurring costs. The Secretary of State testified that in such instances the Administration would request supplemental appropriations to cover these costs. The conferees expect that such a supplemental appropriation request will provide for the full UN peacekeeping assessments.

The conference agreement includes language, as proposed by the Senate, regarding the adjustment of the rate at which the United States pays for the cost of United Nations peacekeeping missions.

The conference agreement includes, by reference, language in the House report regarding UN peacekeeping in the Western Sahara; UN peacekeeping reform; benchmarks for mission performance and termination; UN peacekeeping in the Democratic Republic of the Congo; and the Office of Internal Oversight Services. The conference agreement includes, by reference, language in the Senate report regarding peacekeeping reports. The allocation of funds

under this account to specific missions shall be subject to the reprogramming requirements in section 605 of this Act.

The conferees support the work of the Special Court for Sierra Leone, and expect the United Nations Mission in Sierra Leone to provide support, as necessary, to the Court. The conferees urge the Department to work with the Court and other nations to ensure the expeditious prosecution of indicted persons.

INTERNATIONAL COMMISSIONS

INTERNATIONAL BOUNDARY AND WATER COMMISSION, UNITED STATES AND MEXICO

The conference agreement includes a total of \$32,554,000 for the International Boundary and Water Commission, United States and Mexico (IBWC). The total amount provided includes \$27,244,000 for Salaries and Expenses and \$5,310,000 for Construction. The conference agreement includes language authorizing not to exceed \$6,000 for representation expenses.

SALARIES AND EXPENSES

The conference agreement for the Salaries and Expenses account includes \$27,244,000, instead of \$26,800,000 as proposed by the House and \$27,689,000 as proposed by the Senate. The conference agreement includes, by reference, language in the House report regarding the use of surplus operations and maintenance funding through reprogramming.

CONSTRUCTION

The conference agreement includes \$5,310,000 in new direct appropriations under this heading, instead of \$4,475,000 as proposed by the House and \$6,146,000 as proposed by the Senate.

The conference agreement includes \$1,750,000 for the Rio Grande Canalization Project and \$1,000,000 for the Lower Rio Grande Flood Project/Levee Rehabilitation.

The conferees encourage the IBWC to attempt, if possible, to achieve greater secondary treatment of Mexican sewage within current funding levels under this account. Any plan that assumes a significant increase in appropriations under this heading in future years is not feasible given resource restraints and competing priorities.

Any additional obligations under this heading within the total spending level cited above, including any new project starts, shall be subject to the reprogramming process described in section 605 of this Act.

AMERICAN SECTIONS, INTERNATIONAL COMMISSIONS

The conference agreement includes a total of \$9,594,000 under this heading, instead of \$9,356,000 as proposed by the House, and \$10,546,000 as proposed by the Senate. This amount includes \$1,248,000 for the International Boundary Commission; \$6,298,000 for the International Joint Commission, including \$200,000 for efforts concerning the Red River Basin, and \$1,019,000 for the fifth and final year of the water regulation plan governing Lake Ontario

and the St. Lawrence River; and \$2,049,000 for the Border Environment Cooperation Commission.

INTERNATIONAL FISHERIES COMMISSIONS

The conference agreement includes \$21,982,000 under this heading, the same amount as proposed by the Senate, instead of \$19,097,000 as proposed by the House. The conference agreement includes \$3,000,000 for the Pacific Salmon Commission, \$2,100,000 for the Inter-American Tropical Tuna Commission, \$1,800,000 for the International Pacific Halibut Commission, \$177,000 for the North Pacific Marine Science Organization, and \$12,964,000 for the Great Lakes Fishery Commission, of which not less than \$845,000 is for lampricide in Lake Champlain. House language regarding Asian Carp is included by reference. The conferees expect the Department to allocate the balance of funds in the conference agreement, and, through the regular reprogramming process, any additional funds that may become available, to priority commissions.

The conferees expect the Department to take immediate action to evaluate and prioritize United States participation in, and funding for, international fisheries commissions. In a climate of limited resources the conferees continue to insist that the Department operate within appropriated amounts, prioritize as necessary among commissions according to policy goals, take steps as necessary to withdraw from lower priority commissions, and refrain from entering into new commitments.

OTHER

PAYMENT TO THE ASIA FOUNDATION

The conference agreement includes \$13,000,000 under this heading, the same amount as proposed by the House. No funding was proposed by the Senate.

CENTER FOR MIDDLE EASTERN-WESTERN DIALOGUE

The conference agreement includes \$7,000,000 under this heading to be deposited in the International Center for Middle Eastern-Western Dialogue Trust for the perpetual operations of the Center in Istanbul, Turkey. Of the amounts provided \$250,000 is for the steering committee, chaired by the Council of American Overseas Research Centers (CAORC), for the operations of the Center.

EISENHOWER EXCHANGE FELLOWSHIP PROGRAM

The conference agreement includes an appropriation for fiscal year 2005 of interest and earnings from the Eisenhower Exchange Fellowship Program Trust Fund, expected to total \$500,000. The conference agreement includes, by reference, language in the House report regarding geographical priorities and the selection of fellows.

ISRAELI ARAB SCHOLARSHIP PROGRAM

The conference agreement includes an appropriation for fiscal year 2005 of interest and earnings of the Israeli Arab Scholarship Endowment Fund, expected to total \$375,000.

EAST-WEST CENTER

The conference agreement includes \$19,500,000 under this heading, as proposed by the Senate, instead of \$5,000,000 as proposed by the House.

NATIONAL ENDOWMENT FOR DEMOCRACY

The conference agreement includes \$60,000,000 for the National Endowment for Democracy (NED), instead of \$40,579,000 as proposed by the House and \$50,000,000 as proposed by the Senate.

The conferees strongly encourage both the NED and the four core institutes to focus available funding on the Middle East region, continuing work on electoral processes and political party development. The conferees commend the institutes for their contribution to the recent presidential election in Afghanistan and support similar work in future parliamentary elections.

The conference agreement adopts, by reference, House report language reaffirming NED's duty to ensure that all sponsored activities adhere to core NED principles and requiring a report on NED activities in Venezuela.

The conference agreement includes \$1,000,000 for a grant to support the creation of the Fern L. Holland Democracy Institute in Africa, as outlined in the House report. The conferees remain concerned that there is a lack of effectiveness and cohesion among the groups advocating for awareness and action on behalf of the victims of human rights abuses and the persecuted. The conferees provide \$500,000 to be made available for programs designed specifically to promote basic human rights of ethnic minorities, including their right to maintain and exercise their culture, religion, and language, free from discrimination.

RELATED AGENCY

BROADCASTING BOARD OF GOVERNORS

INTERNATIONAL BROADCASTING OPERATIONS

The conference agreement includes \$591,000,000 to carry out United States International Broadcasting Operations for fiscal year 2005, instead of \$601,740,000 as proposed by the House and \$552,240,000 as proposed by the Senate. The conference agreement includes \$64,969,000 for efforts to provide people of Arab and Muslim countries with accurate information about U.S. policies and values. The conferees provided initial start-up costs for a television program stream specifically tailored for the Iraqi audience in Public Law 108-106. The conferees expect the Broadcasting Board of Governors to provide quarterly status reports detailing the efforts to develop quality news and entertainment programs for the Arab and Muslim world.

The conference agreement adopts, by reference, House language regarding broadcasting to Africa, language service reviews and research, and anti-jamming efforts.

The conferees remain concerned about a potential blurring of the distinction between the international broadcasting conducted by the Broadcasting Board of Governors and that conducted by the

Defense Department. While the conferees continue to strongly support all necessary efforts to provide for national security, close collaboration with the Defense Department may foster misunderstanding among foreign audiences as to the principles and goals of BBG broadcasting. The BBG shall continue to notify the Committees in writing of any projects or programs to be undertaken with the Defense Department within 7 days of the beginning of such activities. The report should include a description of services provided and any financial arrangements between the entities.

Security of Radio Free Europe/Radio Liberty Headquarters.— During fiscal year 2004, the RFE/RL was directed to work with the Department of State's Bureau of Overseas Buildings Operations to develop a comprehensive site and cost assessment for relocation of the RFE/RL headquarters in Prague, the Czech Republic. The conferees are concerned that RFE/RL has informed the Committees on Appropriations that RFE/RL intends to sign a pre-lease contract. The conferees believe it would be premature for BBG and RFE/RL to proceed without a thorough explanation as to how specific relocation costs, as outlined in the report, will be absorbed in future years. The conferees direct BBG and RFE/RL to compile and submit a strategic funding plan for the intended relocation process no later than February 1, 2005. Until the long-term maintenance cost of a new building has been contemplated and endorsed by the BBG, no additional funds shall be provided to secure a site for relocation. The conferees expect funding decisions on the relocation to occur expeditiously given the expressed concern for the security of employees of RFE/RL.

The conferees direct the BBG to report on Al Hurra's coverage, audience, reception, and public response in the Arabic-speaking world. The report shall include the findings of an independent and validated public opinion poll.

The conference agreement includes language designating \$27,629,000 for Broadcasting to Cuba.

The conferees continue to support Radio Free Asia's broadcasting efforts in China, Tibet, Burma, Vietnam, North Korea, Laos, and Cambodia and VOA's efforts in North Korea. The conference agreement includes funding to continue daily Uyghur broadcasts.

The conferees expect the BBG to provide a spending plan to the Committees on Appropriations by no later than April 11, 2005.

BROADCASTING CAPITAL IMPROVEMENTS

The conference agreement includes \$8,560,000 for broadcasting capital improvements, as proposed by both the House and Senate.

The conferees expect the Board to keep the Committees on Appropriations informed on the status of its efforts to acquire additional transmission capabilities in the Middle East, including Egypt.

GENERAL PROVISIONS—DEPARTMENT OF STATE AND RELATED AGENCY

The conference agreement includes section 401, permitting the use of funds for allowances, differentials and transportation.

The conference agreement includes section 402 dealing with transfer authority.

The conference agreement includes section 403 prohibiting the use of funds by the Department of State or the Broadcasting Board of Governors to provide certain assistance to the Palestinian Broadcasting Corporation.

The conference agreement includes section 404 clarifying the responsibilities of the Senior Policy Operating Group on Trafficking in Persons. The conferees understand that the Operating Group has been actively meeting and performing its designated functions since enactment of Section 406 of division B of Public Law 108-7. The conferees agree that all anti-trafficking policies, grants and grant policies shall be covered by the provisions of Section 406 of division B of Public Law 108-7. The conference agreement also includes language clarifying that the Senior Policy Operating Group and its chairman are the coordinating body (and official) accountable for Federal anti-trafficking policies, grants and grant policies. The language also makes clear that the coordinating responsibilities of the Operating Group are not intended to supercede the decision making authority of the constituent members of the Task Force to Monitor and Combat Trafficking in Persons, to whom Operating Group members continue to report. The Operating Group is, and was intended to serve as, the forum for interagency coordination of anti-trafficking policies, even as final decisions regarding any such policies are necessarily vested with the President and the senior officials who comprise the Task Force. The conferees agree that the Senior Operating Group and its chair have successfully performed the coordinating functions assigned to them.

The conference agreement includes section 405 concerning the Department's counterterrorism rewards program.

The conference agreement includes section 406 regarding the recording of place of birth on certain passport applications.

The conference agreement includes section 407 requiring the provision of certain information to the Committees on Appropriations.

The conference agreement includes section 408 establishing and describing the functions of the Office of the Coordinator for Reconstruction and Stabilization.

The conference agreement includes section 409 requiring the Secretary of State to review staffing at all overseas posts.

The conference agreement includes section 410 waiving certain authorization requirements.

The conference agreement includes section 411 adjusting the United States assessments for the United Nations Peacekeeping Missions.

The conference agreement includes section 412 updating and conforming the Senior Foreign Service pay system.

The conference agreement includes section 413 clarifying the Department's authority to enter into settlements of claims.

TITLE V—RELATED AGENCIES

ANTITRUST MODERNIZATION COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$1,187,000 for the Anti-trust Modernization Commission, instead of \$1,200,000 as proposed by the House. The Senate did not fund this Commission.

COMMISSION FOR THE PRESERVATION OF AMERICA'S HERITAGE
ABROAD

SALARIES AND EXPENSES

The conference agreement includes \$499,000 for the Commission for the Preservation of America's Heritage Abroad as proposed by the House, instead of \$491,000 as proposed by the Senate. The conference agreement will allow the Commission to fund its administrative expenses through appropriated funds while relying on other sources of funding for actual purchase and restoration of property.

The conference agreement includes, by reference, language in the House report under this heading.

COMMISSION ON CIVIL RIGHTS

SALARIES AND EXPENSES

The conference agreement includes \$9,096,000 for the salaries and expenses of the Commission on Civil Rights, as proposed by both the House and Senate.

The conferees recommend language as included in previous years, which provides: (1) \$50,000 to employ consultants; (2) a limitation of four full-time positions under schedule C of the Excepted Service, exclusive of one special assistant for each Commissioner; and (3) a prohibition against reimbursing Commissioners for more than 75 billable days, with the exception of the chairperson, who is permitted 125 billable days.

COMMISSION ON INTERNATIONAL RELIGIOUS FREEDOM

SALARIES AND EXPENSES

The conference agreement includes \$3,000,000 for the Commission on International Religious Freedom, as proposed by the House. The Senate did not provide funding for this Commission. The conference agreement includes language providing authority for the Commission to procure temporary services for a study on the right to freedom of religion in North Korea.

The conference agreement includes, by reference, language in the House report under this heading.

COMMISSION ON SECURITY AND COOPERATION IN EUROPE

SALARIES AND EXPENSES

The conference agreement includes \$1,831,000 for the Commission on Security and Cooperation in Europe as proposed by the House, instead of \$1,598,000 as proposed by the Senate.

The conference agreement includes, by reference, language in the House report under this heading.

CONGRESSIONAL-EXECUTIVE COMMISSION ON THE PEOPLE'S
REPUBLIC OF CHINA

SALARIES AND EXPENSES

The conference agreement includes \$1,900,000 for the Congressional-Executive Commission on the People's Republic of China as proposed by the House, instead of \$1,781,000 as proposed by the Senate. The amount provided includes \$100,000 for the Political Prisoner Database as proposed by the House.

The conference agreement includes, by reference, language in the House report under this heading.

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$331,228,000 for the salaries and expenses of the Equal Employment Opportunity Commission (EEOC) for fiscal year 2005, instead of \$334,944,000 as proposed by the House and \$327,511,000 as proposed by the Senate.

The conference agreement adopts the House report language regarding the Alternative Dispute Resolution program, litigation support and outreach, and the New Freedom Initiative to remove barriers faced by people with disabilities. The conference agreement includes language regarding staffing levels in the field.

The conference agreement includes language prohibiting the Commission from taking further action to implement workforce repositioning, restructuring, or reorganization unless the Committees on Appropriations have been notified in advance of such proposals, in accordance with the reprogramming procedures under section 605 of this Act. In this regard, the conference agreement includes the House report language regarding a spending plan. The conference agreement also adopts the House report language regarding the submission of quarterly status reports on projected and actual spending levels, by function, for repositioning, and the continued submission of quarterly reports on agency spending and staffing levels.

The conferees again encourage the EEOC to use the experience the Fair Employment Practices Agencies (FEPAs) have in mediation as the Commission continues to expand its Alternative Dispute Resolution programs. The conference agreement also includes language similar to that included in previous Appropriations Acts allowing non-monetary awards to private citizens. Finally, the conference agreement provides up to \$2,500 for official reception and representation expenses.

FEDERAL COMMUNICATIONS COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$281,098,000 for the salaries and expenses of the Federal Communications Commission (FCC) for fiscal year 2005, instead of \$279,851,000 as proposed by the House and \$282,346,000 as proposed by the Senate. Of the amounts provided, \$280,098,000 is to be derived from offsetting fee collections, resulting in a net direct appropriation of \$1,000,000.

The conference agreement includes, by reference, language in the House report regarding travel payments and public notice requirements for broadcast applications. The conference agreement includes, by reference, language included in the Senate report on broadcast television standards.

The conference agreement allows the FCC to spend up to \$85,000,000 to administer the spectrum auctions program. The conference agreement incorporates, by reference, House report language regarding the FCC's accounting system.

The conferees are aware that members of the armed services and their families make extensive use of prepaid phone cards to stay in contact. The FCC is considering subjecting these cards to increased regulation. The conferees direct the FCC not to take any action that would directly or indirectly have the effect of raising the rates charged to military personnel or their families for telephone calls placed using prepaid phone cards.

Within amounts provided for on-going life cycle replacement of technical equipment in fiscal year 2005, the conferees encourage the FCC to follow through on its plan to modernize its Radio Frequency Radiation monitoring equipment by purchasing Selective Radiation Meter (SRM) units and anticipates that future budget requests will address replacement of outdated equipment.

FEDERAL TRADE COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$205,430,000 for the Federal Trade Commission (FTC), instead of \$203,430,000 as proposed by the House and \$207,730,000 as proposed by the Senate. Of the amounts provided, \$101,000,000 is derived from Hart-Scott-Rodino premerger filing fees, \$21,901,000 is derived from Do-Not-Call fees, and \$82,529,000 is derived from discretionary appropriations. The amount provided fully supports the budget request.

The conference agreement adopts by reference the Senate report language concerning the exposure of children to violent entertainment and on the Do-Not-Call program. The conference agreement also adopts by reference the Senate report language requiring a report on illegal pressure tactics applied to American fishermen who oppose mandatory country of origin labeling for seafood.

The conference agreement continues language that was included in the fiscal year 2004 bill regarding enforcement of certain provisions of the Federal Deposit Insurance Act.

HELP COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$1,000,000 for necessary expenses of the Helping to Enhance the Livelihood of People (HELP) Around the Globe Commission.

LEGAL SERVICES CORPORATION

PAYMENT TO THE LEGAL SERVICES CORPORATION

The conference agreement includes \$335,282,000 for the payment to the Legal Services Corporation, as proposed by the House, instead of \$335,000,000 as proposed by the Senate. The conference agreement includes \$1,833,000 to offset funding losses that have resulted from recent census-based reallocations. In addition to the amounts provided through the formula-based field grant program, the conferees direct LSC to distribute the additional \$1,833,000 to the ten states that suffered the greatest losses from the census reallocation, in order to restore them to the funding level they would have received under the Senate bill.

ADMINISTRATIVE PROVISION

The conference agreement includes bill language to continue the terms and conditions included under this section in previous Appropriations Acts.

MARINE MAMMAL COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$1,890,000 for the necessary expenses of the Marine Mammal Commission, as proposed by both the House and Senate.

NATIONAL VETERANS BUSINESS DEVELOPMENT CORPORATION

The conference agreement includes \$2,000,000 for the National Veterans Business Development Corporation as proposed by the House and the Senate. The conference report includes, by reference, House report language encouraging the Corporation to make its operations self-sustaining.

SECURITIES AND EXCHANGE COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$913,000,000 for the Securities and Exchange Commission, as proposed by the House and Senate.

Staffing.—In fiscal year 2003, the Commission received funding for 840 new positions to protect investors and implement the Sarbanes-Oxley Act. The conferees understand that the Commission has had difficulty hiring accountants and examiners and direct the Commission to continue to work to fill all of the previously funded 840 positions as well as the 106 newly funded positions as quickly as possible and to provide the Committees on Appropria-

tions with quarterly staffing reports. By April 15, 2005, the SEC shall report to the Committees on any proposals, including legislative changes, that may further the SEC's ability to hire to authorized levels and to retain quality employees.

The conference agreement adopts by reference the Senate report language concerning pay parity, enforcement, and information technology. The conference agreement adopts by reference the Senate report language requiring a monthly report to the Senate Appropriations Committee listing the exercise of stock options by corporate officers and directors. The conference agreement includes language requiring a report to the Senate Appropriations Committee justifying the recent rule that directors of mutual funds be independent.

Within 90 days of enactment of this Act, the SEC shall provide a report to the Senate Appropriations Committee analyzing the impact upon individual and institutional investors and competing securities markets of the so-called "trade through" provisions of the proposed SEC Regulation New Market Structure (NMS). In formulating its report, the SEC should examine whether and how the adoption of the "trade through" provisions would affect investors' ability to select the market where their securities trades will be carried out. The report shall also examine the interaction of automated and non-automated orders under Regulation NMS and the impact this would have on individual and institutional investors.

The conferees are pleased that the SEC has recently established an Office of Global Security Risk within the Division of Corporation Finance. The SEC should inform the investment community of the existence and relevance of the new Office through the following actions: (1) announce the establishment of the Office on the SEC website; (2) issue a press release or send a letter to leading U.S. investment community members alerting them to the establishment of the Office; (3) convene a conference to address the various dimensions of global security risk and appropriate ways that the investment community might respond to it; and (4) establish an effective global security risk disclosure process. The conferees expect the SEC to continue to provide quarterly reports on the Office's activities.

SMALL BUSINESS ADMINISTRATION

The conference agreement provides a total of \$579,516,000 for the five appropriations accounts of the Small Business Administration (SBA). Detailed guidance for the five SBA appropriation accounts is contained in the following paragraphs.

SALARIES AND EXPENSES

The conference agreement includes \$322,335,000 for the salaries and expenses account of the SBA instead of \$315,362,000 as proposed by the House and \$357,684,000 as proposed by the Senate. Of the amount provided under this heading, \$186,772,000 is for operating expenses of the SBA. In addition, a total of \$134,903,000 from other SBA accounts may be transferred to and merged with the salaries and expenses account resulting in a total availability of \$321,675,000. The additional amount consists of

\$126,653,000 from the Business Loans Program account and \$8,250,000 from the Disaster Loans Program account for the administrative expenses related to those accounts.

The conference agreement includes the full amount requested for Low Documentation Processing Centers and the conferees expect the SBA to continue to help small businesses adapt to a paperless procurement environment.

The conferees adopt by reference the House report language concerning the loan monitoring system. The conferees adopt by reference the requirement to provide a report on the e-gov program and the agency's efforts to increase efficiency and improve customer service.

Non-Credit Programs.—The conference agreement includes the following for the non-credit programs of the SBA:

National Ombudsman	\$500,000
Advocacy Research	1,100,000
Veterans Programs	750,000
7(j) Technical Assistance Programs	1,500,000
Small Business Development Centers	89,000,000
SCORE	5,000,000
Women's Business Centers	12,500,000
Women's Business Council	750,000
Native American Outreach	1,000,000
Drug-free Workplace Program	1,000,000
Microloan Technical Assistance	14,000,000
PRIME Technical Assistance	5,000,000
HUBZones	1,979,000
US Export Assistance	1,484,000
Total, non-credit programs	135,563,000

The SBA shall not reduce these non-credit programs to fund operating costs. The conferees adopt by reference the House and Senate report language regarding Native American Outreach. The conferees adopt by reference the Senate report language regarding the Small Disadvantaged Business Program. The conferees adopt by reference the House and Senate report language regarding Small Business Development Centers (SBDCs), including the House direction to work with the manufacturing sector and continue to support the defense transition program at no less than the fiscal year 2004 level. The conferees adopt by reference the Senate report language concerning HUBZones.

Of the amounts provided for the SBDC program, \$500,000 shall be available for the South Carolina Women's Business Center (WBC).

The conference agreement includes language allowing WBCs in sustainability status to continue to receive grants and designates 48 percent of the total WBC funding for centers in sustainability status.

OFFICE OF INSPECTOR GENERAL

The conference agreement includes \$13,014,000 for the Office of Inspector General of the Small Business Administration as proposed by the Senate instead of \$14,500,000 as proposed by the House. The conference agreement includes language allowing \$500,000 to be transferred to this account from the Disaster Loans Program for oversight costs related to that program. The conferees

adopt by reference the Senate report language regarding reorganization.

SURETY BOND GUARANTEES REVOLVING FUND

The conference agreement includes \$2,900,000 under this account, instead of \$11,400,000 as provided by the Senate and \$9,900,000 as provided by the House.

BUSINESS LOANS PROGRAM ACCOUNT

The conference agreement includes \$128,108,000 under this account, consisting of \$1,455,000 for subsidies for direct business loans and \$126,653,000 for administrative expenses related to business loan programs. The amount provided for administrative expenses may be transferred to and merged with the appropriation for SBA salaries and expenses to cover the common overhead expenses associated with business loans. The conferees agree that, in the event of an economic downturn, the policy of zero subsidy for the 7(a) program shall be revisited.

DISASTER LOANS PROGRAM ACCOUNT

The conference agreement includes \$113,159,000 for the Disaster Loans Program Account, instead of \$195,887,000 as proposed by the House and \$178,909,000 as proposed by the Senate. The conference agreement includes no new budget authority for the subsidy costs of disaster loans but includes \$113,159,000 for administrative expenses of the disaster loan program.

Within the \$113,159,000 provided for administrative expenses, \$500,000 is available for the Office of Inspector General, \$104,409,000 is available for direct administrative expenses of loan making and servicing, and \$8,250,000 is available to be transferred to the Salaries and Expenses account for indirect costs of the program.

The conferees understand that the emergency appropriations provided in response to natural disasters at the end of fiscal year 2004 may exceed the actual need for loans to affected businesses and individuals. The conferees expect that the surplus of subsidy budget authority from emergency appropriations will be sufficient to cover an average annual loan program level. For this reason, the conference agreement does not provide an additional subsidy appropriation for fiscal year 2005. The conferees expect the SBA to continue to request regular discretionary appropriations to cover an average annual disaster loan program level in future budget requests. The conferees request that the SBA provide a monthly status report on disaster loan activity to the Committees on Appropriations.

By April 15, 2005, the SBA should also provide to the Committees on Appropriations a report describing various methodologies for calculating annual estimates of disaster loan volume. The report should explain the current rolling historical average methodology and also present other reasonable options to determine requirements in light of the recent years of low disaster activity. In addition, the report should include information on various meth-

odologies to project loan volume once a disaster declaration has occurred.

ADMINISTRATIVE PROVISION—SMALL BUSINESS ADMINISTRATION

The conference agreement includes bill language allowing transfers between accounts.

STATE JUSTICE INSTITUTE

SALARIES AND EXPENSES

The conference agreement provides \$2,613,000 for the State Justice Institute (SJI), instead of \$2,227,000 as proposed by the House and \$3,000,000 as proposed by the Senate. The conference agreement incorporates by reference the House report language regarding the Office of Justice Programs and sources of non-Federal funding.

UNITED STATES-CHINA ECONOMIC AND SECURITY REVIEW
COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$3,000,000 as proposed by the House for the necessary expenses of the United States-China Economic and Security Review Commission, instead of \$2,300,000 as proposed by the Senate. This level includes not more than \$5,000 for the purpose of official representation. The conference agreement includes language making funding available until expended, as proposed by the Senate. The conference agreement also includes \$1,000,000 for the expansion of the Commission's research programs and enhanced outreach efforts, as proposed by the House.

The conference agreement incorporates, by reference, the Senate report language directing the Commission to conduct certain research and provide a report no later than May 1, 2005.

UNITED STATES INSTITUTE OF PEACE

OPERATING EXPENSES

The conference agreement includes \$23,000,000 for the United States Institute of Peace. Within the amounts provided, including prior year funding, the Institute may use such funds as necessary for advance architectural work and planning related to a new headquarters facility.

In addition, the conferees direct the Institute to create a task force to study the United Nations' efforts to meet the goals of its charter as signed in June of 1945. This study should address obstacles to achieving such goals, especially the goal of maintaining international peace and security and the promotion of universal respect for and observance of human rights and fundamental freedoms. The conferees are deeply troubled by the inaction of the United Nations on many fronts, especially in regard to the genocide in Darfur, Sudan, and the allegations of corruption regarding the United Nations Oil-For-Food program. The task force should consist of experts from the following public policy forums: American Enterprise Institute, Brookings Institution, Council on Foreign Re-

lations, Center for Strategic and International Studies, Hoover Institution, and Heritage Foundation. The conferees anticipate the task force would not include more than 12 members. The conferees expect the results of the study to be presented to the Committees on Appropriations within 180 days of the enactment of this Act.

UNITED STATES SENATE-CHINA INTERPARLIAMENTARY GROUP
SALARIES AND EXPENSES

The conference agreement includes an appropriation of \$100,000 for the salaries and expenses of the United States Senate-China Interparliamentary Group as proposed by the Senate. Funding for the Interparliamentary Group was not included in the House bill.

TITLE VI—GENERAL PROVISIONS

(INCLUDING RESCISSIONS)

The conference agreement includes the following General Provisions:

Sec. 601. The conference agreement includes section 601 regarding the use of appropriations for publicity and propaganda purposes.

Sec. 602. The conference agreement includes section 602 regarding the availability of appropriations for obligation beyond the current fiscal year.

Sec. 603. The conference agreement includes section 603 regarding the use of funds for consulting purposes.

Sec. 604. The conference agreement includes section 604 providing that should any provision of the Act be held to be invalid, the remainder of the Act would not be affected.

Sec. 605. The conference agreement includes section 605 regarding the policy by which funding available to the agencies funded under this Act may be reprogrammed for other purposes.

Sec. 606. The conference agreement includes section 606 regarding the construction, repair, or modification of National Oceanic and Atmospheric Administration vessels in overseas shipyards.

Sec. 607. The conference agreement includes section 607 prohibiting funds in the bill from being used to implement, administer, or enforce any guidelines of the Equal Employment Opportunity Commission (EEOC) similar to proposed guidelines covering harassment based on religion published by the EEOC in October 1993.

Sec. 608. The conference agreement includes section 608 regarding the purchase of American made products.

Sec. 609. The conference agreement includes section 609 prohibiting the use of funds for any United Nations peacekeeping mission that involves U.S. Armed Forces under the command or operational control of a foreign national unless the President certifies that the involvement is in the national security interest.

Sec. 610. The conference agreement includes section 610 that requires agencies to provide quarterly reports to the Committees on Appropriations regarding unobligated balances.

Sec. 611. The conference agreement includes section 611 that prohibits use of funds to expand the U.S. diplomatic presence in Vietnam beyond the level in effect July 11, 1995, unless the President makes a certification that several conditions have been met regarding Vietnam's cooperation with the United States on POW/MIA issues.

Sec. 612. The conference agreement includes section 612 requiring agencies and departments funded in this Act to absorb any necessary costs related to downsizing or consolidation within the amounts provided to the agency or department.

Sec. 613. The conference agreement includes section 613 regarding the sale or export of tobacco or tobacco products.

Sec. 614. The conference agreement includes section 614 extending the prohibition on the use of funds to issue a visa to any alien involved in extrajudicial and political killings in Haiti, including exemption and reporting requirements.

Sec. 615. The conference agreement includes section 615 that prohibits a user fee from being charged for background checks conducted pursuant to the Brady Handgun Control Act of 1993, and prohibits implementation of a background check system which does not require or result in destruction of certain information.

Sec. 616. The conference agreement includes section 616 regarding amounts available under the Crime Victims Fund.

Sec. 617. The conference agreement includes section 617 prohibiting the use of Department of Justice funds for programs that discriminate against, denigrate, or otherwise undermine the religious beliefs of students participating in such programs.

Sec. 618. The conference agreement includes section 618 prohibiting the use of funds appropriated or otherwise made available to the Department of State to process visas for citizens of countries that the Secretary of Homeland Security has determined deny or delay accepting the return of deported citizens.

Sec. 619. The conference agreement includes section 619 providing additional amounts for the Small Business Administration.

Sec. 620. The conference agreement includes section 620 regarding the Small Business Administration Disaster Loans Program.

Sec. 621. The conference agreement includes section 621 regarding transfers of funds.

Sec. 622. The conference agreement includes section 622 regarding the implementation of telecommuting programs.

Sec. 623. The conference agreement includes section 623 regarding the negotiation or reevaluation of international agreements.

Sec. 624. The conference agreement includes section 624 regarding firearms tracing studies.

Sec. 625. The conference agreement includes section 625 regarding international child abduction.

Sec. 626. The conference agreement includes section 626 regarding patents.

Sec. 627. The conference agreement includes section 627 regarding the United Nations.

Sec. 628. The conference agreement includes section 628 that requires the Department of Justice, the Department of Homeland Security, and the Department of State to jointly submit a report.

Sec. 629. The conference agreement includes section 629 regarding Capital Security Cost Sharing.

Sec. 630. The conference agreement includes section 630 regarding Capital Security Cost Sharing.

Sec. 631. The conference agreement includes section 631 requiring that the Secretary of State make a determination on recent events and support the investigation and prosecution of war crimes and crimes against humanity in the Darfur Region of Sudan.

Sec. 632. The conference agreement includes section 632 that prohibits the use of funds to support or justify the use of torture.

Sec. 633. The conference agreement includes section 633 that addresses the Drug Enforcement Administration's diversion control program.

Sec. 634. The conference agreement includes section 634 prohibiting the use of funds to change rules governing the Universal Service Fund.

Sec. 635. The conference agreement includes section 635 concerning certain unobligated balances.

Sec. 636. The conference agreement includes section 636 regarding the National Veterans Business Development Corporation.

Sec. 637. The conference agreement includes section 637 regarding Capital Security Cost Sharing.

Sec. 638. The conference agreement includes section 638 regarding Federal Communications Commission properties.

Sec. 639. The conference agreement includes section 639 prohibiting certain uses of funds.

Sec. 640. The conference agreement includes section 640 regarding amounts provided in this Act.

TITLE VII—RESCISSIONS

DEPARTMENT OF JUSTICE

GENERAL ADMINISTRATION

WORKING CAPITAL FUND

(RESCISSION)

The conference agreement includes a rescission of \$60,000,000 from unobligated balances in this account. The Senate proposed a \$44,000,000 rescission for this account under Title VI.

LEGAL ACTIVITIES

ASSET FORFEITURE FUND

(RESCISSION)

The conference agreement includes a rescission of \$61,800,000 from unobligated balances in this account. The Senate proposed a \$30,000,000 rescission for this account under Title VI.

JUSTICE ASSISTANCE

(RESCISSION)

The conference agreement includes a rescission of \$1,619,000 from this account. These balances result from deobligations of prior year grant funding. Amounts available for the Missing Children's Program, the National White Collar Crime Center and Regional Information Sharing System shall not be rescinded.

STATE AND LOCAL LAW ENFORCEMENT ASSISTANCE

(RESCISSION)

The conference agreement includes a rescission of \$29,380,000 from unobligated balances in this account, instead of \$20,000,000 as proposed by the House. These balances result from deobligations of prior year grant funding. Amounts available for Tribal Courts and Indian Prison Construction shall not be rescinded.

COMMUNITY ORIENTED POLICING SERVICES

(RESCISSION)

The conference agreement includes a rescission of \$99,000,000 from unobligated balances in this account, instead of \$61,000,000 as proposed by the House. These balances result from deobligations of prior year grant funding.

JUVENILE JUSTICE

(RESCISSION)

The conference agreement includes a rescission of \$3,500,000 from unobligated balances in this account. These balances result from deobligations of prior year grant funding. Amounts available for Tribal Youth and Alcohol Prevention shall not be rescinded.

DEPARTMENT OF COMMERCE

NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY

INDUSTRIAL TECHNOLOGY SERVICES

(RESCISSION)

The conference agreement includes a rescission of \$3,900,000 from unobligated balances in this account. These balances are prior year Advanced Technology Program funds.

RELATED AGENCIES

FEDERAL COMMUNICATIONS COMMISSION

SALARIES AND EXPENSES

(RESCISSION)

The conference agreement includes a rescission of \$12,000,000 from unobligated balances under this heading. The conferees agree that this rescission represents an amount available from prior year excess fee collections.

TITLE VIII—PATENT AND TRADEMARK FEES

The conference agreement includes language regarding patent and trademark fees.

TITLE IX—OCEANS AND HUMAN HEALTH ACT

The conference agreement includes language regarding the oceans and human health.

CONFERENCE TOTAL—WITH COMPARISONS

The total new budget (obligational) authority for the fiscal year 2005 recommended by the Committee of Conference, with comparisons to the fiscal year 2004 amount, the 2005 budget estimates, and the House and Senate bills for 2005 follow:

[In thousands of dollars]	
New budget (obligational) authority, fiscal year 2004	\$42,242,023
Budget estimates of new (obligational) authority, fiscal year 2005	43,216,594
House bill, fiscal year 2005	43,483,066
Senate bill, fiscal year 2005	43,467,214
Conference agreement, fiscal year 2005	43,681,207
Conference agreement compared with:	
New budget (obligational) authority, fiscal year 2004	+1,439,184
Budget estimates of new (obligational) authority, fiscal year 2005	+464,613
House bill, fiscal year 2005	+198,141
Senate bill, fiscal year 2005	+213,993

DIVISION C—ENERGY AND WATER DEVELOPMENT
APPROPRIATIONS ACT, 2005

TITLE I—DEPARTMENT OF DEFENSE—CIVIL

DEPARTMENT OF THE ARMY

CORPS OF ENGINEERS—CIVIL

The summary tables at the end of this title set forth the conference agreement with respect to the individual appropriations, programs and activities of the Corps of Engineers. Additional items of the conference agreement are discussed below. House report 108–554 is presumed to have effect unless contradicted by this statement of the managers.

CONTINUING CONTRACTS AND REPROGRAMMING

Construction of a single water resource project requires tremendous flexibility. Water resource projects are constructed in physically challenging locations. By their nature, these projects involve large mobilization costs and great uncertainties. The Corps of Engineers has been tasked with providing hundreds of water infrastructure projects in challenging locations throughout the country. Historically, the Corps has done an outstanding job of managing these great water resource projects and has provided the water infrastructure that has greatly contributed to our economic security.

The conferees recognize that one of the greatest tools that the Corps of Engineers has for managing its nationwide water resources infrastructure program is the ability to award multiyear

continuing contracts. When an agency is managing, literally, hundreds of construction projects throughout the country, problems are inevitable. These can range from flood, to drought, to funding shortfalls, to unanticipated hazardous wastes encountered in the construction site, discovery of unanticipated cultural resources. Any one of these items can bring a project to a temporary halt or slow construction. By the same token, projects can be accelerated due to mild winters or below average flows on a river allowing a longer construction season and more work to be done and more funds to be utilized.

Continuing contracts allow the Corps to award large construction elements of a project to take advantage of the economies of scale available to construction contractors. Allowing these large construction elements to be managed over several years without requiring contracts to be fully funded before construction begins affords the Corps the ability to more efficiently manage multiple construction contracts. Multiyear funding, and the ability to reprogram funds, are tools that have allowed the Corps to maximize scarce resources to try to do as much as possible with the resources available to them; they also left the Corps open to charges that it has put contractors in charge of managing its funds.

The conferees have expressed concerns in the past that Corps of Engineers construction projects may have used the continuing contracts clause and the ability to reprogram funds to award some construction contracts that may not have been fiscally prudent, in light of current budget realities. However, many of these construction contracts were awarded when surplus funds were available allowing reprogramming of funds to make up for budget shortfalls. This process has resulted in most surplus funds being expended, leaving the Corps with very little flexibility to cover the financial obligations of the construction contracts. This has resulted in an increased number of reprogrammings necessary to satisfy as many of the Corps' financial obligations as possible.

The conferees believe that the Corps has made great strides in resolving these financial issues by applying more stringent controls on financial obligations allowed on multiyear contracts and will allow the Corps to continue to resolve this situation. However, the conferees caution the Corps that it must regain control of all aspects of program execution and execute the program appropriated to it. The use of continuing contracts and reprogramming of funds is a privilege afforded by this conference—a privilege that can be revoked. The House and Senate Appropriations Committees will continue to monitor this situation and require the Corps to provide quarterly written updates to the Committees on its efforts to better manage continuing contracts and to award contracts better suited to responsible management.

Due to the increased number of reprogrammings that are being undertaken by the Corps, the conferees believe new guidelines are needed to help monitor reprogramming of funds. The conferees recognize that the increase in reprogrammings is not entirely the fault of the Corps of Engineers. However, reprogramming guidelines have not been examined in many years, and the conferees believe that it would be prudent to reexamine this privilege. Therefore, the conferees are providing the following guidelines:

Reprogramming Authorities.—The conferees require the Corps to inform the Committees promptly and fully when a change in program execution and funding is required during the fiscal year. The following guidance is provided for Corps Civil Works programs and activities funded in the Energy and Water Development Appropriations Act.

Definition.—A reprogramming includes the reallocation of funds from one activity to another within an appropriation, or any significant departure from a program, project, or activity described in the agency's budget justifications presented to and approved by Congress. For construction projects, a reprogramming constitutes the reallocation of funds from one construction project or a significant change in the scope of an approved project.

General Criteria for Reprogramming.—Reprogramming is allowed only within an appropriation, with the exception, as now exists, that Flood Control and Coastal Emergency may be augmented when necessary from other Corps Civil Works appropriations. Reprogramming is allowed into only previously appropriated activities or those identified in a bill as "within available funds." Reprogrammings should not be employed to initiate new programs (unless specifically approved by both House and Senate Appropriations Committees) or to change program, project, or activity allocation in the Act or report. In cases where unforeseen events or conditions are deemed to require such changes, proposals shall be submitted in advance to the House and Senate Appropriations Committees and be fully explained and justified.

REPROGRAMMING GUIDANCE

General Investigations.—Reprogramming a cumulative total of up to 25 percent of the appropriated funding level between studies or programs under this heading without approval of either House of Congress, is permitted. However, the Chief of Engineers shall provide a quarterly report to both House and Senate Appropriations Committees of all reprogrammings in excess of \$250,000 but less than \$500,000 for individual studies or programs. Approval of both House and Senate Appropriations Committees is required for cumulative reprogrammings in excess of \$500,000 for individual studies or programs. Restoration of prior year savings and slippage shall not count toward the cumulative total. The conferees do not object to reprogramming up to \$50,000 to any continuing study or program that did not receive an appropriation or where the percentage limit is less than \$50,000. All funds used to source reprogrammings described above should be surplus to current year needs for that effort.

Construction General.—Reprogramming a cumulative total of up to 15 percent of the appropriated funding level between projects or programs under this heading without approval of either House of Congress, is permitted. However, the Chief of Engineers shall provide a quarterly report to both House and Senate Appropriations Committees of all reprogrammings in excess of \$4,000,000 but less than \$7,000,000 for individual projects or programs. Approval of both House and Senate Appropriations Committees is required for cumulative reprogrammings in excess of \$7,000,000 for individual projects or programs. Restoration of prior year savings and

slippage shall not count toward the cumulative total. The conferees do not object to reprogramming up to \$300,000 to any continuing project or program that did not receive an appropriation or where the percentage limit is less than \$300,000. All funds used to source reprogrammings described above should be surplus to current year needs for that effort.

Operation and Maintenance.—Unlimited reprogramming authority is granted in order for the Corps to be able to respond to emergencies. The Chief of Engineers must notify the House and Senate Appropriations Committees as soon as practicable of these emergency situations. For all other reprogrammings, a cumulative total of up to 50 percent of the appropriated funding level between projects or programs under this heading without approval of either House of Congress, is permitted. However, the Chief of Engineers shall provide a quarterly report to both House and Senate Appropriations Committees of all reprogrammings in excess of \$5,000,000 but less than \$10,000,000 for individual projects or programs. Approval of both House and Senate Appropriations Committees is required for cumulative reprogrammings in excess of \$10,000,000 for individual projects or programs. Restoration of prior year savings and slippage shall not count toward the cumulative total. The conferees do not object to reprogramming up to \$300,000 to any continuing project or program that did not receive an appropriation or where the percentage limit is less than \$300,000. All funds used to source reprogrammings described above should be surplus to current year needs for that effort.

Mississippi River and Tributaries.—The Corps should follow the same reprogramming guidelines for the General Investigations, Construction, and Operation and Maintenance portions of the Mississippi River and Tributaries Account as listed above.

GENERAL INVESTIGATIONS

The conference agreement appropriates \$144,500,000 for General Investigations.

Floodplain Management Services.—The conferees have provided \$6,813,000 for the Floodplain Management Services program, including \$776,000 to complete the Geographic Information System for East Baton Rouge, Louisiana; \$200,000 for a Blind Brook, City of Rye, New York, hydrological analysis; and \$1,000,000 for the Hurricane Preparedness Studies for the State of Hawaii and the U.S. Territories in the Pacific and the Caribbean.

Coastal Field Data Collection.—The conference agreement provides \$4,875,000 for the Coastal Field Data Collection program. Funds are provided in the amount of \$1,000,000 for the Southern California Beach Process Study, not less than \$1,000,000 for continuation of the Coastal Data Information Program, and \$1,000,000 for the State of Hawaii, the U.S. Territories in the Pacific and Caribbean, and \$1,000,000 for the Pacific Island Ocean Typhoon Experiment [PILOT].

Research and Development.—Within the funds provided for the Corps of Engineers Research and Development Program, \$2,000,000 is provided for innovative technology demonstrations for urban flooding and channel restoration. These demonstrations shall be conducted in close coordination and cooperation with the Urban

Water Research Program of the Desert Research Institute of Nevada. In addition, within the funds provided for the Corps of Engineers Research and Development Program \$500,000 is provided to undertake and fund a demonstration project utilizing the Rapid Environmental Decision Support Environment software to fill current technology gaps in the GIS-based approaches with respect to post-natural disaster analysis. The conferees have also included \$1,000,000 to continue work in the area of Submerged Aquatic Vegetation or "seagrasses" and restoration efforts in the Chesapeake Bay, Maryland and Virginia.

Upper Trinity River Basin, Texas.—The conference report provides additional funding to proceed with Planning, Engineering and Design and continue preparation and coordination of an Environmental Impact Statement associated with the locally-preferred alternative for the Central City River Segment of the Trinity River Vision Master Plan dated April 2003.

Connecticut River Ecosystem Restoration, Vermont and New Hampshire.—The conference has provided \$50,000 to initiate feasibility studies for the West and Ashuelot Rivers.

Other Coordination Programs.—The conferees have provided \$4,300,000 for the Other Coordination Programs. Within the funds provided, \$500,000 is to continue work associated with the Lake Tahoe Federal Interagency Partnership.

Planning Assistance to States.—The amount provided for the Planning Assurances to States Program includes \$100,000 for the Arkansas River Corridor Master Plan; \$100,000 to continue the Ingham County, Michigan, Geographic Information System Study; \$100,000 to finish the Arkansas River Corridor Master Plan, Oklahoma; \$100,000 to initiate geotechnical investigations of a proposed damsite near Mangum, Oklahoma; \$250,000 to initiate a groundwater study for Greene County, Missouri; \$134,000 to complete the Memphis Riverfront Development, Tennessee, study; \$200,000 for Central Oahu, Hawaii; \$500,000 for Lake Champlain, Vermont; \$500,000 for remote sensing in New Mexico; \$150,000 for Lake Rogers, North Carolina; and \$150,000 to conduct an evaluation of recreation supply and demand in New Castle County, Delaware. Also included is \$250,000 to continue a New Jersey Marine Fish Evaluation Study. The Corps of Engineers is urged to consider using the Fisheries Conservation Trust, formerly known as the Save the Fish Foundation, to carry out this investigation. Within funds provided for this program, the Corps is directed to work with the Chagrin River Land Conservancy to develop strategies for preserving, and acquisition of funding for preservation of the properties known as Wilde Fields and Mayer Preserve in Cuyahoga County, Ohio.

The conferees are aware of the potential benefits of incorporating modular plastic belting technology into fish screen devices. Accordingly, the conferees urge the Corps to consider deployment of this technology in the full range of viable fish screen configurations, including submersible traveling screens. Furthermore, the conferees look forward to reviewing the agency's assessment of the technology as compared to other available fish screen devices.

CONSTRUCTION, GENERAL

The conference agreement appropriates \$1,796,089,000 for Construction, General.

Red River Below Denison Dam, Arkansas, Louisiana, Oklahoma, and Texas.—The conferees have provided \$750,000 for levee rehabilitation in Arkansas and Louisiana.

American River Watershed (Folsom Dam Mini-Raise), California.—Within funds provided for the American River Watershed (Folsom Dam Mini-Raise), California, project, the Corps is directed to continue design of the Folsom Dam replacement road and permanent bridge to assure their completion at the earliest possible date consistent with the pace of the Mini-Raise project as a whole.

The conferees include language directing the Corps of Engineers to expend its full capability, up to \$5,000,000, to advance the permanent bridge to replace Folsom Bridge Dam Road, Folsom, California, as authorized by the Energy and Water Development Appropriations Act, 2004 (P.L. 108–137) with all remaining funds devoted to the Mini-Raise. The conferees are aware of reports that there have been attempts to place obstacles in the way of this work, and insist that it be allowed to proceed, unimpeded.

Florida Keys Water Quality Improvements, Florida.—The conferees have provided \$2,250,000 for the implementation of wastewater and stormwater improvements and believe these efforts should be carried out in coordination with the ongoing Everglades restoration work.

Olmsted Locks and Dam, Ohio River, Illinois & Kentucky.—None of the funds provided for the Olmsted Locks and Dam Project are to be used to reimburse the Claims and Judgment Fund.

J. Bennett Johnston Waterway, Louisiana.—The conferees have provided \$13,000,000 for construction of navigation channel refinement features, land purchases and development for mitigation of project impacts, and construction of project recreation features and appurtenant features.

Chesapeake Bay Environmental Restoration and Protection Program, Maryland and Virginia.—The conference recommendation includes \$1,500,000 for this project. Within the funds provided, \$400,000 is provided to continue environmental studies of non-native oysters.

The conferees expect the Corps, in conducting the Environmental Impact Statement [EIS] for introducing non-native oyster species into the Chesapeake Bay, to consider all alternatives, including restoration of native oyster species. The conferees also expect that the EIS will address the research gaps identified in the National Research Council report titled “Non-native Oysters in the Chesapeake Bay” and the Chesapeake Bay Program Scientific and Technical Advisory Committee report on the same subject.

Rural Montana, Montana.—The conferees have provided \$2,000,000 for the Rural Montana project. Within the funds provided the Corps is directed to give consideration to projects at Belgrade, Manhattan, Livingston, Butte, Helena, and Drummond, Montana. Other communities that meet the program criteria should be considered as funding allows.

Rural Nevada, Nevada.—The conferees have provided \$20,000,000 for the Rural Nevada project. Within the funds provided the Corps is directed to give consideration to projects at Boulder City, Lyon County (Carson River Regional Water System), Gerlach, Incline Village, Lawton-Verdi, Esmeralda County, Churchill County, West Wendover, Searchlight, Yerington, Virgin Valley Water District, Lovelock, Carson City, Hemenway Valley Wastewater treatment and Huffaker Hills Reservoir Water Conservation Nevada. Other communities that meet the program criteria should be considered as funding allows.

Tropicana and Flamingo Washes, Nevada.—The conferees have provided \$24,000,000 to continue construction of this flood control project. The conference recommendation includes \$3,000,000 for work performed in accordance with Section 211 of Public Law 104-303.

Central New Mexico, New Mexico.—The conference has included \$5,000,000 for this project which includes funding to continue the Black Mesa project begun in fiscal year 2004.

Middle Rio Grande Flood Protection, New Mexico.—The conferees have included \$300,000 to continue the Belen, Mountainview, and Isleta General Reevaluation Report.

Fire Island Inlet to Montauk Point, New York.—The conferees have included additional funding for the continuation of the reformulation study.

Ohio Environmental Infrastructure, Ohio.—The bill contains \$22,000,000 for the Ohio Environmental Infrastructure program authorized by section 594 of the Water Resources Development Act of 1999. The amount provided includes: \$15,000 for the Jackson County water line project; \$100,000 for the Morgan County, Bishopville, water project; \$475,000 for the Morgan County, McConnelsville, storm water project; \$1,000,000 for the Muskingum County, Zanesville, wastewater treatment facility; \$25,000 for the Vinton County, Arbaugh/Hope water line extension; \$350,000 for the Buckeye Lake, water line project; \$500,000 for the Hancock County, Village of Janera, wastewater collection system; \$1,000,000 for the Village of West Jefferson, water treatment facility; \$1,000,000 for the City of Louisville, protection for wastewater treatment plant; \$2,000,000 for the Stark County, Zimber Ditch project; \$500,000 for the Noble County, sewer system; \$500,000 for the Youngstown, Orchard Meadow Combined Sewer Overflow project; \$500,000 for the Lake County, Concord Township sanitary sewer line improvement; \$100,000 for the Lake County, Perry Township, Shepard Road waterline extension; \$900,000 for the Lake County, Village of Perry, Sanitary sewer system; \$1,000,000 for the Toledo Combined Sewer Overflow project; \$1,000,000 for the Tech Town Dayton Technology Campus water and sewer project; \$2,500,000 for the University of Dayton, Brown and Stewart water and sewer project; \$640,000 for the Clinton County, Clinton Massie School District sewer project; \$1,500,000 for the Springfield Applied Research and Technology Park water and sewer project; \$700,000 for the Clark County Southwest Regional Waste Water Treatment Plant expansion; \$500,000 for Clark County, Village of Donnelsville sewer system project; \$1,350,000 for the Fayette County, Village of Bloomingberg, Waste Water Treatment Plant; \$100,000 for the

Pickaway County, Harrison and Madison Township water and sewer project; \$150,000 for the Village of Corning water and sewer project; \$1,880,000 for the Scioto County, Minford Wastewater Treatment Facility; and \$250,000 for the City of Dayton, Northeast Quadrant water and sewer infrastructure.

Columbia River Treaty Fishing Sites, Oregon and Washington.—The conferees have included \$700,000 for facilities at White Salmon, WA.

Elk Creek Lake, Oregon.—Funds provided in this Act and funds previously appropriated for the Elk Creek Lake, Oregon, project are available to plan and implement long-term management measures at the project to maintain the project in an uncompleted state, including design and construction of a permanent trap-and-haul facility to replace the existing, interim facility. Funds may not be used for any further work on the Corps of Engineers proposal to remove a section of the dam for fish passage.

Cheyenne River Sioux Tribe, Lower Brule Sioux, South Dakota.—The conference notes that Title IV of the Water Resources Development Act of 1999, as amended, authorizes funding to pay administrative expenses, implementation of terrestrial wildlife plans, activities associated with land transferred or to be transferred, and annual expenses for operating recreational areas. The conferees have included \$5,750,000 for this effort. Within the funds provided, the conference directs that not more than \$1,000,000 shall be provided for administrative expenses, and that the Corps is to distribute the remaining funds as directed by Title IV to the State of South Dakota, the Cheyenne River Sioux Tribe and the Lower Brule Sioux Tribe.

Rural Utah, Utah.—The conference has provided \$1,000,000 for this project and encourages the Corps to proceed with those projects which are eligible and are prepared to move forward.

Columbia River Fish Mitigation, Avian Predation, Columbia/Snake River Basin, Washington, Oregon, and Idaho.—The conferees are aware of the need to investigate the effect of avian predation on the survival of listed salmon and steelhead in the Columbia/Snake River Basin and directs the Secretary to provide up to \$750,000, as needed, from the Columbia River Fish Mitigation project for this purpose. The conference expects the Corps of Engineers to coordinate with the Secretary of Commerce and the Secretary of the Interior to develop an implementation plan and initiate actions to reduce avian predation where such actions are determined to be biologically and cost effective.

Aquatic Plant Control Program.—The conferees have included \$4,500,000 for the Aquatic Plant Control program's base research and development activities. In an effort to maximize limited funding for eradication and harvesting, the conference strongly recommends that these efforts be undertaken only where a local sponsor agrees to provide 50 percent of the cost of the work. Within the funds provided, \$300,000 is for a cost shared effort with the State of South Carolina and \$400,000 is for a cost shared effort with the State of Vermont and \$100,000 is for the control of aquatic nuisance vegetation in the Potomac and Tributaries, Virginia, Maryland, and District of Columbia. The conference urges the Corps to establish a cost shared program with the State of Hawaii.

Beneficial Uses of Dredged Material.—The conference recommendation includes \$6,000,000. Within the funds provided \$3,000,000 is for Morehead City Harbor, NC.

Dam Safety and Seepage/Stability Correction Program.—The conference recommendation includes \$10,500,000 for the program. Within the funds provided, \$3,000,000 is provided for the Corps to complete work on Waterbury Dam in Vermont.

Shoreline Erosion Control and Development and Demonstration.—The conference recommendation includes \$7,000,000. Within the funds provided \$400,000 is provided for Sacred Falls, Hawaii.

Continuing Authorities Program (CAP).—The conference departs from its usual practice in the presentation of CAP projects chosen for funding. In previous conference reports, CAP funding for individual projects was presented in an unstructured text form. For fiscal year 2005, in order to increase uniformity and simplify use of the report, CAP funding will be shown in a table, with information limited to identification of the CAP authority under which the project is authorized, the name of the project, and the amount of funding provided.

The conferees are aware that many projects selected for funding under the Continuing Authorities Program have not received any funds due to overwhelming demand and limited funding authority within the Continuing Authorities Program. The conference directs that such projects should receive priority consideration for any available such funds, in fiscal 2005, and in the future.

The continuing project authorities listed below, allow the Corps great flexibility to respond to various, limited-scope, water resource problems facing communities throughout the Nation. This program has proven to be remarkably successful in providing a quick response to serious local problems. These problems range from flood control and navigation to bank stabilization and environmental restoration. The conferees have provided funds in excess of the budget request for virtually all of these accounts. As a general rule, once a project has received funds for the initial phases of any of these authorities, the project will continue to be funded as long as it proves to be environmentally sound, technically feasible, and economically justified, as applicable. With this in mind, the conference has chosen to limit explicit direction of these project authorities.

The conferees are aware that there are funding requirements for ongoing, continuing authorities projects that may not be accommodated within the funds provided for each program. It is not the conference's intent that ongoing projects be terminated. If additional funds are needed to keep ongoing work in any program on schedule, the conference urges the Corps to reprogram the necessary funds.

Small Flood Control Projects (Section 205).—Funding for the Zimmer Ditch, Stark County, Ohio project is now provided under the Ohio Environmental Infrastructure program. The conference is informed that \$700,000 in funding was provided for Butler Lake, Illinois, in fiscal year 2004, most of which has not been expended, and directs that, if true, the Corps of Engineers utilize funding provided to initiate construction on an expedited basis.

Tribal Partnership Program.—The conferees acknowledge the serious impacts of coastal erosion and flooding due to continued cli-

mate change in Alaska. The conference expects the Corps to continue its work in this area and has included a total of \$4,000,000, of which \$2,000,000 is to combat erosion in Alaska.

A field hearing was held in Anchorage, Alaska on June 29 and 30, 2004, on the impacts of severe erosion and flooding on Alaska Native villages.

There is no Federal or State agency to coordinate and assist these communities in the relocation or in the interim provide preventative measures to slow the effects of the erosion and flooding. The conference finds there is a need for an Alaska erosion baseline study to coordinate and plan the appropriate responses and assistance for Alaska villages in the most need and to provide an overall assessment on the priority of which villages should receive assistance. Therefore, the conference has provided the \$2,000,000 for this study.

In addition, the conferees have also included \$150,000 for Idaho; \$150,000 for Nevada to initiate cultural resource restoration on historic Washoe lands; and \$150,000 for New Mexico to further the tribal assistance efforts by the Corps in these States.

MISSISSIPPI RIVER AND TRIBUTARIES

Atchafalaya Basin, Louisiana.—The conference has included \$1,253,000 for the continued levee enlargement construction work.

Yazoo Basin, Mississippi, Yazoo Backwater Project (Pumping plant and Nonstructural Features), Mississippi.—The conference has provided \$12,000,000 and directive legislative language to maintain the schedule to complete the design, to initiate the pump supply contract, and to continue the real estate activities.

OPERATION AND MAINTENANCE

Mobile Harbor, Alabama.—The conferees have included an additional \$1,000,000 to continue the Garrows Bend environmental restoration.

Tennessee—Tombigbee Waterway, Alabama & Mississippi.—The conference has included an additional \$650,000 to perform additional maintenance dredging. Of the funds provided, up to \$300,000 may be used for aquatic plant control activities.

Anchorage Harbor, Alaska.—The conferees have included an additional \$2,000,000 for maintenance dredging of the harbor.

Chena River Lakes, Alaska.—The conferees have included an additional \$775,000 for the additional deferred maintenance work of the Chena River Lakes project.

Nome Harbor, Alaska.—The conference has included an additional \$1,000,000 for additional maintenance dredging of the harbor.

Cherry Creek, Chatfield, and Trinidad Lakes, Colorado.—The conferees have included an additional \$1,549,000 for continued repairs at these three lakes. This action in no way is intended to alter the Corps of Engineers' lease and property accountability policies. It is the conference's understanding that the State of Colorado has agreed to cost share this project on a 50-50 basis. It is also the understanding of the conferees that the Secretary is not to assume, nor share in the future of the operation and maintenance of these recreation facilities. Of the funds provided, the Corps is di-

rected to conduct a reallocation study for Chatfield Reservoir project.

Intracoastal Waterway, Delaware River to Chesapeake Bay, Delaware and Maryland.—The conference recommendation includes \$14,400,000 for this project. Within the funds provided, \$500,000 is included for maintenance costs of the SR-1 Bridge and \$100,000 for plans and specifications for the Summit Bridge approaches.

Apalachicola, Chattahoochee and Flint Rivers, Georgia, Alabama, and Florida.—The conference has included an additional \$5,231,000, which includes annual dredging of the river channel, annual operations and maintenance of the George W. Andrews Lock, spot dredging of shoals, continuation of slough mouth restoration, and routine operations and maintenance of the project.

Dworshak Dam and Reservoir, Idaho.—The conferees have included an additional \$500,000 for site improvements and environmental compliance efforts.

Snake River Dredging, Idaho, Oregon, and Washington.—The conferees have recommended \$250,000 for dredging completion of the Programmatic Dredged Material Management Plan/Supplemental Environmental Impact Statement and for maintenance dredging on the Snake River.

Ohio River Locks and Dams, Kentucky, Illinois, Indiana, and Ohio. Within the funds provided, the Corps of Engineers is directed to utilize up to \$2,500,000 in cooperation with Operation Respond, a non-profit organization, to implement a demonstration project collecting and integrating imagery of a selected segment of the Ohio Basin, gathering data from Federal and non-Federal interests, developing and testing software primarily for the use of emergency responders, and for stabilization measures for the Emery Lane bank failure at Indianapolis, Indiana.

Wolf Creek Dam, Lake Cumberland, Kentucky.—Additional funding includes \$500,000 for parking improvements at Lee's Ford Marina, as well as additional funding for powerhouse-related repairs.

Mississippi River Between Missouri River and Minneapolis (MVR Portion), Illinois.—The conference recommendation includes \$43,473,000. Within the funds provided, \$1,000,000 is for continuation of the rehab of Lock and Dam 11.

Delaware River, Philadelphia to the Sea, New Jersey, Pennsylvania, and Delaware.—The conferees have included an additional \$1,450,000 for completion of the Pea Patch Island project.

Council Grove Lake, Kansas.—The conference has included additional funding for the repair and upgrade of public use facilities.

Wilson Lake, Kansas.—The conference has provided additional funding for the Corps to conduct a reallocation study.

Barren River Lake, Kentucky.—The conferees have provided additional funding for the repair and upgrade of public use facilities.

J. Bennett Johnston Waterway, Louisiana.—The conference has included additional funding for bank stabilization repairs, dredging entrances to oxbow lakes, routine operation and maintenance activities, annual dredging requirements, and backlog maintenance.

Fort Peck Dam, Montana.—The conferees have included additional funds to complete the on-going construction work related to the site.

Cochiti Lake, New Mexico.—The conferees have provided additional funds for the continuation of studies that were initiated in fiscal year 2004, which include the proposed operational changes and gate automation and to begin the relocation of the Al Black area.

Garrison Dam and Lake Sakakawea, North Dakota.—The conference has provided additional funds for mosquito control and for deferred maintenance activities. The conference is aware that low lake levels on Lake Sakakawea, North Dakota have made the current marina located at Fort Stevenson unusable and expects the Army Corps to use funds within this account to relocate this marina to Garrison Bay.

Norfolk Harbor, Craney Island, Virginia.—The conference has provided additional funds in order to raise the containment dikes to provide the capacity needed for the Norfolk Harbor Deepening project.

Connecticut River Flood Control Dams, Vermont.—\$250,000 has been provided for fish passage facilities at these projects.

Columbia & Lower Willamette River Below Vancouver, Washington and Portland, Oregon.—The conference recommendation includes \$250,000 for the Astoria Boat Basin.

Regional Sediment Management Demonstration Program.—The conferees have provided \$2,500,000 for this program. Within the funds provided, \$500,000 is for the southeast coast of Oahu, Hawaii and \$1,000,000 is for the Littoral Drift Restoration Program, Washington.

FORMERLY UTILIZED SITES REMEDIAL ACTION PROGRAM (FUSRAP)

The conferees provide \$165,000,000 for the Formerly Utilized Sites Remedial Action Program (FUSRAP). The additional funds are to be used to accelerate cleanup of existing FUSRAP sites and to address potential new sites that may qualify as eligible FUSRAP sites, such as the former Sylvania nuclear fuel site located in Hicksville, New York.

OFFICE OF THE ASSISTANT SECRETARY OF THE ARMY (CIVIL WORKS)

The conferees provide \$4,000,000 for the salaries and expenses of the Office of the Assistant Secretary of the Army (Civil Works). This office had previously been funded under the Operation and Maintenance, Army, appropriation.

GENERAL PROVISIONS—CORPS OF ENGINEERS

Sec. 101. The conference report includes language regarding credits and reimbursements.

Sec. 102. The conference report includes language regarding Tuscarawas County, Ohio.

Sec. 103. The conference report includes language about divesting civil works functions.

Sec. 104. The conference report includes language regarding Alamogordo, New Mexico.

Sec. 105. The conference report includes language regarding Stark County, Ohio.

Sec. 106. The conference report includes language regarding the St. Georges Bridge in Delaware.

Sec. 107. The conference report includes language regarding Lake Cumberland, Kentucky.

Sec. 108. The conference report includes language regarding the Lake Tahoe Basin in California and Nevada.

Sec. 109. The conference report includes language regarding the Lake Tahoe Watershed in California and Nevada.

Sec. 110. The conference report includes language regarding the Prado Dam in California.

Sec. 111. The conference report includes language regarding the Black Warrior-Tombigbee Rivers in Alabama.

Sec. 112 and Sec. 113. The conference report includes language regarding the submittal of Chief of Engineers reports.

Sec. 114. The conference report includes language regarding coastal wetlands conservation funding.

Sec. 115. The conference report includes language regarding Lake Sakakawea in North Dakota.

Sec. 116. The conference report includes language regarding Central City in Fort Worth, Texas.

Sec. 117. The conference report includes language regarding Alaska erosion.

Sec. 118. The conference report includes language regarding Cook Inlet, Alaska.

Sec. 119. The conference report includes language regarding Northern Wisconsin.

Sec. 120. The conference report includes language regarding St. Croix Falls, Wisconsin.

Sec. 121. The conference report includes language regarding Burns Harbor, Indiana.

Sec. 122. The conference report includes language regarding Duck River, Alabama.

Sec. 123. The conference report includes language regarding Yakutat, Alaska.

TITLE II—DEPARTMENT OF THE INTERIOR

CENTRAL UTAH PROJECT COMPLETION ACCOUNT

The conference agreement includes \$48,009,000 for fiscal year 2005 to carry out the provisions of the Central Utah Project Completion Act. An appropriation of \$30,806,000 has been provided for Central Utah project construction; \$15,469,000 for fish, wildlife, and recreation, mitigation and conservation. The conference recommendation provides \$1,734,000 for program administration and oversight.

BUREAU OF RECLAMATION

WATER AND RELATED RESOURCES

An appropriation of \$859,481,000 is provided by the conferees for Water and Related Resources.

BUILDING AND SITE SECURITY

Security Costs and Allocations.—Following the attacks on September 11, 2001, the Bureau of Reclamation strengthened security at Federal dams and similar facilities and has undertaken but not completed extensive risk assessments for over 400 units throughout the West. Many of these are multi-purpose facilities providing flood control, water storage for contract irrigators, municipal and industrial water supplies, power generation, recreation and environmental mitigation benefits. The conference understands that beginning in fiscal year 2005, Reclamation will no longer make a distinction between pre-September 11, 2001, security costs and post-September 11, 2001, security costs. The conference recognizes that the security posture of Reclamation will likely not approach pre-September 11, 2001, levels for many years, if ever. The conference recognizes that project beneficiaries benefit from this enhanced security. However, the conference remains concerned about the reimbursability of increased security costs for Reclamation projects. Therefore, Reclamation shall provide a report to the conference, no later than, May 1, 2005, with a breakout of planned reimbursable and non-reimbursable security costs by project, by region. The conference directs the Commissioner not to begin the reimbursement process until the Congress provides direct instruction to do so.

Within the funds provided for the Central Valley Project, Colorado Front Work and Levee System, AZ. The conference has included additional funds to continue activities for water management reservoirs to be constructed along the All American Canal.

Central Valley Project.—A total of \$7,500,000 has been provided under various divisions of the Central Valley Project in support of the California Bay-Delta Restoration. A description of the activities for which funds have been added follows.

CENTRAL VALLEY PROJECT

ENVIRONMENTAL WATER ACCOUNT

Miscellaneous Project Programs.—\$1,000,000 is provided to acquire water and groundwater storage.

PLANNING AND MANAGEMENT ACTIVITIES

Delta Division Oversight.—\$500,000 is provided to continue coordination, administration, planning, performance tracking and science activities in coordination with CALFED Program Implementation Plan.

STORAGE

Delta Division.—\$1,000,000 is provided for Reclamation to continue participating in planning and study activities associated with enlarging Los Vaqueros reservoir.

Sacramento River Division.—\$1,000,000 is provided to continue planning and study activities for Sites reservoir.

Shasta Division.—\$1,000,000 is provided to continue evaluating the potential impacts of the proposed Shasta raise.

CONVEYANCE

Delta Division.—\$1,000,000 is provided for the Tracy Test Fish facility.

Miscellaneous Project Programs.—\$1,000,000 is provided for the continuation of feasibility levels studies and technical assistance to the State of California; \$1,000,000 for the Bureau for the administration of storage, conveyance, water use efficiency, ecosystem restoration, science and water transfer.

Central Valley Project, Friant Division, California.—The conferees have provided an additional \$1,000,000 for the Bureau of Reclamation to continue the Upper San Joaquin River Basin Storage investigation.

Middle Rio Grande Project, New Mexico.—The conferees are pleased with the increased progress of on-the-ground activities resulting from implementation of the Executive Committee of the Endangered Species Collaborative program. Of the total \$6,150,000 provided for this effort, the Bureau of Reclamation is to fund the following activities: \$2,000,000 for habitat restoration; \$275,000 for water and minnow management improvement; \$2,000,000 for water acquisition; \$500,000 for science and monitoring; \$750,000 for biological opinion monitoring; and \$625,000 for program management. Prior to obligation of funds, the Bureau is to submit the funding levels for each category, accompanied by a detailed spending plan, to the House and Senate Appropriations Committees for approval. The Bureau will also submit to the Committees, concurrent with the President's funding request to Congress, a detailed spending plan for the 2006 fiscal year. The cost-share requirements for this program remain 75 percent Federal/25 percent non-Federal. Within the funds provided, the Bureau is directed to begin work on the models for the Silvery Minnow sanctuary.

Middle Rio Grande Project, Middle Rio Grande Levees, New Mexico.—The conference has provided an additional \$5,000,000 for the continued repair of the Middle Rio Grande levees, on which work began in fiscal year 2003.

San Juan River Basin Investigations Program, New Mexico.—The conference has included additional funds for the Commissioner to begin the evaluation and initial work regarding the San Juan Chama, New Mexico, title transfer.

Oklahoma Investigations Project, Oklahoma.—The conferees have provided additional funds for the Bureau of Reclamation to continue studying ways to improve management of the Arbuckle-Simpson aquifer.

Klamath Project, Oregon and California.—The conferees recommend additional funds for the Klamath Project water bank program. From within available funds, the conferees direct that up to \$1,000,000 be used for water quality multi-probe and flow measurement instrumentation.

Mni Wiconi Project, South Dakota.—The conference agreement provides \$25,282,000 for this project. Within the funds provided, up to \$160,000 may be used to replace water trucks for the Oglala Sioux Tribe. Reclamation and its tribal partners are cautioned that these water trucks should only be used for supplying water on a temporary short term critical need basis to areas that are part of the authorized Mni Wiconi project but are not yet served by the project. As more of the project is completed, the conference expects this water hauling operation to diminish. The Rosebud Sioux Rural Water System is authorized to utilize funds provided for the operation and maintenance of the Mni Wiconi Rural Water Project to contract with the town of White River to deliver water to tribal members located in White River, SD.

Washington State Investigations Program, Washington.—The conference has included additional funds for studies of the West Canal reach through Ephrata and for appraisal of the Odessa Sub-aquifer.

Departmental Irrigation Drainage Program.—The conferees have included additional funds for the Uncompahgre, Colorado selenium project.

Drought Emergency Assistance Program.—The conferees have provided additional funds for drought assistance and urge the agency to provide full and fair consideration of the request for drought assistance from the State of Hawaii. The conferees are aware of the impacts of the significant drought which has lasted several years in the West, and has provided \$50,000 for drought assistance in an effort to mitigate some effects of the drought. Of the total funds provided, \$250,000 is for Espanola, New Mexico and \$200,000 is for Chimayo, New Mexico.

Water 2025.—The dire drought the West is currently experiencing, combined with an unprecedented number of water users and endangered species and related requirements, make water use efficiencies more critical than ever. The conference has provided \$19,500,000 for this initiative proposed by the administration. The reduction does not reflect the conference's strong support for this effort. The initiative is an effort to enhance efficiency and performance in water and power delivery. Ultimately, the conference believes that the initiative, if successfully carried out, will result in enhanced efficiency in the operation of Reclamation programs and projects. Of the funds provided \$2,000,000 is for the Desert Research Institute to address water quality and environmental issues in ways that will bring industry and regulators to mutually acceptable answers. The conference believes that the water resource and efficiency issues, combined with the drought and endangered species listings, make the Rio Grande River in New Mexico the embod-

iment of the Water 2025 initiative. Therefore, the conference has included \$1,750,000 to provide for continued efficiency and water improvements related to the Middle Rio Grande Conservancy district, including a system evaluation, siphons, flow measurement gages, gates and the automation of diversions.

In addition, the conference has included \$1,000,000 for work related to the Aamodt water rights settlement efforts.

The conference strongly encourages the Bureau to consider providing funding to the Rural Water Technology Alliance to implement low-cost remote sensing technologies and water conservation technologies in the West. The conferees have also provided additional funds for the Bureau of Reclamation to continue its successful alliance with the International Center for Water Resources Management at Central State University in Ohio, the Ohio View Consortium, and Colorado State University, for the development of advanced remote sensing technologies for use in operational decisionmaking to deal with the current drought conditions and with future constraining events. The conferees are also aware of the serious water shortage issues in Central Texas. There is significant potential to address these issues if salinity problems in the Lake Whitney watershed could be ameliorated. The Bureau is encouraged to work with local and State officials as well as researchers at Baylor University to address these problems.

Science and Technology, Desalination Research and Development Program.—The conferees have provided additional funds for desalination efforts for research and development of new, advanced technologies to create new additional water supplies using desalination and related technologies. The Commissioner is directed to assess the potential use of advanced water treatment technologies as a resource to create new net water supplies and to evaluate project benefits, economic values and environmental effects. Further, the Commissioner should identify resource needs that can be met through these technologies and inter-party transfers, and to identify obstacles to be overcome (physical, financial, institutional, and regulatory). In using the funds provided, the Bureau shall pay particular attention to research and development of shallow well pretreatment, brine disposal and recycling, micro-filtration and ultra-filtration, and water conditioning. Further, the conference continues to urge the Bureau of Reclamation to place a higher priority on desalination activities in future budgets given the importance of sustainable water supplies to the West and to other regions of the country. Of the funds provided, \$3,500,000 is for the continuation of the project in Tularosa, New Mexico. The conference notes that, with regard to the Tularosa Basin National Desalination Research Center, section 7 of the Water Desalination Act of 1996 does not apply to the project because it is a joint Federal effort.

The conference has also included \$3,000,000 in additional funding for the WaterReuse Foundation. These funds shall be available to support the Foundation's research priorities.

Wetlands Development.—The conferees have provided \$500,000 for the Bureau of Reclamation to continue work on the East Wetlands Restoration project in Yuma, Arizona.

Title XVI, Water Reclamation and Reuse Program.—The conference agreement provides \$1,655,000 for the Title XVI Water Reclamation and Reuse Program. Of this, \$125,000 is provided for the Bureau to work with the Mission Springs, California, Water District to evaluate further the possibilities of using recycled water for groundwater recharge or other non-potable uses.

Water Management and Conservation Program.—Within the funds provided, the conferees direct that \$700,000 be used to continue urban water conservation programs within the service area of the Metropolitan Water District of Southern California and \$200,000 for the Bureau to continue a cost shared, industrial recirculation water efficiency effort related to recirculating water use by industries in Southern California to conserve water.

CENTRAL VALLEY PROJECT RESTORATION FUND

The conference agreement provides \$54,695,000 for the Central Valley Project Restoration Fund.

POLICY AND ADMINISTRATION

The conference agreement provides \$58,153,000 for general administrative expenses. The conferees expect the Bureau of Reclamation to continue to observe underfinancing guidance provided in the fiscal year 2004 Energy and Water Appropriations Act.

GENERAL PROVISIONS—DEPARTMENT OF THE INTERIOR

Sec. 201. The conference report includes language regarding Kesterson Reservoir in California.

Sec. 202. The conference report includes language regarding the purchase or lease of water in New Mexico.

Sec. 203. The conference report includes language regarding the Lower Colorado River Basin Development.

Sec. 204. The conference report includes language regarding Drought Emergency Assistance.

Sec. 205. The conference report includes language regarding the San Juan Chama Project in New Mexico.

Sec. 206. The conference report includes language regarding Water 2025.

Sec. 207. The conference report includes language regarding the Animas La Plata project.

Sec. 208. The conference report includes language regarding Montana water contract extensions.

TITLE III—DEPARTMENT OF ENERGY

The summary tables at the end of this title set forth the conference agreement with respect to the individual appropriations, programs, and activities of the Department of Energy. Additional items of conference agreement are discussed below.

CONGRESSIONAL DIRECTION

The conferees support the House language requiring the Secretary to submit to the House and Senate Committees on Appropriations, Subcommittee on Energy and Water Development, a quarterly report on the status of all projects, reports, fund transfers, and other actions directed in the House bill and report for the Energy and Water Development Appropriations Act for Fiscal Year 2005, and in this conference agreement.

FIVE-YEAR BUDGET PLANNING

The conferees agree with the House language regarding five-year budget planning.

NON-NNSA WORK AT NNSA FACILITIES

Within 90 days of enactment, the conferees direct the Secretary, working with the Administrator of the National Nuclear Security Administration (NNSA), to put in place written procedures for work taskings originating from non-NNSA program offices in DOE to NNSA laboratories that are consistent with the constraints of Section 3213 of Public Law 106–65, as subsequently modified by Section 3157 of Public Law 106–398, and follow the chain of command (i.e., through the Secretary of Energy and the Administrator of the NNSA to the NNSA field elements) that is clearly specified in those statutes.

LABORATORY DIRECTED RESEARCH AND DEVELOPMENT (LDRD)

The conferees recognize the value of conducting discretionary research at DOE's national laboratories. Such research provides valuable benefits to the Department and to other Federal agencies, and is useful for attracting and retaining scientific talent.

However, the conferees continue to have serious reservations about the financial execution of this program, specifically with how the Department's laboratories levy the LDRD "tax" on work being performed for other agencies (Work for Others). The conferees agree with the concerns detailed in the House report dealing with LDRD and work for others. Beginning with the enactment of this appropriation, DOE shall not advance funds for LDRD based upon work for others, but only provide the LDRD funds to the labs once the Department has received the fund transfers from other agencies to pay for the work.

REPROGRAMMING GUIDELINES

The conferees require the Department to inform the House and Senate Committees on Appropriations promptly and fully when a change in program execution or funding is required during the fis-

cal year. A reprogramming includes the reallocation of funds from one activity to another within an appropriation, or any significant departure from a program, project, or activity described in the agency's budget justification as presented to and approved by Congress. For construction projects, a reprogramming constitutes the reallocation of funds from one construction project identified in the justifications to another project or a significant change in the scope of an approved project.

A reprogramming should be made only when an unforeseen situation arises, and then only if delay of the project or the activity until the next appropriations year would result in a detrimental impact to an agency program or priority. The Department should not submit reprogrammings in the fourth quarter of the fiscal year unless necessitated by an unforeseeable change in external circumstances. Reprogrammings may also be considered if the Department can show that significant cost savings can accrue by increasing funding for an activity. Mere convenience or desire should not be factors for consideration.

Reprogrammings should not be employed to initiate new programs or to change program, project, or activity allocations specifically denied, limited, or increased by Congress in the Act or report. In cases where unforeseen events or conditions are deemed to require such changes, proposals shall be submitted in advance to the Committees and be fully explained and justified.

The conferees have not provided statutory language to define the reprogramming guidelines, but do expect the Department to follow the spirit and the letter of the guidance provided in this report. The Committees have not provided the Department with any internal reprogramming flexibility in fiscal year 2005, unless specifically identified in the House or conference reports. Any reallocation of new or prior year budget authority or prior year deobligations must be submitted to the Committees in writing and may not be implemented prior to approval by the Committees on Appropriations.

REDUCTIONS NECESSARY TO ACCOMMODATE SPECIFIC PROGRAM DIRECTIONS

The Department is directed to provide a report to the House and Senate Committees on Appropriations by March 30, 2005, on the actual application of any general reductions of funding or applications of prior year balances contained in this conference agreement. Such reductions are to be applied proportionately against each program, project, or activity. If necessary, the Department must submit a reprogramming to reallocate funds if the proportional reduction unduly impacts a specific program, project, or activity.

SMALL BUSINESS PROCUREMENTS

The conferees are concerned that the Department of Energy's current efforts at breaking out procurement requirements for small business contracts do not represent a systematic approach for consideration of small business statutory goals together with other legitimate acquisition objectives. The conference report includes statutory language (General Provisions 312 and 313) requiring the De-

partment to undertake such a systematic approach by utilizing the appropriate consultative process set forth in the Federal Acquisition Regulation.

ENERGY SUPPLY

The conference agreement provides \$946,272,000 for Energy Supply.

RENEWABLE ENERGY RESOURCES

The conference agreement provides \$389,063,000 for renewable energy resources. As in fiscal year 2004, funds for renewable energy resources shall remain available until expended. The conferees provide \$5,000,000 for the National Center on Energy Management and Building Technologies and direct that this project shall be subject to the cost sharing requirements of a research project rather than a demonstration project.

Biomass/biofuels.—The conference agreement includes \$82,147,000 for biomass and biorefinery systems research and development. The conference agreement includes \$500,000 for the Oxydiesel demonstration program in California and Nevada; \$500,000 for a biorefinery at the Louisiana State University Agricultural Center; \$500,000 for the ThermoEnergy research project at the University of Nevada-Reno; \$500,000 for the Vermont Biomass Energy Center; \$500,000 for the Vermont Biofuels Initiative; \$500,000 for the National Ag-Based Industrial Lubricants Center at the University of Northern Iowa; \$500,000 for the Chariton Valley Biomass Project; \$250,000 for the Eastern Nevada Landscape Coalition for biomass restoration and science-based restoration; \$250,000 for the City of Wells, Nevada, Recycling for Energy Conservation Project; \$1,000,000 for the Center for Biomass Utilization at the University of North Dakota; \$500,000 for the Livingston Parish Alternative Fuel Plant Construction; \$3,000,000 for the Consortium for Plant Biotechnology Research (CPBR); \$200,000 for the Alaska Wood Biomass project; \$3,000,000 for the Mississippi Technology Alliance Alternative Energy Enterprise Program; \$1,500,000 for the Mississippi State University Biodiesel from Feedstocks project; \$2,000,000 for the Kentucky Rural Energy Supply program; \$1,500,000 to the South-Eastern and North-Central Regional Sun Grant Centers for purposes as authorized in H.R. 2673, the Consolidated Appropriations Act, 2004, which amended Title IX of the Farm Security and Rural Investment Act of 2002, for research, extension, and educational programs on biobased energy technologies and products; \$500,000 for the Purdue-Midwest Consortium for Sustainable Biofuels; \$1,000,000 for the Texas A&M Renewable Energy from Animal Biowaste project; \$1,500,000 for the Biotech-to-Ethanol Project; \$2,000,000 for the National Biofuel Energy Laboratory; \$1,000,000 for the Research Triangle Biomass project in North Carolina; \$2,000,000 for sugar-based ethanol biorefinery at Louisiana State University; \$200,000 for the SUNY-Morrisville anaerobic digester project; \$3,000,000 through NREL for demonstration for a small-scale biomass system (BioMax); \$1,000,000 for research on anaerobic digestion by the Ohio Agricultural Research Development Center in cooperation with the City of Wooster. The

conference agreement provides \$500,000 for alternative fuel source study in Alabama, \$1,500,000 is provided for a biorefinery and hydrogen fuel cell research in Georgia.

The conferees believe that the Regional Biomass Energy Program (RBEP) has been a successful partnership and provide \$4,000,000 for product development and State and Regional partnership activities.

Geothermal.—The conference agreement includes \$25,800,000 for geothermal activities, the same as the budget request. Geopowering the West is funded at current year levels. The Department is directed to maintain funding for university research at the fiscal year 2004 funding level. The conference agreement includes \$500,000 for the Full Circle Project in Lake County, California; \$1,000,000 for geothermal research at the University of Nevada-Reno; \$500,000 for the Tuscarora Geothermal Project; \$300,000 for the Klamath and Lake Counties Geothermal-Agricultural Industrial Park in Oregon; \$750,000 for the Geothermal Mill Redevelopment project in Massachusetts; and \$196,000 for the University of Texas Permian Basin Center for Energy and Economic Diversification for geothermal research.

Hydrogen.—The conference agreement includes \$95,325,000 for hydrogen activities. No funds are provided for the proposed effort on hydrogen education as these efforts are premature. The conference agreement includes \$2,000,000 for the Fuel Cell Mine Loader and Prototype Locomotive; \$1,000,000 for the Hawaii Hydrogen Center for Development and Deployment of Distributed Energy Systems; \$5,000,000 for the University of Nevada-Las Vegas renewable hydrogen fueling station system; \$3,000,000 for the University of Nevada-Las Vegas for hydrogen storage and fuel cells; \$100,000 for the Zero Emission Bus Demonstration Program Evaluation; \$1,000,000 for the hydrogen fuel cell project for the Regional Transportation Commission of Washoe County, Nevada; \$1,100,000 for the Ohio Distributed Hydrogen Project; \$2,000,000 for the Hydrogen Regional Infrastructure Program; \$2,000,000 for the University of South Carolina Clean Energy Research program; \$1,000,000 for the University of Toledo/Bowling Green Fuel Cell Research project; \$5,000,000 for the California Hydrogen Infrastructure Project, including \$1,000,000 for validation efforts within the Lake Tahoe basin; \$500,000 for Startech plasma conversion technology; \$3,000,000 for fuel cell research at the University of South Florida; \$3,000,000 for the Edison Materials Technology Center to develop improved materials to support the hydrogen economy; and \$2,000,000 for the Florida Hydrogen Initiative; \$5,000,000 should be used to support a competitive solicitation for solid oxide fuel cell research under a cost-shared program to look at the application of solid oxide electrochemical technology for co-production of hydrogen and electricity and also for storage of electricity through closed and open system regenerative fuel cells.

The conferees strongly support the FreedomCar and Hydrogen Fuel initiatives.

Hydropower.—The conference agreement provides \$5,000,000 for hydropower. As directed previously, the Department should focus its efforts on completing a limited program of testing and demonstration of new turbine technologies and then transfer these

technologies to other Federal agencies and private sector firms for deployment. The proposed increase for advanced hydropower technology should be funded by the agencies that own and operate the Federal hydropower facilities, not by the Department of Energy.

Solar Energy.—The conference agreement includes \$86,533,000 for solar energy programs. As in prior fiscal years, the conferees have combined the concentrating solar power, photovoltaic energy systems, and solar building technology subprograms into a single program for solar energy, with the control level at the solar energy program account level. The Southeast and Southwest photovoltaic stations are to be funded at current year levels and the conferees direct the Department to continue to support the public-private Million Solar Roofs program. The conferees include \$6,000,000 from within available funds for concentrating solar power. The conference agreement includes \$200,000 for Photovoltaic panels for the Mark Twain House and Museum; \$750,000 for the Solar Technology Center at the University of Nevada-Las Vegas; \$1,500,000 for Photonics Research and Development at the University of Nevada-Las Vegas; \$4,500,000 for the evaluation of solar-powered thermo-chemical production of hydrogen for the University of Nevada-Las Vegas; \$400,000 for the University of Louisville Sustainable Buildings project; \$1,500,000 for the Conductive Coatings for Solar Cells project; and \$250,000 for the Town of Yucca Valley solar energy project (CA).

Wind.—The conference agreement includes \$41,600,000 for wind programs. The conference agreement includes \$500,000 for the North Dakota Hydrogen Wind Pilot Project; \$500,000 for the Great Plains Wind Energy Transmission Development Project; \$1,500,000 for the Alaska Wind Energy project; \$500,000 for the Renewable Energy for Rural Economic Development Program, Utah State University (UT); \$500,000 for the Iowa Lakes Community College wind turbine project; and \$525,000 for the St. Francis University (PA) wind farm project.

Intergovernmental Activities.—The conference agreement includes \$17,000,000 for renewable support and implementation. This amount includes \$6,500,000 for the international renewable energy program, including \$2,000,000 for the International Utility Electricity Partnership (IUEP), \$5,500,000 for tribal energy, and \$5,000,000 for the Renewable Energy Production Incentive (REPI). The conference agreement includes \$1,000,000 for the Pyramid Lake Paiute Tribe Renewable Energy Park; \$1,000,000 for the Council of Renewable Energy Resource Tribes (CERT); and \$600,000 for the Clean Energy Technology Exports (CETE) initiative. The funds for CETE are provided to the Office of International Energy Market Development in the Department of Energy to carry out a program in support of the multi-Agency Clean Energy Technology Exports Initiative.

Renewable Support and Implementation.—The conference agreement provides \$4,967,000, including \$1,967,000 for departmental energy management and \$3,000,000 to continue the efforts of the National Renewable Energy Laboratory (NREL) to develop renewable energy resources uniquely suited to the Southwestern United States through its virtual site office in Nevada.

National Climate Change Technology Initiative.—The conferees provide no funds for this initiative.

Facilities and Infrastructure.—The conference agreement provides the requested amount of \$4,800,000 for the National Renewable Energy Laboratory (NREL) and includes an additional \$6,680,000 for construction of the new Science and Technology facility at NREL (project 02-E-001).

Program Direction.—The conference agreement includes \$19,211,000 for program direction.

ELECTRICITY TRANSMISSION AND DISTRIBUTION

The conference agreement provides \$121,155,000 for Electricity Transmission and Distribution. The conference agreement includes \$5,000,000 to accelerate the operation of the national SCADA testbed at the Idaho National Laboratory. The conferees provide \$5,500,000 for the GridWorks initiative and \$6,500,000 for the GridWise initiative, which includes an additional \$1,500,000 in GridWise for the Northwest Regional Demonstration project. The conference agreement includes: \$750,000 for the Electric Utility Transmission and Distribution Line Engineering Project; \$325,000 for the Pacific Northwest Bi-National Regional Energy Planning Initiative (AK); \$3,000,000 for the Western Environmental Technology Office; \$2,000,000 for the University of Missouri at Rolla electric transmission program; \$1,000,000 for the Smart Energy Management Control Systems project in Alabama; \$1,500,000 for the Northwest Indiana Electric Infrastructure project; \$1,500,000 for the University of Notre Dame for research on ionic fluids for power distribution; \$1,500,000 for the Center for Grid Modernization (PA); \$1,000,000 for the Large Scale Energy Center in Michigan; \$750,000 for research on advanced ceramic engines and materials for energy applications; \$1,000,000 for the National Center for Reliable Electric Power Transmission to develop high power silicon-carbide based power electronics systems (AR); \$2,000,000 to continue development of the bi-polar Ni-Mh wafer cell battery storage system; \$1,500,000 for the Iowa Stored Energy Plant using an underground aquifer; \$2,000,000 for research, development, and demonstration of advanced thermal energy storage technology integrated with renewable thermal energy technology; \$5,000,000 for a Florida state-wide university research initiative on electric power infrastructure and security; \$3,000,000 for research into lead carbon acid asymmetric supercapacitors; and \$400,000 for Dine Power in New Mexico. The conference agreement provides \$500,000 for alternative fuel source study in Alabama.

The conference agreement includes \$10,500,000 for the National Energy Technology Laboratory (NETL) for energy assurance technology and electric grid modeling activities, including \$3,000,000 for program direction, travel, and other related direct and indirect expenses. An additional \$5,000,000 shall be for NETL to continue the planning, design, and construction of an energy information training facility at Camp Dawson. An additional \$4,000,000 shall be available to continue physical improvements at the facility.

The conferees agree that the Office of Energy Assurance should be closed and that the functions of that office should be merged

with the functions of the Office of Electricity Transmission and Distribution.

NUCLEAR ENERGY

The conference agreement provides a total of \$513,271,000 for Nuclear Energy. The Office of Nuclear Energy, Science and Technology is the lead office with landlord responsibilities for the Idaho site. Because this site provides considerable support to defense activities and naval nuclear reactors, \$114,347,000 of costs are allocated to other defense activities and \$10,000,000 is allocated to Naval Reactors. Both programs are in the 050 budget function.

The conferees commend the State of South Carolina for recently creating one of the first new graduate nuclear engineering programs in the last 20 years. The conferees provide \$1,500,000 from available funds to support this effort. The conferees also support the efforts of the University of Nevada-Las Vegas to launch a graduate nuclear engineering program and instruct the Department to support this worthy effort.

University reactor fuel assistance and support.—The conference agreement includes \$24,000,000.

Research and development.—The conference agreement provides \$172,000,000 for nuclear energy research and development activities. The conference agreement includes \$2,500,000 for nuclear energy plant optimization (NEPO) to address the effects of aging on material in nuclear plants, \$2,500,000 for the nuclear energy research initiative (NERI), \$50,000,000 for Nuclear Power 2010, \$40,000,000 for the Generation IV nuclear energy systems initiative, \$9,000,000 for the nuclear hydrogen initiative, and \$68,000,000 for the Advanced Fuel Cycle Initiative (AFCI). These NERI funds are in addition to funds included in the request for other nuclear research and development items.

For Nuclear Power 2010, the conferees direct the Department to focus the resources on the demonstration of the regulatory licensing processes of 10 CFR Part 52 for early site permits, design certifications, and combined construction and operating licenses. This is to be cost-shared with industrial and governmental entities.

Within the funding for Generation IV, the conferees direct that \$25,000,000 be used for the Next Generation Nuclear Plant (NGNP) project. The conferees expect the Department to submit a budget in fiscal year 2006 that is consistent with the goal of demonstrating hydrogen production and electricity generation by 2015 at the Idaho National Laboratory.

Within the Nuclear Hydrogen Initiative, the conferees provide \$4,000,000 to the UNLV Research Foundation to continue research and development of high temperature heat exchangers and chemical processing equipment to permit demonstration of nuclear-powered production of hydrogen from water.

Within the Advanced Fuel Cycle Initiative, the conferees direct \$7,000,000 to the UNLV Research Foundation for continued research; of this amount, \$3,000,000 is provided for collaborative studies of “deep burn” fuel cycles in advanced nuclear reactor designs. Also within available funds, \$3,000,000 is provided for the Idaho Accelerator Center and \$7,000,000 is provided to develop a Nuclear Energy Materials Test Station at the Los Alamos Neutron

Science Center to advance the technology needed to support the materials and fuel experiments required by the Advanced Fuel Cycle and for the exploration of Generation IV fast neutron spectrum systems.

Radiological Facilities Management.—The Office of Nuclear Energy, Science and Technology operates a variety of facilities and equipment to support the needs of space, defense, and medical customers who obtain radiological materials from the Department of Energy on a reimbursable basis. The conference agreement provides \$69,110,000 for this work.

Space and defense power systems infrastructure.—The conference agreement includes \$33,800,000 to maintain the infrastructure necessary to support future national security needs and National Aeronautics and Space Administration missions.

Medical isotopes infrastructure.—The conference agreement includes \$21,194,000 for the medical isotope program and \$13,616,000 for construction of facility modifications for U-233 disposition at Oak Ridge National Laboratory.

Idaho Facilities Management.—The conference agreement provides \$121,527,000 for Idaho National Laboratory operations and infrastructure. This funding covers activities previously funded separately in budget lines for ANL-West and INEEL. The conference agreement provides the requested amount of \$1,523,000 for project 99-E-200, at the Test Reactor Area. Within available funds, \$10,000,000 is provided for capital improvements and operational upgrades to the Advanced Test Reactor. Of these funds, \$8,000,000 is designated for capital improvements, including the ATR Gas Loop and \$2,000,000 is provided for operational systems and upgrades. The conferees provide \$5,000,000 for critical infrastructure upgrades at Argonne National Laboratory-West.

Idaho Sitewide Safeguards and Security.—The conference agreement provides \$58,103,000 for Idaho sitewide safeguards and security.

Spent Nuclear Fuel Management.—The conferees direct the Office of Nuclear Energy, Science and Technology to assume the responsibilities that were proposed for transfer to the Office of Civilian Radioactive Waste Management. The conference recommendation provides the requested amount of funding, \$6,723,000. Within available funds, \$1,500,000 is provided to inspect and repackage the spent fuel stored at the Lynchburg Technology Center in Virginia.

Program direction.—The conference agreement includes \$60,285,000 for program direction.

ENVIRONMENT, SAFETY, AND HEALTH (NON-DEFENSE)

The conference agreement provides \$28,000,000 for non-defense environment, safety and health activities, which includes \$20,000,000 for program direction. The conference agreement includes the transfer of \$700,000 to the Occupational Health and Safety Administration (OSHA) for the costs of OSHA regulation of worker health and safety at DOE's non-nuclear facilities not covered under the Atomic Energy Act.

OFFICE OF LEGACY MANAGEMENT (NON-DEFENSE)

The conference agreement provides \$31,130,000 for the Office of Legacy Management, the same as the budget request.

NON-DEFENSE SITE ACCELERATION COMPLETION

The conference agreement provides \$151,850,000 for Non-Defense Site Acceleration.

2006 Accelerated Completions.—The conference agreement provides \$45,435,000, the same as the budget request.

2012 Accelerated Completions.—The conference agreement provides \$98,191,000, the same as the budget request.

2035 Accelerated Completions.—The conference agreement provides \$8,224,000 for 2035 Accelerated Completions. The Conferees' recommendation includes the requested \$7,773,000 to accelerate remediation of the former Atlas Mill Site in Moab, Utah.

NON-DEFENSE ENVIRONMENTAL SERVICES

The conference agreement provides \$291,296,000 for non-defense environmental services.

Community and regulatory support.—The conference agreement provides \$90,000, the same as the budget request.

Environmental cleanup projects.—The conference agreement provides \$46,083,000, the same as the budget request.

Non-closure environmental activities.—The conference agreement provides \$245,123,000, the same as the budget request. The conferees provide \$100,000,000 for the Depleted Uranium Hexafluoride Conversion Project, Paducah, Kentucky and Portsmouth, Ohio (project 02-U-101), including an additional \$7,400,000 to ensure that conversion and disposition of the accumulated DUF6 is carried out as soon as is safely possible.

URANIUM ENRICHMENT DECONTAMINATION AND DECOMMISSIONING FUND

The conference agreement provides \$499,007,000 for activities funded from the Uranium Enrichment Decontamination and Decommissioning Fund.

The Conferees' recommendation provides a total of \$112,178,000 for activities related to the Paducah Gaseous Diffusion Plant. The Conferees provide \$19,421,000 in additional funds to accelerate characterization and disposal of legacy waste stored at the plant, including 50,000 tons of scrap metal and 41,000 drums of low-level waste at the Paducah Gaseous Diffusion Plant. The conferees provide \$80,000,000 for uranium and thorium reimbursements.

The Conferees reiterate the fiscal year 2004 conference guidance regarding the barter arrangement.

SCIENCE

The Science account funds the Department's work on high energy physics, nuclear physics, biological and environmental sciences, basic energy sciences, advanced scientific computing, maintenance of the laboratories' physical infrastructure, fusion en-

ergy sciences, safeguards and security, science workforce development, and science program direction. The conference agreement provides \$3,628,902,000. The conferees encourage the Department to request sufficient funds for the Office of Science in fiscal year 2006 to operate user facilities for as much time as possible, to enhance user support, and to upgrade essential equipment at the Department's Science user facilities.

The conferees reiterate their support for broader participation by universities in DOE's research programs, including existing user facilities and potential new user facilities. The conferees are aware of the Office of Science's strategy for future facilities. Where existing facilities provide capabilities critical to a new user facility, collocation is appropriate; where this is not the case, the location of new user facilities should be openly competed. Regardless of location, broad participation in design by staff from national laboratories, user faculty from colleges, universities, and industrial investigators and groups should be sought. All of these user groups must have access to these capabilities on a competitive basis.

High energy physics.—The conference agreement provides \$741,629,000 for high energy physics research. The control level is at the High Energy Physics level. The conferees encourage the Department to proceed with the Dark Energy Mission even if the primary science of the mission and mission development must be pursued by the Department so as to avoid schedule delays resulting from implementing the mission jointly with NASA. International cooperation and appropriate launch arrangements should be pursued where appropriate. The conferees recognize that an excellent and energized science team has been assembled for this exciting mission. Within available funds, the conferees redirect \$5,000,000 from the Science Laboratories Infrastructure construction funds at the Stanford Linear Accelerator Center MEL-001 Subproject 36 to the High Energy Physics account for the research program at SLAC.

Nuclear physics.—The conference agreement provides \$408,040,000 for nuclear physics. An additional \$5,000,000 is provided to continue research and development and initiate concept design activities for the Rare Isotope Accelerator, and an additional \$7,000,000 is provided to increase utilization of the user facilities in the Nuclear Physics program.

Biological and environmental research.—The conference agreement includes \$576,590,000 for biological and environmental research. The conference agreement provides an additional \$10,000,000 to initiate Project Engineering and Design for the proposed new facility for the production and characterization of proteins and molecular tags. The Conferees do not agree with the Department's strategy of restricting competition for such a facility to only the DOE national laboratories. The Department should present in the fiscal year 2006 budget request an alternate procurement strategy for this and future Genomes to Life (GTL) facilities that will maximize rather than limit competition and will allow universities and other entities to compete with DOE national laboratories for these new GTL facilities. The Department is encouraged to consult with NASA, which for decades has conducted competitions for the development of research instrumentation among

universities, NASA, DOE, and other government laboratories, and other entities including for-profit corporations.

The conference agreement includes \$2,000,000 for a science building at Waubonsee Community College in Illinois; \$1,000,000 for digital playback hardware and software for recording for the blind and dyslexic; \$600,000 for All Children's Hospital in Florida; \$300,000 for Eckerd College in Florida; \$2,000,000 for Applied Research and Technology Park electrical and communication infrastructure improvements in Springfield, Ohio; \$250,000 for a Multiple Sclerosis, Alzheimer's, Parkinson's, Lou Gehrig's Imaging System at the Cleveland Clinic in Ohio; \$125,000 for Duchenne Muscular Dystrophy research-related equipment at Children's National Medical Center in the District of Columbia; \$125,000 for Duchenne Muscular Dystrophy research-related equipment at the University of Washington-Seattle; \$500,000 for the Northeast Regional Cancer Center in Scranton, Pennsylvania; \$250,000 for Ohio State University for environmental research in cooperation with Earth University; \$125,000 for the University of Akron, Ohio, Polymer Center; \$125,000 for the Ohio Northern University, Ada, Ohio, Science and Pharmacy Building; \$250,000 for the Alabama A&M University; \$600,000 for University of Texas at Arlington optical medical imaging equipment; \$1,000,000 for the Missouri Alternative and Renewable Energy Technology Center, Crowder College; \$600,000 for the San Antonio, Texas, Cancer Research and Therapy Center; \$250,000 for the University of South Alabama Cancer Center; \$1,250,000 for the Virginia Commonwealth University Massey Cancer Center; \$250,000 for the Saint Francis Hospital, Delaware, Cardiac Catheterization Lab; \$450,000 for the Jacksonville University Environmental Science Center; \$600,000 for the Houston, Texas, Alliance for Nanohealth; \$250,000 for the Virginia Science Museum; \$1,000,000 for the Polly Ryon Memorial Hospital, Texas; \$250,000 for the St. Thomas University Minority Science Center, Miami, Florida; \$500,000 for Project Intellicare, Roseville, California; \$250,000 for the Virginia Polytechnic Institute Center for High-Performance Learning Environment; \$500,000 for Georgia State University; \$700,000 for the Michigan Research Institute for life science research; \$700,000 for the University of Arizona Environment and Natural Resources Phase II Facility; \$250,000 for the Children's Hospital of Illinois ambulatory care project; \$700,000 for the Loma Linda University, California, Medical Center synchrotron expansion; \$250,000 for the University of Dubuque, Iowa, Environmental Science Center; \$250,000 for the Ball State University, Indiana, Bioenergetics Research Initiative; \$600,000 for the Clearfield Area School District, Pennsylvania, Energy Initiative; \$500,000 for Digital Cardiology equipment at Children's Hospital and Research Center, Oakland, California; \$750,000 for the National Childhood Cancer Foundation; \$250,000 for the Roswell Park Cancer Institute, New York, Center for Genetics and Pharmacology; \$250,000 for Bucknell University, Pennsylvania, Materials Science Laboratory; \$1,000,000 for the Science Center at Mystic Seaport, Connecticut; \$250,000 for the Saratoga Hospital, New York, radiation therapy center; \$600,000 for the San Joaquin Community Hospital, Bakersfield, California; \$700,000 for the Syracuse University, New York, Environmental Systems Center; \$600,000

for the University of Tennessee Sim Center; and \$250,000 for the St. Mary's Hospital, Kankakee, Illinois.

The conference agreement includes \$575,000 for the Derby Center for Science and Mathematics at Lyon College in Arkansas; \$1,000,000 for the Rush Presbyterian St. Luke's Medical Center in Illinois; \$1,000,000 for Medical Research and Robotics at the University of Southern California; \$750,000 for the Advanced Building Efficiency Testbed at Carnegie Mellon University; \$1,000,000 for DePaul University Biological Sciences; \$500,000 for the Philadelphia Educational Advancement Alliance; \$750,000 for Northwestern University Institute of Bioengineering and Nanoscience in Medicine; \$500,000 for the Rensselaer Polytechnic Institute Center for Bioscience; \$750,000 for St. Peter's Biotechnical Research in New Jersey; \$160,000 for the Berkshire Environmental Center in Massachusetts; \$500,000 for the Center for the Environment at the University of Massachusetts; \$1,000,000 for technical upgrades at St. Joseph Hospital in Arizona; \$515,000 for the Center for Science at the University of San Francisco in California; \$1,000,000 for Augsburg College in Minnesota; \$1,000,000 for the Bronx Community Center for Sustainable Energy; \$500,000 for Marquette General Hospital in Marquette, Michigan; \$1,500,000 for the Illinois-Indiana Super-Grid Program connecting Argonne National Laboratory and Purdue and Notre Dame Universities; \$1,000,000 for the Purdue Calumet Water Environmental Institute; \$1,000,000 for the Multi-Discipline Engineering Institute at Notre Dame in Indiana; and \$1,000,000 for the Energy Efficiency Project at Valparaiso University in Indiana.

The conference agreement provides \$11,000,000 for the Mental Illness and Neuroscience Discovery Institute in New Mexico; \$1,800,000 for Military Spirit in New Mexico; \$2,000,000 for the Academic Center Sustainable Design Project at St. Francis College, New York; \$3,000,000 for the University of Louisville Pediatric Clinical Proteomic Center; \$2,000,000 for the University of Louisville Institute for Advanced Materials; \$2,000,000 for the Advanced Bioreactor located in Butte, Montana; \$1,200,000 to expand the Center for Integrated and Applied Environmental Toxicology at the University of Southern Maine; \$500,000 for the University of Tennessee Cancer Institute; and \$500,000 for St. Jude Children's Research Hospital in Tennessee.

The conference agreement includes \$250,000 for the Huntsman Cancer Institute; \$500,000 for the Mega-Voltage Cargo Imaging Development Applications for the Nevada Test Site; \$500,000 for the California Hospital Medical Center PET/CT Fusion Imaging System; \$500,000 for the Luci Curci Cancer Center Linear Accelerator; \$500,000 for Project Intellicare in California; \$750,000 for the University Medical Center in Las Vegas, Nevada; \$500,000 for the Southern California Water Education Center; \$500,000 for Live Cell Molecular Imaging System at the University of Connecticut; \$500,000 for the St. Francis Hospital Wilmington, Delaware, MRI and Cardiac Catheterization Laboratory; \$500,000 for the University of Delaware for the Delaware Biology Institute; \$500,000 for the University of Nevada-Las Vegas School of Public Health; \$250,000 for the Latino Development and Technology Center; \$250,000 for the Swedish American Health Systems; \$250,000 for DePaul Uni-

versity Chemistry Lab Renovation Project; \$250,000 for the Edward Hospital Cancer Center; \$500,000 for the Mary Bird Perkins Cancer Center; \$500,000 for the Morgan State University Center for Environmental Toxicology; \$500,000 for the Suburban Hospital in Montgomery County, Maryland; \$500,000 for the University of Massachusetts at Boston Multidisciplinary Research Facility and Library; \$500,000 for the Martha's Vineyard Hospital; \$750,000 for the Nevada Cancer Institute; \$500,000 for the Mercy Hospital Grayling, Michigan Rural Healthcare Advancement Initiative; \$750,000 for the Health Sciences Complex at Creighton University; \$500,000 for the Hackensack University Medical Center Women and Children's Pavilion; \$500,000 for the Kennedy Health System Linear Accelerator; \$750,000 for the University of Buffalo Center of Excellence in Bioinformatics; \$500,000 for the Hospital for Special Surgery National Center for Musculoskeletal Research; \$500,000 for the New University in New York City; \$500,000 for the Radiochemistry research facility at the University of Nevada-Las Vegas; \$250,000 for the Hauptman-Woodward Medical Research Institute; \$1,000,000 for the Vermont Institute of Natural Science; and \$750,000 for the Tahoe Center for Environmental Services.

Molecular Medicine.—The conferees continue to support research that brings together PET imaging, systems biology and nanotechnology to develop new molecular imaging probes. These probes should provide a biological diagnosis of disease that is informative of the molecular basis of disease and specific for guiding the development of new molecular therapies.

The conferees are concerned about consequence mitigation activities and public health impacts associated with the threat of any radiological event and strongly encourage the Department to develop therapeutic radiological countermeasures to protect against exposure to the effects of ionizing radiation. The conferees are aware of the potential of inositol radiation and encourages the Department to support research of this emerging technology. The conferees recommend that the Department fund medical therapy research and other treatment options to protect the public health against radiation exposure.

The conferees strongly support the Department's efforts to maintain the scientific infrastructure of the Nation's structural biology assets, and encourage the Department to work to address the needs within the broader community. The Department should continue to work constructively with the non-profit entity operating the X4A and X4C beamlines to fund state-of-the-art detectors, goniometers, and automated sample changing equipment, using available funds.

Basic Energy Sciences.—The conference agreement includes \$1,113,530,000 for Basic Energy Sciences. The conference agreement includes \$628,228,000 for materials sciences and engineering research, and \$253,422,000 for chemical sciences, geosciences, and energy biosciences. For purposes of reprogramming during fiscal year 2005, the Department may allocate funding among all operating accounts within Basic Energy Sciences. The conference agreement also provides the request of \$7,673,000 for the Experimental Program to Stimulate Competitive Research (EPSCoR).

Advanced scientific computing research.—The conference agreement includes \$234,340,000 for advanced scientific computing research (ASCR), an increase of \$30,000,000 over the budget request, with not more than \$25,000,000 devoted to hardware. The conferees support the House Report language on ASCR.

Science laboratories infrastructure.—The conference agreement provides \$42,336,000 for science laboratories infrastructure, including an additional \$5,000,000 to correct safety deficiencies at Science laboratories, and \$6,100,000 additional for excess facilities disposal.

The conference agreement provides the requested amounts of \$1,766,000 for infrastructure support, \$5,079,000 for Oak Ridge landlord costs, and \$24,391,000 for construction of various infrastructure projects (MEL-001). Of this increase, \$5,000,000 additional is provided to continue infrastructure subproject 18 under MEL-001 to support continuing activities at the Pacific Northwest National Laboratory to replace the infrastructure being displaced by the closure of the 300 Area at the Hanford site.

Fusion energy sciences.—The conference agreement includes \$276,110,000 for fusion energy sciences, an increase of \$12,000,000 over the budget request. The additional \$12,000,000 is to be used to increase the utilization of existing large and small experiments; further work in inertial fusion technology; take advantage of opportunities in High Energy Density Physics, including research on fast ignition, and large-scale scientific computing; and provide for cost-effective construction and development of the National Compact Stellarator Experiment. The conference notes the delay in site selection for the International Thermonuclear Experimental Reactor (ITER) and directs the Department to reduce its planned expenditures on ITER in fiscal year 2005 in consideration of this delay.

Safeguards and security.—The conference agreement includes \$73,315,000 for safeguards and security activities at laboratories and facilities managed by the Office of Science.

Science workforce development.—The conference agreement provides the requested amount of \$7,660,000 for science workforce development. The conferees encourage the Department to provide funds and technical expertise for high school students to participate in the For Inspiration and Recognition of Science and Technology (FIRST) robotics competition.

Science program direction.—The conference agreement includes \$155,268,000 for science program direction. This amount includes \$89,341,000 for field offices and \$65,927,000 for headquarters. The control level for fiscal year 2005 is at the program account level of Science Program Direction.

Funding adjustments.—The conference agreement includes an offset of \$5,605,000 for the safeguards and security charge for reimbursable work, as proposed in the budget request. The conference agreement also includes the use of \$5,062,000 of prior year balances.

NUCLEAR WASTE DISPOSAL

The conference agreement provides \$346,000,000 for Nuclear Waste Disposal. When combined with the \$231,000,000 appropriated from the Defense Nuclear Waste Disposal account, a total

of \$577,000,000 will be available for program activities in fiscal year 2005. The conferees have provided \$2,000,000 for the State of Nevada and \$8,000,000 for the Affected Units of Local Government (AULG) for project oversight.

DEPARTMENTAL ADMINISTRATION

(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$332,866,000 for Departmental Administration expenses. Including a transfer of \$92,440,000 from Other Defense Activities, and revenues of \$122,000,000, the same as estimated by the Congressional Budget Office, this results in a net appropriation of \$118,426,000.

Specific funding levels for each Departmental organization are provided in the accompanying table.

Reprogramming guidelines.—The conference agreement provides reprogramming authority of \$1,000,000 or 10 percent, whichever is less, within the Departmental Administration account without prior submission of a reprogramming to be approved by the House and Senate Committees on Appropriations. No individual program account may be increased or decreased by more than this amount during the fiscal year using this reprogramming authority. Congressional notification within 30 days of the use of this reprogramming authority is required. Transfers which would result in increases or decreases in excess of \$1,000,000 or 10 percent to an individual program account require prior notification and approval.

OFFICE OF THE INSPECTOR GENERAL

The conference agreement provides \$41,508,000 for the Inspector General.

ATOMIC ENERGY DEFENSE ACTIVITIES

NATIONAL NUCLEAR SECURITY ADMINISTRATION

WEAPONS ACTIVITIES

(INCLUDING TRANSFER OF FUNDS)

The National Nuclear Security Administration (NNSA), a semi-autonomous agency within the Department of Energy, manages the Nation's nuclear weapons, nuclear nonproliferation, and naval reactors activities.

The conference agreement provides \$6,526,471,000 for Weapons Activities.

Availability of funds.—The conference agreement makes funds available until expended.

Directed stockpile work (DSW).—The conference agreement includes \$1,316,936,000 for directed stockpile work. The conference agreement provides \$460,754,000 for DSW Life Extension Programs. The conference agreement provides \$511,095,000 for DSW Stockpile Systems and \$75,000,000 for DSW Retired Warheads Stockpile systems. The conferees do not provide \$9,000,000 for advanced concepts research on new weapons designs, but the same

amount is made available for the Reliable Replacement Warhead program to improve the reliability, longevity, and certifiability of existing weapons and their components. The conference agreement provides \$270,087,000 for DSW Stockpile services. No funds have been provided for the Robust Nuclear Earth Penetrator (RNEP).

The Conferees support a degree of flexibility in executing this budget by providing limited reprogramming authority within Directed Stockpile Work [DSW]. The control levels for the DSW program are:

- (1) Life Extension Programs;
- (2) Stockpile Systems;
- (3) Retired Warhead Stockpile Systems; and
- (4) Stockpile Services.

Campaigns.—Funding for individual campaigns is shown on the accompanying table. From within funds provided for the various campaigns, \$4,350,000 is provided for the University Research Program in Robotics.

For science campaigns, the conference agreement provides \$279,462,000. The conference agreement provides \$73,973,000 for primary assessment technologies; \$86,521,000 for dynamic materials properties program and \$55,371,000 for the advanced radiography program. The conference provided \$63,597,000 for secondary assessment technologies.

Within available funds, the conferees provide \$7,500,000 to support Dynamic Materials Properties at the Nevada Test Site [NTS], experiments on dynamic materials properties at the Atlas facility and plutonium experiments at the Joint Actinide Shock Physics Experimental facility [JASPER].

Within available funds, the Department is directed to work with the UNLV Research Foundation to organize and lead a consortium of universities to design, prepare, and conduct experiments on the Atlas Machine.

Within Primary Assessment Technologies, NNSA is directed to fund the Nevada Test Site [NTS] to maintain the critical personnel skills and institutional viability in direct support of the subcritical experiment program.

The conference agreement provides \$260,830,000 for engineering campaigns. The conference agreement for the enhanced surety campaign is \$33,121,000. The conference agreement for the weapons system engineering assessment technology is \$27,270,000. The conference agreement for nuclear survivability is \$9,460,000 and the conference recommendation for enhanced surveillance campaign is \$99,879,000.

Engineering campaign construction projects.—The conference agreement provides \$86,500,000 for Project 01–D–108, Microsystem and engineering science applications (MESA) at Sandia, in New Mexico.

Inertial Confinement Fusion Ignition and High Yield.—The conference agreement includes \$541,034,000 for the inertial confinement fusion ignition and high yield program. This represents a \$25,000,000 cut of the NIF project baseline. An additional \$46,000,000 is provided to support expanded research in non-NIF related ICF research including petawatt and high-energy petawatt laser development. Funding also enables continued development of

the beryllium shell targets currently envisioned for ignition demonstrations in 2010. This target, if successful, may enable advancement of the 2014 date for ignition specified in the budget request documentation, a date which represents a 4 year slip from the original goal of 2010. Since demonstration of ignition by 2010 was the rationale provided for construction of NIF under the current baseline funding, the conference is extremely concerned with suggestions of major delay in that date and requires that effort focus on achieving that goal on the timescale originally proposed. Until very recently, the beryllium shell and fill tube design was not considered viable, but it is now viewed by the program managers as the best option for regaining the 2010 ignition goal. Significant risks are associated with this design however, which is why this target design was not considered earlier in the program. To estimate the probability of success for this new target design, the conference mandates that a full review of NIF progress and the use and promise of this target be accomplished by an outside panel of experts, the JASONS, to validate the current NIF construction baseline and the outlook for ignition with this target design. As part of this validation, experiments should be designed and completed on alternative drivers, such as LLE at the University of Rochester and the Z machine at Sandia National Laboratories, to increase confidence in the performance of this target. The conference further requires that these experiments, as well as the JASON review, be used to develop a position paper authored by the NNSA Laboratory and LLE Directors by June 2005, discussing the promise of this target design to achieve ignition on the original schedule of 2010, 4 years ahead of the date specified in the current Budget. The conference is also aware that the laser glass used in the Japanese GEKKO program, which is identical to the optics used in the NIF project, has significantly degraded in efficiency over time. The conference requests the JASONS undertake a study utilizing the Japanese laser optic operations as a measure to determine if the NIF laser optics are performing as originally estimated and what impact this will have on the project, the ability to achieve ignition by 2010 and the overall lifecycle costs of replacing the optics more frequently. The conference provides \$5,000,000 for the development of advanced target fabrication and diagnostic techniques required to support experiments at Omega, Z machine and NIF employing advanced materials. Target fabrication and manufacturing capabilities are critical in fielding increasingly sophisticated experiments.

Petawatt Lasers.—The conference recommendation includes an additional \$6,000,000 for university grants and other support. Of this amount, \$3,000,000 is provided for continued development of the petawatt laser at the University of Texas at Austin; \$1,000,000 is provided for an optical parametric chirped pulse amplifier upgrade and associated operations of the short pulse laser at the University of Nevada, Reno; \$1,000,000 is provided to the University of Nevada, Reno to continue its collaboration with Sandia National Laboratories on highly diagnosed studies of exploding wire arrays and implosion dynamics; and \$1,000,000 is provided for research using the Z-Beamlet laser at Sandia National Laboratories under the Z-Petawatt Consortium that includes the University of Texas

at Austin, the University of California, San Diego, the University of California, Davis, the University of Nevada, Reno, the University of Michigan, the University of Rochester, Ohio State University and the General Atomics Corporation.

Inertial Fusion Technology.—The conferees also include \$25,000,000 to continue development of high average power lasers and supporting science and technology, the budget request for the Naval Research Laboratory, and \$73,469,000 for the University of Rochester, an increase of \$28,000,000 over the budget request. The additional funding is provided to the University of Rochester's Laboratory for Laser Energetics for the OMEGA Extended Performance (EP) Facility in support of the nation's stockpile stewardship program. The conference recommendation includes \$9,000,000 to initiate double-shift operations and assessments and initial development and testing of Z-pinch inertial fusion energy. The conference recommendation includes \$1,000,000 to the University of Nevada-Reno for magnetized plasma/laser interaction studies at the Nevada Terawatt Facility, using the Zebra pulse power machine and the Leopard short pulse laser system.

National Ignition Facility.—Within the funds provided, \$130,000,000 is for National Ignition Facility (NIF) construction, Project 96-D-111.

Advanced Simulation and Computing.—The conference agreement provides \$703,760,000. From within available funds for advanced simulation and computing, \$10,000,000 is provided for the Ohio Supercomputing Center high-end computer network at its Springfield, Ohio site; \$2,500,000 is provided to complete Phase I of the demonstration project of three-dimensional chip scale packaging integrated with spray cooling at Pacific Northwest National Laboratory. The conferees direct the University Partnerships program be funded at the budget request.

For the pit manufacturing and certification campaign, the conference agreement provides \$265,671,000. The conference agreement provides \$132,005,000 for W88 pit manufacturing and \$60,960,000 for W88 pit certification, the same as the budget request. Providing the requested level of funding will ensure that the NNSA maintains its commitment to produce a certified W88 pit by 2007. The conference agreement provides \$13,500,000 for Pit Manufacturing Capability and \$7,000,000 for Modern Pit Facility. The conferees agree that funding for Modern Pit Facility cannot be used to select a construction site in fiscal year 2005.

For readiness campaigns, the conference agreement provides \$272,627,000. The conference agreement provides \$45,812,000 for the Stockpile readiness campaign. High explosives weapons operations is funded at \$34,220,000. The conference agreement provides \$32,957,000 for the non-nuclear readiness campaign. The conference agreement provides \$79,788,000 for the advanced design and production technologies campaign. Funding for the tritium readiness campaign is the same as the budget request. The Conferees are aware of the successful partnership between the NNSA and the University of Nevada-Las Vegas and the University of Nevada-Reno that have been fostered through a series of cooperative agreements. The Department is encouraged to renew these agreements at higher levels as appropriate.

Readiness in technical base and facilities.—For readiness in technical base and facilities, the conference agreement provides \$1,121,557,000 for operations of facilities.

Within funds provided for operations of facilities, the conferees provide an additional \$45,000,000 for the Pantex Plant in Texas; and an additional \$50,000,000 for the Y-12 Plant in Oak Ridge, Tennessee; and an additional \$5,000,000 for the Kansas City Plant. For Program Readiness, the conference agreement provides \$106,204,000.

Within available funds, an additional \$5,000,000 is provided to support the operation for the facilities at the Nevada Test Sites, including the Device Assembly Facility, the Joint Actinide Shock Physics Experimental facility, operations associated with the Atlas relocation project, U1a operations, general plant projects and other NTS support facilities. Finally, the conferees provide an additional \$1,000,000 to the Nevada Site Office for testing and enablement of water filters to mitigate consequences of radionuclides in drinking water. The conference agreement includes an additional \$13,000,000 within the funds provided for modification of the Z-Beamlet laser at the Z Pinch at Sandia National Laboratory.

For continued facility upgrades, refurbishments, operation and maintenance costs associated with and for the National Center for Combating Terrorism [NCCT] at the Nevada Test Site, an additional \$25,000,000 is provided. Within the funds provided for NCCT, the conference agreement includes \$2,500,000 to the UNLV Research Foundation to support the ongoing programs of the Institute for Security Studies including research and development, training and collaborative activities related to combating terrorism, emergency response and consequence management. The recommendation also includes, within funds provided, \$2,500,000 for the UNR Fire Sciences Academy.

For Special Projects, the conference agreement provides \$41,500,000. Within the available funds, \$3,000,000 for magnetized high energy density matter research at the Nevada Terawatt facility at the University of Nevada-Reno; and \$1,000,000 to continue the ongoing administration infrastructure support grant for the UNLV Research Foundation; \$750,000 to the UNLV Research Foundation to establish and certify a radioanalytical services laboratory to support emergency management training activities and actual radiological events; \$10,000,000 for settlement of claims for the Pajarito Plateau homesteaders pertaining to acquisition of their lands and property during the Manhattan Project; and \$8,000,000 for Los Alamos County Schools Program.

From within available funds, \$5,000,000 for National Energy Technology Laboratory to use the Plasma Separation Process to develop high energy isomers and isotopes for energy storage and utilization. From within available funds, the conferees provide \$2,000,000 for the Airborne Particulate Threat Assessment program; \$2,000,000 for the Secure Wireless Technology Program; \$1,000,000 for the Total Asset Management (TAMS) program; \$2,000,000 for Integrated Collaborative Prototyping for Y-12; and \$2,000,000 for development of multi-platform dosimeter Radiation Detection devices. The conference provides \$2,000,000 for the Na-

tional Center for Biodefense at George Mason University in Virginia.

The conference agreement includes \$86,965,000 for materials recycle and recovery, the same as the budget request. The conferees continue to be concerned about the fire station support at the Nevada Test Site and are pleased by the decision to use a design-build acquisition strategy for the fire station and encourage completion at the earliest possible time within the funding that has been provided. The conference agreement also includes an additional \$16,000,000 for the Los Alamos National Laboratory for the CMR Building 04-D-125.

The conference agreement includes the budget request of \$17,910,000 for containers and \$18,982,000 for storage.

Construction projects.—

Project 05-D-140, Project engineering and design (PED)—RTBF, various locations. The conferees provide \$16,600,000, an increase of \$5,000,000. The additional PED funds are provided to begin planning for impact-resistant bunkers for additional warhead storage facilities for nuclear warheads with conventional high explosives at the Pantex Plant in Texas.

Project 04-D-125, Chemistry and Metallurgy Research Facility Replacement (CMRR)—LANL. The conference provides \$40,000,000 for the CMRR project.

Project 01-D-124, Highly Enriched Uranium Materials Facility, Y-12 National Security Complex, Oak Ridge, TN. The conference provides \$114,000,000, an increase of \$50,000,000 over the budget request.

*Facilities and Infrastructure Recapitalization.—*The conference agreement includes \$316,224,000 for the facilities and infrastructure (F&I) recapitalization program.

*Secure Transportation Asset.—*The conference agreement provides \$201,300,000 for secure transportation asset. The conference agreement provides \$57,427,000 for STA program direction. Consistent with the new triad as outlined in the Nuclear Posture Review, NNSA is working to create a responsive infrastructure to deliver needed facilities at lower cost and with greater speed. The conference encourages NNSA to explore opportunities for third party financing where appropriate.

*Nuclear Weapons Incident Response.—*The conference agreement provides \$99,209,000 for nuclear weapons incident response.

*Safeguards and Security.—*The conference agreement includes \$757,678,000, for safeguards and security activities at laboratories and facilities managed by the National Nuclear Security Administration. The conferees provide an additional \$30,000,000 at the Y-12 plant in Tennessee to accelerate security infrastructure upgrades and consolidate the facility footprint. The conferees provide an additional \$20,000,000 for the expansion of the red network at Los Alamos National Laboratory to reduce the necessity for CREM.

*Funding Adjustments.—*The conference agreement includes an adjustment of \$30,000,000 for a security charge for reimbursable work, as proposed in the budget, and the use of \$86,000,000 in prior year balances.

DEFENSE NUCLEAR NONPROLIFERATION

The conference agreement provides \$1,420,397,000 for Defense Nuclear Nonproliferation.

Nonproliferation and Verification Research and Development.—The conference agreement provides \$225,750,000 for nonproliferation and verification research and development. The conference agreement includes \$20,000,000 for ground-based systems for treaty monitoring.

The conferees provide an additional \$5,000,000 within Supporting Activities to support the ongoing regulatory and environmental activities for 300 Area replacement at Pacific Northwest National Laboratory that will allow PED to occur on an accelerated schedule. The conferees direct the Office of Nuclear Nonproliferation to coordinate closely with the Office of Science on the transition schedule and construction plans to maintain the national security capabilities resident at PNNL. From within available funds, the conferees provide \$2,000,000 for testing of high-pressure xenon radiation detectors at the Brookhaven National Laboratory Rad-Tech facility for portal applications. From within the funds provided, the conference recommendation includes \$3,500,000 for the University of Nevada-Reno for the development of state-of-the-art chemical, biological, and nuclear detection sensors. The conference recommendation includes the \$2,000,000 for the UNLV research Foundation to continue to establish and operate within the Institute for Security Studies and applied research and technology capability in support for the effort to combat terrorism. An additional \$500,000 is provided to support nanomaterial research related to sensor applications. The conference recognizes the unique mission capability the Los Alamos National Laboratory possesses through work performed at Technical Area 18 [TA-18] in areas of nuclear threat detection and response. In light of these important national security activities, the conferees direct the Secretary to perform an assessment as to the LANL role in managing the future CAT III/IV mission.

Nonproliferation and International Security.—The conference agreement provides \$154,000,000 for nonproliferation and international security. The conferees include \$20,000,000 for the Global Threat Reduction Initiative. The conferees provide \$10,000,000 for initiatives focused on removing nuclear weapons-usable materials from vulnerable sites around the world. These activities are essential to prevent terrorist groups or states hostile to the United States from acquiring destructive nuclear capabilities. The Administrator, working with the Secretary, must utilize the NNSA's strength in the inter-agency process to become the lead agency for all such government activities worldwide. From within available funds, the conference agreement provides \$150,000 to continue the collaboration between Texas A&M and Russian universities on nuclear facilities safety and decontamination and decommissioning technologies.

NON-PROLIFERATION PROGRAMS WITH RUSSIA

The conferees are disappointed the Administration has failed to negotiate an acceptable solution for liability to allow the MOX

program to move forward this year. As a result, another construction season will be missed in Russia. Not only does this raise serious concern from a national security standpoint, but it will also have serious repercussions here in the United States as a result of maintaining parity of the two construction schedules. The conferees strongly urge the Administration to find an acceptable solution in the near term in order to successfully complete negotiations and allow construction of both the Russian and United States mixed oxide fuel fabrication facilities to begin.

International Materials Protection, Control and Cooperation (MPC&A).—The conference recommendation is \$322,000,000 for the MPC&A program, an increase of \$84,000,000 over the budget request. The Conferees provide additional funds for MPC&A to accelerate securing nuclear warhead sites in Russia, begin MPC&A upgrades at the Russian Federation serial production enterprise sites and provide additional resources for the Second Line of Defense program to accelerate installation activities in the Baltic and Caucasus regions and other critical border activities. The conference provides the budget request within the Second Line of Defense program for the MegaPorts initiative. An increase of \$50,000,000 is provided for other high priority MPC&A activities, to include countries outside the FSU.

Russian Transition Initiatives.—The conference agreement provides \$41,000,000, for the Initiatives for Proliferation Prevention (IPP) program and the Nuclear Cities Initiative (NCI).

HEU Transparency Implementation.—The conference agreement provides \$20,950,000, the same as the budget request.

Elimination of Weapons-Grade Plutonium Production.—The conference agreement includes \$40,097,000 for the elimination of weapons-grade plutonium production program.

Fissile Materials Disposition.—The conference agreement provides \$624,000,000 for fissile materials disposition, the same level authorized in the fiscal year 2005 defense authorization bill. Funding of \$159,700,000 is provided for U.S. surplus materials disposition and \$64,000,000 for the Russian plutonium disposition program.

Construction Projects.—The conference recommendation includes \$368,000,000 for Project 99-D-143, the Mixed Oxide Fuel Fabrication facility project. Funding of \$32,300,000 is provided for Project 99-D-141, the Pit Disassembly and Conversion Facility project.

Off-Site Source Recovery Project.—The conference agreement provides \$7,600,000 for Off-Site Source Recovery Project. The conferees provide an additional \$2,000,000 for the Nuclear and Other Hazardous Materials Transportation Research Project at South Carolina State University's Transportation Center.

NAVAL REACTORS

The conference agreement provides \$807,900,000 for Naval Reactors, an increase of \$10,000,000 over the budget request. The conferees agree to transfer the additional \$10,000,000 to the Office of Nuclear Energy to support the Idaho National Laboratory's Advanced Test Reactor.

OFFICE OF THE ADMINISTRATOR

The conference agreement provides \$356,200,000 for the Office of the Administrator, \$22,500,000 above the request.

The conference recommendation provides \$12,000, the same as the budget request, for official reception and representation expenses for the NNSA.

Within the Office of the Administrator, the conferees provide \$22,500,000 to support the Historically Black Colleges and Universities (HBCUs) scientific and technical programs. The conferees concur with the House language directing the HBCUs and Hispanic Serving Institutions (HSIs) receive financial support in rough parity on a year-to-year basis. The conference recommendation includes \$2,000,000 each for Wilberforce University and Central State University in Wilberforce, Ohio; and \$2,000,000 each for Claflin College in Orangeburg, SC and Allen University in Columbia, SC; \$500,000 each for Morris College in Sumter, SC and Benedict College in Columbia, SC; and \$1,000,000 for Voorhees College in Denmark, SC and \$2,000,000 for Morehouse College Dansby Hall Minority Science Center.

ENVIRONMENTAL AND OTHER DEFENSE ACTIVITIES

DEFENSE ENVIRONMENTAL MANAGEMENT

The conference agreement for Defense Environmental Management totals \$7,034,405,000.

The conferees are aware that the Department of Defense has utilized guaranteed fixed price remediation (GFPR) to remediate contaminated properties. The conferees note the significant cost-savings experienced by the Department of Defense using GFPR, and believe that the Department of Energy may be able to achieve similar savings and benefits. In order to better assess the opportunity for cost savings by the Department of Energy, the conferees direct the Department to submit to the Committees on Appropriations of the House and Senate, by May 1, 2005, a report as to the feasibility of applying GFPR to remediation activities undertaken or planned by the Department.

DEFENSE SITE ACCELERATION COMPLETION

The conference agreement for Defense Site Acceleration Completion in fiscal year 2005 is \$6,096,429,000.

Accelerated Completions, 2006.—The conference agreement provides \$1,264,999,000. This funding supports the closure by the year 2006 of the Rocky Flats, West Jefferson, Fernald, Miamisburg, and Ashtabula sites, and the completion of significant cleanup projects at various other sites such as Melton Valley, Kansas City, and Savannah River. The additional \$13,200,000 is provided to accelerate low-level waste shipments during fiscal year 2005 from the Miamisburg Closure Project.

Accelerated Completions, 2012.—The conference agreement provides \$2,150,641,000.

Accelerated Completions, 2035.—The conference agreement provides \$1,904,339,000. This amount includes the requested funding of \$43,827,000 for construction of the Glass Waste Storage

Building #2 at SRS (project 04-D-408) and the requested funding for the Waste Isolation Pilot Plant, the Idaho Cleanup Project, the Y-12 and Oak Ridge National Laboratory sites, Hanford and the Office of River Protection, Savannah River, Los Alamos National Laboratory, Nevada Test Site, and various other sites and facilities. From within available funds, the conferees provide \$2,000,000 for the Hanford Tank Waste Operations Simulator (HTWOS); \$2,000,000 for the Modular Phase Low Cost Nano-particle at Idaho National Lab; and \$1,000,000 for the Mid-Atlantic Recycling Center for End of Life Electronics.

Waste Incidental to Reprocessing.—The conference agreement provides \$162,600,000 for the Savannah River site, \$97,300,000 for the Idaho site and \$32,050,000 for the Hanford site. The conference agreement provides \$26,000,000 for Project 05-D-405 Salt Waste Processing Facility for long lead procurement activities.

Safeguards and Security.—The conference agreement provides \$265,059,000, the same as the budget request.

Technology Development and Deployment.—The conference agreement provides \$60,142,000. From within available funds, the conferees direct the Department to use not less than \$10,000,000 to conduct a competitive evaluation of the various advanced remediation technologies available in the private sector. Within remaining available funds, the conferees provide \$5,000,000 to continue the five-year international agreement with AEA Technology, and \$7,000,000 to continue the five-year agreement with Florida International University's Hemispheric Center for Environmental Technology.

Within available funds, the conferees provide \$3,000,000 for Advanced Monitoring Systems Initiative at the Nevada Test Site, to continue micro-sensing technology development and prototype deployment of remote monitoring systems for the underground test area; \$2,400,000 for the Management of Nevada Natural Resources with Remote Sensing Systems program; \$1,000,000 for nanotube research and development at the Materials Reliability Center at the University Research Programs in Robotics. The Department is directed to renew its cooperative agreements with the University of Nevada-Las Vegas and the University of Nevada-Reno.

Within available funds, \$3,000,000 is provided to continue the development of an electrochemical system utilizing ceramic ionic transport membranes for the recycling and disposal of radioactive sodium ion waste. The conference also provides \$4,000,000 for work on the subsurface science research institute by Idaho National Laboratory and the Inland Northwest Research Alliance institutions. The Department shall continue its support of the Tribal Colleges Initiative grant, involving Crownpoint Institute of Technology, Dine College, and Southwestern Indian Polytechnic Institute, to develop high-quality environmental programs at tribal colleges.

DEFENSE ENVIRONMENTAL SERVICES

The conference recommendation for Defense Environmental Services in fiscal year 2005 is \$937,976,000.

Community and Regulatory Support.—The conference agreement is \$60,547,000. From within available funds, \$500,000 shall be used to support the Energy and Environmental Hispanic Com-

munity Participation project of the Self Reliance Foundation needed to increase Hispanic community understanding of and participation in environmental management initiatives of the Department.

Federal Contribution to Uranium Enrichment Decontamination and Decommissioning Fund.—The Energy Policy Act of 1992, Public Law 102–486, created the Uranium Enrichment Decontamination and Decommissioning Fund to pay for the cost of cleanup of the gaseous diffusion facilities located in Oak Ridge, Tennessee; Paducah, Kentucky; and Portsmouth, Ohio. The conference agreement includes the budget request of \$463,000,000 for the Federal contribution to the Uranium Enrichment Decontamination and Decommissioning Fund.

Non-Closure Environmental Activities.—The conference agreement is \$146,038,000. Within available funds, the conference agreement directs the Department to provide \$10,000,000 for the Hazardous Waste Worker Training Program and \$8,000,000 for the Volpentest Hazardous Materials Management and Emergency Response (HAMMER) training and education center.

The conference agreement includes \$2,000,000 for the Desert Research Institute's Environmental Monitoring Program; \$750,000 for the University of Nevada-Reno to conduct research in the areas of materials evaluation, fundamental studies on nuclear degradation mechanisms, alternate materials and design, and computational and analytical modeling; \$1,000,000 for the Nye County Groundwater Evaluation Program; \$2,000,000 for the Defense and Security Research Center; \$1,000,000 for the Amargosa Valley Science and Technology Park; \$1,000,000 for the Hazardous Material Truck Tracking Facility; and \$1,000,000 for the Research Foundation at the University of Nevada-Las Vegas to assess earthquake hazards and seismic risk in Southern Nevada; \$100,000 for the Perchlorate Characterization study for the City of Simi Valley; and \$6,000,000 for the Western Environmental Technology Office.

Spent Nuclear Fuel Management.—The Department proposed to transfer responsibility for the management and operation of the DOE national spent fuel program, the foreign research reactor spent nuclear fuel acceptance program, and the management of chemical processing plant 666 at Idaho from the Office of Environmental Management to the Office of Civilian Radioactive Waste Management. The conference agreement includes the requested amounts of \$8,217,000 for the DOE national spent fuel program, \$8,055,000 for management of chemical processing plant 666, and \$1,060,000 for associated program direction costs. It is the conferees' expectation that these activities will continue to be managed at the Idaho site.

Program Direction.—The conference agreement for program direction is \$271,059,000, the same as the budget request.

Funding adjustments.—The conference agreement includes an offset of \$143,000 the same as the budget request, for the security costs associated with reimbursable work. The conference agreement includes the use of \$2,000,000 of prior year balances.

OTHER DEFENSE ACTIVITIES

The conference agreement provides \$692,691,000 for Other Defense Activities.

ENERGY SECURITY AND ASSURANCE

The conference agreement funds these programs under the Office of Electricity Transmission and Distribution.

OFFICE OF SECURITY

The conference agreement provides \$298,506,000. \$193,904,000 is provided for nuclear safeguards and security; \$49,880,000 is provided for security investigations; and \$54,722,000 is provided for program direction.

INDEPENDENT OVERSIGHT AND PERFORMANCE ASSURANCE

The conference agreement provides \$24,669,000, the same as the budget request, for the independent oversight and performance assurance program.

ENVIRONMENT, SAFETY AND HEALTH (DEFENSE)

The conference agreement provides \$129,519,000 for defense-related environment, safety and health activities, including \$20,414,000 for program direction. The conferees disagree with the Administration's decision to cut funding for the Radiation Effects Research Foundation. Within available funds, the conference agreement provides \$14,000,000, an increase of \$10,000,000 above the request for the Foundation. This funding is critical in carrying out the scientific work, which the United States has funded since 1947, to study the health effects associated with the atomic blasts above Hiroshima and Nagasaki.

The conference agreement includes \$2,000,000 for the Marshall Island program to meet the core health and environmental monitoring mission in order to reassure the communities of safe habitation and resettlement. The conference agreement also includes \$5,000,000 to continue the DOE Worker Records Digitization project in Nevada. These funds are to be administered by the Nevada Site Office. The conferees provide \$4,100,000 for the medical monitoring at the gaseous diffusion plants at Paducah, Kentucky, Portsmouth, Ohio, and Oak Ridge, Tennessee. The conferees support the continued use of helical low-dose CAT scanning for early lung cancer detection in workers with elevated risks of lung cancer. The conferees direct the Department to establish an employee field resource center in the State of New York.

Former Worker Medical Screening.—The conference agreement includes \$300,000 within the Former Workers Health Program for the Iowa Army Ammunition Plant for ongoing assistance in collecting requisite medical records and completing claims forms for workers and retirees and \$250,000 for the on-going beryllium screening and outreach program for workers employed at vendors in the Worcester, Massachusetts, area who supplied beryllium to the Atomic Energy Commission.

The conferees support and are pleased with the Department's efforts to expand the Voluntary Protection Program and other voluntary cooperative programs. The conference agreement includes \$790,000 for the University of Washington's Former Hanford Production Workers Medical Screening Program and to initiate med-

ical screening for current tank farm workers consistent with the July 2004 NIOSH Health Hazard Evaluation Report.

Energy Employees Compensation Initiative.—The conferees note the transfer of responsibility for processing the Subtitle D claims from the Department of Energy to the Department of Labor.

LEGACY MANAGEMENT

The conferees support the established mission of the office of legacy management to manage the long-term stewardship responsibilities at the Department's cleanup sites. The conference agreement provides a total of \$46,895,000 for the office of legacy management of which \$13,201,000 is provided for program direction. Within available funds, the conferees provide \$8,000,000, to remain available until expended, for planning, design, construction, and land acquisition, if necessary, to establish a records management facility centrally located near sites transferring into Legacy Management status, and in close proximity to the Office of Legacy Management's records management capability. The conferees urge the Department to accelerate these activities with the goal of such a facility being operational by early fiscal year 2007. From within available funds, the conference agreement provides \$1,200,000 to complete transition of the STAR Center in Pinellas County, Florida and \$4,000,000 for the final payment, subject to the existing requirement for matching funds, to the Miamisburg Mound Community Improvement Corporation. From available funds, \$500,000 is provided to establish a Local Stakeholder Post-Closure organization in the State of Colorado.

FUNDING FOR DEFENSE ACTIVITIES IN IDAHO

The conference agreement provides \$114,347,000 for defense-related activities at the Idaho National Laboratory (INL) and associated Idaho cleanup sites.

DEFENSE RELATED ADMINISTRATIVE SUPPORT

The conference agreement provides \$92,440,000 as proposed by the House for national security programs administrative support.

OFFICE OF HEARINGS AND APPEALS

The conference agreement provides \$4,318,000 for the Office of Hearings and Appeals, the same as the budget request.

OFFICE OF FUTURE LIABILITIES

The conferees do not support the creation of a redundant Departmental office to address the planning function for long term environmental cleanup liabilities. The conference agreement provides no funds for the Office of Future Liabilities.

DEFENSE NUCLEAR WASTE DISPOSAL

The conference agreement provides \$231,000,000 for the defense contribution to the nuclear waste repository program. The conferees are aware that the Department formally approved, in 1995, the right of the Affected Units of Local Government and the State of Nevada to retain interest earned on unexpended balances

in their oversight accounts. The conferees reaffirm that this policy reflects the intent of Congress and should be maintained by the Department.

POWER MARKETING ADMINISTRATIONS

OPERATION AND MAINTENANCE, SOUTHEASTERN POWER ADMINISTRATION

The conference agreement includes \$5,200,000, the same as the budget request, for the Southeastern Power Administration. The conference agreement provides \$34,000,000 for purchase power and wheeling in fiscal year 2005.

OPERATION AND MAINTENANCE, SOUTHWESTERN POWER ADMINISTRATION

The conference agreement includes \$29,352,000, the same as the budget request, for the Southwestern Power Administration. The conference agreement provides \$2,900,000 for purchase power and wheeling in fiscal year 2005. The conference recommendation also provides authority for Southwestern to accept advances from non-Federal entities to provide interconnections to Southwestern's transmission system.

CONSTRUCTION, REHABILITATION, OPERATION AND MAINTENANCE, WESTERN AREA POWER ADMINISTRATION

The conference agreement provides \$173,100,000, for Western Area Power Administration. The conference agreement provides \$227,600,000 for purchase power and wheeling in fiscal year 2005. Within available funds, the conference recommendation includes \$6,000,000 for Topock-Davis-Mead Transmission Line Upgrades to provide additional transmission capacity by using aluminum matrix composite conductor technology.

Utah Mitigation and Conservation Fund.—The conference report does not contain the change in law sought by the Administration concerning the transfer of this fund from the Secretary of Energy to the Secretary of the Interior.

Within available funds, \$500,000 is provided on a non-reimbursable basis for a transmission study on the placement of 500 MW of wind energy in North Dakota and South Dakota.

FALCON AND AMISTAD OPERATING AND MAINTENANCE FUND

The conference agreement includes \$2,827,000, the same as the budget request, for the Falcon and Amistad Operating and Maintenance Fund.

FEDERAL ENERGY REGULATORY COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$210,000,000 for the Federal Energy Regulatory Commission (FERC). Revenues for FERC are set at an amount equal to the budget authority, resulting in a net appropriation of \$0.

On March 24, 2004, FERC issued a declaratory order asserting exclusive jurisdiction over the approval and siting of liquefied natural gas (LNG) terminals. FERC concluded that LNG terminals are engaged in foreign commerce and, as such, fall clearly within the authority granted to the FERC under Section 3 of the Natural Gas Act of 1938. The conferees agree on this point and disagree with the position of at least one State government agency that it should be the authority responsible for LNG terminal siting within its boundaries, rather than the FERC.

The Natural Gas Act clearly preempts States on matters of approving and siting natural gas infrastructure associated with interstate and foreign commerce. These facilities need one clear process for review, approval, and siting decisions. Because LNG terminals affect both interstate and foreign commerce, LNG facility development requires a process that also looks at the national public interest, and not just the interests of one State.

The conferees recognize that, as a matter of energy supply, the nation will need to expand its LNG infrastructure over the decades to come to satisfy natural gas demand. Any dispute of LNG siting jurisdictional authority now will be counterproductive to meeting our natural gas needs in the future.

GENERAL PROVISIONS—DEPARTMENT OF ENERGY

Sec. 301. The conference agreement includes language regarding contract competition.

Sec. 302. The conference agreement includes a provision that none of the funds may be used to prepare or implement workforce restructuring plans or provide enhanced severance payments and other benefits and community assistance grants for Federal employees of the Department of Energy under section 3161 of the National Defense Authorization Act of Fiscal Year 1993, Public Law 102-484. This provision has been carried in previous Energy and Water Development Appropriations Acts.

Sec. 303. The conference agreement includes a provision that none of the funds may be used to augment funds made available for obligation for severance payments and other benefits and community assistance grants unless the Department of Energy submits a reprogramming request subject to approval by the appropriate Congressional committees. This provision has been carried in previous Energy and Water Development Appropriations Acts.

Sec. 304. The conference agreement includes a provision that none of the funds may be used to prepare or initiate Requests for Proposals for a program if that program has not been funded by Congress in the current fiscal year. This provision also precludes the Department from initiating activities for new programs which have been proposed in the budget request, but which have not yet been funded by Congress. This provision has been carried in previous Energy and Water Development Appropriations Acts.

(TRANSFERS OF UNEXPENDED BALANCES)

Sec. 305. The conference agreement includes a provision that permits the transfer and merger of unexpended balances of prior appropriations with appropriation accounts established in this bill.

This provision has been carried in previous Energy and Water Development Appropriations Acts.

Sec. 306. The conference agreement includes a provision prohibiting the Bonneville Power Administration from performing energy efficiency services outside the legally defined Bonneville service territory unless the Administrator certifies in advance that such services are not available from private sector businesses. This provision has been carried in previous Energy and Water Development Appropriations Acts.

Sec. 307. The conference agreement includes a provision establishing certain notice and competition requirements for Department of Energy user facilities. This provision has been carried in previous Energy and Water Development Appropriations Acts.

Sec. 308. The conference agreement includes a provision allowing the Administrator of the National Nuclear Security Administration to authorize certain nuclear weapons production plants, including the Nevada Test Site, to use not more than 2 percent of available funds for research, development and demonstration activities. This provision has been carried in previous Energy and Water Development Appropriations Acts.

Sec. 309. The conference agreement includes a provision which would authorize intelligence activities of the Department of Energy for purposes of section 504 of the National Security Act of 1947 until enactment of the Intelligence Authorization Act for fiscal year 2005.

Sec. 310. The conference agreement includes a provision that requires that waste characterization at WIPP be limited to determining that the waste is not ignitable, corrosive, or reactive. This confirmation will be performed using radiography or visual examination of a representative subpopulation of the waste. The language directs the Department of Energy to seek a modification to the WIPP Hazardous Waste Facility Permit to implement the provisions of this section.

Sec. 311. The conference agreement includes language regarding disposition of depleted Uranium Hexafluoride.

Sec. 312. The conference agreement includes a provision regarding the use of funds in this Act for some procurement actions by the Department of Energy.

Sec. 313. The conference agreement includes a provision prohibiting the use of funds in this Act for procurements to increase the dollar value of prime contracts awarded directly by the Department to small business.

Sec. 314. The conference agreement includes a provision limiting the types of waste that can be disposed of in the Waste Isolation Pilot Plant in New Mexico. None of the funds may be used to dispose of transuranic waste in excess of 20 percent plutonium by weight for the aggregate of any material category. At the Rocky Flats site, this provision includes ash residues; salt residues; wet residues; direct repackaged residues; and scrub alloy as referenced in the "Final Environmental Impact Statement on Management of Certain Plutonium Residues and Scrub Alloy Stored at the Rocky Flats Environmental Technology Site". This provision has been carried in previous Energy and Water Development Appropriations Acts.

CONFERENCE RECOMMENDATIONS

The conference agreement's detailed funding recommendations for programs in title III are contained in the following table.

DEPARTMENT OF ENERGY
(Amounts in thousands)

	Budget Request	Conference
ENERGY SUPPLY		
RENEWABLE ENERGY RESOURCES		
Renewable energy technologies		
Biomass and biorefinery systems R&D.....	72,596	82,147

TITLE IV—INDEPENDENT AGENCIES

APPALACHIAN REGIONAL COMMISSION

The conference agreement provides \$66,000,000 for the Appalachian Regional Commission. Within available funds, the conferees direct the Commission to provide \$1,000,000 to facilitate construction of the Farmers' Ethanol biorefinery and supporting infrastructure in Perry County, Ohio. The conferees support the Appalachian-Turkish Trade Project to promote trade and investment opportunities.

DEFENSE NUCLEAR FACILITIES SAFETY BOARD

SALARIES AND EXPENSES

The conference agreement provides \$20,268,000 for the Defense Nuclear Facilities Safety Board, the same as the request.

DELTA REGIONAL AUTHORITY

SALARIES AND EXPENSES

The conference agreement appropriates \$6,048,000 for the Delta Regional Authority. The conferees direct the Authority to submit to the House and Senate Committees on Appropriations quarterly financial reports providing detailed accounting data on the expenditures of funds during fiscal year 2005. The conferees also expect the Authority to submit a detailed budget justification for the fiscal year 2006 budget.

DENALI COMMISSION

The conference agreement appropriates \$67,000,000 for the Denali Commission. The conferees renew the direction to the Commission to submit a detailed budget justification for fiscal year 2006.

NUCLEAR REGULATORY COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$662,777,000, to be offset by revenues of \$534,354,000, for a net appropriation of \$128,423,000. This reflects the statutory language adopted by the conference in fiscal year 2001 to reduce the fee recovery requirement to 90 percent in fiscal year 2005.

In fiscal year 2004, the conferees directed the Nuclear Regulatory Commission to contract with the National Academy of Sciences for a study of spent nuclear fuel storage at commercial reactor sites. The National Academy completed this study and found a number of areas in which the NRC could improve its modeling of the risks to spent fuel storage and the mitigation of such risks. The conferees expect the NRC to take the necessary steps to improve its analyses, including the preparation of site-specific models, and to work with the utilities to ensure timely application of this information to mitigate risks.

OFFICE OF INSPECTOR GENERAL

The conference agreement includes \$7,518,000, to be offset by revenues of \$6,766,200, for a net appropriation of \$751,800. This reflects the statutory language adopted by the conference in fiscal year 2001 to reduce the fee recovery requirement to 90 percent in fiscal year 2005.

NUCLEAR WASTE TECHNICAL REVIEW BOARD

SALARIES AND EXPENSES

The conference agreement provides \$3,177,000, the same as the budget request.

TITLE V—GENERAL PROVISIONS

Sec. 501. The conference agreement includes language directing that none of the funds appropriated in this Act may be used in any way, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before Congress except to communicate to Members of Congress.

Sec. 502. The conference agreement includes language regarding the transfer of funds made available in this Act to other departments or agencies of the federal government.

Sec. 503. The conference agreement includes language regarding the public release of documents concerning energy markets.

Sec. 504. The conference agreement includes language regarding the extension of the prohibition of oil and gas drilling in the Great Lakes through 2007.

Sec. 505. The conference agreement includes language authorizing the Secretary of the Army to transfer and advance funds to the Administrator of the Bonneville Power Administration to carry out activities in connection with Section 2406 of the Energy Policy Act of 1992.

Sec. 506. The conference agreement includes language concerning the voting methods for the Delta Regional Authority.

TITLE VI

The conference agreement includes language changing the composition, operation, and duties of the Board of Directors of the Tennessee Valley Authority.

CONFERENCE TOTAL—WITH COMPARISONS

The total new budget (obligational) authority for the fiscal year 2005 recommended by the Committee of Conference, with comparisons to the fiscal year 2004 amount, the 2005 budget estimates, and the House and Senate bills for 2005 follow:

[In thousands of dollars]	
New budget (obligation) authority, fiscal year 2004	\$27,756,375
Budget estimates of new (obligational) authority, fiscal year 2005	28,470,382
House bill, fiscal year 2005	28,525,000
Senate bill, fiscal year 2005	0
Conference agreement, fiscal year 2005	29,020,000
Conference agreement compared with:	
New budget (obligation) authority, fiscal year 2004	+1,263,625

Budget estimates of new (obligational) authority, fiscal year	
2005	+549,618
House bill, fiscal year 2005	+495,000
Senate bill, fiscal year 2005	+29,020,000

DIVISION D—FOREIGN OPERATIONS, EXPORT FINANCING,
AND RELATED PROGRAMS APPROPRIATIONS ACT, 2005

The statement of the managers remains silent on provisions that were in both the House and Senate bills that remain unchanged by this conference agreement, except as noted in this statement of the managers. The House and Senate report language that is not changed by the conference is approved by the committee of conference. The statement of the managers, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein.

TITLE I—EXPORT AND INVESTMENT ASSISTANCE

EXPORT-IMPORT BANK OF THE UNITED STATES

The conference agreement appropriates \$59,800,000 for the subsidy appropriation instead of \$125,700,000 as proposed by the House and \$115,700,000 as proposed by the Senate. The managers expect that there will be no reduction in Export-Import Bank activity levels due to the extraordinarily high level of carryover balances in fiscal year 2005, which total approximately \$444,000,000.

The conference agreement appropriates \$73,200,000 for administrative expenses for the Export-Import Bank as included in the House bill and Senate amendment.

The conference agreement does not include a first-time appropriation for an Office of Inspector General. The managers note that the Export-Import Bank already has an audit committee and other regimes in place, including independent auditors that provide financial oversight to its operations.

The conference agreement includes Senate language that requires the Export-Import Bank to provide a report on the economic effect of an ethanol dehydration plant in Trinidad and Tobago within 30 days of enactment of this Act. The conference agreement does not include Senate language that would have required prior consultation with the Senate Finance Committee and the Committees on Appropriations prior to extending credit support to establish or expand the production of indigenous products by a beneficiary country pursuant to section 423 of the Tax Reform Act of 1986. The managers are concerned by the precedent this provision may establish within the Act, and believe this matter is better addressed by the relevant authorizing committees.

OVERSEAS PRIVATE INVESTMENT CORPORATION

The managers direct the President of OPIC to continue current policy and consult with the Committees on Appropriations before any future financing for nongovernmental organizations or private and voluntary organizations is approved.

The conference agreement includes Senate language that allows OPIC to operate in Iraq for fiscal year 2005. The House bill did not address this matter.

TRADE AND DEVELOPMENT AGENCY

The conference agreement appropriates \$51,500,000 for the Trade and Development Agency (TDA) as proposed by the House instead of \$49,000,000 as proposed by the Senate. The managers have provided \$1,500,000 for TDA to conduct a development and training program to assist countries with meeting their obligations for international aviation security and safety standards.

TITLE II—BILATERAL ECONOMIC ASSISTANCE

UNITED STATES AGENCY FOR INTERNATIONAL DEVELOPMENT

CHILD SURVIVAL AND HEALTH PROGRAMS FUND

The conference agreement appropriates \$1,550,000,000 for the Child Survival and Health Programs Fund as proposed by the Senate instead of \$1,648,500,000 as proposed by the House. The managers make funding in this account available until September 30, 2006, as proposed by the House, rather than September 30, 2007, as proposed by the Senate.

As in previous years, the conference agreement includes language allocating the Child Survival and Health Programs Fund among six program categories. For child survival and maternal health, including vaccine-preventable diseases such as polio, the conference agreement allocates \$345,000,000 as proposed by the Senate instead of \$330,000,000 as allocated by the House. For vulnerable children (not including children affected by HIV/AIDS), the conference agreement allocates \$30,000,000 as proposed by the Senate instead of \$28,000,000 as allocated by the House. For HIV/AIDS, including children orphaned by HIV/AIDS and otherwise affected by the disease, the conference agreement allocates \$350,000,000 instead of \$330,000,000 as allocated by the House or \$600,000,000 as allocated by the Senate. For other infectious diseases, including TB and malaria, the conference agreement allocates \$200,000,000 as proposed by the Senate instead of \$185,000,000 as allocated by the House. For reproductive health/family planning, the conference agreement allocates \$375,000,000 as allocated by the Senate; and for the Global Fund to Fight AIDS, Tuberculosis and Malaria (Global Fund), the conference agreement allocates \$250,000,000 as proposed by the Senate (not including \$150,000,000 of emergency funding) instead of \$400,000,000 as allocated by the House. The allocation for the Global Fund also includes \$87,800,000 in prior year funds, bringing the total allocation to \$337,800,000.

The managers expect that any change proposed subsequent to the allocation as directed in bill language will be subject to the requirements of section 515 of this Act. A definition of program categories and their components can be found on pages 9 through 11 of House Report 107–142 and under the heading “Family Planning/Reproductive Health” on page 12 of Senate Report 107–58.

The conference agreement includes a total of \$337,800,000 for the Global Fund. The managers note that other donors have not contributed adequate matching funding to make available all of the potential United States fiscal year 2004 contribution to the Fund of \$547,000,000. The managers have carried over the amount that

could not be made available, \$87,800,000, for inclusion in the fiscal year 2005 Global Fund contribution. Absent this action by the Congress, these funds would have been used for purposes other than a contribution to the Global Fund.

The managers provide that up to 5 percent of funds made available for a United States contribution to the Global Fund may be made available to USAID for technical assistance related to Global Fund activities, similar to a House provision. Priority should be given to assistance that speeds the distribution of Global Fund grants and improves the accountability and efficiency of their use, rather than increases the pipeline of undisbursed funding.

As in previous years, the managers specify that funding for family planning/reproductive health should also be spent in areas where population growth threatens biodiversity or endangered species, as recommended by the Senate. The House bill did not address this matter.

The conference agreement includes \$30,000,000 to support research on and the development of microbicides as a means for combating HIV/AIDS, instead of \$32,000,000 as proposed by the Senate. The House bill did not address this matter. The managers endorse Senate report language recommending up to \$2,000,000 for the International Partnership for Microbicides.

The conference agreement includes \$27,000,000 for the International AIDS Vaccine Initiative, instead of \$28,000,000 as proposed by the Senate. The House bill addressed this matter under the heading "Global HIV/AIDS Initiative".

The managers do not include a provision providing funds under this heading for the Joint UN Programme on HIV/AIDS (UNAIDS), as proposed by the Senate. Instead, the managers provide such funds under the heading "Global HIV/AIDS Initiative".

To simplify accounting and improve transparency, no funding is appropriated in this account for HIV/AIDS programs in the 15 Emergency Plan for AIDS Relief "focus" countries. Funding for the "focus" countries is appropriated under the heading "Global HIV/AIDS Initiative".

The managers note that, of the funding pledged thus far by the Global Fund to recipient countries, approximately 56 percent would be for HIV/AIDS interventions, 31 percent for malaria interventions, and 13 percent for tuberculosis (TB) or combined TB/AIDS interventions. The managers have used these percentages to estimate the portion of the United States contributions to the Global Fund that is likely to be attributed for each disease. The narrative for HIV/AIDS funding is under the heading "Global HIV/AIDS Initiative".

The conference agreement provides a total of \$132,500,000 for TB assistance. Of this amount, \$80,000,000 is funded through the "other infectious diseases" allocation in this account, an estimated \$8,500,000 from other bilateral accounts, and \$44,000,000 through the contribution to the Global Fund.

For malaria, the conference agreement provides a total of \$203,700,000. Of this amount, it is expected that \$104,700,000 of the contribution to the Global Fund will fund malaria programs, \$90,000,000 is funded through the "other infectious diseases" allo-

cation in this account, and an estimated \$9,000,000 is provided from other bilateral accounts.

The managers note with concern the reductions made in the fiscal year 2005 budget request for a number of African countries. The conference agreement contains funding levels for both "Child Survival and Health Programs Fund" and "Development Assistance" that significantly exceed the amounts requested. The managers therefore expect USAID to restore cuts in African country allocations in those accounts to their fiscal year 2004 levels, consistent with proper programmatic considerations. The managers expect that the Committees on Appropriations will be fully consulted prior to the release of section 653(a) allocations for fiscal year 2005.

The managers endorse House report language urging USAID to increase its support for obstetric fistula prevention and repair. The managers also intend that \$32,000,000 be made available to support the multilateral campaign to combat polio.

The managers note the policy and technical analysis and educational programs of the Global Health Council and recommend funding for the Council for such activities in fiscal year 2005.

The managers direct USAID to provide the Committees with a detailed report not later than March 31, 2005, on the programs, projects, and activities undertaken by the Child Survival and Health Programs Fund during fiscal year 2004.

The managers note the growing demand for health-related research and development from this and other accounts in this Act. Therefore, the managers request USAID to provide a report not later than 180 days after enactment of this Act describing efforts made to coordinate USAID's health-related research and development activities with those of the Department of Health and Human Services, the Department of Defense, and other agencies as appropriate. The report should focus on the research, development, and application cycle and outline USAID's appropriate role in that process. The report should also include amounts spent by USAID for research and development, with a breakdown by health issue or disease, recipient, and stage of research or development funded. The managers request USAID to consult regularly with the Committees while developing this report.

Funds appropriated for the Child Survival and Health Programs Fund are appropriated for programs, projects and activities. Funds for administrative expenses to manage Child Survival and Health Programs Fund activities are provided in a separate USAID Operating Expenses account, with two exceptions included in the conference agreement: authority for USAID's central and regional bureaus to use up to \$250,000 from program funds for Operating Expense-funded personnel to better monitor and provide oversight of the Child Survival and Health Programs Fund, and section 522, which includes authority to use up to \$13,500,000 to reimburse other government agencies and private institutions for professional services.

DEVELOPMENT ASSISTANCE

The conference agreement appropriates \$1,460,000,000 for "Development Assistance" as proposed by the Senate instead of \$1,429,000,000 as proposed by the House.

The conference agreement includes \$194,000,000 for trade capacity building under this heading, the same as the level in the House bill. The Senate amendment did not address this matter. Trade capacity building is further addressed in section 570 of the general provisions.

The managers have agreed to provide \$300,000,000 for basic education, including adult literacy programs, under this heading. Additionally, the conference agreement addresses this matter further in section 567 of the general provisions. The Senate amendment addressed this matter in the general provisions, not under this heading.

The managers note that both the House and Senate reports direct USAID to design and fund a \$15,000,000 program in Africa with the aim of eliminating school fees. The managers endorse the instructions included in the House report stipulating that this program address the issue of eliminating school fees in a holistic manner, with attention paid to increasing host country investment in education, increasing parent and community involvement, and ensuring sufficient infrastructure for both male and female students. The managers understand that eliminating school fees, even in one country, could cost hundreds of millions of dollars, and that the pilot project undertaken with the funds provided will necessarily be smaller in scope. The managers also direct that the strategies requested in both the House and Senate reports be combined and transmitted together to the Committees on Appropriations no later than 180 days after enactment of this Act.

The conference agreement provides \$15,000,000 for programs to improve women's leadership capacity in recipient countries as included in the House bill. The Senate amendment did not address this matter.

The conference agreement provides \$2,000,000 for clean water treatment activities in developing countries. The House bill did not address this matter. The managers recommend consideration of up to \$2,000,000 for Water Missions International assuming satisfaction of normal requirements for project technical merit and financial accounting system standards.

The conference agreement includes Senate language that provides \$100,000,000 from all funds appropriated by this Act shall be made available for drinking water supply projects and related activities. The House bill did not address this matter. The Committee expects USAID to report no later than 90 days after enactment of this Act on funding and implementation of its water projects, including the number and location of wells drilled, and the cost per well.

The conference agreement does not include the Senate requirement that funds for the Global Development Alliance are subject to notification. However, the managers request USAID to present to the Committees its financial plan for continued implementation of the Global Development Alliance. The House did not address this matter.

The managers support the fertilizer-related research and development being conducted by the International Fertilizer Development Center (IFDC) and urge USAID to make at least \$4,000,000 available to IFDC, including not less than \$2,300,000 for its core

grant, as provided under the Senate amendment. The House bill did not address the matter.

The conference agreement provides \$20,000,000 for American Schools and Hospitals Abroad. The Senate provided \$22,000,000. The House bill did not address this matter. The managers endorse House report language concerning medical simulation technology.

The managers direct that not less than \$1,000,000 be made available to the U.S. Telecommunications Training Institute, a non-profit joint venture program between the public and private sectors that provides tuition free communications and broadcasting training to professionals around the world. The Senate amendment included bill language mandating that such funds be made available for this purpose. The House bill did not address this matter.

The managers understand that USAID has reached a three-year, \$3,000,000 agreement with the International Real Property Foundation (IRPF). The managers support the work of the IRPF, which provides field volunteers to developing countries to help make their real estate markets more open and professional. The managers expect USAID to provide \$1,000,000 to the IRPF from funds made available under this heading.

The conference agreement includes a modified Senate provision directing that "Development Assistance" funds should be used for programs in sub-Saharan Africa to address sexual and gender-based violence. The House bill did not address this matter. The managers recognize the importance of these programs and expect USAID to increase funding above the current level.

The managers endorse Senate report language concerning Laos and expect that a total of \$2,000,000 from "Development Assistance" and the "Child Survival and Health Programs Fund" will be used to continue ongoing programs in that country. The managers continue to strongly support programs, funded under the "Non-proliferation, Anti-Terrorism, Demining and Related Programs" account, to clear unexploded ordnance in Laos and expect that at least \$2,500,000 will be made available for this purpose in fiscal year 2005.

The conference agreement does not include a Senate provision that \$8,000,000 in development assistance funds should be made available for assistance to Liberia. The House bill did not address this matter. However, the managers believe that additional funds are urgently needed for a variety of activities in Liberia, especially drug rehabilitation of former combatants, and expect USAID to provide \$6,000,000 in development assistance funds for Liberia. The managers endorse the budget request for Liberia except where otherwise noted in the conference agreement or statement of managers.

The managers recommend \$10,000,000 from "Development Assistance" and "Economic Support Fund" to assist victims of torture. The House bill did not address this matter.

The managers support microenterprise development programs for the poor, especially women, and urge USAID to achieve a level of \$200,000,000 for these programs in fiscal year 2005. The managers also recommend \$30,000,000 be available to USAID's Office of Microenterprise through a central funding or other appropriate mechanism for contracts, cooperative agreements and grants. The

managers also urge USAID to take steps to preserve the viability of leading NGO microfinance networks and to consult with the Committees on Appropriations on these measures.

The managers strongly support the work of volunteers with experience in the private sector in developing countries. In that regard, the managers endorse the House report language regarding the Financial Services Volunteer Corps (FSVC) and the Citizens Development Corps (CDC), and Senate language that endorses the International Executive Service Corps (IESC). The FSVC can make an important contribution to reconstruction in Iraq and Afghanistan. The managers strongly support these institutions and direct the State Department and USAID to seek ways to use them to full effect.

The managers direct the State Department and USAID to report to the Committees on Appropriations not later than 90 days after enactment of this Act on how funding made available in this Act will be used by the FSVC.

The managers endorse the list of university proposals in the Senate and House reports. In addition, the managers recommend consideration of proposals in support of the Norman E. Borlaug International Science and Technology Fellows Program, coordinated by Texas A&M University and other partnering universities and agencies.

The conference agreement does not include Senate language that would direct \$40,000,000 appropriated under title II of this Act be made available to the Office of the Higher Education Community Liaison within USAID. The managers affirm the principle of rigorous competitive selection of proposals on technical merit. On a highly exceptional basis, the Committees may request USAID to consult them on behalf of proposals deemed meritorious.

INTERNATIONAL DISASTER AND FAMINE ASSISTANCE

The conference agreement appropriates \$370,000,000 for "International Disaster and Famine Assistance", instead of \$355,500,000 as proposed by the House and \$385,500,000 as proposed by the Senate.

Of this amount, \$34,500,000 is made available specifically for assistance for famine prevention and relief, instead of \$20,000,000 as proposed by the House and \$50,000,000 as proposed by the Senate.

TRANSITION INITIATIVES

The conference agreement appropriates \$49,000,000 to support transition to democracy and long-term development of countries in crisis, instead of \$47,500,000 proposed by the House and \$50,000,000 proposed by the Senate.

DEVELOPMENT CREDIT AUTHORITY

(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$21,000,000 via transfer authority for micro and small enterprise programs, urban programs and other credit programs as proposed by the House and the Senate. The conference agreement does not include a Senate limitation

of \$700,000,000 on loan principal any part of which is to be guaranteed. The House bill did not address this matter.

CAPITAL INVESTMENT FUND

The conference agreement appropriates \$59,000,000 for USAID's Capital Investment Fund as proposed by the Senate, instead of \$64,800,000 as proposed by the House.

The conference agreement does not include Senate language that would have required the USAID Administrator to assess rental assessments on other agencies in buildings constructed with funds under this title. The conference agreement does not include House language that would have made USAID funds available for contribution to the Capital Security Cost Sharing Program managed by the State Department only if all other agencies that have agreed to participate in the program are making their contribution. The conference agreement makes available not to exceed \$19,709,000 for USAID's contribution to the Capital Security Cost Sharing Program.

OTHER BILATERAL ECONOMIC ASSISTANCE

ECONOMIC SUPPORT FUND

The conference agreement appropriates \$2,482,500,000 for the Economic Support Fund.

Funds in this account are allocated in the following table and, as stipulated in section 595, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

<i>Economic Support Fund</i>	
[Budget Authority, dollars in thousands]	
	<i>Conference Agreement</i>
Africa:

The conference agreement provides \$360,000,000 for Israel and language requiring disbursement of funds within 30 days of enactment of this Act. The conference agreement provides not less than \$535,000,000 for Egypt as proposed by both the House and Senate.

The conference agreement includes language similar to that of the Senate amendment that provides that \$200,000,000 should be provided for Commodity Import Program assistance for Egypt. The House bill did not address this matter.

The conference agreement does not include language, proposed by the Senate, that assistance be provided for Egypt with the understanding that the Government of Egypt (GoE) will undertake significant political reforms in addition to those undertaken in previous years. The House bill did not address this matter.

The conference agreement includes language, proposed by the Senate, that democracy and governance activities shall not be subject to the prior approval of the GoE. The managers intend this language to include nongovernmental organizations and other segments of civil society that may not be registered with, or officially recognized by, the GoE. However, the managers understand that the GoE should be kept informed of funding provided pursuant to these activities.

The conference agreement does not include a Senate provision to make funds from this account available to USAID for administrative costs for regional programs in Asia and the Near East regions. The House bill did not address this matter.

The conference agreement includes language similar to that proposed by the House and the Senate providing that not less than \$13,500,000 shall be made available for assistance for Cyprus.

The conference agreement includes language that provides that not less than \$250,000,000 should be made available for assistance for Jordan, as proposed by the House. The Senate language would have mandated this level of support.

The conference agreement includes language similar to that in the House bill that provides that not less than \$35,000,000 shall be made available for assistance for Lebanon, of which not less than \$4,000,000 should be made available for scholarships and direct support of American educational institutions in Lebanon.

The conference agreement provides \$22,000,000 for assistance for East Timor (Timor-Leste) as proposed by the Senate. The House bill had similar language. The conference agreement provides that of the funds for East Timor, \$1,000,000 may be made available for administrative expenses of USAID, as proposed by the Senate.

The conference agreement does not include a House provision providing \$50,000,000 for assistance for Haiti. The conference

agreement provides \$85,000,000 in assistance for Haiti as specified in section 549 of this Act, including \$40,000,000 in the Economic Support Fund.

The managers include prior year language authorizing non-lethal assistance to the National Democratic Alliance of Sudan to protect its civilians from attack. The Senate did not address this matter.

The conference agreement provides that \$3,000,000 should be made available to promote freedom of the media in Indonesia. The managers expect these funds will support ongoing programs and activities, including those conducted by Internews.

The conference agreement does not include a Senate provision that \$2,000,000 shall be made available for economic development programs conducted by Indonesian universities. However, the managers expect funding should be provided for this purpose.

The managers expect USAID to provide sufficient funding for democracy building activities in Indonesia, and request USAID to consult with the Committees on this matter.

The managers also expect currently unobligated funds for police training in Indonesia to be fully utilized before fiscal year 2005 Economic Support Fund resources are used for that purpose.

The conference agreement does not include Senate language providing assistance to the Rosary Sisters Hospital in Jordan. The managers understand the concerns of the Government of Jordan regarding the impact this proposed activity would have on the assistance program for Jordan and recommend that USAID and the Department of State review a proposal from the hospital for possible funding from other sources within this Act. The House bill did not address this matter.

The conference agreement does not include Senate language that would have authorized up to \$4,500,000 for scholarship programs for students from countries with significant Muslim populations at accredited American institutions of higher education. The House bill did not address this matter. The managers note that sufficient authority exists to fund such scholarships at the present time, and endorse the House report language on this matter. The managers direct the Department of State to review such a proposal and, based on such review, to recommend, as part of the President's fiscal year 2006 budget request, how such a program (including elementary and secondary school students) could be most effectively funded and managed by the United States Government.

The conference agreement does not include \$2,500,000 for technical assistance to implement the Kimberley Process Certification Scheme. However, \$1,750,000 should be made available for this purpose, as identified in the table establishing funding levels for this account.

The conference agreement does not include Senate language providing funding for environment initiatives in the East Asia and Pacific region. However, \$1,750,000 should be made available for this purpose as indicated in the table establishing funding levels for this account. The House bill did not address this matter.

The conference agreement does not include Senate provisions providing specific funding levels for Kenya and Liberia. Amounts

for these countries are identified in the table establishing funding levels for this account. The House bill did not address this matter.

The conference agreement does not include a Senate provision that directed not less than \$500,000 should be made available for the Commission to Investigate Illegal Groups and Clandestine Security Apparatus in Guatemala (CICIACS). However, the managers intend that if CICIACS is established not less than \$500,000 should be made available to support the Commission. The House bill did not address this matter.

The conference agreement does not include Senate language providing funding for the Foundation for Security and Sustainability. The managers provide \$3,000,000 for the Foundation as identified in the table establishing funding levels for this account. The House bill did not address this matter.

The conference agreements includes \$5,000,000 for the provisions of wheelchairs for needy persons in developing countries instead of \$10,000,000 as proposed by the Senate. The House bill did not address this matter.

INTERNATIONAL FUND FOR IRELAND

The conference agreement appropriates \$18,500,000 as proposed by the House. The Senate did not address this matter.

ASSISTANCE FOR EASTERN EUROPE AND THE BALTIC STATES

The conference agreement appropriates \$396,600,000 instead of \$410,000,000 as proposed by the Senate and \$375,000,000 as proposed by the House.

Funds in this account are allocated in the following table and, as stipulated in section 595, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

Assistance for Eastern Europe and the Baltic States

[Budget Authority in thousands of dollars]

	<i>Conference Agreement</i>
Albania	\$28,000
Bosnia-Herzegovina	41,000
Bulgaria	27,000
Croatia	20,000
Kosovo	75,000
Macedonia	34,000
Romania	27,000
Serbia	73,600
Montenegro	20,000
Regional Programs	51,000
Total AEEB	396,600

The conference agreement contains language similar to that in the Senate amendment that provides that \$2,000,000 should be made available to enhance safety at nuclear power plants. The managers understand that additional funding for this purpose will not be required in subsequent fiscal years.

The conference agreement does not include language proposed by the Senate to reduce assistance for Serbia by an amount equal to the amount of financial and other support that Serbia has provided to Slobodan Milosevic and other indicated war criminals and

their families during calendar year 2004. The managers request the State Department to promptly consult with the Committees on the amounts, if any, Serbia has provided to these individuals. The House bill did not address this matter.

The conference agreement does not include a House provision requiring the Administrator of USAID to provide prior written approval for grants and loans for the economic revitalization program in Bosnia and Herzegovina. The Senate did not address this matter.

The conference agreement includes House language that requires separate accounts for local currencies and cash transfers made available under this heading. The Senate did not address this matter.

The managers have included House language authorizing the President to withhold funds for Bosnian economic revitalization if Bosnia is not in compliance with article III of annex 1-A of the Dayton Accords and has not terminated intelligence cooperation with state sponsors of terrorism and terrorist organizations.

The managers note the language of both the House and Senate reports endorsing the American Bar Association’s rule of law programs, and also support implementing them through cooperative agreements.

The managers recommend funding for the Russian, Eurasian, and East European Research and Training Program (Title VIII) at the fiscal year 2004 level. The managers also encourage the use of Title VIII funds to include comparative research and language training concerning Eurasian countries critical in the war on terrorism.

The managers note that USAID, the Kosovo Business Finance Fund, and the American Council for International Education have recently entered into a partnership to expand professional educational opportunities in Kosovo. Given the static or declining aid levels for Eastern Europe and Eurasia, the managers encourage the State Department and USAID to work with various Enterprise Funds to develop further post graduate partnership programs and opportunities for professional education.

ASSISTANCE FOR THE INDEPENDENT STATES OF THE FORMER SOVIET UNION

The conference agreement appropriates \$560,000,000 as proposed by the Senate, instead of \$550,000,000 as proposed by the House.

Funds in this account are allocated in the following table and, as stipulated in section 595, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

Assistance for the Independent States of the Former Soviet Union

[Budget Authority in thousands of dollars]

	<i>Conference Agreement</i>
Armenia	\$75,000
Azerbaijan	38,000
Belarus	6,500
Georgia	92,000
Kazakhstan	27,000

	<i>Conference Agreement</i>
Kyrgyz Republic	32,000
Moldova	17,500
Russia	90,000
Tajikistan	25,000
Turkmenistan	6,000
Ukraine	70,000
Uzbekistan	36,000
Regional Programs	45,000
<hr/>	
Total	560,000

The conference agreement includes \$3,859,000 for health and other assistance needs of victims of trafficking in persons, instead of \$1,500,000 as proposed by the House and \$8,000,000 as proposed by the Senate.

The conference agreement includes language providing not less than \$17,500,000 for the Russian Far East, instead of \$20,000,000 as proposed by the Senate. The managers endorse Senate report language recognizing the important contributions to development activities in this region by the University of Alaska.

The conference agreement does not include a Senate provision making available assistance for an emergency operations center in Kazakhstan.

The conference agreement provides that of the funds made available for assistance for Ukraine, \$5,000,000 should be made available for nuclear reactor safety initiatives. The managers expect that of this amount, \$3,000,000 should be provided for simulator-related projects. The Senate amendment included a similar provision. The House bill did not address this matter.

The conference agreement includes not less than \$55,000,000 for child survival, environmental and other health activities, and programs to reduce the incidence of HIV/AIDS, tuberculosis, and other infectious diseases. The House bill would have provided \$57,000,000 for these purposes. The Senate amendment did not address this matter.

The managers do not include a Senate provision specifying funding for the Russia programs of the National Endowment for Democracy or for democracy, human rights, and rule of law programs in Belarus. The House bill did not address these matters. The managers request that of the funds provided for assistance for Russia, \$3,500,000 should be made available to the National Endowment for Democracy for democracy and human rights activities in Russia, including political party development programs.

The conference agreement assumes \$6,500,000 for assistance for Belarus, which should be used to implement programs and activities authorized under the Belarus Democracy Act of 2004. Funds may also be used for anti-trafficking programs and programs to combat HIV/AIDS.

The conference agreement assumes that of the funds allocated for regional programs, at least \$3,000,000 should be provided to address ongoing humanitarian needs in Nagorno-Karabakh.

INDEPENDENT AGENCIES

INTER-AMERICAN FOUNDATION

The conference agreement appropriates \$18,000,000 instead of \$19,000,000 as proposed by the Senate and \$16,238,000 as proposed by the House.

AFRICAN DEVELOPMENT FOUNDATION

The conference agreement appropriates \$19,000,000 instead of \$20,000,000 as proposed by the Senate and \$18,579,000 as proposed by the House.

PEACE CORPS

The conference agreement appropriates \$320,000,000, instead of \$330,000,000 as proposed by the House and \$310,000,000 as proposed by the Senate. The managers encourage the Peace Corps to consider new programs in Cambodia and elsewhere in Asia, provided sufficient funds are available.

MILLENNIUM CHALLENGE CORPORATION

The conference agreement appropriates \$1,500,000,000 for the Millennium Challenge Corporation (MCC) instead of \$1,250,000,000 as proposed by the House and \$1,120,000,000 as proposed by the Senate.

The conference agreement makes available up to \$50,000,000 for administrative expenses instead of \$30,000,000 as proposed by the House. The Senate amendment did not address this matter. Additionally, the managers include House language providing up to 10 percent of funds for the threshold countries. The Senate included similar language in section 5093 of the Senate amendment.

The conference agreement includes a number of provisions in the House bill that were not addressed by the Senate amendment including: requirement for a written justification before funds are made available, requesting a report on the threshold country program, extension of section 605(e)(4) of the Millennium Challenge Act of 2003, and requiring that the MCC fully fund multi-year compacts for fiscal years 2004 and 2005.

The conference agreement includes in section 534 of the general provisions a provision similar to the Senate amendment that amends the eligibility criteria of the MCC. The managers have included a definition of the "investments in the people" criteria that is inclusive of government policies of a potentially eligible country that promote the health, education, and other factors that contribute to the well-being and productivity of their people, such as decent, affordable housing.

The managers direct the MCC to consult with the Committees on Appropriations and other appropriate committees if the MCC plans to propose an expansion of the "investment in the people" criteria beyond the areas of health and education for purposes of country eligibility. In the event of such a proposed expansion, the managers direct the MCC to provide this consultation not later than 21 days prior to the release of the report on the criteria and methodology for determining eligibility. The consultation shall in-

clude a justification, including supporting documents, that the proposed expansion will meet requirements and expectations of country coverage, transparency and availability, objectivity and reliability, an appropriate inclusion in the eligibility methodology, and a link to economic growth and poverty reduction that merits the provision of eligibility incentives.

DEPARTMENT OF STATE
GLOBAL HIV/AIDS INITIATIVE

The conference agreement appropriates \$1,385,000,000 for the Global HIV/AIDS Initiative instead of \$1,450,000,000 as proposed by the Senate and \$1,260,000,000 as proposed by the House. The managers include a total of \$2,296,300,000 for HIV/AIDS, tuberculosis, and malaria, \$99,300,000 over the President’s request and \$690,145,000 over the fiscal year 2004 level. This figure does not include significant funding anticipated to be appropriated for the Department of Health and Human Services.

HIV/AIDS, TB, and Malaria, fiscal year 2005

[Budget Authority in thousands of dollars]

	<i>Conference Agreement</i>
Child Survival and Health Programs Fund (CSH)	867,800
HIV/AIDS	(350,000)
Other Infectious Diseases (TB & malaria)	(170,000)
Global ATM Fund	(337,800)
Global HIV/AIDS Initiative	1,385,000
Other bilateral accounts for HIV/AIDS, TB, malaria	53,500
Total	2,296,300

The conference agreement provides, of the \$2,296,300,000 included for HIV/AIDS, TB, and malaria in this Act, not less than \$1,960,100,000 for programs for the prevention and treatment of HIV/AIDS, and for care and support of those infected and affected by the disease. \$1,385,000,000 for HIV/AIDS is included in the Global HIV/AIDS Initiative account. An additional \$539,100,000 is funded through the Child Survival and Health Programs Fund, including \$189,100,000 as a conservative estimate of the amount from this Act that will be allocated for HIV/AIDS by the Global Fund using historic Fund disbursement trends. An estimated \$36,000,000 is provided through other accounts, such as the Economic Support Fund, International Disaster and Famine Assistance, Foreign Military Financing, and regional accounts for Eastern Europe and the former Soviet Union. The estimate of \$1,960,100,000 for HIV/AIDS does not include the United States share of HIV/AIDS assistance through the World Bank Group.

The managers note that all funding for the 15 Global HIV/AIDS Initiative “focus” countries is appropriated in this account. The managers strongly encourage the Office of the Global AIDS Coordinator to continue its policy of providing additional funding to “non-focus” countries. The managers also support the procurement of cost-effective commodities that are appropriate for use in developing and least developed countries, including rapid strip-based HIV tests that address the threat of all strains of HIV, including Group O.

The conference agreement does not include a Senate provision regarding capacity building for nongovernmental organizations and governments. The House bill did not address this matter.

The managers request the Office of the Global AIDS Coordinator to submit a report not later than 180 days following enactment of this Act describing efforts to build the capacity of focus-country governments and nongovernmental organizations in those countries to develop and implement sustainable HIV/AIDS programs. The report should detail efforts, with funding allocations, to train local health care personnel, including nurses, and to build the infrastructure necessary for effective prevention, care and treatment programs. The report should describe how these programs fit into the country's national health care system and, if relevant, national HIV/AIDS plan. The report should also describe efforts undertaken by the Office of the Global AIDS Coordinator and other parts of the Global HIV/AIDS Initiative to coordinate capacity building efforts with other relevant initiatives and organizations, such as the Global Fund, the World Bank, and the World Health Organization. The managers encourage the Office of the Global AIDS Coordinator to consolidate reports requested under this title, as appropriate.

Funding for the United States contribution to the Global Fund has been included in two places within the President's annual budget submission: the request for USAID and the request for the Department of Health and Human Services. The managers request the Office of the Global AIDS Coordinator to provide a detailed and consolidated description of United States participation in and coordination with the Global Fund. This description should include the levels of United States government contributions to the Global Fund, efforts to coordinate United States government and Global Fund efforts in "focus" countries, and cost estimates of future Global Fund operations, including projections of the cost of grant renewals versus new grants. At a minimum, the forecast should break out these estimated costs for fiscal years 2006, 2007, and 2008 and describe how the Administration is working with the international community to garner support for the Fund.

The conference agreement does not include a Senate provision making funds available for a specific HIV/AIDS education and outreach program. The House bill did not address this matter. The managers endorse Senate report language regarding Voice for Humanity.

The managers recommend \$53,500,000 in this Act from the Economic Support Fund, Foreign Military Financing, and regional accounts for Eastern Europe and the Baltic States and the former Soviet Union, for HIV/AIDS, TB, and malaria programs. The conference agreement does not include a Senate provision making available from specified regional and programmatic accounts \$42,000,000 for HIV/AIDS, TB, and malaria programs. The House bill did not address this matter.

The managers include not less than \$27,000,000 from this account for the Joint United Nations Programme on HIV/AIDS (UNAIDS). The Senate amendment included funding for UNAIDS in the Child Survival and Health Programs Fund, and the House bill did not address this matter.

The conference agreement does not include a House provision providing \$26,000,000 for the International AIDS Vaccine Initiative (IAVI). The managers include funding for IAVI under the heading "Child Survival and Health Programs Fund", similar to a Senate provision.

INTERNATIONAL NARCOTICS CONTROL AND LAW ENFORCEMENT

The conference agreement appropriates \$328,820,000 for International Narcotics Control and Law Enforcement (INCLE), the same level as proposed by the House and the Senate.

The conference agreement provides \$40,000,000 for assistance to Mexico and \$10,500,000 for ongoing programs in Africa. Additionally, the conference agreement provides \$10,000,000 for demand reduction programs, similar to the House bill. The Senate did not address this matter.

The conference agreement provides \$3,000,000 for the purchase of helicopters for Malta, as proposed by the Senate. The House did not address this matter.

The conference agreement includes a modified Senate provision that makes \$4,000,000 available under this heading for the Philippines. The managers recognize the importance of the United States-Philippines relationship and support an increase in funding for the Philippines above the requested level under "Child Survival and Health Programs Fund", "Development Assistance", "Anti-Terrorism Assistance" and "International Military Education and Training". The managers expect to be consulted on assistance for the Philippines not later than 60 days after enactment of this Act.

The conference agreement provides \$11,900,000 for the International Law Enforcement Training Academies (ILEA), and the managers expect the academies, with the exception of ILEA/Latin America, to be funded at the budget request. The managers request the State Department to consult with the Committees on plans to establish an academy in the Middle East.

The conference agreement does not include a provision providing \$15,000,000 for anti-trafficking programs as proposed by the Senate. The managers expect that \$5,000,000 of funds under this heading will be used for this purpose.

The managers do not include funds for police training in Indonesia under this heading and expect the State Department to consult with the Committees prior to using ESF funds in this or prior year Acts for these purposes. The managers request the State Department to submit a report to the Committees not later than 180 days after enactment of this Act on current and planned police training activities in Indonesia, including funding sources, obligations, and expenditures.

The conference agreement does not include \$1,000,000 for police training in Timor-Leste as proposed by the Senate. However the managers expect that under the heading "Economic Support Fund", of the \$22,000,000 provided for Timor-Leste, that not less than \$1,000,000 will be used for these purposes.

The conference agreement makes available \$30,300,000 for administrative expenses instead of \$26,117,000 as proposed by the House and the Senate.

The conference agreement does not include an amendment, proposed by the Senate, providing \$1,500,000 to the International Foundation of Hope (IFH) for alternative crop development programs in Nangarhar Province, Afghanistan. The managers recognize the security threat posed by narcotics production in Afghanistan and recommend the State Department consider funding the IFH program.

The conference agreement does not include a Senate provision that \$5,000,000 be made available to combat the piracy of United States intellectual property. The managers commend the work of the State Department on this issue, expect \$3,000,000 to be made available in fiscal year 2005, and urge the State Department to request funds for this purpose next year. The managers support the reporting requirement concerning this program contained in the Senate report.

The managers endorse House report language on "Anti-Corruption Compacts" and expect the Department of State to work with the MCC to identify possible threshold country program funding for this purpose.

ANDEAN COUNTERDRUG INITIATIVE

The conference agreement appropriates \$731,000,000 for the Andean Counterdrug Initiative as proposed by the House and the Senate. The managers emphasize that there are other funds for Andean nations in this Act.

The conference agreement provides that not less than \$264,600,000 shall be made available for alternative development and institution building activities by USAID, the Department of Justice, and the Department of State of which \$237,000,000 shall be directly apportioned to USAID, including \$125,700,000 for Colombia.

The conference agreement provides that not less than \$6,000,000 should be made available for judicial reform in Colombia, not less than \$6,000,000 shall be made available to USAID for organizations and programs to protect human rights and \$2,000,000 should be made available for biodiversity and indigenous reserves protection in Colombia.

The conference agreement again includes conditions, similar to current law and the same as the Senate bill, on aerial spraying. The House bill did not address this matter.

The conference agreement includes the House language prohibiting funds for the resumption of flights in support of a Peruvian air interdiction program until a system of enhanced safeguards are in place. The Senate did not address this matter.

The conference agreement includes Senate language providing that assistance should be made available to the Bolivian military and police only if the Bolivian military and police are respecting human rights and cooperating with investigations and prosecutions of alleged violations of human rights.

The conference agreement does not include Senate conditions on assistance to support the demobilization of illegal armed groups in Colombia. The managers are aware that the Colombian Government is engaged in demobilization negotiations with such groups, which have been designated foreign terrorist organizations (FTOs)

by the State Department. Leaders of these FTOs have been indicted by the Justice Department for drug trafficking and these groups have been implicated in widespread human rights violations. The managers note that according to the Justice Department, United States law forbids the provision of United States assistance to members of terrorist organizations. The managers further note that USAID included \$3,250,000 in its fiscal year 2005 budget justification for "Peace Initiatives" in Colombia, including demobilization/integration. The conference agreement requires consultation with and notification to the Committees prior to the obligation of fiscal year 2005 funds for such activities. The managers believe that the costs of demobilizing illegal armed groups should be borne by the Colombian Government, not the United States. The managers are concerned that the demobilization process is being undertaken without adequate safeguards to ensure the dismantling of such FTOs, to deter members of such groups from resuming illegal activities, or to prosecute and punish those involved in drug trafficking and human rights violations.

The managers do not believe the Administration should request funds in fiscal year 2006 for the demobilization/reintegration of members of such FTOs unless it is for limited activities that are determined by the Justice Department to be consistent with United States anti-terrorism laws, and the following conditions can be met: (1) The FTO is respecting a ceasefire and the cessation of illegal activities; (2) the Government of Colombia has not adopted any law or policy inconsistent with its obligations under the United States-Colombian treaty on extradition, and has committed to the United States that it will continue to extradite Colombian citizens to the United States, including members of such illegal armed groups, in accordance with that treaty; (3) the Colombian legal framework governing the demobilization of such groups provides for prosecution and punishment, in proportion to the crimes committed, of those responsible for gross violations of human rights, violations of international humanitarian law, and drug trafficking, for reparations to victims, and for the monitoring of demobilized individuals; (4) the Government of Colombia is implementing a policy of effectively dismantling such groups, including the seizure of financial and property assets; and (5) the Government of Colombia is taking actions to enable the return of stolen assets, including real property, to their original owners.

The managers are also aware that the Administration has used fiscal year 2004 funds to support the Organization of American States (OAS) Mission in Colombia. The managers request that, prior to the provision of additional funds to the OAS for this purpose, the Secretary of State report to the Committees that the OAS Mission is strictly adhering to its verification role, FTOs are concentrated in zones for demobilization, the legal framework governing the demobilization conforms with (3) above, and the Inter-American Commission for Human Rights is providing advice to the OAS Mission.

The conference agreement makes available \$16,285,000 from this account for administrative expenses of the Department of State as proposed by the House and the Senate and \$7,800,000 for

administrative expenses of USAID instead of \$4,500,000 as proposed by the House and the Senate.

The conference agreement includes a provision proposed by the Senate that requires that the Administrator of USAID, in consultation with the Assistant Secretary of State for International Narcotics and Law Enforcement Affairs, shall have responsibility for the use of funds under this heading that are directly apportioned to USAID. The conference agreement does not include a provision in section 515 of the general provisions, as proposed by the Senate, requiring that all reprogrammings of funds under this and the previous heading shall be subject to review and approval by the Deputy Secretary of State. The House did not address either matter.

Funds in this account are allocated in the following table and, as stipulated in section 595, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

<i>Andean Counterdrug Initiative</i>	
[Budget Authority, dollars in thousands]	
	<i>Conference Agreement</i>
Bolivia:	
Interdiction/Eradication	49,000
Alternative Development/Institution Building	42,000
Colombia:	
Interdiction/Eradication	313,200
USAID Alternative Development/Institution Building	125,700
Rule of Law	27,600
Ecuador:	
Interdiction/Eradication	11,000
Alternative Development/Institution Building	15,000
Peru:	
Interdiction/Eradication	62,000
Alternative Development/Institution Building	54,300
Panama	6,000
Brazil	9,000
Venezuela	3,000
Guatemala	1,000
Nicaragua	1,000
Air Bridge Denial	11,200
	731,000
Total, ACI	

MIGRATION AND REFUGEE ASSISTANCE

The conference agreement appropriates \$770,000,000 for the Migration and Refugee Assistance account (MRA) instead of \$756,000,000 as proposed by the House and \$775,000,000 as proposed by the Senate.

The conference agreement makes available \$22,000,000 for administrative expenses as proposed by the Senate instead of \$21,000,000 as proposed by the House. The managers expect the additional administrative funds to be used for refugee admissions and emergency situations.

The conference agreement also includes Senate language providing not less than \$50,000,000 for refugees from the former Soviet Union and Eastern Europe and other refugees resettling in Israel. The House bill did not address this matter.

The conference agreement does not include a Senate provision that makes funds available for assistance for international organi-

zations for refugees from North Korea. The House did not address this matter. The managers strongly support the provision of funds for such purposes, and request the State Department to review methods to provide sufficient assistance to safeguard the human rights and dignity of North Korean refugees. The managers request the State Department to report to the Committees not later than 90 days after enactment of this Act on programs and activities regarding North Korean refugees supported during calendar years 2003 and 2004.

The conference agreement does not include Senate language providing that funds under this and the following heading be made available to NGOs located in Thailand for humanitarian assistance inside Burma. The managers expect NGOs working in Thailand on Burmese refugee issues to be funded at amounts above the fiscal year 2004 level from these accounts. The managers endorse Senate report language regarding funding levels for the Burma Border Consortium.

The managers are deeply concerned with reports of the misuse of facilities managed by the United Nations Relief and Works Agency for Palestine Refugees in the Near East (UNRWA) and UNRWA-owned vehicles for terrorist activities and the recent statement by UNRWA's Commissioner General that the agency employs members of the terrorist organization Hamas. The managers note that continued United States support for UNRWA depends on its compliance with United States law prohibiting assistance to terrorist organizations. The managers direct the State Department to work closely with the United Nations and UNRWA to develop effective standards and practices to ensure that UNRWA resources are not diverted for terrorist purposes, and that the agency is not employing terrorists. The managers direct the Secretary of State to transmit a report on these new standards to the Committees on Appropriations no later than 180 days after the enactment of this Act.

The managers are aware of potential tensions between Sudanese refugees in Chad and the citizens of Chad. The managers recommend funding for programs to mitigate conflict between refugees and hosting communities and to provide technical assistance to local organizations for assistance to refugees, including refugee registration and protection.

UNITED STATES EMERGENCY MIGRATION AND REFUGEE ASSISTANCE
FUND

The conference agreement appropriates \$30,000,000 for the United States Emergency Migration and Refugee Assistance Fund (ERMA), instead of \$20,000,000 as proposed by the House and \$50,000,000 as proposed by the Senate.

The conference agreement includes language from the Senate amendment that provides the funds notwithstanding section 2(c)(2) of the Migration and Refugee Assistance Act of 1962.

NONPROLIFERATION, ANTI-TERRORISM, DEMINING AND RELATED
PROGRAMS

The conference agreement appropriates \$402,000,000 for Non-proliferation, Anti-terrorism, Demining and Related Programs, in-

stead of \$382,000,000 as proposed by the House and \$415,200,000 as proposed by the Senate.

Funds in this account are allocated in the following table and, as stipulated in section 595, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

Nonproliferation, Anti-Terrorism, Demining and Related Programs

[Budget Authority in thousands of dollars]

	<i>Conference Agreement</i>
Nonproliferation and Disarmament Fund	\$32,000
Export Control and Border Security assistance	38,000
Nonproliferation of WMD Expertise	50,500
International Atomic Energy Agency—Voluntary Contribution	53,000
CTBT/International Monitoring System	19,000
Anti-terrorism Assistance	120,000
Counterterrorism financing	7,500
Terrorist Interdiction Program	5,000
CT Engagement with Allies	500
Humanitarian Demining	59,500
International Trust Fund for Demining	10,000
Small Arms/Light Weapons Destruction	7,000
NADR Total	402,000

The conference agreement does not contain language from the Senate amendment that would have authorized not to exceed \$250,000 for the support of public-private partnerships for mine action by grant, cooperative agreement, or contract. Language authorizing these activities for fiscal year 2004 and subsequent years was contained in Public Law 108–199. The House bill did not address this matter.

The conference agreement contains Senate language that provides that funds available for the CTBT Preparatory Commission that are not necessary to make the United States contribution to the Commission shall be made available to the International Atomic Energy Agency and shall be available until September 30, 2006.

The conference agreement does not include a Senate provision providing that \$10,000,000 be made available to destroy MANPADS. The House bill did not address this matter. The managers support efforts to curtail the proliferation of MANPADS and note that more than \$10,000,000 from this and other appropriations Acts is being made available to achieve this objective.

The conference agreement does not contain Senate language that would have authorized \$10,000,000 for mobile combat systems and radiation detection technology to combat international terrorism. While this appropriation account is not the appropriate place to fund such activities, the managers support efforts to develop such systems and note that more than \$10,000,000 from other appropriations Acts is being made available to achieve this objective.

The conference agreement contains Senate language that provides 2-year availability of funds appropriated for anti-terrorism assistance and export control and border security.

CONFLICT RESPONSE FUND

The conference agreement does not include Senate language authorizing activities under the Conflict Response Fund, or

\$20,000,000 for the Fund, as proposed by the Senate. The House bill did not address this matter.

DEPARTMENT OF THE TREASURY

INTERNATIONAL AFFAIRS TECHNICAL ASSISTANCE

The conference agreement appropriates \$19,000,000 for the International Affairs Technical Assistance program of the Department of the Treasury as proposed by the House instead of \$17,500,000 as proposed by the Senate.

DEBT RESTRUCTURING

The conference agreement appropriates \$100,000,000 for Debt Restructuring, instead of \$105,000,000 as proposed by the House and \$95,000,000 as proposed by the Senate. The conference agreement provides \$20,000,000 for the Tropical Forest Conservation Act Program, and at least \$10,000,000 for bilateral debt relief for the Democratic Republic of Congo and the flexibility to provide more from available funds if necessary.

The conference agreement includes House language limiting the use of the United States contribution to the HIPC Trust Fund and endorses the House report language on this issue. The managers note that the fiscal year 2004 and 2005 funds are subject to the regular notification procedures of the Committees on Appropriations.

TITLE III—MILITARY ASSISTANCE

INTERNATIONAL MILITARY EDUCATION AND TRAINING

The conference agreement provides that funding for Nigeria, Haiti, and the Democratic Republic of Congo shall be subject to the regular notification procedures of the Committees on Appropriations. The House bill would have required notification for Nigeria and Guatemala, while the Senate amendment would have required notification for Cambodia, Haiti, the Democratic Republic of Congo, Nigeria, and Guatemala.

The conference agreement does not include \$2,000,000 in International Military Education and Training (IMET) assistance for Greece, as proposed by the Senate. However, the managers request the Secretary of State to consider providing up to \$2,000,000 in IMET assistance for Greece. The House bill did not address this matter.

In order to increase cooperation in the war on international terrorism, the managers support additional funding above the budget request in IMET assistance for Egypt.

FOREIGN MILITARY FINANCING PROGRAM

The conference agreement appropriates \$4,783,500,000 for the Foreign Military Financing Program.

The managers have included language providing \$2,220,000,000 for Israel and \$1,300,000,000 for Egypt as proposed in both the House and Senate bills. The conference agreement includes language similar to that proposed in the Senate amendment

that provides that \$206,000,000 should be made available for assistance for Jordan.

Funds in this account are allocated in the following table and, as stipulated in section 595 any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

Foreign Military Financing Program

[Budget Authority, dollars in thousands]

	<i>Conference Agreement</i>

The conference agreement provides that not less than \$580,000,000 shall be made available for procurement in Israel of defense articles and services, as proposed by the House. The Senate proposed similar language.

The conference agreement does not include language proposed by the Senate that would have allowed for the transfer of up to \$5,000,000 to “Nonproliferation, Anti-Terrorism, Demining and Related Programs”. The House bill did not address this matter.

The conference agreement includes \$400,000,000 in military assistance for Afghanistan.

The conference agreement stipulates that not less than \$206,000,000 should be provided from this account for assistance to Jordan, similar to a Senate provision. The House bill did not address this matter.

The managers have not included Senate provisions specifying funding levels for Tunisia, Armenia, Liberia, and Georgia. Information on funding levels as a basis for notification for these and other countries and programs is found in the table included in the Statement of Managers.

The conference agreement includes a provision, similar to Senate language, which conditions up to \$2,000,000 in assistance for Uganda on progress by the Government of Uganda in human rights, the protection of civilians, and the professionalization of Ugandan armed forces. The House bill did not address this matter.

The conference agreement includes a House provision that permits up to \$150,000,000 from prior year Foreign Military Financing Program and Economic Support Fund accounts to be transferred to the FMF account in this Act for assistance to Pakistan. The Senate included similar language, but did not designate Pakistan as the recipient of the transferred funds.

The conference agreement includes Senate language prohibiting funding from this account for Sudan and Guatemala. The House bill also included Indonesia in the funding prohibition.

The conference agreement includes Senate language that requires a notification for assistance for Haiti. The House bill did not address this matter.

The conference agreement does not include a House provision prohibiting funding from this account for activities related to the clearance of unexploded ordnance from United States Armed Forces testing or training centers, except on San Jose Island, Republic of Panama. The Senate amendment did not address this matter.

PEACEKEEPING OPERATIONS

The conference agreement does not include a Senate provision authorizing the transfer of funding from the Department of Defense to the Department of State for military or security assistance to enhance the capability of foreign countries to participate in international peacekeeping or peace enforcement operations. The House bill did not address this matter.

TITLE IV—MULTILATERAL ECONOMIC ASSISTANCE

INTERNATIONAL FINANCIAL INSTITUTIONS

GLOBAL ENVIRONMENT FACILITY

The conference agreement appropriates \$107,500,000 for the Global Environment Facility as proposed by the House instead of \$120,678,000 as proposed by the Senate.

CONTRIBUTION TO THE INTERNATIONAL DEVELOPMENT ASSOCIATION

The conference agreement appropriates \$850,000,000 for the International Development Association, the concessional lending facility of the World Bank, as proposed by the House instead of \$820,000,000 as proposed by the Senate.

The managers note that the World Bank promised \$313,000,000 in grant assistance and \$3,000,000,000 in loans to the people of Iraq. Of this commitment, only one training program totaling \$3,600,000 has been completed, which represents less than .01 percent of total funds pledged. The managers request the Secretary of Treasury to submit a report not later than January 1, 2005 on World Bank loan disbursement and the deployment of World Bank international staff to Iraq.

CONTRIBUTION TO THE ENTERPRISE FOR THE AMERICAS
MULTILATERAL INVESTMENT FUND

The conference agreement appropriates \$11,000,000 for past due payments by the United States to the Multilateral Investment Fund instead of \$25,000,000 as proposed by the House and \$15,000,000 as proposed by the Senate.

CONTRIBUTION TO THE ASIAN DEVELOPMENT FUND

The conference agreement appropriates \$100,000,000 for the United States contribution to the Asian Development Fund, instead of \$112,212,465 as proposed by the House and \$59,691,000 as proposed by the Senate.

CONTRIBUTION TO THE AFRICAN DEVELOPMENT BANK

The conference agreement appropriates \$4,100,000 for the African Development Bank instead of \$5,100,000 as proposed by the House and \$1,100,000 as proposed by the Senate.

CONTRIBUTION TO THE AFRICAN DEVELOPMENT FUND

The conference agreement appropriates \$106,000,000 for the African Development Fund instead of \$118,000,000 as proposed by the House and \$67,000,000 as proposed by the Senate.

INTERNATIONAL ORGANIZATIONS AND PROGRAMS

The conference agreement appropriates \$328,394,000 for voluntary contributions to International Organizations and Programs instead of \$323,450,000 as proposed by the House and \$328,925,000 as proposed by the Senate.

The managers continue to support the work of the World Food Program and have provided \$6,000,000 for a voluntary contribution under section 534 of this Act as included in the House bill and the Senate amendment.

The managers expect that of funds under this heading subject to section 307(a) of the Foreign Assistance Act of 1961, an additional \$350,000 will be made available for United Nations Center for Human Settlements for a total of \$500,000 in fiscal year 2005. As with all funds subject to section 307(a), these funds are subject to notification.

Funds in this account are allocated in the following table and, as stipulated in section 595, any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations:

International Organizations and Programs

[In thousands of dollars]

UN Fund for Tech. Cooperation in Human Rights	\$1,500
UN Voluntary Fund for Victims of Torture	7,000
OAS Fund for Strengthening Democracy	3,000
UNDP	109,000
UNIFEM	2,000
UNIFEM Trust Fund	1,000
UNICEF	125,000
OAS Development Assistance	4,900
WTO	1,000
ICAO Aviation Programs	1,000
UNEP	11,000
IMO Maritime Security	100
Montreal Protocol	21,500
International Conservation Programs (CITES/ITTO/IUCN/Ramsar/ CCD)	6,400
IPCC/UNFCCC	6,000
International Contributions for Scientific Educational & Cultural Activities	844
World Meteorological Organization	2,000
UN Center for Human Settlements	150
Reserve to be allocated	25,000
Total	328,394

TITLE V—GENERAL PROVISIONS

(Note.—If House and Senate language is identical except for a different section number or minor technical differences, the section is not discussed in the Statement of Managers.)

Sec. 505. Limitation on Representational Allowances

The conference agreement includes limitations similar to the House bill of \$4,000 for Foreign Military Financing for entertainment expenses and \$130,000 for representation allowances; \$55,000 for International Military Education and Training for entertainment; \$4,000 for representation and entertainment expenses for the Trade and Development Agency; and \$115,000 for the Millennium Challenge Corporation (MCC). The House bill included \$130,000 for the MCC, and the Senate amendment included \$2,000 and \$125,000 for Foreign Military Financing for entertainment and representation allowances, respectively; \$50,000 for International Military Education and Training; \$2,000 for the Trade and Development Agency; and \$100,000 for the MCC.

Sec. 515. Notification Requirements

The conference agreement does not include a Senate provision requiring that the International Narcotics Control and Law Enforcement and Andean Counterdrug Initiative accounts be subject to the same reprogramming oversight procedures as the Economic Support Fund account. The House bill did not address this provision.

Sec. 517. Independent States of the Former Soviet Union

Similar to the Senate amendment, the conference agreement does not include House subsection (a) restricting assistance to the governments of certain countries unless they are making progress in implementing economic reforms, and if these governments used United States assistance to facilitate the expropriation or seizure of assets.

Sec. 520. Special Notification Requirements

The conference agreement adds “Pakistan” and “Cambodia” to the list of countries proposed by the House to be subject to the special notification procedures of this section, similar to language proposed by the Senate. Compared to current law, the conference agreement deletes the Democratic Republic of the Congo.

Sec. 522. Child Survival and Health Activities

The conference agreement makes available not less than \$441,000,000 for family planning and reproductive health activities from funds appropriated under title II of this Act, rather than \$450,000,000 as proposed by the Senate amendment. The House addressed this matter in the House report and included a level of \$432,000,000.

Sec. 523. Afghanistan

The conference agreement provides that not less than \$980,000,000 of the funds appropriated by titles II and III should be made available for humanitarian, reconstruction, and related assistance for Afghanistan. The House bill included \$977,000,000 for such activities. The Senate amendment provided not less than \$504,450,000 for humanitarian and reconstruction assistance from this Act.

The conference agreement does not include Senate language that would have directed that not less than \$225,000,000 be made available for Afghanistan from the Economic Support Fund. The House bill did not address this matter.

The conference agreement contains language, similar to a Senate provision, providing that not less than \$2,000,000 should be made available for the Independent Human Rights Commission and other human rights groups. The House bill did not address this matter.

The conference agreement contains language, similar to that contained in the Senate amendment, which provides that funds for the Afghan National Army should be provided dependent on the vetting of members for involvement in a variety of illicit activities. The House bill did not address this matter.

The conference agreement includes Senate language that provides that not less than \$2,000,000 should be provided for reforestation activities in Afghanistan, and these funds would be matched, to the maximum extent possible. The House bill did not address this matter.

The conference agreement contains language, similar to that in both the House bill and the Senate amendment, that provides that \$50,000,000 should be made available to support programs that directly address the needs of Afghan women and girls, of which not

less than \$7,500,000 shall be made available for small grants to improve the capacity of women-led Afghan nongovernmental organizations.

The conference agreement does not include a Senate provision that not less than \$2,000,000 should be made available for assistance for Afghan communities and families that have suffered losses as a result of the military operations. However, the managers support this program and expect not less than \$2,000,000 to be made available for medical, rehabilitation, reconstruction, and other appropriate assistance to Afghan communities and families to mitigate such losses. The House bill did not address this matter.

Sec. 525. HIV/AIDS

The conference agreement includes a general provision, "HIV/AIDS", combining elements of section 525 of the House bill and section 5025 of the Senate amendment. The new general provision conditions 25 percent of the appropriation to the Global Fund to Fight AIDS, Tuberculosis and Malaria, subject to a waiver, on managerial and process changes at the Fund to improve its efficiency and transparency. The managers have also included language authorizing a "Working Capital Fund" to strengthen the ability of the Office of the Global AIDS Coordinator, USAID, and other agencies of the United States Government to negotiate the lowest possible prices for safe, effective pharmaceuticals and commodities.

Sec. 526. Democracy Programs

The conference agreement provides \$19,000,000 under the Economic Support Fund for activities to support democracy, human rights and the rule of law in the People's Republic of China and Hong Kong, instead of \$35,000,000 as proposed by the Senate, of which \$15,000,000 is provided to the State Department's Human Rights and Democracy Fund (HRDF) and \$4,000,000 to the National Endowment for Democracy (NED). Subject to a matching requirement, funds are made available for the conduct of such programs in Taiwan.

The conference agreement provides \$15,000,000 under the ESF account, instead of \$25,000,000 as proposed by the Senate, for programs to foster democracy, human rights, and other programs in countries with significant Muslim populations and where such programs would be important to respond to, deter, or prevent acts of international terrorism. Of this amount, \$11,000,000 is provided to the HRDF and \$4,000,000 to the NED. The agreement provides \$3,000,000 for programs that provide professional training for journalists, including organizations such as Internews, and \$3,000,000 for activities to advance democracy and human rights in Iran. The managers support the use of funds for a conference to bring together Iranian dissidents and advocates of freedom and justice in Iran to explore opportunities for furthering democracy in that country. Authority is provided to conduct such programs for Syria.

The conference agreement provides \$4,500,000 to support NED programs in sub-Saharan Africa, \$500,000 less than the level proposed by the Senate.

The conference agreement does not include a provision proposed by the Senate that provides \$10,000,000 to American educational institutions for programs in China relating to environment, democracy and the rule of law. This matter is addressed in section 534.

Assistance provided under this section is subject to regular notification procedures.

The managers request the State Department, in consultation with USAID, to submit a report to the Committees not later than 90 days after enactment of this Act on: the standard definition of “democracy and governance programs” funded by the United States Government; a summary, including budgetary totals, of USAID’s democracy and governance programs categorized by grants, cooperative agreements and contracts in fiscal years 2003 and 2004; and, additional information on how the proposed United Nations Democracy Fund could complement ongoing, United States-funded democracy building activities.

The conference agreement addresses Tibet in section 581, in a separate general provision as proposed by the Senate. The House bill addressed Tibet under this section.

Sec. 531. Burma

The conference agreement includes in this section a requirement, as proposed by the Senate, to instruct the United States Executive Directors to the international financial institutions to oppose loans and assistance for Burma. The House did not address this matter.

Additionally, the conference agreement includes a provision, similar to the Senate amendment, providing \$8,000,000 under the heading “Economic Support Fund” for democracy and other activities in Burma and along the Burma-Thailand border.

The conference agreement includes a provision similar to the Senate amendment providing in addition to funds from “Migration and Refugee Assistance” not less than \$4,000,000 to USAID for humanitarian assistance for displaced Burmese and host communities in Thailand. The House did not address this matter.

The conference agreement does not include a Senate proposed requirement that none of the funds appropriated by this Act may be made available to the central government of any country that is a major provider of weapons to the State Peace and Development Council (SPDC). The House did not address this matter.

The managers express their concern for the safety and welfare of Burmese democracy leaders Aung San Suu Kyi, U Tin Oo, and other members of the National League for Democracy. The managers call for the immediate, unconditional and safe release of Suu Kyi, as well as all other political prisoners in Burma.

The conference agreement also includes language, similar to section 5097 of the Senate amendment, that provides that contributions from the Global Fund to Fight AIDS, Tuberculosis and Malaria to the SPDC and its affiliate organizations will be withheld according to the provisions of section 202 of Public Law 108–25. The House did not address this matter.

Sec. 534. Special Authorities

In subsection (a), the conference agreement includes House language providing certain authority for assistance for Afghanistan, Pakistan, and Montenegro, assistance to victims of war, and displaced Burmese. The conference agreement adds Lebanon to that list of countries, as in the Senate amendment, but does not include Senate language regarding Iraq and programs to address sexual and gender-based violence. The managers have included such language in section 564, "Community-Based Police Assistance".

In subsection (f), the conference agreement increases the funding ceiling of \$25,000,000 in section 451(a) of the Foreign Assistance Act of 1961 to \$45,000,000, instead of \$50,000,000 as in the Senate amendment.

The conference agreement does not include subsection (j) of the Senate amendment defining "areas outside of the control of the Government of Sudan". The managers have included similar language in section 569, "Sudan".

The managers have included subsection (k) of the Senate amendment, addressing the adjudication of applications from parolees from Indochina.

The conference agreement includes language, similar to subsection (m) as proposed by the Senate, providing \$2,000,000 for an endowment to document genocide and crimes against humanity in Cambodia, and \$3,750,000 for an endowment to sustain rehabilitation programs for persons suffering from physical disabilities in that country. The conference agreement eliminates language contained in the Senate amendment authorizing funds from future appropriations Acts to be used in these endowments. The managers intend that prior year funds may also be used to support these endowments, and the managers understand that with respect to the endowment to document genocide, an additional \$2,000,000 may be made available from fiscal year 2003 funding for a combined total of \$4,000,000. The managers request that USAID provide signed copies of the endowment agreements to the Committees on Appropriations and request that the agreements include a disposition of funds upon future liquidation of the endowments. The House bill did not address this matter.

The conference agreement does not include subsection (n) of the Senate amendment making foreign extinction lists applicable to United States fish and wildlife regulations and law. The House bill did not address this matter.

The conference agreement includes subsection (o) of the Senate amendment extending the availability of loan guarantees to Israel from September 30, 2005, to September 30, 2007. The House bill did not address this matter.

The conference agreement includes section (c) of section 5109 of the Senate amendment, "United Nations Resolutions on Israel", requiring the Secretary of State to report how governments vote at the United Nations on resolutions regarding Israel that are opposed by the United States. The House bill did not address this matter.

Subsection (p) of the Senate amendment regarding affordable housing and the MCC is discussed under the heading "Millennium Challenge Corporation".

The managers provide authority for USAID, notwithstanding any other provision of law and subject to the regular notification procedures of the Committees, to provide Development Assistance funds to American educational institutions for programs and activities in the People's Republic of China relating to the environment, democracy, and the rule of law.

Sec. 543. Withholding of Assistance for Parking Fines and Real Property Taxes Owed By Foreign Governments

The conference agreement includes language similar to that proposed by the Senate, which requires withholding of United States assistance to central governments of countries with adjudicated unpaid real property taxes and parking fines in the United States. The House bill did not address the issue of property taxes.

Sec. 547. War Crimes Tribunals Drawdown

The conference agreement includes House language authorizing up to \$30,000,000 in drawdowns of commodities or services for the United Nations War Crimes Tribunal for the former Yugoslavia or other future tribunals. The Senate amendment included \$32,000,000 for such purposes.

Sec. 549. Haiti

The conference agreement appropriates funding for Haiti at a level not less than \$85,000,000 from Child Survival and Health Programs Fund, Development Assistance, and Economic Support Funds, which is \$60,512,000 above the budget request. The managers endorse the budget request for Haiti under Peace Corps and Foreign Military Financing and note additional assistance for Haiti is contained in the Global HIV/AIDS Initiative and the Military Construction Appropriations and Emergency Hurricane Supplemental Appropriations Act, 2005.

The managers recognize that improving the health of the Haitian people will necessitate investments in prevention activities, such as health outreach and behavioral change, in order to stem the spread of illness and disease. The managers note the pioneering work of Zanmi Lasante and direct that \$2,000,000 should be provided from this account to strengthen and expand that organization's maternal child health activities in Haiti's Central Plateau region. This amount is in addition to other amounts that are provided by USAID to Zanmi Lasante for HIV/AIDS activities under this account, and other headings in the Act.

The conference agreement does not provide \$2,000,000 for the Hillside Agriculture Production program. The managers understand that USAID is considering funding this activity at nearly \$1,000,000 in FY 2005, and support follow on activities which broaden the program to include both agriculture and environment.

The conference agreement does not provide funding under the INCLE account for police training activities. The managers recommend ESF funding for these purposes. The managers support judicial reform programs to strengthen rule of law in Haiti.

The managers strongly support the holding of credible, inclusive elections in Haiti in 2005, and direct that sufficient funds be made available for election-related activities through the Organiza-

tion of American States. The managers request the State Department to consult with the appropriate committees on plans to support these elections.

The conference agreement does not include a Senate provision requiring a plan for reforestation in Haiti. However, concerns with deforestation in Haiti were reinforced by the May 2004 mudslides that caused widespread death and destruction. The managers request the Administrator of USAID to consult with the Secretaries of State, Agriculture, and Energy, with Haitian officials, nongovernmental organizations and communities, and with appropriate international donor agencies, to devise a reforestation strategy for areas that are vulnerable to erosion. The managers request the Administrator of USAID submit a report not later than 180 days after enactment of this Act containing such a strategy including funding requirements.

The managers also request that the Secretary of State submit a report within 90 days after enactment of this Act containing a multi-year assistance strategy for Haiti, with a focus on security, employment, elections, health, education, and the rule of law.

The managers were disappointed by the Haitian Government's mishandling of the trial of Louis Jodel Chamblain and note with growing concern the deteriorating security and human rights situation in Haiti.

The managers support the work of the Cooperative Association of States for Scholarships program and recommend additional funding to expand its activities in Haiti.

Sec. 554. Cambodia

The conference agreement includes a provision, similar to a Senate amendment, regarding assistance for Cambodia. The managers remain concerned with the slow pace of political, legal and economic reforms in that country, and the absence of transparency and accountability on behalf of the Royal Government of Cambodia (RGC).

The managers commend a recent USAID-funded assessment of corruption in Cambodia, and are troubled by the lack of political will demonstrated by the RGC and the Cambodian People's Party in tackling the issues of lawlessness and impunity in that country. The conference agreement provides that \$4,000,000 may be made available for activities to support democracy in that country, and the managers have included an exception for rule of law programs.

The conference agreement provides \$1,000,000 in FMF assistance for Cambodia, and conditions IMET assistance on the provision of a list to the Committees, compiled by the Secretary of State, of those individuals who have been credibly alleged to have ordered or carried out the attack against the Khmer Nation Party in 1997. This list may be provided in classified form, if necessary. The managers expect FMF assistance to strengthen border control and counterterrorism efforts in Cambodia, and request that the Committees be consulted prior to initiating any FMF related activities. The managers recommend that the Secretary of State consult with relevant United States Government agencies and international nongovernmental organizations in compiling the IMET-required list.

The conference agreement provides that assistance may be made available for a Khmer Rouge genocide tribunal if the Secretary of State makes a number of determinations regarding the credibility and independence of Cambodia's judicial system and the proposed tribunal.

Sec. 555. Palestinian Statehood

The conference agreement includes language similar to that proposed by the House providing Presidential waiver authority in circumstances "vital" to national security. The Senate amendment would have provided such waiver authority in circumstances "important" to national security.

Sec. 556. Colombia

The conference agreement includes a provision similar to current law that conditions the provision of assistance to the Colombian Armed forces, but includes a Senate proposed change in subsection (2)(E) requiring a certification that the Colombian Government is dismantling paramilitary leadership and financial networks. The House bill and current law required the Colombian Armed Forces to meet this condition.

The conference agreement does not include a Senate provision requiring prior consultation with the Office of the United Nations High Commissioner for Human Rights in Colombia, with the International Committee of the Red Cross, and with the appropriate congressional committees. The managers expect the Secretary of State, prior to making the certifications required by this section, to consider the opinion of the Office of the United Nations High Commissioner for Human Rights in Colombia regarding the conditions in section 556(2)(A) through (E) of this Act and to consult with the Committees on Appropriations.

Sec. 559. West Bank and Gaza Program

The conference agreement does not include a Senate provision creating a new subsection "Certification". The agreement does include a new Senate subsection "Prohibition" that prohibits funds under this program from recognizing or honoring individuals who commit acts of terrorism. The House did not address either of these matters.

Sec. 560. Contribution to the United Nations Population Fund

The conference agreement provides \$34,000,000 for the UN Population Fund (UNFPA) for fiscal year 2005, as recommended by the Senate. Of this amount, \$25,000,000 is to be made available from funds appropriated under "International Organizations and Programs" (designated in the table as "Reserve to be allocated") and the balance of \$9,000,000 is to be made available from funds appropriated under "Child Survival and Health Programs Fund".

The conference agreement includes language that mandates the reprogramming of \$12,500,000 in fiscal year 2004 funds, originally appropriated under "International Organizations and Programs" in P.L. 108-199 for UNFPA, for anti-trafficking programs and \$12,500,000 in fiscal year 2004 funds, originally appropriated under "International Organizations and Programs" in P.L. 108-199

for UNFPA, for family planning, maternal, and reproductive health activities.

The conference agreement also includes language similar to a Senate provision which requires that funds appropriated under “International Organizations and Programs” in this Act that are available for UNFPA (designated in the table as “Reserve to be allocated”), that are not made available for UNFPA because of the operation of any provision of law, shall be transferred to “Child Survival and Health Programs Fund” and shall be made available for family planning, maternal, and reproductive health activities. If transferred to “Child Survival and Health Programs Fund”, these funds would be administered by USAID subject to the Committees’ regular notification procedures. The purpose of this provision is to eliminate any ambiguity regarding the managers’ intent that funds appropriated for UNFPA that are not provided to UNFPA as a result of the operation of any provision of law are to be made available to USAID for family planning, maternal, and reproductive health activities.

Sec. 563. Funding for Serbia

The conference agreement includes Senate language that conditions assistance for the central government of Serbia, after May 31, 2005, on certain specified conditions. The House bill contained current law on this matter.

Sec. 564. Community-Based Police Assistance

The managers have included a general provision similar to Senate proposed language expanding the authorities in current law to allow USAID to participate in programs that improve community policing. The House bill limited the authority to Jamaica and El Salvador, the same as current law. The expanded authorities in this section are limited to improving the effectiveness and accountability of civilian police authority through training and technical assistance in human rights, the rule of law, strategic planning, and through assistance to foster civilian police roles that support democratic governance. The section includes a consultation requirement that the managers expect to be invoked at the preliminary planning stages of such programs. The section further provides that the notification of the Committees on Appropriations is required before any obligation of funds using the authority of this section. The House bill included a provision similar to current law.

Sec. 565. Special Debt Relief for the Poorest

The conference agreement includes language similar to the Senate amendment providing the President authority to reduce debt owed to the United States as a result of obligations to pay for purchases of United States agricultural commodities under export credit guarantee programs. The House bill did not include this authority.

Sec. 567. Basic Education

The conference agreement includes language proposed by the House that provides not less than \$400,000,000 for basic education from title II of this Act shall be available. The Senate amendment

would have provided that not less than \$335,000,000 from title II of this Act should be for such purposes.

Sec. 568. Reconciliation Programs

The conference agreement provides \$12,000,000 from the Economic Support Fund account for such programs similar to the House bill. The Senate amendment provided \$15,000,000 for such purposes.

Sec. 569. Sudan

The conference agreement includes a new provision, similar to section 531 of the House bill, that provides not less than \$311,000,000 from this Act for Sudan. As in the House bill, no funds from this Act may be available for assistance for the Government of Sudan or to alleviate the sovereign debt of that government unless specific steps are taken to improve security and humanitarian assistance in Darfur. In addition to the notification procedures required for Sudan in section 520, this general provision limits the amount of "International Disaster and Famine Assistance" and "Transition Initiatives" funds that may be spent without notification outside of Darfur to \$45,000,000. The section also provides the Administration the authority to continue current projects and programs in Sudan.

This section also includes modified language from sections 5103 and 5105 of the Senate amendment providing \$75,000,000 in emergency appropriations for "Peacekeeping Operations" to support peace and humanitarian intervention operations for Sudan, and an additional \$18,000,000 for "International Disaster and Famine Assistance" for humanitarian assistance and related activities for Sudan. The managers intend that the additional Peacekeeping Operations funding will be used to support the African Union operation in Darfur.

Language is included designating the entire amount as an emergency. The Secretary of State is instructed to consult with the Committees on Appropriations regarding the proposed uses of these funds within 30 days of enactment of this Act.

For purposes of Section 402(a)(2) of S. Con. Res. 95 (108th Congress), as made applicable to the House of Representatives by H. Res. 649 (108th Congress), funds made available pursuant to this section are provided in response to a situation which poses a direct threat to life and property, is sudden, is an urgent and compelling need, is unpredictable, and is not permanent in nature.

Sec. 570. Trade Capacity Building

The managers recommend that not less than \$507,000,000 should be made available for trade capacity building assistance from several accounts in title II of this Act. The House bill recommended \$517,000,000 for this purpose and the Senate did not address this matter.

In this section, the conference agreement provides \$20,000,000 for capacity building activities under "Economic Support Fund" related to the free trade agreement between the United States and the countries of Central America and the Dominican Republic. The managers expect that such activities should include labor coopera-

tion, capacity building priorities on fundamental labor rights and the elimination of child labor, and improvements in labor administration. Additionally, the managers note that these activities should also include programs relating to the environment, specifically technical assistance on the development and enforcement of environmental laws and regulations, environmental management systems, partnerships to enhance environmental efforts, and market-related and economically sustainable conservation programs. Prior to the obligation of funds for these purposes, the managers request that the Department of State consult with the Committees on Appropriations.

Sec. 572. Indonesia

The conference agreement includes language similar to that of the Senate amendment regarding assistance for Indonesia under the accounts “International Military Education and Training” (IMET) and “Foreign Military Financing Program” (FMF).

The managers note the recent election of Indonesia President Susilo Bambang Yudhoyono and look forward to a cooperative relationship on a broad range of issues including anti-terrorism and military reform. The managers note the opportunity for improved and enhanced military-to-military relations.

However, the managers remain concerned with the slow pace of military reforms in that country, and that members of the Indonesian Armed Forces continue to avoid justice in cases involving gross violations of human rights, including those committed in East Timor. The managers condition FMF assistance and licenses for the export of lethal defense articles on a certification by the Secretary of State.

The conference agreement again conditions IMET assistance on the Indonesian Armed Forces cooperation with the FBI’s investigation into the August 31, 2002 murders of two American citizens and one Indonesian citizen. Expanded IMET assistance is not subject to this condition. The managers strongly encourage the Indonesian Government to redouble efforts to resolve this case in a credible and professional manner.

The House bill included language similar to that of the Senate on the provision of IMET assistance. The House bill did not address the issue of FMF assistance for Indonesia in this section, but prohibited assistance in the bill language under that account.

Sec. 573. Limitation on Contracts

The conference agreement includes language, similar to that in the House bill, which prohibits funds from this Act from being used to fund any contract contravening section 8(d)(6) of the Small Business Act, which requires certain reporting and certification requirements from government subcontractors. The Senate did not address this matter.

Sec. 574. Limitation on Economic Support Fund Assistance for Certain Foreign Governments that are Parties to the International Criminal Court

The conference agreement includes language in subsection (a) prohibiting the use of funds appropriated under the Economic Sup-

port Fund for assistance to any government of a country that is a party to the International Criminal Court (ICC) and has not entered into an agreement with the United States pursuant to Article 98 of the Rome Statute preventing the ICC from proceeding against United States personnel present in such country.

In subsection (b), the President is given the authority, without prior notice to Congress, to waive the prohibition of subsection (a) with respect to a North Atlantic Treaty Organization (NATO) member country, a major non-NATO ally (as specified in this subsection), or Taiwan if he determines and reports to the appropriate congressional committees that it is important to the national security interests of the United States.

In subsection (c), the President is given the authority, without prior notice to Congress, to waive the prohibition in subsection (a) for a particular country if he determines and reports to the appropriate congressional committees that such country has entered into an agreement with the United States pursuant to Article 98.

In subsection (d) language is included that exempts assistance under the Millennium Challenge Act from the prohibition of this section, notwithstanding section 606(a)(2)(B) of such Act.

The House bill included the same language as contained in subsection (a). The Senate amendment did not address this matter.

Sec. 575. Prohibition against Direct Funding for Saudi Arabia

The conference agreement includes language that prohibits assistance to Saudi Arabia, but allows for assistance to be provided if the President certifies to the Committees on Appropriations, 15 days prior to the obligation of funds for assistance for Saudi Arabia, that Saudi Arabia is cooperating with efforts to combat international terrorism and that the proposed assistance will help facilitate that effort. The House bill did not contain a waiver provision. The Senate amendment did not address this matter.

Sec. 576. Environment Programs

The conference agreement provides that \$165,000,000 in development assistance shall be made available for biodiversity programs, of which \$8,000,000 should be made available to implement a new regional strategy for biodiversity conservation in countries comprising the Amazon basin of South America, which is additional to the amounts requested for biodiversity activities in the Amazon basin in fiscal year 2005. The Senate proposed \$15,000,000. The managers note that \$7,000,000 in unobligated fiscal year 2004 funds are also available for this purpose. The managers request to be consulted prior to the obligation of funds.

The conference agreement does not include a Senate provision that not less than \$17,500,000 should be made available for the Congo Basin Forest Partnership, of which not less than \$2,500,000 should be made available for the Great Apes Conservation Fund administered by the United States Fish and Wildlife Service for use in Central Africa. However, the managers support these conservation programs and expect these amounts to be made available for these purposes.

The conference agreement includes language similar to a Senate provision making \$180,000,000 available for clean energy and

other climate change policies and programs in developing countries. Of this amount, \$100,000,000 should be made available to promote and deploy energy conservation, energy efficiency, and renewable and clean energy technologies. The managers are concerned that funding for these energy activities, and for USAID's Office of Energy and Information Technology, has decreased in recent years, and have therefore provided \$15,000,000 above the amount allocated by USAID in fiscal year 2004 for these purposes. The managers request USAID to submit a report not later than 90 days after enactment of this Act, describing activities funded and funding amounts for each type of energy program. The managers request that the Caribbean be considered by USAID for support for solar, hydro and other renewable energy technologies, in addition to the regions listed in the Senate report.

The conference agreement includes in this section the same language as Senate section 5101 that requires the Secretary of Treasury to inform the international financial institutions (IFIs) that it is United States policy not to provide assistance for natural resource extraction and export until a number of transparency guidelines are met with respect to revenues and expenditures. Additionally the section requires a report describing assistance by the IFIs for natural resource extraction and export. The House did not address this matter.

Sec. 577. Uzbekistan

The conference agreement contains language proposed by the Senate that provides that assistance to the Government of Uzbekistan may be made available only if the Secretary of State determines and reports that the Government is making substantial progress in meeting its bilateral commitments in the Declaration of Strategic Partnership with the United States. The House bill did not address this matter.

Sec. 578. Central Asia

The conference agreement contains language proposed by the Senate that provides that assistance to the Government of Kazakhstan may be made available upon a determination and report by the Secretary of State that Kazakhstan has made significant improvements in the protection of human rights during the preceding six months. The Senate provision includes a national security waiver. It also requires the Secretary of State to submit periodic reports on the provision of defense articles, services, and financial assistance to the countries of Central Asia. The House bill did not address this matter.

Sec. 579. Disability Programs

The managers strongly support the rights of people with disabilities and direct funding be made available to support policies and programs on behalf of people with disabilities in developing countries. The managers note that USAID has already designated a Disability Coordinator, and expect the USAID Disability Coordinator and the State Department to work together to devise a plan for their respective roles in administering these funds, in consultation with the Committees on Appropriations.

The managers have provided authority to use a portion of the funds for an international conference on the needs of people with disabilities, including disability rights, advocacy and access. USAID and the Department of State are to consult with the Committees on Appropriations regarding any plan to sponsor such a conference.

Sec. 580. Zimbabwe

The conference agreement includes language the same as current law and similar to section 5073 of the Senate amendment that requires the Secretary of the Treasury to take certain punitive measures against the Government of Zimbabwe. The House bill did not address this matter.

Sec. 581. Tibet

The conference agreement contains language similar to that contained in the House bill in section 526, and in the Senate amendment in section 5074, that provides that of the funds appropriated to the Economic Support Fund, not less than \$4,000,000 should be made available to nongovernmental organizations which preserve cultural traditions and promote sustainable development and environmental conservation in Tibetan communities. In addition, the conference agreement provides that \$250,000 should be made available for human rights and democracy programs through the National Endowment for Democracy.

Sec. 582. Nigeria

The conference agreement includes Senate language requiring a report (which should be provided within 90 days of enactment) on the involvement of the Nigerian Armed Forces in an incident in Benue State, the steps being taken to prosecute those involved, and whether such units have received United States assistance. The House bill did not address this matter.

Sec. 583. Discrimination against Minority Religious Faiths in the Russian Federation

The conference agreement includes Senate language prohibiting any funds from this Act for the Government of the Russian Federation after 180 days from enactment of this Act, unless the President determines and certifies that the Government of the Russian Federation has implemented no government action discriminating against religious groups or communities. The House bill did not address this matter.

Sec. 584. Central America

The conference agreement includes a new general provision providing funds for countries of Central America. Subsection (a) provides that of the funds appropriated by this Act under the headings "Child Survival and Health Programs Fund" and "Development Assistance", not less than the amount of funds initially allocated pursuant to section 653(a) of the Foreign Assistance Act of 1961 for fiscal year 2004 should be made available for El Salvador, Guatemala, Nicaragua and Honduras. The managers note that the total funding levels for these countries are as follows: \$35,755,000 for El Salvador, \$22,499,000 for Guatemala, \$35,144,000 for Hon-

duras, and \$35,011,000 for Nicaragua. The House bill did not address this matter, and the Senate amendment addressed only Nicaragua and Guatemala.

Subsection (b) includes a provision similar to the Senate amendment conditioning \$3,227,000 of funds provided in prior years Acts for the Guatemala Military Assistance Program. The House did not address this matter.

Subsection (c) includes a provision identical to Senate section 5088 that amends section 527 of the Foreign Relations Authorization Act for fiscal years 1994 and 1995 to exempt the government of Nicaragua from sanctions as a result of expropriation of property claims after a certain date set by the Secretary of State.

The managers note that the Procuraduria de la Republica in Nicaragua and the Fiscalia de Anti-corrupcion in Guatemala have played leading roles in the fight against corruption in Central America. Both have assembled impressive track records of investigations, arrests and convictions involving the misuse of government funds that are unprecedented in each country. The managers endorse Senate report language recommending \$250,000 for the Procuraduria and \$250,000 for the Fiscalia in fiscal year 2005.

Sec. 585. War Crimes in Africa

The conference agreement includes a Senate provision conditioning funding to the central government of any country where specific war criminals are living on a determination by the Secretary of State that such government is making efforts to cooperate with specified criminal tribunals and special courts. Funding for "Peacekeeping Operations" and projected economic assistance are exempt from this restriction.

Sec. 586. Admission of Refugees

The conference agreement provides language similar to section 5081 of the Senate amendment that advises the Secretary of State to use private voluntary organizations with relevant expertise in the processing, identification, and referral of refugees and advises the Secretary of State to develop a system for accepting referrals from local private, voluntary organizations, and outlines categories of special consideration for admission. The provision does not include a report required in the Senate language. The House bill did not address this matter.

Sec. 587. Code of Conduct

The conference agreement continues previous year language that prohibits refugee and humanitarian assistance funding under the heading "Migration and Refugee Assistance" and "Office of Transition Initiatives" to an organization that has not adopted a code of conduct consistent with the Inter-Agency Standing Committee Task Force on Protection From Sexual Exploitation and Abuse in Humanitarian Crises six core principles. Additionally the provision advises the Secretary of State and the Administrator of USAID to incorporate policies and programs to identify the needs of, and threats to, women and children at the various stages of a complex humanitarian emergency. The provision is similar to the Senate amendment. The House bill did not address this matter.

Sec. 588. United States Agency for International Development Hiring Authority

The conference agreement provides authority for USAID to use up to \$37,500,000 to hire 175 Foreign Service Limited employees. The Senate provided \$25,000,000 for an USAID pilot management initiative and \$12,500,000 in hiring authority. For many years, USAID has used multiple personnel authorities, such as Personal Services Contracts (PSCs), Participating Agency Service Agreements (PASAs), Resources Support Service Agreements (RSSAs) and other mechanisms to obtain the services of individuals necessary to carry out USAID's programs.

Many of these individuals have unique skills that USAID will require only for a limited duration, although in most other respects these individuals are indistinguishable from USAID employees. USAID estimates it has over 800 of these individuals now working in Washington and in overseas missions. The salary and support costs of these individuals are currently included in appropriations for program accounts.

Prior to using the authority, USAID must meet several conditions, including: a comprehensive work force analysis and a one for one reduction in the number of PSCs, PASAs, RSSAs and other staff. The managers expect this authority to help rationalize USAID's personnel practices and make more transparent the costs of program implementation. It will lead to budget savings as USAID is now required to pay other agencies and entities overhead costs of as much as 30 and 40 percent when it uses outside staff.

The conference agreement includes language under this section similar to section 5083 of the Senate amendment, which allows USAID to use program funds to cover the costs of staff working to mitigate the effects of natural disasters. The managers note that this authority should be used sparingly and only when necessary to enable USAID to cope with the consequences of natural disasters, such as those on the scale of Hurricane Mitch in Central America in 1999.

Sec. 589. Overseas Private Investment Corporation and Export-Import Bank Restrictions

The conference agreement includes a provision identical to the Senate amendment and current law that prohibits the use of funds by OPIC and the Export-Import Bank to finance investments in connection with a project involving diamonds in a country that is not implementing the requirements developed by the Kimberley Process, or is not undertaking other measures that the Secretary of State determines to contribute to the elimination of the trade in conflict diamonds.

Sec. 590. Security in Asia

The conference agreement does not include Senate language that would have specified military assistance for a number of countries in Asia. Funding for these countries is addressed in the Statement of the Managers in the table under the heading "Foreign Military Financing Program". The House bill did not address these matters.

The conference agreement provides FMF assistance to a number of Asian countries not included in the 2005 budget request, including Cambodia, Indonesia, Fiji, Tonga, and Bangladesh, and additional assistance above the request for Mongolia, Thailand and Nepal. The managers endorse Senate report language regarding terrorism in Southeast Asia.

The conference agreement provides FMF assistance for the Indonesian navy in order to enhance maritime security, subject to a report by the Secretary of State that the navy is not violating human rights and is cooperating with civilian judicial authorities on cases involving human rights violations. The provision of such assistance is subject to notification.

The conference agreement also provides that FMF assistance for Cambodia may be made available notwithstanding section 554 of this Act, subject to notification.

The managers deplore and condemn atrocities committed by Maoist insurgents in Nepal, and commend the Government of Nepal for recognizing the need for a political solution to this conflict. The conference agreement conditions FMF assistance on a number of determinations by the Secretary of State regarding the Government of Nepal's efforts to promote and protect human rights, and includes a national security waiver.

Sec. 591. HIPC Debt Reduction and Trust Fund

The conference agreement includes a section identical to Senate section 5093 that authorizes not more than \$150,000,000 for contributions to the HIPC Trust Fund. The House did not address this matter.

Sec. 592. Compliance with the Algiers Agreement

The conference agreement includes language similar to a Senate provision restricting United States assistance, with certain exceptions and a waiver provision, to the central governments of Ethiopia or Eritrea unless the Secretary of State certifies that such governments are taking steps to comply with the Algiers Agreements. The House did not address this matter.

Sec. 593. Administrative Provisions Related to Multilateral Development Banks

The conference agreement includes language similar to Senate section 5099 related to a number of environmental provisions for the multilateral development banks. The House did not address this matter.

Sec. 594. Vietnamese Refugees

The conference agreement includes language similar to section 5100 of the Senate amendment which makes certain potential Vietnamese refugees eligible to be considered refugees "of special humanitarian concern" and to be resettled in the United States.

Sec. 595. Joint Explanatory Statement

The conference agreement includes a new general provision requiring that funds in the following accounts be allocated as indicated in the respective tables in the statement of the managers ac-

companying this Act: Economic Support Fund, Assistance to Eastern Europe and the Baltic States, Assistance for the Independent States of the Former Soviet Union, Nonproliferation, Anti-terrorism, Demining and Related Programs, Andean Counterdrug Initiative, Foreign Military Financing Program, and International Organizations and Programs. Any change to these allocations is subject to the regular reprogramming procedures of the Committees on Appropriations.

PROVISIONS NOT ADOPTED BY THE CONFEREES

The conference agreement does not include section 5025 of the Senate bill, "HIV/AIDS Working Capital Fund". The contents of the section are included in section 525 of the conference agreement "HIV/AIDS". The House did not address this matter.

The conference agreement does not include section 569 of the House bill or section 5095 of the Senate amendment, "Debt Restructuring Authority" authorizing funds from the Iraq Relief and Reconstruction Fund to be used for the costs of debt relief for Iraq or Senate language amending the sectoral allocations for the Iraq Relief and Reconstruction Fund as specified in the fiscal year 2004 Emergency Supplemental for Iraq and Afghanistan. The provisions of this section were enacted in Public Law 108-309, the continuing resolution for fiscal year 2005. Senate language in this section providing the Overseas Private Investment Corporation authorization to work in Iraq during fiscal year 2005 is included under title I of this Act.

The conference agreement does not include section 572 of the House bill or section 5091 of Senate amendment, each regarding Cuba.

The conference agreement does not include section 573 of the House bill, "Office of the Inspector General of the CPA". A similar provision was enacted in Public Law 108-375, the Defense Authorization Act, 2005. The Senate amendment did not address this matter.

The conference agreement does not include section 574 of the House bill, "Oversight of Iraqi Reconstruction". The provisions of this section were enacted in Public Law 108-309, the continuing resolution for fiscal year 2005. The Senate amendment did not address this matter.

The conference agreement does not include section 576 of the House bill, "Limitation on Attendance at Conferences Outside the United States". The Senate amendment did not address this matter.

The conference agreement does not include section 5076 of the Senate amendment, "University Programs". The House bill did not address this matter.

The conference agreement does not include section 578 of the House bill, "Prohibition on Use of Funds for Certain Purposes". The Senate amendment did not address this matter.

The conference agreement does not include section 579 of the House bill, "Prohibition on Use of Funds to Request the United Nations to Assess the Validity of Elections in the United States". The Senate amendment did not address this matter.

The conference agreement does not include section 580 of the House bill, "Limitation on Provision by the Export-Import Bank of Credit to Entities Reincorporating Overseas". The Senate amendment did not address this matter.

The conference agreement does not include section 5083 of the Senate amendment regarding "Disaster Surge Capacity". This matter is addressed in section 588, "USAID Hiring Authority". The House bill did not address this matter.

The conference agreement does not include Senate section 5084 requiring a report by the Secretary of State setting forth procedures and guidelines for (1) implementing the President's Proclamation dated January 12, 2004, which established a policy of denying entry into the United States to corrupt current and former public officials and certain members of their families; and (2) for making public the names of those individuals who have been denied entry as a result of such Proclamation. However, the managers request the Secretary of State to submit this report to the Committees on Appropriations not later than 60 days after enactment of this Act.

The conference agreement does not include section 5085 of the Senate amendment regarding "Assistance for Victims of Torture". This matter was addressed in the House report.

The conference agreement does not include section 5086 of the Senate amendment regarding "United States Agency for International Development Pilot Management Initiative". This matter is addressed in section 588 "USAID Hiring Authority". The House bill did not address this matter.

The conference agreement does not include section 5088 of the Senate amendment regarding "Certain Claims for Expropriation by the Government of Nicaragua" but the contents of the section are included in section 584 "Central America". The House bill did not address this matter.

The conference agreement does not include section 5093 of the Senate amendment regarding "Assistance to Millennium Challenge Candidate Countries". This matter is addressed under the heading "Millennium Challenge Corporation" where the House bill addresses this matter.

The conference agreement does not include section 5094 of the Senate amendment regarding the "Chernobyl Nuclear Power Plant". The House did not address this matter. The managers expect the Government of the Russian Federation to pledge and contribute funds for the construction of a new shelter over the Chernobyl nuclear power plant, and will continue to closely follow developments in this matter.

The conference agreement does not include section 5097 of the Senate amendment regarding "North Korea and Burma". The provisions regarding Burma are addressed in section 531, "Burma", of the conference agreement. The House bill did not address this matter.

The conference agreement does not include section 5098 of the Senate amendment regarding "Thailand". The House bill did not address this matter. The managers urge the Government of Thailand to promote reconciliation and peace in Burma and to respect the human rights and dignity of Burmese refugees and displaced

persons residing in Thailand. The managers also request the Government of Thailand to address the situation in southern Thailand in a manner consistent with Thai laws and international obligations, including those ensuring the protection of human rights. The conference agreement provides \$1,000,000 in ESF for programs to promote democracy and press freedoms. The managers request the State Department to consult with the Committees on the use of these funds.

The conference agreement does not include section 5102 of the Senate amendment regarding "Assistance for Foreign Nongovernmental Organizations". The House bill did not address this matter.

The conference agreement does not include section 5104 of the Senate amendment regarding "Additional Funds for the Global Fund to Fight AIDS, Tuberculosis and Malaria". The conference agreement appropriates funding for a contribution to the Global Fund under the heading "Child Survival and Health Programs Fund", as in the House bill.

The conference agreement does not include section 5105 of the Senate amendment regarding "Support for African Union Mission in Darfur, Sudan". The conference agreement addresses this issue in section 569, "Sudan". The House bill did not address this issue.

The conference agreement does not include section 5106 of the Senate amendment regarding "Improving Security in Haiti". The conference agreement addresses Haiti in section 549, as in the House bill.

The conference agreement does not include section 5107 of the Senate amendment regarding "Report on Global Poverty and National Security". The House did not address this matter. The managers direct the Secretary of State, in consultation with other relevant agencies, to fulfill the reporting requirements of this provision not later than 180 days after enactment of this Act.

The conference agreement does not include section 5108 of the Senate amendment regarding "Report on Education Reform in Pakistan". The House did not address this matter. The managers direct the Secretary of State to fulfill the reporting requirements of this provision not later than 90 days after enactment of this Act.

The conference agreement does not include section 5109 of the Senate amendment regarding "United Nations Resolutions on Israel". The conference agreement includes language under section 534 requiring the Secretary of State to report how governments vote at the United Nations on resolutions related to Israel that are opposed by the United States. The House bill did not address this matter.

The conference agreement does not include section 5110 of the Senate amendment regarding "Sense of the Senate on Violations of Religious Freedom in Saudi Arabia". The House bill did not address this matter.

The conference agreement does not include section 5111 of the Senate amendment regarding "Support for the Political Independence of Lebanon". The House bill did not address this matter.

CONFERENCE TOTAL—WITH COMPARISONS

The total new budget (obligational) authority for the fiscal year 2005 recommended by the Committee of Conference, with compari-

sons to the fiscal year 2004 amount, the 2005 budget estimates, and the House and Senate bills for 2005 follow:

[In thousands of dollars]	
New budget (obligational) authority, fiscal year 2004	\$38,717,018
Budget estimates of new (obligational) authority, fiscal year 2005	21,360,830
House bill, fiscal year 2005	19,428,145
Senate bill, fiscal year 2005	19,653,500
Conference agreement, fiscal year 2005	19,839,960
Conference agreement compared with:	
New budget (obligational) authority, fiscal year 2004	- 18,877,058
Budget estimates of new (obligational) authority, fiscal year 2005	- 1,520,870
House bill, fiscal year 2005	+ 411,815
Senate bill, fiscal year 2005	+ 186,460

DIVISION E—DEPARTMENT OF THE INTERIOR AND RELATED AGENCIES APPROPRIATIONS ACT, 2005

The conference agreement on the Department of the Interior and Related Agencies Appropriations Act incorporates some of the provisions of both the House passed and the Senate reported versions of the bill. Report language and allocations set forth in either House Report 108–542 or Senate Report 108–341 that are not changed by the conference are approved by the committee of conference. The statement of the managers, while repeating some report language for emphasis, does not negate the language referenced above unless expressly provided herein.

TITLE I—DEPARTMENT OF THE INTERIOR

BUREAU OF LAND MANAGEMENT

MANAGEMENT OF LANDS AND RESOURCES

The conference agreement provides \$848,939,000 for management of lands and resources instead of \$840,401,000 as proposed by the House and \$855,689,000 as proposed by the Senate.

Land Resources.—Changes to the House level for land resources include increases of \$500,000 for the National Center for Invasive and Plant Management and \$500,000 for Idaho weed control, and a reduction of \$3,947,000 to reflect a transfer to the wild horse and burro program.

Wildlife and Fisheries.—The change to the House level for wildlife and fisheries is a reduction of \$603,000 to reflect a transfer to the wild horse and burro program. The managers agree to the House-proposed funding level for the National Fish and Wildlife Foundation and direct the Foundation to use the funding increase above fiscal year 2004 for projects that support sagebrush ecosystem conservation on public and private lands.

Threatened and Endangered Species.—The change to the House level for threatened and endangered species is a reduction of \$576,000 to reflect a transfer to the wild horse and burro program.

Recreation Management.—Changes to the House level for recreation management include an increase of \$1,000,000 for the Undaunted Stewardship Program and decreases of \$1,000,000 for nationwide recreation management, and \$1,039,000 to reflect a

transfer to the wild horse and burro program. The managers urge the Bureau to comply with the provisions of the Steens Act and allow landowner, lessee and inholder access to their property within the boundary of the Steens Mountain Cooperative Management and Protection Area. Unless funding is provided for land acquisitions or exchanges, landowners should be afforded full access to their property.

Energy and Minerals.—Changes to the House level for energy and minerals include an increase of \$1,000,000 for oil and gas management and \$250,000 for coal management.

Alaska Minerals.—The change to the House level for Alaska minerals is an increase of \$1,768,000.

Realty Ownership and Management.—Changes to the House level for realty and ownership management include increases of \$9,500,000 for Alaska conveyance, \$300,000 for GIS mapping in Utah, \$750,000 for the Alaska public lands database, and \$1,000,000 for recordable disclaimer applications in Alaska, and a decrease of \$144,000 to reflect a transfer to the wild horse and burro program.

Resource Protection and Maintenance.—Changes to the House level for resource protection and maintenance include an increase of \$1,500,000 for monitoring, and decreases of \$600,000 for nationwide law enforcement and \$1,309,000 to reflect a transfer to the wild horse and burro program.

Transportation and Facilities Maintenance.—Changes to the House level for transportation and facilities maintenance are an increase of \$1,500,000 for capping oil wells in the National Petroleum Reserve Alaska, and a decrease of \$2,145,000 to reflect a transfer to the wild horse and burro program. The managers agree to the House level on deferred maintenance, which shifts the funding for the infrastructure improvement program into the deferred maintenance program. These two funding sources address identical project types and this shift will consolidate and streamline maintenance budget activities in the Bureau.

Land and Resource Information Systems.—The change to the House level for land and resource information systems is a decrease of \$493,000 to reflect a transfer to the wild horse and burro program.

Workforce and Organizational Support.—Changes to the House level for workforce and organizational support include increases of \$583,000 for e-government initiatives, \$208,000 for Quickhire, and \$570,000 for competitive sourcing, and decreases of \$291,000 for Safecom and \$244,000 to reflect the transfer to the wild horse and burro program.

Challenge Cost Share.—The managers agree to the House level for the challenge cost share program.

Bill Language.—The conference agreement does not include language carried in previous years concerning the management of wild horses and burros.

WILDLAND FIRE MANAGEMENT

The conference agreement provides \$743,099,000 for wildland fire management as proposed by both the House and the Senate.

Hazardous Fuels.—The change to the House level for hazardous fuels is a decrease of \$5,000,000.

State and Local Fire Assistance.—The change to the House level for State and local fire assistance is an increase of \$5,000,000.

The managers note that the conference agreement provides an additional \$100,000,000 in Title IV of this bill for urgent wildfire suppression activities.

The managers remain concerned about the need to control suppression costs. The managers are concerned that effective performance measures are not in place on an inter-agency basis to report on suppression costs. It is imperative that the Secretaries establish appropriate performance metrics promptly. This includes the integration of reporting systems, implementation of policies through the Wildland Fire Leadership Council for cost reporting, and responding to findings of the independent cost control review panel established under Public Law 108–287. The managers direct the Secretaries to submit a report no later than June 30, 2005, on performance measures planned for implementation in fiscal year 2006 to be used on an inter-agency basis.

The managers direct the Bureau to continue the native plant materials development effort at the fiscal year 2004 level.

CENTRAL HAZARDOUS MATERIALS FUND

The conference agreement provides \$9,855,000 for the central hazardous materials fund as proposed by the House and the Senate. The managers do not agree with the budget proposal to transfer unobligated funds to the EPA. The managers reiterate that the Bureau's liability does not extend beyond past payments.

CONSTRUCTION

The conference agreement provides \$11,500,000 for construction instead of \$15,000,000 as proposed by the House and \$8,976,000 as proposed by the Senate.

Changes to the House level for construction include increases of \$1,500,000 for construction of the California Trail Interpretive Center in Nevada, which completes the Department of the Interior's contribution to this project, \$750,000 for the Sand Hollow Recreation MOU with the State of Utah, and \$750,000 for the White Sandy Beach on Houser Lake in Montana, and a decrease of \$6,500,000 for general construction projects.

The managers are concerned about the relatively low level of construction funding provided to the Bureau compared to other land management agencies and urge the Administration to place more emphasis on providing adequate funding for large deferred maintenance construction projects on public lands.

LAND ACQUISITION

The conference agreement provides \$11,350,000 for land acquisition instead of \$4,500,000 as proposed by the House and \$22,850,000 as proposed by the Senate.

The managers agree to the following distribution of funds:

<i>Area (State)</i>	<i>Amount</i>
Blackfoot River Watershed (MT)	\$5,000,000
Boise Front ACEC (ID)	1,000,000

<i>Area (State)</i>	<i>Amount</i>
California Wilderness (CA)	750,000
Chain-of-Lakes RMA/Lewis and Clark NHT (MT)	3,500,000
Colorado Canyons NCA (CO)	1,500,000
Grande Ronde National Wild and Scenic River (OR/WA)	500,000
Snake River Breaks ERMA (Swede's Landing) (OR)	150,000
Henry's Lake ACEC (ID)	750,000
Rio Grande Natl. Wild & Scenic River (NM)	2,700,000
Sandy River/Oregon NHT (OR)	1,000,000
Use of unobligated balances	- 10,000,000
Subtotal	6,850,000
Acquisition Management	3,000,000
Emergency/Inholdings	1,500,000
Land Exchange Equalization Payment	0
 Total	 11,350,000

The managers expect the Bureau to ensure that acquisitions associated with the Blackfoot Challenge are consistent with Federal appraisal standards. The Bureau should not pay more than the fair market value determined by those appraisals.

OREGON AND CALIFORNIA GRANT LANDS

The conference agreement provides \$109,057,000 for Oregon and California grant lands instead of \$111,557,000 as proposed by the House and \$113,558,000 as proposed by the Senate. The change to the House level is a decrease of \$2,500,000 for judgment fund repayment.

RANGE IMPROVEMENTS

The conference agreement provides an indefinite appropriation for range improvements of not less than \$10,000,000 as proposed by both the House and the Senate.

SERVICE CHARGES, DEPOSITS, AND FORFEITURES

The conference agreement provides an indefinite appropriation for service charges, deposits, and forfeitures, which is estimated to be \$24,490,000 by both the House and the Senate.

MISCELLANEOUS TRUST FUNDS

The conference agreement provides an indefinite appropriation of \$12,405,000 for miscellaneous trust funds as proposed by both the House and the Senate.

UNITED STATES FISH AND WILDLIFE SERVICE

RESOURCE MANAGEMENT

The conference agreement provides \$977,205,000 for resource management instead of \$970,494,000 as proposed by the House and \$966,265,000 as proposed by the Senate. The changes described below are to the House recommended funding level.

Ecological Services.—Changes to ecological services programs, including Endangered Species Act programs and habitat conservation programs, are detailed below.

In Endangered Species Act candidate conservation, there are increases of \$150,000 for Kootenai River burbot and \$10,000 for

slickspot peppergrass, and a decrease of \$750,000 for Alaska sea otter, which is addressed under the recovery program.

In the Endangered Species Act listing program, there is a decrease of \$726,000; however, the number that appears in bill language is higher to reflect the recent changes to the Service's cost allocation methodology as explained below.

In Endangered Species Act consultation, there is a decrease of \$750,000 for the natural communities conservation planning program in California.

In Endangered Species Act recovery, there are increases of \$2,000,000 for Atlantic salmon grants administered by the National Fish and Wildlife Foundation, \$500,000 for Lahonton cutthroat trout, \$350,000 for White Sulphur Springs NFH, WV, freshwater mussel recovery, \$1,800,000 for eider and sea otter recovery at the Alaska SeaLife Center, and \$250,000 for concho water snake delisting efforts in Texas. Decreases include \$500,000 in base program funding and \$300,000 in wolf monitoring. The Service should use the distribution of wolf monitoring funds proposed by the Senate.

In habitat conservation, changes to the House passed level for partners for fish and wildlife projects are as follows:

[Dollars in thousands]	
<i>Project</i>	<i>Change</i>
Invasive species/competitive projects (non-specific)	- 500
Federal trust species restoration program	- 4,000
Walla Walla Basin HCP, WA	- 750
Walla Walla Basin fish passage, WA	- 250
Restoration in Tunkhannock, Bentley & Bowman's Creek watersheds, PA	- 50
West branch of the Susquehanna River fish passage, PA	- 500
Georgia stream bank restoration	- 500
Wildlife enterprises program at MS State University	+ 1,000
Thunder Basin initiative, WY	+ 250
NH Audubon Society study w/FWS on declining wildlife populations on Lake Umbagog NWR	+ 425
NH Lakes Association/analysis of degradation of surface waters	+ 55
Invasive species control in Hawaii	+ 700
Endangered species management & conservation in Hawaii	+ 750
Vermont Natural Heritage Partners bald eagle restoration	+ 100
Nevada biodiversity research and conservation	+ 1,250
Montana Water Center wild fish habitat initiative	+ 500
Lake Sakakawea invasive species control, ND	+ 100
GIS mapping of AK NWRs	+ 1,000
Conservation/restoration work at Don Edwards NWR, CA	+ 540

In project planning, increases include \$550,000 for the Middle Rio Grande (Bosque) research program and \$400,000 for Montana wildlife conservation plan development. There is also a decrease of \$300,000 for the metropolitan greenspaces program.

In coastal programs, there is a general program decrease of \$1,500,000, which still provides an increase above the fiscal year 2004 level.

Refuge Operations and Maintenance.—In refuge operations, there is an increase of \$2,500,000 to provide for the Service's share of the costs associated with the Midway Atoll NWR common infrastructure and airport (the balance of infrastructure and airport operating funds should be borne by the Federal Aviation Administration and other benefiting parties), and decreases of \$1,000,000 for

competitive projects on invasive species control (non-specific) and \$1,000,000 for invasive species control at Loxahatchee NWR, FL. In refuge maintenance, there is an increase of \$500,000.

Law Enforcement Operations.—In law enforcement operations, increases include \$450,000 for the Memphis, TN port of entry and \$315,000 for space costs at the Atlanta, Louisville and Memphis ports of entry. There are also decreases of \$450,000, which negates the general increase proposed by the House, and \$450,000 for vehicle replacement.

Fisheries.—In fish and wildlife management, increases include \$800,000 for whirling disease research by the National Partnership on the Management of Wild and Native Coldwater Fisheries, for a total of \$1,000,000 for the partnership, \$350,000 for the Whirling Disease Foundation, \$400,000 for the Wildlife Health Center in Montana, and \$400,000 for Yukon River Treaty implementation. These increases are partially offset by a decrease of \$1,000,000 for non-partner specific whirling disease research. In marine mammals, there is an increase of \$1,300,000 and the Service should use the distribution of marine mammal funding proposed by the Senate. Finally, there is an increase of \$885,000 to address partially operational shortfalls in the fisheries program. These funds should be reprogrammed to the appropriate line items in the budget and should remain in the base budget for fiscal year 2006 and beyond.

General Administration.—In general administration, there is a decrease of \$130,000 for the National Fish and Wildlife Foundation; increases of \$750,000 for training activities at the National Conservation Training Center and \$387,000 for NCTC maintenance; and an increase of \$400,000 for the Caddo Lake Ramsar Center in Texas.

Bill Language.—The conference agreement includes statutory language earmarking \$1,000,000 for Natural Community Conservation Planning in California. Language also is included earmarking \$16,175,000 for the endangered species listing program instead of \$16,226,000 as proposed by the House and \$15,500,000 as proposed by the Senate. This earmark reflects the Senate proposed level adjusted upward for \$675,000 in space rental costs associated with the recent changes to the Service's cost allocation methodology.

The managers agree to the following:

1. The Service should realign its fiscal year 2005 budget to agree with the recent changes to the Service's cost allocation methodology.

2. Fiscal year 2005 represents the final year of a statutory earmark for Natural Communities Conservation Planning in California. This program is eligible to compete with other programs for funding in future years and for additional funding in fiscal year 2005.

3. The Service should move as quickly as possible to delist the concho water snake. The managers addressed this issue 5 years ago and are dismayed that the Service has yet to resolve it.

4. Additional funds required for invasive species control programs at Loxahatchee NWR, FL, should be addressed in the fiscal year 2006 budget request.

5. The Peregrine Fund activities should be funded at \$400,000 in fiscal year 2005.

6. The Department should carefully review the budget requirements for the fisheries program in its fiscal year 2006 request. The managers are concerned that the fiscal year 2005 request did not accurately reflect program shortfalls and consequences associated with fixed cost absorption and proposed program reductions.

7. The Service should reprogram \$4,000,000 in the fisheries program from the deferred maintenance account to the annual maintenance account. This reprogramming is necessary to address operational shortfalls.

8. The managers have provided funds in the law enforcement program to provide full staffing at the ports of entry at the Atlanta, Louisville, and Memphis airports. The managers note that, because of the large volume of cargo flowing through these airports, particularly at Louisville and Memphis, these ports of entry are staffed at significantly higher levels than most other ports around the country. The managers have also provided \$315,000 specifically for unanticipated space rental costs at these three ports of entry. The funds for additional space needs should be allocated to these three ports of entry, and the House and Senate Committees on Appropriations should be notified as to the distribution of funds. The additional space funds, along with the annual operating funds, should be retained in the base budget for these three ports of entry for fiscal year 2006 and beyond.

9. The funds provided for the Caddo Lake Ramsar Center in Texas are for conservation and education programs directly related to Caddo Lake and may not be used for infrastructure, construction-related projects, legal or management fees, or any other purposes.

10. Funding for E-Training and E-Rulemaking activities are retained. Funds budgeted for Safecom and Disaster Management should be reprogrammed to cover equitably fixed cost increases not funded in the budget request.

11. The managers are concerned by the recent discoveries of the northern snakehead in the Potomac River and its potential impact on native fish populations through predation, food and habitat competition, and the introduction of diseases and parasites. The Service should submit a report to the House and Senate Committees on Appropriations, no later than 180 days after enactment of this Act, on the steps it is taking to identify, contain, and eradicate this species.

CONSTRUCTION

The conference agreement provides \$53,400,000 for construction instead of \$48,400,000 as proposed by the House and \$37,136,000 as proposed by the Senate.

The managers agree to the following distribution of funds:

[Dollars in thousands]

Project	Description	Amount
Alaska SeaLife Center, AK	Seabird Research Facility	\$500
Arapaho NWR, CO	Muskrat Dam [p/d/cc]	800
Bayou Sauvage NWR, LA	Visitor Center [p/d]	300
Chase Lake and Arrowwood NWRs, ND	Joint Interpretive Center [p/d]	300
Clark R Bavin Forensics Laboratory, OR	Renovation/upgrade facility [c]	2,682
Clark's River NWR, KY	Maintenance Facility [cc]	750

(Dollars in thousands)

Project	Description	Amount
Craig Brook NFH, ME	Wastewater Treatment Compliance-Phase II [d/ic]	1,950
Eastern MA NWR Complex, MA (Great Meadows)	Visitor Center and Administration Building [p/d/cc]	3,177
Fish Springs NWR, UT	Seismic Safety Rehabilitation of Six Buildings-Phase I [p/d].	115
Garrison NFH, ND	Hatchery Renovation [cc three ponds]	300
Green Lake NFH, ME	Wastewater Treatment Compliance-Phase I [p/d]	658
Hanford Reach NM, WA	Visitor Center	750
Kenai NWR, AK	Visitor Center [water and sewer lines]	2,100
King Salmon FWS Administrative Site, AK	Seismic Safety Rehab. of Office/Storage Building-Phase I [p/d].	65
Klamath Basin NWR Complex, CA	Water Supply and Management-Phase V [c]	1,000
Lacreek NWR, SD	Little White River Dam-Phase III [cc]	4,200
Midway Atoll NWR	Electrical system replacement [cc]	2,700
Midway Atoll NWR	Replace wastewater treatment system w/septic fields [cc].	500
National Conservation Training Center	Waterline construction [cc]	600
Northeast Fishery Center, PA	Raceway rehabilitation and tank installation	795
Northwest Power Planning Area	Fish screens etc.	2,000
Office of Aircraft Services (MBS Programs)	Replacement of Survey Aircraft-Phase II	1,000
Ohio River Islands NWR, WV	Headquarters/Visitor Contact Station Improvements [cc].	835
Okefenokee NWR, GA	Environmental Education Facility [p/d/cc]	600
Servicewide	Bridge Safety Inspections	575
Servicewide	Dam Safety Programs & Inspections	730
Servicewide	Visitor Contact Facilities	4,000
Sevilleta NWR, NM	Laboratory Construction	3,000
Silvio O Conte NWR, VT	Nulhegan Div. visitor contact station [cc]	2,000
Togiak NWR, AK	Visitor Center [p/d]	300
Togue Replacement	Replace fish stocking vessel [cc]	750
Tualatin NWR, OR	Visitor Center and Administration Building [p/d]	700
White Sulphur Springs NFH, WV	Wild Fish Propagation Center [p/d/cc]	650
World Birding Center, TX	Administrative Building/Visitor Center	1,000
Subtotal, Line Item Construction	42,382
Nationwide Engineering Services:		
Cost Allocation Methodology	3,151
Environmental Compliance	1,400
Other, non-project specific services	6,117
Seismic Safety Program	200
Waste Prevention, Recycling, Env. Mgmt	150
Subtotal, Nationwide Engineering Services	11,018
Total	53,400

Bill Language.—The conference agreement includes statutory language allowing for a single contract for the full scope of the Clark R. Bavin Forensics Laboratory, OR renovation.

The managers agree to the following:

1. The Service should develop standardized designs for maintenance facilities so that requirements like that at ACE Basin NWR, SC and other NWRs can be categorized, priorities can be established, and the most critical needs can be funded.

2. The administrative building/visitor center proposal for Bombay Hook NWR, DE should be incorporated into the Service's priority system and, as appropriate, should be considered within the visitor contact facilities fund.

3. Funding for the Hanford Reach NM, WA, visitor center is provided with the understanding that the Service's total contribution to this effort will not exceed \$3,000,000.

4. The managers are concerned with the lack of progress in locating a site and commencing construction of the administrative/visitor center for the Kodiak NWR, AK. The Service should expedite this process in fiscal year 2005 and provide a definitive cost estimate to complete this project.

5. Funding for large game guzzlers at Nevada refuges should be addressed using refuge operations and maintenance funding.

6. Funds for raceway rehabilitation and tank installation at the Northeast Fishery Center, PA, should be supplemented with cost sharing from other benefiting parties.

7. Funding for field and laboratory testing of fishway designs is not included. The Service should work with the U.S. Geological Survey to determine the appropriate bureau and the appropriate means to fund this effort.

8. Funding for the Sevilletta NWR, NM laboratory, construction should not exceed \$6,600,000. With the funds provided for fiscal year 2005, the Service will have received \$4,500,000.

9. Funds provided for the World Birding Center, TX, represent the second of three payments for this program. The managers understand that the remaining amount for this project will not exceed \$1,100,000.

10. Funds are provided for planning and design of a visitor center at Togiak NWR in Dillingham, AK. The managers expect that this facility will be located adjacent to the airport to maximize contact with the public. This center should be a similar size as the visitor center operated by the Service in King Salmon, Alaska.

LAND ACQUISITION

The conference agreement provides \$37,526,000 for land acquisition instead of \$12,500,000 as proposed by the House and \$49,864,000 as proposed by the Senate.

The managers agree to the following distribution of funds:

<i>Area (State)</i>	<i>Amount</i>
Archie Carr NWR (FL)	\$711,000
Baca NWR (CO)	3,400,000
Back Bay NWR VA)	700,000
Balcones Canyonlands NWR (TX)	900,000
Black Bayou Lake NWR (LA)	625,000
Cache River NWR (AR)	700,000
Cahaba NWR (AL)	550,000
Cape Romain NWR (SC)	850,000
Chickasaw NWR (TN)	750,000
Dakota Tallgrass Prairie WMA (SD/ND)	650,000
Eastern Shore NWR (VA)	500,000
Great Swamp NWR (NJ)	500,000
Great White Heron NWR (FL)	750,000
James Campbell NWR (HI)	2,000,000
Lake Umbagog NWR (NH)	1,500,000
Lower Hatchie NWR (TN)	750,000
Lower Rio Grande Valley NWR (TX)	1,000,000
Massasoit NWR (MA)	575,000
Middle MS River NWR (MO) (Wilkinson Island)	1,300,000
Northern Tallgrass Prairie (MN/IA)	500,000
Palmyra Atoll NWR	600,000
Patoka River NWR (IN)	250,000
Rachel Carson NWR (ME)	500,000
Rhode Island refuge complex (RI)	500,000
San Diego NWR (CA)	1,000,000
Silvio O. Conte NWR, (NH, VT, CT)	1,000,000

<i>Area (State)</i>	<i>Amount</i>
Tensas NWR (LA)	2,000,000
Togiak NWR (AK)	1,500,000
Upper MS River NFWR (MN, WI, IA, IL)	400,000
Waccamaw NWR (SC)	1,250,000
Walkill NWR (NJ)	700,000
Yukon River Delta NWR (AK)	1,000,000
Use of unobligated balances	-7,000,000
<hr/>	
Subtotal	22,911,000
Acquisition Management	8,365,000
Inholdings	1,500,000
Exchanges	1,750,000
Emergencies/Hardships	1,000,000
Cost Allocation Methodology	2,000,000
<hr/>	
Total	37,526,000

Bill Language.—The conference agreement makes a technical modification to the language proposed in the Senate bill earmarking \$750,000 for the Yukon Flats NWR (AK)/ Doyon land exchange. The conference agreement retains the language proposed in the Senate bill providing that none of the funds in this or any other Act may be used for acquisition of land to be part of Deep Fork NWR (OK).

The managers agree to the following:

1. Acquisitions proposed in the budget requests for the Alaska Peninsula NWR (AK), Canaan Valley NWR (WV), Cypress Creek NWR (IL), and Red River NWR (LA) shall be funded out of the inholdings account.

2. Lands acquired for the James Campbell NWR (HI) must be within the authorized refuge boundary.

LANDOWNER INCENTIVE PROGRAM

The conference agreement provides \$22,000,000 for the landowner incentive program instead of \$15,000,000 as proposed by the House and \$29,000,000 as proposed by the Senate.

PRIVATE STEWARDSHIP GRANTS

The conference agreement provides \$7,000,000 for private stewardship grants instead of \$5,000,000 as proposed by the House and \$7,500,000 as proposed by the Senate.

Bill Language.—The conference agreement includes bill language, as proposed by the House providing for the merger of funds previously appropriated under the “Stewardship Grants” heading. The Senate had no similar provision.

COOPERATIVE ENDANGERED SPECIES FUND

The conference agreement provides \$81,596,000 for the cooperative endangered species fund as proposed by the House instead of \$82,600,000 as proposed by the Senate.

Bill Language.—The conference agreement earmarks \$32,212,000 to be derived from the Cooperative Endangered Species Fund instead of \$49,384,000 as proposed by the House and \$32,600,000 as proposed by the Senate. The amount derived from the Land and Water Conservation Fund is \$49,384,000 as proposed by the House instead of \$50,000,000 as proposed by the Senate.

NATIONAL WILDLIFE REFUGE FUND

The conference agreement provides \$14,414,000 for the national wildlife refuge fund as proposed by both the House and the Senate.

NORTH AMERICAN WETLANDS CONSERVATION FUND

The conference agreement provides \$38,000,000 for the North American wetlands conservation fund as proposed by both the House and the Senate.

NEOTROPICAL MIGRATORY BIRD CONSERVATION

The conference agreement provides \$4,000,000 for neotropical migratory bird conservation as proposed by the Senate instead of \$4,400,000 as proposed by the House.

MULTINATIONAL SPECIES CONSERVATION FUND

The conference agreement provides \$5,800,000 for multinational species conservation fund programs instead of \$5,900,000 as proposed by the House and \$5,700,000 as proposed by the Senate. Changes to the House recommended level include decreases of \$50,000 for African elephants, \$50,000 for rhinoceros and tigers, \$50,000 for Asian elephants, and \$50,000 for great apes, and an increase of \$100,000 to initiate the newly authorized marine turtles program. The managers expect the Service to keep the funding for marine turtles in the base budget and to increase funding, as appropriate, for this program in future budget requests.

Bill Language.—The conference agreement includes the statutory citation for the Marine Turtle Conservation Act of 2004.

STATE AND TRIBAL WILDLIFE GRANTS

The conference agreement provides \$70,000,000 for State and tribal wildlife grants instead of \$67,500,000 as proposed by the House and \$75,000,000 as proposed by the Senate. The managers reiterate the importance of comprehensive wildlife conservation strategies toward the conservation of each State's full array of wildlife and their habitats. The strategies, produced in each State and territory plan, are expected to be complete by October 1, 2005. Emphasis should be on those habitats and conservation actions that support the species of greatest conservation need. Program funds should be directed to those actions and habitats that will best implement the comprehensive wildlife conservation strategies and preclude the need to list many more species as threatened or endangered under the Endangered Species Act.

Bill Language.—The conference agreement includes bill language, as proposed by the House, providing for the merger of funds previously appropriated under the "State Wildlife Grants" heading. The Senate had no similar provision.

NATIONAL PARK SERVICE

OPERATION OF THE NATIONAL PARK SYSTEM

The conference agreement provides \$1,707,282,000 for operation of the national park system instead of \$1,686,067,000 as proposed by the House and \$1,688,915,000 as proposed by the Senate.

The managers have provided an additional \$52,654,000 for park base operations. Combined with the \$22,012,000 in specific park operating increases in the budget request, the parks will have an additional \$74,666,000 in park programmatic increases for fiscal year 2005. This is the largest park base programmatic increase ever for the National Park Service and in keeping with the large increases in operating funds provided by the Congress over the past 10 years.

The Administration's budget requests for parks in recent years have not sufficiently addressed growing shortfalls in core operating programs at the parks. Recent budgets have seen increasing emphasis placed on expanding law enforcement and security, facility maintenance, information technology, and natural resource data gathering. Core park operations have also been impacted by the absorption of pay costs within budget requests, Congressionally mandated pay increases in excess of budget requests, and storm damage. New security and anti-terrorism requirements and other new mandates and responsibilities have also been assigned by the Department and the Office of Management and Budget. The managers have been supportive of these requirements and have provided significant increases for security at icon and border parks while consistently including additional park maintenance funding to ensure the maintenance backlog reduction efforts continue on track. However important these new responsibilities, the budget of the National Park Service cannot continue to be limited to a few parks and purposes while core visitor service requirements are going unmet nationwide. All parks need to remain open and accessible to visitors and basic visitor services need to be available at all parks across the system.

Of the additional amount provided for park base operations, \$40,000,000 should be distributed to all park units as an across-the-board increase in all budget subactivities within park management to help offset the impact of recent absorptions. This will provide each unit with a minimum increase of approximately 5 percent above their fiscal year 2004 level. Also, \$500,000 of the additional amount should be distributed to national trails on a priority basis. The remaining balance of \$12,154,000 for additional park operations funding shall be used solely to restore basic visitor services and address resource preservation needs in accordance with National Park Service priorities.

The conference agreement provides \$342,967,000 for resource stewardship. Changes to the House level include a reduction of \$1,000,000 for inventory and monitoring and an increase of \$500,000 for Vanishing Treasures.

The conference agreement provides \$326,856,000 for visitor services, the same as the House level.

The conference agreement provides \$573,178,000 for maintenance, the same as the House level.

The conference agreement provides \$285,946,000 for park support. Changes to the House level include an additional \$871,000 for e-government initiatives, \$250,000 for wild and scenic rivers, \$500,000 for the traditional challenge cost share program and \$94,000 for the Lewis and Clark program. The House position on the CCI challenge cost share program is adopted.

Bill language.—The conference agreement retains the House language regarding one year funding for repair and rehabilitation funds. The conference agreement earmarks \$2,000,000 for the YCC program.

Report language.—Earmarks within the repair and rehabilitation program are as follows: \$450,000 for 26 Williams Street at Dayton Aviation Heritage NHP; \$306,000 for rehab of Porter Beach restrooms at Indiana Dunes NL; \$500,000 for boat launch ramps at Lake Mead NRA; \$300,000 for signage repairs at Fort Stanwix NM; \$388,000 for dock, signage and lighting repairs at Amistad NRA; \$300,000 to continue cultural landscaping improvements at Gettysburg NMP, \$400,000 for Natchez Trace Parkway; \$325,000 for rehab of Fort Piute at Mojave National Preserve; \$400,000 for rehab of structures at Stiltsville in Biscayne NP; and \$200,000 for restoration at International Peace Garden, ND.

The conference agreement continues to earmark one-third of the challenge cost share program for the National Trails System. The managers have retained the House language concerning National Park Service travel. Foreign travel must be pre-approved by the House and Senate Committees on Appropriations.

The managers recognize the successful partnership between the National Park Service and Southeast Community College, KY, in providing important employee training. The managers encourage the Service to consider additional training opportunities with the college.

UNITED STATES PARK POLICE

The conference agreement provides \$81,204,000 for the United States Park Police as proposed by the House and the Senate.

It has been three years since the National Academy of Public Administration's comprehensive financial and management review of the U.S. Park Police. As of two months ago, NAPA reported that none of the major reforms had been implemented. The managers expect the Secretary and the Director of the National Park Service to implement fully the major reforms and be prepared to discuss those changes at the fiscal year 2006 hearings.

NATIONAL RECREATION AND PRESERVATION

The conference agreement provides \$61,832,000 for national recreation and preservation, instead of \$53,877,000 as proposed by the House and \$63,023,000 as proposed by the Senate.

The conference agreement provides \$551,000 for recreation programs, the same as the House and Senate. Also included is \$11,018,000 for natural programs. Changes to the House level include an additional \$300,000 for the rivers and trails program. The managers expect that the reforms made to the strategic plan will be closely followed. This is a technical assistance program. Direct grants are not authorized.

The conference agreement provides \$20,214,000 for cultural programs. Changes to the House level include increases of \$100,000 for the Louisiana Creole Heritage Center and \$300,000 for a National Underground Railroad Network grant program, which is authorized.

The conference agreement provides \$1,616,000 for International park affairs, the same as the House and Senate.

The conference agreement provides \$397,000 for environmental and compliance review, the same as the House and Senate.

The conference agreement provides \$1,892,000 for grant administration, the same as the House level.

The conference agreement provides the \$500,000 requested in the budget for the partnership office. The managers intend to continue support for the work of NPS regional office partnership and volunteers-in-the-parks coordinators. Funds are to be provided equally to each of the seven regions to supplement existing regional office and park partnership activities, services, and events consistent with identified regional priorities and mission goals.

The conference agreement provides \$14,785,000 for nationally designated heritage areas. Included in this amount is \$122,000 for administration and \$500,000 for heritage areas authorized after enactment of this Act. Individual projects are as follows:

<i>Project</i>	<i>Amount</i>
America's Agricultural Heritage Partnership (Silos & Smokestacks)	\$750,000
Augusta Canal NHA	400,000
Automobile NHA	500,000
Blue Ridge NHA	900,000
Cache La Poudre River Corridor	45,000
Cane River NHA	900,000
Delaware and Lehigh NHC	800,000
Erie Canalway National Corridor	700,000
Essex NHA	900,000
Hudson River Valley NHA	500,000
John H. Chafee Blackstone River Valley NHC	845,000
Lackawanna Valley NHA	550,000
National Coal Heritage Area	123,000
Ohio and Erie Canal NHC	900,000
Quinnebaug & Shetucket Rivers Valley NHC	850,000
Rivers of Steel NHA	900,000
Schuylkill River Valley National Heritage Area	500,000
Shenandoah Valley Battlefields National Historic District	500,000
South Carolina NHC	900,000
Tennessee Civil War Heritage Area	400,000
Wheeling NHA	900,000
Yuma Crossing NHA	400,000
Subtotal	14,163,000
Administration	122,000
Newly authorized areas	500,000
Total	14,785,000

The conference agreement provides \$11,359,000 for statutory or contractual aid, instead of \$3,794,000 as proposed by the House and \$12,080,000 as proposed by the Senate. The funds are to be distributed as follows:

<i>Project</i>	<i>Amount</i>
Alaska National Parks	\$750,000
Benjamin Franklin Tercentenary Commission	250,000
Black Jack Battlefield Trust	89,000
Brown Foundation	250,000
Chesapeake Bay Gateway	2,500,000

<i>Project</i>	<i>Amount</i>
Flight 93 Memorial	250,000
Ft. Mandan, Ft. Lincoln & No. Plains Foundation	625,000
George Washington Memorial Bridge	100,000
Ice Age National Scientific Reserve	796,000
Jamestown 2007	400,000
Johnstown Area Heritage Association	49,000
Keweenaw NHP—Main Street	800,000
Lamprey W&SR Cooperative Agreements	900,000
Lower Eastside Tenement Museum	250,000
Mississippi Museum of Natural Science	750,000
Mt. Rainier NP—study	700,000
Natchez NHP—Slave Market	150,000
Native Hawaiian Culture and Arts Program	750,000
Sewall-Belmont House	400,000
Sleeping Rainbow Ranch, Capital Reef NP	600,000
Total	11,359,000

The conference agreement includes \$400,000 for the Sewall-Belmont House. The managers are concerned that the Service has taken too long to determine an appropriate solution to making the facility handicapped accessible. The managers direct the Service to report to the Committees no later than April 1, 2005, on a final recommendation.

Bill language.—The conference agreement provides \$700,000 for a feasibility study for the Train to the Mountain project.

The conference agreement includes the Senate language on the use of funds for the Rivers and Trails program.

The conference agreement has included bill language to change the matching requirements at Keweenaw NHP to 1/1 for one year only.

Report language.—The conference agreement provides \$100,000 within available funds to the National Center for Preservation Technology and Training for continued support of the successful competitive heritage education grants program to schools in Louisiana. No more than fifteen percent of this amount may be used to administer the program.

HISTORIC PRESERVATION FUND

The conference agreement provides \$72,750,000 for the historic preservation fund instead of \$71,533,000 as proposed by the House and \$71,250,000 as proposed by the Senate. Changes to the House level include an increase of \$1,430,000 for grants-in-aid to States and Territories and an increase of \$287,000 for grants-in-aid to Indian Tribes. The conference agreement provides \$3,500,000 for Historically Black Colleges and Universities, instead of \$4,000,000 as proposed by the House.

Of the \$30,000,000 provided for Save America's Treasures, \$15,000,000 is for competitive grants. The balance of the funds are to be distributed as follows:

<i>Project / State</i>	<i>Amount</i>
Albany Theatre, GA	\$150,000
Alyeska Roundhouse, AK	200,000
Bellanca Air Service hangar, DE	300,000
Beringer-Crawford museum collections, KY	100,000
Boligee Street Historic perservation, AL	400,000
Bremerton Building 50 Naval Museum, WA	300,000
Bronx Community College Stanford White Complex, NY	200,000
Broome County YWCA, NY	100,000

<i>Project / State</i>	<i>Amount</i>
Buckland Preservation, VA	50,000
Church of the Presidents, NJ	100,000
City of Springfield City Hall, MO	300,000
Clarke County Courthouse, MS	200,000
Clinton House, NY	100,000
Cold War sites, ND	250,000
Decatur House, DC	100,000
Dennison Railroad Depot Museum, OH	200,000
Drake Oilwell, PA	150,000
Duluth National Guard Armory, MN	250,000
El Gracia Train Depot, CA	200,000
First Congregational Church, CT	300,000
Ft. Seward Military Post, ND	100,000
Goodwill Theater, NY	50,000
Grand Traverse Civil War Monument, MI	30,000
Grove Arcade, NC	500,000
Harmony Engine Company Firehouse, PA	200,000
Harper House, NC	100,000
Hazlett-Fields House, WV	250,000
Henry Phillips Farmhouse, NJ	150,000
Holland Theatre, OH	200,000
Hoover House, OH	100,000
Hotchkiss Building, NY	200,000
Howe House, OH	100,000
Hoyt Sherman Place Theater, IA	300,000
Hunley Submarine, SC	100,000
Hutmacher Complex, ND	100,000
James Beard Historic Market, OR	300,000
Jefferson Community College, KY	100,000
King Memorial Baptist Church, AL	100,000
Lafayette County Courthouse, MS	200,000
Lake Oswego Historic Iron Smelter, OR	100,000
Lear Theater, NV	400,000
Lee-Fendall House, Va	75,000
Linden Project, MD	250,000
MD House at the Baltimore Zoo, MD	350,000
Moore County Courthouse, TN	50,000
Moravian College Bretheren House, PA	150,000
Morehouse College African American Archival Program, GA	100,000
New Salem Academy, MA	175,000
Nicholson House, NJ	150,000
Northern VA Freedom House	75,000
Oats Park School/Arts Center, NV	200,000
Ohio Wesleyan, OH	50,000
Old Henderson County Courthouse, NC	110,000
Old Mint, CA	300,000
Old Warren County Courthouse, KY	250,000
Orpheum Theatre, IL	250,000
Oscar Howe Murals (Mobridge School District), SD	150,000
Ossining Historic Architecture Protection, NY	150,000
Pawtucket Public Library, RI	300,000
Penland School, NC	100,000
Phoenix Bank, VA	100,000
Rayburn Library, TX	200,000
Rios Caledonia Adobe, CA	200,000
Rye Meeting House, NY	50,000
Sandusky Old Post Office, OH	200,000
Sequoia Presidential Yacht, VA	50,000
Socorro Mission, TX	200,000
Sommerville Courthouse, AL	95,000
Sonnenberg Mansion, NY	370,000
Stabler-Leadbeater Apothecary Museum, VA	50,000
State Theatre, PA	100,000
Stewart County Courthouse, GA	125,000
Town Hall Theater, VT	150,000
Troy High School, PA	250,000
Tryon Palace, NC	150,000

<i>Project / State</i>	<i>Amount</i>
Turnblad Mansion, MN	200,000
Union Pacific Dining Lodge, MT	400,000
Universal Preservation Hall, NY	200,000
Washington and Jefferson College Historic Buildings, PA	300,000
Westcott House, OH	200,000
Wilkesboro Courthouse, NC	200,000
Winston Courthouse, AL	95,000
Yawkey House, WI	250,000
Total	150,000,000

Bill language.—The conference agreement does not provide an earmark of \$2,000,000 for a new Preserve America grants program as proposed by the Senate.

The conference agreement does not prohibit the use of Save America's Treasures funds for administrative purposes.

The conference agreement includes bill language clarifying the ability of the National Endowment for the Arts to award Save America's Treasures grants based upon the recommendations of the Save America's Treasures grant selection panel.

CONSTRUCTION

The conference agreement provides \$307,362,000 for construction instead of \$297,628,000 as proposed by the House and \$330,019,000 as proposed by the Senate. The funds are to be distributed as follows:

<i>Project</i>	<i>Amount</i>
Allegheny Portage RR NHS, PA (rehabilitate historic Trace Corridor Trail)	\$861,000
Apostle Islands NHP, WI (restore Raspberry Island Light Station)	1,136,000
Big Bend NP, TX (replace Chisos Basin water supply)	2,000,000
Big Cypress NP, FL (rehabilitate off-road vehicle trails—completes)	569,000
Blue Ridge Parkway, NC (Hemphill Knob visitor center)	3,000,000
Boston NHP, MA (rehabilitate Bldg. 125)	1,187,000
Boston NHP, MA (rehabilitate Commandant's house)	774,000
Cane River Creole NHP, LA (curatorial facility—planning)	100,000
Cane River Creole NHP, LA (stabilize/preserve Magnolia Plantation structures)	1,068,000
Chattahoochee River NRA, GA (reduce resource damage—provide river rec. acc)	2,125,000
Crater Lake NP, OR (rehabilitate historical cafeteria bldg; relocate Rim parking area)	8,741,000
Cumberland Island NS, GA (stabilize Dungeness Ruins)	1,285,000
Cumberland Island NS, GA (Plumb Orchard planning)	264,000
Cuyahoga NP, OH (rehabilitate various historic structures)	2,500,000
Dayton Aviation NHP, OH (Huffman Prairie Hanger)	650,000
Dayton Aviation NHP, OH (Wright-Dunbar Plaza, accessibility & plaza)	275,000
Delaware Water Gap NRA, PA (cabin replacement)	700,000
Denali NP, AK (replace Eielson Visitor Center)	7,420,000
Everglades NP, FL (modify water delivery system)	8,077,000
Fire Island NS, NY (rehabilitate Sailors Haven Marina & ferry dock)	2,374,000
Flight 93 NMem, PA (build starter public facilities & services)	806,000
Fort Larned NHS, KS (fix structural problems at Old Commissary)	869,000
Fort Washington Park, MD (stabilize fort)	3,660,000
Frederick Law Olmsted NHS, MA (upgrade life/safety systems; rehabilitate historical structure)	2,011,000
George Washington Carver NM, MO (rehabilitate/complete visitor center—completes)	3,187,000
George Washington Mem. Pkwy, VA (general maintenance/rehabilitate along parkway)	300,000

<i>Project</i>	<i>Amount</i>
Gettysburg NMP, PA (new visitor center)	5,000,000
Gettysburg NMP, PA (Wills House—completes)	5,759,000
Grant Teton NP, WY (visitor center—completes)	5,000,000
Great Smoky Mtns NP, NC (replace Smokemont water/sewer w/ municipal sys)	2,171,000
Great Smoky Mountains NP, TN (Institute at Tremont)	500,000
Hampton NHS, MD (install environmental controls in Hampton Mansion)	1,546,000
Harpers Ferry NP, WV (rehabilitate Bldg 82, The Jackson House)	50,000
Harpers Ferry NP, WV (restoration of Armory Yard—planning)	450,000
Homestead NHS, NE (cont. planning the visitor/heritage center)	1,112,000
Hot Springs NP, AR (rehabilitate/stabilize bathhouses for adaptive reuse)	4,989,000
John H. Chaffee Blackstone R. Valley NHC, RI	500,000
Kalaupapa NHP, HI (preserve historic buildings; correct safety problems)	3,928,000
Kenai Fjords NP, AK (multi-agency center)	950,000
Klondike Gold Rush NHP, AK (build historical resource support center/protect museum collection)	739,000
L.Q.C. Lamar House NHL, MS (restoration)	500,000
Lassen Volcanic NP, CA (replace condemned chalet w/improved vis- itor service facility.)	10,051,000
Lincoln Library, IL (cont. Library/Museum construction)	5,000,000
Little Rock Central High School NHS, AR (design visitor facility— planning)	733,000
Manassas NBP, VA (rehabilitate historic Brawner Farm for visitor use)	2,317,000
Martin Luther King, Jr. NHS, GA (restore Ebenezer Baptist Church, Ph. II)	2,459,000
Moccasin Bend NAD (CHCH), TN (erosion & DCP—planning)	400,000
Monocacy NB, MD (relocate flood-prone visitor center to Best Farm)	3,539,000
Morris Thompson Visitor & Cultural Center, AK (completes)	6,000,000
New Bedford Whaling NHP, MA (Corson building)	3,000,000
New River Gorge NR, WV	2,275,000
Olympic NP, WA (remove salmon obstructions; build bridge/cul- vert)	1,940,000
Olympic NP, WA (restore Elwha River ecosystem & fisheries)	13,450,000
Organ Pipe Cactus NM, AZ (construct vehicle barrier—completes)	6,600,000
Petersburg NB, VA (consolidate, rehabilitate/replace maintenance facilities)	812,000
Point Reyes NS, CA (restore Lifeboat Station Marine Railway)	1,885,000
Pu'uhonua o Honaunau NHP, HI (remove/replace admin. buildings from arch. site)	1,112,000
Rock Creek Park, DC (preserve/protect Meridian Hill Park)	3,007,000
San Francisco Maritime NHP, CA (C.A. Thayer)	2,123,000
Saratoga NHP, NY (planning for visitor access to Victory Woods)	295,000
Shenandoah NP, VA (Old Rag parking lot & connecting trail)	600,000
Southwest Pennsylvania Heritage Comm., PA (rehabilitate/pres- ervation grants)	2,500,000
Timucuan Ecological & HPres, FL (Kingsley Plantation Hs/Kitchen Hs work)	388,000
Tuskegee Airmen NHS, AL (continue federal project planning—site develop/utilities)	1,000,000
Utah Public Lands Artifact Preservation Act, UT	5,000,000
Vicksburg NMP, MS (Pemberton House)	750,000
Washington Office, DC (emergency storm damage reconstruction— various)	14,000,000
Weir Farm NHS, CT (replace maintenance, curatorial & admin. fa- cilities)	3,536,000
Western Arctic NParklands, AK (build NW AK Heritage Ctr & Admin HQ)	2,500,000
White House, DC (structural & utility rehabilitate—Exec. Resi- dence & Pres. Park)	9,938,000
Wrangell-St. Elias NP&Pres, AK (build museum—preserve/inter- pretive AHTNA cult.)	1,135,000

<i>Project</i>	<i>Amount</i>
Yellowstone NP, WY (restoration of Old House, Old Faithful Inn, Ph II)	9,801,000
Yellowstone NP, WY (reconstruct West Entrance Station)	1,487,000
Yellowstone NP, WY (replace admin winter snowcoaches/improve infrastructure)	1,000,000
Yellowstone NP, WY (replace existing court facilities w/ new court-house)	2,655,000
Use of unobligated balances	- 20,000,000
Subtotal, Line Item	192,421,000
Emergency/Unscheduled Projects	4,000,000
Housing replacement	8,000,000
Dam safety	2,700,000
Equipment replacement	38,344,000
Construction planning	21,220,000
Construction program management	27,364,000
General management planning	13,313,000
Total Construction	307,362,000

Bill language.—House language on partnership projects has been slightly modified to remove the requirement for “written” approval from the Committees. Approval of the House and Senate Committees on Appropriations still applies.

The conference agreement includes the following: (1) House provision regarding Flight 93 NMem; (2) Senate provision regarding how funds are provided for the Modified Water Deliveries project; (3) Senate provision earmarking funds for the L.Q.C. Lamar House NHL from the Historic Preservation Fund (funds must be matched); and (4) Senate provision regarding construction at Old Rag Mountain trail in Shenandoah Mountain NP.

Partnerships.—The managers reiterate the concerns voiced by both the House and Senate regarding the management of partnership construction projects. The National Park Service has developed interim guidance to govern the development of partnership construction proposals and the managers expect all levels of the Service to comply with the new procedures. The managers expect the Service and its partners to work collaboratively on the appropriateness, scope, and costs of contemplated projects, with careful consideration given to both the capital development and long-term operational and life-cycle costs. At a time of increased attention and emphasis on park operation budgets, the Service and its partners must not pursue new facility investments that are unrealistic and unachievable in their expectations. The managers expect the Service’s review of all partnership construction proposals to make difficult decisions, where necessary, to defer or suspend a project that is not the right project, for the right reason, at the right size, and at the right time. Additionally, any partnership construction project for which there is to be a Federal contribution towards the cost must be budgeted for and included in the Service’s five-year construction program. In the event a partnership construction proposal assumes funding from another Federal agency, the Service must seek the agreement of the appropriate agency including funding in the agency’s budget request. The managers expect the Service to provide a status report regarding partnership construction projects no later than February 15, 2005.

Language regarding partnership projects at Moccasin Bend NAD, Great Smoky Mountains NP (Tremont), Delaware Water Gap

NRA (Pocono Environmental Education Center), Flight 93 NMem, and Dayton Aviation NHP (Wright Dunbar Plaza) was included in the House and Senate committee reports, and is reinforced by the managers. Partnership construction projects that have not followed the interim guidance, the requirements of Director's Order 21, or been reviewed by the Development Advisory Board, will not be considered for approval by the Committees.

Funds provided for the Cane River Creole NHP are to initiate pre-design and planning for a curatorial storage facility. The managers understand that this facility will be for Service collections, and will be constructed and managed by the Service. The scope and cost of this facility are subject to further refinement using the Service's planning model, but are expected to be less than the \$3 million project previously proposed as a partnership with the university.

The conference agreement provides \$700,000 for cabin restoration at the Delaware Water Gap NRA, consistent with the direction provided in the House report. The funds are to be used for cabin restoration, or replacements in kind, consistent with the programming levels allowed in the General Management Plan. As discussed in the House Report, the Service needs to complete the site plan and value analysis requested in fiscal year 2004. The park and the partner are reminded that any significant facility investments that go beyond existing program levels must follow the interim guidance regarding partnership construction projects. The managers expect the Service to report by February 1, 2005, on a plan and schedule for the expenditure of the funds for fiscal year 2005. The managers are very concerned that the Service has not followed directions in previous conference reports.

Funding has not been provided to the following projects due to various delays in awarding contracts: C&O Canal NHP, Saugus Iron Works NHS, Yellowstone NP (Madison wastewater facility), and Fire Island NS (west ranger station). The Pinnacles NM project was supplanted by an urgent land acquisition need. Boston Harbor NRA, Fort Larned NHS and Point Reyes NS are strongly encouraged to resubmit in the next fiscal year's budget.

Report language.—The managers direct the Service to initiate the Waco Mammoth site and the Manhattan Project new area studies, which are authorized.

The managers expect the Service to initiate a preliminary resource assessment of Tunica River Park, MS and the surrounding area, and to provide technical assistance as necessary to cooperating entities.

Funds for the Natchez Trace Parkway, MS, have been removed from construction and addressed in park operations.

LAND AND WATER CONSERVATION FUND

(RESCISSION)

The conference agreement rescinds the contract authority provided for fiscal year 2005 by 16 U.S.C. 4601–10a as proposed by both the House and the Senate.

LAND ACQUISITION AND STATE ASSISTANCE

(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$148,411,000 for land acquisition and State assistance instead of \$107,500,000 as proposed by the House and \$155,831,000 as proposed by the Senate.

The managers agree to the following distribution of funds:

<i>Area (State)</i>	<i>Amount</i>
Appalachian National Scenic Trail (High Top Mtn.) (VA)	\$1,380,000
Big Thicket National Preserve (TX)	4,541,000
Blue Ridge Parkway (Roanoke) (VA)	750,000
Civil War Battlefield Sites (Grants)	5,000,000
Congaree NP (SC)	6,000,000
Cumberland Gap (Fern Lake) (KY)	1,000,000
Ft. Clatsop NM (OR)	5,000,000
Guilford Courthouse NMP (NC)	250,000
Harpers Ferry NHP (WV)	2,900,000
Ice Age NST (WI)	1,000,000
Mojave National Preserve (relocation) (CA)	1,600,000
Mount Rainier NP (WA)	1,000,000
National Capital Parks (DC)	2,479,000
New River Gorge NSR (WV)	2,000,000
Niobrara NSR (easements) (NE)	200,000
Pinnacles NM (CA)	2,600,000
Pu'uhonua O Honaunau NHP (HI)	4,600,000
Shenandoah Valley Battlefields NHD (VA)	1,500,000
Sleeping Bear Dunes NL (MI)	1,500,000
Valley Forge NHP (PA)	1,500,000
Wilson's Creek NB (MO)	4,500,000
Wrangell-St. Elias NP (AK)	1,500,000
Use of unobligated balances	- 12,400,000
<hr/>	
Subtotal	40,400,000
Acquisition Management	10,511,000
Emergencies/Hardships	2,500,000
Inholdings/Exchanges	2,500,000
Stateside Grants	91,000,000
Stateside Administration	1,500,000
<hr/>	
Total	\$148,411,000

Bill Language.—The conference agreement retains the language proposed by the Senate providing that, in lieu of State assistance program indirect costs (as described in OMB Circular A-87), not to exceed five percent apportionments under the State assistance program may be used by States, the District of Columbia, and insular areas to support program administration costs. The conference agreement retains the language proposed in the Senate bill providing that \$250,000 provided for Civil War battlefield protection be available for transfer to the National Recreation and Preservation account.

Report Language.—The managers support land acquisition efforts at Jean Lafitte National Historical Park and Preserve in Louisiana, but understand that there are not purchases currently ready for completion. The managers will look favorably upon future acquisitions at the park, should parcels become available.

The Committee is anxious to see progress on efforts to locate and build a boathouse with access to the Potomac River near the George Washington Memorial Parkway in Arlington, Virginia. The Committee encourages the Service to continue exploring options

that would facilitate the possible acquisition of suitable land by Arlington County to construct the boathouse.

ADMINISTRATIVE PROVISIONS

Bill language.—The conference report includes statutory language, with minor modifications, regarding concession contracts. This language was originally included in the House bill.

UNITED STATES GEOLOGICAL SURVEY

SURVEYS, INVESTIGATIONS, AND RESEARCH

The conference agreement provides \$948,921,000 for surveys, investigations, and research instead of \$944,498,000 as proposed by the House and \$939,486,000 as proposed by the Senate.

Mapping, Remote Sensing and Geographic Investigations.—The change to the House level for mapping, remote sensing and geographic investigations is a decrease of \$2,355,000 for The National Map. The managers understand that this decrease will be partially offset by anticipated buyout savings. The managers expect that the Alaska digital data mapping program will continue from within base funding at no less than the fiscal year 2004 enacted level.

The managers reiterate their concern with the equipment failure on the Landsat 7 satellite, which occurred well over a year ago, and the issues that have arisen as a result. Despite repeated requests from both the House and Senate Committees on Appropriations, a clear plan has yet to be submitted by the Administration regarding long term USGS satellite operations, nor has an interim solution been offered to address the current funding issues surrounding Landsat 7. The managers are dismayed that the Administration has been unable to provide specific guidance and coordination on an issue that crosses multiple agencies and jurisdictions. Further, the managers object to the notion of continuing to redirect funds from other valuable Survey activities in order to maintain the status quo for a program that is no longer fully functional. The managers expect to see a fiscal year 2006 budget submission that contains a detailed proposal to address the Landsat issue. If, however, a clear plan regarding mission and funding options is not received by June 30, 2005, the managers direct the Department of the Interior to submit a plan for shutdown of the Landsat program. In the meantime, to the extent that buyout savings may be required to contribute to EROS Data Center operations during fiscal year 2005, the mapping program should reserve these funds to do so. The managers expect the Survey to be extremely cautious in expanding its mapping programs or entering into additional cooperative agreements with these monies until it is clear how the Landsat issue will be resolved.

The managers agree that long-term remote sensing data is vital to many aspects of the government and private sector in the nation. Once again, the managers encourage the Administration to work with NASA and other Federal agencies to place the next generation Landsat sensor in orbit as soon as possible to reduce future gaps in data.

Geologic Hazards, Resources and Processes.—Changes to the House level for geologic hazards, resources and processes include

increases of \$3,242,000 for the base volcano monitoring program, \$1,150,000 for the Alaska mineral resource assessment program, and \$100,000 for the Alaska Geological Materials Center and decreases of \$500,000 for the Advanced National Seismic System program, \$400,000 for the earth observation monitoring program, \$1,482,000 for the Alaska minerals-at-risk project that has been completed, \$250,000 for the landslide hazards program, and \$250,000 for geothermal assessments. Other projects that are continued in fiscal year 2005 at their fiscal year 2004 funding levels include a North Carolina coastal erosion study, South Carolina/Georgia coastal erosion and monitoring studies, and subsidence studies at the University of New Orleans.

The managers agree that the volcano monitoring program is vital to both the safety of citizens living near these areas and the protection of commercial aircraft. Within the funds provided in the conference agreement, the Survey shall continue its ongoing volcanic research and monitoring activities at no less than the fiscal year 2004 enacted level, and should direct increased funding to areas of recent and imminent volcanic activity.

The managers agree that the amount of funding provided for conducting inquiries into the economic conditions affecting mining and materials processing industries is \$15,499,000. This number will no longer appear in bill language.

Water Resources Investigations.—Changes to the House level for water resources investigations include increases of \$1,481,000 for collaborative research with the University of Oklahoma, \$518,000 for the toxic substances hydrology program, \$50,000 for the Potomac River groundwater assessment study, \$198,000 for the Berkeley Pit study with Montana Tech, \$295,000 for Lake Champlain basin toxic materials, \$444,000 for monitoring water resources in Hawaii, and \$889,000 for the coal bed methane study of the Tongue River, and decreases of \$400,000 for the water availability pilot project and \$400,000 for the Klamath basin study. Funds remain in the base to continue the US/Mexico border initiative at the fiscal year 2004 level. The managers agree that, from within base funds, up to \$889,000 may be designated for the Survey's continued participation in the Long Term Estuary Assessment program. The managers agree that the reduction to the Klamath basin funding will be offset by an internal reprogramming in the current fiscal year. The managers agree that the Potomac River groundwater assessment projects in the House and Senate bills address similar issues and they have been combined into one project.

Biological Research.—Changes to the House level for biological research include increases of \$250,000 for northern prairie carbon sequestration, \$741,000 for the Mark Twain National Forest mining study, \$790,000 for molecular biology at Leetown Science Center, \$300,000 for pallid sturgeon research, \$198,000 for a diamond-back terrapin study, \$988,000 to complete the Northern Continental Divide Ecosystem study in Montana, \$296,000 for a multidisciplinary water resource study at Leetown Science Center, \$250,000 for the Delaware River Basin Study, and decreases of \$250,000 for ecological systems mapping, \$250,000 for the deep-water fisheries vessel program, \$500,000 for invasive species,

\$400,000 for Klamath basin studies, \$170,000 for equipment at the Anadromous Fish Research Center, and \$250,000 for cooperative research units. The managers understand that the reduction to the Klamath basin study is offset by an internal reprogramming in the current fiscal year. The managers direct the Survey to continue to pursue ongoing chronic wasting disease research nationwide and to continue to work with the Southeastern Cooperative Wildlife Disease Study. Within the funds available for invasive species studies, the managers expect the Survey to continue its cooperative program with Mississippi State University at no less than the fiscal year 2004 enacted level.

Enterprise Information.—Changes to the House level for enterprise information include increases of \$500,000 for certification and accreditation of information technology systems, \$300,000 for accessible data transfer and \$50,000 for the enterprise services network.

Science Support.—The change to the House level for science support is a decrease of \$1,000,000 for financial management improvements.

Facilities.—There are no changes to the House funding level for facilities activities. The conference agreement also retains language proposed in the House bill designating \$1,600,000 from within amounts provided to remain available until expended for deferred maintenance and capital improvement projects exceeding \$100,000. The managers have not agreed to provide base funding to the Lake Pontchartrain restoration project.

Other.—The managers note that, unless otherwise specified, funding levels for ongoing projects included in the conference agreement as proposed by the Senate should reflect reductions that resulted from fiscal year 2004 rescissions.

ADMINISTRATIVE PROVISIONS

The conference agreement includes language proposed by the House that provides work injury and travel benefits to students.

MINERALS MANAGEMENT SERVICE

ROYALTY AND OFFSHORE MINERALS MANAGEMENT

The conference agreement provides \$169,175,000 for royalty and offshore minerals management instead of \$171,575,000 as proposed by the House and \$171,175,000 as proposed by the Senate. The managers agree to the following changes to the House recommendations:

1. The leasing and environmental program includes an earmark of \$150,000 within available funds for the Alaska Whaling Commission as proposed by the Senate.

2. Resource evaluation includes increases of \$900,000 for the Center for Marine Resources, MS and \$900,000 for the Marine Mineral Technology Center, AK as proposed by the Senate.

3. The regulatory program includes an increase of \$600,000 as proposed by the Senate for the Offshore Technology Research Center, TX, and \$1,000,000 for hurricane related studies and for extra expenses of deepwater helicopter operations.

4. Compliance and asset management is reduced by \$5,800,000. The managers understand that the agency will realize

savings in this program for fiscal year 2005 such that this reduction will not reduce program capability. Compliance and asset management is reduced accordingly, but approximately \$1,000,000 should be designated for section 202/205 cooperative audits with the States.

5. The MMS should reprogram funds for e-government initiatives relating to disaster management and "SAFECOM" to the environmental studies program to help fund fixed costs.

Bill Language.—The managers accept the Senate proposed bill language which deletes "pilot" in referring to the royalty-in-kind program, allows payments to States under the Mineral Leasing Act, and allows the MMS to recover certain portions of the royalty-in-kind sales for costs directly related to this program.

OIL SPILL RESEARCH

The conference agreement provides \$7,105,000 for oil spill research as proposed by both the House and the Senate.

OFFICE OF SURFACE MINING RECLAMATION AND ENFORCEMENT

REGULATION AND TECHNOLOGY

The conference agreement provides \$109,905,000 for regulation and technology as proposed by the Senate instead of \$108,905,000 as proposed by the House. This total includes an indefinite appropriation estimated to be \$100,000. The agreement includes \$1,000,000 as proposed by the Senate to contract with the National Research Council for a review of coal reserves, research, and technologies. The agreement also directs the OSM to reprogram funds for e-government initiatives relating to disaster management and "SAFECOM" to help fund fixed costs.

ABANDONED MINE RECLAMATION FUND

The conference agreement provides \$190,863,000 for the abandoned mine reclamation fund as proposed by the Senate instead of \$194,106,000 as proposed by the House. The agreement directs the OSM to reprogram funds for e-government initiatives relating to disaster management and "SAFECOM" to help fund fixed costs. The managers note that bill language within Title I, general provisions, provides an extension until June 30, 2005, of the Secretary's authority to collect fees pursuant to the Surface Mining Control and Reclamation Act.

ADMINISTRATIVE PROVISION

The conference agreement includes bill language recommended in the request which allows funds available for the technical innovation and professional services program to be used to transfer title for certain computer devices to State and Tribal regulatory and reclamation programs.

BUREAU OF INDIAN AFFAIRS
OPERATION OF INDIAN PROGRAMS

The conference agreement provides \$1,955,047,000 for the operation of Indian programs instead of \$1,935,033,000 as proposed by the House and \$1,951,798,000 as proposed by the Senate.

Tribal Priority Allocations.—Changes to the House level for tribal priority allocations include increases of \$3,000,000 for contract support costs and \$2,000,000 for welfare assistance.

Other Recurring Programs.—Changes to the House level for other recurring programs include increases of \$10,500,000 for tribally controlled community colleges, \$98,000 for the Alaska Sea Otter Commission, \$790,000 for the Bering Sea Fishermen's Association, \$87,000 for the Intertribal Bison Council, \$346,000 for the Chugach Regional Resources Commission, and a decrease of \$2,000,000 for the administrative cost grant fund.

Non-recurring Programs.—Changes to the House level for non-recurring programs include increases of \$500,000 for the Rocky Mountain Technology Foundation, \$750,000 for the rural Alaska fire program, \$1,250,000 for the Salish and Kootenai College nursing program (housing project), \$392,000 for Alaska legal services, and \$1,000,000 for the Denali Commission.

Central Office Operations.—Changes to the House level for central office operations include decreases of \$2,000,000 for the workforce initiative and \$1,000,000 for information resources technology.

Special Programs and Pooled Overhead.—Changes to the House level for special programs and pooled overhead include increases of \$500,000 for the United Tribes Technical College, \$450,000 for the United Sioux Tribes Development Corporation, \$442,000 for the Crownpoint Institute, \$1,250,000 for the Western Heritage Center distance learning program, \$750,000 for the Alaska native aviation program, and \$409,000 for e-government initiatives, and \$500,000 for the enterprise services network.

Bill Language.—There is a statutory earmark of \$1,000,000 for administrative cost grants to tribes for transitional costs instead of \$3,000,000 as proposed by the House and no funding as proposed by the Senate.

CONSTRUCTION

The conference agreement provides \$323,626,000 for construction instead of \$348,626,000 as proposed by the House and \$283,126,000 as proposed by the Senate. Changes to the House level include increases of \$2,500,000 for the tribal school demonstration program, \$2,500,000 for facilities maintenance of detention centers and a decrease of \$30,000,000 for school replacement construction.

The managers have included bill language directing the Bureau to provide \$4,500,000 to the Eastern Band of Cherokee education facility at the Ravensford tract, \$4,000,000 for the Sac and Fox Meskwaki settlement school and \$4,000,000 for the Twin Buttes elementary school on the Fort Berthold Reservation within the Tribal School Demonstration Program.

The managers have retained language included in the Senate bill that allows the Secretary of the Interior to assume control of construction projects if the tribes have not completed planning, design, and initial construction within 18 months of the appropriation of funds.

The managers have included bill language that allows the Office of Special Trustee for American Indians to reimburse the appropriate share of construction costs for space expansion needs identified as a result of trust reform implementation.

The managers are aware of the significant problems with Bureau owned detention centers, and have provided additional funding for facilities and deferred maintenance of these facilities. The managers urge the Department to address the operations and maintenance of detention centers in future budget submissions.

INDIAN LAND AND WATER CLAIM SETTLEMENTS AND MISCELLANEOUS PAYMENTS TO INDIANS

The conference agreement provides \$44,771,000 for Indian land and water claim settlements and miscellaneous payments to Indians as proposed by the House instead of \$34,771,000 as proposed by the Senate.

The managers have agreed to \$10,032,000 for the Quinault Indian Nation settlement. The managers have retained the Senate bill language which contained minor technical differences from the House.

The managers recognize that the Department of the Interior is working with Northwest Indian tribes and the shellfish industry to complete the historic Washington State shellfish settlement agreement and secure funding for it. This agreement represents nine years of hard, cooperative work by the Tribes and the shellfish industry. The managers support this effort and encourage the Department and all parties to continue working together to finalize the settlement in a timely manner. The managers agree that the Administration should provide funding for settlements such as these in the annual budget submission as the managers do not foresee having funds above the requested level for new settlements.

INDIAN GUARANTEED LOAN PROGRAM ACCOUNT

The conference agreement provides \$6,421,000 for the Indian guaranteed loan program as proposed by both the House and the Senate. The managers have retained the House bill language which contained minor technical differences from the Senate.

ADMINISTRATIVE PROVISIONS

Bill Language.—The conference agreement includes language that allows certain tribes to continue to receive contract support as a supplement to administrative cost grants.

DEPARTMENTAL OFFICES

INSULAR AFFAIRS

ASSISTANCE TO TERRITORIES

The conference agreement provides \$76,255,000 for assistance to territories instead of \$74,935,000 as proposed by the House and \$74,255,000 as proposed by the Senate. Changes in funding levels from the House recommendation include the Senate recommendations for an additional \$320,000 to continue judicial, court education, and court administration training, and \$1,000,000 for Marshall Islands health care. The managers agree to the following:

1. Although the agreement does not include bill language proposed by the Senate designating a specific funding level for a grant to the Close Up Foundation, the managers do support this effort and expect the Secretary to designate approximately \$750,000 for this program.

2. The OIA should reprogram funds for e-government initiatives relating to disaster management and "SAFECOM" to help fund fixed costs.

3. The conference agreement includes \$1,000,000 for payments to replace the Prior Service Trust Fund as proposed by the House. The managers direct the Department to work with the Prior Service Benefits Board of Directors to reach an agreement as soon as possible, but no later than October 1, 2005, to replace the Prior Service Trust Fund. Such agreement shall provide for: (a) the pension systems of Palau, CNMI, RMI and FSM to assume responsibility for the enrollees of the Prior Service Benefits Trust Fund; (b) the allocation of potential future U.S. funding, if appropriated, among these four pension systems and payment of their benefits; (c) a reasonable transition overhead rate; (d) appropriate changes in benefits, if any; and (e) for the termination of certification and enrollment of new beneficiaries by March 31, 2005. The managers also direct that this \$1,000,000 in funding should be reprogrammed for general technical assistance uses if no agreement can be reached.

4. The conference agreement includes \$1,000,000 to assist health care programs on the Marshall Islands as proposed by the Senate. These instructions replace the Senate direction. These funds shall first be used to provide primary health care to members of the Enewetak, Bikini, Rongelap and Utrik communities who currently reside on Enewetak Atoll, Kili island, Mejetto island, Rongelap Atoll following resettlement, and Utrik Atoll. Such primary medical care shall consist of a clinic with at least one doctor and an assistant, and necessary supplies and logistical support. If excess funds are available, these funds may be used to augment primary healthcare for members of these communities who get primary healthcare services from the facilities in Ebeye and Majuro.

5. The managers have included \$1,000,000 to continue work on water system rehabilitation in the CNMI. The managers note that the Army Corps of Engineers has completed a comprehensive water infrastructure study that has identified and prioritized over \$200,000,000 in essential needs. The magnitude of this need far exceeds any possible resolution from funds made available to the In-

terior and Related Agencies Subcommittee on Appropriations. Existing programmatic expertise of other Federal agencies is not being used fully, as evidenced in the delays in completing the Kagman water project by the Department of Agriculture. Accordingly, the managers direct the Secretary of the Interior to prepare, in consultation with the Interagency Group on Insular Areas, a comprehensive, coordinated and detailed implementation program for the plans developed by the Army Corps of Engineers by July 31, 2005. To develop this program the Secretary shall look to authorities of the Corps of Engineers under the Secretary of the Army, the Bureau of Reclamation within the Department of the Interior, the various programs under the Secretary of Agriculture, authorities available to the Administrator of the Environmental Protection Agency, and authorities available under any other agency dealing with water infrastructure. The Secretary shall provide the House and Senate Committees on Appropriations with an implementation plan that fully utilizes and coordinates those authorities to ensure that the goals of the plan are achieved in a timely, cost-effective manner. The managers expect the implementation plan to identify projects, responsible agency, funding needs, implementation schedule, any statutory or other changes necessary to implement the program, and a specific timetable for full completion.

COMPACT OF FREE ASSOCIATION

The conference agreement provides \$5,499,000 for the compact of free association as proposed by the House instead of \$5,400,000 as proposed by the Senate. The conference agreement follows the funding recommendations made by the House.

DEPARTMENTAL MANAGEMENT

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$90,855,000 for departmental management instead of \$79,551,000 as proposed by the House and \$81,608,000 as proposed by the Senate. The changes described below are to the House recommended funding level.

Management and Coordination.—Increases include \$750,000 for the financial and business management system, \$10,500,000 to restore partially funds cut on the House floor for motor vehicle lease, purchase or services costs, and \$54,000 for E-government initiatives.

Bill Language.—The conference agreement retains the language proposed in the Senate bill directing the transfer of \$13,500,000 from unobligated balances in the Central Hazardous Materials Fund. The conference agreement modifies the language proposed in the House bill reducing amounts otherwise appropriated for motor vehicle lease, purchase or service costs. The modification changes \$13,500,000 to \$3,000,000.

PAYMENTS IN LIEU OF TAXES

The conference agreement provides \$230,000,000 for payments in lieu of taxes as proposed by the Senate instead of \$226,000,000 as proposed by the House.

OFFICE OF THE SOLICITOR

SALARIES AND EXPENSES

The conference agreement provides \$52,384,000 for the office of the solicitor instead of \$51,356,000 as proposed by the House and \$53,053,000 as proposed by the Senate. The changes described below are to the House recommended funding level.

Legal Services.—Increases include \$446,000 for paralegal and support positions, \$300,000 for legal staff support, and \$186,000 for fixed costs.

General Administration.—Increases include \$15,000 for E-government initiatives and \$78,000 for fixed costs.

Ethics Office.—Increases include \$3,000 for fixed costs.

OFFICE OF INSPECTOR GENERAL

SALARIES AND EXPENSES

The conference agreement provides \$37,800,000 for office of inspector general, instead of \$37,655,000 as proposed by the House and \$38,100,000 as proposed by the Senate. The changes described below are to the House recommended funding level.

Audits.—Changes include an increase of \$237,000 for fixed costs and a decrease of \$100,000 for non-traditional audit staff.

Investigations.—Changes include an increase of \$165,000 for fixed costs and a decrease of \$172,000 for law enforcement equipment replacement.

Administrative Services and Information Management.—Changes include increases of \$105,000 for fixed costs and \$10,000 for E-government initiatives, and a decrease of \$100,000 for IT standardization.

OFFICE OF SPECIAL TRUSTEE FOR AMERICAN INDIANS

FEDERAL TRUST PROGRAMS

The conference agreement provides \$196,267,000 for Federal trust programs as proposed by both the House and the Senate. The managers have retained language contained in the Senate bill that caps the amount of funding that can be used for historical accounting activities at \$58,000,000.

INDIAN LAND CONSOLIDATION

The conference agreement provides \$35,000,000 for Indian land consolidation programs instead of \$42,000,000 as proposed by the House and \$50,000,000 as proposed by the Senate. The managers are concerned about recent events in the courts that will likely slow the process of Indian land consolidation and reduce the ability of the Department of the Interior to obligate funds for acquisition of lands. The land consolidation program has the potential to re-

solve many of the contentious issues surrounding Indian trust management. The actions of the court concerning notifying Indian landowners of ongoing litigation will undoubtedly slow the process of consolidation of lands.

Bill Language.—The managers have retained bill language included by the Senate that allows Indian land consolidation funds to be transferred to the Bureau of Indian Affairs and Departmental Management accounts. The House had no similar provision.

NATURAL RESOURCE DAMAGE ASSESSMENT AND RESTORATION

NATURAL RESOURCE DAMAGE ASSESSMENT FUND

The conference agreement provides \$5,818,000 for the natural resource damage assessment fund as proposed by both the House and the Senate.

GENERAL PROVISIONS—DEPARTMENT OF THE INTERIOR

Sec. 101. The conference agreement modifies the text of Senate section 101 correcting the reference to the budget agreement in providing Secretarial authority to transfer program funds for emergencies. The House had a similar provision in section 101 of the House bill.

Sec. 102. The conference agreement modifies the text of Senate section 102 correcting the reference to the budget agreement in providing for expenditure or transfer of funds by the Secretary for natural disasters. The House had a similar provision in section 102 of the House bill.

Sec. 103. The conference agreement retains the language proposed in section 103 of the House bill providing for use of appropriated funds for operation of garages, shops, warehouses, and similar facilities. The Senate had a similar provision in section 103 of the Senate bill.

Sec. 104. The conference agreement retains an identical provision in section 104 of both the House and Senate bills, providing for vehicle and other services.

Sec. 105. The conference agreement retains the language proposed in section 105 of the House bill making permanent the use of appropriated funds to purchase uniforms or to provide a uniform allowance. The Senate had a similar provision in section 105 of the Senate bill.

Sec. 106. The conference agreement retains the language proposed in section 106 of the House bill making permanent a provision that contracts issued for services and rentals with appropriated funds be in effect for a period not to exceed 12 months. The Senate had a similar provision in section 106 of the Senate bill.

Sec. 107–109. The conference agreement retains identical provisions in sections 107–109 of both the House and Senate bills, prohibiting the expenditure of funds for Outer Continental Shelf (OCS) leasing activities in certain areas.

Sec. 110. The conference agreement retains a provision in section 110 of the House bill prohibiting the National Park Service from reducing recreation fees for non-local travel through any park unit. The Senate had no similar provision.

Sec. 111. The conference agreement retains the language proposed in section 111 of the House bill that makes permanent a provision limiting the investment of Federal funds by tribes or tribal organizations. The Senate had a similar provision in section 110 of the Senate bill.

Sec. 112. The conference agreement retains a provision in section 112 of the House bill permitting the transfer of funds between the Bureau of Indian Affairs and the Office of Special Trustee for American Indians. The Senate had an identical provision in section 111 of the Senate bill.

Sec. 113. The conference agreement retains a provision in section 113 of the House bill continuing a provision allowing the hiring of administrative law judges to address the Indian probate backlog. The Senate had an identical provision in section 112 of the Senate bill.

Sec. 114. The conference agreement retains a provision in section 114 of the House bill continuing a provision permitting the redistribution of tribal priority allocation and tribal base funds to alleviate funding inequities. The Senate had an identical provision in section 113 of the Senate bill.

Sec. 115. The conference agreement retains a provision in section 115 of the House bill continuing a provision requiring the allocation of Bureau of Indian Affairs postsecondary schools funds consistent with unmet needs. The Senate had an identical provision in section 114 of the Senate bill.

Sec. 116. The conference agreement retains the language proposed in section 115 of the Senate bill that makes permanent a limitation on the use of the Huron Cemetery in Kansas. The House had a similar provision in section 116 of the House bill.

Sec. 117. The conference agreement retains a provision in section 117 of the House bill continuing a provision permitting the conveyance of the Twin Cities Research Center of the former Bureau of Mines for the benefit of the National Wildlife Refuge System. The Senate had an identical provision in section 116 of the Senate bill.

Sec. 118. The conference agreement retains the language proposed in section 119 of the House bill making permanent a provision permitting the Bureau of Land Management to retain funds from the sale of seeds and seedlings. The Senate had a similar provision in section 117 of the Senate bill.

Sec. 119. The conference agreement retains a provision in section 120 of the House bill continuing a provision authorizing the Secretary of the Interior to use helicopters or motor vehicles to capture and transport horses and burros at the Sheldon and Hart National Wildlife Refuges. The Senate had an identical provision in section 118 of the Senate bill.

Sec. 120. The conference agreement modifies a provision in section 119 of the Senate bill limiting the implementation of Claims Maintenance and Location Fees and directs the Bureau of Land Management to establish a permit tracking system. The House had no similar provision.

Sec. 121. The conference agreement modifies a provision in section 120 of the Senate bill allowing certain funds provided for land acquisition at the Shenandoah Valley Battlefield NHD and Ice Age

NST to be granted to a State, a local government, or any other land management entity. The House had a similar provision in section 121 of the House bill.

Sec. 122. The conference agreement retains a provision in section 122 of the House bill continuing a provision prohibiting the closure of the underground lunchroom at Carlsbad Caverns NP, NM. The Senate had an identical provision in section 121 of the Senate bill.

Sec. 123. The conference agreement retains a provision in section 123 of the House bill preventing the demolition of a bridge between New Jersey and Ellis Island. The Senate had no similar provision.

Sec. 124. The conference agreement retains a provision in section 125 of the House bill continuing a provision limiting compensation for the Special Master and Court Monitor appointed by the Court in *Cobell v. Norton* to 200 percent of the highest Senior Executive Service rate of pay. The Senate had an identical provision in section 122 of the Senate bill.

Sec. 125. The conference agreement retains a provision in section 126 of the House bill continuing a provision allowing the Secretary to pay private attorney fees for employees and former employees incurred in connection with *Cobell v. Norton*. The Senate had an identical provision in section 123 of the Senate bill.

Sec. 126. The conference agreement retains a provision in section 127 of the House bill dealing with the U.S. Fish and Wildlife Service's responsibilities for mass marking of salmonid stocks. The Senate had no similar provision.

Sec. 127. The conference agreement modifies a provision in section 128 of the House bill dealing with paying for operational needs at the Midway Atoll National Wildlife Refuge airport using funds appropriated under the "Departmental Management, Salaries and Expenses" appropriation. The modification changes the word "shall" to "may". The Senate had no similar provision.

Sec. 128. The conference agreement retains a provision in section 129 of the House bill prohibiting the conduct of gaming under the Indian Gaming Regulatory Act (25 U.S.C. 2701 et seq.) on lands described in section 123 of the Department of the Interior and Related Agencies Appropriations Act, 2001, or land that is contiguous to that land. The Senate had an identical provision in section 124 of the Senate bill.

Sec. 129. The conference agreement retains a provision in section 130 of the House bill continuing a provision prohibiting the use of funds to study or implement a plan to drain or reduce water levels in Lake Powell. The Senate had an identical provision in section 125 of the Senate bill.

Sec. 130. The conference agreement retains a provision in section 131 of the House bill allowing the National Indian Gaming Commission to collect \$12,000,000 in fees for fiscal year 2006. The Senate had an identical provision in section 126 of the Senate bill.

Sec. 131. The conference agreement retains a provision in section 127 of the Senate bill making funds available to the tribes within the California Tribal Trust Reform Consortium and others and separates this demonstration project from the Department of

the Interior's trust reform organization. The House had a similar provision in section 132 of the House bill.

Sec. 132. The conference agreement modifies a provision in section 128 of the Senate bill dealing with grazing permits in the Jarbidge field office of the Bureau of Land Management. The House had no similar provision.

Sec. 133. The conference agreement modifies a provision in section 130 of the Senate bill restoring mining claims voided due to defective waivers of the mining maintenance fee. The House had no similar provision.

Sec. 134. The conference agreement retains a provision in section 131 of the Senate bill allowing proceeds from the University of Nevada at Las Vegas Foundation's research park leases to be used to carry out the Foundation's research mission. The House had no similar provision.

Sec. 135. The conference agreement modifies a provision in section 132 of the Senate bill extending the authority of the Secretary of the Interior to collect fees pursuant to the Surface Mining Control and Reclamation Act. The House had no similar provision.

Sec. 136. The conference agreement retains a provision in section 133 of the Senate bill authorizing the Secretary of the Interior to acquire lands for the operation and maintenance of facilities in support of transportation of visitors to Ellis, Governors, and Liberty Islands. The House had no similar provision.

Sec. 137. The conference agreement includes a new provision to redesignate the ACE Basin National Wildlife Refuge, SC, as the Ernest F. Hollings ACE Basin National Wildlife Refuge.

Sec. 138. The conference agreement includes a new provision to exempt certain coastal barrier property in South Carolina from financial assistance and flood insurance limitations under the Coastal Barriers Resources Act and the National Flood Insurance Act of 1968.

Sec. 139. The conference agreement includes a new provision resolving a boundary encroachment on lands of the Union Pacific Railroad Company in Tipton, California; requiring the Secretary of the Interior to permit continued use and occupancy of certain privately owned cabins in the Mineral King Valley in the Sequoia National Park; and authorizing the continued use of certain lands within the Sequoia National Park by portions of an existing hydroelectric project.

Sec. 140. The conference agreement includes a new provision to designate certain lands within the Apostle Islands National Lakeshore in the State of Wisconsin as the Gaylord A. Nelson National Wilderness.

Sec. 141. The conference agreement includes a new provision regarding special use grazing permits on the Mojave National Preserve, CA.

Sec. 142. The conference agreement includes a new provision amending Public Law 92-195 concerning the management of wild horses and burros.

Sec. 143. The conference agreement includes a new provision excluding non-native migratory bird species from application of certain prohibitions under the Migratory Bird Treaty Act.

Sec. 144. Includes a new section transferring lands from the Bureau of Land Management to the Department of Veterans Affairs for construction of a new health facility, previously announced by the Department.

Sec. 145. The conference agreement includes a new provision adjusting the boundary of the Cumberland Island Wilderness and authorizing tours of the Cumberland Island National Seashore.

Sec. 146. The conference agreement includes a new provision dealing with the 2004–2005 snowmobile season.

The conference agreement does not include a provision proposed in section 118 of the House bill authorizing a cooperative agreement with the Golden Gate National Parks Association, CA.

The conference agreement does not include a provision proposed in section 124 of the House bill prohibiting posting of clothing optional signs at Canaveral NS, FL.

The conference agreement does not include a provision proposed in section 133 of the House bill limiting the use of the National Mall for special events.

The conference agreement does not include a provision proposed in section 129 of the Senate bill amending Public Law 104–208 to modify the authorized uses of franchise fund proceeds.

TITLE II—RELATED AGENCIES
DEPARTMENT OF AGRICULTURE
FOREST SERVICE
FOREST AND RANGELAND RESEARCH

The conference agreement provides \$280,278,000 for forest and rangeland research instead of \$280,654,000 as proposed by the House and \$279,883,000 as proposed by the Senate. The managers agree to the following changes to recommendations that were proposed by the House:

Project or activity	Conference recommendation	
	Change from House	Project total
General decrease	–\$1,800,000
Fixed costs	–1,000,000	\$6,109,000
Forest inventory and analysis	4,000,000	56,714,000
Advanced housing research consortium	–300,000	1,300,000
Adelgid research NE station	0	1,500,000
Sudden oak death research	0	2,500,000
Emerald ash borer research in Ohio	–250,000	250,000
Southern pine beetle initiative	0	2,000,000
Olympic Natural Resource Center, WA	0	300,000
Western Carolina Univ. biotechnology	–988,000	0
Watershed condition research initiative	–2,247,000	4,994,000
Invasive species initiative	0	1,081,000
Joe Skeen Inst. Montana St. Univ.	350,000	350,000
Forest Products Lab salvage lumber, WI	600,000	600,000
NE States research cooperative	25,000	2,000,000
Baltimore urban watershed, MD	2,000	200,000
Fernow expt. forest hydrology, WV	230,000	230,000
Morgantown, WV pests & pathogens	6,000	500,000
Sitka, AK lab	14,000	1,130,000
Hardwood tree improvement & regen, IN	921,000	921,000
Coweeta, technology transfer, NC	4,000	300,000

Project or activity	Conference recommendation	
	Change from House	Project total
Bent Cr. cumberland silviculture, NC	4,000	300,000
Joe Skeen Inst. Range. Research, NM	53,000	300,000
Adelgid and insects in east research	0	0
Coweeta hemlock wooly adelgid, NC	0	300,000

The managers also agree to the following:

1. The Forest Service should clearly display in future budget justifications the funding provided for various Congressional priorities, and display what part of the request includes funding for these items.

2. The funding for emerald ash borer research shown in the table above, \$250,000, should be utilized in Ohio, and should be in addition to other funding in the budget for ongoing research on this pest at other locations.

3. The funding remaining for the watershed condition initiative should be reprogrammed for other, higher priority fundamental research efforts, not including the FIA program.

4. The previous table provided above supercedes the Senate report instruction concerning funding levels and the across the board cuts.

5. The managers support funding, to the extent practicable, for implementation of the rules and protocols for carbon accounting as part of the climate change initiative.

STATE AND PRIVATE FORESTRY

The conference agreement provides \$296,626,000 for State and private forestry instead of \$282,446,000 as proposed by the House and \$291,169,000 as proposed by the Senate. Funding for this appropriation should follow the House recommendations unless otherwise instructed herein.

Forest Health Management.—The conference agreement provides \$55,000,000 for Federal lands forest health management as proposed by the House instead of \$46,012,000 as proposed by the Senate. The conference agreement includes \$48,300,000 for cooperative lands forest health management instead of \$48,000,000 as proposed by the House and \$35,214,000 as proposed by the Senate. The change from the House recommendation is the addition of \$300,000 for Vermont forest monitoring as proposed by the Senate.

The managers do not agree to the specific allocation providing funding for newly found pests or pathogens which was proposed by the Senate. The managers agree that the Forest Service should withhold a portion of forest health funding from immediate distribution so it is available later in the year to address new problems that may emerge. The managers recommend that the Administration stop proposing an emerging pest fund. The managers strongly encourage the Administration to use the Secretary's authority under Public Law 97-46 to fund the survey, evaluation, control and management of unplanned, emerging pest occurrences from funds available to the agencies or corporations of the Department of Agriculture. This approach has been used in the past for the Forest Service and has been used in previous years for emer-

gency pest projects by the Animal and Plant Health Inspection Service.

Cooperative Fire Assistance.—The conference agreement includes \$33,384,000 for State fire assistance instead of \$36,384,000 as proposed by the House and \$30,000,000 as proposed by the Senate. This allocation includes \$5,000,000 as proposed by the House for urgent work near the San Bernardino National Forest and a general program increase of \$2,000,000 above the House level. The managers do not agree to the specific allocation proposed by the House for community wildfire protection plans, but the managers do agree that this approach is of utmost importance and urge the Forest Service and the States to give this effort a very high priority.

The conference agreement includes \$6,000,000 for volunteer fire assistance as proposed by the Senate instead of \$5,443,000 as proposed by the House. The conference agreement also includes additional funds for State fire and volunteer fire assistance as part of the national fire plan funding within the wildland fire management account.

Forest Stewardship.—The conference agreement includes \$32,775,000 for forest stewardship instead of \$37,000,000 as proposed by the House and \$33,000,000 as proposed by the Senate. Changes from the House recommendations include a reduction of \$275,000 for Chesapeake Bay forestry for a total of \$1,225,000, a reduction of \$3,000,000 for community wildfire plans as proposed by the Senate, and a general decrease of \$950,000 as proposed by the Senate. Although there is no specific allocation for community wildfire plans, the managers strongly support this activity and encourage the Forest Service and the States to pursue this work. The managers have provided adequate funds within the forest stewardship program to begin an update of the Highlands Regional Study in order to identify high priority areas, including important conservation areas in Pennsylvania, to help ensure the health and sustainability of these sites through management, protection and wise use. The managers note that there is no funding for a grant for the Downeast Lakes forestry partnership and that forest stewardship funds should never be used for land acquisition or acquisition of interests in lands.

Forest Legacy Program.—The conference agreement includes \$57,939,000 for the forest legacy program instead of \$43,119,000 as proposed by the House and \$76,329,000 as proposed by the Senate. These funds are derived from the Land and Water Conservation Fund. The conference agreement includes the following distribution of funds for the forest legacy program:

<i>State and project</i>	<i>Conference</i>
TN Walls of Jericho	\$3,500,000
AL Mobile Tensaw Delta	1,200,000
MT Blackfoot—Clearwater	3,300,000
NJ Raritan River Watershed	3,800,000
MT North Swan River Valley	3,000,000
WA Cedar Green Forest	1,600,000
WI Wolf River	2,000,000
WV Potomac River Hills	1,000,000
AL Cumberland Mountain, Miller-Maxwell	1,200,000
DE Green Horizons	1,000,000
VA Dragon Run	600,000

<i>State and project</i>	<i>Conference</i>
VI Annaly Bay/Hermitage Valley	500,000
SC Catawba-Wateree Forest	3,000,000
ME Katahdin Forest	4,500,000
NM Horse Springs Ranch	2,500,000
WI Tomahawk—Northwoods—III	2,000,000
CO Banded Peaks	1,600,000
ME Sebago Lands	500,000
MA Stock Mountain North	375,000
WA Carbon River Forest, phase 1	1,300,000
KY Knobs State Forest (Kuhn's tract)	1,200,000
CA Six Rivers to the Sea	2,300,000
IA NE Upper Bluffs	550,000
UT Pioneer Ranch	750,000
NY Tahawus	1,700,000
VT Mt. Holly Wildlife Corridor II	500,000
MN Brainerd Lakes	2,000,000
ID St. Joe Basin, phase 3	3,500,000
MA Muschopauge Brook	400,000
VA The Cove	240,000
TN Scott's Gulf	1,500,000
RI Hoxie Farm	850,000
NH Thirteen Mile Woods II	2,000,000
VT Orange County Headwaters (Meadowsend)	450,000
NH Trout Pond	1,200,000
VT Chittenden	1,220,000
FL New State Start-up	500,000
OH New State Start-up	500,000
TX New State Start-up	500,000
Use of prior year funds	-7,300,000
Forest Legacy Program Administration, Acquisition Management, and Assessment of Need Planning	4,904,000
Total, Forest Legacy	57,939,000

The conference agreement retains bill language proposed by the House requiring notification of the Committees on Appropriations when the Forest Service makes funds available for specific forest legacy projects. The managers note that funds are not provided within the forest legacy program for the Senate proposed Mirror Lake project, NH. However, within the economic action program the conference agreement includes a grant to the Hubbard Brook Foundation to help conserve this area.

Urban and Community Forestry.—The conference agreement includes \$32,400,000 for the urban and community forestry program instead of \$32,000,000 as proposed by the House and \$33,111,000 as proposed by the Senate. Changes from the House recommendation for this activity include a decrease of \$100,000 for northeast PA community forestry for a total of \$500,000, and inclusion of Senate proposals of \$350,000 for the Chicago wilderness program, \$150,000 for the urban watershed forestry research and demonstration cooperative in Baltimore, MD, and a \$411,000 general program decrease.

The conference agreement replaces instructions in both the House and the Senate committee reports concerning the urban and community forestry allocation methodology. The managers have reviewed the allocation methodology for the urban and community forestry program proposed by the Forest Service in its report to the Committees on Appropriations. The managers have been addressing this issue for several years and are displeased with the slow rate of progress at implementing a better performance based allocation method which also includes a more fair assessment of State

program needs and capability. The managers understand that the timing of this appropriation makes it more difficult for the Forest Service to fully implement a performance based system in FY 2005. Therefore, the managers direct the Forest Service to provide quarterly updates to the House and Senate Committees on Appropriations regarding the establishment of a performance based allocation for the distribution of funds to the regions, and that the new allocation methodology with this modification be fully implemented in fiscal year 2006. The managers expect allocations for fiscal year 2005 to the States to remain at the levels as recommended in the agency's report.

Economic Action Programs.—The conference agreement includes \$19,300,000 for the economic action programs instead of \$10,000,000 as proposed by the House and \$19,975,000 as proposed by the Senate. The managers have provided \$500,000 for the Hinkle Creek project, OR, with the understanding that no further funding will be made available for this program. The conference agreement includes bill language concerning a \$2,000,000 direct payment for the Kake land exchange, AK and a direct payment of \$1,500,000 to Canton, NC for wood products wastewater repairs. The funds for the education and research consortium of western North Carolina should include the Pisgah Forest Institute, and allow expansion of the education initiative to appropriate institutions with natural resources expertise in Pennsylvania and northern California. The conference agreement includes the following distribution of funds:

<i>Program / Project</i>	<i>Conference</i>
Economic Recovery Program	\$5,000,000
WA state rural technology initiative	600,000
KY mine reforestation	500,000
Syracuse SUNY forestry technology	600,000
Pisgah forest envir. Ed, ERC, NC	2,000,000
NC Inst. Forest Biotech. heritage trees	200,000
Allegheny NF area, PA tourism	250,000
South Lake Tahoe MTBE study, CA NV	500,000
Chugach Avalanche Center, AK	200,000
Ketchikan Wood Tech. Center, AK	750,000
Vermont Wood Products Collaborative	500,000
North Carolina St./Forest res. & wood prods.	500,000
Fuels-in-schools biomass program, MT	1,500,000
Kake Land Exchange, AK	2,000,000
Alabama rural economic action	500,000
Hinkle Creek, OR watershed study	500,000
University of Idaho, Mica Cr.	250,000
Northern Forests Partnership program, NH	200,000
Utah Rural Development Council	400,000
Hubbard Brook Foundation, Mirror Lake, NH	750,000
Canton, NC wood products wastewater repair	1,500,000
New England value added wood products, MA	100,000
 Total, Economic Action Programs	 \$19,300,000

Forest Resource Information and Analysis.—The conference agreement includes \$5,028,000 for forest resource information and analysis as proposed by the Senate instead of \$9,000,000 as proposed by the House. Additional information concerning the FIA program is under the forest and rangeland research heading.

International Program.—The conference agreement includes \$6,500,000 for the International program as proposed by both the

House and the Senate. The managers agree with the Senate comments on forest sustainability and certification, but clarify that the Forest Service is encouraged to fund projects which promote overall environmental benefits provided by the use of credible, sustainable forest management and forest certification programs, and the Forest Service should not give a specific preference for any particular certification program.

NATIONAL FOREST SYSTEM

The conference agreement provides \$1,400,260,000 for the national forest system instead of \$1,399,599,000 as proposed by the House and \$1,387,149,000 as proposed by the Senate.

Funds should be distributed as follows:

Land management planning	\$64,057,000
Inventory and monitoring	169,659,000
Recreation, heritage & wilderness	260,969,000
Wildlife & fish habitat management	136,647,000
Grazing management	48,711,000
Forest products	277,097,000
Vegetation & watershed management	192,285,000
Minerals and geology management	56,532,000
Landownership management	93,427,000
Law enforcement operations	87,226,000
Vales Calderas National Preserve, NM	3,650,000
Centennial of Service challenge	10,000,000

Total	1,400,260,000
-------------	---------------

The following discussion describes funding changes from the House passed bill.

Land Management Planning.—This activity includes \$400,000 for the environmental training program proposed by the Senate and the Senate proposed general decrease of \$400,000.

Inventory and Monitoring.—The agreement does not include a special allocation for multi-party monitoring, although the managers do support this activity. The managers encourage various groups to participate in collaborative planning and engage in monitoring and note that fund transfers for monitoring are not limited to groups which were participants in the planning process.

Recreation, Heritage, and Wilderness Management.—The conference agreement includes a decrease of \$1,375,000 below the House recommended level, which is an increase of \$3,625,000 above the request and the Senate recommendation. The managers note that the current eruptive activity at Mt. St. Helens National Volcanic Monument has greatly increased the need for visitor services as well as media and science program support and emergency readiness. In addition, the managers note that May 18, 2005, will be the 25th anniversary of the catastrophic blast. The managers encourage the Forest Service to consider the use of \$2,000,000 of the increased funding above the request for this activity to support activities at the Monument. The Forest Service should use emergency incident funding sources when needed during eruptive episodes to assure proper and safe management of the public.

Wildlife and Fish Habitat Management.—This activity includes the Senate proposed increase of \$250,000 for the Batten Kill River, VT, and a general program decrease of \$125,000.

Forest Products.—The managers agree to the Senate proposed earmark in bill language of \$5,000,000 for Tongass national forest timber sales preparation. The agreement does not include a special allocation for restoration projects as proposed by the Senate, although the managers agree that this is a very important use of funds and have included an increase above the request which may be used for such purposes. The managers clarify that the required report on timber sale claims proposed by the Senate should deal with those years where the data are available. The managers agree that the forestry work on the Lincoln NF, NM should be done cooperatively with the Mescalero Apache tribe when practicable and consistent with national forest system regulations and procedures.

Vegetation and Watershed Management.—The managers include a total of \$1,000,000 for Wayne NF, OH watershed recovery but do not agree with the Colville NF allocation. The agreement includes Senate proposed funding of \$1,000,000 for the Tongass national forest, AK, pre-commercial thinning, \$350,000 for leafy spurge eradication in North Dakota, and a general decrease of \$2,500,000. No specific appropriated allocation is designated for the Lake Tahoe basin.

Law Enforcement.—This activity includes a decrease of \$100,000 for Daniel Boone NF, KY, drug control.

Valles Caldera National Preserve.—The conference agreement includes the funding level and bill language as proposed by the Senate. The managers direct the Forest Service and the board of the preserve to provide the House and Senate Committees on Appropriations with an annual report depicting operations, deferred maintenance, and capital infrastructure needs over a 5-year time frame. This should be prioritized, and should explain how the individual projects relate to health and safety and to other aspects of the preserve's goals. The first report should be presented by April 30, 2005, and thereafter, reports should be included in the annual budget justifications, and the reports should include annual summaries of past accomplishments.

WILDLAND FIRE MANAGEMENT

The conference agreement provides \$1,727,008,000 for wildland fire management instead of \$1,734,865,000 as proposed by the House and \$1,703,897,000 as proposed by the Senate. The managers note that Title IV also includes a special allocation of \$400,000,000 for urgent wildfire suppression under certain circumstances.

Wildfire Preparedness.—The agreement includes \$686,000,000 for preparedness as proposed by the Senate instead of \$693,627,000 as proposed by the House. The managers reiterate the direction contained in the House and Senate reports regarding the need to maintain the level of fire readiness accomplished in fiscal year 2004. The managers note that the grounding of large airtankers this past season, and the need to assure the availability of effective aviation firefighting assets in fiscal year 2005 and beyond creates additional demands on limited wildfire preparedness and suppression funding. Accordingly, in order to assure a preparedness level equal to that attained in fiscal year 2004, the managers direct the Forest Service to charge expenses to wildfire suppression for un-

planned costs related to the grounding of airtankers, and for the unplanned additional costs necessary to assure sufficient aviation resources are available to maintain initial attack capability and suppress wildfires.

Wildfire Suppression Operations.—The conference agreement includes \$658,000,000 for suppression operations as proposed by the House instead of \$658,400,000 as proposed by the Senate. The managers have provided the full amount of the ten year average cost of wildfire suppression, an increase of \$60,870,000 above the fiscal year 2004 funding level.

The managers concur with concerns expressed in the House and Senate reports regarding the need to control suppression costs. The managers are concerned that effective performance measures are not in place on an inter-agency basis to report on suppression costs. It is imperative that the Secretaries establish appropriate performance metrics promptly. This includes the integration of reporting systems, implementation of policies through the Wildland Fire Leadership Council for cost reporting, and responding to findings of the independent cost control review panel established under Public Law 108–287. The managers direct the Secretaries to submit a report no later than June 30, 2005, on performance measures planned for implementation in fiscal year 2006 to be used on an inter-agency basis. In the interim, the managers have modified language for reporting wildfire suppression costs in fiscal year 2005 as follows: (1) Average cost per fire using a statistically representative sample, stratified as follows: small (<300 acres), medium (300–20,000 acres), and large (>20,000 acres) fires not contained in initial attack; (2) cost per acre burned, using a statistically representative sample for fires not contained in initial attack stratified by small, medium, and large; and (3) the percentage of fires, using a statistically representative sample, not contained in initial attack that exceed a “stratified fire cost index.” This index would take into account known fire characteristics that affect expenditures; specifically, fire intensity, size, Forest Service region and proximity to communities, using historical cost per acre as a basis. In addition, the managers direct the Forest Service to develop and implement direction for identifying a “most cost effective” wildland fire situation analysis alternative no later than October 1, 2005, and report the percentage of fire events that adopt this alternative under the wildland fire situation analysis computer decision support system beginning in fiscal year 2006.

The managers concur with the Senate direction concerning the preparation of a strategic plan for fire and aviation resources. The managers expect that the plan will indicate the costs associated with determining the useful life of the P–2V air tanker.

Other Wildfire Operations.—The conference agreement includes \$383,008,000 for other fire operation activities instead of \$383,238,000 as proposed by the House and \$359,497,000 as proposed by the Senate. The allocation of this funding is as follows:

<i>Program</i>	<i>Amount</i>
Hazardous fuels	\$266,238,000
Rehabilitation & restoration	13,000,000
Research & development	22,025,000
Joint fire science	8,000,000
Forest health management—Federal	15,000,000

<i>Program</i>	<i>Amount</i>
Forest health management—cooperative	10,000,000
State and community fire assistance	40,745,000
Volunteer fire assistance	8,000,000
	383,008,000

Total other wildfire operations 383,008,000

The conference agreement includes \$266,238,000 for hazardous fuels treatments as proposed by the House and the Senate, an increase of \$32,758,000 over the fiscal year 2004 level. This allocation includes the Senate proposals of \$1,000,000 for the Chugach NF, AK and \$1,500,000 for the Santa Fe watershed, NM. The managers have not included a specific amount for the Lake Tahoe basin. The managers have not included a specific allocation for the Ecological Restoration Institute, AZ, but the managers understand that the Forest Service plans to work with the Institute on a variety of projects. The managers have included bill language making up to \$5,000,000 of hazardous fuels funds available for making grants to promote the economical removal of biomass from national forest lands. The managers direct the Forest Service to develop this program with the clear intent to make grants that will result in increased commercial use of biomass products, and which will thereby result in reduced overall hazardous fuels program costs. The managers further direct that a report detailing the progress of this effort shall be submitted to the House and Senate Committees on Appropriations no later than six months after the enactment of this Act. Bill language proposed by the House concerning hazardous fuels contracting authorities is deleted as recommended by the Senate because these authorities are contained within a Title III general provision.

The conference agreement includes \$13,000,000 for rehabilitation and restoration activities as proposed by the House. The managers direct that \$2,000,000 be made available to the native plant materials program to be used in conjunction with the similar effort at the Department of the Interior under the joint guidance of the interagency plant conservation alliance.

The conference agreement includes \$22,025,000 for research and development activities. Changes from the House proposal include increases of \$1,300,000 for the University of Montana landscape analysis center and \$200,000 for the related University of Idaho project and a \$2,475,000 general program decrease.

The conference agreement includes \$15,000,000 for Federal forest health activities and \$10,000,000 for cooperative forest health activities as proposed by the House. These funds should be used for high priority work, as part of the national fire plan, to implement activities which restore forests and reduce wildfire danger to natural resources and communities.

The managers have included \$40,745,000 for State and community fire assistance. Changes from the House recommendation include increases of \$2,100,000 for the Alaska Kenai Peninsula Borough, \$1,500,000 to the Municipality of Anchorage, \$1,600,000 for the Matanuska-Susitna Borough, AK, \$1,000,000 for the Fairbanks North Star Borough, AK, and \$300,000 for the Cook Inlet tribal council, AK, and a general program decrease of \$5,755,000 below the House level as proposed by the Senate. Of the amount provided to the Municipality of Anchorage, \$1,000,000 shall be for

the Anchorage Soil and Water District for its Firewise program, to be used solely for the removal of dead and dying trees and to the maximum extent possible, local contractors should be used. Each of the amounts in this paragraph shall be distributed in the form of an advance direct lump sum payment.

Within the funds for State fire assistance, \$200,000 should be provided to Lincoln County, NV. The volunteer fire assistance allocation is \$8,000,000 as proposed by the House and the Senate.

CAPITAL IMPROVEMENT AND MAINTENANCE

The conference agreement provides \$521,952,000 for capital improvement and maintenance instead of \$522,940,000 as proposed by the House and \$516,169,000 as proposed by the Senate. The conference agreement provides for the following distribution of funds:

<i>Activity/Project</i>	<i>Amount</i>
Facilities:	
Maintenance	\$81,531,000
Capital Improvement	95,524,000
Congressional Priorities:	
Allegheny NF, PA	2,800,000
D. Boone NF, recreation improvements, KY	600,000
National Forests of North Carolina	2,500,000
Cherokee NF, TN	900,000
San Bernardino NF, CA	2,000,000
Tongass Admir. NM/Juneau RD admin site, AK	4,283,000
Monongahela NF facilities, WV	1,960,000
Chugach NF Valdez visitor center, AK	500,000
Smith County Lake, MS	500,000
Forest products lab durability test facility, WI	1,000,000
Ouachita NF visitor center and admin, OK	1,500,000
Mystic ranger station and research, additional funds, SD	1,200,000
Log transfer facilities R10, AK	1,500,000
Chugach NF Russian River interagency visitor center, AK	1,000,000
Chugach NF & AK railroad backcountry whistlestop, AK	1,600,000
Daniel Boone NF Fitchburg Furnace, KY	670,000
Subtotal Facilities	201,568,000
Roads:	
Maintenance	146,795,000
Capital Improvement	76,291,000
Congressional Priorities:	
Williams River & Spruce Knob roads, WV	1,500,000
Tongass NF, AK	5,000,000
Subtotal Road	229,586,000
Trails:	
Maintenance	39,013,000
Congressional Priorities:	
FL National Scenic Trail	500,000
Continental Divide Trail	500,000
Pacific Crest National Scenic Trail	500,000
Appalachian Trail	75,000
Nez Perce Trail	400,000
North Country Trail	75,000
Other National and Historic Trails	433,000
Capital Improvement	32,778,000
Congressional Priorities:	
FL National Scenic Trail	500,000
Continental Divide Trail	1,000,000

<i>Activity/Project</i>	<i>Amount</i>
Pacific Crest Trail improvements, CA OR WA	1,000,000
Subtotal Trails	<u>76,774,000</u>
Infrastructure Improvement:	
Fish Passage Barriers, R6 & R5	4,000,000
Deferred Maintenance	10,024,000
Subtotal Infrastructure Improvement	<u>14,024,000</u>
Total, Capital Improvement and Maintenance	521,952,000

The managers agree with the overall program direction for this account provided by both the House and the Senate. The funds provided for the Allegheny NF include \$230,000 for the Kiasutha campground, \$1,085,000 for Kinzua wolf run marina, \$285,000 for the Willow Creek ATV site, \$200,000 for Marienville district displays, and \$1,000,000 for the Bradford administrative site. The funds included for the Daniel Boone NF are for the London Dock boat ramp and completion of the Craigs Creek campground. The North Carolina national forests funding includes \$1,000,000 for the Santeetlah phase III project, \$500,000 for the Cradle of Forestry roof repairs, and \$1,000,000 for the Curtis Creek recreation area, Wilson Creek access project. The Cherokee NF funding includes \$400,000 for Chilhowee campground improvements, \$350,000 for the Ocoee Whitewater Center maintenance and interpretive upgrades, and \$150,000 to complete a management plan, with public involvement, for the Ocoee and Hiawassee Corridor. The funding for the San Bernardino NF is intended for the supervisor's office. The Forest Service should contract with Cook Inlet Regional Corporation, for work on the Russian river interagency center.

The managers expect that the specific allocations provided for the National scenic and historic trails will become part of the base budgets for the forests and the regions which host these important resources so that this detailed level of Committee oversight should not be required in future years. The service should continue annual displays of funding needs and accomplishments of these trails in the budget justification.

The managers note that in several cases specific congressional priority projects involve maintenance, improvement, and construction of a combination of facilities, roads, and trails. Although such congressional priorities are reflected in a single budget line item, the managers expect the agency to comply with congressional intent for completion of the entire project and authorize the agency to move funds between budget lines within the account to complete projects as intended while accurately reflecting project costs.

LAND ACQUISITION

The conference agreement provides \$61,866,000 for land acquisition instead of \$15,500,000 as proposed by the House and \$82,524,000 as proposed by the Senate.

The managers agree to the following distribution of funds:

<i>Area (State)</i>	<i>Amount</i>
Alabama National Forests, multiple NFs (AL)	\$1,900,000
Arapahoe NF: Arapaho, Miller Property (CO)	1,025,000
Arapahoe NF: Beaver Brook Watershed (CO)	2,000,000
Bonneville Shoreline Trail, multiple NFs (UT)	1,800,000

<i>Area (State)</i>	<i>Amount</i>
Chattahoochee-Oconee NF: Georgia Mtns. Riparian Project (GA)	1,000,000
Chequamegon-Nicolet NF: Wisconsin Wild Waterways (WI)	3,200,000
Cherokee NF: Tennessee Mountains (TN)	500,000
Chippewa/Superior NF: Minnesota Wilderness (MN)	375,000
Coconino NF: Sedona/Red Rocks/Oak Creek (AZ)	1,800,000
Columbia River Gorge NSA, multiple NFs (OR/WA)	1,000,000
Custer NF: Schwend Mtn. Ranch (MT)	1,200,000
Daniel Boone NF (KY)	1,000,000
Flathead NF: Swan Valley (MT)	3,000,000
Florida NF: Florida National Scenic Trail (FL)	2,000,000
Florida NF: Suwannee Wildlife Corridor (FL)	2,000,000
Great Lakes/Great Lands, multiple NFs (MI)	1,800,000
Greater Yellowstone Area, multiple NFs (MT/ID)	3,500,000
Green Mountain NF (VT)	1,000,000
Helena & Lolo NFs: Blackfoot Challenge (MT)	10,000,000
Hoosier NF: Hoosier Unique Areas (IN)	435,000
Idaho Wild and Scenic Rivers (Indian Creek Ranch), multiple NFs (ID)	565,000
Lolo NF: Hiawatha Trail (MT)	360,000
Mark Twain NF: Ozark Mountain Streams and Rivers (MO)	500,000
Monongahela NF: Monongahela Historic Areas (WV)	270,000
Okanogan-Wenatchee NF: I-90 Corridor (WA)	3,400,000
Ouachita NF: Ozark St. Francis (AR)	1,000,000
Pacific Northwest Streams, multiple NFs (OR/WA)	1,500,000
San Bernardino NF (CA)	1,500,000
Santa Fe Protection & Watershed, multiple NFs (NM)	1,500,000
Shawnee NF: Illinois Disappearing Habitat (IL)	850,000
Sierra Nevada Inholdings, multiple NFs (CA)	1,500,000
Six Rivers NF: Goose Creek-Smith River (CA)	2,136,000
Wasatch-Cache NF: High Uintas (UT)	1,000,000
White River NF: High Elk Corridor (CO)	750,000
Use of unobligated balances	- 11,000,000
Subtotal	46,366,000
Acquisition Management	13,000,000
Critical Inholdings/Wilderness Protection	1,500,000
Land Exchange Equalization Payment	1,000,000
Total	61,866,000

The managers expect the Forest Service to ensure that acquisitions associated with the Blackfoot Challenge are consistent with Federal appraisal standards. The Forest Service should not pay more than the fair market value determined by those appraisals.

ACQUISITION OF LANDS FOR NATIONAL FORESTS SPECIAL ACTS

The conference agreement provides \$1,069,000 for the acquisition of lands for national forests special acts as recommended by both the House and the Senate.

ACQUISITION OF LANDS TO COMPLETE LAND EXCHANGES

The conference agreement provides an indefinite appropriation estimated to be \$234,000 for the acquisition of lands to complete land exchanges as proposed by both the House and the Senate.

RANGE BETTERMENT FUND

The conference agreement provides an indefinite appropriation estimated to be \$3,064,000 for the range betterment fund as proposed by both the House and the Senate.

GIFTS, DONATIONS AND BEQUESTS FOR FOREST AND RANGELAND
RESEARCH

The conference agreement provides \$65,000 for gifts, donations and bequests for forest and rangeland research as proposed by both the House and the Senate.

MANAGEMENT OF NATIONAL FOREST LANDS FOR SUBSISTENCE USES

The conference agreement provides \$5,962,000 for management of national forest system lands for subsistence uses in Alaska as proposed by both the House and the Senate.

ADMINISTRATIVE PROVISIONS, FOREST SERVICE

The managers agree to the following changes to the House recommendations:

1. The Senate language concerning abolishing or moving a regional office is included as in previous years.

2. The House and Senate bill language is deleted which prevented funds from this Act to be used for implementing section 8002 of the Farm Security and Rural Investment Act of 2002 (the Forest Land Enhancement Program). The conference agreement cancels \$20,000,000 from this activity instead of no cancellation as proposed by the House and the Senate proposed cancellation of \$40,000,000.

3. The Senate proposed language concerning sale of facilities and use of receipts on the Green Mountain NF, VT is included although authority is provided for 2 years.

4. The Senate language is included limiting Older Americans Act staff treatment as Federal employees to December 31, 2005.

5. The Senate language is included concerning school payments for certain dependents of agency personnel in Puerto Rico.

6. The Senate proposal concerning sale of excess buildings on the Wasatch-Cache NF, UT is included but provided for two years.

7. A technical change to the aircraft authority is included which allows leasing of certain firefighting aircraft.

Funds in the budget request for the e-government initiatives "SAFECOM" and disaster management should be reprogrammed to cover fixed costs not funded in the budget.

The managers direct the Secretaries of Agriculture and the Interior to continue the ongoing research on the success of the Resource Advisory Councils established under the 2000 Secure Rural Schools and Community Protection Act.

DEPARTMENT OF ENERGY

CLEAN COAL TECHNOLOGY

(DEFERRAL)

The conference agreement defers the availability of \$257,000,000 in clean coal technology funds until October 1, 2005, as proposed by the Senate instead of a deferral of \$237,000,000 as proposed by the House. The FutureGen program is not funded in this account, as proposed by the House, but is funded in the fossil energy research and development account.

The managers expect the Department to include a table on the FutureGen program, as outlined in the House Report 108–542, in future budget requests for fossil energy research and development account. The managers make no assumptions on the future use of deferred clean coal technology funds.

FOSSIL ENERGY RESEARCH AND DEVELOPMENT

The conference agreement provides \$579,911,000 for fossil energy research and development instead of \$601,875,000 as proposed by the House and \$542,529,000 as proposed by the Senate. The changes described below are to the House recommended funding level.

FutureGen.—There is an increase of \$18,000,000 for the FutureGen power plant initiative.

Clean Coal Power Initiative.—There is a decrease of \$55,000,000 for the clean coal power initiative. The managers note that funding will need to be increased substantially in fiscal year 2006 if the program is to remain on a schedule consistent with the President's clean coal initiative.

Innovations for Existing Plants.—There is an increase of \$1,300,000 for innovations for existing plants of which \$800,000 is for the Research Partnership to Secure Energy for America for domestic fossil fuel research, including a thermoenergy integrated power system to achieve an advanced level of clean, economical power generation from coal, and other exploration and production technologies.

Advanced Systems.—There is a decrease of \$2,000,000 for gasification systems technology and an increase of \$800,000 for combustion systems to complete the Environmental Control Technology Laboratory project at Western Kentucky University, including research leading to zero emissions for combustion systems.

Fuels.—In transportation fuels and chemicals, there is an increase of \$1,000,000 in the coal to liquids program to expand small footprint plant conversion technology and an increase of \$3,000,000 in the solid fuels and feedstocks program to build on hydrogen from coal efforts with the University of North Dakota Energy and Environmental Research Center. There is also a general program decrease of \$1,500,000 for hydrogen from coal research. In advanced fuels research, there is a decrease of \$500,000 for C–1 chemistry.

Advanced Research (Coal).—In coal utilization science, there are increases of \$4,000,000 for the Center for Zero Emissions Coal Research, and \$1,000,000 for the Arctic Energy Office, which continues that program at last year's level.

Distributed Generation Systems/Fuel Cells.—In advanced research, there is an increase of \$5,000,000 for HiTEC, and a general reduction of \$3,000,000 below the House proposed level. In systems development, there is a decrease of \$2,700,000. Funding provided in systems development completes the molten carbonate fuel cell/hybrid project. In vision 21 hybrids, this will be the last year of funding for the tubular solid oxide fuel cell program. In innovative concepts, there is a \$5,000,000 increase to initiate a competitively awarded turbine hybrid integration program.

Natural Gas Exploration and Production.—In natural gas exploration and production, there are increases of \$1,500,000 for na-

tional laboratory/industry partnerships and \$4,000,000 for the Arctic Energy Office (an increase of \$1,000,000 above last year's level), and decreases of \$3,000,000 for advanced drilling completion and stimulation and \$1,000,000 for liquefied natural gas research.

Natural Gas Infrastructure.—In natural gas infrastructure, there is an increase of \$1,371,000 for delivery reliability research.

Effective Environmental Protection (Natural Gas).—In effective environmental protection, there is an increase of \$1,000,000 to continue and expand research on coal bed methane, including produced water research.

Oil Technology/Exploration and Production.—In oil technology exploration and production, there is an increase of \$1,500,000 for national laboratory/industry partnerships and a decrease of \$500,000 for reservoir efficiency. The managers note that the Arctic Energy Office is funded at last year's level of \$2,000,000.

Reservoir Life Extension.—There is a decrease of \$1,000,000 for domestic resource conservation in the reservoir life extension program.

Effective Environmental Protection (Oil).—There is a decrease of \$300,000 for environmental science in the effective environmental protection program.

Other Programs.—In cooperative research and development, there is an increase of \$1,065,000. In environmental restoration, there is a decrease of \$1,000,000.

Bill Language.—Bill language is included providing for the use of \$18,000,000 for the FutureGen program as proposed by the Senate. The House included language under the clean coal technology account.

Language also is included earmarking \$50,000,000 for the clean coal power initiative as proposed by the Senate instead of \$105,000,000 as proposed by the House. The managers note that funding for the clean coal power initiative will need to be increased substantially in fiscal year 2006 to keep this initiative on schedule.

The managers agree to the following:

1. The table required by the House (under the clean coal technology heading) detailing the history and annual budget request for FutureGen should be included in future budget requests for fossil energy research and development.

2. Within available funds, the director of the National Energy Technology Laboratory, in cooperation with the heads of the Strategic Petroleum Reserve and the Naval Petroleum and Oil Shale Reserves, should evaluate the viability of developing oil shale reserves, with emphasis on available technologies, and on cost and environmental impacts, and report the findings to the House and Senate Committees on Appropriations no later than May 1, 2005.

3. Within the funds provided for sequestration research and development, the Department should consider oxygen fuel technology currently being tested by DOE's Albany Research Center.

4. Research efforts through the National Science Foundation industry-university cooperative research center for fuel cell research, SC, should be considered in the energy conservation account.

NAVAL PETROLEUM AND OIL SHALE RESERVES

The conference agreement provides \$18,000,000 for naval petroleum and oil shale reserves as proposed by both the House and the Senate.

ELK HILLS SCHOOL LANDS FUND

The conference agreement provides \$36,000,000 to become available on October 1, 2005, for the 7th payment to the Elk Hills School Lands Fund as proposed by both the House and the Senate.

Bill Language.—Bill language is included referencing the settlement agreement of October 11, 1996, between the State of California and the Department of Energy as proposed by the House. The Senate did not reference the specific agreement.

ENERGY CONSERVATION

The conference agreement provides \$649,092,000 for energy conservation instead of \$656,071,000 as proposed by the House and \$854,299,000 as proposed by the Senate. The House bill did not include funding for the weatherization assistance program because funding and jurisdiction for that program were transferred to the Appropriations Subcommittee on Labor, Health and Human Services, Education and Related Agencies in the House of Representatives. The changes described below are to the House recommended funding level.

Vehicle Technologies.—In simulation and validation, there is a decrease of \$200,000. In advanced power electronics, there is a decrease of \$400,000. In the advanced combustion engine program, there is a decrease of \$1,000,000 for combustion and emission control, an increase of \$2,300,000 for heavy truck engine research, and an increase of \$2,000,000 for turbocharger research in the waste heat recovery program. In materials technology, there is a decrease of \$500,000 for the Vulcan Beam Line payment as part of the high temperature materials laboratory program. In fuels technology, there is a decrease of \$1,000,000 for advanced petroleum based fuels and, in the non-petroleum fuels and lubes program, there is an increase of \$2,400,000 for renewable and synthetic fuels and a decrease of \$700,000 for heavy truck research. There is also a decrease of \$1,000,000 in the environmental impacts program.

Fuel Cell Technologies.—In distributed energy systems, there is a decrease of \$500,000. In stack component research and development, there is a decrease of \$1,500,000 for catalyst-specific research and an increase of \$7,000,000 for other stack component research.

Weatherization and Intergovernmental Assistance.—There is a decrease of \$300,000 for State energy program grants. In gateway deployment, there are decreases of \$1,000,000 for Rebuild America and \$1,000,000 for building codes training and technical assistance, and an increase of \$250,000 for the energy star program.

Funding for the weatherization assistance program is addressed in a separate portion of this Act.

Distributed Energy Resources.—In distributed energy resources, there are decreases of \$500,000 for microturbines, \$200,000 for advanced materials and sensors, and \$800,000 for

thermally activated technology. In applications integration, there is a decrease of \$500,000 for fuel flexibility in distributed generation systems, with the understanding that the balance of the funding will be used for combustion work, and an increase of \$1,000,000 for the national accounts energy alliance.

Building Technologies.—In residential buildings integration, there is an increase of \$1,000,000 for the Building America program and a decrease of \$250,000 for residential building energy codes. In commercial buildings integration, there is a decrease of \$250,000 for commercial building energy codes. In emerging technologies, there is an increase of \$1,500,000 for the solid state lighting initiative and a decrease of \$400,000 for space conditioning and refrigeration, and, in the building envelope program, there is a decrease of \$400,000 for thermal insulation and building materials and an increase of \$750,000 for windows research. In equipment and analysis, there is an increase of \$750,000 for appliance standards. There is also an increase of \$500,000 for oil heat research.

Industrial Technologies.—In industries of the future (specific), decreases include \$1,700,000 for forest and paper products, \$1,000,000 for steel, \$1,000,000 for aluminum, \$52,000 for metal casting, \$700,000 for glass, \$2,800,000 for chemicals, \$700,000 for mining, and \$27,000 for supporting industries. In industries of the future (crosscutting) there is a decrease of \$550,000 for industrial assessment centers.

Biomass and Biorefinery Systems.—In biomass and biorefinery systems, there is a decrease of \$5,000,000 for gasification programs.

Federal Energy Management Program.—There is an increase of \$500,000 for the Federal Energy Management Program.

Other.—There is a decrease of \$1,000,000 for cooperative programs with States. The managers expect that management of the Rebuild America program will be assumed by the State Technologies Advancement Collaborative in fiscal year 2005 and anticipate that there will be synergies between these programs.

Bill Language.—The conference agreement earmarks \$44,798,000 for State energy conservation grants instead of \$45,098,000 as proposed by the House and \$43,798,000 as proposed by the Senate.

The managers agree to the following:

1. Within the funds provided for fuel cell technology, the Department should consider expanding the Porvair project.

2. The managers are aware of positive test results, provided to the Department, on a non-precious metal, tungsten oxide, PEM fuel cell, cathode catalyst. These results are promising from the standpoints of performance and non-degradation. The Department is strongly encouraged to fund further characterization and optimization of this cathode catalyst.

3. In distributed energy resources, the funding provided for thermally activated technology is to complete the existing residential generator absorber heat exchanger heat pump program.

4. The Rebuild America program is to be managed by the State Technologies Advancement Collaborative. The Department should move quickly to facilitate the transfer of administrative management for this program to STAC. The managers are pleased with

STAC's management of the cooperative programs with the States and believe that the Rebuild America program will benefit from STAC management. The Department should examine other programs for potential STAC involvement in fiscal year 2005.

5. The new solicitation for off-highway research is not meant to eliminate funding for cooperative research and development agreements. The Department should consult with the House and Senate Committees on Appropriations on the appropriate distribution of funds between the new solicitation and CRADAs.

6. Within the funds provided for materials technology in the vehicle technologies program, research should be continued and expanded on thermoplastic composite materials and manufacturing infrastructure.

7. In the industrial materials for the future program, \$1,000,000 should continue to be provided to the Metals Processing Laboratory Users Facility.

8. The managers understand that the Department will soon issue an Exceptional Circumstances Determination with regard to solid state lighting core technology research, with the purpose of facilitating favorable access to the resulting intellectual property by members of the Next Generation Lighting Industry Alliance. This access is in exchange for the active work for the Alliance in using its experience and expertise to bring a manufacturing and commercial focus to the solid state lighting project portfolio, as stipulated in the competitive solicitation by which the Alliance was selected. The managers support this arrangement and believe it will facilitate the deployment of solid state lighting technologies and accelerate reductions in electrical energy consumption.

9. The managers support the reprogramming of necessary funds to support program administration costs at the National Energy Technology Laboratory. The Committees approved a reprogramming for this purpose in 2004 and realize that further internal reprogrammings will be necessary in 2005. The Committees expect the Department to realign its budget to reflect the appropriate levels of funding for this purpose in the 2005 funding column of the fiscal year 2006 budget request. The Department should consult with the Committees prior to the budget submission.

STRATEGIC PETROLEUM RESERVE

The conference agreement provides \$172,100,000 for the strategic petroleum reserve as proposed by both the House and the Senate.

NORTHEAST HOME HEATING OIL RESERVE

The conference agreement provides \$5,000,000 for the northeast home heating oil reserve as proposed by both the House and the Senate.

ENERGY INFORMATION ADMINISTRATION

The conference agreement provides \$85,000,000 for the energy information administration as proposed by the House instead of \$84,000,000 as proposed by the Senate.

ADMINISTRATIVE PROVISIONS, DEPARTMENT OF ENERGY

The conference agreement retains the House bill language dealing with the use of receipts by the Department of Energy.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

INDIAN HEALTH SERVICE

INDIAN HEALTH SERVICES

The conference agreement provides \$2,633,072,000 for Indian health services instead of \$2,628,322,000 as proposed by the House and \$2,633,624,000 as proposed by the Senate. The changes described below are to the House recommended funding level.

Hospital and Health Clinic Programs.—In hospital and clinic programs, there is a decrease of \$3,750,000 for the Indian health care improvement fund and an increase of \$500,000 for staffing at the King Cove, AK, clinic.

Contract Health Care.—There is an increase of \$8,000,000 for contract health care.

Bill Language.—The conference agreement earmarks \$487,085,000 for contract health care instead of \$479,085,000 as proposed by the House and \$491,085,000 as proposed by the Senate. The conference agreement modifies language, proposed by the Senate, earmarking funds for alcohol control, enforcement, prevention, treatment, sobriety and wellness, and education programs in Alaska. The modification provides \$15,000,000 for these programs instead of \$16,000,000 and permits the use of 15 percent of funds for administrative overhead instead of 10 percent. The House had no similar provision. The distribution of funds proposed by the Senate is modified to provide \$8,000,000 to Alaska Native regional organizations, with \$2,000,000 (rather than \$3,000,000) to be divided among the remaining organizations as specified in item (5) in the Senate report. Item (a) in the Senate report is revised as follows: (a) \$2,000,000 shall be provided as a direct lump sum payment to the State of Alaska Department of Public Safety to distribute on a timely basis to Alaska Native non-profit corporations to operate the Village Public Safety Officer Program.

The managers agree to the following:

1. The Service should reprogram the increases provided for pay cost increases so that there is an equitable distribution across all Federal and tribal programs.

2. The Recruitment of American Indians into Nursing program at the University of North Dakota is funded at last year's level, which includes the \$95,000 provided in fiscal year 2003.

3. The Service should provide a report on the use of funds to date for the special alcohol and substance control, enforcement, prevention, treatment, sobriety and wellness, and education programs in Alaska. The report should be provided no later than 60 days after enactment of this Act. This progress report was due to the House and Senate Committees on Appropriations on January 15, 2004, and the managers find the Service's lack of response totally unacceptable.

4. The Alaska Federal Health Care Access Network is funded at last year's level.

INDIAN HEALTH FACILITIES

The conference agreement provides \$394,048,000 for Indian health facilities instead of \$405,048,000 as proposed by the House and \$364,148,000 as proposed by the Senate.

The managers agree to the following distribution of funds:

<i>Project</i>	<i>Amount</i>
Barrow Hospital, AK	\$3,000,000
Clinton, OK clinic	19,300,000
Eagle Butte, SD clinic	5,000,000
Fort Belknap, MT staff quarters	5,000,000
Joint Ventures (using existing list)	4,800,000
Mobile dental units	1,000,000
New health clinic planning and design	1,000,000
Phoenix Indian Medical Center, AZ	4,000,000
Red Mesa, AZ health center	19,382,000
Sisseton, SD health center	17,300,000
Small ambulatory facilities	5,000,000
Wagner, SD staff quarters	2,538,000
Zuni, NM staff quarters	2,525,000
Subtotal	89,845,000
Other:	
Maintenance and improvement	49,897,000
Sanitation facilities	93,158,000
Facilities and environmental health support	143,567,000
Equipment	17,581,000
Total	394,048,000

Bill Language.—The conference agreement includes language proposed by the Senate permitting the use of funds for the purchase of land for replacement of the health care facility in Barrow, Alaska. The House had no similar provision.

The conference agreement modifies language proposed by the House permitting the use of funds to purchase land for the northern and southern California youth regional treatment centers for alcohol and substance abuse. The modification specifies that such land should be purchased using prior year unobligated funds. The Senate had no similar provision.

Bill language, proposed by the Senate, authorizing the construction of a replacement health care facility in Nome, Alaska is not included but the managers note that this project should be considered in future budget requests.

The managers agree to the following:

1. The funds provided for the Barrow, AK hospital are for land acquisition and planning. The total estimated cost of the facility is \$125 million.

2. The Service should finalize the site selections for the northern and southern California youth regional treatment centers for alcohol and substance abuse and, after the sites are selected, include funds in the budget request for construction of these facilities.

3. The funds included for the Eagle Butte, SD, clinic are for site preparation.

4. The total estimated cost of the Fort Belknap, MT, staff quarters project is \$8,300,000. The \$5,000,000 provided for fiscal year 2005 should be used to construct staff quarters in Harlem, MT. Funding for staff quarters in Hayes, MT, should be included in the fiscal year 2006 budget request.

5. Funds for the Phoenix Indian Medical Center, AZ, are for the design of a southwest clinic and a southeast clinic.

6. The funds for new health clinic planning and design are to initiate design of the San Carlos, AZ, clinic and the Kayenta, AZ, clinic. The Service recently approved the program justification documents for these two facilities.

7. The Service should move quickly to issue a new solicitation for small ambulatory care facilities. There should be a 30-day tribal comment period prior to issuance of the final solicitation.

8. The Service has informed the Committees that the funds provided for the Sisseton, SD, clinic should be sufficient to complete this project.

ADMINISTRATIVE PROVISIONS, INDIAN HEALTH SERVICE

The conference agreement continues language, included in the fiscal year 2004 appropriation, as proposed by the House, prohibiting the imposition of certain staffing restrictions on the Indian Health Service.

The conference agreement modifies language proposed by the House, permitting the use of third party collections for the purchase of land for expansion of the IHS hospital in Tahlequah, OK subject to advance approval by the House and Senate Committees on Appropriations. The modification retains the original text and adds language authorizing permanent service unit status for the Tulsa and Oklahoma City pilot health programs.

OTHER RELATED AGENCIES

OFFICE OF NAVAJO AND HOPI INDIAN RELOCATION

SALARIES AND EXPENSES

The conference agreement provides \$5,000,000 for salaries and expenses of the Office of Navajo and Hopi Indian Relocation as proposed by the Senate instead of \$11,000,000 as proposed by the House. The managers understand that there are large carryover balances in this program that can be used to continue the program in fiscal year 2005.

INSTITUTE OF AMERICAN INDIAN AND ALASKA NATIVE CULTURE AND ARTS DEVELOPMENT

PAYMENT TO THE INSTITUTE

The conference agreement provides \$6,000,000 for payment to the institute as proposed by both the House and the Senate.

Bill Language.—The conference agreement retains Senate language that allows up to \$1,000,000 of the funding to be used for the institute's learning center.

SMITHSONIAN INSTITUTION

SALARIES AND EXPENSES

The conference agreement provides \$495,925,000 for salaries and expenses of the Smithsonian Institution instead of \$496,925,000 as proposed by the House and \$490,125,000 as pro-

posed by the Senate. The change to the House level is the result of a reduction to the proposed increase of \$1,000,000 for program support and major scientific instrumentation.

FACILITIES CAPITAL

The conference agreement provides \$127,900,000 for facilities capital instead of \$122,900,000 as proposed by the House and \$136,900,000 as proposed by the Senate. The change to the House level is the result of an increase of \$5,000,000 for revitalization work at the National Zoological Park. The managers understand that most, if not all, of these funds will be used for the Asia Trail exhibit. Language included in the House bill allowing for the transfer of funds from the former construction and repair, restoration and alteration of facilities accounts to the facilities capital account has been removed in the assumption that all such transfers have been made and the language is no longer necessary.

ADMINISTRATIVE PROVISIONS, SMITHSONIAN INSTITUTION

The conference agreement continues the administrative provisions included in the House bill that place restrictions on the use of funds for (1) the design of new or expanded facilities; (2) Holt House; (3) the purchase of buildings; and (4) compliance with reprogramming procedures. The House provision regarding changes to the Smithsonian's science programs has been amended by omitting reference to the Science Commission's recommendations, which were approved by the Board of Regents, and including a requirement of advance approval from the House and Senate Committees on Appropriations in agreement with current reprogramming guidelines.

NATIONAL GALLERY OF ART

SALARIES AND EXPENSES

The conference agreement provides \$93,000,000 for salaries and expenses of the National Gallery of Art as proposed by the House instead of \$92,119,000 as proposed by the Senate.

REPAIR, RESTORATION AND RENOVATION OF BUILDINGS

The conference agreement provides \$11,100,000 for repair, restoration and renovation of buildings as proposed by the House instead of \$11,000,000 as proposed by the Senate.

JOHN F. KENNEDY CENTER FOR THE PERFORMING ARTS

OPERATIONS AND MAINTENANCE

The conference agreement provides \$17,152,000 for operations and maintenance of the Kennedy Center as proposed by both the House and the Senate.

Based on recent recommendations from the General Accounting Office, the managers direct the Kennedy Center to annually update the comprehensive building plan as required by the John F. Kennedy Center Act Amendments of 1994 and include the prioritization of projects, individual project status, and detailed

budget information for both planned and ongoing projects. The plan has not been updated since 2002.

The requirement to develop and annually update a comprehensive building plan was intended to help improve management of the Kennedy Center's capital projects, help reduce the public costs of operating and maintaining the facility, and ensure accountability for the cost and schedule of the projects.

CONSTRUCTION

The conference agreement provides \$16,334,000 for construction as proposed by the Senate instead of \$10,000,000 as proposed by the House.

WOODROW WILSON INTERNATIONAL CENTER FOR SCHOLARS

SALARIES AND EXPENSES

The conference agreement provides \$8,987,000 for salaries and expenses of the Woodrow Wilson International Center for Scholars as proposed by both the House and the Senate.

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

NATIONAL ENDOWMENT FOR THE ARTS

GRANTS AND ADMINISTRATION

The conference agreement provides \$122,972,000 for grants and administration of the National Endowment for the Arts instead of \$130,972,000 as proposed by the House and \$120,972,000 as proposed by the Senate. The agreement provides \$2,000,000 for the new American Masterpieces initiative.

NATIONAL ENDOWMENT FOR THE HUMANITIES

GRANTS AND ADMINISTRATION

The conference agreement provides \$123,877,000 for grants and administration of the National Endowment for the Humanities, instead of \$125,877,000 as proposed by the House and \$119,386,000 as proposed by the Senate. The change to the House recommended level is a decrease of \$2,000,000 to the We the People initiative. When combined with amounts provided within the Matching Grants account that follows, the total recommended funding level for the NEH for fiscal year 2005 is \$139,999,000, an increase of \$4,689,000 above the current year enacted level.

MATCHING GRANTS

The conference agreement provides \$16,122,000 for matching grants as proposed by the House instead of \$15,924,000 as proposed by the Senate.

COMMISSION OF FINE ARTS

SALARIES AND EXPENSES

The conference agreement provides \$1,793,000 for salaries and expenses of the Commission of Fine Arts as proposed by the House and the Senate.

NATIONAL CAPITAL ARTS AND CULTURAL AFFAIRS

The conference agreement provides \$7,000,000 for national capital arts and cultural affairs as proposed by the House instead of \$6,000,000 as proposed by the Senate.

ADVISORY COUNCIL ON HISTORIC PRESERVATION

SALARIES AND EXPENSES

The conference agreement provides \$4,600,000 for salaries and expenses of the Advisory Council on Historic Preservation as proposed by both the House and the Senate.

NATIONAL CAPITAL PLANNING COMMISSION

SALARIES AND EXPENSES

The conference agreement provides \$8,000,000 for salaries and expenses of the National Capital Planning Commission as proposed by the Senate instead of \$7,999,000 as proposed by the House.

UNITED STATES HOLOCAUST MEMORIAL MUSEUM

HOLOCAUST MEMORIAL MUSEUM

The conference agreement provides \$41,433,000 for the Holocaust Memorial Museum as proposed by the House and the Senate.

PRESIDIO TRUST

PRESIDIO TRUST FUND

The conference agreement provides \$20,000,000 for the Presidio Trust Fund as proposed by both the House and the Senate.

TITLE III—GENERAL PROVISIONS

The conference agreement retains identical provisions in sections 301–309 of both the House and Senate bills.

Sec. 310. The conference agreement retains the language proposed in section 310 of the Senate bill providing one-year authority, as in past years, for the collection and use of private funds by the National Endowment for the Arts and the National Endowment for the Humanities. The House had a similar provision in section 310 of the House bill but it extended through 2009.

Sec. 311. The conference agreement retains the one-year authority, similar to previous years, proposed in section 311 of the Senate bill directing the National Endowment for the Arts on funding distribution. The House had a similar provision in section 311 of the House bill but it extended through 2009.

The conference agreement retains identical provisions in sections 312–316 of both the House and Senate bills.

Sec. 317. The conference agreement continues the provision in section 317 of the Senate bill addressing timber sales involving Alaska western red cedar for one year as was done previously. The House had no similar provision.

Sec. 318. The conference agreement modifies language proposed in section 317 of the House bill and in section 332 of the Senate bill concerning the Forest Service reforestation fund. The conference agreement does not contain bill language stating that the four purposes of the reforestation fund are of equal priority but the Forest Service should not give overall priority to one particular purpose over the others. The managers note that the Knutson-Vandenberg Act was amended in 1976 to allow the use of timber purchaser funds for: (1) planting trees, (2) sowing with tree seeds, (3) cutting or removing undesirable trees or other growth to improve future timber growth, and (4) protecting and improving the future productivity of the renewable resources of the forest land, including sale area improvement operations maintenance and construction, reforestation, and wildlife habitat management. The managers stress that, in selecting activities to be funded using the KV fund, the Secretary shall give, to the maximum extent practicable, equal importance to all four of these purposes. The Forest Service should not withhold funding for one or another of these purposes, but rather, decisions should be made forest by forest and project by project as to what are the most important conservation efforts.

Sec. 319. The conference agreement retains a provision in section 318 of the House bill continuing a provision prohibiting the Forest Service from using projects under the recreation fee demonstration program to supplant existing concessions. The Senate had an identical provision in section 318 of the Senate bill.

Sec. 320. The conference agreement retains the language proposed in section 319 of the Senate bill, as was in previous Acts, regarding the Forest Service land management planning revision requirements. The House had a similar provision in section 319 of the House bill.

Sec. 321. The conference agreement retains a provision in section 320 of the House bill continuing a provision limiting preleasing, leasing, and related activities within the boundaries of national monuments. The Senate had an identical provision in section 320 of the Senate bill.

Sec. 322. The conference agreement retains the language proposed in section 321 of the Senate bill extending the Forest Service Conveyances Pilot Program for two more years. The House had a similar provision in section 321 of the House bill. The managers are pleased with the operation of this program by the Forest Service and request that its management continue as in the past.

Sec. 323. The conference agreement replaces a provision in sections 322 of both the House and Senate bills. The new provision makes a technical correction to the Harriet Tubman Special Resource Study Act.

Sec. 324. The conference agreement retains a provision in section 323 of the House bill continuing a provision providing the Secretary of the Interior and the Secretary of Agriculture the author-

ity to enter into reciprocal agreements with foreign nations concerning the personal liability of firefighters. The Senate had an identical provision in section 323 of the Senate bill.

Sec. 325. The conference agreement retains a provision in section 324 of the House bill allowing the Eagle Butte Service Unit of the Indian Health Service to utilize health care funding in a more efficient manner. The Senate had an identical provision in section 324 of the Senate bill.

Sec. 326. The conference agreement retains a provision in section 325 of the House bill continuing a provision prohibiting the transfer of funds to other agencies other than as provided in this Act. The Senate had an identical provision in section 325 of the Senate bill.

Sec. 327. The conference agreement retains a provision in section 326 of the House bill carried in previous years limiting funds for oil or gas leasing or permitting on the Finger Lakes National Forest, NY. The Senate had no similar provision.

Sec. 328. The conference agreement retains the language proposed in section 326 of the Senate bill allowing the Secretary of Agriculture and the Secretary of the Interior to consider local contractors when awarding contracts for certain activities on public lands. The House had a similar provision in section 328 of the House bill.

Sec. 329. The conference agreement retains a provision in section 329 of the House bill continuing a provision which limits the use of funds for filing declarations of taking or condemnations. This provision does not apply to the Everglades National Park Protection and Environmental Act. The Senate had an identical provision in section 327 of the Senate bill.

Sec. 330. The conference agreement modifies a provision in section 328 of the Senate bill concerning judicial review of timber sales in Region 10 of the Forest Service; this authority is provided for one year. The House had no similar provision.

Sec. 331. The conference agreement retains a provision in section 330 of the House bill restricting the Forest Service use of the Recreation Fee Demonstration program to certain developed sites. The Senate had no similar provision.

Sec. 332. The conference agreement modifies the language proposed in section 331 of the House bill providing guidance on competitive sourcing activities and clarifying annual reporting requirements to specify the reporting of the full costs associated with sourcing studies and related activities. The Senate had a similar provision in section 329 of the Senate bill.

Sec. 333. The conference agreement retains a provision in section 332 of the House bill requiring overhead charges, deductions, reserves or holdbacks to be presented in annual budget justifications, with changes presented to the Appropriations Committees for approval. The Senate had an identical provision in section 330 of the Senate bill.

Sec. 334. The conference agreement modifies a provision in section 331 of the Senate bill prohibiting the transfer of funds for SAFECOM and Disaster Management projects. The House had a more restrictive provision in section 333 of the House bill.

Sec. 335. The conference agreement retains a provision in section 334 of the House bill, with a minor technical modification, au-

thorizing the conveyance of land within the San Bernardino National Forest, CA. The Senate had no similar provision.

Sec. 336. The conference agreement retains a provision in section 335 of the House bill encouraging cooperative hazardous fuels projects with the State of Colorado and the Forest Service, and extending this authority to the Bureau of Land Management. The Senate had no similar provision.

Sec. 337. The conference agreement retains a provision in section 333 of the Senate bill allowing the State of Utah, through contracts or cooperative agreements with the Forest Service, to perform certain activities on Forest Service lands. The House had no similar provision.

Sec. 338. The conference agreement modifies a provision in section 335 of the Senate bill requiring that contact centers associated with the national recreation reservation service be located within the United States. The House had no similar provision.

Sec. 339. The conference agreement modifies a provision in section 339 of the Senate bill allowing categorical exclusions for certain Forest Service grazing allotments. The House had no similar provision.

Sec. 340. The conference agreement retains a provision in section 340 of the Senate bill amending Public Law 90-542 regarding certain hunting camps on the Salmon River. The House had no similar provision. The managers note that this provision establishes use and occupancy as of June 6, 2003, for three special use permits. The purpose of this language is to clarify the legislative intent of the Central Idaho Wilderness Act and the inclusion of the three hunting camps as an existing use. The managers understand that all future modifications to these camps will be such that the camps retain their basic characteristics and the modifications do not substantially alter the existing scope of use.

Sec. 341. The conference agreement retains a provision in section 341 of the Senate bill allowing the Eastern Nevada Landscape Coalition to enter into agreements with the Department of the Interior and the Department of Agriculture. The House had no similar provision.

Sec. 342. The conference agreement retains a provision in section 342 of the Senate bill conveying certain lands in the Tongass National Forest to the Community of Elfin Cove, Alaska. The House had no similar provision.

Sec. 343. The conference agreement modifies a provision in section 343 of the Senate bill providing a three-year (versus a permanent) extension of a prohibition on Alaska Native villages assuming administration of health services contracts, and clarifying that Eastern Aleutian Tribes, Inc. be considered an Alaska Native regional health entity for purposes of disbursement of funds. The House had no similar provision.

Sec. 344. The conference agreement modifies a provision in section 344 of the Senate bill providing for the use of previously appropriated funds for the acquisition of lands for the construction of the Seward, Alaska Interagency Center.

Sec. 345. The conference agreement includes a new provision to extend the Forest Service rights-of-way cost recovery authority originally provided in fiscal year 2000.

Sec. 346. The conference agreement includes a new provision to provide for the conveyance of the Sandpoint Federal Building and associated land in Sandpoint, Idaho.

Sec. 347. The conference agreement includes a new provision authorizing the Secretary of Agriculture to carry out a national forest land exchange in the State of Florida.

Sec. 348. The conference agreement includes a new provision designating the Grey Towers National Historic Site in the Commonwealth of Pennsylvania.

Sec. 349. The conference agreement includes a new provision to adjust the boundaries of the Helena, Lolo, and Beaverhead-Deerlodge National Forests in the State of Montana.

Sec. 350. The conference agreement includes a new provision for a \$5,000,000 grant to Kendall County, Illinois.

The conference agreement does not include a provision proposed in section 327 of the House bill limiting the use of funds for the planning, design, or construction of improvements to Pennsylvania Avenue in front of the White House.

The conference agreement does not include a provision proposed in section 334 of the Senate bill exempting certain local residents from paying fees under the Recreation Fee Demonstration program on the White Mountain National Forest.

The conference agreement does not include a provision proposed in section 336 of the Senate bill amending the Alaska National Interest Lands Conservation Act to allow for fishery management and enhancement projects in additional wilderness areas in Alaska.

The conference agreement does not include a provision proposed in section 337 of the Senate bill allowing Alaska residents with subsistence rights who are aged, infirm, or disabled to designate another individual to engage in subsistence activities for them and to reimburse such designated person.

The conference agreement does not include a provision on Missouri River water levels proposed by the Senate in section 338 of the Senate bill.

TITLE IV—SUPPLEMENTAL APPROPRIATIONS FOR URGENT WILDLAND FIRE SUPPRESSION ACTIVITIES

The conference agreement includes supplemental appropriations for the Department of the Interior and the Forest Service that provide an additional \$500,000,000 in wildland fire suppression funds. This includes \$100,000,000 for the Department of the Interior and \$400,000,000 for the Department of Agriculture.

The conference agreement does not include the provisions included in Title IV, Chapter 1 of the House bill that provided supplemental appropriations for the Department of the Interior and the Forest Service in fiscal year 2004. These funds were included in the fiscal year 2005 Department of Defense appropriation passed earlier this year (P. L. 108–287, Title X, Chapter 3).

The purpose of this account is to provide funds so firefighting can continue during a severe fire season without the need to borrow from other land management accounts to pay for wildfire suppression. The conference agreement still contains authority for each

Secretary, as appropriate, to utilize funds from other accounts under their jurisdiction, if all firefighting funds are exhausted.

The conference agreement retains language from the Senate bill providing that these funds will become available only if the funds provided in Titles I and II of this Act will be exhausted imminently and the House and Senate Committees on Appropriations and the Budget are notified. The managers understand that the urgent wildland fire suppression funding is only available because the conference agreement provides the full 10-year average cost of fire suppression in Titles I and II.

The conference agreement modifies language contained in the House bill that allows funds in this title to be transferred to other Interior and Forest Service accounts, as appropriate, to repay amounts that have been borrowed during wildland fire suppression crises.

The managers are very concerned about the high cost of fire suppression and have included a number of cost containment measures in this Act. The conference agreement modifies language included in the House bill that directs the Secretary of the Interior and the Secretary of Agriculture to submit a report that outlines the specific cost containment measures that are being implemented to contain wildland fire suppression costs. The managers expect to receive a single, joint report from both Secretaries.

The conference agreement allows unused funds from each Department's fiscal year 2004 wildland fire management appropriation to be used in subsequent years for future urgent wildfire suppression activities.

DEPARTMENT OF THE INTERIOR

BUREAU OF LAND MANAGEMENT

WILDLAND FIRE MANAGEMENT

The conference agreement provides an additional amount of \$100,000,000 for Wildland Fire Management, for urgent wildfire suppression activities as described above.

DEPARTMENT OF AGRICULTURE

FOREST SERVICE

WILDLAND FIRE MANAGEMENT

The conference agreement includes an additional amount of \$400,000,000 for Wildland Fire Management, for urgent wildfire suppression activities as described above.

The conference agreement includes language contained in the Senate bill that establishes an independent cost-control review panel for individual wildfire incidents exceeding \$10,000,000 in suppression costs. The conference agreement modifies language contained in the Senate bill that directed the transfer of funds from unobligated balances in the wildland fire management account to the U.S. Treasury if the independent cost-control review panel finds that appropriate actions were not taken to control suppression costs.

TITLE IV—GENERAL PROVISIONS

The conference agreement does not include a provision proposed in section 401 of the House bill prohibiting the use of recreational fee funds for biological monitoring of species listed under the Endangered Species Act. The Department of the Interior has assured the managers that this practice will not be pursued.

The conference agreement does not include a provision proposed in section 402 of the House bill prohibiting the use of funds for the planning, design, study, or construction of forest development roads in the Tongass National Forest for the purpose of private harvest.

The conference agreement does not include a provision proposed in section 403 of the House bill directing the Department of the Interior to submit a report on public access to the Statue of Liberty.

TITLE V—ACROSS-THE-BOARD RESCISSIONS

Sec. 501. The conference agreement includes an across the board reduction of 0.594 percent. This reduction should be applied to each program, project, and activity, except for Miscellaneous Payments to Indians, which has a different application of the rescission as specified in the statutory language.

CONFERENCE TOTAL—WITH COMPARISONS

The total new budget (obligational) authority for the fiscal year 2005 recommended by the Committee of Conference, with comparisons to the fiscal year 2004 amount, the 2005 budget estimates, and the House and Senate bills for 2005 follow:

[In thousands of dollars]	
New budget (obligational) authority, fiscal year 2004	\$20,514,187
Budget estimates of new (obligational) authority, fiscal year 2005	19,686,285
House bill, fiscal year 2005	20,030,125
Senate bill, fiscal year 2005	20,256,914
Conference agreement, fiscal year 2005	20,044,977
Conference agreement compared with:	
New budget (obligational) authority, fiscal year 2004	- 469,210
Budget estimates of new (obligational) authority, fiscal year 2005	+358,692
House bill, fiscal year 2005	+14,852
Senate bill, fiscal year 2005	- 211,937

DIVISION F—LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS 2005

In implementing this agreement, the Departments and agencies should be guided by the language and instructions set forth in House Report 108–636 accompanying the bill H.R. 5006 and Senate Report 108–345 accompanying the bill, S. 2810.

In the cases where the language and instructions in either report specifically address the allocation of funds, each has been reviewed by the conferees and those that are jointly concurred in have been endorsed in this joint statement.

In the cases in which the House or the Senate have directed the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations.

The conferees note that section 518 sets forth the reprogramming requirements and limitations for the Departments and agencies funded through this Division, including the requirement to make a written request to the chairmen of the Committees 15 days prior to reprogramming, or to the announcement of intent to reprogram, funds in excess of 10 percent, or \$500,000, whichever is less, between programs, projects and activities.

Finally, the conferees request that statements on the effect of this appropriation Act on the Departments and agencies funded in this Division be submitted to the Committees within 45 days of enactment of this Act. The conferees expect that these statements will provide sufficient detail to show the allocation of funds among programs, projects and activities, particularly in accounts where the final appropriation is different than that of the budget request. Furthermore, the conferees request the statements to also include the effect of the appropriation on any new activities or major initiatives discussed in the budget justifications accompanying the fiscal year 2005 budget.

The Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2005, put in place by this bill, incorporates the following agreements of the managers:

TITLE I—DEPARTMENT OF LABOR

EMPLOYMENT AND TRAINING ADMINISTRATION

TRAINING AND EMPLOYMENT SERVICES

The conference agreement includes \$5,361,957,000 for training and employment services, instead of \$5,112,728,000 as proposed by the House and \$5,377,662,000 as proposed by the Senate. Of the amount appropriated, \$2,463,000,000 is an advance appropriation for fiscal year 2006, as proposed by the House and the Senate.

The Secretary of Labor shall take no action to amend, through regulatory or administration action, the definition established in 20 CFR 667.220 for functions and activities under title I of the Workforce Investment Act until such time as legislation reauthorizing the Act is enacted.

For Adult Employment and Training Activities, the conferees provide \$898,107,000 as proposed by the Senate, instead of \$900,000,000 as proposed by the House.

For Youth Training, the conferees provide \$994,242,000 as proposed by the Senate instead of \$1,000,965,000 as proposed by the House.

The conference agreement includes \$1,479,419,000 for the Dislocated Worker program, as proposed by both the House and the Senate. The conferees override the formula that provides that 80 percent of the funds provided will be used for State formula grants and 20 percent in a National Reserve Account. For fiscal year 2005 the conferees provide \$1,196,048,000 for the State formula grants and \$283,371,000 for the National Reserve Account.

The conference agreement includes bill language giving the Secretary of Labor authority to use dislocated worker national reserve funds to provide assistance to a State for statewide or local use in order to address cases where there have been worker dislocations across multiple sectors or across multiple local areas. The conferees urge the Secretary, when determining competitive awards under this authority, to give favorable consideration to the applications of assistance to States that have sustained worker dislocation in such a manner and can demonstrate the capacity to respond effectively in a coordinated fashion across multiple sectors or local areas.

The conferees concur with language in the Senate report regarding the length of time it takes for the Department to approve applications for National Emergency Grants. The conferees request that the Government Accountability Office examine the administration of this program, and make recommendations for improvement.

The conference agreement includes \$54,675,000 for Native Americans as proposed by the House instead of \$55,000,000 as proposed by the Senate.

The conference agreement includes \$1,559,804,000 for Job Corps. Within the total, \$1,443,483,000 is provided for continuing operations of the program and \$116,321,000 is for renovation and construction of Job Corps centers. The conference recommendation includes an increase of \$10,000,000 over the budget request to begin the process of establishing additional Job Corps centers, fol-

lowing up on directions contained in the conference report accompanying Public Law 108–199.

The conference recommendation includes funding to support a demonstration partnership with the Transportation Security Administration (TSA) at multiple Job Corps sites so that the Job Corps can help to fill unmet needs by providing TSA access to an expanded pool of job applicants. This funding will pay costs of both parties. The Department of Labor and the Department of Homeland Security are encouraged to develop a cooperative agreement that would help to leverage Federal resources, to provide TSA with an expanded pool of potential job applications and to utilize Job Corps facilities as appropriate to support the needs of TSA, including those of qualified private screening companies under contract to TSA.

The conferees note that Section 171 of the Workforce Investment Act requires the Secretary, every two years, to publish a plan that describes the demonstration and pilot project priorities of the Labor Department, and expects the next such plan to be completed and published by March 31, 2005.

The conferees further direct that the Department submit an operating plan that outlines the planned allocation by major project and activity (excluding Congressionally-directed projects) of fiscal year 2005 funds for pilots, demonstrations, and research. This plan should be provided to the House and Senate Appropriations Committees no later than May 31, 2005.

The conferees recognized the effectiveness of the Family Enrichment Center in Chicago, Illinois and encourages the Department of Labor to continue its partnership with Haymarket Center in order to enhance efforts to train individuals with severe employment barriers.

With respect to the projects listed below for pilots and demonstrations, the conferees encourage the Department to ensure that these projects are coordinated with local Workforce Investment Boards. The conferees also encourage the Department to ensure that project performance is adequately documented and evaluated. The conference agreement includes the following amounts for the following projects and activities:

413 Hope Mission Ministries, Philadelphia, PA for employment skills training for disadvantaged adults and ex-offenders	\$100,000
Abilities Fund in Centerville, IA for a revolving loan fund for entrepreneurs with disabilities	1,000,000
Advanced Ceramics Research, Inc., for academic outreach and workforce development	1,000,000
Alaska Department of Labor and Workforce Development, Juneau, AK to fund training for gas pipeline workers	500,000
American Community Partnerships, Washington, DC, for the Working Together for Jobs-Philadelphia in conjunction with the Philadelphia Housing Authority to provide pre-apprenticeship training	200,000
American Illinois, Inc., Chicago, IL, for its Amer-I-Can program for at-risk youth and ex-offenders	50,000
Amigo de los Rios, Los Angeles, CA, for an environmental career training program for at-risk youth	100,000
Asnuntuck Community College, Enfield, CT, for improvements to Asnuntuck Community College's Manufacturing Technology Center	200,000
Automation Alley, Troy, MI for training	450,000

Aztec Fire Crew, Los Angeles, CA, for a project to train fire-fighters and emergency medical technicians	400,000
Baltimore City, MD, for the ex-offender initiative at the Mayor's Office of Employment Development	450,000
BASE, Inc., Lancaster, PA to continue assisting minorities and women in creating, retaining, and expanding microenterprises	100,000
Ben Franklin Technology Partners, Harrisburg, PA to establish a Commonwealth-wide virtual network to enable companies geographically dispersed across the state to share information, training tools, and other educational resources	100,000
BioPartners, Inc, Nassau County, NY, for life sciences and biotech workforce training at iPark, a biotech and life sciences center	255,000
Bismarck State College, Bismarck, ND, for a National Energy Technology Training and Education Project	500,000
Black Clergy of Philadelphia and Vicinity, Philadelphia, PA to train participants in integrative technology skills in the Philadelphia area in an effort to improve job skills required for the changing job market	4,000,000
Blackhawk Technical College in Janesville, WI for workforce training programs	300,000
Brooklyn Public Library, Brooklyn, NY to expand an education and job information center	500,000
Burlington Technical Center in Burlington, VT to upgrade post-graduate aviation technician training program	200,000
California University of Pennsylvania, California, PA to establish a Center for Biomedical Workforce	100,000
CAMP, Inc., Cleveland, OH, for the development of world-class training services in lean manufacturing process improvement	500,000
Capital IDEA, Austin, TX, for a workforce development and training initiative, including supportive services	320,000
Capital Workforce Partners, Hartford, CT, for the development of the Comprehensive Entrepreneurial Training Systems in New Britain, CT	100,000
Career Academy, Louisville, KY, for a workforce development program	289,000
Career Resources, Bridgeport, CT, for workforce development	100,000
Carl Sandburg College, Galesburg, for job training programs	100,000
Center for Employment Training, San Jose, CA, for an At-Risk Out-of-School Youth Demonstration Project	200,000
Center for Entrepreneurship for the New West, Bozeman, MT to train entrepreneurial students for economic development	125,000
Central California Excellence in Workforce Development for an outreach campaign for career opportunities	100,000
Central Iowa Employment & Training Consortium for a resource center for disabled and disadvantaged individuals	600,000
Central State University, Wilberforce, OH, to implement a world class modular automation training system	200,000
Centralia College, WA, for non-traditional worker training	250,000
Charity Cultural Services Center, San Francisco, CA, for its Skills for Life initiative	400,000
Chattanooga State Technical Community College, Chattanooga, TN	400,000
Cincinnati State Community College, Cincinnati, OH, for an Integrated Systems Technology training program	250,000
City of Auburn, Auburn, NY	300,000
City of Holly Springs Regional Technology Center	100,000
City of Portland, Portland, OR, for its workforce assessment, training and retraining initiative	300,000
City of Santa Ana, Santa Ana, CA, for a one-stop workforce preparation and job search center for youth	200,000
Clackamas Community College, Oregon City, OR, for its energy and resource management workforce training initiative	150,000
Collegiate Consortium for Workforce and Economic Development, Philadelphia, PA, for workforce development and training	300,000
Communities in Schools, San Fernando Valley, Inc., North Hills, CA, for its Striving for Success Jobs Initiative to provide job preparedness and placement for at-risk youth	535,000

Community College of Allegheny County, Pittsburgh, PA, for a Mobile Educational Lab to provide training in critical subject areas	50,000
Community Education Council of Elk and Cameron Counties, St. Marys, PA, for workforce training	75,000
Community Empowerment Association, Pittsburgh, PA, in collaboration with Boys and Girls Harbor, Inc., New York, NY to establish a job readiness and work force development program	100,000
Community Learning Center of Washington County, Salem, IN, for workforce development, training and employment services	150,000
Cook Inlet Tribal Council for the Alaska's People Program in Anchorage, AK	225,000
County of San Bernardino Workforce Investment Board, San Bernardino County, CA	250,000
Desert Research Institute, Reno, Nevada to create the Northern Nevada Technology Initiative to help drive the creation of a high technology workforce in Nevada	150,000
Dorcas Place, Providence, Rhode Island to expand workplace literacy program	150,000
Economic Growth Connection of Westmoreland, Greensburg, PA for workforce skills assessment, development and training initiatives	150,000
Empowerment Group, Philadelphia, PA to provide Latino and minority employers with the technical assistance needed to create jobs and set up on-the-job training programs for low-income residents	100,000
Enrichment Association of Community Healing (TEACH), Columbus, OH for training	325,000
Enterprise Center, Philadelphia, PA to recruit and train minority and underprivileged entrepreneurs	100,000
Excel Institute, Washington, DC, for workforce training in automotive technology and repair	430,000
Expertise, Inc. in Las Vegas, NV, to provide employment training assistance to low income residents	250,000
Fashion Business, Inc., Los Angeles, CA, for workforce development and training	50,000
Fay-Penn Economic Development Council, Uniontown, PA to improve manufacturing competitiveness	100,000
Florida Institute of Technology, Melbourne, FL, to continue a program to assist small businesses in competing for government contracts	900,000
Fort Worth Hispanic Chamber of Commerce, Fort Worth, TX, for an ESL Program	334,000
Fresno County Workforce Investment Board, Fresno, CA, for workforce development	400,000
Fresno County, Department of Employment and Temporary Assistance, Fresno, CA, for Rural Vocational Training Centers	225,000
Hawaii Community Foundation for the Samoan/Asian Pacific Job Training program	500,000
HIREABILITY, Philadelphia, PA to provide employment training to people with disabilities in the Philadelphia region	100,000
Hispanic / Latino Center Inc., Pittsburgh, PA to provide workplace readiness and job training to targeted Hispanic workers	50,000
Houston Area Urban League, Houston, TX, for its Communities to Work Program	300,000
Illinois State University, Normal, IL for training	500,000
Illinois Valley Community College, Oglesby, IL	400,000
Impact Services Corporation, Philadelphia, PA to support its Community Job Placement and Training Program	75,000
Indian Territory Associates, Shawnee, OK to establish an electronic knowledge repository for the employees of the Oklahoma City Air Logistics Center	50,000
Institute for Advanced Learning and Research, Danville, VA, for the Fast-Track Information Technology Workforce Preparation Program	100,000
Institute for Human Investment and Economic Growth, Ashland, OH	100,000
Institute of Furniture Manufacturing and Management, Mississippi State University, Mississippi State, MS	500,000

International Association of Jewish Vocational Services, Philadelphia, PA to provide career services and job training readiness skills to dislocated workers	150,000
Iowa Commission of Latino Affairs to create a certification process for Spanish-English interpreters and translators	243,000
Iowa Valley Community College District, Marshalltown, IA, for equipment and computer and skill training	150,000
Ivy Tech State College, Fort Wayne, IN, for workforce training and development	50,000
Jackson Health System, Miami, FL, for Miami Dade County's Center for Patient Safety	125,000
Jewish Family and Children's Service of Pittsburgh, PA to provide intensive and individualized employment assistance to immigrants that will address the unique barriers that immigrants face	100,000
Jewish Healthcare Foundation, Pittsburgh, PA for the Health Careers Futures program to train individuals for careers in patient care	100,000
Jewish Vocational Service, Los Angeles, CA, for a certified nursing assistant training and job placement initiative	200,000
Jewish Vocational Services, Inc., Boston, MA, for job training and workforce development	400,000
Kennebec Valley Community College Foundation, Fairfield, ME, to support training of skilled workers in the field of Radiology	250,000
Ken's Kids, Inc, Bronx, NY, for vocational training and placement for youth with mental retardation	50,000
Lake County, IL, for a summer youth employment program	200,000
Laramie County Community College, Cheyenne, Wyoming for implementation of a high tech manufacturing training curriculum	100,000
Lawson State Community College, Birmingham, AL, for its Alabama Center for Advanced Training Program	140,000
Louisiana National Guard, New Orleans, LA	100,000
MAGLEV, Inc., McKeesport, PA to create an associate degree training program to train individuals in Advanced Manufacturing Technology for precision fabrication	1,000,000
Maine Manufacturing Extension Partnership (Maine MEP), Rapid Mobilization of the New England Manufacturing Sources to Meet Defense Shortages and Surge Demands for Parts and Equipment	250,000
Marshall County Economic Division, Guntersville, AL, for the Marshall County Workforce Target Project	20,000
Massachusetts League of Community Health Centers, Boston, MA, in collaboration with the East Boston Neighborhood Health Centers for a workforce development initiative	250,000
Massachusetts Manufacturing Extension Partnership, Worcester, MA, for manufacturing workforce development programs	125,000
Massey Center for Business Innovation and Development, Pittsburgh, PA to provide entrepreneurial skills to Veterans	100,000
Maui Community College, Hawaii, for the Remote Rural Hawaii Job Program	1,500,000
Maui Economic Development Board in Hawaii for the Rural Computer Utilization Training Program	300,000
Maui Economic Development Board in Hawaii to continue the Maui High Technical program	300,000
Maura Clarke-Ita Ford Center, in partnership with New York City College of Technology/CUNY, Brooklyn, NY, for workforce development, job training and education programs	250,000
Mayville State University, Mayville, ND, for the Traill County Technology Center	100,000
McKean County Redevelopment Authority, Smethport, PA to create an Education Center in Port Allegheny to further adult education in rural Pennsylvania	100,000
MECA United Cerebral Palsy, Erie, PA to develop a job-training program for adults with disabilities	50,000
Medina County Office of Workforce Development, Medina, OH, for training of individuals in careers associated with Homeland Security	150,000

Melwood Horticultural Training Center, Inc., Upper Marlboro, MD, for the establishment of a document management training and placement program	200,000
Mercy Vocational High School, Philadelphia, PA to expand its Certified Nursing Assistant training program for low-income individuals in North Philadelphia	150,000
Metropolitan Career Center, Philadelphia, PA to offer workforce training to low-income, under educated individuals who lack the ability to gain employment without special assistance	100,000
Milwaukee Area Technical College in Milwaukee, WI for developing skills standards	450,000
Mineral Area College, Park Hills, MO	500,000
Minot State University, Minot, ND, for the Job Corps Executive Management Program	650,000
Mission of Love, Inc., Capitol Heights, MD, for a life skills, workforce preparation, and training initiative	150,000
Mississippi State University, Starkville, MS, Robotics and Automated Systems for Nursery Industry	500,000
Mississippi State University, Starkville, MS, Workforce Development Training Quality Assessment (CAVS)	400,000
Mississippi Valley State University, Automatic Identification Technology	400,000
Montachusett Opportunity Council, Fitchburg, MA, for a career ladder program for certified nursing assistants	200,000
MS Tech Alliance/JSU Business Incubator	500,000
Multicultural Community Family Services, Upper Darby, PA to address the job training needs of area African immigrants and refugees	50,000
National Council of La Raza in Washington, DC, to provide technical assistance on Hispanic workforce issues including capacity building, language barriers, and health care job training	500,000
National Student Partnerships, Washington, DC, for field and national office operations to expand employment and education referral and counseling services	600,000
New York Association for New Americans, New York, NY	100,000
NewCourtland Elder Services, Philadelphia, PA to provide a networking service designed to train existing employees and market nursing home jobs to local residents	150,000
North Carolina Rural Economic Development Center, Raleigh, NC, for Project New Start, to provide employment and training services for dislocated workers	400,000
Northeast Higher Education District, Chisholm, Minnesota, for the TechNorth Prep Center Network	350,000
Northeast States Association for Agricultural Stewardship, Dresden, ME to develop and host a conference on the challenges and opportunities for rural workforce development	75,000
Northwest Arctic Borough School District, Kotzebue, AK, for vocational training	250,000
Northwest Concentrated Employment Program, WI, for the Talent Profiling System	700,000
Northwest Industrial Resource Center, Inc., Erie, PA, for worker training, retraining and technology implementation programs as part of an advanced workforce development initiative	150,000
Opportunities Industrialization Centers of America, Philadelphia, PA to provide skills training in the allied healthcare profession to minorities	250,000
Our House, Inc., Decatur, GA, for the "Parent Intern" program	150,000
Patrick County Education Foundation, Stuart, VA, for a workforce development project for rural communities	100,000
Pennsylvania Industrial Resource Center, Williamsport, PA to help schools develop multi-year, multi-institution curricula that focus on skills for a manufacturing career	100,000
Pennsylvania Learning Network, Harrisburg, PA to provide workforce development and professional training	100,000
Philadelphia Veterans Multi Service Center, Philadelphia, PA for a multipurpose center for job training of veterans	550,000

Phoenix House, Providence, RI, for a Workforce Development Project	100,000
Pine Ridge Area Chamber of Commerce in Kyle, South Dakota for a Workforce Success Program	200,000
Pittsburgh Airport Area Chamber Enterprise Foundation, Moon Township, PA for a business incubator and workforce development program	75,000
Polk Community College, Lakeland, FL, for the Corporate College Program	200,000
Precision Manufacturing Institute, Meadville, PA	100,000
Prince Music Theater, Philadelphia, PA, to develop the Prince Music Theater Training Institute to provide professional training in the arts	75,000
Project ARRIBA, El Paso, TX, for a workforce training initiative	340,000
Project One, Louisville, KY, for employment program technology, salaries and material	25,000
Ramsey County Workforce Solutions, North St. Paul, MN to create software for three east metro hospitals/healthcare systems to assist non-English proficient new Americans advance from entry-level positions to higher-level skilled healthcare careers	100,000
Regional Economic Development District Initiatives (REDDI) of South-Central PA, Harrisburg, PA to assist companies in developing targeted clusters, identifying employers' skill set requirements, and facilitating training opportunities through workforce development partners	100,000
Rend Lake College, Ina, IL, for workforce training	150,000
Rural Enterprises of Oklahoma, Inc., Durant, OK to provide entrepreneurial training	50,000
Saint Louis Community College—Florissant Valley, Saint Louis, MO, for its Integrated Systems Technology technical training initiative at the Metropolitan Education and Training Center	320,000
Schoolcraft College, Livonia, MI, for Advanced Manufacturing Applications	100,000
Second Chance Employment Services, Washington, D.C. to develop a nationwide program that helps abused and other at-risk women find employment	100,000
Second Chance, San Diego, CA, for its Prisoner Re-entry Employment Program	220,000
Shelton State Community College, Tuscaloosa, AL, for workforce development, job training and job placement initiatives	410,000
Sophie Sampson Center of Hope, Society of St. Vincent de Paul South Pinellas, Inc., St. Petersburg, FL	250,000
South Bay Workforce Investment Board, Hawthorne, CA, for its Bridges to Work program	290,000
South Seattle Community College, WA, to expand apprenticeship training	100,000
Southeast Tennessee Development District, Chattanooga, TN	300,000
Southland Health Care Forum, South Holland, IL, for its Southland Health Careers nurse training initiative	100,000
Southwest Alaska Vocational Education Center (SAVEC), King Salmon, AK, for vocational training	500,000
Southwestern Oklahoma State University, Weatherford, OK, for Oklahoma Business Commercialization Center	320,000
Stark State College of Technology, Canton, OH	433,000
Stark State College of Technology, Canton, OH for equipment	200,000
State of Hawaii, Honolulu, HI, for a project for building the capacity of professional healthcare services	2,000,000
State University of New York, College of Environmental Science and Forestry, Syracuse, NY	100,000
Stillman College, Tuscaloosa, AL, for a One-Stop Community Resource Learning Center to provide job readiness, training, placement and supportive services	140,000
Team Taylor County, Campbellsville, KY, for Campbellsville University Technology Training Center	250,000
The Joblinks program for continuation costs	500,000
Tides Center of Western Pennsylvania, Pittsburgh, PA, for the Keys2Work program	25,000

TIGER House, Tunkhannock Area School District, Tunkhannock, PA, for vocational training for special needs students	50,000
Twenty-First Century Council—IMPACT Learning Center, Scottsboro, AL, for workforce development and training	75,000
United Mine Workers of America Career Center, Washington, PA for a technical training and occupational health safety program for mining occupations	800,000
United Mine Workers of America, Fairfax, VA, for the UMWA Career Centers	1,200,000
University of Alaska/Southeast—Ketchikan Campus, Ketchikan, AK to provide skills assessment, training and a certification program for Ketchikan shipyard workers	150,000
University of Hawaii at Maui for the Training & Education Opportunities program	1,800,000
University of Idaho, to continue and expand the Alternative Careers for Idaho Project, to assist persons dislocated from traditional, resource-based Idaho careers	900,000
University of Northern Iowa, Cedar Falls, IA to provide immigration services to Iowa Communities	200,000
University of Wisconsin—Stout, Menomonie, WI, for manufacturing workforce development initiatives	150,000
Upper Catskill Television Network, Inc., Oneonta, NY	100,000
Valencia County Hispano Chamber of Commerce, Belen, NM, for workforce training	250,000
Valley Initiative for Development and Advancement, Weslaco, TX, for a workforce training initiative	320,000
Vermont Department of Employment and Training for a statewide career development system	450,000
Vermont HITEC, Inc of Williston, VT for the Vermont Information Technology Apprenticeship Program	325,000
Vietnam Veterans Leadership Program of Western Pennsylvania, Pittsburgh, PA, for the Jobs for Veteran's Project	750,000
Wallace Community College, Dothan, AL, for the Southeast Alabama Workforce Readiness program	150,000
Waubensee Community College, Sugar Grove, IL to train integrated systems technologists	300,000
West Shore Community College, Scottsville, MI, for workforce investment and training for unemployed individuals	400,000
West Virginia High Technology Consortium Foundation, Fairmont, WV, for an information technology training program	500,000
Westside Industrial Retention and Expansion Network, Cleveland, OH, for a workforce training project	370,000
WHYY, Inc., Philadelphia, PA, to expand and digitize its GED Connection program to prepare individuals for the workforce	50,000
Women Work, Washington, D.C. for workforce training and development for women in the information technology sector	50,000
Women's Resource Assistance Program Inc., Harvey, IL, for its Career STEPS Self Sufficiency Program to prepare women for non-traditional careers	100,000
Work, Achievement, Values & Education, Inc. (WAVE), Washington, D.C. to provide job skills training to high school drop outs	75,000
Workforce Connections in La Crosse, WI for incumbent worker training	200,000
Workforce Development Council of King County, WA, to provide literacy assistance and job training for immigrants	100,000
Workforce Initiative Association, Canton, OH, for a Workforce Advancement Demonstration project	400,000
Workforce Investment Board of Herkimer, Madison and Oneida Counties, Utica, NY	175,000
Workforce Resource, Inc in Menomonie, WI for incumbent health care worker training	150,000
WorkNet Pinellas, Clearwater, FL	200,000
Wrightco Technologies, Ebensburg, PA to provide security systems installation and high-tech communications training to clients across PA	100,000
Wrightco Technologies, Inc., Claysburg, PA to support job-training program with UMWA	100,000

The conference agreement includes \$50,000,000 for Responsible Reintegration of Youthful Offenders as proposed by the Senate. The House did not recommend funds for this activity. The conference agreement also provides \$20,000,000 for the prisoner re-entry initiative, instead of \$40,000,000 as proposed by the Senate. The House did not recommend funds for this activity. Within the amount provided for prisoner re-entry, the conferees encourage the Department to partner with organizations with a proven history of reducing recidivism by helping individuals exiting prison make the successful transition to employment.

The conference agreement includes \$250,000,000 requested by the administration to carry out the Community College/Community-Based Job Training Grant initiative. Of this amount, bill language provides that \$125,000,000 is to be allocated from National Emergency Grant funds available under section 132(a)(2)(A) of the Workforce Investment Act, overriding the limitation otherwise imposed under section 171(d). The Secretary is expected to initially use resources from the National Emergency Grants account for these awards that are designated for non-emergencies under sections 171(d) and 170(b) of the Workforce Investment Act. Community-Based Job Training Grant awards will also be subject to the limitations of sections 171(c)(4)(A) through 171(c)(4)(C) of the Workforce Investment Act to ensure that these grants are awarded competitively. Funds used for this initiative should strengthen partnerships between workforce investment boards, community colleges, and employers, to train workers for high growth, high demand industries in the new economy.

The conferees provide \$7,000,000 for the Denali Commission for job training instead of \$8,000,000 as proposed by the Senate. The House recommendation did not include funds for this activity.

STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE OPERATIONS

The conference agreement appropriates \$3,666,235,000 for State Unemployment Insurance and Employment Service Operations, instead of \$3,582,848,000 as proposed by the House and \$3,636,235,000 as proposed by the Senate. For unemployment insurance services, the bill provides \$2,695,214,000 instead of \$2,701,214,000 as proposed by the House and \$2,665,214,000 as proposed by the Senate. The conference agreement includes \$2,684,714,000 for UI State Operations instead of \$2,690,714,000 as proposed by the House and \$2,654,714,000 as proposed by the Senate. The agreement includes a contingency reserve amount should the unemployment workload exceed an average weekly insured claims volume of 3,227,000 instead of 3,327,000 as proposed by the House.

For the Employment Service grants to states, the agreement includes \$786,887,000 as proposed by the Senate instead of \$696,000,000 as proposed by the House. This includes \$23,300,000 in general funds as proposed by the House instead of \$23,163,000 as proposed by the Senate and \$763,587,000 from the "Employment Security Administration" account of the unemployment trust fund instead of \$672,700,000 as proposed by the House and \$763,724,000 as proposed by the Senate.

For Employment Service national activities the agreement includes \$65,500,000 as proposed by the Senate, instead of \$67,000,000 as proposed by the House.

PROGRAM ADMINISTRATION

The conference agreement appropriates \$171,473,000 for Program Administration, instead of \$168,854,000 as proposed by the House and \$177,615,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

EMPLOYMENT STANDARDS ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$404,345,000 for the Employment Standards Administration, salaries and expenses, instead of \$402,818,000 as proposed by the House and \$405,870,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$468,109,000 for the Occupational Safety and Health Administration instead of \$461,599,000 as proposed by the House and \$468,645,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conferees concur with the House bill and report language regarding OSHA's enforcement of the Respiratory Standard as it applies to tuberculosis. The conferees advise OSHA to take no further action with regard to respiratory protection for occupational exposure to TB until such time as the CDC has completed the ongoing revisions of its TB guidelines.

The conferees concur with the Senate bill and report language that not less than \$3,200,000 is to be used to extend funding for the Institutional Competency Building training grants provided that a grantee has demonstrated satisfactory performance.

MINE SAFETY AND HEALTH ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$281,535,000 for the Mine Safety and Health Administration instead of \$275,567,000 as proposed by the House and \$280,002,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

Within the total, the conference agreement includes \$2,000,000 to be available for mine rescue and recovery activities on a non-contingency basis as proposed by the Senate.

The conferees expect the Mine Safety and Health Administration to keep it fully and currently informed of A-76 competitions, and that any competitions will be conducted fairly and equitably

and will result in significant savings and the improvement in the quality of services to taxpayers. The conferees urge all possible diligence to ensure that inherently governmental functions are not subject to A-76 competitions. The conference agreement includes the following amounts for the following projects and activities:

Infrastructure improvements at the Mine Academy in Beckley, West Virginia	\$750,000
Wheeling Jesuit University for the National Technology Transfer Center for a coal slurry impoundment pilot project	3,000,000

BUREAU OF LABOR STATISTICS

SALARIES AND EXPENSES

Within the total for the Employment and Unemployment Statistics activity, \$5,000,000 is for the Mass Layoff Statistics program as proposed in the Senate bill.

OFFICE OF DISABILITY EMPLOYMENT POLICY

SALARIES AND EXPENSES

The conferees commend ODEP for their efforts to enhance telework opportunities for severely disabled individuals. To build on ODEP's efforts to increase telework opportunities in the federal government, the conferees direct that \$1,000,000 be transferred from ODEP to the Centers for Medicare and Medicaid Services (CMS) to build on a previous pilot between ODEP and CMS.

The conferees are pleased that CMS has piloted the performance of CMS call center work by individuals with severe disabilities working from home-based workstations. This model has the potential to be expanded within CMS and replicated outside of CMS by government agencies and others interested in following CMS's lead.

The conference agreement provides such transfer to expand and refine the existing CMS model in conjunction with National Telecommuting Institute, Inc., as well as disseminate information about this telework model to other agencies.

DEPARTMENTAL MANAGEMENT

SALARIES AND EXPENSES

The conference agreement includes \$323,422,000 for Departmental Management, salaries and expenses, instead of \$264,967,000 as proposed by the House bill and \$357,050,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conference agreement includes \$94,000,000 for the Bureau of International Labor Affairs (ILAB). Within the total provided, \$79,000,000 is to assist developing countries with the elimination of child labor. Of this amount, \$45,000,000 is for the International Labor Organization's International Programme for the Elimination of Child Labor and \$34,000,000 is provided for bilateral assistance to improve access to basic education in international areas with a high rate of abusive and exploitative child labor. In addition, the conference agreement includes \$2,000,000 for ILAB to build its own

permanent capacity to monitor and report regularly and in-depth to the Congress on the extent to which foreign countries with trade and investment agreements with the United States respect internationally-recognized worker rights and effectively promote core labor standards. The conference agreement also includes \$11,000,000 for Federal administration and other ILAB programs.

The conference agreement includes \$2,000,000 for the purpose of assisting the International Labor Organization in implementing a program to confront HIV/AIDS in the workplace. The primary purpose of this program shall be to promote workplace policies which combat HIV-related stigma and discrimination, and promote prevention on the basis of tripartite partnerships among workers, employers and governments around the world.

The conferees are disturbed that the Department of Labor transferred fiscal year 2004 funds to augment activities for which funds were previously denied and to initiate new activities for which both the House and Senate Appropriations Committees denied funding. The Appropriations Committees have provided authority to reprogram and transfer funds in order to provide flexibility to the Department to address unforeseen needs and emergencies. However, the Department, instead, has used these flexibilities to circumvent funding decisions made by the Congress. Therefore, the conferees have included bill language to clarify reprogramming and transfer procedures.

VETERANS EMPLOYMENT AND TRAINING

The conference agreement includes \$224,648,000 for Veterans Employment and Training instead of \$225,648,000 as proposed by the House and \$226,781,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conference agreement includes \$13,198,000 for activities under the Uniformed Services Employment and Reemployment Rights Act. The conferees intend that the additional resources over FY 2004 be used for additional investigations and educational outreach to employers about reemployment rights of uniformed service members departing from and returning to work.

WORKING CAPITAL FUND

The conference agreement includes \$10,000,000 for the Working Capital Fund the same as proposed by the House instead of \$15,000,000 as proposed by the Senate.

GENERAL PROVISIONS

ONE PERCENT TRANSFER AUTHORITY

The conference agreement modifies a provision proposed by the Senate limiting the authority to transfer funds between a program, project or activity and requiring a 15 day notification of any transfer.

EXECUTIVE ORDER 13126

The conference agreement includes a provision proposed by the Senate that none of the funds appropriated in this Act shall be obligated or expended for the procurement of goods produced by forced or indentured child labor. The House bill contained no similar provision.

DENALI COMMISSION

The conference agreement includes a provision proposed by the Senate that authorizes to be appropriated such sums as may be necessary to the Denali Commission to conduct job training where Denali Commission projects will be constructed. The House bill contained no similar provision.

TRANSIT SUBSIDY

The conference agreement includes a provision directing the Secretary to provide, within 45 days, to the Department of Labor employees in the National Capital Region the full transit subsidy that they are eligible to receive.

CONGRESSIONAL JUSTIFICATIONS

The conference agreement includes bill language requiring the Department of Labor to submit its fiscal year 2006 congressional budget justifications in the traditional budget structure rather than in a "performance" budget structure. The Department is directed to return to preparing the traditional congressional justifications as they were prepared prior to fiscal year 2003, with separate sections for each appropriations account, providing detailed information on the prior year, current year, and requested budget year funding and Federal staffing levels for each program, project, or activity funded within each account; a detailed narrative description of each program, project, or activity; and budget and measurement information should be submitted as a separate appendix in the budget justification material.

The conferees support the Department's effort to integrate program performance more prominently into its budget formulation and to display that information more thoroughly in the justification, but the conferees direct that technical account and program information be prominent in each agency's budget justifications similar to the Department's budget justifications prior to fiscal year 2003 so that information can be found easily and quickly. The Department is directed to delineate materials by appropriation account, providing detailed information on the prior year, current year, and requested budget year funding and Federal staffing levels for each program, project, or activity funded within each account; a narrative description of each program, project, or activity; and any proposed changes to such program, project, or activity. The Department is encouraged to continue using outcome and performance measures as the primary management tool for resource allocation and the evaluation of programs and individuals.

OVERTIME REGULATION

The conference agreement deletes without prejudice language proposed by the House and Senate stating that none of the funds provided may be used to implement or administer any changes to regulations regarding overtime compensation in effect on July 14, 2004.

TITLE II—DEPARTMENT OF HEALTH AND HUMAN SERVICES

HEALTH RESOURCES AND SERVICES ADMINISTRATION

HEALTH RESOURCES AND SERVICES

The conference agreement includes \$6,881,624,000 for health resources and services, of which \$6,856,624,000 is provided as budget authority and \$25,000,000 is made available from the Public Health Service policy evaluation set-aside, instead of \$6,330,333,000 as proposed by the House and \$6,966,280,000 as proposed by the Senate.

The conference agreement includes resolution of two technical bill language differences: the Social Security Act is cited once as proposed by the House rather than twice as proposed by the Senate; the citation of the Poison Control Center Act is expanded as proposed by the Senate.

The conference agreement includes bill language providing \$484,629,000 for construction and renovation (including equipment) of health care and other facilities and other health-related activities. The Senate included bill language providing \$371,536,000 for this purpose; no funding was provided by the House. These funds are to be used for the following projects:

A.O. Fox Memorial Hospital, Oneonta, NY for facilities and equipment	\$250,000
Aberdeen Area Tribal Chairmen's Health Board in Rapid City, South Dakota for Northern Plains Healthy Start	300,000
Abington Memorial Hospital, Abington, PA	350,000
Access Center, Inc., Vienna, VA for facilities and equipment	350,000
Advanced Technology Institute, Charleston, SC for a demonstration program for delivery of diabetes diagnostic and care services through telehealth technology	275,000
Adventist HealthCare, Rockville, MD for facilities and equipment	750,000
Akron General Medical Center, Akron, OH for facilities and equipment for the Edwin Shaw Rehabilitation Hospital	250,000
Alabama Association of Area Agencies on Aging, Montgomery, AL for facilities and equipment	175,000
Alamance Regional Medical Center, Burlington, NC for facilities and equipment	125,000
Alaska Family Practice Residency Program, Anchorage, AK to support its family practice residency programs	500,000
Alaska Federal Health Care Access Network, Anchorage, AK to support activities of the Alaska Telemedicine Advisory Committee	300,000
Alaska Native Medical Center, Anchorage, AK	1,000,000
Alaska Psychiatric Institute, Anchorage, AK for its Telebehavioral Health Project	400,000
Albert Einstein Healthcare Network, Philadelphia, PA	1,000,000
Alice Hyde Medical Center, Malone, NY, for facilities and equipment	100,000
Alivio Medical Center, Chicago	250,000

All Children's Hospital, Inc., St. Petersburg, FL for facilities and equipment	5,000,000
Allegheny County Housing Authority, Pittsburgh, PA for facilities and equipment for its LIFE Center in Tarrentum Township, PA	675,000
Allegheny County, Pittsburgh, PA for laboratory equipment	25,000
Allegheny General Hospital, West Penn Allegheny Health System, Pittsburgh, PA	1,000,000
Allegheny Singer Research Institute, Pittsburgh, PA	1,000,000
Alle-Kiski Medical Center, Natrona Heights, PA for facilities and equipment	150,000
Allen Memorial Hospital, Moab, UT	100,000
Allied Services Foundation, Wilkes-Barre, PA for equipment	200,000
Alpha Community Ambulance Service, Inc., State College, PA, for facilities and equipment	100,000
Altarum Institute, Ann Arbor, MI for development of a Center of Excellence focusing on use of information and communications technology to improve health care quality and efficiency	390,000
American Oncologic Hospital of Fox Chase Cancer Center in Philadelphia and University of Maryland Greenbaum Cancer Center in Baltimore, for facilities and equipment for the American Russian Cancer Alliance	750,000
American Red Cross, Washington, DC, for equipment	200,000
Ana G. Mendez University System, Universidad del Este, Carolina, PR for facilities and equipment for the Caribbean Food Safety Research Center	200,000
Arkansas State University Mountain Home, for facilities and equipment for health sciences	350,000
Arlington Free Clinic, Arlington, VA for facilities and equipment	375,000
Arnold Palmer Hospital for Children and Women, Orlando, FL for facilities and equipment	350,000
Arrowhead Regional Medical Center, Colton, CA for facilities and equipment	725,000
Ashland County Oral Health Services, Inc., Ashland, OH, for facilities and equipment	250,000
Asian American Recovery Services, Daly City, CA for facilities and equipment for substance abuse intervention and treatment	250,000
Association of Utah Community Health, Salt Lake City, UT	800,000
Atlantic City Medical Center, City Division, Atlantic City, NJ for facilities and equipment	300,000
Atlantic Health System, Florham Park, NJ for facilities and equipment for the Morristown Memorial Hospital, Carol G. Simon Cancer Center, Morristown, NJ and the Mountainside Hospital Comprehensive Community Cancer Center, Essex County, NJ	700,000
Atlantic Health System, Florham Park, NJ for facilities and equipment for the Mountainside Hospital Comprehensive Community Cancer Center	300,000
Augsburg College, Minneapolis, MN, for its physician assistant education program	295,000
Aultman Health Foundation, Canton, OH for facilities and equipment	1,000,000
Aunt Martha's Youth Service Center, Chicago Heights, IL for facilities and equipment	275,000
Avista Adventist Hospital, Louisville, CO for the Integrated Community Oriented Physician Initiative to develop common electronic medical record and practice management systems	640,000
Baptist Health System, Inc., Birmingham, AL for facilities and equipment	200,000
Barre Family Health Center, Barre, MA for facilities and equipment	450,000
Barrio Comprehensive Family Health Care Center, San Antonio, TX for facilities and equipment for the Dr. Frank Bryant Health Center	300,000
Barry University, Miami Shores, FL, for facilities and equipment for the Institute for Community Health and Minority Medicine	1,000,000
Bartlett Regional Hospital, Juneau, AK	1,000,000

Baton Rouge General Medical Center, Baton Rouge, LA for facilities and equipment for the Radiation Oncology Center at Bluebonnet	100,000
Bay Area Medical Center Foundation, Marinette, WI, for facilities and equipment for a cancer care center	250,000
Bay Area Medical Center, Menominee, MI for facilities and equipment	200,000
Bay Clinic Community Health Center, Hawaii	250,000
Bay Clinic Community Health Center, Hawaii, for the Native Hawaiian Adolescent Health Psychology Initiative	50,000
BayCare Health System, Clearwater, FL, to develop an electronic medication and clinical services ordering system	1,000,000
Bayfront NATO, Inc., Erie, PA for construction, renovation, and equipment of a health clinic	100,000
Baylor College of Medicine, Houston, TX	250,000
Baylor Institute for Immunology Research, Dallas, TX, for facilities and equipment	100,000
Bear Lake Memorial Hospital, Montpelier, ID for facilities and equipment	100,000
Beaufort Memorial Hospital, Beaufort, SC for facilities and equipment	200,000
Bellarmino University, Louisville, KY, for facilities and equipment for a nursing school facility	300,000
Belmont University, Nashville, TN for facilities and equipment for health sciences	930,000
Beloit Memorial Hospital, Beloit, WI for facilities and equipment ...	300,000
Benton County, OR for facilities and equipment for health services in Monroe, OR	265,000
Berkeley County Senior Services Agency, Martinsburg, WV for facilities and equipment	18,000
Bethel College, Inc., Mishawaka, IN for facilities and equipment	100,000
Bethesda North Hospital, Montgomery, OH for facilities and equipment	150,000
Birmingham Green Adult Care Residence, Manassas, VA for facilities and equipment	200,000
Blackstone Valley Community Health Care, Pawtucket, RI for facilities and equipment	500,000
Bloomsburg Hospital, Bloomsburg, PA	250,000
Blount County Memorial Hospital, Maryville, TN for facilities and equipment for a cancer center	50,000
Bon Secours Hospital in Baltimore, MD	100,000
Bon Secours St. Francis Medical Center, Chesterfield, VA for facilities and equipment	800,000
Bonfils Blood Center Foundation, Denver, CO for facilities and equipment	290,000
Booker T. Washington Center, Erie, PA	100,000
Boston Medical Center, Boston, MA for facilities and equipment for the J. Joseph Moakley Medical Services Building	1,000,000
Boston University School of Medicine, Boston MA for facilities and equipment for research on amyloidosis and other subjects	200,000
Boys Town National Research Hospital, Omaha, NE	1,500,000
Bradford Hospital Foundation, Bradford, PA, for facilities and equipment for Bradford Regional Medical Center	100,000
Brandeis University Heller School for Social Policy and Management, Waltham, MA	1,000,000
Brazos Valley Family Medicine Center, Bryan, TX for facilities and equipment	50,000
Brevard Community College, Cocoa, FL, for facilities and equipment	200,000
Briar Cliff University, Sioux City, IA for facilities and equipment	50,000
Brockton Hospital, Brockton, MA	200,000
Brookhaven Memorial Hospital Medical Center, Patchogue, NY for facilities and equipment	150,000
Burlington County College, Pemberton, NJ, for facilities and equipment for the Burlington County College Health Center	600,000
Calhoun County Committee on Aging for facilities and equipment for Calhoun County Senior Satellite Center, Grantsville, WV	28,000

California Hospital Medical Center, Los Angeles, CA for facilities and equipment	1,370,000
California State University at Bakersfield Foundation, Bakersfield, CA, for equipment and facilities for the Valley Fever Vaccine project	180,000
Callen-Lorde Community Health Center, New York, NY for health and outreach services to teenagers and young adults	90,000
Campbellsville University, Campbellsville, KY, for facilities and equipment	250,000
Candler County Hospital, Metter, GA for facilities and equipment	55,000
Canyonlands Community Health Care, Page, AZ, for facilities and equipment at three clinics	100,000
CAP Services, Stevens Point, WI for facilities and equipment and to provide dental services	200,000
Capitol Community Health Center, Springfield, IL for facilities and equipment	300,000
Carilion Health System, Roanoke, VA for facilities and equipment for the Southwest/Southside Virginia Children's Dental Access Project	243,000
Caring Foundation, Inc., Salt Lake City, UT to improve the oral health of underserved children in Utah and Idaho	300,000
CARING, Inc., Pleasantville, NJ for facilities and equipment for a senior medical facility	50,000
Caritas Good Samaritan Medical Center, Brockton, MA	300,000
Carle Foundation Hospital, IL, and partners to establish the Midwest Breast Institute	100,000
Carnegie Mellon University, Pittsburgh, PA	1,000,000
Carter BloodCare, Bedford, TX for facilities and equipment	1,000,000
Case Western Reserve University, Cleveland, OH for facilities and equipment for a construction project involving Case Western Reserve University, University Hospitals of Cleveland and the Cleveland Clinic Foundation	4,500,000
Center for Allied Health and Nursing, Hackensack, NJ for a program to recruit and train home health aides and other health care workers to become licensed practical nurses	250,000

University of Arkansas for Medical Sciences, Little Rock, AR for the ANGELS program	350,000
University of California—Los Angeles, Beverly Hills, CA	100,000
University of California at Los Angeles, School of Medicine for fa- cilities and equipment for the UCLA AIDS Institute	350,000
University of California at San Francisco Children's Hospital, for facilities and equipment for a Mothers' and Children's Birth De- fects Center	500,000
University of California San Diego Medical Center, La Jolla, CA for facilities and equipment for the Institute of Molecular Medicine facility	650,000
University of California, Davis Health System, Sacramento, CA for construction of medical library and education center	700,000
University of California, Irvine Medical Center, Orange, CA for fa- cilities and equipment for the emergency department	400,000
University of Charleston in Charleston, WV, for a School of Phar- macy facility	5,300,000
University of Chicago Hospitals and Health System, Chicago, IL for facilities and equipment for a new pediatric emergency room	550,000

University of Cincinnati Medical Center, Cincinnati, OH for facilities and equipment for the medical sciences building	400,000
University of Denver, Denver, CO	200,000
University of Florida, Health Science Center, Gainesville, FL for facilities and equipment for the animal facility	2,000,000
University of Illinois College of Medicine at Peoria, Peoria, IL for facilities and equipment for a cancer research center	200,000
University of Illinois College of Medicine, Chicago, IL for the renovation and expansion of the National Center for Rural Health Professions, Education, and Research at the University of Illinois College of Medicine, Rockford	300,000
University of Iowa, Iowa City, IA, for facilities and equipment for a public health laboratory	1,400,000
University of Kentucky Consortium for Applied Oral Health Research and Treatment, Lexington, KY	1,300,000
University of Kentucky Research Foundation, Lexington, KY, for rural outreach	750,000
University of Kentucky, Lexington, KY Neuroscience Research Institute	1,500,000
University of Louisiana at Monroe, Monroe, LA for creation of the northeast Louisiana healthline	150,000
University of Louisville, Louisville, KY for equipment related to Regenerative Medicine for the Treatment of Ischemic Heart Disease Project	2,000,000
University of Louisville, Louisville, KY for the Baxter III Research Building	10,250,000
University of Louisville, Louisville, KY, for the Center for Cancer Nursing Education and Research	300,000
University of Maryland at Baltimore to establish a nursing institute	250,000
University of Maryland School of Pharmacy, Baltimore, MD for facilities and equipment	500,000
University of Massachusetts, Amherst, MA	700,000
University of Medicine and Dentistry of New Jersey, School of Osteopathic Medicine, Stratford, NJ, for facilities and equipment for the Geriatric Research Center	75,000
University of Miami, Miami, FL for facilities and equipment for the Center for Research in Medical Education	650,000
University of Michigan Health System, Ann Arbor, MI for infectious disease laboratory facilities and equipment	600,000
University of Mississippi Medical Center, Jackson, MS for the Imaging Research Center	4,000,000
University of Mississippi, Oxford, MS, School of Pharmacy for the National Center for Natural Products Research Phase II	2,600,000
University of Nevada, Las Vegas for faculty and other costs associated with organization and start-up of School of Public Health	1,000,000
University of Nevada, Reno for the Institute for Aging	900,000
University of New Mexico, Albuquerque, NM	6,000,000
University of North Dakota School of Medicine and Health Sciences for facilities and equipment	450,000
University of North Dakota, School of Medicine, Grand Forks, ND, to continue rural health research at the Center for Rural Health and Medicine	750,000
University of Northern Colorado, Greeley, CO, for facilities and equipment at the Rocky Mountain Cancer Rehabilitation Institute	75,000
University of Northern Colorado, Greeley, CO, for the Maple Tree Project at the Rocky Mountain Cancer Rehabilitation Institute ...	75,000
University of Oklahoma Health Sciences Center, Oklahoma City, OK, to further develop its doctoral-level program in bioinformatics	100,000
University of Pennsylvania Institute for Translational Research, Philadelphia, PA	1,000,000
University of Pennsylvania for the Paula Kline breast cancer treatment enhancement program, Philadelphia, PA	200,000
University of Pittsburgh at Bradford, Bradford, PA, for the Center for Rural Health Practice	50,000

University of Pittsburgh Medical Center, Pittsburgh, PA	1,000,000
University of Pittsburgh Medical Center, Pittsburgh, PA for non-invasive radio wave ablation equipment	200,000
University of Pittsburgh, Pittsburgh, PA	1,000,000
University of Rochester in NY to expand the School of Nursing	400,000
University of Scranton, Scranton, PA	200,000
University of South Alabama, Mobile, AL	20,000,000
University of South Alabama, Mobile, AL for facilities and equipment for the Cancer Research Institute	300,000
University of South Alabama, Mobile, AL for the Office of Emerging Health Technologies	250,000
University of South Dakota Department of Dental Hygiene in Vermillion, SD	100,000
University of South Florida, Tampa, FL for facilities and equipment for the Center for Biological Defense Labs	2,000,000
University of Southern Maine, Portland, ME, for expansion of the USM nursing school	250,000
University of Southern Mississippi, Hattiesburg, MS to equip the alternative models for primate research laboratory	250,000
University of Tennessee at Chattanooga, Graduate School of Computational Engineering and UT SimCenter at Chattanooga, Chattanooga, TN	400,000
University of Tennessee Health Science Center, Memphis, TN to support the Delta Health Partnership (Delta Regional Authority and Delta Health Alliance) project	750,000
University of Tennessee Medical Center, Knoxville, TN	250,000
University of Texas Health Center at Tyler, Tyler, TX for facilities and equipment for the Texas Lung Injury Institute	500,000
University of Texas Health Center at Tyler, Tyler, TX, for facilities and equipment for an asthma mobile van	400,000
University of Texas Health Science Center San Antonio, San Antonio, TX for equipment	250,000
University of Texas Health Science Center, Houston, TX for the facilities and equipment for the Alliance of NanoHealth	1,000,000
University of Texas MD Anderson Cancer Center, Houston, TX for equipment	500,000
University of Texas Medical Branch, Galveston, TX for facilities and equipment for infectious disease research	750,000
University of Texas Medical Branch, Galveston, TX for the Texas Telehealth Resource Center	350,000
University of Texas Southwestern Medical Center and University of Texas at Dallas for facilities and equipment for their joint program on sickle cell disease	400,000
University of Texas Southwestern Medical Center at Dallas, TX, for facilities and equipment at the Metroplex Medical Imaging Center, Dallas, TX	200,000
University of the Pacific School of Dentistry, San Francisco, CA for facilities and equipment	200,000
University of Washington, School of Medicine, Seattle, WA for Wyoming state participation in the WWAMI regional pilot program to help address the shortage of health professionals in the rural WWAMI region	50,000
University of Washington, School of Medicine, Seattle, WA, for WWAMI rural training project	340,000
University of Washington, Seattle, WA for construction of a life sciences building	1,500,000
University of Washington, Seattle, WA, for facilities and equipment for a muscular dystrophy research center building	50,000
University of Wisconsin—Milwaukee, College of Nursing, for a school nursing demonstration project in the Milwaukee Public Schools	450,000
Utah Navajo Health System, Montezuma Creek, UT for facilities and equipment	500,000
Valdosta State University, Valdosta, GA for facilities and equipment for a health sciences facility	400,000
Valley Hospital, Ridgewood, NJ for facilities and equipment for an electronic intensive care unit	70,000

Van Andel Research Institute, Grand Rapids, MI, for facilities and equipment for the Multiple Myeloma Laboratory	360,000
Vanderbilt University Medical Center Department of Pediatrics, Nashville, TN for the Nurses for Newborns of Tennessee program	250,000
Vassar Brothers Medical Center, Poughkeepsie, NY for facilities and equipment	250,000
Virginia College of Osteopathic Medicine, Blacksburg, VA for rural health outreach	150,000
Virginia Commonwealth University, Richmond, VA for facilities and equipment for Massey Cancer Center	1,000,000
Visiting Nurse Association Care Watch Program, Cleveland, Ohio, to purchase equipment	300,000
Visiting Nurse Association Healthcare Partners of Ohio, East Cleveland, OH for facilities and equipment	275,000
Visiting Nurse Association of Fox Valley, Aurora, IL for facilities and equipment	550,000
Visiting Nurse Association of Northern New Jersey, Morristown, NJ for facilities and equipment	500,000
Visiting Nurse Association of Somerset Hills, Bernardsville, NJ for facilities and equipment	500,000
Visiting Nurses Association of Greater Philadelphia, Philadelphia, PA	150,000
Vitality Center Community Service Agency in Elko, NV	50,000
Voorhees College—Denmark, SC	100,000
Waianae Coast Community Health Center, Hawaii, for leadership training	50,000
WakeMed, Raleigh, NC for construction and equipment for health care information technology	100,000
WakeMed, Raleigh, NC for programs to recruit and train health care professionals	350,000
Walsh University, North Canton, OH, for facilities and equipment	500,000
Warren County Chamber of Business and Industry, Warren, PA to purchase equipment at the Warren General Hospital	100,000
Washington County, NC for facilities and equipment for the Washington County Hospital	300,000
Washington County, OR for a primary care clinic	100,000
Washington Hospital Center, Washington, DC for facilities and equipment	1,290,000
Washoe Medical Foundation in Reno, NV	500,000
Waterbury Hospital Health Center, Waterbury, CT for facilities and equipment	100,000
Wayne Community Health Centers, Inc., Wayne County, Utah	50,000
Wayne County Department of Public Health, Detroit, MI for its Maternal and Child Outreach, Coordination and Advocacy Program to reduce infant mortality and low-weight or pre-term births	600,000
Wayne Memorial Hospital, Honesdale, PA	200,000
Weber State University, Ogden, UT	600,000
Wells River Action Program, Wells River, VT to provide free or low-cost healthcare to medically underserved people in rural Vermont	85,000
Welsh Mountain Medical & Dental Center, New Holland, PA	50,000
Wesley College, Dover, DE for facilities and equipment for the nursing program	175,000
West Hawaii Community Health Center on the Big Island of Hawaii	50,000
West Los Angeles College, Culver City, CA for the Allied Health Workforce Enhancement Project	240,000
West Point Community Hospital, West Point, MS for facilities and equipment	775,000
West Shore Advanced Life Support Services, Inc., Camp Hill, PA, for facilities and equipment	100,000
West Virginia University for a clinical teaching center at the Charleston Area Medical Center	5,000,000
West Virginia University for the construction of a Biomedical Science Research Center	20,000,000

West Virginia Wesleyan College for the construction of an expansion of the Christopher Health Science Center	4,000,000
WestCare Health System, Sylva, NC, for facilities and equipment	600,000
Western Pennsylvania Hospital, Pittsburgh, PA	250,000
Westmoreland Regional Hospital, Greensburg, PA for facilities and equipment	200,000
Westside Healthcare District, Taft, CA, for facilities and equipment	200,000
Whidden Memorial Hospital, Everett, MA for facilities and equipment	400,000
White Memorial Medical Center, Los Angeles, CA for facilities and equipment	1,500,000
White Plains Hospital Center, White Plains, NY for a project in cooperation with the White Plains School District to encourage and assist students, particularly underrepresented minorities, to pursue careers in nursing	350,000
Whiteside County Health Department, Rock Falls, IL for facilities and equipment	450,000
Whitney M. Young, Jr. Health Center, Albany, NY for facilities and equipment	340,000
Wills Eye Hospital, Philadelphia, PA	1,000,000
Winneshiek County Memorial Hospital, Decorah, IA for facilities and equipment	100,000
Wirt County Health Services Association, Inc., Elizabeth, WV for facilities and equipment for a community health center in Ravenswood, WV	100,000
Wishard Hospital in Indianapolis, IN	250,000
Wistar Institute, Philadelphia, PA	100,000
Women and Infants Hospital, Providence, RI for facilities and equipment	100,000
Women's Medical Hospital, Philadelphia, PA for construction, renovation and equipment	250,000
Wooster Community Hospital, Wooster, OH for facilities and equipment	1,000,000
Wright State University, Miami Valley College of Nursing and Health, Dayton, OH for the Nursing Institute of West Central Ohio	100,000
Wyoming Valley Health Care System, Wilkes-Barre, PA	100,000
Wyoming Valley Health Care System, Wilkes-Barre, PA for construction, renovation, and equipment	150,000
Yakima Valley Farmworkers Clinic, Portland, OR to purchase equipment for the Rosewood Family Health Clinic	100,000
Yakima Valley Memorial Hospital, WA	500,000
Yale University School of Medicine, New Haven, CT for facilities and equipment for an ovarian cancer prevention and early detection program	400,000
Yancey County, Burnsville, NC, for facilities and equipment for the Yancey County children and family services medical campus	1,000,000
Yavapai Regional Medical Center, Prescott, AZ, for facilities and equipment	100,000
Yeled VYalda Early Childhood Center, Inc., Brooklyn, NY for facilities and equipment for a medical center and therapeutic recreation center	100,000
Yeshiva University, Albert Einstein College of Medicine, New York, NY for facilities and equipment	200,000
YMCA of Central Stark County, Canton, OH for facilities and equipment	1,000,000
YMCA of Western Stark County, Navarre, OH for facilities and equipment	1,000,000
York Health Corporation, York, PA	25,000
Zucker Hillside Hospital, Glen Oaks, NY for facilities and equipment	385,000

The conference agreement includes bill language identifying \$39,499,000 for the rural hospital flexibility grants program, as provided by the Senate. The House bill provided \$32,500,000. Within the total provided, \$14,499,000 is for the Small Rural Hospital Improvement Grant program.

The conference agreement includes bill language identifying \$249,000 for facilities renovation at the Gillis Long Hansen's Disease Center as proposed by the Senate rather than \$250,000 as proposed by the House.

The conferees have included bill language proposed by the Senate identifying \$31,000,000 for existing community health centers for economic stabilization and to offset the rising cost of current services. The House report included a similar directive.

The conference agreement includes bill language identifying \$100,000 for malpractice insurance for volunteer physicians who practice at free clinics instead of \$4,821,000 as proposed by the Senate. The House did not provide funding for this program. The conferees understand that claims against the Federal malpractice insurance are not likely to appear until at least fiscal year 2006, but want to signal the intent to continue the program.

The conference agreement includes bill language providing \$9,941,000 to remain available until expended for the National Cord Blood Stem Cell Bank Program. The House did not provide funding for this program.

The conference agreement includes bill language identifying \$288,283,000 for family planning instead of \$278,283,000 as proposed by the House and \$308,283,000 as proposed by the Senate.

The conference agreement includes bill language identifying \$793,872,000 for State AIDS Drug Assistance Programs instead of \$783,872,000 as proposed by the Senate and \$803,872,000 as proposed by the House.

The conference agreement includes bill language designating \$119,158,000 of the funds provided for the maternal and child health block grant for special projects of regional and national significance (SPRANS), as provided by the House. The Senate bill provided \$122,530,000 for this purpose. It is intended that \$4,000,000 of the SPRANS amount will be used to continue the sickle cell newborn screening program and its locally based outreach and counseling efforts. In addition, \$5,000,000 of the SPRANS amount will be used to continue the oral health demonstration programs and activities in the States. The conference agreement also includes within the SPRANS set-aside \$1,600,000 to continue mental health programs and activities in the States, \$3,000,000 to continue the epilepsy demonstration, and \$2,000,000 to continue newborn and child screening for heritable disorders.

The conference agreement includes \$200,000 for grants to establish a demonstration program and a National Coordinating Center to develop systemic mechanisms for the prevention and treatment of sickle cell disease as authorized in Section 712 of Public Law 108-357. The Sickle Cell Demonstration Program is designed to improve and expand patient and provider education and the continuity and coordination of service delivery for individuals with sickle cell disease through grants to eligible entities as provided for in the legislation. The conferees encourage HRSA to work with patient and provider organizations to develop these programs and prepare a program plan for fiscal year 2006 within six months of enactment.

The conference agreement includes bill language providing \$40,000,000 to the Denali Commission as a direct lump payment

pursuant to P.L. 106–113, of which \$10,000,000 is for a psychiatric treatment facility in Bethel, Alaska, \$10,000,000 is for residential and supportive housing for elders, \$2,500,000 is for medical and dental equipment for rural clinics, and \$5,000,000 is for upgrade and construction of shelters for victims of domestic violence and child abuse. The Senate provided \$41,794,000 for the Denali Commission. The House did not include funding for the Commission. These funds support construction and renovation of health clinics, hospitals and social service facilities in rural Alaska as authorized by Public Law 106–113. Provision of the funding will help remote communities in Alaska develop critically needed health and social service infrastructure for which no other funding sources are available. The conferees expect the Denali Commission to continue its support of joint venture projects to replace the aging hospitals in Nome and Barrow.

The conference agreement provides \$14,000,000 for Native Hawaiian health care activities within the consolidated health centers program instead of \$15,000,000 as provided by the Senate. The House did not identify specific funding for Native Hawaiian activities.

The conferees continue to support the technical assistance provided to community health centers through the current state and national cooperative agreements, in order to sustain the continued expansion of the health centers program.

The conferees urge HRSA to give preference for funding to section 330 applications submitted within States that have made recent and significant investments to develop new health center sites and services.

The conference agreement provides \$87,078,000 for National Health Service Corps recruitment. Although this level is a reduction compared to fiscal year 2004, it is not expected to trigger a decrease in the number of scholarships and loan repayments that can be supported. The recently enacted American Jobs Creation Act of 2004 exempts NHSC loan repayments from taxation as income. This legislative change will permit HRSA to make approximately forty percent more awards under the loan repayment program at any given funding level than in fiscal year 2004 because HRSA will no longer have to reimburse loan recipients for the tax payment. The conference agreement includes \$2,000,000 for the demonstration program which allows chiropractors to participate in the NHSC loan forgiveness program.

The conferees do not approve the President's request to use Healthy Community Access program funds for health care networks or for chronic disease management activities.

Within the total for Ryan White AIDS programs, no less than the amount provided in fiscal year 2004 is included for AIDS activities that are targeted to address the growing HIV/AIDS epidemic and its disproportionate impact upon communities of color, including African Americans, Latinos, Native Americans, Asian Americans, Native Hawaiians, and Pacific Islanders.

The conference agreement includes \$9,000,000 for rural and community access to emergency devices. Of this amount, \$8,000,000 is for the rural program under section 413 of the Public

Health Service Act and \$1,000,000 is for the community access demonstration under section 313 of the Act.

The conferees are concerned about reports that grant reviewers for the health careers opportunity program (H-COP) have not recognized the guidance in House and Senate appropriations report language over the past several years. That report language consistently urged HRSA to give priority consideration for H-COP grants to historically minority health professions schools. Yet, several proposals for initial or competitive renewal grants from these institutions were not funded in the 2003–2004 grant cycle; the reviewer comments did not seem to acknowledge important elements of the applications demonstrating the accomplishments of these schools. The conferees direct the Government Accountability Office to study the H-COP grant review process over the past two years to determine if the grant reviewers correctly interpreted and scored the applications from historically minority health professions schools. The review should include the appropriateness of the criteria used to score the application and the degree to which they reflected appropriations report language guidance. The report should be delivered to the House and Senate Appropriations Committees by June 1, 2005.

The conferees encourage HRSA to provide funding for baccalaureate-prepared registered nurses to obtain advanced nursing education (master's degrees) in psychiatric mental health nursing. The conferees further encourage HRSA to provide funding for post-masters certification training in psychiatric mental health nursing for masters-prepared nurses already trained in other specialties.

The conferees recognize the problem of a growing shortage of nursing faculty and that potential nursing students are being turned away from nursing schools because faculty are not available. For example, a lack of qualified faculty is a principal reason for not admitting more students into some Tennessee nursing programs, and Tennessee is one of six states expected to have a critical shortage of nursing faculty within the next five years. The conferees support efforts to address the nursing school faculty shortage through the development of strategic partnerships between health care providers and educational institutions.

The conferees concur in the House report language allocating funding within allied health at the fiscal year 2004 level for graduate psychology education and geropsychology. The conferees also concur in House report language allocating the same funding as in fiscal year 2004 for geriatric education centers, geriatric training, and geriatric academic career awards. The conferees concur in Senate report language allocating funding at least at the fiscal year 2004 level for the pediatric dental program and providing continued funding for the chiropractic-medical school demonstration grant program.

The conferees continue to be concerned about the health care needs of those in the Mississippi River Delta region. The conferees provide \$5,200,000 for rural health outreach to continue the ongoing initiative in eight States. These grants provide funding and technical assistance to help underserved rural communities identify and better address their health care needs and to help small rural hospitals improve their financial and operational performance. The

conferees further recommend that HRSA consult with the Delta Regional Authority and the Delta Health Alliance, given their ongoing relationships with communities in the Delta.

The conferees concur in language in the Senate report identifying \$3,000,000 within traumatic brain injury funding for protection and advocacy services. The House report did not have similar language.

The conferees concur in language included in the Senate report regarding the distribution of family planning grants. The House report did not include similar language.

The conference agreement includes \$148,533,000 for program management as provided by the Senate instead of \$151,317,000 as provided by the House. The conferees expect HRSA to use no more than one percent of the funds allocated for projects for agency administrative expenses.

CENTERS FOR DISEASE CONTROL AND PREVENTION

DISEASE CONTROL, RESEARCH, AND TRAINING

The conference agreement includes \$4,533,911,000 for disease control, research, and training at the Centers for Disease Control and Prevention (CDC), instead of \$4,228,778,000 as proposed by the House and \$4,538,592,000 as proposed by the Senate. In addition, \$265,100,000 is made available under section 241 of the Public Health Service Act. The House bill proposed that \$249,100,000 and the Senate bill proposed that \$269,100,000 be derived from section 241 authority.

The conference agreement adopts the revised account structure proposed by the Senate. The new structure includes both account changes that result from the CDC Director's Futures Initiative and revisions made by the Senate regarding the treatment of CDC overhead, personnel, and business expenses. Accordingly, all House bill numbers referenced below are adjusted for comparability.

The conference agreement includes bill language earmarking \$272,000,000 for equipment, construction, and renovation of facilities, including the new data center and recovery site to ensure availability of critical systems and data supporting CDC's homeland security and public health emergency responsibilities, instead of \$81,500,000 as proposed by the House and \$294,500,000 as proposed by the Senate. Within this total, \$250,000,000 is for continuation of CDC's program to upgrade and replace facilities in Atlanta and \$22,000,000 is to continue construction and purchase equipment for the replacement of CDC's infectious disease laboratory in Fort Collins, Colorado. The conferees support the implementation of CDC's Buildings and Facilities Master Plan and are pleased with the progress made to date.

The conference agreement includes bill language carried in prior years to allow the CDC to enter into a single contract or related contracts for the full scope of development and construction of facilities as proposed by both the House and the Senate. The conference agreement also includes bill language to allow funds appropriated to the CDC to be used to enter into a long-term ground lease for construction on non-Federal land, in order to replace their

laboratory in the Fort Collins, Colorado area as proposed by both the House and Senate.

The conference agreement includes bill language to earmark \$124,882,000 for international HIV/AIDS, instead of \$142,808,000 as proposed by the House and \$118,842,000 as proposed by the Senate. The conference agreement reflects the result of the CDC account restructuring and not a difference in the international HIV/AIDS program operation level.

The conference agreement includes bill language similar to that proposed by the Senate designating that the following amounts shall be available under section 241 (Public Health Service Act evaluation set-aside) for the specified activities:

\$109,021,000 National Center for Health Statistics Surveys;
 \$12,794,000 National Immunization Surveys;
 \$24,751,000 Information Systems Standards Development and Architecture and Applications-based Research Used at Local Public Health Levels;
 \$87,071,000 Research Tools and Approaches within the National Occupational Research Agenda;
 \$31,000,000 Public Health Research; and
 \$463,000 Health Marketing evaluations.

The conference agreement does not include language proposed by the Senate providing authority to the Director to direct up to 1 percent of the amount made available for any program, project, or activity in this Act to the Centers for Disease Control and Prevention to programs, projects, and activities the Director may so designate. The conferees instead encourage the Director to utilize available reprogramming authority to assist in the implementation of the Futures Initiative.

The conference agreement includes modified bill language proposed by the Senate to permit the Director to use up to \$10,000 provided under this heading for representational expenses. The Senate bill included similar authority as a general provision. The House bill had no similar provision.

INFECTIOUS DISEASES

The conference agreement includes \$1,666,455,000 for Infectious Diseases, instead of \$1,660,599,000 as proposed by the House and \$1,675,800,000 as proposed by the Senate. In addition, \$12,794,000 is available to carry out National Immunization Surveys to be derived from section 241 evaluation set-aside funds.

Infectious Disease Control

Within the total for Infectious Diseases, the conference agreement includes \$227,521,000 for infectious disease control activities instead of \$224,288,000 as proposed by the House and \$232,731,000 as proposed by the Senate.

Within the total provided, \$1,291,000 above fiscal year 2004 is provided for areas of highest scientific and programmatic priority for preparing and responding to present and emerging infectious disease threats.

Within the total provided, \$3,500,000 above fiscal year 2004 is to augment CDC's resources for supporting States in developing

and implementing effective surveillance, prevention, and mosquito control to effectively combat West Nile Virus and support research on the biology of the disease.

Within the total provided, \$1,000,000 above fiscal year 2004 is to expand and improve surveillance, research, and prevention activities on prion disease. The conferees intend the CDC allocate a portion of the increase provided to expand the work of the National Prion Disease Pathology Surveillance Center and to augment state and local disease surveillance activities.

HIV/AIDS, STD and TB Prevention

Within the total for Infectious Diseases the conference agreement includes \$968,938,000 for HIV/AIDS, STD and TB prevention instead of \$970,590,000 as proposed by the House and \$967,075,000 as proposed by the Senate.

Included is \$667,938,000 for domestic HIV/AIDS activities; \$161,000,000 for STD activities; and \$140,000,000 for TB activities.

Within the total for HIV/AIDS, the conferees intend that the activities that are targeted to address the growing HIV/AIDS epidemic and its disparate impact on communities of color, including African Americans, Latinos, Native Americans, Asian Americans, Native Hawaiians, and Pacific Islanders be supported at not less than \$97,818,000, the fiscal year 2004 level. The conferees intend that CDC follow the report accompanying the Labor, HHS and Education and Related Agencies Appropriations Act, 2002 regarding the disbursement of these funds, including continuing support for the Directly Funded Minority Community Based Organization Program.

The conference agreement provides an increase of \$2,420,000 to expand the infertility prevention program to provide screening and testing technologies for STDs and HIV, as well as other women's health services that are provided by recipients of these funds.

The conferees concur with language in the Senate report encouraging CDC to maximize the percentage of TB control funds made available on a per case basis while ensuring that no state receives less funding than it received in fiscal year 2004.

Immunization

Within the total for Infectious Diseases, the conference agreement includes a discretionary program level total of \$469,995,000 for immunization, instead of \$465,721,000 as proposed by the House and \$475,995,000 as proposed by the Senate. In addition, \$12,794,000 is for national immunization surveys to be derived from section 241 evaluation set-aside funds, the same as proposed by the Senate and the House.

In addition, the Vaccines for Children (VFC) program funded through the Medicaid program includes \$1,208,296,000 in vaccine purchases and distribution support in fiscal year 2005, for a total immunization program level of \$1,678,291,000.

Included in the amount provided is \$414,796,000 for the section 317 program, and \$67,993,000 for immunization program operations, including \$5,000,000 to continue and expand the Surveillance, Preparedness, Awareness, and Response System.

HEALTH PROMOTION

The conference agreement includes \$1,032,802,000 for Health Promotion, instead of \$993,802,000 as proposed by the House and \$988,090,000 as proposed by the Senate.

Chronic Disease Prevention, Health Promotion, and Genomics

Within the amount for Health Promotion, the conference agreement includes \$907,159,000 for chronic disease prevention and health promotion instead of \$873,936,000 as proposed by the House and \$864,195,000 as proposed by the Senate. Programs within this account are funded at the following amounts:

\$45,000,000 for Heart Disease and Stroke, \$3,372,000 over fiscal year 2004;

\$312,357,000 for Cancer Prevention and Control, \$18,532,000 over fiscal year 2004;

\$64,000,000 for Diabetes activities, \$4,043,000 over fiscal year 2004;

\$22,680,000 for Arthritis and Other Chronic Diseases, \$658,000 over fiscal year 2004;

\$105,239,000 for Tobacco activities, an increase of \$15,000,000 to sustain the same program level as fiscal year 2004;

\$42,289,000 for Nutrition/Physical Activity, \$3,000,000 over fiscal year 2004;

\$21,820,000 for Community Health Promotion, \$1,200,000 over fiscal year 2004;

\$57,232,000 for School Health, the same as fiscal year 2004;

\$45,121,000 for Safe Motherhood/Infant Health, the same as fiscal year 2004;

\$11,300,000 Oral Health, \$657,000 over fiscal year 2004;

\$59,298,000 for the Childhood Obesity Prevention Program, Verb;

\$29,944,000 for Prevention Centers, \$5,000,000 over fiscal year 2004; and

\$47,000,000 for the Steps to a Healthier U.S., \$5,739,000 over fiscal year 2004.

In addition, the agreement includes the following amounts for the initiatives below as outlined in the Senate report:

\$1,600,000 for Alzheimer's Disease activities;

\$750,000 for Inflammatory Bowel Disease activities;

\$700,000 for Interstitial Cystitis activities; and

\$1,500,000 for Pioneering Healthy Communities.

Within the amount provided for Cancer Prevention and Control the following is provided above the fiscal year 2004 level:

\$9,000,000 for the Breast and Cervical Cancer Screening Program;

\$2,476,000 for Cancer Registries;

\$1,000,000 for Colorectal Cancer;

\$4,855,000 for Comprehensive Cancer;

\$100,000 for Ovarian Cancer;

\$100,000 for Prostate Cancer;

\$100,000 for Skin Cancer, and

\$900,000 for cancer survivorship as outlined in the Senate report.

The conference agreement also includes \$4,625,000 for the Geraldine Ferraro Cancer Education Program.

The conferees are agreed that the ratio of funds spent on activities authorized as part of the Breast and Cervical Cancer Screening Program should continue in the manner consistent with the ratio applicable in fiscal year 2004.

Within the amounts available for Arthritis and Other Chronic Diseases, the agreement provides an increase over fiscal year 2004 of \$405,000 for the expansion of State-based arthritis programs and collaborations with the relevant voluntary health organizations and of \$253,000 to enhance epilepsy efforts, in partnership with a national non-profit organization that works on behalf of children and adults affected by seizures. In addition, \$950,000 is available within Arthritis and Other Chronic Diseases to continue support for the National Lupus Patient Registry.

Within amounts provided for Community Health Promotion: \$7,707,000 is available to support and expand the Behavioral Risk Factor Surveillance Systems, as outlined in the Senate report; \$6,037,000 is for health promotion; \$3,586,000 (\$250,000 above fiscal year 2004) is provided for continuing and expanding a model project that is testing and evaluating the efficacy of glaucoma screening using mobile units; \$2,516,000 (\$250,000 above fiscal year 2004) is for the national vision screening and education program; and \$1,974,000 is for the Mind-Body Medical Institute in Boston, Massachusetts to continue practice-based assessments, identification, and study of promising and heavily-used mind/body practices.

The conferees applaud the CDC's commitment to continuing partnership with the Dr. James West Health Clinic in Chicago, IL in order to measure the effectiveness of integrating a chronic disease management model within a substance abuse treatment program.

Within the increase of \$5,000,000 provided for Prevention Research Centers, the conferees intend that CDC ensure that all centers funded in fiscal year 2004 will continue to receive funding in fiscal year 2005.

The conferees commend CDC on its efforts to promote physical activity among children. In addition to regular physical activity, sound nutrition and healthy eating are important components of good health. The conferees encourage CDC to examine its current activities focused on children and develop options for expanding work related to promoting better nutrition and healthy eating among children. The conferees request that the CDC be prepared to report its findings during the fiscal year 2006 budget hearings.

Birth Defects

Within the amount available for Health Promotion, the conference agreement includes \$125,643,000 for birth defects, developmental disabilities, disability and health instead of \$119,866,000 as proposed by the House and \$123,895,000 as proposed by the Senate.

Within the total, the following amounts are provided for the specified activities above the comparable amount for fiscal year 2004:

\$1,758,000 to expand autism surveillance and education activities;

\$250,000 to expand activities related to Fetal Alcohol Syndrome;

\$250,000 to expand activities related to Folic Acid;

\$657,000 to expand the National Spina Bifida program, including \$200,000 to create a National Spina Bifida Clearinghouse and Resource Center;

\$500,000 to expand the CDC's public health education and research partnership with the Tourette Syndrome Association;

\$1,500,000 to expand surveillance and epidemiological efforts of Duchenne and Becker muscular dystrophy, including \$500,000 to begin a coordinated education and outreach initiative through the Parent Project Muscular Dystrophy;

\$1,394,000 to expand support for the Special Olympics Healthy Athletes Initiative;

\$819,000 to continue and expand programs that translate clinical rehabilitation programs, including \$500,000 to increase demonstration programs with the Christopher Reeve Paralysis Foundation;

\$1,000,000 to expand the work of the Centers for Birth Defects Research and Prevention and the National Foundation for Facial Reconstruction related to craniofacial malformation;

\$99,000 to expand the activities related to thalassemia blood safety surveillance; and

\$170,000 to expand the work of the Attention Deficit Resource Centers.

In addition, the agreement includes the following amounts for the new initiatives below as outlined in either the House or Senate reports:

\$1,000,000 to expand and support studies related to Down Syndrome;

\$900,000 to expand activities related to Fragile X;

\$900,000 to support the development of pilot projects to expand existing birth defect surveillance systems to include fetal death data at the Iowa Department of Health and the Metropolitan Atlanta Congenital defects Program; and

\$550,000 to establish a public health outreach and surveillance program for Diamond Blackfan anemia.

HEALTH INFORMATION AND SERVICE

The conference agreement includes \$95,247,000 for Health Information and Service, instead of \$96,523,000 as proposed by the House and \$96,449,000 as proposed by the Senate. In addition, \$134,235,000, to be derived from section 241 evaluation set aside funds, is included to carry out National Center for Health Statistics surveys, Public Health Informatics evaluations, and health marketing evaluations.

Within the amount provided, the conference agreement includes \$109,021,000 for the National Center for Health Statistics.

ENVIRONMENTAL HEALTH AND INJURY PREVENTION

The conference agreement includes \$288,168,000 for Environmental Health and Injury Prevention activities, instead of \$287,327,000 as proposed by the House and \$290,126,000 as proposed by the Senate.

Environmental Health

Within the funds available for Environmental Health and Injury Prevention, the conference agreement includes \$148,747,000 for environmental health instead of \$148,859,000 as proposed by the House and \$148,958,000 as proposed by the Senate.

Within the total:

\$27,800,000 is for the environmental health laboratory, \$690,000 above fiscal year 2004;

\$51,461,000 is for environmental health activities (including an increase over fiscal year 2004 of \$500,000 for both the Environmental and Health Outcome Tracking Network and the physician education and public awareness program for primary immune deficiency disease as implemented by the Jeffrey Modell Foundation);

\$32,700,000 is for asthma, \$599,000 over fiscal year 2004; and

\$36,786,000 is for childhood lead poisoning, the same as fiscal year 2004.

Injury Control

Within the funds provided for Environmental Health and Injury Prevention, the conference agreement includes \$139,421,000 for injury control, instead of \$138,468,000 as proposed by the House and \$141,168,000 as proposed by the Senate.

Within the total provided:

\$104,021,000 is for intentional injury prevention activities, including increases above fiscal year 2004 of: \$342,000 to extend implementation of the National Violent Death Reporting System, \$466,000 to expand child maltreatment prevention activities, \$1,000,000 to expand rape prevention and education activities, including funding for the National Resource Center on Sexual Assault at the statutory maximum, and \$479,000 to increase support for other intentional injury programs; and

\$35,400,000 is for unintentional injury prevention activities, including an increase over fiscal year 2004 of \$515,000 for the Traumatic Brain Injury prevention program. In addition, sufficient funds are included to continue support for all existing Injury Control Research Centers.

OCCUPATIONAL SAFETY AND HEALTH

The conference agreement provides a total program level of \$287,745,000 for occupational safety and health, instead of \$280,186,000 as proposed by the House and \$294,587,000 as proposed by the Senate. Within that amount, \$87,071,000 is available to carry out research tools and approaches activities within the National Occupational Research Agenda (NORA) to be derived from section 241 evaluation set-aside funds.

The conferees concur in the directives in the Senate report regarding the NIOSH reporting relationship with the Director of CDC, their operating procedures, and organizational structure.

Within the total provided:

\$1,500,000 above the fiscal year 2004 level is for the Education and Research Centers to expand research activities in support of implementation of NORA;

\$1,400,000 above the fiscal year 2004 level is for the National Personal Protective Technologies Laboratory;

\$4,258,000 above the fiscal year 2004 level is for the NIOSH in-house mining research program; and

\$2,000,000 above the fiscal year 2004 level is for the National Occupational Research Agenda (NORA).

The conferees recognize the important role of the sixteen Education and Research Centers in providing research training for occupational health and safety professionals and do not believe that funds should be diverted from training activities to support other research.

GLOBAL HEALTH

The conference agreement provides \$296,380,000 for Global Health activities, instead of \$302,051,000 as proposed by the House and \$305,239,000 as proposed by the Senate.

Within the total:

\$124,882,000 is for Global HIV/AIDS, the same comparable amount as fiscal year 2004;

\$138,300,000 is for Global Immunization, including an increase over fiscal year 2004 of \$262,000 for Polio Eradication and \$135,000 for other global immunization activities; and

\$21,609,000 is for Global Disease Detection, an increase of \$10,000,000 over fiscal year 2004.

The conferees encourage the Director to review the proposals submitted in response to CDC's program announcement regarding the Rapid Expansion of Antiretroviral Therapy Programs for HIV-Infected Persons in Selected Countries in Africa and the Caribbean under the President's Emergency Plan for AIDS Relief and consider giving priority to those applications deemed meritorious, but which did not receive funding in fiscal year 2004, when awarding funds in fiscal year 2005.

PUBLIC HEALTH RESEARCH

The conference agreement includes \$31,000,000, to be derived from section 241 evaluation set-aside funds, for Public Health Research, instead of \$29,583,000 as proposed by the House and \$35,000,000 as proposed by the Senate.

The conferees intend that funds within public health research be made available to cover fiscal year 2005 continuation costs associated with the extramural prevention research program.

PUBLIC HEALTH IMPROVEMENT AND LEADERSHIP

The conference agreement includes \$269,145,000 for Public Health Improvement and Leadership instead of \$199,775,000 as

proposed by the House and \$261,858,000 as proposed by the Senate.

Within the total, \$8,000,000 is included for a Director's Discretionary Fund to support activities deemed by the Director as having high scientific and programmatic priority and to respond to emergency public health requirements. The conferees concur with language in the Senate report regarding the Director's authority to reallocate management savings to the Director's Discretionary Fund upon notification of the Committees on Appropriations in the House and Senate.

The conference agreement includes \$180,114,000 for Leadership and Management, instead of \$179,682,000 as proposed by the House and \$179,977,000 as proposed by the Senate.

The conference agreement includes \$1,000,000 for the Institute of Medicine to conduct a study that includes recommendations regarding appropriate nutritional standards for the availability, sale, content, and consumption of food at school, with particular attention given to foods offered in competition with federally-reimbursed meals and snacks.

The conference agreement includes \$500,000 to continue the Comprehensive Assessment of Rural Health in Iowa (CARHI), in conjunction with the Iowa Department of Public Health.

The conference agreement includes the following amounts for the following projects and activities in fiscal year 2005:

Access Community Health Network, Chicago, IL for programs related to prevention and control of chronic diseases	\$500,000
Advocate Health Care, Oak Brook, IL for an initiative to reduce asthma morbidity and mortality among at-risk populations in the Chicago area	175,000
Alaska Lung Association, Anchorage, AK with the Asthma and Allergy Foundation of Alaska and the Alaska Native Health Board for programs to prevent lung diseases stemming from tobacco	500,000
Alivio Medical Center, Chicago, IL, for services related to prevention and control of chronic diseases	300,000
All Children's Hospital, Inc., St. Petersburg, FL, for an Obesity Education Project	300,000
Alliance of AIDS Services—Carolina, Raleigh, NC for a peer-led secondary prevention program targeting people living with HIV	100,000
Alliance of Pennsylvania Councils, Camp Hill, PA for a weight management program	200,000
Alpha Community Ambulance Services, Inc., State College, PA for bioterrorism preparedness	100,000
Alzheimer's Association of the Delaware Valley, Philadelphia, PA to increase community awareness of Alzheimer's	100,000
American Cancer Society—Southwest Region, Pittsburgh, PA for a living with cancer program	25,000
American Trauma Society, Upper Marlboro, MD, for a Survey Project on Communicating with Trauma Victims and their Families	550,000
American Vitiligo Research Foundation (AVRF), for education and awareness programs	100,000
American-Italian Cancer Foundation, New York, NY for mobile breast cancer screening (including upgrades to a mammography van)	100,000
Baltimore City Health Department, Baltimore, MD for HIV/STD prevention programs	340,000
Battelle, Inc., Columbus, OH, to assess the Pennsylvania agriculture industry readiness against agriculture terrorism and develop a prevention and response plan in coordination with Penn State University	100,000

Bayview Hunters Point Health and Environmental Resource Center, San Francisco, CA for education and outreach programs regarding asthma and cancer	150,000
Benedictine University, Lisle, IL, for a Public Safety Education Initiative for DuPage and Kendall Counties, IL	2,000,000
Benton County Jail, Benton County, AR, for a UV Germicidal Disinfection Unit	50,000
Bergen Community Regional Blood Center, Paramus, NJ, for a demonstration program	70,000
Beth Israel Medical Center, New York, NY for rape prevention and intervention services at its Rape Crisis Intervention Center	200,000
Black Hills State University for the West River Task Force on Fetal Alcohol Syndrome	300,000
Boys and Girls Clubs of San Dieguito, San Diego, CA, for a Health Lifestyle Program	100,000
Bucks County EMA, Ivyland, PA to upgrade equipment and provide training for bioterrorism preparedness	100,000
Butler County Community College, Butler, PA for bioterrorism preparedness training	25,000
California State University, Fullerton, College of Human Development and Community Service, for programs aimed at preventing obesity and promoting health for children	400,000
Cascade AIDS, Portland, OR, to implement the Working Choices Project	50,000
Center for Integration of Medicine and Innovative Technology, Cambridge, MA for a Facility Airborne Biological Toxin Alarm System	500,000
Center for International Rehabilitation for the Disability Rights Monitor	500,000
Center for Mind Body Medicine, Washington, D.C., to train health and mental health professionals in treating war and terrorism related trauma in the U.S. and abroad	100,000
Center for Nonproliferation Studies, Monterey, CA, for maintenance and expansion of the Monterey WMB Terrorism Database	750,000
Center in the Park, Philadelphia, PA for health education, screening, wellness programs and other services to reduce the burden of chronic disease among senior citizens	150,000
Chattahoochee Valley Community College, Phenix City, AL, for first responder training	100,000
Chattanooga Health and Performance Institute, University of Tennessee at Chattanooga, Chattanooga, TN	400,000
Citizens Against Toxic Exposure in Pensacola, Florida to continue outreach efforts	100,000
City of Charlotte, NC, for Charlotte ALERT bioterrorism surveillance activities	250,000
City of Waterloo, Iowa, for expansion of Fire PALS, a school-based injury prevention program	450,000
Clarion University, Clarion, PA to create the Pennsylvania Smoking Cessation and Prevention Campaign	250,000
Cleveland State University for training first responders	500,000
College of New Rochelle, New Rochelle, NY for development and dissemination of preventive health educational materials	200,000
Commission on Economic Opportunity, Wilkes-Barre, PA to support the Weinberg Northeast Regional Nutrition Program for nutrition education	25,000
Community College Foundation, Sacramento, CA, for the ePassport foster child health and education data tracking program	500,000
Community Health Centers in Hawaii for the Childhood Rural Asthma Project	150,000
Community Health Partnership, San Jose, CA for breast cancer screening and referral services to low-income, medically underserved women	300,000
CommunityHealth in Chicago, IL for continuation of health-related programs	100,000
Comprehensive Cancer Center of the Ohio State University, Columbus, OH, for the Center for Health Disparities	150,000
Dan River Cardiovascular Health Initiative Program, Danville, VA	25,000

Delaware County Emergency Services, PA for a bioterrorism preparedness program	25,000
Delta Health Alliance, Stoneville, MS for continuation of multi-partner effort to address health disparities in the Delta	2,000,000
Department of Obstetrics and Gynecology, Drexel University College of Medicine, Philadelphia, PA, for prenatal care	300,000
District of Columbia Department of Health, for monitoring of residents' exposure to lead, including blood testing and environmental assessments	200,000
Domestic Violence Coalition, Harrisburg, PA for a domestic violence database	300,000
East Los Angeles Community Union (TELACU) Education Foundation, Los Angeles, CA, to address healthcare epidemic by implementing a bilingual outreach program	100,000
Eastern Maine Healthcare, Bangor, ME, for chronic disease management at the Institute for Medical Improvement (IMI)	300,000
Eastside Healthcare of Chicago Heights Foundation, Chicago Heights, IL for implementation of an asthma outreach program in schools	125,000
Emory University, Atlanta, GA for the Southeastern Center for Emerging Biologic Threats	100,000
Food Allergy & Anaphylaxis Network, Fairfax, VA to raise public awareness of food allergies	250,000
Food for Fuel, Washington, DC to implement their F3 nutritional education program	100,000
Friends of the Congressional Glaucoma Caucus Foundation, Lake Success, NY for eye screening in Southwest Texas	500,000
Georgia Rural Water Association, Barnesville, GA, for the National Fluoridation Training Institute	75,000
Giant Steps Illinois, Inc., Burr Ridge, IL, to support and expand the Autism Center of Excellence	100,000
Gilda's Club South Jersey, Atlantic City, NJ, to expand outreach programs	50,000
Golden Gate National Parks Conservancy, San Francisco, CA	150,000
Haitian American Association Against Cancer, Miami, FL for cancer education, outreach, screening and related programs	240,000
Health Care Improvement Foundation, Philadelphia, PA for a public health/bioterrorism disaster communications project	100,000
Health Choice Network, Miami, FL for the Jessie Trice Cancer prevention project	350,000
Health Improvement Collaborative of Greater Cincinnati, Cincinnati, OH, for an On The Move Initiative	100,000
Health Services Partnership of Dorchester, MA for outreach, education and prevention services related to conditions such as obesity, diabetes, heart disease and cancer	450,000
Home Safety Council, Washington, DC, for a national injury prevention education program targeting youth	50,000
Hult Health Education Center, Peoria, IL	75,000
Illinois State University, Normal, IL, for a Physical Education Obesity Prevention and Lifestyle Enhancement (PEOPLE) program	125,000
Inner Harmony Foundation and Wellness Center, Clark Summit, PA for a community health program	250,000
International Species Information System, Eagan, MN	500,000
Iowa Department of Public Health to initiate the Harkin Wellness Grant program	3,000,000
Iowa Games to continue the Lighten Up Iowa program	200,000
Iowa Health Foundation to continue a pilot program on chronic disease management	400,000
Iowa State University, Ames, IA for the Center for the Study of Violence to identify factors that contribute to the development of violence-prone individuals	155,000
Iron Disorders Institute, Hershey, PA to establish a joint Center for the Study of BioMetals in Health and Disease with special emphasis on iron-related disorders	250,000
Jaisohn Center, Philadelphia, PA for diabetes management and other health programs	100,000

James Whitcomb Riley Hospital for Children, Indianapolis, IN, for continuation of autism programs at the Christian Sarkine Autism Treatment Center	200,000
John B. Amos Cancer Center, Columbus Regional Healthcare System, Columbus, GA, for cancer education and early detection programs	250,000
Kansas City Free Health Clinic, Kansas City, MO to establish a chronic disease management program	125,000
Kansas State University, Manhattan, KS, for the Youth Obesity Prevention Initiative	250,000
Karmanos Cancer Institute, Detroit, MI, for cancer prevention and research	1,000,000
Kids Kicking Cancer, Birmingham, MI	500,000
Kids Kicking Cancer, Birmingham, MI, to initiate the "Kids Kicking Cancer" program in Pennsylvania	25,000
Kirkwood Community College, Cedar Rapids, IA for the National Mass Fatalities Institute	100,000
La Rabida Children's Hospital, Chicago, IL for diabetes programs for children and families	150,000
Lance Armstrong Foundation, Austin, TX in collaboration with the Abramson Cancer Center at the University of Pennsylvania, Philadelphia, PA for the Living Well After Cancer program	100,000
Lance Armstrong Foundation, Austin, TX, for a Lance Armstrong Foundation Survivorship Center	100,000
Lehigh Carbon Community College, Schnecksville, PA for a bioterrorism preparedness program	25,000
L'Garde, Inc., Tustin, CA for bioterrorism technology development	400,000
Livingston Parish Government, Denham Springs, LA, for a Healthy People 2010 Project	100,000
Marin County Health and Human Services Department, San Rafael, CA for research and analysis related to breast cancer incidence and mortality in the county	440,000
Marion County, OR to develop Disease Prevention and Education Programs	50,000
Medical Center Blount, Oneonta, AL, for an immunization program	20,000
Medical Institute for Sexual Health (MISH), Austin, TX, for the development of curricula for medical students and primary care residents related to sexual health	200,000
Memorial Hermann Baptist Hospitals of Southeast Texas, Julie and Ben Rogers Cancer Center, Beaumont, TX to expand cancer screening services	400,000
MIRA, Bloomfield Hills, MI	50,000
Montgomery County Department of Public Safety, Eagleville, PA for a bioterrorism preparedness program	50,000
National Center for Early Defibrillation, Pittsburgh, PA for educational outreach	25,000
National Childhood Cancer Foundation, Bethesda, MD, to provide information and assistance to families impacted by childhood cancer	1,500,000
National Children's Cancer Society, St. Louis, MO for the Beyond the Cure cancer survivorship program	1,000,000
National Foundation for Trauma Care, Irvine, CA to conduct a study on the impact a terrorist attack would have on trauma centers	150,000
National Nursing Centers Consortium, Philadelphia, PA for the Lead Safe Babies program	75,000
National Student Assistance Association, Washington, DC to study the efficacy of Student Assistance Programs in providing a mechanism to connect students in need of mental health and substance abuse services in coordination with the University of Pittsburgh	100,000
Nevada Cancer Institute to create the Lance Armstrong Foundation Cancer Survivorship Center	250,000
New England Coalition on Health Promotion and Disease Prevention, Providence, RI, for the New England obesity initiative diagnostic study	50,000

New York Methodist Hospital, Brooklyn, NY for its Patient Follow-up Coordinator Program to reduce barriers to compliance with treatment among cardiac patients from medically underserved populations	150,000
New York University for the advancement of the design and function of cochlear implants	200,000
North Shore AIDS Health Project, Gloucester, MA for programs related to prevention and control of hepatitis	150,000
Northeast Regional Cancer Institute, Scranton, PA for cancer screening evaluation	100,000
Ophelia Project, Erie, PA, to develop an educational curriculum, in collaboration with Pennsylvania State University, to address issues of anorexia and bulimia facing adolescent girls	50,000
Oral Vaccine Institute in Las Vegas, Nevada for the development of innovative vaccine delivery alternatives	900,000
Orange County Council of Government, Santa Ana, CA, for a Healthy Waterways Initiative	200,000
Orange County Fire Authority, Orange, CA, for a public safety and education center	150,000
Partnership for Food Safety Education, Washington, DC, for the FightBAC campaign	200,000
Pegasus Research Foundation, Little Rock, AR for a bioterrorism and disaster communications project in Minnesota	100,000
Pennsylvania Breast Cancer Coalition, Ephrata, PA to expand and enhance their breast cancer guide book	50,000
Pennsylvania Chapter of the American College of Emergency Physicians, Harrisburg, PA to study the roles of emergency physicians as safety net providers	200,000
Pennsylvania Homecare Association, Lemoyne, PA to launch a pilot project in the state of PA to demonstrate how homecare resources can be used for disease management of chronically ill patients	150,000
Philadelphia Department of Public Health, Philadelphia, PA for a health alert network	150,000
Pittsburgh Life Science Greenhouse, Pittsburgh, PA for clinical trial planning	200,000
Pittsburgh Public Schools, Pittsburgh, PA with the Pittsburgh School of Dentistry to develop a pilot oral health project	50,000
Pocono Health Communities Alliance, Stroudsburg, PA to provide a health and human service information and referral program	100,000
Positive Effect Outreach Ministry, Philadelphia, PA to implement a HIV outreach and screening program	100,000
Pregnancy Crisis Center, Wichita, KS, for facilities and equipment	80,000
Prevent Blindness North Carolina, Raleigh, NC for vision screening for preschool children	225,000
Prince George's County Department of Health, Upper Marlboro, MD for diabetes prevention and education programs targeted to reducing diabetes-related health disparities	330,000
Provena Mercy Center, Aurora, IL, for diabetes education and prevention	750,000
Public Health Research Institute, Newark, NJ to implement Phase III Deployment of an electronic surveillance and alert system to produce real-time local and regional data	100,000
S.A.F.E. Inc., Wilkes-Barre, PA for autism outreach	250,000
SafeMinds, Cranford, NJ	200,000
Saint Joseph's University, Philadelphia, PA for their anti-obesity program.	700,000
Saint Louis Children's Hospital, St. Louis, MO to establish a patient database to investigate the natural history of children with tuberous sclerosis complex	100,000
San Antonio Metropolitan Health District, San Antonio, TX for a health assessment of exposure to environmental contaminants at and near the former Kelly Air Force Base	320,000
Save a Life Foundation (SALF), Schiller Park, IL to expand SALF's for first aid training	500,000
Schneider's Children Hospital, New Hyde Park, NY for comprehensive Diamond Blackfan Anemia awareness and surveillance	250,000

Self Reliance Foundation, Washington, DC for the Hispanic national health communications initiative	500,000
Silent Spring Institute, Newton, MA for studies of the impact of environmental pollutants on breast cancer and women's health	350,000
Sister to Sister—Everyone Has a Heart Foundation to increase women's awareness of heart disease, Washington, DC	550,000
Sixteenth Street Community Health Center in Milwaukee, WI to expand the Community-Based Asthma Institute	350,000
Slippery Rock University, Slippery Rock, PA, for the Center on Disability and Health to promote and encourage regular physical activity	125,000
South Central Family Health Center, Los Angeles, CA for women's health outreach, education, and screening services	150,000
Southeastern Center for Emerging Biologic Threats, Atlanta, GA ...	568,000
Southern AIDS Commission, Inc., Greenville, MS to provide HIV/AIDS education, prevention, and treatment programs and services	105,000
Spelman College, Atlanta, GA for its Health and Wellness Initiative for college-age women	450,000
Spinal Muscular Atrophy Foundation, New York, NY for SMA education and awareness for patients and health professionals	500,000
State Information Technology Consortium, Herndon, VA to create a web-based Center for Reducing Medical Errors	300,000
State of Alaska Department of Health and Social Services, Juneau, AK for an Injury Prevention Program	250,000
State of Alaska Department of Health and Social Services, Juneau, AK for an Obesity Prevention and Control program	500,000
State of Alaska Department of Health and Social Services, Juneau, AK for tuberculosis detection and control	500,000
Stephen F. Austin State University, Nacogdoches, TX for anti-viral compound identification	600,000
Stone Soup Group, Anchorage, AK for services to disabled children and their families, focusing on FAS/FAE children	100,000
Susan P. Byrnes Health Education Center, Inc., York, PA to address the National Obesity Epidemic among school children	70,000
Swope Health Services, Kansas City, MO for a Pediatric Screening and Intervention Project	1,000,000
Tangipahoa Parish Mosquito Abatement District #1, Hammond, LA	100,000
Telacu Education Foundation, CA, for a bilingual outreach program on diabetes	700,000
Texas A&M University Texas Engineering Extension Service (TEEX), College Station, TX to develop a bioterrorism preparedness program	250,000
The Cooper Institute, Dallas, TX to expand the Texas on the Move services	100,000
Tioga County Partnership for Community Health, Wellsboro, PA for their anti-obesity community based after school health promotion program	100,000
Toledo Children's Hospital, Toledo, OH for health promotion and risk prevention programs targeted to teenagers	50,000
University of Alaska Statewide Office, Fairbanks, AK to continue to develop and implement its statewide health agenda	1,000,000
University of Connecticut, Storrs, CT to develop and implement strategies to reduce deaths, complications and hospitalizations resulting from respiratory illness among older adults	350,000
University of Findlay, Findlay, OH, for facilities and equipment for the Center for Terrorism Preparedness	500,000
University of Hawaii for the Public Health Program	100,000
University of Kentucky, Lexington, KY for the Medication Use Decision Support Center for a program to improve medication-related outcomes	1,000,000
University of Louisville, Louisville, KY Chronic Disease Management Education Program in Cancer	300,000
University of Louisville, Louisville, KY for the Cancer Agripharmaceutical Institute	450,000
University of Louisville, Louisville, KY for the Computational Biology Project in Oral Health	500,000

University of Miami School of Medicine, Miami, FL, for culturally sensitive training on disasters in the Hispanic community	600,000
University of North Carolina at Chapel Hill, Chapel Hill, NC with East Carolina University, Greenville, NC for the Program in Racial Disparities in Cardiovascular Disease	500,000
University of North Carolina at Chapel Hill, for analysis of genomic data on racial disparities in cardiovascular disease	225,000
University of North Dakota Energy and Environmental Research Center for research into the health impact of pesticides	500,000
University of North Texas Health Science Center at Fort Worth, TX, for diabetes prevention and control	800,000
University of Northern Iowa for the National Program for Playground Safety	300,000
University of Northern Iowa, Cedar Falls, IA to support youth fitness and obesity efforts in rural preschool children	235,000
University of Notre Dame, Notre Dame, IN, for research in areas of acute care, disability, and rehabilitation at the Notre Dame Center for Orthopedic Research and Engineering	350,000
University of Oklahoma Health Sciences Center, Oklahoma City, OK, to establish a developmental center for injury prevention research	100,000
University of Pittsburgh Medical Center, Pittsburgh, PA for bioterrorism preparedness	100,000
University of Pittsburgh Medical Center, Pittsburgh, PA for the Pennsylvania Cancer Control Consortium and UPMC Cancer Pavilion, to develop a clinical research and clinical trials network	200,000
University of Texas Health Science Center at San Antonio, San Antonio, TX, for Asthma Demonstration Project	1,750,000
University of Texas Houston Health Science Center, School of Public Health, Brownsville, TX for studies regarding the health of the Hispanic population in the Lower Rio Grande Valley	500,000
University of Texas, Austin, Texas for the Bio-Chem initiative	50,000
University of Texas, M.D. Anderson Cancer Center, Houston, TX for a comprehensive cancer control program to address the needs of minority and medically underserved populations	500,000
University of West Florida for the Partnership for Environmental Research and Community Health	200,000
University of Wisconsin—Extension in Madison, WI for the Parent Education to Prevent Childhood Obesity program	150,000
USA Stars Cultural Exchange and Diversity Training: Alcohol and Obesity Education Through Sport with Oklahoma Judo, OK	125,000
Vermont Oxford Network of Burlington, VT to expand neonatal health care quality and safety initiatives	275,000
Visiting Nurse Associations of America, Boston, MA for a home health care best practices clearinghouse	200,000
Vitiligo Support International, Inc., Encino, CA, for education and awareness programs	200,000
Washington Hospital, Washington, PA to implement their Health and Wellness Program	25,000
Wayne County Department of Public Health, Detroit, MI, for a Maternal Child Outreach, Coordination and Advocacy Program	100,000
West Jefferson Medical Center, Marrero, LA	150,000
West Side Ecumenical Ministry, Cleveland, OH for a youth health and wellness project addressing the problem of teenage obesity	140,000
Wholistic Family Agape Ministries Institute, Alexandria, VA for HIV/AIDS education and prevention and related programs	75,000
Yale New Haven Health System, to establish a specialty center for public health preparedness	450,000
YMCA of Bradford County, Towanda, PA, for fitness equipment	25,000

PREVENTIVE HEALTH SERVICES BLOCK GRANT

The conference agreement includes \$131,814,000 for the Preventive Health Services Block Grant, the same as proposed by the Senate. The House bill included \$108,516,000 for the block grant.

BUSINESS SERVICES SUPPORT

The conference agreement includes \$281,226,000 for Business Services Support, instead of \$286,013,000 as proposed by the House and \$282,226,000 as proposed by the Senate. The agreement does not include an additional \$33,953,000, to be derived from section 241 evaluation set-aside funds, as proposed by the House.

The conferees concur with language in the Senate report regarding the Director's authority to reallocate savings that result from efficiencies gained in business services support to the Director's Discretionary Fund upon notification of the Committees on Appropriations in the House and Senate.

The conferees request that the Director submit a report to the House and Senate Committees on Appropriations within 60 days of enactment showing, for fiscal years 2004 and 2005, the actual or planned division of funding between intramural and extramural programs for each budget activity and sub-activity. For those activities where funding is provided to state and local health departments through general cooperative agreements (such as many chronic disease programs, or tuberculosis or STD control), the report should also show the division of extramural funding between these cooperative agreements and other extramural programs.

The conferees also request that CDC include no less detail than provided in past years in the Justification of Estimates for the Appropriations Committees accompanying the budget for fiscal year 2006, including the functional tables for each budget activity, the mechanism table by activity, and the crosswalks of funding between programs and CDC organizations.

NATIONAL INSTITUTES OF HEALTH

NATIONAL CANCER INSTITUTE

The conference agreement includes \$4,865,525,000 for the National Cancer Institute instead of \$4,870,025,000 as proposed by the House and \$4,894,900,000 as proposed by the Senate.

NATIONAL HEART, LUNG AND BLOOD INSTITUTE

The conference agreement includes \$2,965,453,000 for the National Heart, Lung and Blood Institute instead of \$2,963,953,000 as proposed by the House and \$2,985,900,000 as proposed by the Senate.

NATIONAL INSTITUTE OF DENTAL AND CRANIOFACIAL RESEARCH

The conference agreement includes \$395,080,000 for the National Institute of Dental and Craniofacial Research instead of \$394,080,000 as proposed by the House and \$399,200,000 as proposed by the Senate.

NATIONAL INSTITUTE OF DIABETES AND DIGESTIVE AND KIDNEY DISEASES

The conference agreement includes \$1,727,696,000 for the National Institute of Diabetes and Digestive and Kidney Diseases instead of \$1,726,196,000 as proposed by the House and \$1,739,100,000 as proposed by the Senate. An amount of

\$150,000,000 is also available to the Institute through a permanent appropriation for juvenile diabetes.

The conferees understand that study of Diamond Blackfan Anemia (DBA), may lead to important strides in research important to NIDDK, especially relating to red cell formation, gene therapy, mechanisms of iron overload and the development of treatment options for patients with iron overload. The conferees strongly encourage NIDDK to develop grant opportunities to support DBA research in these areas and to collaborate with NHLBI to develop appropriate research initiatives for DBA.

NATIONAL INSTITUTE OF NEUROLOGICAL DISORDERS AND STROKE

The conference agreement includes \$1,552,123,000 for the National Institute of Neurological Disorders and Stroke instead of \$1,545,623,000 as proposed by the House and \$1,569,100,000 as proposed by the Senate.

The conferees support an effort currently underway at NIH to identify FDA-approved drugs with potential for treating amyotrophic lateral sclerosis (ALS), Huntington's disease, and other neurodegenerative diseases. The conferees applaud the collaboration between the NINDS and private organizations on this drug screening project, and encourage NINDS to work with voluntary associations to expand the high throughput drug screening consortium sponsored by NINDS to include screens for compounds that ameliorate cellular changes in Duchenne muscular dystrophy.

NATIONAL INSTITUTE OF ALLERGY AND INFECTIOUS DISEASES

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$4,440,007,000 for the National Institute of Allergy and Infectious Diseases as proposed by the House instead of \$4,456,300,000 as proposed by the Senate.

The conference agreement includes bill language permitting the transfer of \$100,000,000 to International Assistance Programs, Global Fund to Fight HIV/AIDS, Malaria, and Tuberculosis as proposed by the House instead of \$149,115,000 as proposed by the Senate.

The conferees are concerned about the high prevalence of food allergies, among children in particular, with up to eight percent affected. The conferees recognize that 30,000 individuals require emergency room treatment for food allergies each year, that 100 to 200 individuals die each year from allergic reactions to food, and that there is currently no cure for food allergies. For this reason, NIAID is encouraged to invest in research into the causes of food allergies and its potential treatments.

NATIONAL INSTITUTE OF GENERAL MEDICAL SCIENCES

The conference agreement includes \$1,959,810,000 for the National Institute of General Medical Sciences as proposed by the House instead of \$1,975,500,000 as proposed by the Senate.

NATIONAL INSTITUTE OF CHILD HEALTH AND HUMAN DEVELOPMENT

The conference agreement includes \$1,280,915,000 for the National Institute of Child Health and Human Development as pro-

posed by the House instead of \$1,288,900,000 as proposed by the Senate.

The conferees commend NICHD for its leadership of the agencies and groups that have joined together to develop the National Children's Study. This group has made excellent progress in planning and preparing for the full implementation of the Study. Some projections indicate that the annual reductions in health care costs that are likely to be made possible by the Study's results will be significantly larger than the total funding levels that will be required to conduct it. To assist in planning for the future needs of the study, the conferees request that, within 120 days of the final enactment of this appropriation, NICHD provide the most recent projections of the total and annual costs of the study.

NATIONAL EYE INSTITUTE

The conference agreement includes \$674,578,000 for the National Eye Institute instead of \$671,578,000 as proposed by the House and \$680,300,000 as proposed by the Senate.

NATIONAL INSTITUTE OF ENVIRONMENTAL HEALTH SCIENCES

The conference agreement includes \$650,027,000 for the National Institute of Environmental Health Sciences as proposed by the House instead of \$655,100,000 as proposed by the Senate.

NATIONAL INSTITUTE ON AGING

The conference agreement includes \$1,060,666,000 for the National Institute on Aging instead of \$1,055,666,000 as proposed by the House and \$1,094,500,000 as proposed by the Senate.

Of the nearly 35 million Americans age 65 and older, an estimated seven million suffer from a depressive illness or depressive symptoms. Depressive symptoms tend to be persistent and to interfere significantly with an individual's ability to function. The conferees encourage NIA to expand research into treatment of mental illnesses in the elderly. The conferees further recommend that NIA expand its collaboration with NIMH as well as NINR on Alzheimer's disease to include research related to identifying effective treatments for elderly persons who suffer from depression.

NATIONAL INSTITUTE OF ARTHRITIS AND MUSCULOSKELETAL AND SKIN DISEASES

The conference agreement includes \$515,378,000 for the National Institute of Arthritis and Musculoskeletal and Skin Diseases as proposed by the House instead of \$520,900,000 as proposed by the Senate.

The conferees encourage NIAMS to coordinate with other Institutes to enhance research relevant to scoliosis and to identify biomechanical causes and genetic markers, develop prenatal and childhood detection testing and strategies to prevent the deformity.

NATIONAL INSTITUTE ON DEAFNESS AND OTHER COMMUNICATION DISORDERS

The conference agreement includes \$397,507,000 for the National Institute on Deafness and Other Communication Disorders

instead of \$393,507,000 as proposed by the House and \$399,000,000 as proposed by the Senate.

NATIONAL INSTITUTE OF NURSING RESEARCH

The conference agreement includes \$139,198,000 for the National Institute of Nursing Research as proposed by the House instead of \$140,200,000 as proposed by the Senate.

NATIONAL INSTITUTE ON ALCOHOL ABUSE AND ALCOHOLISM

The conference agreement includes \$441,911,000 for the National Institute on Alcohol Abuse and Alcoholism as proposed by the House instead of \$444,900,000 as proposed by the Senate.

NATIONAL INSTITUTE ON DRUG ABUSE

The conference agreement includes \$1,014,760,000 for the National Institute on Drug Abuse instead of \$1,012,760,000 as proposed by the House and \$1,026,200,000 as proposed by the Senate. The agreement does not include \$6,300,000 in program evaluation funding as proposed by the House. The Senate bill did not include any program evaluation funding.

NATIONAL INSTITUTE OF MENTAL HEALTH

The conference agreement includes \$1,423,609,000 for the National Institute of Mental Health instead of \$1,420,609,000 as proposed by the House and \$1,436,800,000 as proposed by the Senate.

NATIONAL HUMAN GENOME RESEARCH INSTITUTE

The conference agreement includes \$492,670,000 for the National Human Genome Research Institute as proposed by the House instead of \$496,400,000 as proposed by the Senate.

NATIONAL INSTITUTE OF BIOMEDICAL IMAGING AND BIOENGINEERING

The conference agreement includes \$300,647,000 for the National Institute of Biomedical Imaging and Bioengineering instead of \$297,647,000 as proposed by the House and \$300,800,000 as proposed by the Senate.

NATIONAL CENTER FOR RESEARCH RESOURCES

The conference agreement includes \$1,124,141,000 for the National Center for Research Resources instead of \$1,094,141,000 as proposed by the House and \$1,213,400,000 as proposed by the Senate.

The conference agreement includes bill language to earmark \$30,000,000 for extramural facilities construction grants instead of \$119,220,000 as proposed by the Senate. The House did not provide funding for extramural facilities construction.

NATIONAL CENTER FOR COMPLEMENTARY AND ALTERNATIVE
MEDICINE

The conference agreement includes \$123,116,000 for the National Center for Complementary and Alternative Medicine instead

of \$121,116,000 as proposed by the House and \$121,900,000 as proposed by the Senate.

NATIONAL CENTER ON MINORITY HEALTH AND HEALTH DISPARITIES

The conference agreement includes \$197,780,000 for the National Center on Minority Health and Health Disparities instead of \$196,780,000 as proposed by the House and \$197,900,000 as proposed by the Senate.

JOHN E. FOGARTY INTERNATIONAL CENTER

The conference agreement includes \$67,182,000 for the John E. Fogarty International Center as proposed by the House instead of \$67,600,000 as proposed by the Senate.

NATIONAL LIBRARY OF MEDICINE

The conference agreement provides \$317,947,000 for the National Library of Medicine instead of \$316,947,000 as provided by the House and \$316,900,000 as provided by the Senate. In addition, \$8,200,000 is provided from section 241 authority as proposed by both the House and Senate.

OFFICE OF THE DIRECTOR

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$361,145,000 for the Office of the Director instead of \$359,645,000 as proposed by the House and \$364,100,000 as proposed by the Senate.

The conference agreement includes bill language providing up to \$10,000,000 to be used for the flexible research authority as described in section 217 of the bill as proposed by the Senate instead of \$7,500,000 as proposed by the House.

The conference agreement includes a modification to House bill language that grants specific permission to NIH to fund a portion of the Roadmap Initiative through a uniform charge against the budgets of all Institutes and Centers. The conferees have deleted a specific dollar limit on such funding, in order to provide NIH with flexibility to adjust that amount in response to changing cost estimates and scientific needs. However, the agreement requires the Director to notify the Appropriations Committees before exceeding the original NIH Roadmap estimate of \$176,800,000. The conferees have also added language to clarify that these provisions are not intended to limit the ability of Institutes and Centers to fund research related to the Roadmap Initiative out of their own budgets through their normal priority setting and scientific review processes.

The conferees concur with the direction contained in the House report for NIH to notify the Appropriations Committees on a quarterly basis if the contributions from Institutes and Centers or allocation of funding by Roadmap initiative changes from what is presented in the congressional justification.

The conference agreement includes bill language indicating that \$10,000 of the funds provided may be used for official reception and representation expenses if specifically approved by the Di-

rector. The Senate bill contained similar language as a general provision. The House bill did not contain similar language.

The conferees concur with the concerns expressed in the Senate report about the disappointing precedent contained in the Administration request that would have used average cost assumptions inconsistent with NIH's own Cost Management Plan. To the extent that resources allow, the conferees believe that NIH should follow its Cost Management Plan principles, which will help NIH continue to maintain the purchasing power of the research in which it invests.

The conferees concur in the House report language indicating that the administration proposal to multi-year fund some or all NIH grants is not approved. The Senate did not have a similar provision.

The conferees are aware of the draft NIH policy on increasing public access to NIH-funded research. Under this policy, NIH would request investigators to voluntarily submit electronically the final, peer reviewed author's copy of their scientific manuscripts; six months after the publisher's date of publication, NIH would make this copy publicly available through PubMed Central. The policy is intended to help ensure the permanent preservation of NIH-funded research and make it more readily accessible to scientists, physicians, and the public. The conferees note that the comment period for the draft policy ended November 16th; NIH is directed to give full and fair consideration to all comments before publishing its final policy. The conferees request NIH to provide the estimated costs of implementing this policy each year in its annual Justification of Estimates to the House and Senate Appropriations Committees. In addition, the conferees direct NIH to continue to work with the publishers of scientific journals to maintain the integrity of the peer review system.

The conferees are aware that recent advances in multidisciplinary research combining biomaterials, cell biology, computer modeling, micro-machining and nanotechnology have made it possible to produce fully functioning replacement kidneys and liver tissue. The multidisciplinary tissue engineering research efforts have resulted in positive results to date in the development of a compact, wearable continuous kidney dialysis system that will greatly improve the lives of patients. The conferees encourage the Director of NIH to pursue research initiatives on the development of tissue-engineered compact, wearable, continuous kidney dialysis and liver support systems.

The conferees encourage NIAID, other Institutes within NIH and other appropriate Federal agencies to provide support for the study of Eosinophilia Myalgia Syndrome (EMS) and other immune mediated diseases that manifest symptoms like those of EMS. These systemic illnesses require new approaches, such as systems biology, to understand root causes of disease onset, to assess treatment options and to understand clinical and epidemiological aspects. EMS and EMS-like diseases have afflicted thousands, remain incurable, and continue to be difficult to diagnose.

The conferees are aware that NIH has recently completed a Trans-NIH Liver Disease Research Action Plan and urge that steps be taken to ensure that its implementation begins in fiscal year

2006. The conferees further request a report by March 1, 2005 to discuss the timeline and priorities for implementing the full plan.

The conferees acknowledge the positive conclusions of the evidence-based review recently completed by the Office of Dietary Supplements on the potential benefits of omega-3 fatty acids in significantly lowering the risks of cardiovascular disease, especially coronary heart disease. The conferees urge NIH to undertake the design and planning of the recommended clinical trials needed to provide conclusive evidence regarding the potential of omega-3 fatty acids in reducing cardiovascular morbidity and mortality in the general U.S. population.

BUILDINGS AND FACILITIES

The conference agreement includes \$111,177,000 for buildings and facilities instead of \$99,500,000 as proposed by the House and \$114,500,000 as proposed by the Senate.

The conference agreement includes bill language granting full scope authority for the contracting of construction of the first and second phases of the John E. Porter Neurosciences Building as proposed by the Senate. The House did not have a similar provision. The agreement provides \$14,700,000 to continue construction of the building. The Senate report provided \$15,000,000 for this purpose.

The conferees wish to recognize and honor former Congressman Joseph Daniel Early for his contribution to the National Institutes of Health. Mr. Early served in Congress from 1975 to 1993, and served on the House Labor, Health, and Human Services Appropriations Subcommittee. During his time on the Subcommittee, he tirelessly advocated on behalf of the NIH, and the importance of medical research. Even before this Subcommittee undertook bold efforts such as the recent doubling of NIH funding, Mr. Early was on the forefront of recognizing the critical role of the federal government in supporting medical research, and the significance of the work of the NIH. His efforts have undoubtedly improved the health of many Americans. The conferees strongly urge the NIH to honor Mr. Early's contribution to the NIH by designating one of the two outdoor courtyards in the Mark O. Hatfield Clinical Research Center as the "Joseph D. Early Plaza (or Courtyard)". The conferees hope that such a space will include a stone marker, plaque, or sculpture that would prominently pay tribute to Mr. Early's contributions to the NIH.

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES ADMINISTRATION

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES

The conference agreement includes \$3,418,664,000 for substance abuse and mental health services, of which \$3,295,361,000 is provided through budget authority and \$123,303,000 is provided through the evaluation set-aside. The House bill had proposed \$3,391,663,000 for SAMHSA, of which \$121,303,000 was from the evaluation set-aside and the Senate proposed \$3,484,729,000, of which \$123,303,000 was from the evaluation set-aside. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

Within the total provided, the conference agreement includes funding at no less than the fiscal year 2004 level for activities throughout SAMHSA that are targeted to address the growing HIV/AIDS epidemic and its disparate impact on communities of color, including African Americans, Latinos, Native Americans, Asian Americans, Native Hawaiians, and Pacific Islanders.

The conference agreement includes bill language identifying \$23,107,000 for projects in the amounts specified in the statement of the managers on the conference report.

CENTER FOR MENTAL HEALTH SERVICES

The conference agreement includes \$276,646,000 for programs of regional and national significance instead of \$257,420,000 as proposed by the House and \$303,128,000 as proposed by the Senate.

The conference agreement provides \$20,000,000 for the State incentive grants for transformation as proposed by the House rather than \$43,782,000 as proposed by the Senate. These competitive grants will support the development of comprehensive State mental health plans and improve the mental health services infrastructure.

Within the total provided, the conference agreement provides \$95,000,000 for counseling services for school-aged youth as proposed by the Senate. In addition, \$3,000,000 is provided to support the national suicide prevention resource center and continued support is also provided for the suicide prevention hotline program at \$3,070,000 as proposed by the Senate.

The conference agreement includes \$7,000,000 for grants and cooperative agreements to develop early intervention and prevention strategies, training and technical assistance to address the growing problem of youth suicide.

The conference agreement provides \$2,000,000, rather than \$4,500,000 as proposed by the Senate, to make grants to local educational systems or non-profit entities in conjunction with local educational systems to further test the use and identify evidence-based practices for facilitating treatment for teenagers suffering from mental, emotional or behavioral disorders. The House did not propose funding for these grants.

The conference agreement provides \$2,000,000 to continue the current level of funding for the consumer and consumer-supported national technical assistance centers as proposed by the Senate. The conferees direct the center for mental health services to support multi-year grants to fund five such national technical assistance centers.

The conference agreement provides \$5,000,000 for the elderly treatment and outreach program as proposed by the Senate rather than \$4,970,000 as proposed by the House.

As proposed by the Senate, the conference agreement provides \$7,000,000 for the jail diversion program instead of \$6,959,000 as proposed by the House.

The conference agreement includes \$4,000,000 for the minority fellowship program rather than \$5,320,000 as proposed by the House.

The conferees include the following amounts for the following projects and activities in fiscal year 2005:

AgriWellness, Inc. in Harlan, IA to support the Sowing the Seeds of Hope rural mental health project	\$50,000
Allegheny County, Pittsburgh, PA for adolescent mental health services	100,000
Arc of Lackawanna County, Scranton, PA for mental health services	100,000
Center for Multicultural Human Services, Falls Church, VA for mental health and related services to at-risk immigrant and refugee families	100,000
Children's Aid and Family Services, Paramus, NJ to develop and implement a Clinical Excellence Institute to provide training for children's services staff	150,000
Citizens Acting Together Can Help, Inc. (CATCH), Philadelphia, PA for mental health services	75,000
City of Denver, CO Department of Health and Human Services for mental health services to homeless and at-risk youth	250,000
Community Counseling Center, Portland, ME for services for adults and children who have experienced emotional trauma	300,000
DeKalb Crisis Center, Decatur, GA for mobile mental health outreach, assessment and intervention services	150,000
El Monte Police Department, El Monte, CA, for youth violence prevention	200,000
Family Communications, Inc. in Pittsburgh, PA for the Managing Anger, Promoting Safety (MAPS) project with a focus on childcare settings in underserved communities in Mississippi	100,000
Family Communications, Pittsburgh, PA for an antiviolence program entitled the National Project Managing Anger, Promoting Safety	100,000
Family Support Systems Unlimited, Inc., Bronx, NY for mental health services	200,000
Holy Family Institute, Pittsburgh, PA to expand mental health services	100,000
Horizon Health Care in Howard, South Dakota for mental health services at the Community Health Center in Martin, South Dakota	150,000
Horizon House, Philadelphia, PA for mental health and substance abuse treatment services	75,000
Illinois Collaboration on Youth/Youth Network Council, Chicago, IL to increase access to mental health services for young people involved in the juvenile justice system	1,200,000
Jewish Association for Residential Care, Farmington Hills, MI—mental health support services and long-term case management for adults with developmental disabilities	425,000
Keifer Mercy Health Center, Springfield, OH to provide Multisystemic Therapy in a school/home-based environment for high-risk youth	200,000
Lane County, OR for mental health services for youth	225,000
Mattie Rhodes Center, Kansas City, MO for mental health, family counseling and related services	250,000
Mental Health Association of Tarrant County, Fort Worth, TX—School Mental Health Education Program	200,000
Middlecreek Area Community Center, Beaver Springs, PA for adolescent mental health programs	75,000
National Center for Children Exposed to Violence, Yale University Child Study Center, New Haven, CT for training, technical assistance, consultation and other services relating to the effects of violence on children	500,000
Noah's Ark—A Safe Place, Inc., for mental and emotional counseling for young men in several Pennsylvania counties	150,000
Northwestern Human Services, Lafayette Hill, PA to implement their "Building Bridges for Girls" Residential Program	150,000
Ohel Children's Home and Family Services, Brooklyn, NY for adult mental health services	300,000

Ohio Department of Mental Health, Columbus, OH—Ohio Mental Health Network for School Success	250,000
Oklahoma Department of Mental Health and Substance Abuse Services, Oklahoma City for implementation of a cross-training initiative for mental health, substance abuse and domestic violence professionals	200,000
Oregon Partnership, Portland, OR to implement the Oregon Youth Suicide Prevention Program	100,000
Pacific Clinics, Arcadia, CA for mental health and suicide prevention programs for Latina youth	500,000
Pennsylvania Psychological Association, Harrisburg, PA for a mental health/primary care collaborative care project directed by the Geisinger Health System	25,000
Potter County Human Services, Roulette, PA to continue and enhance Yellow Ribbon youth suicide prevention efforts begun in 2003 and continued in 2004, in the rural community	100,000
Saint Boniface Neighborhood Outreach Program, Inc., Louisville, KY, for Phases II and III of a prisoner re-entry program	100,000
San Diego Lesbian, Gay, Bisexual and Transgender Community Center, San Diego, CA for mental health services	80,000
San Francisco Department of Public Health, San Francisco, CA for mental health and substance abuse services for homeless persons in supportive housing	1,500,000
Screening for Mental Health, Inc., Loveland, OH for the SOS High School Suicide Prevention Program	100,000
Senior Community Centers, San Diego, CA for mental health and related services in their supportive housing program	100,000
State of Alaska Department of Health and Social Services, Division of Behavioral Health, Juneau, AK for the Targeted Gatekeeper Suicide Prevention Training and Public Education Program	250,000
Tanana Chiefs Conference, in partnership with Fairbanks Native Association and the University of Alaska/Fairbanks, to treat behavioral health problems of children throughout Interior Alaska	750,000
Task Force on Family Violence of Milwaukee, Inc in Milwaukee, WI to provide mental health services for children who have experienced or witnessed domestic violence	70,000
United Way of Anchorage, AK for its 211 Project to develop an integrated system of resources for people with substance abuse, mental illness and homelessness	600,000
University of South Florida, Louis de la Parte Florida Mental Health Institute, Tampa, FL to close the knowledge/practice gap in mental health and substance abuse programs	500,000
Ventura County Probation Agency, Ventura, CA for the Emotionally Challenged Juvenile Offender Intervention Program	300,000
Wisconsin Department of Agriculture, Trade and Consumer Protection in Madison, WI for the Sowing the Seeds of Hope rural mental health project	50,000
YWCA of Carlisle, Carlisle, PA to provide sexual assault counseling	25,000

The conference agreement includes \$436,070,000 for the mental health block grant, which includes \$21,803,000 from the evaluation set-aside, the same numbers as proposed by both the House and the Senate.

The conference agreement includes \$34,620,000 for the protection and advocacy for individuals with mental illness program as proposed by the Senate instead of \$36,000,000 as proposed by the House. The conferees intend that technical assistance be provided through a competitive multiyear grant with a national nonprofit organization that has the demonstrated capacity to carry out these activities. The conferees intend that the technical assistance be responsive to requests from the protection and advocacy network, based on the identified needs of individuals with mental illness and do not intend that technical assistance funds be used for administrative responsibilities of the agency administering the programs.

CENTER FOR SUBSTANCE ABUSE TREATMENT

The conference agreement includes \$425,946,000 for programs of regional and national significance, which includes \$4,300,000 from the evaluation set-aside, instead of \$419,219,000 as proposed by the House and \$424,017,000 as proposed by the Senate. Both the House and Senate bills included the evaluation set-aside at \$4,300,000.

Within funds provided, \$100,000,000 is for the access to recovery program as proposed by both the House and the Senate. The conferees expect that addictive disorder clinical treatment providers participating in the access to recovery program, as well as their respective staff, shall meet the certification, accreditation, and/or licensing standards recognized in their respective States.

The conference agreement provides \$10,000,000 for treatment programs for pregnant, postpartum and residential women and their children as proposed by the Senate. Within these funds, no less than last year's level shall be used for the residential treatment program for pregnant and postpartum women, authorized under section 508 of the Public Health Service Act.

The conferees include the following amounts for the following projects and activities in fiscal year 2005:

Akeela, Inc., in Anchorage, AK to continue its Re-Entry Program for newly released prisoners with substance abuse problems	\$200,000
Augsburg College, Minneapolis, MN for the StepUP Program to assist students in recovery from chemical dependency	200,000
Baltimore City, MD for drug treatment services	250,000
City of Jackson, TN for substance abuse prevention and treatment services	240,000
City of Wrangell in Wrangell, AK for its Avenues Program to provide comprehensive substance abuse treatment	100,000
Community Rehabilitation Center, Jacksonville, FL for services for people with co-occurring mental health and substance abuse disorders	300,000
Cook Inlet Council on Alcohol and Drug Abuse in Kenai, Alaska for treatment of women and children with substance abuse problems on the Kenai Peninsula	200,000
Cullman Area Mental Health, Cullman, AL, for a substance abuse program	20,000
Doe Fund, Inc., Philadelphia, PA to provide substance abuse treatment services	100,000
Fairbanks Memorial Hospital, Alaska for the Fairbanks Community Initiative for Chronic Inebriates	500,000
Fairbanks Native Association in Fairbanks, AK for treatment programs at the Ralph Perdue Center	500,000
Fenway Community Health Center, Boston, MA, to provide services to low-income HIV and AIDS patients	150,000
Fighting Back Partnership, Vallejo, CA for an intervention, treatment and aftercare program for students identified with drug and alcohol use	250,000
Florida Certification Board, Tallahassee, FL—Florida Center for Prevention Workforce Development	400,000
Gavin Foundation, South Boston, MA for substance abuse treatment services at its Cushing House facility for adolescents	300,000
Hitchcock Center for Women, Cleveland, OH for substance abuse treatment and related services	100,000
Jefferson County Medical Society Outreach Program, Inc., (The Healing Place) Louisville, KY—Women's Recovery Program	200,000
Mental Health Systems, Inc., Family Recovery Center, Oceanside, CA, to enhance and expand substance abuse treatment services for women at-risk for HIV	50,000

Mountain Lakes Behavioral Healthcare, Guntersville, AL for co-occurring disorder treatment	20,000
ODAAT, Inc., Philadelphia, PA to expand mental and behavioral health services to disadvantaged drug addicted populations	200,000
Ramsey County, MN, for the All Children Excel Program	667,000
Saint Barnabus on the Lake Drug and Alcohol Rehab Center, Erie, PA to implement a faith-based drug and alcohol rehabilitation program for males 18 and older.	25,000
Salvation Army of Anchorage to support detox programs at the Clitheroe Center in Anchorage, AK	500,000
SBH Community Services, Brooklyn, NY, for an Addictive Behavior/Family Preservation Program	100,000
South Dakota Division of Alcohol and Drug Abuse, Pierre, SD for treatment services for methamphetamine addiction and co-occurring mental health and substance abuse disorders	700,000
Teen Challenge of Rehrersburg, PA to establish a transitional rehabilitation program for recovering drug and alcohol addicts	100,000
WestCare Kentucky, Inc., Pikesville, KY for a comprehensive substance abuse treatment service system pending receipt of state licensure	750,000
Wyoming Substance Abuse Treatment and Recovery Center, Sheridan, WY to expand residential treatment services	1,100,000

The conference agreement includes \$1,789,235,000 for the substance abuse prevention and treatment block grant, of which \$1,710,035,000 is budget authority and \$79,200,000 is provided through evaluation set-aside. These are the same numbers as proposed by the House. The Senate bill had proposed \$1,832,235,000 with the same evaluation set-aside.

CENTER FOR SUBSTANCE ABUSE PREVENTION

The conference agreement includes \$200,428,000 for programs of regional and national significance instead of \$200,000,000 as proposed by the House and \$198,940,000 as proposed by the Senate.

Included in the conference agreement is \$10,000,000 for fetal alcohol syndrome/fetal alcohol effect (FAS/FAE) prevention and treatment programs, with an emphasis on teenage mothers instead of \$11,000,000 as proposed by the Senate.

The conferees expect States receiving funding under the strategic prevention framework State incentive grant to give priority in the use of the 20 percent prevention set-aside in the substance abuse prevention and treatment block grant to funding the specific priorities in the comprehensive community strategies developed by the communities in their States.

The conferees include the following amounts for the following projects and activities in fiscal year 2005:

ALERT Partnership, Allentown, PA for a substance abuse prevention program	\$25,000
Alliance for Consumer Education (ACE), in cooperation with the Pennsylvania School Counselors Association, to provide parents and counselors with prevention information about inhalant abuse	100,000
Boys and Girls Club of Erie, Erie, PA to implement the SMART Moves prevention program	50,000
C.B. Johnson Campaign for a Drug Free Westside, Chicago, IL for substance abuse prevention and treatment services	340,000
Centre County, PA, to implement, in coordination with Clinton County, educational programming targeting the prevention of drug use by students	200,000

Clinton County Communities That Care, Lock Haven, PA for a prevention program to identify and reduce risk factors leading to juvenile delinquency	100,000
CODAC Behavioral Healthcare, Cranston, RI to reduce substance abuse and violence with troubled students	100,000
Community Health Center on the Big Island of Hawaii for Youth Anti-Drug Program	250,000
Community Prevention Partnership of Berks County, Reading, PA to implement the Grandparents Raising Resilient Youth program	25,000
Community Services for Children, Allentown, PA for a substance abuse prevention program	100,000
Corporate Alliance for Drug Education, Bala Cynwyd, PA for an elementary school-based prevention program to teach children to reject substance abuse and violence while helping them to identify positive alternatives to harmful situations	250,000
Drug Free Pennsylvania, Harrisburg, PA to implement a drug-free workplace training program	50,000
Institute for Research, Education & Training in Addictions (IRETA), Pittsburgh, PA to implement substance abuse prevention programs	200,000
Institute for the Study and Practice of Nonviolence, Providence, RI for the Streetworkers Program to reduce youth substance abuse and violence	100,000
Life Haven, Inc., New Haven, CT for services to promote resilience for homeless and other at-risk children	200,000
NAIVE Program, Langhorne, PA, to provide drug prevention programs for students and teachers	25,000
Ohio Association of Alcoholism and Drug Abuse Counselors, Worthington, OH—expansion of the Ohio Alcohol and Other Drug Workforce Resource Center	100,000
South Boston Community Health Center, South Boston, MA for substance abuse prevention services	340,000
Strength Incorporated, Wilkinsburg, PA, for a drug and alcohol prevention program that provides individuals with life skills	100,000
Sunshine Center, Port Jefferson Station, NY for substance abuse and violence prevention services for children and families	100,000
Susan P. Byrnes Health Education Center, Inc., York, PA, for a tobacco education program in schools and community organizations	230,000
University of South Dakota School of Medicine Center for Disabilities in Sioux Falls, South Dakota to continue the work of the Consortium on Fetal Alcohol Syndrome	350,000
Warren County Department of Human Services, Warren, PA for outreach and training for substance abuse prevention programs	25,000
Youth in Action, Providence, RI for a teen substance abuse reduction program	50,000

PROGRAM MANAGEMENT

The conference agreement includes \$94,455,000 for program management, of which \$18,000,000 is provided through the evaluation set-aside, the same as proposed by the Senate. The House bill had proposed \$92,455,000 with a \$16,000,000 evaluation set-aside.

Within the total, \$2,000,000 is included, as proposed by the Senate, to establish surveillance measures to address the mental and behavioral health needs of the population of the United States. The House did not include funding for this program.

AGENCY FOR HEALTHCARE RESEARCH AND QUALITY

HEALTHCARE RESEARCH AND QUALITY

The conference agreement includes \$318,695,000 as proposed by the Senate instead of \$303,695,000 as proposed by the House. The agreement makes these funds available through the policy evaluation set-aside, as proposed by both House and Senate.

The conferees provide \$15,000,000 within this total for clinical effectiveness research as proposed by the Senate. The House did not have a similar provision.

The conferees are aware of the use of home health monitoring devices that guide patients and their physicians in managing chronic diseases, thereby avoiding rehospitalization and emergency room visits. The conferees encourage AHRQ to study the effectiveness of programs using these devices with patients suffering from chronic illnesses, compare monitored patients with non-monitored patients taking into account the number of hospitalizations, and quantify any overall cost reductions resulting from these programs.

CENTERS FOR MEDICARE AND MEDICAID SERVICES

PROGRAM MANAGEMENT

The conference agreement includes \$2,696,402,000 for program management instead of \$2,746,253,000 as proposed by the House and \$2,756,644,000 as proposed by the Senate. An additional appropriation of \$720,000,000 has been provided for the Medicare Integrity Program through the Health Insurance Portability and Accountability Act of 1996. The conference agreement does not include language included in the House bill that would have reduced Program Management by a total of \$12,500,000.

The conference agreement includes \$78,119,000 for research, demonstration, and evaluation instead of \$68,400,000 as proposed by the House and \$77,791,000 as proposed by the Senate. Within the total provided, the conference agreement provides \$40,000,000 for Real Choice Systems Change Grants to States.

The conferees are pleased with the demonstration project at participating sites licensed by the Program for Reversing Heart Disease and encourage its continuation. The conferees further urge CMS to continue the demonstration project being conducted at the Mind Body Institute of Boston, Massachusetts. The conferees urge CMS to continue its research activities targeted towards ensuring culturally sensitive health care for American Samoans.

The agreement includes bill language for the following projects and activities for fiscal year 2005:

Advocate Metro Outreach Initiative, Oak Brook, to implement an initiative to provide comprehensive health education and services to the deaf and hard-of-hearing community	\$100,000
African American Interdenominational Ministries, Inc., Philadelphia, PA to implement an insurance outreach program	150,000
AIDS Healthcare Foundation, Los Angeles, CA for a demonstration of residential and outpatient treatment facilities	1,900,000
Bronx-Lebanon Hospital Center, Bronx, NY for a comprehensive adolescent and young adult health program to demonstrate means of improving health care and preventive services for underserved inner city teenagers and young adults	450,000
Children's Institute for Palliative Care, Children's Hospitals and Clinics, Minneapolis, MN for a pediatric palliative care demonstration program	300,000
City of Detroit, MI for a project to improve access to primary care and preventive health services for low-income and uninsured persons	600,000
Community Catalyst, Inc., Boston, MA, for the expansion of a benefits management program	100,000
Cook County Bureau of Health Services in Chicago, IL for the Antibiotic Resistance Program	150,000

Donald R. Watkins Memorial Foundation, Houston, TX, for a comprehensive HIV/AIDS treatment and research demonstration program	340,000
Focus on Therapeutic Outcomes, Inc., Knoxville, TN	100,000
Hamot Medical Center, Erie, PA and the Ohio Health System, Columbus, OH to implement a demonstration project on the Medicare Advantage program	250,000
HealthRight, Inc., Philadelphia, PA for their Care Access Program	25,000
Inglis Foundation, Philadelphia, PA for healthcare and social services for low-income adults with severe physical disabilities in an effort to promote independent living	75,000
Medical Care for Children Partnership, Fairfax, VA for access to specialty health care for children who have serious medical needs	50,000
Memphis Biotech Foundation in Memphis, Tennessee to develop a biologistics network in Mississippi and Tennessee	500,000
Muskegon Community Health Project, Muskegon, MI for the Access Health Program	225,000
Our House of Portland, Portland, OR, to develop a Care Program for people living with AIDS	30,000
Pace Vermont, Burlington, VT, for the Rural Program for All-inclusive Care for the Elderly	750,000
Patient Advocate Foundation, Newport News, Virginia, to assist the PAF in serving patients experiencing difficulty accessing quality health care services	150,000
Puerto Rico's Governor's Office of Elderly Affairs for the Medication Error Prevention Pilot Program	450,000
San Francisco Department of Public Health, San Francisco, CA for a demonstration project to improve HIV/AIDS treatment and prevention services	1,500,000
Santa Clara County, CA for outreach and enrollment assistance activities of the Children's Health Initiative	300,000
Susquehanna Health System, Williamsport, PA for stabilizing workforce for patient care	500,000
Swope Health Services, Kansas City, MO to supplement recurring healthcare costs for underemployed, uninsured, and income-qualified patients in Wyandotte and Johnson Counties, KS	500,000
Temple University, Crime and Justice Research Center, Philadelphia, PA for DNA backlog and utilization	100,000
University of Maine, Partnership for Early Childhood Health & Services	250,000

The conference agreement includes \$1,746,879,000 for Medicare operations instead of \$1,796,879,000 as proposed by the Senate and \$1,793,879,000 as proposed by the House. The conference agreement does not include the \$155,000,000 reduction to Medicare operations included in general provision 217 of the House bill.

The conference agreement includes bill language identifying not less than \$79,000,000 for processing Medicare appeals. The House and Senate bills had similar language, which also provided for a transfer of \$50,000,000 to the Social Security Administration for processing appeals. The conference agreement provides the funding for SSA through the General Departmental Management account.

The conference agreement includes bill language proposed by the Senate making up to an additional \$18,000,000 available to CMS for Medicare claims processing if unit costs of claims exceed particular thresholds. The House bill did not contain similar language.

The conference agreement provides \$3,000,000 within Medicare operations to support Benefit Improvement and Protection Act of 2000 (BIPA) section 522 activities, as proposed by the Senate. The

House proposed that these activities be supported through Federal administration.

The conferees concur with language in the Senate report regarding funding for the State health insurance counseling program. The House report did not have similar language.

The conference agreement provides \$586,182,000 for Federal administration instead of \$589,182,000 as proposed by the House and \$587,182,000 as proposed by the Senate.

The conference agreement includes bill language making funds available for the Healthy Start, Grow Smart program. The Senate had proposed similar bill language; the House report contained similar language.

The conference agreement does not provide \$1,000,000 for an Institute of Medicine study of the Medicare 75 percent rule as proposed by the Senate. The House did not have a similar provision.

The conferees are aware that the funding provided by section 508 of the Medicare Modernization Act was inadequate to fully fund all of the hospitals that qualified for reclassification under this section. The conferees are concerned that inadequate funding under this provision has adversely affected patient access to care. Therefore, the conferees request that CMS submit a report with the following information: the number of hospitals that qualified for funding under section 508; the number of hospitals that qualified but received no funding under this provision; and a cost estimate, by year, of the amount needed to fully fund these hospitals over the next three years. The conferees request that this report be submitted to the Senate and House Appropriations Committees no later than 90 days after enactment of this Act.

The conferees are concerned that phase-in of Medicare Part D may result in significant increases in out-of-pocket costs to Medicare enrollees with HIV/AIDS who now rely on Medicaid for their prescription medications, as well as to the state AIDS Drug Assistance Programs (ADAP). The inability of enrollees with chronic and costly medical conditions such as HIV/AIDS to pay such increased expenses and the inability for the ADAPs to meet increased costs may harm the public health. The conferees request CMS to report within 160 days the potential impact to dual-eligibles as well as to outline measures it will take to protect the public health.

The conferees are aware of changes being developed by CMS to alter the Medicare coverage policy for power mobility devices and strongly encourage CMS to use its resources to develop a coverage policy firmly based on a functional standard of non-ambulatory. The conferees support controlling fraud and abuse through requiring the proper substantiation of medical need without narrowing the definition of "nonambulatory" to exclude beneficiaries who have a medical need for it. The conferees have heard from beneficiaries organizations' that the "in the home" rule often denies beneficiaries access to medically necessary wheelchairs they need to move about their home, community and in some instances, to return to work. The conferees would like CMS' views on what steps can be taken to modify this rule in a manner that enhances the independence of beneficiaries with disabilities of all ages, while being cost effective and providing for effective safeguards against fraud and abuse. Finally, the conferees believe that the medically

necessary application of this benefit can save Medicare money through avoiding expensive institutional care or hospitalization resulting from falls by the growing elderly population and beneficiaries with disabilities under age 65.

The conferees recognize the Hawaii Health Systems Corporation's success in responding to the healthcare needs of the State of Hawaii. The conferees encourage CMS to recognize the special consideration a unique island state requires when calculating population density requirements.

The conferees encourage CMS to exclude blood clotting factors from the definition of "competitively biddable drugs and biologicals" in section 1847A(a)(2)(A) of the Social Security Act. Individuals with hemophilia and other bleeding disorders are dependent upon lifesaving blood clotting factors and need unfettered access to sustain life.

The conferees encourage CMS to provide technical assistance to the Commonwealth of Puerto Rico to help it to compete successfully for Real Choice Systems Change grants.

To build on the Department of Labor Office of Disability Employment Policy's (ODEP) efforts to increase telework opportunities in the federal government, the conferees direct that \$1,000,000 be transferred from ODEP to the Centers for Medicare and Medicaid Services (CMS) to build on a previous pilot between ODEP and CMS.

The conferees are pleased that CMS has piloted the performance of CMS call center work by individuals with severe disabilities working from home-based workstations. This model has the potential to be expanded within CMS and replicated outside of CMS by government agencies and others interested in following CMS's lead.

The conference agreement provides such transfer to expand and refine the existing CMS model in conjunction with National Telecommuting Institute, Inc., as well as disseminate information about this telework model to other agencies.

ADMINISTRATION FOR CHILDREN AND FAMILIES

PAYMENTS TO STATES FOR CHILD SUPPORT ENFORCEMENT AND FAMILY SUPPORT PROGRAMS

The conference agreement provides \$2,873,802,000 for payments to States for child support enforcement and family support programs, the same as both the House and Senate.

LOW-INCOME HOME ENERGY ASSISTANCE

The conference agreement provides \$2,200,000,000 for low-income home energy assistance rather than \$2,249,000,000 as proposed by the House and \$2,000,500,000 as proposed by the Senate. Of the amount provided \$1,900,000,000 is provided for formula grants to States. The House bill had proposed \$1,911,000,000 for State formula grants and the Senate bill proposed \$1,901,090,000. Within the funds available, \$27,500,000 is included for the leveraging incentive fund as proposed by the Senate.

The conference agreement includes \$300,000,000 for the emergency fund to meet the additional home energy assistance needs arising from a natural disaster or other emergency pursuant to sec-

tion 402 of S. Con. Res. 95 (108th Congress), as made applicable to the House by H. Res. 649 (108th Congress) and applicable to the Senate by section 14007 of Public Law 108–287. The House bill proposed \$100,000,000 and the Senate bill proposed \$99,410,000 for the contingent emergency fund, but neither bill designated funds as an emergency.

The conference agreement does not include funding for the Department of Energy's weatherization assistance program in this title. The House bill proposed \$238,000,000 for this program while the Senate bill included funding for this program in the Interior and Related Agencies Appropriations bill. Funding for this program is provided in Division J.

REFUGEE AND ENTRANT ASSISTANCE

The conference agreement includes \$488,336,000 for the refugee and entrant assistance programs rather than \$491,336,000 as proposed by the House and \$477,239,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conference agreement provides \$166,218,000 for social services, the same level as proposed in the House bill. The Senate had proposed \$155,121,000 for this program. Within the funds provided, the conference agreement includes \$19,000,000 as outlined in the House report. The conferees intend that funds provided above the request for social services shall be used for refugee school impact grants and for additional assistance in resettling and meeting the needs of the Hmong and Somali Bantu refugees expected to arrive during 2004 and 2005. The conferees also urge the Office of Refugee Resettlement to continue supporting discretionary grant activities, such as the individual development accounts, community service employment, and elderly refugee programs, to the extent they have been successful in integrating refugees into society and promoting their self sufficiency.

The conference agreement provides \$54,229,000 for the unaccompanied minors program, the same level as proposed by both the House and Senate. The conferees intend that the funds provided by this appropriation be used, in part, to increase the number of field coordinators in the program and to ensure increased capacity at the field level for the assessment of placements and family reunification and to continue improvements in the provision of healthcare, including mental health care, to children in the program.

The conference agreement provides \$10,000,000 for the victims of torture program as proposed by the Senate. The House bill had included \$13,000,000 for this program.

PAYMENTS TO STATES FOR THE CHILD CARE AND DEVELOPMENT BLOCK GRANT

The conference agreement includes \$2,099,729,000 for the child care and development block grant, the same level as both the House and Senate bills. Included in the bill is \$10,000,000 within the total funds provided, for child care research, demonstration, and evaluation activities as proposed by the Senate. The House bill had included \$9,864,000 for these activities.

SOCIAL SERVICES BLOCK GRANT

The conference agreement provides \$1,700,000,000 for the social services block grant, the same level as proposed in both the House and Senate bills. The conference agreement provides 10 percent transfer authority from the temporary assistance for needy families program (TANF) to the social services block grant as proposed by the Senate. The House bill had proposed 4.5 percent transferability.

CHILDREN AND FAMILIES SERVICES PROGRAMS

The conference agreement includes \$9,080,353,000 for children and families services programs, of which \$10,500,000 is provided through the evaluation set-aside. The House bill proposed \$8,996,145,000 for these programs with \$10,482,000 from the evaluation set-aside and the Senate proposed \$9,104,646,000 with \$10,500,000 from the evaluation set-aside. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

Head Start

The conference agreement includes \$6,898,580,000 for Head Start as proposed by the House instead of \$6,935,452,000 as proposed by the Senate. The agreement includes \$1,400,000,000 in advance funding, the same level as proposed by both the House and Senate.

The conference agreement also includes, as a general provision, a limitation against the use of funds for Head Start to pay the compensation of an individual, either as direct costs or any proration as an indirect cost, at a rate in excess of Executive Level II, as proposed by the House.

Consolidated Runaway and Homeless Youth Program

The conference agreement includes \$89,447,000 for the consolidated runaway and homeless youth program, the same level as proposed by the House, rather than \$95,000,000 as proposed by the Senate.

Prevention Grants to Reduce Abuse of Runaway Youth

The conference agreement includes \$15,302,000 for prevention grants to reduce abuse of runaway youth as proposed by the House. The Senate bill had proposed \$15,802,000 for these grants.

Child Abuse State Grants and Discretionary Activities

The conference agreement includes \$27,500,000 for child abuse State grants as proposed by the Senate instead of \$28,484,000 as proposed by the House.

The conference agreement includes \$31,912,000 for child abuse discretionary programs instead of \$26,266,000 as proposed by the House and \$34,386,000 as proposed by the Senate. Within the funds provided for child abuse discretionary activities, the agreement includes the following items:

AGAPE of Central Alabama, Inc., Montgomery, AL, to recruit and train families to foster at-risk children and to expand education and intervention services to pregnant women in crisis	\$25,000
Alameda County Social Services Agency, Oakland, CA for the Another Road to Safety early intervention and prevention program	650,000
Catholic Community Services of Juneau, AK to continue operations at its Family Resource Center for child abuse prevention and treatment	400,000
Children's Home & Aid Society of Illinois, Chicago, IL—Child Abuse Prevention Project	171,000
Children's Hospital Foundation, Columbus, OH for the Center for Child and Family Advocacy	400,000
Children's Resource Center, Harrisburg, PA for training, education and services related to child abuse prevention and treatment	100,000
Columbus Children's Hospital Center for Child and Family Advocacy, Columbus, OH, for expansion and research	450,000
Crisis Shelter of Lawrence County, New Castle, PA for anti-domestic violence program	100,000
Domestic Violence HELP, Pittsburgh, PA, to undertake a study of the prevalence and incidence of domestic violence in select clinic populations in Western PA	100,000
Family Violence Prevention Fund, San Francisco, CA for family violence prevention programs for children, youth and young families through its International Center to End Violence	500,000
Forrest County and Youth Court, Hattiesburg, MS to improve child welfare outcomes for infants and toddlers	100,000
James Whitcomb Riley Hospital for Children, Indianapolis, IN, for the Child Abuse Program	25,000
Jefferson County Colorado, Golden, CO to re-engineer its child welfare system	200,000
Lake Erie Research Institute, Inc., (LERI) Girard, PA for their Child Abuse Prevention program	25,000
Missouri Bootheel Regional Consortium, Inc., Sikeston, MO, for the Fatherhood First project	400,000
Northern Virginia Family Service, Oakton, VA, for the Healthy Families Fairfax program	75,000
State of Alaska Department of Health and Social Services, Office of Children's Services to continue its Healthy Families Alaska home visitation program	1,750,000
Stop It Now!, Philadelphia, PA to expand their public education campaign on child abuse	25,000
Synergy Services, Inc., Parkville, MO, to expand treatment for children suffering from Attachment Disorders caused by neglect, child abuse, post traumatic stress disorder and secondary trauma associated with domestic violence, household disruption, and distant parenting	100,000
YMCA Youth and Family Services, San Diego, CA, to provide safe shelter and supportive services to young homeless women	50,000

Abandoned Infants Assistance

The conference agreement provides \$12,052,000 for the abandoned infants assistance program, the same level as proposed by the Senate. The House bill had proposed \$12,086,000 for this program.

Adoption Awareness

The conference agreement includes \$12,906,000 for the adoption awareness program as proposed by both the House and the Senate. Within the funds provided, \$9,906,000 is for the infant adoption awareness training program and \$3,000,000 is for the special needs adoption campaign.

Compassion Capital Fund

The conference agreement includes \$55,000,000 for the compassion capital fund as proposed by the House, instead of \$47,702,000 as proposed by the Senate.

Social Services and Income Maintenance Research

The conference agreement includes \$32,229,000 for social services and income maintenance research, of which \$6,000,000 is provided through the evaluation set-aside. The House proposed \$5,982,000 for this program entirely funded through the evaluation set-aside and the Senate proposed \$19,168,000, of which \$6,000,000 was from the evaluation set-aside.

The conferees note that efforts undertaken through the State information technology consortium have led to greatly improved systems communications and compliance in both the TANF and child support enforcement (CSE) programs. For TANF, the conferees have provided \$2,000,000 to permit States to utilize uniquely designed web-based technology to improve benefit delivery and fulfill new Federal reporting requirements. For CSE, the conferees have provided \$3,000,000 to continue the consortium's efforts to improve data exchange between CSE and the courts in ways that will significantly reduce the time lag between court orders and enforcement/collections activities.

The conferees also provide sufficient funding for the following:

A+ for Abstinence, Waynesboro, PA for abstinence education and related services	\$45,000
AIDSCARE, Inc., Chicago, IL for social services and related programs at its facilities for people living with AIDS	250,000
Americana Community Center, Inc., Louisville, KY, for community involvement training	19,000
Andrus Children's Center, Yonkers, NY for the Yonkers Early Childhood Initiative	50,000
Anna Maria College, Paxton, MA, for program development at the Molly Bish Center for the Protection of Children and the Elderly	100,000

York County Human Life Services, Inc. York, PA for abstinence education and related services	50,000
Youth Crisis Center, Jacksonville, FL, for family and youth counseling	100,000
YWCA of Bucks County, Trevese, PA to promote strong families, positive youth development and safe communities	50,000
ZERO TO THREE, Washington, DC, for the development of multidisciplinary Court Teams to raise awareness and increase knowledge and skills regarding the needs of maltreated infants and toddlers and their families involved in the child welfare system to include a program in Fort Bend County, Texas	1,000,000

Developmental Disabilities

Within developmental disabilities programs, the conference agreement includes \$38,416,000 for protection and advocacy services as proposed by the House instead of \$40,000,000 as proposed by the Senate. The conferees intend that technical assistance be provided through a competitive multiyear grant with a national nonprofit organization that has the demonstrated capacity to carry out these activities. The conferees intend that the technical assistance be responsive to requests from the protection and advocacy network, based on the identified needs of individuals with disabilities and do not intend that technical assistance funds be used for administrative responsibilities of the agency administering the programs.

The conference agreement includes \$15,000,000 for voting access for individuals with disabilities as proposed by the House rather than \$14,912,000 as proposed by the Senate. Within the funds provided, \$5,000,000 shall be for State protection and advocacy systems, the same level as proposed by the House rather than \$4,912,000 as proposed by the Senate.

The conference agreement also includes \$11,642,000 for projects of national significance as proposed by both the House and the Senate. Within the funds for special projects, \$4,000,000 is available to expand the activities of the Family Support Program.

For university centers for excellence in developmental disabilities, the conference agreement includes \$31,803,000 as proposed by the Senate instead of \$26,803,000 as proposed by the House. The level provides funding for existing centers at the authorized level and will support a new grant competition permitting new centers to join the network.

Native American Programs

The conference agreement includes \$45,157,000 for Native American programs as proposed by the Senate, instead of \$45,155,000 as proposed by the House.

Community Services

The conference agreement includes \$641,935,000 for the community services block grant rather than \$627,500,000 as proposed by the House and \$650,000,000 as proposed by the Senate. The conferees direct the Secretary to prepare a 3-year strategic plan for the office of community services use of training and technical assistance funds in the fiscal years 2005–2008, as requested by the House, and should be provided to the House and Senate Committees on Appropriations by no later than June 15, 2005.

The conference agreement includes \$33,000,000 for economic development instead of \$32,492,000 as proposed by the House and \$38,000,000 as proposed by the Senate. The conferees expect this appropriation to be used for the principal purpose of the program, which is making grants to experienced community development corporations working in low-income urban and rural communities.

Within the total for community economic development, \$5,481,000 is provided for the job opportunities for low-income individuals program authorized by the Family Support Act. The conferees direct that of the funds allocated for the job opportunities for low-income individuals program, not more than \$500,000 be set-aside for program support and technical assistance as proposed by the House. The Senate did not include a similar restriction.

The conference agreement includes \$7,300,000 for rural community facilities instead of \$7,184,000 as proposed by the House and \$7,500,000 as proposed by the Senate.

The conference agreement provides \$18,000,000 for the National youth sports program as proposed by the House. The Senate did not propose funding for this program.

The conference agreement includes \$7,238,000 for community food and nutrition as proposed by the Senate. The House did not propose funding for this program.

Violent Crime Reduction Programs

For the domestic violence hotline, the conference agreement includes \$3,250,000 rather than \$3,000,000 as proposed by the House and \$3,500,000 as proposed by the Senate.

For family violence prevention and services and battered women's shelters, the conference agreement includes \$126,648,000 instead of \$125,648,000 as proposed by the House and \$128,000,000 as proposed by the Senate.

Early Learning Fund

For the early learning fund, the conference agreement includes \$36,000,000 as proposed by the Senate. The House did not include funding for this program.

Independent Living Training Vouchers

The conference agreement includes \$47,000,000 for independent living training vouchers instead of \$50,000,000 as proposed by the House and \$44,734,000 as proposed by the Senate.

Community-based Abstinence Education

The conference agreement includes \$104,500,000 for community-based abstinence education as proposed by the Senate instead

of \$109,546,000 as proposed by the House. The conference agreement includes \$4,500,000 in program evaluation funds for the abstinence education program and \$100,000,000 in budget authority. The conferees concur with language included in the House report regarding technical assistance and capacity-building support to grantees. The Senate report did not include similar language.

Within the total for community-based abstinence education, up to \$10,000,000 may be used to carry out a national abstinence education campaign as proposed by the House. The Senate proposed \$2,500,000 for the campaign within the Office of the Secretary. Prior to advertising the availability of funds for any grant or contract for the national abstinence education campaign, the conferees request that the Department of Health and Human Services brief the House and Senate Committees on Appropriations regarding the planned use of these funds.

Center for Faith-based and Community Initiatives

The conference agreement provides \$1,386,000 for the center for faith-based and community initiatives as proposed by the Senate rather than \$1,400,000 as proposed by the House.

Program Direction

The conference agreement includes \$187,050,000 for program direction instead of \$190,206,000 as proposed by both the House and the Senate.

PROMOTING SAFE AND STABLE FAMILIES

The conference agreement includes \$99,383,000 for the discretionary grant program of promoting safe and stable families as proposed by the Senate rather than \$105,000,000 as proposed by the House.

ADMINISTRATION ON AGING

AGING SERVICES PROGRAMS

The conference agreement includes \$1,404,634,000 for aging services programs instead of \$1,403,479,000 as proposed by the House and \$1,395,117,000 as proposed by the Senate. Within the total, \$5,500,000 is available for medication management, screening, and education activities as proposed by the House in bill language and by the Senate in report language. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conference agreement includes \$21,790,000 for preventive health rather than \$21,919,000 as proposed by both the House and the Senate.

The conference agreement includes \$19,444,000 for activities for the protection of vulnerable older Americans instead of \$18,559,000 as proposed by the House and \$20,474,000 as proposed by the Senate. Within the funds provided \$14,276,000 is provided for the ombudsman services program.

The conference agreement includes \$724,497,000 for nutrition programs rather than \$730,178,000 as proposed by the House and \$718,814,000 as proposed by the Senate. Within the total,

\$390,397,000 is provided for congregate meals rather than \$392,148,000 as proposed by the House and \$388,646,000 as proposed by the Senate, \$184,301,000 is provided for home delivered meals rather than \$187,616,000 as proposed by the House and \$180,985,000 as proposed by the Senate, and \$149,799,000 is provided for the nutrition services incentives program rather than \$150,414,000 as proposed by the House and \$149,183,000 as proposed by the Senate.

The conference agreement includes \$11,883,000 for Alzheimer's disease demonstrations instead of \$11,500,000 as proposed by the House and \$12,883,000 as proposed by the Senate.

The conference agreement includes \$43,640,000 for program innovations instead of \$37,943,000 as proposed by the House and \$37,647,000 as proposed by the Senate. The conferees continue to support funding at no less than last year's level for national programs scheduled to be refunded in fiscal year 2005 that address a variety of issues, including elder abuse, native American issues and legal services.

Within the funding provided, the conference agreement includes \$3,000,000 for social research into Alzheimer's disease care options, best practices and other Alzheimer's research priorities that include research into cause, cure and care, as well as respite care, assisted living, the impact of intervention by social service agencies on victims, and related needs. The agreement recommends this research utilize and give discretion to area agencies on aging and their non-profit divisions in municipalities with aged populations (over the age of 60) of over 1,000,000, with preference given to the largest population. The conferees also recommend that unique partnerships to affect this research be considered for the selected area agency on aging.

Given the enormous demands on Alzheimer's family caregivers, the conferees have included \$1,000,000 to support an Alzheimer's family contact center for round-the-clock help to Alzheimer's families in crisis.

The conference agreement includes the following amounts for the following projects and activities in fiscal year 2005:

Alzheimer's Association—North Central Texas Chapter, Fort Worth, TX	\$100,000
Boise State University, Boise, ID, for the Center for the Study of Aging	400,000
Carolinas Center for Hospice and End of Life Care, Cary NC for development of a national data collection system on the needs of end-of-life and terminally ill patients	100,000
City of Rancho Cucamonga, CA, for a Senior Health, Nutrition and Transportation Program	150,000
College Misericordia, Dallas, PA	100,000
Commission on Jewish Eldercare Services, Jewish Federation of Metropolitan Detroit, Bloomfield Hills, MI for a naturally occurring retirement community demonstration	500,000
Comprehensive Housing Assistance, Inc in Baltimore, MD, for a Naturally Occurring Retirement Communities (NORC) demonstration	712,000
CyberSeniors, Inc., Detroit, MI—Experience Senior Power Program	300,000
Faith in Action of Central Stark County, Inc., Louisville, OH	50,000
Family Caregiver Alliance, San Francisco, CA for a National Resource Center on Family Caregiving	250,000

Forsyth County Senior Services, Winston-Salem, NC to improve capacity of senior support services through civic, church and volunteer efforts	500,000
Foundation on Aging, Merriam, KS for design and execution of programs to improve community-based care for older adults	150,000

Haddington Multi Services for Older Adults, Philadelphia, PA for demonstration programs involving education, counseling, and services to help seniors with chronic illnesses or disabilities continue living in their homes	100,000
Iowa Department of Elder Affairs to establish the Office of Substitute Decision Maker	400,000
Jefferson Area Board for Aging, Charlottesville, VA, for a study of the long-term care environment for those being cared for and their caregivers	100,000
Jefferson Regional Medical Center, Pittsburgh, PA for senior services	100,000
Jewish Association for Services for the Aged, New York, NY for a naturally occurring retirement community demonstration in Co-Op City in the Bronx	250,000
Jewish Community Federation of Cleveland, Cleveland, OH for a Naturally Occurring Retirement Community resource center	50,000
Jewish Family & Child Service, Portland, OR, for a Naturally Occurring Retirement Communities (NORC) demonstration project	30,000
Jewish Family and Children's Service of Greater Mercer County, Princeton, NJ—NORC "Aging in Place" Initiative	125,000
Jewish Family and Children's Service of Greater Philadelphia, Philadelphia, PA for a Naturally Occurring Retirement Communities (NORC) demonstration program	300,000
Jewish Family and Children's Service of Minneapolis, Minnetonka, MN—NORC "Aging in Place" Initiative	100,000
Jewish Family and Children's Service, Sarasota, FL, for a Naturally Occurring Retirement Communities "Aging in Place" initiative	75,000
Jewish Family Service of Albuquerque, NM to support a Naturally Occurring Retirement Communities (NORC) demonstration project	500,000
Jewish Family Service of Buffalo and Erie County New York, Buffalo, NY—NORC project	50,000
Jewish Family Service of Rochester, Inc., Rochester, NY—NORC project	50,000
Jewish Family Service of Sacramento, CA for a naturally occurring retirement community demonstration	200,000
Jewish Family Service of Salt Lake City, Utah for a Naturally Occurring Retirement Communities (NORC) demonstration project	300,000
Jewish Family Service of San Diego, CA—Naturally Occurring Retirement Community "Aging in Place" demonstration	150,000
Jewish Family Service, Cincinnati, OH—Naturally Occurring Retirement Communities Aging in Place initiative	100,000
Jewish Family Service, Clifton, NJ for a naturally occurring retirement community demonstration initiative	200,000
Jewish Family Services of Los Angeles, CA for a Naturally Occurring Retirement Communities (NORC) demonstration	500,000
Jewish Federation of Central New Jersey, Scotch Plains, NJ, for a Naturally Occurring Retirement Communities (NORC) demonstration	200,000
Jewish Federation of Des Moines, IA for a naturally occurring retirement community demonstration	300,000
Jewish Federation of Greater Atlanta, GA, for a Naturally Occurring Retirement Communities (NORC) demonstration project	100,000
Jewish Federation of Greater Washington, Rockville, MD for a Naturally Occurring Retirement Communities demonstration project	1,000,000
Jewish Federation of Las Vegas, NV, for a NORC program	250,000
Jewish Federation of Los Angeles, California, for a Naturally Occurring Retirement Communities (NORC) demonstration project	150,000

Jewish Federation of Metropolitan Chicago, Chicago, IL for continued implementation of its Naturally Occurring Retirement Communities demonstration program	150,000
Jewish Federation of Southern New Jersey, Cherry Hill, NJ—Naturally Occurring Retirement Communities “Aging in Place” Initiative	400,000
Jewish Federation of St. Louis, Missouri for a Naturally Occurring Retirement Communities (NORC) demonstration project	225,000
Leon Mathieu Senior Center, Pawtucket, RI for the HOME ALONE program of services to help elders maintain themselves in the community as long as possible	25,000
Madlyn and Leonard Abramson Center for Jewish Life, North Wales, PA to expand their family caregiver programs	75,000
Medford Senior Center, Medford, OR—Senior Advocacy Program	25,000
Mount Airy Bethesda, Inc., Philadelphia, PA to provide a computer-focused program for senior citizens	300,000
PACE CNY, North Syracuse, NY—third PACE Center	450,000
Rebuilding Together, Inc., Washington, DC for education, training, technical assistance and other services related to its national program to reduce the risk of injury to seniors through home modifications	400,000
Saint Luke Lutheran Community, North Canton, OH—Nursing Home Quality Improvement Project	250,000
SCC Senior Adult Center, Brooklyn, NY for a demonstration project involving support services for frail elderly living alone	300,000
Shenandoah Area Agency on Aging, Inc., Front Royal, VA	50,000
Southcare, Inc., Glenside, PA for nutrition counseling and elderly services	25,000
State University System of Florida, Type I Policy and Exchange Center on Aging, Tampa, FL—Preparing for an Aging America Project	1,000,000
United Jewish Federation of Greater Pittsburgh, Pittsburgh, PA for a Naturally Occurring Retirement Communities (NORC) demonstration project	100,000
University of Indianapolis, Indianapolis, IN for expansion of programs and services offered by the Center for Aging and Community	320,000
University of Missouri, Columbia for development and evaluation of technology to support independence of seniors	1,000,000
University of Wisconsin-Milwaukee in Milwaukee, WI to establish training and research programs on dementia	300,000
Utah Department of Human Services for computer training that will allow seniors to live independently and remain engaged with their community	30,000
Vermont Department of Aging and Independent Living, Waterbury, VT for a demonstration project involving rural multi-purpose senior centers	280,000
Visiting Nurse Association Healthcare Partners of Ohio, Cleveland, OH—Healthy Town	250,000
Wasilla Area Seniors, Inc., Wasilla, AK for programs at Knik Manor	300,000
Wexner Heritage Village, Columbus, OH—NORC “Aging in Place” initiative	50,000
Wisconsin Alzheimer’s Association Chapter Network in Madison, WI to provide Certified Dementia Care Specialist training	400,000

OFFICE OF THE SECRETARY

GENERAL DEPARTMENTAL MANAGEMENT

The conference agreement includes \$371,975,000 for general departmental management instead of \$349,298,000 as proposed by the House and \$376,704,000 as proposed by the Senate, along with \$55,851,000 from Medicare trust funds. In addition, \$21,552,000 in program evaluation funding is provided.

The conference agreement does not include language reducing funding for the account by a total of \$31,000,000, which was contained in the House bill.

The conference agreement includes bill language providing \$13,120,000 for abstinence service demonstration grants as proposed by the House instead of \$16,891,000 as proposed by the Senate.

The conference agreement does not include bill language earmarking \$25,000,000 for a new health care information technology program as proposed by the House.

The conference agreement does not include bill language identifying \$2,500,000 for a national abstinence education campaign as proposed by the Senate. The conferees provide that up to \$10,000,000 of the funds provided for abstinence education within the Administration for Children and Families may be used for such an education campaign.

The conference agreement includes bill language providing \$6,000,000 for assistance to maternal and child health clinics in Afghanistan as proposed by the Senate instead of \$5,000,000 as proposed by the House.

The conference agreement includes bill language proposed by the Senate limiting the funding available to the HHS Office of the Assistant Secretary for Legislation to no more than \$2,754,000. The House did not have a similar provision.

The conference agreement includes bill language providing \$50,000,000 from the Medicare trust funds to be transferred to the Social Security Administration for processing Medicare appeals. The House and Senate bills had provided this funding within the CMS program management account.

The conference agreement includes bill language directing that specific information requests from the chairmen and ranking members of the Subcommittees on Labor, Health and Human Services, and Education, and Related Agencies, on scientific research or any other matter, be transmitted to the Committees on Appropriations in a prompt professional manner and within the time frame specified in the request. The bill language further directs that scientific information requested by the Committees on Appropriations and prepared by government researchers and scientists be transmitted to the Committees on Appropriations, uncensored and without delay. The Senate report included similar language. The House did not include such a provision in either bill or report language.

The conferees include the amounts within the Office of the Secretary for the following projects and activities in fiscal year 2005 listed below:

A technology internet based weight loss demonstration program for 1,000 federal employees at the Department of Health and Human Services headquarters, with use of the latest technology, including a private automated weigh station to track participants' progress; daily email support on nutrition and exercise; and education and detailed instruction on exercise techniques, meal ideas and motivational success stories	\$35,000
Advertising Council, Inc., New York, NY, for an adult oriented public service campaign focusing on underage drinking	250,000
Children's Hospital & Regional Medical Center in Seattle, WA, to establish to the Center for Pediatric Bioethics	340,000

Community Transportation Association of America for TA to human services transportation providers on ADA requirements ...	1,000,000
Delaware Health Information Network, Dover, DE	700,000
Erie County Department of Health, Buffalo, NY for the Western NY Regional Health Information Infrastructure	300,000
Florida Institute of Technology, Melbourne, FL for the Center for Information Assurance	400,000
Foundation for eHealth Initiative, Washington, DC	4,000,000
Palmer College on Chiropractic, Consortial Center for Chiropractic Research in Davenport, Iowa, and the Policy Institute for Integrative Medicine in Philadelphia, PA for a best practices initiative on lower back pain	200,000

The conferees include the amounts for the following Office of Minority Health projects and activities in fiscal year 2005 listed below:

California State University, Long Beach, for professional training, research and health initiatives at the NCLR Center for Latino Community Health, Leadership Training and Evaluation	\$500,000
Esther's Pantry of the Metropolitan Community Church of Portland, OR to provide food and supplies for people living with AIDS	30,000
Hispanic Health Initiatives, Inc. in Central Florida for an educational program on Type-2 Diabetes	100,000
Hospices of the National Capital Region, Hospice of Northern Virginia, Fairfax, VA	300,000
Huston-Tillotson College, Austin, Texas, for the Huston-Tillotson College Systems of Care Wraparound Initiative for underserved children	250,000
Nazareth Hospital, Philadelphia, PA to establish stroke treatment and prevention programs for African American seniors	250,000
Our Lady of the Lake, Baton Rouge, LA for the South LA Community Health Alliance	100,000
Padres Contra El Cancer, Glendale, CA for patient education and family support services for Latino children with cancer and their families	150,000
Phoebe Putney Memorial Hospital, Albany, Georgia to expand the School Nurse Program in school-based health clinics serving minority populations	100,000
Pregnancy Crisis Center, Wichita, KS, for development of a STD integrity program	420,000
Saint Francis Hospital, Wilmington, DE, to expand health outreach programs to minority and underserved communities	250,000
South Fork Community Health Initiative, East Hampton, NY for programs to improve health services and access to care for minority and underserved persons	100,000
Town of Herndon, Herndon, VA, for Neighborhood Resource Center	50,000
University of Medicine and Dentistry of New Jersey, School of Public Health, Piscataway, NJ for research, education and community outreach activities of the Institute for the Elimination of Health Disparities in Newark	650,000
University of Pittsburgh Medical Center, Braddock, PA to develop and implement a health care delivery model that will provide services to a historically underserved population	100,000
University of South Carolina Arnold School of Public Health, Columbia, SC, for the Institute for Partnerships to Eliminate Health Disparities	275,000
University of Texas Southwestern Medical Center, Dallas, TX (in cooperation with UT Dallas) for a program to recruit minority students into biomedical research (including outreach, mentoring and/or scholarships and fellowships)	150,000

The conference agreement includes \$1,000,000 to continue the embryo adoption awareness campaign, as proposed by the Senate. The House report did not include a similar provision.

The conference agreement includes \$3,000,000 to establish a Citizens' Health Care Working Group as authorized in the Medi-

care Modernization Act. The Senate proposed \$3,000,000 for this activity; the House report did not contain a similar provision.

The conference agreement includes \$500,000 for a study by the Institute of Medicine regarding the training of physicians for public health careers, as proposed by the Senate. The House report did not contain a similar provision.

The conference agreement includes \$1,000,000 to establish an interagency committee to examine major regulations governing the health care industry to simplify them to reduce cost. The House report provided \$2,000,000 through policy evaluation funds for this activity. The Senate report did not contain a similar provision.

The conferees are concerned about the absence of mechanisms to ensure the delivery of necessary psychosocial care to individuals with cancer and their family members. The conference agreement provides \$1,000,000 for the Secretary, working in collaboration with the Institute of Medicine and relevant government agencies and non-profit entities, to study the delivery of psychosocial services to cancer patients and their families in the community setting. Specifically, the report should include an analysis of: (1) the capacity of the current mental health and oncology provider system to deliver such care and the anticipated resources required nationwide; (2) available training programs for professionals providing psychosocial and mental health services; and (3) existing barriers to access to such care. The Secretary is encouraged to issue recommendations to address these issues.

The conferees support the efforts of HHS to provide for a stronger and more consistent approach to the review process for drug and most therapeutic biologics used to diagnose, treat, and prevent cancer.

Unprecedented progress in fields such as nanotechnology, proteomics, and genomics hold the promise of vast improvements in our ability to prevent cancer, diagnose it an earlier stage, and treat it more effectively through targeted therapies. The conferees encourage and support the efforts of HHS agencies, including NCI and FDA, to keep pace with scientific discovery in these areas, particularly as they apply to the prevention and early detection of cancer.

The conferees intend that, of the funding provided to the Office of Minority Health, no less than the fiscal year 2004 funding level be allocated to a culturally competent and linguistically appropriate public health response to the HIV/AIDS epidemic.

OFFICE OF INSPECTOR GENERAL

The conference agreement includes \$40,323,000 for the Office of Inspector General as proposed by both the House and the Senate. The conference agreement concurs with House bill language pertaining to the hire of passenger motor vehicles for investigations. The Senate did not include this language.

POLICY RESEARCH

The conference agreement provides \$20,750,000 for policy research from program evaluation funding, which is the same as the

amount proposed in the House bill. The Senate proposed \$28,750,000 for this activity through program evaluation funding.

PUBLIC HEALTH AND SOCIAL SERVICES EMERGENCY FUND

The conference agreement includes \$2,308,287,000 for the Public Health and Social Services Emergency Fund (PHSSEF) to enhance Federal, State, and local preparedness to counter potential biological, disease, chemical, and radiological threats to civilian populations, instead of \$2,352,247,000 as proposed by the House and \$2,330,058,000 as proposed by the Senate.

The conference agreement continues bill language, applicable during fiscal year 2004, exempting from any personnel ceiling applicable to the Agency, Service, or the Department of Health and Human Services both civilian and Commissioned Officers detailed to States, municipalities or other organizations under authority of Section 214 of the Public Health Service Act for purposes related to homeland security during their period detail or assignment.

The conference deletes bill language proposed by the House relating to the transfer of Strategic National Stockpile assets, unexpended balances, and liabilities from the Department of Homeland Security to the Department of Health and Human Services. This language is no longer necessary because similar provisions already have been enacted into law.

Within the amount provided: \$1,173,300,000 is for the Centers for Disease Control and Prevention; \$400,000,000 is for the Strategic National Stockpile; \$523,149,000 is for the Health Resources and Services Administration; \$47,400,000 is for the National Institutes of Health; and \$64,438,000 is for the Office of the Secretary.

Within the amounts available to the Centers for Disease Control and Prevention (CDC): \$934,300,000 is for State and Local Preparedness, including \$871,900,000 to be provided to State and local health departments through grants and cooperative agreements; \$142,200,000 is for Upgrading CDC Capacity; \$80,000,000 is to support and expand biosurveillance activities; and \$16,800,000 is for the research program on anthrax vaccine.

The conferees concur with language in the Senate report regarding the provision of funding for the Health Alert Network at not less than the fiscal year 2004 level.

The conference agreement includes sufficient funds to continue to discover, develop, and transition anti-infective agents to combat emerging diseases from within amounts available for Upgrading CDC Capacity.

Within the funds available to the Health Resources and Services Administration (HRSA) is \$495,405,000 for Hospital Preparedness and \$27,744,000 to provide incentives for curricular reform in health professions schools and the delivery of continuing education to those already in practice.

The conferees are aware of concerns that no single organization is equipped to respond to the diverse needs of citizens in the wake of a terrorist incident. The conferees encourage the Secretary to work with organizations with experience in working with national-level entities in disaster situations to develop a technical assistance, social response model that can be incorporated into the

process of emergency management and pre-disaster planning in communities.

The conferees applaud CDC's commitment to continue the implementation and evaluation of the Lehigh Valley, PA Bioterrorism Response Pilot.

In addition to the funds for terrorism preparedness and response, the conference agreement includes \$100,000,000 for activities to ensure year-round production capacity of influenza vaccine, instead of \$60,000,000 as proposed by the House and \$75,000,000 as proposed by the Senate.

The conference agreement includes bill language proposed by the Senate to permit pandemic preparedness funding to be used to purchase influenza vaccine.

GENERAL PROVISIONS

HEAD START SALARIES

The conference agreement includes a general provision that prohibits the use of funds for Head Start to pay the compensation of an individual, either as direct costs or any proration as an indirect cost, at a rate in excess of Executive Level II, as proposed by the House. The Senate bill did not contain a similar provision.

EVALUATION TAP AUTHORITY

The conference agreement includes a provision to allow for a 2.4 percent evaluation tap pursuant to section 241 of the Public Health Service Act. This tap is to be applied to programs authorized under the Public Health Service Act. The House bill contained a provision to allow for a 2.3 percent evaluation tap and the Senate bill allowed for a 2.5 percent evaluation tap.

ONE PERCENT TRANSFER AUTHORITY

The conference agreement modifies language proposed by the Senate providing the Secretary of HHS with the authority to transfer up to 1 percent of discretionary funds between a program, project, or activity, but no such program, project or activity shall be increased by more than 3 percent by any such transfer. Additionally, a program, project or activity may be increased up to an additional 2 percent subject to written approval of the House and Senate Appropriations Committees.

REFUGEE STATUS OF CERTAIN PERSECUTED GROUPS

The conference agreement includes a provision proposed by the Senate to extend the refugee status for persecuted religious groups. The House bill contained no similar provision. The conferees intend to fully protect religious minority refugee applicants from Iran, including the current caseload of Iranian Christians, Jews, Bahai, Mandeans and Zoroastrians. Therefore, the Administration should implement the provisions of section 213 of the conference report with respect to new applications, as well as to review previously denied applications for refugee applicants who have remained outside of Iran without a viable solution after being denied refugee status.

COUNCIL ON GRADUATE MEDICAL EDUCATION

The conference agreement includes a general provision proposed by the Senate allowing for the continued operation of the Council on Graduate Medical Education. The House bill contained no similar provision.

CANCER HOSPITAL CONSTRUCTION LOANS

The conference agreement does not include a general provision proposed by both the House and Senate that rescinded funds appropriated by section 1897(g) of the Social Security Act.

CMS PROGRAM MANAGEMENT

The conference agreement does not include a general provision proposed by the House reducing the amounts provided to CMS program management. The Senate bill contained no similar provision.

CDC MANAGEMENT/IT SAVINGS

The conference agreement does not include a general provision proposed by the House reducing the amounts provided to CDC for management and information technology. The Senate bill contained no similar provision.

75% RULE

The conference agreement includes a general provision that none of the funds appropriated in this Act may be expended by the Secretary of HHS to change the designation of a hospital that was certified by the Secretary as an in-patient rehab facility on or before June 30, 2004 until after a GAO report is issued. This is the same as language in the House bill. The Senate bill prohibited the expenditure of funds, but did not require a GAO report.

CMS OFFICE OF THE ACTUARY

The conference agreement does not include a general provision proposed by the House that none of the funds appropriated in this title may be used to impede the exchange of information between the Office of the Actuary of CMS and Congress. The Senate did not propose a similar provision.

NATIONAL FOUNDATIONS FOR CDC AND NIH

The conference agreement deletes without prejudice a general provision proposed by the Senate that provides official reception and representation expenses to the National Foundations for CDC and NIH. The House did not propose a similar provision. Funding for this purpose is included in each agency's relevant account.

SUMMER HEALTH CAREER INTRODUCTORY PROGRAMS

The conference agreement does not include a general provision proposed by the Senate authorizing a new summer health career introductory program for middle and high school students. The House bill contained no similar provision.

HHS OIG OVERSIGHT ACTIVITIES

The conference agreement includes a general provision transferring \$25,000,000, rather than \$35,000,000 as proposed by the Senate, to the Office of the Inspector General of HHS from amounts previously appropriated under the Medicare Modernization Act for activities relating to oversight of programs. The House bill contained no similar provision.

HEALTH PROFESSIONS STUDENT LOAN RESCISSION

The conference agreement includes a general provision, which rescinds unobligated balances associated with the health professions student loan program authorized in subpart II, federally-supported student loan funds, of title VII of the Public Health Service Act.

NURSING STUDENT LOAN RESCISSION

The conference agreement includes a general provision, which rescinds unobligated balances associated with the nursing student loan program authorized by Section 835 of the Public Health Service Act.

MEDICAL FACILITIES GUARANTEE AND LOAN FUND RESCISSION

The conference agreement includes a general provision, which rescinds unobligated balances, excluding amounts necessary for the costs of potential defaults, associated with the medical facilities guarantee and loan fund within the Health Resources and Services Administration.

SMALLPOX VACCINE INJURY COMPENSATION RESCISSION

The conference agreement includes a general provision, which rescinds \$20,000,000 in unobligated balances from amounts appropriated in P.L. 108–11 under the heading “Public Health and Social Services Emergency Fund”, the smallpox compensation program. The conferees understand that the remaining unobligated balances in the program will be sufficient to cover claims anticipated with at least 200,000 more smallpox vaccinations.

C.W. BILL YOUNG CENTER FOR BIODEFENSE AND EMERGING
INFECTIOUS DISEASES

The conference agreement includes a general provision naming the Center for Biodefense and Emerging Infectious Diseases (Building 33) at the National Institutes of Health, the C.W. Bill Young Center for Biodefense and Emerging Infectious Diseases.

TITLE III—DEPARTMENT OF EDUCATION

EDUCATION FOR THE DISADVANTAGED

The conference agreement includes \$14,963,683,000 for Education for the Disadvantaged instead of \$15,515,735,000 as proposed by the House and \$15,500,684,000 as proposed by the Senate.

For Grants to Local Educational Agencies (LEAs) the agreement provides \$12,842,309,000 instead of \$13,342,309,000 as proposed by the House and \$13,457,607,000 as proposed by the Senate. The conference agreement includes \$7,037,592,000 for basic grants and \$1,365,031,000 for concentration grants. The agreement also includes \$2,219,843,000 for targeted grants, and \$2,219,843,000 for education finance incentive grants. Concentration grants, targeted grants, and incentive grants are all provided on an advance-funded basis.

The House proposed \$7,037,592,000 for basic grants, \$1,365,031,000 for concentration grants, \$2,469,843,000 for targeted grants and \$2,469,843,000 for education finance incentive grants. The Senate bill proposed \$7,104,447,000 for basic grants, \$1,365,031,000 for concentration grants, \$2,231,954,000 for targeted grants, and \$2,756,175,000 for education finance incentive grants.

The conference agreement includes language proposed by the Senate allowing \$1,000,000 of title I evaluation funding to be used to provide technical assistance to States and school districts regarding the title I program. The conference agreement does not include language proposed by the Senate for a supplemental appropriation to States that received less in fiscal year 2004 than they received in fiscal year 2003.

The conferees believe that states should utilize their four percent school improvement set-aside funds, estimated at \$514,000,000 in fiscal year 2005, to support implementation of comprehensive school reform (CSR) models with demonstrated success. The conferees are aware that recent evaluations of the CSR program conducted by the Department of Education show that schools utilizing comprehensive school reforms are more likely to offer professional development for all teachers and to engage in research-based reform. The conferees strongly urge States to examine methods for distributing school improvement funds that will result in awards of sufficient size and scope to support the initial costs of comprehensive school reforms and to limit funding to programs that include each of the reform components described in section 1606(a) of the No Child Left Behind Act of 2001 and have the capacity to improve the academic achievement of all students in core academic subjects within participating schools. The conferees urge states to express a clear competitive preference for CSR programs that have been shown through scientifically based research to be effective, and that are supported by organizations capable of assisting multiple schools and districts.

The conference agreement includes \$226,910,000 for the Even Start program as proposed by the House. The Senate did not propose funding for this program.

The conference agreement also includes \$1,050,000,000 for Reading First State Grants instead of \$1,125,000,000 as proposed by the House and \$1,062,000,000 as proposed by the Senate. It also includes \$105,000,000 for Early Reading First instead of \$132,000,000 as proposed by the House and \$110,000,000 as proposed by the Senate.

The conference agreement includes \$25,000,000 for Striving Readers as proposed by the Senate instead of \$100,000,000 as pro-

posed by the House. Striving Readers will make competitive grants to develop, implement, evaluate and bring to scale reading interventions for middle- or high-school students who are reading significantly below grade level, prioritizing services to those schools and districts with one or more high or middle schools that include a significant number of students reading below grade level. The conferees recognize that both middle and high schools have significant needs, and direct the Secretary to ensure that awards are balanced between these two grade spans, and are of sufficient size and scope to allow for meaningful change that improves student achievement. In addition, the conferees direct the Institute of Education Sciences to work with the Secretary to create a competitive preference system whereby schools would receive priority for awards by agreeing to participate in randomized research studies. One potential system would entail funding schools in pairs, where at random one school would receive a new program immediately and the other would receive it a year later, thereby creating conditions conducive to randomized controlled studies.

The conference agreement also includes \$19,842,000 for Literacy through School Libraries as proposed by the House instead of \$22,842,000 as proposed by the Senate.

The conference agreement includes \$50,000,000 for the neglected and delinquent program instead of \$48,395,000 as proposed by the House and \$52,000,000 as proposed by the Senate.

The conference agreement does not include \$100,000,000 for a new local school improvement program proposed by the Senate.

The conference agreement includes \$207,000,000 for comprehensive school reform instead of \$80,000,000 as proposed by the House and \$233,613,000 as proposed by the Senate. The conferees intend that \$7,050,000 be made available for quality initiatives as authorized in section 1608 of ESEA. The conferees also request that the Department submit a letter report no later than May 30, 2005 that identifies those states that have not complied with the statutory requirement for an annual evaluation of the implementation of comprehensive school reforms and describes the steps the Department will take to ensure that such evaluations are meaningful, rigorous and timely.

The conference agreement also includes \$18,888,000 for the migrant education high school equivalency program as proposed by the Senate instead of \$22,545,000 as proposed by the House.

IMPACT AID

The conference agreement includes \$1,253,893,000 for the Impact Aid programs instead of \$1,250,893,000 as proposed by the House and \$1,229,527,000 as proposed by the Senate. Within this amount, \$1,083,687,000 is provided for basic support payments as proposed by the House instead of \$1,063,687,000 as proposed by the Senate and \$63,000,000 is provided for payments for Federal property as proposed by the House instead of \$61,634,000 as proposed by the Senate. The conference agreement includes language proposed by the House regarding eligibility for school districts that enroll children whose parents have died or been deployed on active duty. The conference agreement includes \$48,936,000 for construc-

tion programs instead of \$45,936,000 as proposed by both the House and the Senate. The agreement also includes the following:

Fairbanks North Star Borough, Fairbanks, AK, for relocation of the district's kitchen facilities	\$2,000,000
White River School District 47-1, Mellette County, SD	1,000,000

SCHOOL IMPROVEMENT PROGRAMS

The conference agreement includes \$5,664,977,000 for School Improvement Programs instead of \$5,661,401,000 as proposed by the House and \$5,730,632,000 as proposed by the Senate. The agreement provides \$4,229,977,000 in fiscal year 2005 and \$1,435,000,000 in fiscal year 2006 funding for this account.

The conference agreement includes \$2,940,126,000 for State grants for improving teacher quality instead of \$2,950,000,000 as proposed by the House and \$2,975,126,000 as proposed by the Senate.

The conference agreement includes \$180,000,000 for math and science partnerships instead of \$269,115,000 as proposed by the House and \$200,000,000 as proposed by the Senate. In light of the tremendous overlap in math and science goals and objectives between the math and science partnership program and the Advanced Placement (AP) initiatives, grantees are encouraged to incorporate AP training into their proposals. As in the math and science program, the AP professional development initiative focuses on increasing teachers' math and science content understanding to help them meet the highly qualified criteria required under the Elementary and Secondary Education Act as amended by the No Child Left Behind Act of 2001. The AP professional development initiative supports teachers' content development so that all students, regardless of whether or not they take AP, will receive rigorous, challenging math and science instruction. The AP math and science initiative has the primary objective of increasing the number of AP opportunities, AP participation rates, and post-secondary acceptance and success rates for disadvantaged students.

The conference agreement includes \$200,000,000 for the education block grant instead of \$20,000,000 as proposed by the House. The Senate did not propose funding for this activity. The agreement also includes \$500,000,000 for education technology state grants instead of \$600,000,000 as proposed by the House and \$691,841,000 as proposed by the Senate. The agreement also includes \$999,070,000 for the 21st Century Community Learning Centers program as proposed by the House instead of \$1,007,000,000 as proposed by the Senate. The agreement also includes \$415,000,000 for State assessments instead of \$410,000,000 as proposed by the House and \$420,000,000 as proposed by the Senate. The agreement also includes language proposed by the House stating that the amount made available in the fiscal year 2004 bill for state assessments shall not be less than \$390,000,000. The agreement also includes language proposed by the House stating that notwithstanding any across-the-board reductions, the amount available for state assessments in fiscal year 2005 shall not be less than \$400,000,000.

The conference agreement includes \$11,111,000 for the Javits gifted and talented program as proposed by the House instead of

\$12,111,000 as proposed by the Senate. The agreement also includes \$18,000,000 for the foreign language assistance program instead of \$19,000,000 as proposed by the Senate. The House did not propose funding for this program. The conference agreement also includes \$63,000,000 for education for homeless children instead of \$70,000,000 as proposed by the House and \$62,000,000 as proposed by the Senate.

The conference agreement includes \$34,500,000 for the Education of Native Hawaiians instead of \$36,000,000 as proposed by the Senate and \$33,302,000 as proposed by the House. The agreement also includes language notwithstanding any other provision of law to allow funds under this program to be used for construction, renovation and modernization of any elementary school, secondary school, or structure related to an elementary school or secondary school run by the Department of Education of the State of Hawaii that serves a predominantly Native Hawaiian student body as proposed by the Senate. The conferees direct that no less than \$1,000,000 shall be made available for early childhood activities, no less than \$1,000,000 shall be made available to the Hawaii Department of Education for school construction/renovation activities, and \$600,000 shall be made available for the University of Hawaii law school's Native Hawaiian legal center.

The conference agreement includes \$34,500,000 for the Alaska Native Educational Equity program instead of \$36,000,000 as proposed by the Senate and \$33,302,000 as proposed by the House. The agreement also includes language notwithstanding any other provision of law to allow funds under this program to be used for construction, as proposed by the Senate, and directing the Department in use of these funds in specific locations in Alaska.

The conference agreement includes \$172,000,000 for rural education programs, instead of \$167,831,000 as proposed by the House and \$175,000,000 as proposed by the Senate.

The conference agreement also includes \$18,330,000 for supplemental education grants to the Federated States of Micronesia (FSM) and the Republic of the Marshall Islands (RMI), in accordance with the Compact of Free Association Amendments Act of 2003, as proposed by the House instead of \$17,214,000 as proposed by the Senate. The agreement also includes language allowing up to five percent of the grants to be reserved by the FSM and RMI to provide technical assistance, oversight and consultancy services and to allow the Departments of Labor, HHS and Education to be reimbursed for these services. The conference agreement does not include a provision relating to eligibility for individuals in the Republic of Palau as proposed by the Senate.

INNOVATION AND IMPROVEMENT

The conference agreement includes \$1,101,454,000 for programs in the Innovation and Improvement account, instead of \$669,936,000 as proposed by the House and \$1,144,346,000 as proposed by the Senate.

The conference agreement includes \$20,500,000 for the National Writing Project instead of \$17,894,000 as proposed by the House and \$24,000,000 as proposed by the Senate.

The conference agreement includes \$120,000,000 for the Teaching of Traditional American History as proposed by the Senate. The House did not propose funding for this activity. The conferees direct the Department to continue its current policy of awarding 3-year grants.

The conference agreement includes \$15,000,000 for school leadership as proposed by the House instead of \$16,000,000 as proposed by the Senate. The conference agreement includes \$17,000,000 for advanced credentialing activities as proposed by the Senate instead of \$18,391,000 as proposed by the House.

The conference agreement includes \$37,279,000 for credit enhancement for charter schools as proposed by the Senate instead of \$50,000,000 as proposed by the House.

Fund for the Improvement of Education (FIE)

The conference agreement includes \$417,418,000 for the Fund for the Improvement of Education.

Within the total for FIE, the conference agreement includes funding for the following activities in the following amounts:

Reading is Fundamental	\$25,500,000
Star Schools	21,000,000
Ready to Teach	14,406,000
Exchanges with Historic Whaling and Trading Partners	8,700,000
Arts in Education	35,920,000
Parental Assistance Information Centers	42,224,000
Excellence in Economics Education Act	1,500,000
Women's Educational Equity	2,980,000
Teacher Quality initiatives	9,500,000
CSR clearinghouse	1,500,000
Facilities clearinghouse	700,000
Foundations for Learning grants	1,000,000
Mental Health Integration in Schools	5,000,000
Peer Review	25,000

For Arts in Education, the conferees intend that within this total, \$7,500,000 is for Very Special Arts, \$6,420,000 is for the John F. Kennedy Center for the Performing Arts. In addition, \$8,000,000 is for model professional development programs for music, drama, dance and visual arts educators and \$500,000 is for evaluation activities, as outlined by the Senate. The remaining \$13,500,000 is available to continue model arts programs, including a new grant competition.

The conferees expect that the Office of Safe and Drug-Free Schools will administer the mental health integration grants program.

While the conferees applaud the Department's efforts to help students learn foreign languages, they remain concerned that the Department, using data provided by the e-Language Learning System (eLLS), is developing web-based learning products that could be used in direct competition with the private sector. The conferees understand that, based on the President's budget request, the Department had no plans to continue this project in fiscal year 2005. However, the conference agreement includes funds for the Star Schools program, which has been the source of funds for this activity. Therefore, the conferees direct the Department not to fund any grant that will compete directly with the private sector and further direct the Department to report to the Committees on Appropria-

tions of the House and Senate on the activities undertaken with federal funds by the e-Language Learning System and their impact on the private sector. The conferees expect to receive this report no later than April 15, 2005. The conferees further direct the Department to notify the House and Senate Appropriations Committees 15 days prior to any Department expenditures regarding the eLLS project.

The conferees direct the Department to implement the Act consistent with their intent, as reflected above, and request an implementation plan to be submitted to the House and Senate Committees on Appropriations within 30 days of enactment of the Department of Education Appropriations Act, 2005. To the extent that the Department wishes to reprogram funds in order to address other activities or alter the allocation of funds for activities listed in the chart above, the conferees expect the Department to follow the guidance provided in this statement of the managers.

The conferees concur that the Secretary shall notify States that schools that will not receive continuing comprehensive school reform awards with fiscal year 2005 funds shall receive priority for targeted grants and/or technical assistance under section 1003(a) of ESEA.

Within the total for FIE, the following amounts are also provided:

Reach Out and Read	\$10,000,000
Abaertern Academy, Bozeman, MT to support distance learning	500,000
Abbotsford School District, WI, for after school programs	250,000

YouthFriends Michigan, Traverse City, MI, for a school based mentoring program	100,000
Zero to 5 Foundation, East Los Angeles, CA, for a pre-school education project in Boyle Heights in east Los Angeles	150,000

Other programs

The conference agreement includes \$23,500,000 for the Ready to Learn program instead of \$22,864,000 as proposed by the House and \$24,000,000 as proposed by the Senate. The conferees continue to strongly support the educational and outreach objectives of the Ready to Learn Television program. The conferees are especially pleased that television programs such as *Dragon Tales* and *Between the Lions* developed with funding from Ready to Learn have been recognized with national parent and television production awards. The conferees reiterate the unique mission of Ready to Learn, which is to use the television medium to help prepare pre-

school age children for school. The television programs that must fulfill this mission are to be specifically designed for this purpose, with the highest attention to production quality and validity of research-based educational objectives, content, and materials. Therefore, the conferees expect that the grant competition administered for a new award under this program will emphasize the importance of investing Ready to Learn resources in those programs that have proven to fulfill this mission, acquiring new programs with scrutiny, and distinguishing Ready to Learn programs from content easily available on commercial and cable television.

The conference agreement includes \$4,970,000 for dropout prevention programs instead of \$10,000,000 as proposed by the Senate. The House did not propose funding for this program.

The conference agreement includes \$30,000,000 for advanced placement fees as proposed by the House instead of \$33,534,000 as proposed by the Senate. The conferees intend that the first priority of the program is to award grants to States to subsidize test fees for low-income students who are enrolled in an Advanced Placement class and plan to take an Advanced Placement test. The balance of the funds are allocated for Advanced Placement Incentive Program grants, which are competitive grants to states, school districts and national nonprofit educational agencies for programs that expand access for low-income individuals to Advanced Placement programs. Eligible activities include teacher training and participation in online Advanced Placement courses, among other related purposes.

SAFE SCHOOLS AND CITIZENSHIP EDUCATION

The conference agreement includes \$867,713,000 for programs in the safe schools and citizenship education account, instead of \$801,369,000 as proposed by the House and \$902,008,000 as proposed by the Senate.

The conference agreement includes \$153,767,000 for national programs as proposed by the House instead of \$156,219,000 as proposed by the Senate. The conference agreement includes funding for the following activities:

School Safety Initiatives	\$30,000,000
Planning/Needs Assessment/Data for State Grants	9,548,000
Safe Schools/Healthy Students	90,000,000
Drug Testing Initiative	10,000,000
Postsecondary Ed Drug and Violence Prevention	5,000,000
Impact Evaluation	2,000,000
Information and materials	1,250,000
Data collection and analysis	2,000,000
Other joint projects with Federal agencies	1,000,000
Other program improvement activities	1,819,000
National Recognition Program	850,000
National Clearinghouse for School Facilities	300,000

The conferees direct the Department to implement the Act consistent with their intent, as reflected in the table above, and request an implementation plan to be submitted to the House and Senate Committee on Appropriations within 30 days of enactment of the Department of Education Appropriations Act, 2005. To the extent that the Department wishes to reprogram funds in order to address other activities or alter the allocation of funds for activities

listed in the chart above, the conferees expect the Department to follow the guidance provided in this statement of the managers.

The conference agreement includes bill language requiring the Department to spend \$850,000 for the National Recognition Awards program under the guidelines described in section 120(f) of Public Law 105-244.

The conference agreement includes \$33,000,000 for grants to reduce alcohol abuse instead of \$35,000,000 as proposed by the Senate. The House did not propose funding for this activity.

The conference agreement includes \$49,705,000 for mentoring programs as proposed by the House instead of \$65,000,000 as proposed by the Senate. The agreement also includes \$24,691,000 for character education as proposed by the Senate instead of \$24,961,000 as proposed by the House. The conference agreement includes \$35,000,000 for elementary and secondary school counseling instead of \$33,799,000 as proposed by the House and \$36,000,000 as proposed by the Senate.

The conference agreement includes \$74,000,000 for physical education programs instead of \$69,587,000 as proposed by the House and \$75,000,000 as proposed by the Senate. This amount includes \$2,000,000 to support the Special Olympics National Games as proposed by the Senate. In addition, within the amounts appropriated, the conferees expect that a portion of the funds will be set aside to be awarded in new grants and projects for fiscal year 2005.

The conference agreement includes \$29,642,000 for the Civic Education program to support both the We the People programs and the Cooperative Education Exchange, instead of \$28,642,000 as proposed by the House and \$30,642,000 as proposed by the Senate. The conferees intend that \$17,350,000 will be provided to the non-profit Center for Civic Education to support the We the People programs. Within the total for the We the People program, the conferees intend that \$3,050,000 be reserved to continue the comprehensive program to improve public knowledge, understanding, and support of American democratic institutions which is a cooperative project among the Center for Civic Education, the Center on Congress at Indiana University, and the Trust for Representative Democracy at the National Conference of State Legislatures, and that \$1,525,000 be used for continuation of the school violence prevention demonstration program, including \$500,000 for the Native American initiative.

The conference agreement also includes \$12,292,000 for the Cooperative Education Exchange program. Within this amount, the conferees intend that \$4,600,000 is for the Center for Civic Education and \$4,600,000 for the National Council on Economic Education, while the remaining \$3,092,000 should be used to continue the existing grants funded under the authorizing statute for civics and government education, and for economic education.

The agreement also includes \$27,000,000 for State Grants for Incarcerated Youth instead of \$28,000,000 as proposed by the Senate. The House did not provide funding for this activity.

ENGLISH LANGUAGE ACQUISITION

The conference agreement includes \$681,215,000 for English Language Acquisition programs as proposed by the House instead of \$700,000,000 as proposed by the Senate.

SPECIAL EDUCATION

The conference agreement includes \$11,767,748,000 for Special Education instead of \$12,176,101,000 as proposed by the House and \$12,328,391,000 as proposed by the Senate. The agreement provides \$6,354,748,000 in fiscal year 2005 and \$5,413,000,000 in fiscal year 2006 funding for this account.

Included in these funds is \$10,675,147,000 for Grants to States part B instead of \$11,068,106,000 as proposed by the House and \$11,228,981,000 as proposed by the Senate.

The conference agreement includes \$387,699,000 for preschool grants as proposed by the House instead of \$390,000,000 as proposed by the Senate. The agreement also includes \$444,363,000 for grants for infants and families as proposed by the Senate instead of \$466,581,000 as proposed by the House.

The conference agreement includes \$52,819,000 for technical assistance as proposed by the House instead of \$54,000,000 as proposed by the Senate. The agreement includes \$91,357,000 for personnel preparation as proposed by the House instead of \$93,357,000 as proposed by the Senate. The agreement includes \$26,173,000 for parent information centers as proposed by the House instead of \$27,500,000 as proposed by the Senate. The agreement also includes \$39,129,000 for technology and media services as proposed by the Senate instead of \$32,305,000 as proposed by the House.

The agreement also includes \$1,500,000 for Public Telecommunications Information and Training Dissemination as proposed by the Senate. The House did not contain funds for this activity.

REHABILITATION SERVICES AND DISABILITY RESEARCH

The conference agreement includes \$3,076,112,000 for Rehabilitation Services and Disability Research instead of \$3,054,587,000 as proposed by the House and \$3,077,328,000 as proposed by the Senate.

The conference agreement includes \$1,000,000 to continue an award to the American Academy of Orthotists and Prosthetists (AAOP) for activities that further the purposes of the grant received by the Academy for the period beginning October 1, 2003.

The conference agreement includes \$11,997,000 for client assistance grants as proposed by the House instead of \$13,000,000 as proposed by the Senate. The agreement includes \$25,814,000 for demonstration and training programs instead of \$18,784,000 as proposed by the House and \$24,286,000 as proposed by the Senate. Within the amounts provided for vocational rehabilitation demonstration and training programs, the conference agreement includes funding for the following activities:

Alabama Institute for Deaf and Blind, Talladega, AL, for an inter- preter training program	\$100,000
---	-----------

Alaska Statewide Independent Living Council, Inc. to continue and expand its Personal Care Attendant Program and to expand outreach efforts to the disabled living in rural Alaska	300,000
American Hearing Impaired Hockey Association, Chicago, IL, for program expansion and recruitment	130,000
Angels' Place, Southfield, MI, for an Abundant Life Services Program	100,000
Center of Vocational Alternatives, Columbus, OH, for support of a computer training center	150,000
Challenge Alaska, Anchorage, AK for a comprehensive recreation program benefiting people and families with disabilities of all ages	200,000
Enable America, Inc., Tampa, Florida, for civic/citizenship demonstration project for disabled adults	1,000,000
Kenai Peninsula Independent Living Center, AK, for its Total Recreation and Independent Living Services Project	150,000
National Federation of the Blind, Baltimore, MD, for blind device testing, development, and dissemination	1,000,000
National Sports Center for the Disabled, Denver, CO, to expand adaptive sports program for therapeutic recreation	75,000
Ohio Alliance of Community Centers for the Deaf, Worthington, OH for development of a model program	250,000
Peregrine Corporation, South Portland, ME, for STRIVE U, a post-secondary educational program for young adults with developmental disabilities	190,000
Pride Industries, Roseville, California, for training for persons with disabilities	250,000
Rainbow Connection for a program of therapeutic horseback riding for the disabled in the Mat-Su Valley region of Alaska	325,000
Southeast Alaska Independent Living, Juneau, AK to continue a joint recreation and employment project with the Tlingit and Haida Tribe of Alaska in Southeast Alaska	200,000
University of Iowa College of Law—Rehabilitation Research and Training Center on Employment Policy for People with Disabilities	750,000
University of South Florida, St. Petersburg, FL, for research	260,000
University of South Florida, Tampa, FL, for a demonstration program in orthotics/prosthetics	1,000,000
City of Anchorage, AK for support of the Veterans Wheelchair Games in Alaska	300,000
Vocational Guidance Services, Cleveland, OH to improve educational opportunities and employment outcomes, which may include the purchase of equipment	300,000

The conference agreement includes \$2,321,000 for migrant and seasonal farmworkers as proposed by the House instead of \$2,500,000 as proposed by the Senate. The agreement includes \$2,564,000 for recreational programs as proposed by the House instead of \$2,750,000 as proposed by the Senate. The agreement includes \$16,790,000 for protection and advocacy as proposed by the House instead of \$18,000,000 as proposed by the Senate. The conferees intend that technical assistance for this activity be provided through a competitive multiyear grant with a small business or a national nonprofit organization that has the demonstrated capacity to carry out these activities. The conferees intend that the technical assistance be based on the identified needs of individuals with disabilities and do not intend that technical assistance funds be used for administrative responsibilities of the organization administering the programs.

The conference agreement includes \$21,799,000 for projects with industry as proposed by the House instead of \$22,000,000 as proposed by the Senate. The agreement includes \$37,680,000 for

supported employment as proposed by the House instead of \$38,000,000 as proposed by the Senate.

The conference agreement includes \$23,000,000 for independent living state grants as proposed by the Senate instead of \$25,000,000 as proposed by the House. The agreement also includes \$76,000,000 for Independent Living Centers instead of \$75,000,000 as proposed by both the House and Senate. The agreement also includes \$33,495,000 for services for older blind individuals instead of \$35,000,000 as proposed by the House and \$31,811,000 as proposed by the Senate. The agreement also includes \$8,666,000 for the Helen Keller National Center as proposed by the House instead of \$9,000,000 as proposed by the Senate.

The conference agreement includes \$108,652,000 for the National Institute on Disability and Rehabilitation Research instead of \$106,652,000 as proposed by the House and \$109,152,000 as proposed by the Senate. Within the conference agreement, the conferees have included an additional \$2,000,000 to support NIDRR's spinal cord injury model systems program. These funds, in addition to the \$7,200,000 available within the budget request, will support \$8,000,000 in new awards in fiscal year 2005 and \$1,200,000 for continuation grants. The conferees intend that the additional funds should be used to support investments that could facilitate multi-center research on therapies, interventions and the use of technology, and encourage NIDRR to continue its collaboration with other federal agencies in order to leverage Federal investments in this area.

The conferees are aware of field evidence and growing recognition that participation in sports by people with disabilities is a predictor of successful employment outcomes. The conferees urge the National Institute on Disability and Rehabilitation Research to conduct a study to validate the impact of adapted sports participation on employment outcomes for adults with physical disabilities and report the results of this study to Congress no later than May 31, 2005. The study shall identify the population of people with physical disabilities who have participated in organized adapted sports programs; analyze the academic achievements, post secondary education attainment, and rate of employment among people with physical disabilities who participated in organized adapted sports programs compared with those who did not; and evaluate the impact of adapted sports participation on the mental, physical, and social well-being of the person with a disability and on the family.

The conference agreement includes \$30,000,000 for assistive technology instead of \$15,000,000 as proposed by the House and \$31,495,000 as proposed by the Senate. The conference agreement does not include language proposed by the Senate relating to the allocation of assistive technology funds. This language is no longer needed since the Assistive Technology Act was recently reauthorized.

SPECIAL INSTITUTIONS FOR PERSONS WITH DISABILITIES

GALLAUDET UNIVERSITY

The conference agreement includes \$105,400,000 for Gallaudet University as proposed by the Senate instead of \$104,000,000 as proposed by the House.

VOCATIONAL AND ADULT EDUCATION

The conference agreement includes \$2,027,166,000 for Vocational and Adult Education instead of \$2,025,456,000 as proposed by the House and \$2,102,086,000 as proposed by the Senate. The agreement provides \$1,236,166,000 in fiscal year 2005 and \$791,000,000 in fiscal year 2006 funding for this account.

The conference agreement includes \$1,203,963,000 for Vocational Education basic State grants instead of \$1,215,008,000 as proposed by the House and \$1,194,295,000 as proposed by the Senate.

The conference agreement includes \$4,939,000 for the tech-prep education demonstration authorized under section 207 of the Perkins Act as proposed by the Senate. The agreement also includes \$9,382,000 to continue the occupational and employment information program as proposed by the Senate. The House did not include funding for these activities.

The conference agreement includes \$574,266,000 for adult education state grants as proposed by the Senate instead of \$574,372,000 as proposed by the House.

The conference agreement also includes \$95,238,000 for the smaller learning communities program instead of \$101,698,000 as proposed by the House and \$173,967,000 as proposed by the Senate. The conferees concur in the directions in House report 108-636. The conferees intend that the smaller learning communities program competition in calendar year 2005 include an increase in the size and scope of implementation grants, allow for 5-year implementation awards, and permit schools that have previously received implementation grants to receive additional assistance if needed to complete effective interventions in smaller learning communities. The conferees are concerned that the Department is using the 5 percent set-aside funds to support its broad high school reform agenda rather than providing direct technical assistance to schools receiving smaller learning awards. The conferees believe that a greater share of the 5 percent set-aside funds should be used to support direct technical assistance to grantees through providers with expertise in designing and implementing smaller learning communities.

The conference agreement includes \$5,000,000 for community technology centers instead of \$11,000,000 as proposed by the Senate. The House did not propose funding for this activity.

STUDENT FINANCIAL ASSISTANCE

The conference agreement includes \$14,380,795,000 for Student Financial Assistance instead of \$14,755,794,000 as proposed by the House and \$14,859,694,000 as proposed by the Senate.

The agreement provides a program level of \$12,464,715,000 for Pell Grants instead of \$12,830,000,000 as proposed by both the House and the Senate. The conference agreement also includes \$785,000,000 for the supplemental educational opportunity grant program instead of \$794,455,000 as proposed by the House and \$799,850,000 as proposed by the Senate. The agreement includes \$998,243,000 for Federal work study as proposed by the Senate instead of \$998,502,000 as proposed by the House. The agreement does not include funding in fiscal year 2005 for Perkins capital contributions as proposed by the House. The Senate included \$98,764,000 for this program.

STUDENT AID ADMINISTRATION

The conference agreement includes \$120,247,000 for student aid administration as proposed by the House instead of \$121,000,000 as proposed by the Senate.

HIGHER EDUCATION

The conference agreement includes \$2,134,269,000 for Higher Education instead of \$1,976,056,000 as proposed by the House and \$2,148,458,000 as proposed by the Senate.

Aid for Institutional Development

The conference agreement includes \$80,986,000 for strengthening institutions as proposed by the House instead of \$85,000,000 as proposed by the Senate. The conference agreement includes \$95,873,000 for Hispanic Serving Institutions as proposed by the House instead of \$100,000,000 as proposed by the Senate. The conference agreement also includes \$12,000,000 for Alaska and Native Hawaiian Institutions instead of \$13,000,000 as proposed by the Senate and \$10,935,000 as proposed by the House.

The conference agreement includes \$24,000,000 for strengthening tribal colleges and universities, instead of \$23,753,000 as proposed by the House and \$25,000,000 as proposed by the Senate. The conferees agree that funds are to be used to support continuation of existing basic grants and new planning or implementation grant awards. The remaining funds shall be available for grants for renovation and construction of facilities, including repair and expansion.

The conference agreement includes \$7,500,000 for Tribally Controlled Postsecondary Vocational Institutions instead of \$7,185,000 as proposed by the House and \$8,000,000 as proposed by the Senate. The agreement also includes language proposed by the Senate notwithstanding any other provision of law or any regulation that the Secretary of Education shall not require the use of a restricted indirect cost rate for grants issued pursuant to the tribally controlled postsecondary vocational and technical institutions program.

International Education and Foreign Language Studies

The conference agreement includes \$93,211,000 for the domestic activities of the international education and foreign language studies programs as proposed by the House instead of \$89,211,000

as proposed by the Senate. Within the conference agreement, \$1,500,000 is included for a study by the National Research Council as described in House Report 108–636.

Fund for the Improvement of Postsecondary Education

The conference agreement includes \$163,915,000 for the Fund for the Improvement of Postsecondary Education instead of \$32,011,000 as proposed by the House and \$157,700,000 as proposed by the Senate. Within the amounts provided for the Fund for the Improvement of Postsecondary Education, the conference agreement includes funding for the following:

AIB College of Business, Des Moines, IA, for scholarships in captioning and court reporting	\$500,000
Alabama A&M University Research Institute, Normal, AL, for programmatic activities and research	600,000
Alaska Christian College, Soldotna, AK for student scholarships, recruitment and salaries	435,000
Alaska Pacific University in Anchorage, AK to continue support of its Rural Alaska Native Adult Distance Education Program	300,000
Albany State University, Albany, GA, in partnership with Darton College, for an initiative to increase the success of minority males and non-traditional students in postsecondary education, including student scholarships	350,000
Alcorn State University, Alcorn State, MS, in partnership with Mississippi State University, for The National Institute for Rural Community Colleges	750,000
Allegheny College, Meadville, PA, for civic education activities	50,000
American Academy of Liberal Education, Washington, DC, to develop a national model for the study of American democracy at colleges and universities	100,000
American Prosthodontic Society Foundation, Osceola, PA for scholarships and program costs related to prosthetic dentistry and clinical prosthodontics	150,000
American Samoa Community College, Pago Pago, AS, for its Trades, Industries and Technology Program	640,000
Anderson University, Anderson, IN, for educational programming related to the Flagship Enterprise Center	250,000
Artspace Projects, Inc, Minneapolis, MN for the Artspace Projects Distance Education Initiative, which may include the acquisition of technology	100,000
Association of Jesuit Colleges and Universities, Washington, DC, for its Center for Online Bioethics Education	250,000
Augsburg College, Minneapolis, MN, for a postbaccalaureate program for underrepresented students, including student stipends	240,000
Ball State University, Muncie, IN, for Digital Middletown	250,000
Baylor University, Health and Education Wellness Department, Waco, TX, for GEAR UP Waco, a college preparedness program	500,000
Belin-Blank Center at the University of Iowa, Iowa City, IA for the Big 10 school initiative to improve minority student access to Advanced Placement courses	145,000
Bennett College, Greensboro, NC, for technology, equipment, curricula, and library collections	320,000
Berea College, Berea, KY for support of science education programs, which may include the acquisition of technology and equipment	500,000
Berea College, Louisville, KY, for an educational partnership initiative including scholarships	50,000
Bethel College, McKenzie, TN to improve science facilities and to purchase equipment	100,000
Bethune Cookman College, Daytona Beach, FL to expand services at the Continuing Education Center at St. John	100,000
Bevill State Community College, Sumiton, Alabama, for English as a Second Language (ESL) Laboratories	300,000

Bloomfield College, Bloomfield, NJ, for an initiative to recruit and retain minority students in nursing and allied health professions	140,000
Boston College, MA, to equip a science facility	750,000
Bowie State University, Bowie, MD, for a project to attract, prepare and retain African American and other minority males in the teaching profession, including student support	350,000
Brookdale Community College, Lincroft, NJ, for technology	75,000
Bucknell University, Lewisburg, PA, for campus-wide technology infrastructure upgrades, including wireless technology	420,000
C*R*E*A*T*E for Mississippi, Tupelo Mississippi Public Schools for statewide teacher network to model successful, replicable technology application and utilization in classrooms	300,000
Cabrini College, Radnor, PA, for equipment and educational programming for the Center for Science, Education and Technology	200,000
Caldwell College, Caldwell, New Jersey, for Center for Excellence in Teaching Initiative	50,000
Caldwell County Education Consortium, Hudson, NC for The Teaching Center	112,000
California Institute of Arts, Valencia, CA, for technology and training	200,000
California State University Channel Islands, Camarillo, CA, for a baccalaureate degree program in nursing	200,000
California State University, Bakersfield Department of Nursing, Bakersfield, CA, for nurse training equipment	180,000
California State University, Chico, CA for equipment	500,000
California State University, Hayward, CA, for professional development, equipment and technology for distance education programs	425,000
California State University, Long Beach, CA, for its Technology Enhanced Literacy Project	250,000
California State University, San Marcos, CA, to establish a nursing program	400,000
Calumet College of St. Joseph, Whiting, IN, for a Public Safety Support Center Program	1,300,000
Carlow College, Pittsburgh, PA for program and administrative support, which may include acquisition of technology	100,000
Cazenovia College, Cazenovia, NY, to provide equipment for Art & Design building	100,000
Centenary College, Hackettstown, NJ, to expand IT infrastructure	105,000
Center for Community Transformation, Chicago, IL, to support faculty, student fellowships, and ongoing secular educational activities in community leadership transformation	100,000
Central Florida Community College, Lecanto, FL, for a nursing program	250,000
Central Florida Community College, Ocala, FL, for curriculum development and technology	150,000
Central Michigan University, Mt. Pleasant, MI, for education and training programs	100,000
Central Piedmont Community College, Charlotte, NC, for a Geospatial Technology Training Center	500,000
Centralia College, Centralia, WA, for nursing laboratory equipment, setup and training, and for library resources and technology	200,000
Charleston Southern University, Charleston, SC, for technology and equipment	250,000
Cheyney University, Cheyney, PA for planetarium upgrades	100,000
Chicago State University, Chicago, IL, for the School of Pharmacy	225,000
Christopher Newport University, Newport News, VA to support international studies	200,000
City of Oelwein, IA to plan for a new higher education facility and programs	100,000
Clarion University, Clarion, PA for the CONNECT NWPA Clarion U/North West Regional Commission Collaborative Educational Technology Initiative	100,000
Clark State Community College, Springfield, OH, for equipment	300,000
Clatsop Community College, Astoria, OR, for equipment and technology for its Technology for Student Access Initiative	320,000

Cleary University, Ann Arbor, MI, for equipment and technology for the Washtenaw campus	210,000
Cleary University, Howell, MI, for technology	200,000
Cleveland Institute of Art, Cleveland, OH for expansion of programs	250,000
Cleveland Scholarship Programs, Inc., Cleveland, OH, for student scholarships	400,000
Clinton School of Public Service at the University of Arkansas, for endowment scholarships and curriculum development	1,000,000
College of Lake County, Grayslake, IL, to develop and implement English Second Language instructional classes	250,000
College of New Jersey, Ewing, NJ, for the Bonner Center for Civic and Community Engagement	340,000
College of Southern Idaho, to implement the Partnership to Build Capacity for Latino Access and Leadership Project	250,000
College of Southern Idaho, Twin Falls, ID, to implement an Enhanced Paraprofessional Training program	200,000
College of St. Elizabeth, Morristown, NJ, for a teacher training program for math and science	100,000
Columbus Healthcare Workforce Center, Columbus, OH, for nurse training	450,000
Community College of Allegheny County, Pittsburgh, PA for technical education	500,000
Community College of Allegheny County, Pittsburgh, PA, to develop a Health Career Education Institute	100,000
Community College of Beaver County, Beaver Falls, PA, for educational programs, including the acquisition of technology	100,000
Community College of Rhode Island (CCRI), Warwick, RI, for Learning and Literacy Centers	265,000
Concurrent Technologies Corporation, Largo, FL for the community college/vocational industry cluster hubs project	1,000,000
Connecticut State University System, Hartford, CT, for a project to enhance teacher workforce diversity, recruitment and retention ..	750,000
Culver-Stockton College, Canton, MO, for equipment and technology	100,000
Cumberland College, Williamsburg, KY for equipment and curriculum development for its science programs and facilities	500,000
Cuyahoga Community College, Cleveland, OH for equipment and programming for the Centers for Nursing and Health Careers	425,000
Dakota State University in Madison, South Dakota for the Information Assurance Program	250,000
Darton College, Albany, GA, for the rural technology network	650,000
Dean College, Franklin, MA, to improve services for students with disabilities, including technology, curricula and assessment activities	150,000
Defiance College, Defiance, OH, for curriculum development and equipment for forensic science program	250,000
Del Mar College, Corpus Christi, TX, for faculty and equipment for nursing, dental and allied health programs	340,000
Delaware County Community College, Media, PA, for technological infrastructure and to support career counseling at the Small Business Resource and Development Center	50,000
Delta College, University Center, MI, for equipment and technology for its technical trades and manufacturing complex	200,000
Delta State University, Cleveland, MS for the Delta Education Initiative	1,000,000
Des Moines Area Community College, Ankeny, IA, for a Career Academy Consortium Project	400,000
Des Moines Area Community College, IA, for a Comprehensive Deaf Services Center	400,000
Des Moines Higher Education Collaborative for wiring and curriculum development at the John and Mary Pappajohn Higher Education Center	650,000
DeSales University, Center Valley, PA, for computer wiring and technology upgrades related to training K-12 teachers and students	200,000

Dillard University, New Orleans, LA, for equipment for its Consolidated Sciences Institute	200,000
Dowling College, Oakdale, NY, for development of a certificate program in integrated emergency management	300,000
Duquesne University, Pittsburgh, PA, for equipment and wiring for a supercomputing facility	100,000
Dutchess Community College, Poughkeepsie, NY, for the upgrade of the college computer network	50,000
EARTH University Foundation, Atlanta, GA for student scholarships	500,000
East Stroudsburg University, East Stroudsburg, PA, for technological infrastructure related to the Center for Research and Economic Development	200,000
Eastern Oregon University to train rural community nurses	250,000
Eastern University, St. Davids, PA, for equipment, professional development and outreach to develop the Nueva Esperanza Center for Higher Education as a branch of the university	100,000
Eckerd College, St. Petersburg, FL, for the Leadership Training Program	500,000
Eckerd College, St. Petersburg, FL, to upgrade educational computing and technology	1,000,000
Edison Community College, Punta Gorda, FL, to expand nursing programs	100,000
Edmonds Community College, Lynnwood, WA, to expand the Mathematics Across the Curriculum Project	100,000
Emerson College, Boston, MA for the completion of the Tufte Performance and Production Center	560,000
Emmanuel College, Boston, MA, for educational equipment and program development	200,000
Emporia State University, Emporia, KS for technology	250,000
Esperanza USA, Philadelphia, PA, for education programs and to prepare individuals for post-secondary education	75,000
Everett Community College, Everett, WA, to plan, develop and implement one or more Early College High Schools, in conjunction with Whatcom Community College and Skagit Valley College	600,000
Fairleigh Dickinson University, Madison, NJ, for equipment, technology, and personnel for its Global Virtual Faculty distance education initiative	150,000
Federation of American Scientists for Digital Promise, Washington, DC, for creating a Digital Opportunity Investment Trust (DO IT) project	500,000
Federation of Independent Illinois Colleges and Universities, Springfield, IL, for the Illinois Century Network	75,000
Florida Campus Compact, Tallahassee, FL, to enhance service learning on college campuses throughout Florida	450,000
Folsom Lake College, Folsom, CA, for computers, program development and teacher stipends	150,000
Fort Hays State University, Hays, KS for distance learning	250,000
Fort Lewis College, Durango, CO, for the Institute of Southwest Studies	100,000
Gateway Community College, New Haven, CT, for equipment for a skilled nursing laboratory	100,000
George Meany Center for Labor Studies—the National Labor College for curriculum development	900,000
Georgetown College, Georgetown, KY, for its Center for Commerce, Language & Culture	200,000
Georgia College and State University, Milledgeville, GA, Paul Coverdell Institute and Archives	100,000
Georgian Court University, Lakewood, NJ, for distance learning	225,000
Governors State University, University Park, IL, for the College of Education's Family Development Center	150,000
Greater Philadelphia Bioinformatics Alliance, Philadelphia, PA to implement training, research and dissemination efforts to form a national and international center of excellence in bioinformatics	25,000
Grossmont-Cuyamaca Community College District, El Cajon, CA, for equipment and student assistance	95,000

Grossmont-Cuyamaca Community College District, El Cajon, CA, for science equipment	99,000
Harcum College, Bryn Mawr, PA to develop curriculum and acquire technology	200,000
Harrisburg University of Science and Technology, Harrisburg, PA for curriculum development, laboratory equipment and technology and personnel	1,000,000
Haskell Indian Nations University, Lawrence, KS, for equipment and technology for mathematics, science, and engineering laboratories	700,000
Heartland Community College, Normal, IL, for computer equipment	63,000
Hepatitis B Foundation, Doylestown, PA for education programs to prepare post-secondary students for careers in biomedical research, public health and biotechnology	150,000
Hickory Metropolitan Higher Education Center, Hickory, NC for expanded programming	112,000
Highline Community College, Des Moines, WA, for its Marine Science and Technology Center	320,000
Hillsborough Community College, Tampa, FL, for a veterinary technician education program	200,000
Hofstra University, Hempsted, NY, to produce and offer distance-education on rehabilitation and independent living for persons who are deaf	500,000
Idaho State University, Pocatello, ID, for a masters degree program in Dental Hygiene	500,000
Idaho State University, Pocatello, ID, for the Virtual Idaho Museum of Natural History	250,000
Ihanktonwan Community College in Marty, South Dakota for curriculum and institutional development	150,000
Ilisagvik College in Barrow, AK for infrastructure improvements in Barrow, AK and North Slope villages to improve access to distance education courses provided by the college	250,000
Illinois Institute of Independent Colleges and Universities, Springfield, IL, for Project Connect	600,000
Illinois State University, Normal, IL for the Joe Warner Teaching Nursing Home Project	62,000
Immaculata University, Immaculata, PA, for technology, equipment, and professional development to enhance nursing education programs	100,000
Indiana University of Pennsylvania, Indiana, PA, for the Computing Services Center to train K-12 teachers and for the National Institute for Corrections Education to provide professional development for corrections education teachers	50,000
Indiana University, Bloomington, IN, to develop a bachelor of science program in biotechnology, including equipment	400,000
Innovation Works, Pittsburgh, PA, to enhance research and development in collaboration with local institutions of higher education and regional manufacturers	100,000
Iowa Central Community College, Fort Dodge, IA, for the Dental Hygienist Program	500,000
Iowa Lakes Community College to create a Wind Energy and Turbine Technology education program	500,000
Iowa Student Aid Commission to continue a program of loan forgiveness for teachers	500,000
Iowa Valley Community College to expand educational outreach in the Hispanic community	500,000
Isothermal Community College, Spindale, NC, for operation of a Material Testing Laboratory	85,000
Ivy Tech State College, Bloomington, IN, for development of an associates degree program in biotechnology and student scholarships	550,000
IWF Leadership Foundation, Washington, DC, for a scholarship fund	500,000
Jackson State University, Jackson, MS for the Project Urban Mississippi: Teachers, Technology, and Research	500,000

Jacksonville State University, Jacksonville, AL, for the Viper Doppler Radar Training System	60,000
Johnson C. Smith University, Charlotte, NC, for a technology education and training initiative	320,000
Jones County Junior College, Ellisville, MS, for equipment for an advanced technology center	300,000
Kansas State University, Manhattan, KS for curriculum development	1,000,000
Kansas State University, National Institute for Academic Alliances, Manhattan, KS, for enhancing academic programs	250,000
Kent State University, Kent, OH for equipment and curriculum for the Northeastern Ohio Consortium for Biopreparedness	750,000
Kentucky Community and Technical College System, Lexington, KY for curriculum development and acquisition of technology for the Center for Excellence in Automotive Manufacturing	500,000
Kishwaukee College, Malta, IL, for a new computer system	250,000
La Sierra University, Riverside, CA, for science and computer equipment software	100,000
Lackawanna College, Scranton, PA, to develop a communication arts program through technology acquisition and program development	200,000
Lake Erie College of Osteopathic Medicine, Erie, PA for a program in pharmacy	155,000
Langston University, Langston, OK for a Thurgood Marshall Scholarship endowment	100,000
Laredo Community College, Laredo, TX for equipment and materials	250,000
Lawrence Technological University, Southfield, MI, for equipment	225,000
Lenoir Community College, Kinston, NC, for a training program in captioning and Communication Access Realtime Translation (CART), including student scholarships	240,000
Lewis and Clark Community College, Godfrey, IL, for its National Great Rivers Research and Education Center	540,000
Lewis-Clark State College, Lewiston, ID to continue and expand the American Indian Students in the Leadership of Education Program	450,000
Lincoln University, Lincoln University, PA for support of science education laboratories and programs, which may include the acquisition of equipment and technology	100,000
Lock Haven University, Lock Haven, PA for professional development partnerships and related services	900,000
Lorain Community College, Elyria, OH to support the Learning Technology Center	300,000
Los Angeles Valley College, Valley Glen, CA, for its Fast-Track Nursing Career Program	200,000
Louisiana State University in Baton Rouge, LA, for the John Breaux Political Papers and Research Collection Project	300,000
Lourdes College, Sylvania, OH, for science equipment, technology and instructional resources, and for the Lourdes College Planetarium	325,000
Loyola University, New Orleans, for the Lindy Boggs National Center on Community Literacy	350,000
Luther College, Decorah, IA, for the Valders Hall of Science Project	250,000
Luzerne County Community College, Nanticoke, PA, for a training program in realtime court reporting and captioning, which may include student scholarships	370,000
Maine Metal Products Association, Westbrook, ME, to establish a National Institute of Metalworking Skills Management Center ...	250,000
Manatee Community College, Bradenton, FL, for Teaching for 21st Century Student Success demonstration program	75,000
Maricopa County Community College District, Phoenix, AZ, for the Hispanic Bilingual Nursing Fellows Program and for educational programs to train court reporters	200,000
Maricopa County Community College District, Tempe, AZ, for its Bilingual Nursing Fellows Program	250,000

Marquette University, Milwaukee, WI, for service learning and community outreach programs at The Les Aspin Center for Government in Washington, D.C.	200,000
Martin Methodist College, Pulaski, TN, for library materials, technology and personnel for a baccalaureate nursing program	300,000
Mary Mason Community Foundation, Philadelphia, PA, for a college assistance program, including student scholarships	100,000
Marymount University, Arlington, VA, for scholarships for students seeking a dual certification in special and elementary education	100,000
Maryville College, Maryville, TN for the Center for Effective Communities	150,000
McNeese State University, Lake Charles, LA, for the Southwest Louisiana Academy for Innovative Teaching and Learning, including student scholarships	600,000
Mercer University, Macon, GA for a critical personnel development program	250,000
Mercy College, Dobbs Ferry, NY, for the development of a registered nursing program	150,000
Mercyhurst College, Erie, PA to develop an Institute for Arts Based Teacher Education	100,000
Miami University, Oxford, OH, for equipment	400,000
Michigan Jewish Institute, Oak Park and Bloomfield, MI, for a new computing curriculum	150,000
Middle Tennessee State University, Murfreesboro, TN, for equipment and personnel for biotechnology training initiatives	100,000
Middlesex Community College, Lowell, MA, to acquire and implement the SCHEDULE25 program and other technology upgrades	100,000
Millersville University, Millersville, PA for curriculum development and technology for science, environmental, occupational safety and health education programs	100,000
Mills College, Oakland, CA, for its Institute for Civic Leadership	320,000
Mississippi State University, Starkville, MS, for digital production equipment for the Wise Center-Broadcast Facility	315,000
Mississippi State University, Starkville, MS, for the National Center on Rural Early Childhood Learning Initiatives, which shall include the Sesame Street-Between the Lions effort to produce and distribute multi-media educational and training materials	2,100,000
Mississippi University for Women, Columbus, MS, for research and outreach programming of the Southern Women's Institute	500,000
Mississippi University for Women, Columbus, MS, Plymouth Bluff Center for Scientific and Historical Enrichment	500,000
Mississippi Valley State University, Itta Bena, MS, for curriculum development	1,000,000
Missouri Southern State University, Joplin, Missouri, for equipment	1,301,000
Monroe Community College, Rochester, NY, for training and equipment	500,000
Montana State University, Billings, MT, to provide degree and certificate workforce education programs in the healthcare industry	400,000
Montgomery College, Rockville, MD, for equipment and technology to establish wireless mobile classrooms in engineering and computer sciences	410,000
Montgomery County Community College, Blue Bell, PA, for equipment and technology acquisition in support of the Advanced Center for Technology	50,000
Moravian College, Bethlehem, PA, for equipment, technology, and curriculum development for a science initiative	100,000
Morehead State University, Morehead, KY, to establish a center on homeland security policy	500,000
Morehouse College, Atlanta, GA, for an Education Technology and Telecommunications Project	600,000
Morehouse College, Atlanta, GA, to conduct public and social research on issues affecting African American and minority males at the Morehouse Research Institute	160,000
Muhlenberg College, Allentown, PA, to develop a program for advanced discovery in the exploration of the physical and life sciences at the secondary and post-secondary grade levels	175,000

National Academies' Science, Technology and Economic Policy (STEP) Board, Washington, DC to study changing labor force requirements	200,000
National Association of Hispanic Publications Foundation, Washington, DC, to improve access to higher education and financial aid opportunities for Hispanic students, including awareness programs in Spanish	75,000
National Center for Disability and Access to Education in Logan, UT to address distance education for individuals with disabilities	300,000
National College Access Network, Cleveland, OH for expanding and strengthening of programs	500,000
N'DIGO Foundation, Chicago, IL, for a merit-based college scholarship program	100,000
Nevada State College to create a digital learning center	250,000
New Mexico Association of Community Colleges, Santa Fe, NM, for a dental distance education program	250,000
New Mexico State University and Dono Ana Branch Community College to expand its manufacturing bridge program	50,000
New York University, New York, NY, for the John Brademas Center for the Study of Congress, which may include student scholarships and an endowment	1,300,000
North Dakota State College of Science, Wahpeton, ND, for a Center for Nanoscience Technology Training	200,000
North Dakota State School of Science, Wahpeton, ND, to continue telepharmacy training in North Dakota	200,000
North Florida Community College, Madison, FL for a registered nursing program	300,000
North Shore Community College, Danvers, MA, for information technology and educational equipment for science center	200,000
North Shore Community College, Danvers, MA, for workforce development, entrepreneurship education, professional development, distance education, and outreach programs	350,000
Northern Illinois Center for Accelerator and Detector Development at Northern Illinois University, DeKalb, IL	2,000,000
Northern Illinois University, DeKalb, IL for support of the Vibration and Acoustics Center	100,000
Northern Illinois University, DeKalb, IL, for an Intelligent Tutoring Center	300,000
Northern Illinois University, DeKalb, IL, to establish a Nanoscience Institute	500,000
Northern Kentucky University for the Institute for New Economy Technologies	500,000
Northern Kentucky University, Highland Heights, KY, for its Institute for Public Policy Research and Service	300,000
Northern Michigan University, Marquette, MI, for operating expenses of the United States Olympic Education Center, including student support	440,000
Northwest Shoals Community College, Phil Campbell, AL, for new technology upgrades	250,000
Northwestern College, Orange City, IA, for equipment	25,000
Nova Southeastern University, Fort Lauderdale, FL, for a Latino Literacy and Technology Training program	50,000
Nova Southeastern University, Ft. Lauderdale, FL, for the Shepard Broad Law Center Minority Outreach Online Project	250,000
Ocean County College, Toms River, NJ, for the Center for Marine Studies	75,000
Oglala Lakota College in Kyle, South Dakota for nursing education	250,000
Oklahoma State Board of Regents for Higher Education, Oklahoma City, OK to expand the One-Net program for distance learning into rural areas of Oklahoma	100,000
Oregon Institute of Technology, Klamath Falls, OR, for equipment	120,000
Orleans Technical Institute, Philadelphia, PA, for equipment and educational programs to train court reporters	50,000
Pacific Lutheran University, Tacoma, WA, for programmatic support, technology and furnishings for its Center for Learning and Technology	950,000
Palo Verde Community College District, Blythe, CA, for equipment	500,000

Penn State, University Park, PA, for the Penn State Washington Program	25,000
Philadelphia University, Philadelphia, PA, for technology upgrades and to develop an instructional delivery system which will focus on the integration of technology into coursework	500,000
Philander Smith College, Little Rock, AR, for equipment, supplies, furnishings and personnel for the Harry R. Kendall Science and Health Mission Center	320,000
Peirce College, Philadelphia, PA, for technology upgrades and course development for the Peirce Online Four-Year Distance Learning initiative	200,000
Pittsburgh Digital Greenhouse, Pittsburgh, PA, to facilitate work between research universities	150,000
Pittsburgh Tissue Engineering Initiative, Pittsburgh, PA, for professional development and to develop education programs	250,000
Potter County Education Council, Coudersport, PA for equipment	150,000
Pratt Institute, Brooklyn, NY, for equipment and technology, personnel and faculty professional development	320,000
Providence College, Providence, RI, for equipment, technology and education programs for its Center for the Arts	700,000
Pulaski Technical College, North Little Rock, AR, for library equipment, technology, furnishings and collections	320,000
Purchase College, State University of New York, Purchase, NY, to improve postsecondary education, increase access for minority students, and enhance student support services	250,000
Ramapo College, Mahwah, NJ, for technology and equipment for the Sustainability Education Center	70,000
Regional Learning Alliance, Marshall Township, PA, to acquire instructional technology and to develop programming as part of a life-long education services initiative for Pittsburgh regional industry and community residents	200,000
Research Center for Cultural Diversity and Community Renewal, University of Wisconsin—La Crosse, WI, for Project TEACH and Project FORWARD	250,000
Rhode Island College Foundation, Providence, RI, for an interdisciplinary research and education center regarding the history of child welfare	75,000
Rhodes College, Memphis, TN, for the Rhodes College Learning Corridor project to expand an educational outreach and partnership program between the University and the Shelby County public school system	250,000
Riverside Community College District, Riverside, CA for curriculum development of the Middle College initiative	100,000
Robert Morris University, Moon Township, PA, for equipment and development of its nursing and allied health programs	100,000
Roberts Wesleyan College, Rochester, NY for a distance education program	100,000
Rowan University, Glassboro, NJ for an Engineering and Technology Satellite Campus in Pomona, NJ	200,000
Rutgers University School of Law, Camden, NJ, for student scholarships and loan repayment, internships, and public interest programming	640,000
Sacramento City College, Sacramento, CA, for its Allied Health Professions Recruitment and Retention Center	400,000
Saginaw Valley State University, University Center, MI for a crisis intervention training center	200,000
Saint John Fisher College, NY for the School of Pharmacy	100,000
Saint Joseph's College, Brooklyn, NY, for equipment and technology for "smart classrooms" at its Brooklyn and Patchogue campuses	400,000
Saint Leo University, St. Leo, FL, for a Corporate to Classroom Transition Program	130,000
Saint Vincent College, Latrobe, PA, to develop early childhood education programs for the Fred. M. Rogers Center for Early Learning and Children's Media	100,000

Salve Regina University, Newport, RI, for equipment and personnel for its Center for Advanced Teaching and Learning in Science and Technology	400,000
San Jose State University Foundation, San Jose, CA for the development of paramedic and clinical laboratory scientist training programs	440,000
San Pasqual Academy, Escondido, CA, for information technology infrastructure	120,000
Santa Clarita Community College District, Santa Clarita, CA, for equipment for the University Center at College of the Canyons	200,000
Santa Fe Community College, Gainesville, FL, for equipment and training	500,000
School District of Philadelphia, Philadelphia, PA, for the College Opportunity Resources for Education (CORE) Philly Scholarship Program	750,000
Security on Campus, Inc., King of Prussia, PA, to develop and conduct regional training sessions on compliance with the Clery Act and the technical assistance handbook	25,000
Self Enhancement Inc, Portland, OR, for family support and violence and substance abuse prevention programs	250,000
Seminole State College, Seminole, OK for technology equipment	100,000
Seminole State College, Seminole, OK, for the Excel-erated Transitional Nursing program	50,000
Seminole State College, Seminole, OK, to improve student retention and graduation rates	25,000
Sheldon Jackson College, Sitka, AK, for the Adult Learners Program	500,000
Shippensburg University Foundation, Shippensburg, PA, for the Center for Land Use	170,000
Shippensburg University, Shippensburg, PA, for equipment, technology and curriculum development for a Performing Arts Center	200,000
Shoreline Community College, Shoreline, WA, for a Center for Manufacturing Excellence	700,000
Sisseton Wahpeton College in Agency Village, South Dakota for a Dakota language preservation program	250,000
Snead State Community College, Boaz, AL for a nursing program	400,000
Snow College, Ephraim, UT to support a distance learning program	200,000
Sonoma State University, Rohnert Park, CA, for the Osher Lifelong Learning Institute, including student scholarships and coordination with the nationwide Osher network	200,000
South Carolina State University, Orangeburg, SC for equipment and program support	350,000
South Florida Community College, Avon Park, FL, for equipment	200,000
Southeast Missouri State University, Cape Girardeau, Missouri, for equipment	550,000
SouthEastern Pennsylvania Consortium for Higher Education, PA, for the Institute for Mathematics and Science to provide professional development to K-12 teachers	750,000
Southern Illinois University, Carbondale, IL, for the Paul Simon Public Policy Institute, including an endowment	1,000,000
Southern Maine Community College, South Portland, ME, to develop an entrepreneurial/business ownership certificate program, student business incubator and high school entrepreneurial programs	150,000
Southern Methodist University, Dallas, TX, for equipment	500,000
Southern New England School of Law, North Dartmouth, MA, for the Immigration Law Clinic, including student stipends	125,000
Southern New Hampshire University, New Hampshire to continue and expand a distance learning program	250,000
Southwestern Indian Polytechnic Institute, Albuquerque, NM for technical skills training	35,000
Stark State College of Technology, Canton, OH for outreach and expansion activities	300,000
State University of New York at Geneseo, Geneseo, NY, for equipment	250,000
State University of New York Orange County Community College, Middletown, NY, for the Newburgh Extension Center	250,000

State University System of Florida to continue a partnership on identifying and addressing the highest priority issues in K–12 education	100,000
Sweetwater Education Foundation, for its Compact for Success program, including student scholarships	540,000
Syracuse University in New York to establish the Daniel Patrick Moynihan Global Affairs Institute, including support for an endowment	5,000,000
Tacoma Community College, Tacoma, WA, for equipment, technology, and furnishings for an open computer lab	450,000
Tallahassee Community College, Tallahassee, FL, to establish satellite education centers	300,000
Tarleton State University, Stephenville, TX, for equipment and technology for its Center for the Advancement of Rural Nursing Education	350,000
Texas State University, San Marcos, TX, for a Round Rock Higher Education Center (RRHEC) in Round Rock, TX	250,000
Texas Tech University, Lubbock, TX for the Center for the Study of Addiction	250,000
Texas Wesleyan University School of Law, Fort Worth, TX, for technology improvements	411,000
Thiel College, Greenville, PA to support agriculture and biology programs, which may include the acquisition of equipment	100,000
Thiel College, Greenville, PA, for campus-wide technology infrastructure upgrades	130,000
Thurgood Marshall Scholarship Fund, New York, NY, for capacity building activities at historically black colleges	400,000
Touro University—California, Vallejo, CA, to design, develop and implement College of Education programs on its Mare Island campus	500,000
Trenholm State Technical College, Montgomery, AL, for equipment	90,000
Trident Technical College, Charleston, South Carolina, to equip the hospitality, tourism and culinary arts program	250,000
Troy State University, Troy, AL, for the Virtual University of the Armed Forces and Others	125,000
United Negro College Fund Special Programs Foundation, Fairfax, VA, for a capacity building project benefiting historically black colleges and universities, including instrumentation acquisition, professional development for faculty, and scholarships for students	125,000
University of Akron, Akron, OH for a distance learning program with the Bliss Institute	150,000
University of Akron, Akron, OH for an aerospace systems engineering degree program	200,000
University of Akron, Akron, OH for emergency management curriculum and technology	150,000
University of Alabama, Tuscaloosa, AL for laboratory equipment	325,000
University of Alaska Statewide Office for the University of Alaska Leadership Institute/Center for Civics Democracy	250,000
University of Alaska/Southeast for the Alaska Distance Education Technology Consortium	500,000
University of Alaska/Southeast to develop distance education coursework for arctic engineering courses and programs	100,000
University of Arizona Health Science Center, Tucson, AZ, for the combined family practice residency/integrative medicine fellowship training program	100,000
University of Arizona to establish an indigenous peoples law and policy project	200,000
University of Arkansas for Medical Sciences for curriculum and infrastructure development for the Mid-America Genetics Distance Education Consortium	1,250,000
University of Arkansas, School of Social Work, Fayetteville, Arkansas, for the School of Social Work Research Center	100,000
University of California, Hastings College of Law, San Francisco, CA, for the Center for Gender and Refugee Studies to establish a clinical education program	200,000

University of Central Florida, Orlando, FL for the Lou Frey Institute of Politics	250,000
University of Cincinnati, Cincinnati, OH for the Ohio Partnership for Accountability	200,000
University of Dayton, Dayton, OH, for the Dayton Early College Academy project	500,000
University of Dubuque in Dubuque, Iowa for the establishment of a nursing education program	500,000
University of Florida, Gainesville, FL, for equipment for the Norman Hall project	100,000
University of Georgia, Athens, GA, for the Croatian Partnership for Higher Education Reform	75,000
University of Guam School of Nursing and Health Sciences, Mangilao, GU, for its bachelor of science in nursing program	240,000
University of Hartford, West Hartford, CT, for equipment and technology for the Hartt School Performing Arts Center	100,000
University of Hawaii at Hilo for the Applied Rural Science Program	50,000
University of Hawaii at Hilo for the Clinical Pharmacy Training Program	700,000
University of Idaho for scholarships and program support of the Lionel Hampton Artist in Residence and the Lionel Hampton Scholars	400,000
University of Memphis, Memphis, TN for the Benjamin L. Hooks Institute for Social Change, which may include support for an endowment	250,000
University of Mississippi, Oxford, MS for curriculum development and to enhance the development of young men and women to make future contributions to MS and the nation	3,000,000
University of Montana School of Law, Missoula, MT for infrastructure at the University of Montana School of Law, including the acquisition of equipment and technology	700,000
University of Nebraska at Kearney, Kearney, NE, for student preparation	250,000
University of Nebraska at Omaha, Omaha, NE, for teaching comparative American history	100,000
University of Nevada, Las Vegas for educational outreach at the Women's Research Institute of Nevada	100,000
University of Nevada, Reno for the Latino Studies program	100,000
University of New England, Biddeford, ME, for a Dental Residency Program	250,000
University of New Mexico to establish the Oral Health Institute	75,000
University of New Orleans, LA, for the Center for School Improvement and Teaching and Learning Excellence	1,000,000
University of North Florida, Jacksonville, FL, for a Virtual School Readiness Incubator Project	600,000
University of North Texas, Denton, TX, for a Regional Center for Advanced Scientific Computing and Modeling Program	250,000
University of North Texas, Denton, TX, for the Laboratory Experience and Development of Early Researchers program	250,000
University of North Texas, Denton, TX, in cooperation with Paul Quinn College, for a Science and Math Teacher Academy	240,000
University of Northern Iowa, Cedar Falls, IA for program development and support of the Center for Applied Gerontology	145,000
University of Oklahoma, Tulsa, OK for development and support of a graduate degree program, which may include the acquisition of equipment	300,000
University of Redlands, Redlands, CA for technology enhancement	350,000
University of Richmond Gottwald Science Center, Richmond, VA for equipment and technology	100,000
University of Rochester Medical Center, Rochester, NY, for student scholarships in the School of Nursing	250,000
University of Saint Francis, Fort Wayne, IN, for technology	150,000
University of San Francisco, San Francisco, CA, for equipment and programs at the Harney Science Center	575,000
University of South Carolina, Columbia, SC, for the Strom Thurmond Fitness and Wellness Center	5,000,000

University of South Florida, Sarasota/Manatee Campus, Sarasota, FL, for the Center for Advanced Health Practices and Policy Formation	75,000
University of South Florida, Tampa, FL, for a globalization research network, including the University of Hawaii, Manoa; George Washington University; and the University of California, Los Angeles	890,000
University of Southern Mississippi, Hattiesburg, MS to enhance economic development teaching, training, and research opportunities	2,000,000
University of St. Thomas Interprofessional Clinic for Counseling and Legal Services, St. Paul, MN	75,000
University of Texas at Austin, Austin, TX, for the Texas Engineering and Technical Consortium	1,000,000
University of Texas Foundation, Austin TX, for the UT Public Policy Fellowship Initiative, which may include support of internship programs	250,000
University of Texas Pan American, Edinburg, TX, for the Raul Yzaguirre Policy Institute, including student support	640,000
University of Texas, Arlington, TX for SMART manikins and equipment in the Smart Emergency Department	500,000
University of Texas, Austin, TX for the Bill Archer Center	500,000
University of the Pacific, McGeorge School of Law, Sacramento, CA for a cross-disciplinary project	255,000
University of the Pacific, Stockton, CA, for the Business Forecasting Center	490,000
University of the Sciences in Philadelphia, Philadelphia, PA, for the Science Education Partnership in partnership with the Philadelphia School District to improve math and science education	100,000
University of the South, Sewanee, TN, for equipment and technology	250,000
University of Tulsa, Tulsa, OK for critical research instrumentation and equipment to enhance campus infrastructure for information security	100,000
University of Vermont, Burlington, VT to establish an advanced practice graduate nursing program in psychiatric-mental health nursing	300,000
University of Virginia Center for Politics, Charlottesville, VA, for the Youth Leadership Initiative	1,400,000
University of Wisconsin-Baraboo/Sauk County, Baraboo, WI, for equipment and technology for the Robert L. Brown Theater	50,000
University of Wisconsin-Eau Claire, School of Nursing, Eau Claire, WI, for an accelerated baccalaureate degree program in nursing	300,000
University of Wisconsin-La Crosse in La Crosse, WI to expand mentoring programs to assist students of Hmong descent in attaining teacher certification	250,000
University of Wisconsin-Marathon, WI, for science equipment and furnishings	275,000
University of Wisconsin-Whitewater in Whitewater, WI to provide support services for mentally disabled students to succeed in higher education	150,000
University of Wisconsin-Wood, WI, for science equipment and furnishings	400,000
University of Wyoming, Laramie, WY for technological infrastructure improvements	400,000
University of Wyoming, Laramie, WY for the American Heritage Center	315,000
Urban College of Boston in Massachusetts to support higher education program serving low-income and minority students	900,000
Utah State Board of Regents, Utah Higher Education Assistance Authority, Salt Lake City, UT, for scholarships and program support under the Cesar Chavez Scholarship Program	125,000
Utah Valley State College, Orem, UT for distance education	50,000
Villa Julie College, Stevenson, MD, to establish a nursing distance learning program	250,000
Virginia Military Institute, Lexington, Virginia, for curriculum and program support of the Science and Security Minor	500,000

Virginia State University, Petersburg, VA, for technology equipment for the School of Engineering	350,000
Wake Technical Community College, Raleigh, NC, to implement a first responder training program	100,000
Waldorf College, Forest City, IA, for lab equipment	150,000
Wallace Community College, Dothan, AL, for Teaching for the Future Initiative	250,000
Walsh College, Troy, MI for program development and software for the Center of Excellence for Information Assurance Education	125,000
Washington College, Chestertown, MD, for equipment and infrastructure technology	260,000
Washington State University to provide education and research opportunities for tribes and tribal colleges and support the Northwest Regional Native American project	250,000
Webster University, St. Louis, MO, for literacy services, including the volunteer Student Literacy Corps, at its Institute for Literacy	750,000
Wesleyan College, Macon, Georgia, Willet Memorial Library	100,000
West Chester University, West Chester, PA, for technology infrastructure upgrades	100,000
West Kern Community College District, Taft, CA, for equipment	150,000
Western Governor's University (WGU), Salt Lake City, Utah to provide advanced education and competency-based teaching degrees and certificates	800,000
Western Iowa Tech Community College, Sioux City, IA, for equipment	120,000
Western Michigan University, College of Health and Human Services, Kalamazoo, MI, for science equipment	400,000
Western Nebraska Community College, Scottsbluff, Nebraska, for the Western Nebraska Center for Business and Individual Training, including the acquisition of equipment	250,000
Western Nevada Community College to create an Occupational Therapy Assistant program	250,000
Western Oregon University, Monmouth, OR, for equipment and technology for the Division of Computer Science, Division of Business and Economics, and Department of Mathematics	370,000
Wharton County Junior College, Wharton, TX, for instructional equipment and technology information management infrastructure	500,000
Wheaton College, Norton, MA, for program development and equipment for a new science facility	225,000
Widener University School of Law, Harrisburg, PA, for technology infrastructure upgrades	100,000
Widener University, Chester, PA for the Institute for Graduate Clinical Psychology	1,000,000
Wilkes University, Wilkes-Barre, PA, to develop programming for a Language Institute to improve foreign language study	100,000
Wilkes-Barre General Hospital, Wilkes-Barre, PA, to develop nurse educator programs to instruct nursing students	200,000
Wilson College, Chambersburg, PA, for the development of a public policy institute to address the needs of single mothers	100,000
Wisconsin Association of Independent Colleges and Universities, WI, for a collaboration project to consolidate administrative operations and information technology	800,000
World Learning, Brattleboro, VT, to develop teaching guides for the less-commonly-taught Asian languages	100,000
York Technical College, Rock Hill, SC, for its National Precision Metalworking Center of Excellence	650,000

Other Programs

The conference agreement includes \$843,289,000 for TRIO instead of \$842,559,000 as proposed by the House and \$844,500,000 as proposed by the Senate. The agreement also includes \$308,960,000 for the GEAR UP program instead of \$318,230,000 as proposed by the House and \$302,500,000 as proposed by the Senate. The conferees intend that funds be awarded on an annual

basis and that the Department consult with Congressional committees of jurisdiction prior to new grant competition announcements. The conference agreement provides a sixth and final year award to grantees first funded in 2000, while continuing all other funded projects. The conferees also intend that these funds are available to eligible 1999 grantees that opt to apply for new grant awards servicing a cohort no later than seventh grade, and are allowed to continue assisting students who have not yet completed the program through high school graduation.

The agreement also includes \$41,000,000 for Byrd Honors Scholarships as proposed by the Senate. The House did not propose funding for this activity.

The conference agreement also includes \$68,888,000 for Teacher Quality Enhancement Grants instead of \$88,888,000 as proposed by both the House and the Senate. The agreement includes \$7,000,000 for demonstrations in disabilities, \$2,222,000 for the underground railroad program, and \$3,000,000 for Thurgood Marshall Scholarships as proposed by the Senate. The House did not propose funding these activities. The agreement also includes \$988,000 for Olympic Scholarships as proposed by the House. The Senate bill did not provide funding for this program.

HOWARD UNIVERSITY

The conference agreement includes \$240,715,000 for Howard University instead of \$243,893,000 as proposed by the House and \$239,763,000 as proposed by the Senate.

INSTITUTE OF EDUCATION SCIENCES

The conference agreement includes \$527,453,000 for Education Research, Statistics and Improvement instead of \$526,804,000 as proposed by the House and \$536,804,000 as proposed by the Senate.

The conference agreement includes \$25,000,000 for statewide data systems instead of \$30,000,000 as proposed by the House and \$40,000,000 as proposed by the Senate. The Educational Technical Assistance Act of 2002 authorized a competitive grant program to State Educational Agencies to enable such agencies to design, develop, and implement, statewide, longitudinal data systems to manage, analyze, disaggregate, and use individual student data. The conferees believe these funds are necessary to help States measure individual student performance, particularly as it relates to adequate yearly progress goals, more efficiently and more accurately. The conferees also urge the Department to establish a priority for those States that currently have the most limited ability to collect, analyze and report individual student achievement data when considering applications for funds available through this program.

The conferees expect the Department to develop and implement this program so that it serves the key goals of generating and using accurate and timely data to facilitate research needed to improve student achievement, eliminate achievement gaps and comply with and meet reporting requirements of the Elementary and Secondary Education Act, as stated in section 208(c) of Public Law 107-279. The conferees believe that this program, if effectively im-

plemented so as to enable the collection of longitudinal data on individual student achievement, will greatly facilitate randomized controlled trials and other rigorous longitudinal studies needed to determine which educational interventions are effective and which are not.

The conferees believe that a greater focus must be placed on the use of randomized controlled trials, longitudinal studies, and other research that meets the standards set by the National Research Council. For this reason, the conferees strongly encourage IES to work with the Secretary to create a competitive preference system whereby schools would receive priority for awards by agreeing to participate in randomized research studies. One potential system would entail funding schools in pairs, where at random one school would receive a new program immediately and the other would receive it a year later, thereby creating conditions conducive to randomized controlled studies.

The conference agreement also includes \$83,774,000 for research and innovation in special education. Within the total, the conference agreement includes funding for the following:

Best Buddies Connecticut, New Haven, CT, to enhance the lives of people with mental retardation by providing opportunities for one-to-one friendships and integrated employment	\$150,000
Best Buddies International, Inc., Miami, FL, to enhance the lives of people with mental retardation by providing opportunities for one-to-one friendships and integrated employment	1,000,000
Best Buddies Maryland, Baltimore, MD, to enhance the lives of people with mental retardation by providing opportunities for one-to-one friendships and integrated employment	250,000
Best Buddies Rhode Island, Providence, RI, to enhance the lives of people with mental retardation by providing opportunities for one-to-one friendships and integrated employment	200,000
Best Buddies Texas, Houston, TX, for program expansion	50,000
Best Buddies Virginia, Miami, FL for expansion of Northern Virginia programs	140,000
Bubel/Aiken Foundation for a demonstration on K-12 Inclusion Community Service	500,000
Celeste Foundation, Mt. Doro, FL, to provide technical assistance to parents and caregivers of autistic children on early intervention therapies	1,400,000
Center for Creative Play, Pittsburgh, PA, to support services for disabled children and their families	25,000
Center for Functional and Molecular Imaging, Georgetown University, Washington, DC, for the Early Diagnosis of Developmental Dyslexia Project	250,000
City of Rocklin, California, for a Rocklin Integrated Schools Program	195,000
Daemen College, Amherst, NY, for special education services	600,000
Fiesta Educativa, Inc., Los Angeles, CA, for its Fiesta Familiar, home-based training initiative for parents of children with disabilities	55,000
Friendship Circle, West Bloomfield, MI for Life Village	425,000
Holy Family Learning Center, Pittsburgh, PA, to provide specialized educational services to children and adults	100,000
Illinois State University, Normal, IL for the Special Education Assistive Technology Center	500,000
International Center on Deafness and the Arts, Northbrook, IL for a teacher training program	200,000
Jeremiah Cromwell Disabilities Center, Portland, ME, for library enhancements and awareness training for elementary school students	100,000

Learning Disabilities Association of America, Pittsburgh, PA, to expand parent and teacher training programs and to increase resources available regarding learning disabilities	25,000
Learning Disabilities Association of Central New York, E. Syracuse, NY for educational consulting services	100,000
Lee Pesky Learning Center, Boise, ID, to provide educational materials	200,000
Lehigh University, Bethlehem, PA, for research to improve the lives of disabled individuals at the Center for Promoting Healthy Development for Individuals with Disabilities	100,000
Middle Tennessee State University, Murfreesboro, TN, for its Center for the Study and Treatment of Dyslexia to improve instruction for students with dyslexia	500,000
National Cued Speech Association, Cleveland, OH, for a deaf children's literacy project	325,000
Ohio School for the Deaf, Columbus, OH, for the virtual reality educational system for the deaf	100,000
Parent Training and Information Center of Iowa—The Legal Hand Project	100,000
Peoria School District 150, Peoria, IL, to establish a special education technology partnership with Department of Special Education at Illinois State University	200,000
School for Children with Hidden Intelligence, Lakewood, NJ, for disability education	300,000
Sephardic Community Center, Brooklyn, NY, to expand weekend and summer programming for children with learning disabilities	100,000
Southeast Island School District to develop two-way interactive video conferencing to provide special education services at 9 isolated school sites in Southeast Alaska	100,000
Spurwink Institute, New Gloucester, ME to work with area schools to provide a comprehensive network of support for special education students and juvenile offenders	400,000
U.S. Disabled Athletes Fund, Atlanta, GA for the Blaze Sports Clubs for youth with disabilities	100,000
United Cerebral Palsy Central PA, Camp Hill, PA, in collaboration with the Cumberland-Perry Association for Retarded Citizens, Carlisle, PA, for a contemporary day program for young adults with disabilities	25,000
University of Northern Colorado National Center for Low-Incidence Disabilities	450,000
University of Northern Iowa, Cedar Falls, IA, for WeBCATT: The National Institute of Technology for Inclusive Education project	333,000
University of Southern Mississippi, Hattiesburg, MS, for the Center for Literacy and Assessment	1,000,000
Workplace Technology Foundation, King of Prussia, PA to provide training to special education students to increase employability upon graduation	25,000

DEPARTMENTAL MANAGEMENT

The conference agreement includes \$423,379,000 for Departmental program administration instead of \$421,055,000 as proposed by the House and \$420,379,000 as proposed by the Senate. The agreement also includes \$90,248,000 for the Office for Civil Rights as proposed by the House instead of \$92,801,000 as proposed by the Senate. The agreement also includes \$47,790,000 for the Office of the Inspector General as proposed by the House instead of \$50,576,000 as proposed by the Senate.

The conferees applaud the Department for its support of the Strengthening the Capacity of Historically Black Colleges and Universities (HBCU) through a Collaborative Initiative, which is designed to achieve an improved cadre of senior leaders, more effective management of HBCUs, more efficient campus operations, and better governance at public and private HBCUs. The conferees en-

courage the Department to explore all possible actions to increase the availability of technical assistance that supports these institutions' efforts to maintain the financial standing necessary to meet performance standards and accreditation.

The conferees are concerned about the continued delay in release of the title IV handbook regarding campus crime statistics that was called for more than 18 months ago. The conferees urge the Department to release the handbook as soon as possible. In addition, the conferees expect the Department to implement a training program that will help institutions of higher education utilize this new handbook and comply with section 458(f) of the Higher Education Act.

GENERAL PROVISIONS

IMPACT AID APPLICATION DEADLINE EXTENSION

The conference agreement includes a provision making a technical change to the Impact Aid program to extend the application deadline for applying for section 8002 federal property payments from fiscal year 2005 to fiscal year 2007 as proposed by the House. The Senate bill contained no similar provision.

LOAN CONSOLIDATIONS

The conference agreement does not include a provision proposed by the House relating to consolidation loans. The Senate bill contained no similar provision.

EDUCATION BLOCK GRANT AND EVEN START FUNDING

The conference agreement does not include a provision proposed by the House relating to funding for the education block grant and Even Start programs. Funding for these programs is provided elsewhere in title III of this bill.

FEDERAL NEEDS ANALYSIS

The conference agreement does not include language proposed by the Senate prohibiting the Department of Education from implementing annual updates to the tax tables used in Federal Needs Analysis Methodology. The House bill contained no similar provision.

TECHNICAL CORRECTIONS

The conference agreement contains two technical corrections relating to projects included in the fiscal year 2004 bill. Neither the House nor the Senate bills contained similar provisions.

PELL GRANT ELIGIBILITY

The conference agreement includes a new general provision related to eligibility for Pell Grants for certain students enrolled in institutions of higher education in Palau. Neither the House nor the Senate bills contained this provision.

TITLE IV—RELATED AGENCIES

ARMED FORCES RETIREMENT HOME

The conference agreement includes \$61,624,000 for the Armed Forces Retirement Home instead of \$61,195,000 as proposed by the House and the Senate.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

The conference agreement provides \$4,707,000 for the Committee for Purchase from People who are Blind or Severely Disabled instead of \$4,672,000 as proposed by the House and as proposed by the Senate in S. 2806.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

DOMESTIC VOLUNTEER SERVICE PROGRAMS, OPERATING EXPENSES

The conference agreement includes \$356,598,000 for the Domestic Volunteer Service programs instead of \$353,197,000 as proposed by the House and \$357,814,000 as proposed by the Senate.

Volunteers in Service to America (VISTA)

The conference agreement includes \$95,000,000 for VISTA instead of \$93,731,000 as proposed by the House and \$96,428,000 as proposed by the Senate.

National Senior Volunteer Corps

The conference agreement includes \$112,323,000 for the Foster Grandparent Program (FGP) as proposed by both the House and the Senate. The conferees intend that one-third of the increase over the fiscal year 2004 level shall be used to fund Program of National Significance [PNS] expansion grants to allow existing FGP programs to expand the number of volunteers serving in areas of critical need. All remaining funds shall be used to fund an administrative cost increase for each Foster Grandparent Program nationwide. The amount to be allocated to individual grantees shall be calculated based on a percentage of the entire federal grant award in FY 2004, including the amount specified for payment of non-taxable stipends to Foster Grandparent volunteers. The Corporation for National and Community Service (CNCS) shall comply with the directive that use of PNS funding increases in the FGP shall not be restricted to any particular activity. The conferees further direct that CNCS shall not stipulate a minimum or maximum amount for PNS grant augmentation.

The maximum amount that CNCS may use in FY 2005 for communications and training and technical assistance activities shall not exceed the amount enacted for these two activities in FY 2004.

The conference agreement also includes \$46,275,000 for the Senior Companion Program (SCP) instead of \$45,987,000 as proposed by the House and \$46,563,000 as proposed by the Senate. The agreement also includes \$59,000,000 for the Retired Senior

Volunteer Program (RSVP) instead of \$58,156,000 as proposed by the House and \$60,000,000 as proposed by the Senate.

Funds appropriated for FY 2005 may not be used to implement or support service collaboration agreements or any other changes in the administration and/or governance of national service programs prior to passage of a bill by the authorizing committee of jurisdiction specifying such changes.

The Corporation shall comply with the directive that use of funding increases in the FGP, RSVP, SCP and VISTA not be restricted to any particular activity. In addition, none of these increases may be used to fund demonstration activities. The conferees have not included funding for senior demonstration activities.

Program Administration

The conference agreement includes \$39,000,000 for program administration instead of \$38,000,000 as proposed by the House and \$37,500,000 as proposed by the Senate.

CORPORATION FOR PUBLIC BROADCASTING

The conference agreement includes \$39,705,000 for digital conversion instead of \$49,705,000 as proposed by the Senate. The House had proposed providing authority for CPB to utilize previously appropriated funds for this purpose.

The conference agreement also includes \$40,000,000 as the second installment of a three-year project to replace the satellite interconnection system. The Senate had proposed \$50,000,000 for this purpose. The House had proposed providing authority for CPB to utilize previously appropriated funds for this purpose.

The conferees strongly urge the CPB to allocate not less than \$100,000 to the 14 public radio stations around the nation that provide the sole source of radio news and information in their communities. The additional funds would permit these stations to extend their broadcast hours and improve service to their listeners.

FEDERAL MEDIATION AND CONCILIATION SERVICE

The conference agreement provides \$44,797,000 for the Federal Mediation and Conciliation Service instead of \$43,964,000 as proposed by the House and \$44,464,000 as proposed by the Senate.

The conferees continue to support the FMCS program to prevent youth violence. The conferees are especially pleased with the development of a CD-ROM that will address conflict resolution among preschool and elementary age children. Included in the total appropriation is \$500,000 to be used for FMCS to continue their work to prevent youth violence by teaching students mediation and conflict resolution techniques.

FEDERAL MINE SAFETY AND HEALTH REVIEW COMMISSION

The conference agreement provides \$7,872,000 for the Federal Mine Safety and Health Review Commission instead of \$7,813,000 as proposed by the House and the Senate.

INSTITUTE OF MUSEUM AND LIBRARY SERVICES

The conference agreement provides \$282,827,000 for the Institute of Museum and Library Services instead of \$261,743,000 as proposed by the House and \$262,240,000 as proposed by the Senate.

Within the total for the Institute, the conference agreement includes funding for the following activities in the following amounts.

[In thousands of dollars]

<i>Program</i>	<i>FY 2005</i>
Museums for America	\$18,000
Museum Assessment	450
Museum Conservation Prog	3,630
Museum Natl. Leadership Proj	7,600
Native American Museum Services	850
Library Serv. State Grants	162,000
Native American Library Services	3,500
Library Natl. Leadership Grants	12,400
Librarians for the 21st Century	23,000
Administration	11,186

Within the funds provided for Museums of America, \$1,000,000 is for continuation of the 21st Century Museum Professional program.

The conference agreement also specifies funding for the following:

Academy of Natural Sciences, Philadelphia, PA, for exhibits and programming associated with the Lewis and Clark expedition	\$100,000
Alaska Native Heritage Museum, Anchorage, AK in cooperation with the Koahnic Broadcasting Corporation for its Elders Oral History Project	300,000
Alex Haley House and Museum, Henning, TN to preserve collections and improve exhibits	50,000
Allegheny County, Pittsburgh, PA for exhibit design and development	100,000
Allentown Public Library, Allentown, PA, for technological upgrades and educational programs	100,000
AMISTAD America, Inc., New Haven, CT, for an endowment fund as authorized under P.L. 108-184	400,000
Amistad Research Center, Tulane University, New Orleans, LA, for faculty research fellowship and student internship programs	320,000
Anniston Museum of Natural History, Anniston, AL, for enhanced classroom curriculum	50,000
Antiquarian & Landmarks Society, Hartford, CT, for the Nathan Hale Homestead in Coventry	100,000
Arab Community Center for Economic and Social Services (ACCESS), Dearborn, MI, for exhibits and museum programs	100,000
Athenaeum of Philadelphia, Philadelphia, PA, for conservation and preservation of library materials	75,000
Audubon Pennsylvania, Audubon, PA, for exhibits and nature education programs at the Mill Grove Audubon Center	75,000
Autry National Center, Los Angeles, CA, for exhibits, education programs and outreach at its Southwest Museum of the American Indian and/or its Museum of the American West	200,000
Baylor University, Waco, TX, for archival activities, exhibits, and education programs for the Mayborn Museum Complex	200,000
Beth Medrash Govoha, Lakewood, NJ, for equipment, exhibits and preservation of collections	500,000
Bibliographical Society of America, New York, NY	125,000
Bishop Museum in Hawaii for digitization of old Hawaiian language newspapers and other activities to preserve the culture of Native Hawaiians	500,000

Boys and Girls Harbor, New York, NY, for the preservation and digitalization of Raices Collection, a multi-media collection documenting the history of Afro-Caribbean Latin music in America	100,000
Brooklyn Academy of Music, Brooklyn, NY, for preservation and management of its archives	75,000
Business Association of West Parkside, Philadelphia, PA to exhibit the Negro Leagues Baseball Memorial	50,000
Canton Museum of Art, Canton, OH, to develop and implement the HeARTland program	200,000
Cape Cod Maritime Museum, Hyannis, MA, for the development of exhibitions and programs	100,000
Carnegie Museums of Pittsburgh, Pittsburgh, PA, for preservation of collections at the Carnegie Museum of Natural History	100,000
Catawba County Historical Association, Newton, NC	25,000
Chaldean Community Culture Center, West Bloomfield, MI, for programs that promote Chaldean language, history, culture and teacher training	200,000
Charles H. Wright Museum of African American History, Detroit, MI, for exhibits, education programs, technology and operations	400,000
Cherry Hill Township in New Jersey for improved library technology	84,000
Chicago Historical Society, Chicago, for expansion of the Chicago Historical Society's collections and exhibits	150,000
Children's Museum in Oak Lawn, Oak Lawn, IL, for its "Explore and Soar" education program	200,000
City of Henderson, NC, for personnel, equipment and technology for the H. Leslie Perry Memorial Library	100,000
City of Jackson, MS, for the Medger Wiley Evers Museum for program and exhibit design and development	200,000
City of Jackson, TN, to support technology upgrades at the Jackson-Madison County Public Library	250,000
City of Murrieta Public Library, Murrieta, CA, for a Literacy thru Technology Program	150,000
Claude Pepper Center in Tallahassee, FL, for the digitization of library holdings	500,000
College of Physicians of Philadelphia, Philadelphia, PA, to preserve its medical library and art collection	100,000
Colleton County Memorial Library, Walterboro, SC, for books and library materials	50,000
Columbus Museum of Art, Columbus, OH, to develop, test, and fabricate the exhibition, train teachers and docents and publicize the project and produce related educational materials	76,000
Contra Costa County, Martinez, CA, for the Contra Costa Reads program	72,000
Currier Museum of Art, Manchester, NH, for educational programs and community outreach	300,000
Des Moines Arts Center for the protection of the current collection	825,000
East Tennessee Historical Society, Knoxville, TN, to expand and develop exhibits that teach of the culture and history of East Tennessee	500,000
Edison House Museum, Louisville, KY, for educational programs ...	30,000
Everhart Museum, Scranton, PA	100,000
Experience Music Project in Seattle, WA, for an Oral History Program	430,000
Fairfax County Public Library, Fairfax, VA, for its Motherread/Fatheread Plus family literacy initiative	100,000
Field Museum, Chicago, IL, for establishing networked computer database for collections management	800,000
Fine Arts Museums of San Francisco for the De Young Museum's Art Education Program	100,000
Florence Library Learning Center, Los Angeles, CA, for reading and other education programs	275,000
Florida International Museum, St. Petersburg, FL, for professional activities	650,000
Folger Library, Washington, DC, for exhibits, operations, and public programs including education and outreach	500,000

Frederick Douglass Museum, Washington, DC, for an African American cultural outreach center	50,000
Free Library of Philadelphia, Philadelphia, PA, for technology and equipment upgrades	75,000
George Washington University, Washington, DC, for the Eleanor Roosevelt Papers Project	350,000
Greensburg Public Library, Tarrytown, NY, for computers and technology	12,000
Greensburg Hempfield Area Public Library, Greensburg, PA, for computers	50,000
Grout Museum, Waterloo, IA, for exhibitions	500,000
Harbor Heritage Society, Cleveland, OH, for MAKING WAVES: Vessel-wide interpretive exhibit planning for the Steamship William G. Mather Maritime Museum	200,000
HealthSpace Cleveland, Cleveland, OH, for exhibits	250,000
Hellenic Cultural Association, Salt Lake City, UT, for exhibit and program development at the Hellenic Cultural Museum	75,000
Hendry County, LaBelle, FL, for books and technology for Harlem Library	150,000
Hesperia Community Library, Hesperia, CA	500,000
Historical Society of Western Pennsylvania, Pittsburgh, PA, for exhibit and curriculum development for the Western Pennsylvania Sports Museum	75,000
HistoryMakers, Chicago, IL, to create a digital archive dedicated to preserving the history and accomplishments of African Americans	75,000
Home Port Alliance for the USS New Jersey for restoration and preservation	150,000
Hopkinsville-Christian County Public Library, Hopkinsville, KY	100,000
Hunter College, New York, NY, to digitize, preserve and archive collections of the Center for Puerto Rican Studies and for public access and dissemination activities	250,000
Huntsville Museum of Art, Huntsville, AL, for exhibits, technology, outreach and education programs	300,000
International Museum of Women, San Francisco, CA, for education and teacher professional development programs	300,000
Iona College, NY, for technology upgrade for the Ryan Library	75,000
Italian-American Cultural Center of Iowa in Des Moines, IA, for exhibits, multi-media collections, display	150,000
Jackson County Library System, Ripley, WV	72,000
James Ford Bell Museum of Natural History, University of Minnesota, Minneapolis, MN, for exhibits and education programs	415,000
Johnstown Area Heritage Association, Johnstown, PA, for exhibits and education programs for the Heritage Discovery Center	350,000
Josephine School Community Museum, Berryville, VA	25,000
Kansas State University, Manhattan, KS, for the 20th Century Soldier Project	400,000
Kidspace Children's Museum, Pasadena, CA, to develop its Shake Zone Education Exhibit	250,000
Lafayette College, Easton, PA, for technology updates to the David Bishop Skillman Library	100,000
Livingston Parish Hungarian Museum, Denham Springs, LA	50,000
Maltz Museum of Jewish Heritage, Beachwood, OH, for a Cradle of Christianity: Biblical Treasures from the Holy Land traveling exhibition	500,000
MAPS Air Museum, North Canton, OH, to develop educational displays, upkeep of current displays, library expansion, historical research and operation expenses	250,000
Mauch Chunk Historical Society of Carbon County, Jim Thorpe, PA	100,000
Memphis Zoo, Memphis, TN, to develop exhibits and support student programs	500,000
Miami Museum of Science & Space Transit Planetarium, Miami, FL, for exhibits, outreach, and education programs	400,000
Mid-Hudson Children's Museum, Poughkeepsie, NY, for a Comprehensive Technology Enrichment Program to enhance exhibits	200,000

Milford Area Historical Society, Milford, OH, for the Promont House Museum	40,000
Milton J. Rubenstein Museum of Science and Technology, Syracuse, NY	450,000
Missouri Historical Society, St. Louis, MO, for the establishment and maintenance of an archive for materials relating to the Congressional career of the Honorable Richard A. Gephardt	1,540,000
Mount Vernon Public Library, Mount Vernon, NY, for operations and upgrades	260,000
Mt. San Antonio College, Walnut, CA, for equipment	100,000
Museum of Appalachia, Norris, TN, to preserve and restore the collection of Appalachian pioneer artifacts	500,000
Museum of Aviation Foundation, Warner Robins, GA	250,000
Museum of Fine Arts, Boston, MA, for the development of exhibitions and programs	200,000
Museum of Flight in Seattle, WA, for the American Fighter Aces Archive and Collection	600,000
Museum of Science and Industry, Chicago, IL, for the Science in Your World Program	250,000
Museum of Science, Boston, MA, for community outreach, exhibit design and development, and educational programs	500,000
National Center for American Revolution, Wayne, PA, for exhibit design and curriculum development for the Museum of the American Revolution at Valley Forge National Historic Park	75,000
National City Public Library, National City, CA, for collections and technology	100,000
National D-Day Museum in New Orleans, LA, to improve the education, outreach, and exhibition of the museum	950,000
National Museum of American Jewish History, Philadelphia, PA, to develop a fully interactive learning center linked to their web site that will extend the reach of the Museum	100,000
National Museum of Women in the Arts, Washington, DC	1,000,000
National Trust for Historic Preservation, Washington, DC, for the Farnsworth House Museum in Plano, IL	750,000
Native American Cultural Center and Museum, Oklahoma City, OK	2,100,000
New York Botanical Garden, Bronx, NY, for the Virtual Herbarium Project	500,000
New York Hall of Science to develop, expand, and display science-related materials	1,000,000
North Carolina Museum of Art Foundation, Inc., Raleigh, NC, for exhibits and education programs	90,000
Omaha Performing Arts Center in Nebraska for telecommunications systems	1,000,000
Pennsylvania Hunting & Fishing Museum, Warren, PA, to develop curriculum for conservation education	100,000
Pittsburgh Children's Museum, Pittsburgh, PA, to expand arts and after-school programs for at-risk children	200,000
Please Touch Museum, Philadelphia, PA, to develop educational programs focusing on hands-on learning experiences	950,000
Portland State University, Portland, OR, to enhance library collections and outreach in the area of Middle Eastern and Judaic Studies	320,000
Putnam County Library, Cookeville, TN, to improve exhibits and purchase technology upgrades	50,000
Reading Company Technical and Historical Society, Inc., Reading, PA, to expand interpretive activities	100,000
Rochester Museum & Science Center, Rochester, NY, for expansion of exhibitions	550,000
Rock and Roll Hall of Fame and Museum, Cleveland, OH, for music education programs	350,000
Saint Louis County Economic Council, Saint Louis, MO, for Jefferson Barracks	200,000
Sam Davis Memorial Association, Smyrna, TN, for interpretive exhibits and education programs for the Sam Davis Home	100,000
San Bernardino County, San Bernardino, CA, for the San Bernardino County Museum	350,000

Save the Speaker's House, Inc., Trappe, PA	300,000
Sci-Quest, The North Alabama Science Center, Huntsville, AL, for science and mathematics education programs	315,000
Serra Cooperative Library System, San Diego, CA	175,000
Simon Wiesenthal Center's Los Angeles Museum for Tolerance, Los Angeles, CA, for the Tools for Tolerance for Educators program to provide teacher training in diversity, tolerance and cooperation.	100,000
Smithtown Library, Smithtown, NY, for equipment and technology for its Virtual Worldwide Neighborhood Website Project	50,000
Soldiers and Sailors National Military Museum and Memorial, Pittsburgh, PA, for education and outreach programs	75,000
Southwest Missouri State University, Springfield, MO, for digitization of Archives and Rare-book Collections at the Meyer Library	125,000
Stark County Park District, Canton, OH, for exhibits	250,000
State Historical Society of Iowa in Des Moines, IA, for the development of exhibits for the World Food Prize	1,000,000
Taft Museum of Art, Cincinnati, OH	250,000
Tubman African American Museum, Macon, GA	600,000
University of Alaska Fairbanks for the continuation of the Alaska Digital Archives project.	250,000
University of Vermont of Burlington, VT, for a digitization project for the preservation of Vermont cultural heritage materials	250,000
Vietnam Archives Center at Texas Tech University, Lubbock, TX, for technology infrastructure	500,000
Virginia Living Museum, Newport News, VA, for science education Waterloo Center for the Arts, Waterloo, IA, for the Youth Pavilion to provide educational programs and exhibit design and development	200,000
Western Reserve Historical Society, Cleveland, OH	135,000
William McKinley Presidential Library and Museum, Canton, OH	400,000
Williamsburg County Library, Kingstree, SC, for books, library materials and computers	25,000
Winchester Conservation Museum, Edgefield, SC	50,000
Wisconsin Historical Society, Madison, WI, to catalog and microfilm military base papers	250,000
Witte Museum, San Antonio, TX, for the Water Works project	50,000
Woodmere Art Museum, Philadelphia, PA, for technology upgrades and education and outreach programs	100,000
Woodrow Wilson Presidential Library, Staunton, VA	75,000
World War II Victory Memorial Museum, Auburn, IN	500,000
Zimmer Children's Museum, Los Angeles, CA, to develop and expand the youTHink education program	100,000
	75,000

MEDICARE PAYMENT ADVISORY COMMISSION

The conference agreement provides \$9,979,000 for the Medicare Payment Advisory Commission instead of \$9,905,000 as proposed by the House and the Senate.

NATIONAL COMMISSION ON LIBRARIES AND INFORMATION SCIENCE

The conference agreement provides \$1,001,000 for the National Commission on Libraries and Information Science instead of \$1,000,000 as proposed by the House and \$994,000 as proposed by the Senate.

NATIONAL COUNCIL ON DISABILITY

The conference agreement provides \$3,371,000 for the National Council on Disability instead of \$2,873,000 as proposed by the House and \$3,371,000 as proposed by the Senate.

NATIONAL LABOR RELATIONS BOARD

The conference agreement provides \$251,875,000 for the National Labor Relations Board instead of \$248,875,000 as proposed by the House and \$250,000,000 as proposed by the Senate.

The conferees have included additional funds over the budget request to reduce the backlog.

The conferees concur with language in the Senate report regarding the NLRB's plan to restructure its regional offices and specifically oppose the elimination of Region 30 and the subsequent downgrading of the Region 30 Office to sub-regional status.

NATIONAL MEDIATION BOARD

The conference agreement provides \$11,722,000 for the National Mediation Board instead of \$11,635,000 as proposed by the House and the Senate.

The conferees are concerned regarding the National Mediation Board's (NMB) proposal to implement new fees for arbitration services in a Notice of Proposed Rulemaking published in the Federal Register on August 9, 2004. Prior to implementing these new fees, the conferees strongly urge the NMB to hold additional public hearings to examine any potential negative impact of the proposed fees. The conferees request that the National Mediation Board be prepared to discuss this matter during consideration of its fiscal year 2006 budget.

OCCUPATIONAL SAFETY AND HEALTH REVIEW COMMISSION

The conference agreement provides \$10,595,000 for the Occupational Safety and Health Review Commission instead of \$10,516,000 as proposed by the House and the Senate.

RAILROAD RETIREMENT BOARD

LIMITATION ON ADMINISTRATION

The conference agreement provides \$103,370,000 for the Railroad Retirement Board Limitation on Administration Expenses instead of \$102,202,000 as proposed by the House and \$102,600,000 as proposed by Senate.

RAILROAD RETIREMENT BOARD

OFFICE OF INSPECTOR GENERAL

The conference agreement includes a limitation on transfers from the railroad trust funds of \$7,254,000 for administrative expenses of the Office of Inspector General instead of \$6,561,000 as proposed by the House and \$7,200,000 as proposed by the Senate.

The conference agreement does not include language proposed by the Senate that allows the Office of the Inspector General to conduct audits, investigations, and reviews of the Medicare programs.

SOCIAL SECURITY ADMINISTRATION

SUPPLEMENTAL SECURITY INCOME PROGRAM

The conference agreement includes \$28,710,829,000 for the Supplemental Security Income Program instead of \$28,702,829,000 as proposed by the House and \$25,451,949,000 as proposed by the Senate. The conference agreement also includes an advance appropriation of \$10,930,000,000, as proposed by the House, for the first quarter of fiscal year 2006, to ensure uninterrupted benefit payments. The Senate proposed an advance appropriation of \$14,130,000,000. Also within the total, \$2,986,900,000 is included for the administrative costs of the program as proposed by the House. The Senate included \$2,928,020,000 for administrative costs.

Within the funds provided, the conference agreement includes \$8,000,000, as proposed by the Senate, for outreach efforts and assistance to homeless persons and other underserved populations. The House bill did not contain this funding.

The conference agreement does not include a provision proposed by the Senate that changes the date of an SSI benefit payment from fiscal year 2005 to 2006. The House did not include this provision.

LIMITATION ON ADMINISTRATIVE EXPENSES

The conference agreement includes \$8,798,296,000 for the limitation on administrative expenses rather than \$8,798,100,000 as proposed by the House and \$8,622,818,000 as proposed by the Senate. Included in the conference agreement is bill language to allow SSA to collect fees as authorized by the Social Security Protection Act for certification of non-attorney representatives of claimants.

OFFICE OF INSPECTOR GENERAL

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$91,107,000 for the office of inspector general as proposed by the House rather than \$92,000,000 as proposed by the Senate.

UNITED STATES INSTITUTE OF PEACE

The conference agreement does not include funding for the United States Institute of Peace in this title. The Senate bill proposed \$22,099,000 for this program while the House included funding for this program in the Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations bill. Funding for this program is provided in Division B.

TITLE V—GENERAL PROVISIONS

MADE IN AMERICA

The conference agreement deletes without prejudice a general provision as proposed by the Senate pertaining to the purchase of American-made products and equipment with funds made available in this Act. The House bill did not propose a similar provision.

WELDON AMENDMENT

The conference agreement includes language as proposed by the House in section 509 of H.R. 5006. The Senate bill contained no similar provision.

LIMITATION ON LIBRARIES

The conference agreement includes a limitation on the ability of a library to access library funding provided under this Act unless the library is in compliance with the Children's Internet Protections Act, as proposed by the House. The Senate bill contained no similar provision.

LIMITATION ON SCHOOLS

The conference agreement includes a limitation on the ability of an elementary or secondary school to access technology funding provided under this Act unless the school is in compliance with the Children's Internet Protections Act, as proposed by the House. The Senate bill contained no similar provision.

RRB LIMITATION

The conference agreement concurs with House language limiting the availability of funds to the Railroad Retirement Board to enter into an arrangement with a nongovernmental financial institution to serve as disbursing agent for benefits payable under the Railroad Retirement Act of 1974. The Senate bill proposed similar language.

LIMITATIONS ON THE USE OF FUNDS

The conference agreement modifies a general provision as proposed by the House pertaining to the reprogramming of funds. As per the requirement of this section, the conferees reiterate the instruction that the Departments and agencies funded through this Division make a written request to the House and Senate Committees on Appropriations at least 15 days prior to the reprogramming of funds in excess of \$500,000, or 10%, whichever is less.

PBGCLIMITATION

The conference agreement deletes without prejudice a general provision proposed by the House that none of the funds appropriated by this Act may be used by the Pension Benefit Guaranty Corporation to enforce section 4010(c) of the Employee Retirement Income Security Act. The Senate bill did not propose similar language.

FOREIGN CONFERENCES

The conference agreement does not include a general provision as proposed by the House pertaining to the attendance of HHS employees at foreign conferences. The Senate bill did not contain a similar provision. The conferees are pleased that in the current constrained fiscal environment, the Secretary of HHS has taken steps to monitor and limit travel by HHS agency employees to international conferences. The Secretary should, however, ensure

that all necessary U.S. scientists are permitted to attend important international scientific meetings to present their research findings and to learn about research being conducted in other countries.

NIMH GRANTS

The conference agreement does not include a general provision as proposed by the House regarding NIMH grants. The Senate bill did not contain a similar provision. The conferees reiterate their support of the two-tiered peer review process used by NIH to judge research grant applications and continue to expect NIH to ensure that its funds are allocated to research that is both scientifically meritorious and has high potential public health impact.

OVERTIME REGULATIONS

The conference agreement deletes without prejudice language proposed by the House and Senate stating that none of the funds provided may be used to implement or administer any changes to regulations regarding overtime compensation in effect on July 14, 2004.

HIGHER EDUCATION SPECIAL ALLOWANCE FOR 9.5% LOANS

The conference agreement does not include a provision that prohibits the use of funds for the Secretary to administer or pay any special allowance under sections of the Higher Education Act of 1965 pursuant to provisions of the regulations of the Department of Education. The Senate bill contains no similar provision.

IMMIGRATION LIMITATION

The conference agreement does not include a provision that prohibits the use of funds by the Department of Education in contravention of sections of the Illegal Immigration Reform and Responsibility Act of 1996. The Senate bill contains no similar provision.

NATIVE HAWAIIAN GOVERNING ENTITY RECOGNITION

The conference agreement does not include a provision, proposed by the Senate, recognizing the Native Hawaiian governing entity as the representative governing body of the Native Hawaiian people. The House did not propose a similar provision.

NORTHERN LIGHTS BOULEVARD PROPERTY

The conference agreement includes a provision conveying the property at 1818 W. Northern Lights Boulevard in Anchorage, Alaska from the U.S. Government to the Southcentral Foundation for a replacement Head Start facility. The House bill contains no similar provision.

ACROSS-THE-BOARD SALARIES AND EXPENSES REDUCTION

The conference agreement includes a new provision to reduce salaries and expenses of the Departments of Labor, Health and Human Services, and Education by \$18,000,000.

1273

CONFERENCE AGREEMENT

CONFERENCE TOTAL—WITH COMPARISONS

The total new budget (obligational) authority for the fiscal year 2005 recommended by the Committee of Conference, with comparisons to the fiscal year 2004 amount, the 2005 budget estimates, and the House and Senate bills for 2005 follow:

[In thousands of dollars]	
New budget (obligational) authority, fiscal year 2004	\$479,817,978
Budget estimates of new (obligational) authority, fiscal year 2005	496,434,577
House bill, fiscal year 2005	496,665,511
Senate bill, fiscal year 2005	499,489,511
Conference agreement, fiscal year 2005	497,552,511
Conference agreement compared with:	
New budget (obligational) authority, fiscal year 2004	+17,734,533
Budget estimates of new (obligational) authority, fiscal year 2005	+1,117,934
House bill, fiscal year 2005	+887,000
Senate bill, fiscal year 2005	-1,937,000

DIVISION G—LEGISLATIVE BRANCH APPROPRIATIONS ACT,
2005

LEGISLATIVE BRANCH WIDE MATTERS

The conferees recognize the provisions of H.R. 4755 and the accompanying House Report 108–577, and S. 2666 and the accompanying Senate Report 108–307, and any instructions and detail included in such reports are to be adhered to, unless amended or restated herein.

Many items in both House and Senate Legislative Branch Appropriations bills are identical and are included in the conference agreement without change. The conferees have endorsed statements of policy contained in the House and Senate reports accompanying the appropriations bills, unless amended or restated herein. With respect to those items in the conference agreement that differ between House and Senate bills, the conferees have agreed to the following with the appropriate section numbers, punctuation, and other technical corrections.

The conferees are very concerned with the responsiveness and working relationships between the Committees and the Chief Financial Officers of the agencies of the Legislative Branch. In order for the Committees to review, analyze, evaluate, and provide the budgetary resources to the agencies of the Legislative Branch it is imperative that solid working relationships exist between the Committees and each CFO, and that they provide the highest level of timeliness, accuracy, and confidentiality. The conferees believe that in order for the budgetary cycle to accomplish the appropriate outcome the collaborative arrangements are essential, however, emphasize to the heads of the agencies, that the Committees will proceed with the budgetary process with or without these cooperative and confidential relationships.

It has also come to the attention of the conferees that agencies of the Legislative Branch are using varying assumptions and operating processes at times when the Government is operating under a continuing resolution. The conferees direct the members of Legislative Branch Financial Managers Council to work together to assure that all agencies are operating within the rules, regulations,

and accounting procedures required by a continuing resolution and report its findings to the Committee on Appropriations of the House and Senate by January 31, 2005.

The conferees emphasize to the Legislative Branch agencies that the large budgetary increases requested in the fiscal year 2005 budget submissions cannot be sustained. The conferees encourage the agencies to submit more reasonable budget requests for fiscal year 2006, and thereafter.

TITLE I

SENATE

Appropriates \$726,067,000 for Senate operations. Inasmuch as these items relate solely to the Senate, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the House, at the request of the managers on the part of the Senate, have receded to the amendments of the Senate.

HOUSE OF REPRESENTATIVES

Appropriates \$1,048,581,000 for House operations. Inasmuch as these items relate solely to the House, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the Senate, at the request of the managers on the part of the House, have receded to the amendments of the House.

JOINT ITEMS

JOINT ECONOMIC COMMITTEE

Appropriates \$4,139,000 as proposed by the House and the Senate.

JOINT COMMITTEE ON TAXATION

Appropriates \$8,433,000 as proposed by the House instead of \$8,476,000 as proposed by the Senate.

OFFICE OF THE ATTENDING PHYSICIAN

Appropriates \$2,528,000 as proposed by the House and the Senate.

CAPITOL GUIDE SERVICE AND SPECIAL SERVICES OFFICE

Appropriates \$3,844,000 for the Capitol Guide Service and Special Services Office as proposed by the House and the Senate.

STATEMENTS OF APPROPRIATIONS

Appropriates \$30,000 as proposed by the House and the Senate.

CAPITOL POLICE

The conferees are very concerned that the Chief of the Capitol Police has made operational decisions, which necessitated levels of spending in excess of funds appropriated, without consultation with the Committees. The conferees direct that the Chief abide by the Antideficiency Act and that the Department will operate within its appropriations for the fiscal year. The Chief of Police should not expect supplemental funding if he exceeds the appropriation. In the future, all permanent security improvements are to be funded within existing appropriations not the Emergency Response Fund. If a long-term security need exists, the conferees expect the Chief to propose funding solutions, and await approval from the Capitol Police Board and the appropriate committees of Congress for a permanent solution.

The conferees direct that the Chief of Police make every effort to keep the Committees informed of all issues impacting appropriations in a more timely manner. The Chief of Police is directed to report quarterly, by approved line item, on obligations to date compared to the original budgeted items, beginning with the first quarter of fiscal year 2005, ending December 31, 2004.

SALARIES

Appropriates \$203,440,000 for salaries of officers, members, and employees of the Capitol Police as proposed by the House instead of \$198,000,000 as proposed by the Senate.

The fiscal year 2002 conference report (H. Rpt. 107-259) accompanying the Legislative Branch Appropriations bill outlined reprogramming guidelines for the Legislative Branch. The conferees are very concerned that the Capitol Police have not followed the prescribed guidelines outlined in the fiscal year 2002 conference report. The conferees direct the Government Accountability Office to audit the budgetary execution of the Capitol Police, beginning with fiscal year 2002, to determine if the established reprogramming guidelines are being followed. The GAO is to report its findings to the Committees on Appropriations of the House and Senate within 90 days of enactment of this Act. The conferees further direct that the GAO continue to monitor the Capitol Police budget, in terms of reprogramming actions, and report all reprogramming actions in its regular semi-annual reports regarding the Capitol Police administrative operations.

The conferees are concerned with the broad interpretation by the Capitol Police regarding the obligation and expenditure of funds under the auspice of a declared emergency situation. The conferees direct the Government Accountability Office to review the policies, procedures, notification criteria, and approval processes of the Capitol Police to obtain the appropriate approvals by the Capitol Police Board and the Committees on Appropriations when funding is required during an emergency situation. The GAO is directed to report its findings to the Committee on Appropriations of the House and Senate no later than January 31, 2005.

The USCP has recently presented to the Committees on Appropriations another new plan for reorganizing the Department. The conferees acknowledge that changes to the USCP organization will

be necessary to effectively address strategic objectives, performance measures, recommendations made by the Government Accountability Office, and changing conditions reflected in regular updates of the threat assessment. However, organizational changes proposed by the USCP, to date, fail to link specifically desired outcomes to a clearly defined set of strategic objectives emanating from an approved strategic plan. Reorganization proposals do not adequately reflect recommendations made by the Government Accountability Office to establish a clear link between organization structure, strategic objectives, and staffing requirements. Therefore, the conferees do not approve any changes in organizational structure at this time. The department has experienced a considerable amount of growth over the past few years in both mission and resources. The conferees believe that it is important for the USCP to develop a reorganization plan that is clear, transparent, and supports the efficient and effective use of current and requested resources. The plan should clearly demonstrate how the proposed organizational realignment is tied to the strategic objectives in an approved strategic plan which is founded on the following criteria: results of an up-to-date threat assessment; well-defined policies; and new or reformed practices designed to transform and modernize the force in response to post-9/11 security requirements. The conferees believe that an independent review of a proposed USCP reorganization plan, including the application of best practices, where applicable, would be helpful in this regard and directs the Government Accountability Office to undertake such a review. The GAO will report its findings and make recommendations that will assist the Chief and the Capitol Police Board in the development of a reorganization plan. The GAO should report the results of its review to the Committees and the Capitol Police Board by February 28, 2005.

The conferees direct that 10 additional civilian administrative FTEs be allocated within existing "Salaries" resources as follows: three accountants for FMS start-up and operations, a budget analyst for budget execution, a manpower analyst, a facilities administrator, a vehicle maintenance administrator, an assets manager, and two human resources specialists. In addition, the conferees direct that from within existing "General Expenses" resources, the Capitol Police contract for the staffing resources to cover the requirements for wireless technicians, currently estimated at four FTEs, and for radio installation repair technicians and security control operators, currently estimated at 11 FTEs. The conferees believe that these positions will permit the USCP to properly address growing issues with financial management, human resources management, workforce planning and budget, as well as technical requirements. The conferees expect that a portion of these resources will be used by the USCP to assist in the analysis and evaluation of mission requirements as related to organization structure and overall staffing needs. The conferees also expect that prior to any future requests for additional FTEs, the Capitol Police Board will present to the Committees a workforce plan that clearly communicates the relationship between a revised organizational structure and an approved strategic plan that is based on the following criteria: an up-to-date threat assessment; security policies and procedures approved by the Capitol Police Board; best prac-

tices that are consistent with similar institutions; and human resources policies and practices designed to maximize the effective and efficient use of FTEs.

The conferees further direct that the Capitol Police review all existing operations and general expenses to determine if any outsourcing opportunities exist and report those findings to the Committee on Appropriations of the House and Senate by March 1, 2005.

The conferees are concerned over the inflated estimates for the "Salaries" appropriations submitted by the Chief of Police. This situation has resulted in excess unobligated balances of \$19.6 million, or 11.2% in fiscal year 2003 and \$11.2 million, or 5.7% in fiscal year 2004. This practice is inexcusable, especially in consideration of the budget restraints under which the Congress is operating.

GENERAL EXPENSES

Appropriates \$28,888,000 for general expenses of the Capitol Police, instead of \$28,925,000, as proposed by the Senate.

As directed in the fiscal year 2005 House Report (108-577), the Chief of Police is to report on the economics of continuing the use of the Capitol Police command vehicle due to the requested maintenance cost of \$200,000 for 2005. The conferees are concerned that, since November 2003, the USCP have been aware of major mechanical structural problems with the vehicle and did not inform the Committees. The study, which was to be submitted to the Committees on September 1, 2004, was not received until November 5, 2004. It was then reported that the command vehicle is "mechanically and structurally unsound for service," and had been removed from service on November 1, 2004. The conferees note that \$1.6 million was invested in the command vehicle and direct that no further funding be obligated or expended for this vehicle until all options are explored on its continued use and reported to the Committee on Appropriations of the House and Senate by February 1, 2005.

The conferees direct the Government Accountability Office to conduct a study of the equestrian unit of the USCP. The study is to examine the effectiveness, efficiency, cost benefits, risk analysis, and overall operations of the unit. The study is to be provided to the Committee on Appropriations of the House and Senate by March 15, 2005.

The conferees direct that the Chief of Police provide the Committee on Appropriations of the House and Senate a quarterly report of all travel of the command staff of the Capitol Police. This report should provide the names of the travelers, the dates and purpose of the travel, and all costs including any training or registration fees associated with the travel. These reports should begin with the first quarter ending December 31, 2004.

The conferees urge the Capitol Police to deploy wherever appropriate first applied sorbent treatment for use by the Hazardous Materials Response Team in chemical decontamination efforts.

ADMINISTRATIVE PROVISIONS
(INCLUDING TRANSFER OF FUNDS)

The conferees have included an administrative provision allowing for the transfer of funds upon the approval of the Committee on Appropriations of the House and Senate.

In addition, the conferees have included an administrative provision relating to hiring authority of the Capitol Police. The conferees also included authorization for the Capitol Police to carry a specifically authorized weapon during periods when the officer or member is not on duty that is different from the weapon furnished by the Department. The conferees have provided authority for setting pay with the Capitol Police Board or the Chief of the Capitol Police. The conferees have provided authority for the acceptance of donations of animals for the canine unit. The conferees have also provided authority to the Chief of the Capitol Police to settle Federal tort claims, in accordance with Title 31 of the United States Code, with reporting requirements to the Committee on House Administration and the Senate Committee on Rules and Administration. The conferees have included a provision related to the protection of information that is sensitive to the policing, protection, physical security, counter terrorism, emergency response, and preparedness of the Congress and the Capitol buildings and grounds. Language has also been included regarding the General Counsel that is not intended to effect changes to the current organizational structure. The conferees have also included a provision relating to deployment of the Capitol Police outside of their jurisdiction.

OFFICE OF COMPLIANCE
SALARIES AND EXPENSES

Appropriates \$2,421,000 as proposed by the House and the Senate. The conferees have agreed to strike the student loan repayment provision. The conferees remind the Office of Compliance that funding provided for cost-of-living increases is not to be used for any other purpose without the prior approval of the House and Senate Committees on Appropriations.

CONGRESSIONAL BUDGET OFFICE
SALARIES AND EXPENSES

Appropriates \$34,919,000 instead of \$34,790,000 as proposed by the House and Senate. The additional amount of \$129,000 is provided to cover the increased agency cost for the Federal Employee Retirement System (FERS).

ARCHITECT OF THE CAPITOL
GENERAL ADMINISTRATION

Appropriates \$80,347,000, to the Architect of the Capitol for general administration, instead of \$79,581,000 as proposed by the House and \$74,063,000 as proposed by the Senate. Of the amount appropriated, \$2,220,000 shall remain available until September

30, 2009, instead of \$1,500,000 as proposed by the House and \$720,000 as proposed by the Senate.

The conferees are concerned that little has been accomplished through the new Chief Operating Officer (COO) function, which the Congress created in fiscal year 2003. This function was intended to improve management, streamline day-to-day Architect of the Capitol (AOC) operations, and effectuate team building.

Specifically, Public Law 108-7 required that the COO prepare an action plan describing “the policies, procedures, and actions” to be implemented “and timeframes for carrying out the responsibilities under this section”. The conferees note that the action plan submitted to Congress by the COO did not adequately describe how the COO would carry out the assigned responsibilities detailed in the legislation. Because the submitted action plan is outlined at such a general level, it fails to convey how the listed items link together to move the agency forward and address the Agency’s long-standing and well known weaknesses, the reason the COO position was created. In addition, the plan lacks details of the steps necessary for completing the listed items, nor does it explain how individual items will be measured in order to monitor AOC’s performance. Further, the plan does not specify how the items listed in the action plan relate to and link with the AOC’s strategic plan, released on December 15, 2003, even though the legislation required that the action plan be “developed concurrently and consistent with the development of a strategic plan.”

In addition, the action plan was to be submitted not later than 90 days after the appointment of the Chief Operating Officer on July 28, 2003, but the plan was not received until December 22, 2003, almost 2 months late and with no evidence of having benefited from additional work over that period. The conferees note that the action plan was delivered without briefing or discussion, which could have provided the relevant Committees with better understanding regarding the details of the implementation of the plan.

Based on ongoing monitoring efforts conducted by the Government Accountability Office (GAO), it appears that there have been no substantive improvements made to overall AOC operations by the new COO. In fact, the conferees are concerned that efforts by the COO to direct changes without the context of strategic objectives and a transparent, well-organized change management process are having a negative impact on morale, productivity, and effectiveness of the AOC as an institution. It is apparent that the COO has not seriously addressed the intended results of this law and that he has either misunderstood or intentionally ignored the purpose for which the position was created. Therefore, the conferees have eliminated funding of \$171,000 for the salary and benefit costs of the incumbent of the Chief Operating Officer position. The conferees further direct that Architect of the Capitol enters into a contract with an executive employment search organization to perform a nation-wide recruitment for a new Chief Operating Officer. The conferees further direct that a panel comprised of the Comptroller General of the United States, the Public Printer of the United States, the Chief Administrative Officer of the House of Representatives, a designee from the Senate Sergeant at Arms, and a designee from the office of the Architect of the Capitol review the

applications, interview the top applicants, and forward a recommendation, including not less than three applicants, to the Architect of the Capitol for his review and final selection within 180 days of enactment of this Act.

The conferees have agreed to defer the transfer of FTEs and associated costs as proposed by the Senate until an organizational structure is approved for the Office of the Architect of the Capitol.

The conferees are concerned that the AOC has ignored previous directives to improve the quality of the FTE data analysis submitted in the annual budget, particularly related to ongoing and new projects, and therefore, direct that these very important FTE projection and tracking issues be readdressed by the Architect. The conferees found the previous recommendations by the AOC to remedy the FTE analysis difficulties to be questionable, including the AOC proposals to completely remove the FTE caps, or to increase the caps to significantly higher levels without justification. It is understood that the FTE situation in the AOC is complex due to the multi-faceted responsibilities of the Architect, including ongoing operations, annual and multi-year projects; a variety of funding sources; and the various types of positions that are required to accomplish these responsibilities. However, it is due to these varying and complex factors that more systemic processes and greater controls are required for FTE estimates, projections and tracking. The AOC needs to provide comprehensive, meaningful, realistic, and transparent FTE data.

The conferees have agreed to defer the establishment of a separate FTE cap for the Construction Management Division (CMD), as proposed by the House. The AOC has been provided relief from the FTE caps for project work for the past two years. The conferees agree that a less cumbersome, yet accurate, approach for managing FTE data is required. Therefore, the conferees direct the Architect of the Capitol and the Government Accountability Office to work together to prepare a report with recommendations that will address and improve the AOC's ability to estimate, track, and report on all FTEs. The report is to include recommendations for improvements that address FTE data by appropriation and organizational levels, including permanent and temporary FTEs required for each of the following categories: all jurisdiction operations, including those in general administration; ongoing and new projects performed by the superintendents; and ongoing and new projects performed by the CMD. The recommendations will take into account that data should be derived from a zero-base for all temporary employees, including non-project and support temporary positions as well as temporary project positions for both superintendent jurisdictions and CMD projects.

Further, the report will address future personnel requirements by contracting out functions to free up FTEs for functions that are inherently governmental. The conferees further direct that the caps established in FY 2004 will continue in FY 2005. The report with recommendations is to be delivered to the Committees on Appropriations of the House and Senate not later than 120 days after the enactment of this Act.

The conferees note that there have been complaints regarding the responsiveness of the Architect of the Capitol to the needs of

clients. The conferees remind the Architect that the organization must reflect a posture that is timely, professional, and responsive.

Included in the operating budget is an additional \$277,000 to cover anticipated increased agency contributions to the Federal Employees Retirement System for employees paid through the General Administration appropriation.

With respect to operations and projects the House and Senate conferees have agreed to the following:

Operating Budget	\$77,467,000
Project Budget:	
1. Emergency Defibrillators	660,000
2. Study, Design, and Condition Assessment	720,000
Legislative Call System	(120,000)
Telecommunications infrastructure	(350,000)
ACF Emergency Vehicle Storage Facility	(250,000)
3. CATV System Upgrade Design	1,500,000
	<hr/>
Total, General Administration	80,347,000

CAPITOL BUILDING

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$28,857,000, to the Architect of the Capitol for maintenance, care, and operation of the Capitol building, instead of \$18,185,000 as proposed by the House and \$24,784,000 as proposed by the Senate. Of the amount appropriated, \$14,500,000 shall remain available until expended, instead of \$4,000,000 as proposed by the House and \$8,770,000 as proposed by the Senate to remain available until September 30, 2009.

Included in the operating budget is an additional \$72,000 to cover anticipated increased agency contributions to the Federal Employees Retirement System for employees paid through the Capitol Building appropriation.

The conferees have agreed to include authority for the transfer of up to \$10,600,000 to the Capitol Visitor Center project. The conferees are distressed with the Architect's ongoing inability to provide the Committees with accurate cost estimates and delivery schedules on this very important and high profile project. Since the commencement of the project, the Committees have made every effort to work with the Architect and staff through these issues, and yet, continue to receive notifications of schedule delays, unforeseen requirements, and escalating costs of the Capitol Visitor Center.

With respect to operations and projects the House and Senate conferees have agreed to the following:

Operating Budget	\$14,814,000
Project Budget:	
1. Replacement of Minton Tile	473,000
2. Computer, Telecom, and Electrical Support	300,000
3. Restore Shutters & Upgrade Window Lighting	400,000
4. CVC Facility Maintenance	6,000,000
5. Install Emergency Exit Signs & Lighting	1,000,000
6. CVC Start-up Operations	3,270,000
7. Minor Construction	2,500,000
8. Study, Design, and Condition Assessment:	
Subway Terminal Water Infiltration	100,000
	<hr/>
Total, Capitol Building	28,857,000

CAPITOL GROUNDS

Appropriates \$6,974,000, to the Architect of the Capitol for the care and improvements of the grounds surrounding the Capitol, House and Senate office buildings, and the Capitol Power Plant, instead of \$7,033,000, of which \$527,000 shall remain available until September 30, 2009, as proposed by the House and \$6,940,000, as proposed by the Senate.

Included in the operating budget is an additional \$34,000 to cover anticipated increased agency contributions to the Federal Employees Retirement System for employees paid through the Capitol Grounds appropriation.

With respect to operations and projects the House and Senate conferees have agreed to the following:

Operating Budget	\$6,509,000
Project Budget:	
1. Restore Decorative Vases & Lights, W. Terrace	78,000
2. Inaugural Support	10,000
3. Renovate Former D.C. Street Lights	177,000
4. Study, Design, and Condition Assessment: Restoration of the Summerhouse	100,000
5. Wayfinding and ADA Compliant Signage	100,000
	<hr/>
Total, Capitol Grounds	6,974,000

SENATE OFFICE BUILDINGS

Appropriates \$62,083,000, of which \$9,070,000 shall remain available until September 30, 2009, to the Architect of the Capitol for the maintenance, care, and operation of the Senate office buildings. Inasmuch as this item relates solely to the Senate, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the House, at the request of the managers on the part of the Senate, have receded to the Senate.

Included in the operating budget is an additional \$219,000 to cover anticipated increased agency contributions to the Federal Employees Retirement System for employees paid through the Senate Office Buildings appropriation.

Operating Budget	\$52,112,000
Project Budget:	
1. Refinish Historic Woodwork	285,000
2. Repair Marble Floors & Clean Architectural Surfaces	510,000
3. Roof Maintenance	300,000
4. Seal Fire Wall Penetrations, HSOB, DSOB	300,000
5. Ramp Repair, HSOB Garage	200,000
6. Replace Suite Counters, Sinks & Faucets, HSOB	100,000
7. General Painting	150,000
8. Workman Vehicle	25,000
9. Man-Lift (Masonry Shop)	19,000
10. General Purpose Utility Vehicle	12,000
11. Replace Modular Furniture, HSOB	3,700,000
12. Renovate Restrooms, ADA, HOB	1,300,000
13. Study, Design, and Condition Assessment	2,350,000
Study/Design, Existing Fire Alarm System Upgrade	(750,000)
Design, Replace Roof and Skylights, HOB	(600,000)
Design, Renovate North Server	(300,000)
Study, Reclaim Parking under Senate Office Buildings and Space Utilization	(250,000)

Study, Waterproofing/Code Compliant Upgrades, Old Senate Tunnel	(100,000)
Design, Fire Alarm System ADA Upgrade, DSOB	(75,000)
Assessment, Penetrations of Fire Resistant Rated Walls, RSOB	(70,000)
Design, Sprinkler Protection for Legislative Garage	(65,000)
Design, Renovation of South Buffet	(50,000)
Assessment and Design, Taft Memorial	(50,000)
Design, Pre-action Sprinkler System, Russell Library	(40,000)
14. HVAC: Elevator Machine Room Modernization	420,000
15. Furniture, Special Allowance	300,000
Total, Senate Office Buildings	62,083,000

HOUSE OFFICE BUILDINGS

Appropriates \$65,353,000, of which \$27,103,000 shall remain available until September 30, 2009, to the Architect of the Capitol for the maintenance, care, and operation of the House office buildings. Inasmuch as this item relates solely to the House, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the Senate, at the request of the managers on the part of the House, have receded to the House.

Included in the operating budget is an additional \$223,000 to cover anticipated increased agency contributions to the Federal Employees Retirement System for employees paid through the House Office Buildings appropriation.

The conferees direct the Architect of the Capitol to administer fire code regulations in the House office buildings under the same protocols used for administration of fire codes in the Capitol building.

Operating Budget	\$37,900,000
Project Budget:	
1. Egress Door Improvements	200,000
2. Replace Chilled Water Coils, FHOB	150,000
3. Minor Construction	5,000,000
4. Study, Design, and Condition Assessment	1,955,000
Design, RHOB Egress	(500,000)
Design, FHOB Egress	(80,000)
Study, Upgrade Room 1100, RHOB	(400,000)
Design, Repairs to Garage Floor, RHOB	(975,000)
5. CAO Project Support	4,894,000
6. Replace Windows, FHOB	4,900,000
7. Exterior Waterproofing, Underground Garages	2,954,000
8. Extend Sprinkler Systems	3,300,000
9. Fire Alarm System Upgrade, HOB (Less RHOB)	1,100,000
10. Staff Fitness Facility	3,000,000
Total, House Office Buildings	65,353,000

CAPITOL POWER PLANT

In addition to \$4,400,000 made available from receipts credited as reimbursements to this appropriation, appropriates \$56,834,000, to the Architect of the Capitol for maintenance, care, and operation of the Capitol Power Plant, instead of \$56,139,000 as proposed by the House and \$60,928,000 as proposed by the Senate. Of the amount appropriated, \$1,000,000 shall remain available until September 30, 2009, instead of \$630,000 as proposed by the House and \$2,190,000 as proposed by the Senate.

Included in the operating budget is an additional \$63,000 to cover anticipated increased agency contributions to the Federal Employees Retirement System for employees paid through the Capitol Power Plant appropriation.

With respect to operations and projects the House and Senate conferees have agreed to the following:

Operating Budget (net)	\$53,015,000
Project Budget:	
1. Implement Shoring and Repairs to Tunnels	100,000
2. Replace Expansion Joints	1,342,000
3. Retube Condensers, West Refrigeration Plant.	866,000
4. Study, Design, and Condition Assessment	1,000,000
Design, In-Plant Power Generation	(750,000)
Design, Upgrade Environmental Control Equipment	(250,000)
5. Remove Tar Paper/Reinsulate Violet Tunnel	261,000
6. Repair/Maintenance Chiller Motors 6A & 5	250,000
	<hr/>
Total, Capitol Power Plant (net)	56,834,000

LIBRARY BUILDINGS AND GROUNDS

Appropriates \$40,097,000, to the Architect of the Capitol for structural and mechanical care of the Library buildings and grounds instead of \$34,783,000 as proposed by the House and \$65,145,000 as proposed by the Senate. Of the amount appropriated, \$21,506,000 shall remain available until September 30, 2009 instead of \$18,110,000 as proposed by the House and \$47,114,000 as proposed by the Senate.

Included in the operating budget is an additional \$78,000 to cover anticipated increased agency contributions to the Federal Employees Retirement System for employees paid through the Library Buildings and Grounds appropriation.

With respect to operations and projects the House and Senate conferees have agreed to the following:

Operating Budget	\$17,516,000
Project Budget:	
1. Repair Life Safety Deficiencies	400,000
2. Replace Partitions Supports, JMMB	250,000
3. Painting, TJB Arches and Ft. Meade Module 1	245,000
4. Replace Sidewalks, JAB & TJB	100,000
5. Preservation Environmental Monitoring	80,000
6. Minor Construction	1,300,000
7. Collections Security	860,000
8. Sprinkler System Upgrades, TJB	6,754,000
9. Smoke Detector Upgrades, TJB	3,850,000
10. ADA Bathroom Renovations, JAB	3,700,000
11. Sprinkler System Upgrades, JAB	2,400,000
12. Study, Design, and Condition Assessment, Infrastructure Maintenance	842,000
Design, Replace Rain Leaders	300,000
Design, Repair/Replace Copper Roof	(215,000)
Design, Roof Repairs, TJB	(200,000)
Study, Coil Deterioration, TJB & JAB	(75,000)
Design, Conservation of Murals	(52,000)
13. Design, LOC Egress Improvements	1,800,000
	<hr/>
Total, Library Buildings and Grounds	40,097,000

CAPITOL POLICE BUILDINGS AND GROUNDS

Appropriates \$5,853,000, to the Architect of the Capitol for the maintenance, care, and operation of buildings and grounds of the

Capitol Police instead of \$4,883,000 as proposed by the House and \$7,090,000 as proposed by the Senate. Of the amount appropriated, \$500,000 shall remain available until September 30, 2009, instead of no multi-year funding as proposed by the House and \$1,500,000 as proposed by the Senate.

Included in the operating budget is an additional \$3,000 to cover anticipated increased agency contributions to the Federal Employees Retirement System for employees paid through the Capitol Police Buildings and Grounds appropriation.

With respect to operations and projects the House and Senate conferees have agreed to the following:

Operating Budget	\$4,853,000
Project Budget:	
1. USCP Furniture Replacement	500,000
2. Study, Design, and Condition Assessment	500,000
Annual Update to USCP Facilities Master Plan	(100,000)
Study, Replacement of 67 K Street Facility	(200,000)
Two Decontamination Support Stations	(200,000)
	<hr/>
Total, Capitol Police Buildings and Grounds	5,853,000

BOTANIC GARDEN

Appropriates \$6,326,000, to the Architect of the Capitol for the Botanic Garden, instead of \$5,932,000 as proposed by the House and \$6,294,000 as proposed by the Senate. The increase includes \$62,000 for one new FTE.

Included in the operating budget is an additional \$32,000 to cover anticipated increased agency contributions to the Federal Employees Retirement System for employees paid through the Botanic Garden appropriation.

With respect to operations and projects the conferees have agreed to the following:

Operating Budget	\$5,783,000
Project Budget:	
1. D.C. Village Facility, Roof Replacement	243,000
2. Partnership Support	300,000
	<hr/>
Total, Botanic Garden	6,326,000

ADMINISTRATIVE PROVISION

The conference agreement includes an administrative provision that requires the Comptroller General to conduct a study to analyze the cost, cost effectiveness, benefits, and feasibility of the Architect of the Capitol entering into a contract with a private entity for the management and operation of the Capitol Power Plant.

LIBRARY OF CONGRESS

SALARIES AND EXPENSES

Provides \$384,671,000 for salaries and expenses, Library of Congress instead of \$373,225,000 as proposed by the House and \$379,648,000 as proposed by the Senate. Of this amount, \$6,350,000 is made available from receipts collected by the Library of Congress and shall remain available until expended; and \$12,481,000 shall remain available until expended for acquisition of books, periodicals, newspapers, and other library materials as pro-

posed by the House instead of \$11,981,000 as proposed by the Senate. The conferees have provided 2 FTEs and \$256,000 for the Office of the Inspector General to address information technology security audits. The conferees have agreed to a base reduction of 3 FTEs and \$300,000 in accordance with Public Law 106-57, Section 208.

The conferees expect the Librarian of Congress to work with the established educational consortium to draft future budgets for the Adventure of the American Mind program and to submit them to Congress. The conferees further direct that the Library of Congress and the educational consortium establish a program in Georgia to be funded within existing resources.

An amount of \$616,000 is included to cover anticipated increased agency contributions to the Federal Employees Retirement System.

With respect to program allowances the conferees have agreed to the following:

1. Adventures of the American Mind	\$2,250,000
2. Abraham Lincoln Bicentennial Commission	500,000
3. Middle Eastern Text Initiative	500,000
4. National Film Preservation Board and National Film Preservation Foundation	500,000
5. NAVCC—Culpeper Project	19,538,000
6. Department of State Capital Security Cost-Sharing Program.	1,200,000
7. Veterans History Project	1,035,000
8. Security Equipment Maintenance	930,000
9. Information Technology System Maintenance	1,000,000
10. Association for Diplomatic Studies and Training	100,000
11. Cooperative Preservation and Conservation Project	300,000

COPYRIGHT OFFICE

SALARIES AND EXPENSES

Provides \$53,611,000, including \$33,477,000 made available from receipts, for salaries and expenses, Copyright Office, instead of \$53,518,000 as proposed by the House and Senate. The \$93,000 increase provides for the increased cost of FERS.

The conferees are encouraged by the Copyright Office's recent efforts to reengineer its processes, creating an electronic Copyright Office where applications and copies of copyright works can be submitted, processed and stored in digital form. An electronic system will provide the public with better access to copyrights and better enable the protection of copyrights and other intellectual property. The conferees also recognize that for any electronic system to be complete and useful to the public, it must also include all previous copyright records not currently in electronic form. The conferees are pleased that the office has initiated a study which will assess the costs and feasibility, as well as technical approaches, of converting its historical records so that there will be electronic access to all records from 1790 to the present. The conferees understand that there will be costs associated with such an effort, and will be interested to hear the office's proposal to begin to transition the historical records into electronic and searchable format.

CONGRESSIONAL RESEARCH SERVICE

SALARIES AND EXPENSES

Appropriates \$96,893,000 for salaries and expenses, Congressional Research Service, Library of Congress, instead of \$96,385,000 as proposed by the House and \$96,678,000 as proposed by the Senate. The increase over the House allowance provides \$293,000 for mandatory pay reallocations and \$215,000 for the increased cost of FERS.

BOOKS FOR THE BLIND AND PHYSICALLY HANDICAPPED

SALARIES AND EXPENSES

Appropriates \$54,412,000 for Books for the Blind and Physically Handicapped, salaries and expenses, instead of \$60,187,000 as proposed by the House and \$53,937,000 as proposed by the Senate. Of the appropriated amount, \$16,235,000 shall remain available until expended instead of \$22,210,000 as proposed by the House and \$15,960,000 as proposed by the Senate. The conference agreement provides \$275,000 above the amount requested for the Digital Talking Book Project. The conference agreement also provides \$200,000 to remain available until expended to defray telecommunications costs for the National Federation of the Blind "NEWSLINE" audio daily newspaper service. This funding will complete the project that was begun in fiscal year 2003.

ADMINISTRATIVE PROVISIONS

In addition to various technical corrections the conferees have agreed to a provision pertaining to the National Film Preservation Board and the National Film Preservation Foundation. The conferees have included an administrative provision that limits the amount of reimbursement to the Department of State for maintenance, upgrade, and construction.

GOVERNMENT PRINTING OFFICE

CONGRESSIONAL PRINTING AND BINDING

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$88,800,000 as proposed by the House and the Senate.

OFFICE OF THE SUPERINTENDENT OF DOCUMENTS

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$31,953,000 for Office of the Superintendent of Documents, salaries and expenses instead of \$32,524,000 proposed by the House and \$31,935,000 proposed by the Senate. The \$18,000 above the Senate allowance covers the increased cost of FERS. The conferees have agreed to a FTE cap of 2,621 as proposed by the Senate instead of 2,889 as proposed by the House.

The conferees support public access to materials in the Federal Depository Library Program's legacy and electronic collections and

authorize the Superintendent of Documents to move forward with this program within available FTEs and funding.

ADMINISTRATIVE PROVISION

The conferees have agreed to the administrative provision proposed by the House and Senate authorizing the Superintendent of Documents to discount sales copies of GPO publications below the current limitation.

GOVERNMENT ACCOUNTABILITY OFFICE

SALARIES AND EXPENSES

Provides \$478,392,000, of which \$7,419,000 is from offsetting collections, for salaries and expenses, Government Accountability Office instead of \$481,000,000 as proposed by the House and \$477,419,000 as proposed by the Senate. The increase of \$973,000 above the Senate allowance is to cover the increased cost of FERS.

The conferees have withdrawn the request made by the House for the Government Accountability Office to provide a report outlining the statutory responsibilities of the Congressional Budget Office, the Congressional Research Service, the Joint Economic Committee, and the Joint Committee on Taxation.

The conferees support the Senate report language (108–307) on technology assessments and mail screening technology.

ADMINISTRATIVE PROVISION

The conferees have agreed to an administrative provision proposed by the Senate which amends the Anti-Deficiency Act to require the heads of executive agencies and the Mayor of the District of Columbia to transmit to the Comptroller General copies of reports of violations of the Act at the same time violations are reported to the Congress.

PAYMENT TO THE OPEN WORLD LEADERSHIP CENTER TRUST FUND

Appropriates \$13,500,000 for a payment to the Open World Leadership Center Trust Fund, as proposed by the Senate instead of \$6,750,000 as proposed by the House.

ADMINISTRATIVE PROVISIONS

The conferees have agreed to a provision that expands the Open World Leadership countries upon submission of a plan to the Committees on Appropriations of the House and Senate; and to a provision that amends the language relating to the membership of the board.

TITLE II—GENERAL PROVISIONS

In Title II, General Provisions, section numbers have been changed to conform to the conference agreement and technical corrections have been made.

The conferees have included a provision that authorizes the Architect of the Capitol to maintain and improve landscape features of property located near the House office buildings.

The conferees have included a provision that prohibits funding in the Act, from being transferred except as provided in this Act.

The conferees have included a provision that agencies of the Legislative Branch shall not be required to use the eTravel Service established by the General Services Administration.

The conferees have included a provision that authorizes permanent separation incentive payments to employees of the Legislative Branch as was provided to all Executive branch agencies in the Homeland Security Act of 2002, Public Law 107-296.

The conferees have included a House provision that prohibits the use of funds to study, design, plan, or construct a fence around the Capitol Grounds.

The conferees have included the Senate provision that makes technical corrections to the Congressional Recognition for Excellence in Arts Education Act; and a provision that transfers property near the Japanese American Patriotism Memorial to the Architect of the Capitol.

The conferees have included a provision relating to the Abraham Lincoln Fellowship Program.

CONFERENCE TOTAL—WITH COMPARISONS

The total new budget (obligational) authority for the fiscal year 2005 recommended by the Committee of Conference, with comparisons to the fiscal year 2004 amount, the 2005 budget estimates, and the House and Senate bills for 2005 follows:

[In thousands of dollars]	
New budget (obligational authority, fiscal year 2004	\$3,527,460
Budget estimates of new (obligational) authority, fiscal year 2005	3,977,283
House bill, fiscal year 2005	2,750,522
Senate bill, fiscal year 2005	3,575,000
Conference agreement, fiscal year 2005	3,575,000
Conference agreement compared with:	
New budget (obligational) authority, fiscal year 2004	+47,540
Budget estimates of new (obligational) authority, Fiscal year 2005	-402,283
House bill, fiscal year 2005	+824,478
Senate bill, fiscal year 2005	—

DIVISION H—DEPARTMENTS OF TRANSPORTATION AND TREASURY, INDEPENDENT AGENCIES, AND GENERAL GOVERNMENT APPROPRIATIONS ACT, 2005

CONGRESSIONAL DIRECTIVES

The conferees agree that Executive Branch propensities cannot substitute for Congress' own statements concerning the best evidence of Congressional intentions; that is, the official reports of the Congress. The committee of conference approves report language included by the House (House Report 108-671) or the Senate (Senate Report 108-342) that is not changed by the conference. The statement of the managers, while repeating some report language for emphasis, is not intended to negate the language referred to above unless expressly provided herein.

BUDGET JUSTIFICATION MATERIAL AND CONGRESSIONAL
REPROGRAMMING PROCEDURES

The conferees agree to all language and directives included in the House and Senate reports concerning the need to improve the budget justification materials and Congressional reprogramming procedures for departments and agencies funded in this Act.

TITLE I—DEPARTMENT OF TRANSPORTATION

OFFICE OF THE SECRETARY

SALARIES AND EXPENSES

Appropriates \$87,234,000 for the salaries and expenses instead of \$89,000,000 as proposed by the House and \$86,000,000 as proposed by the Senate. As proposed by both the House and the Senate, bill language is included that specifies funding by office. The conference agreement is as follows:

Immediate office of the Secretary	\$2,220,000
Immediate office of the Deputy Secretary	705,000
Office of the General Counsel	15,395,000
Office of the Under Secretary for Transportation Policy	12,627,000
Office of the Assistant Secretary for Budget and Programs	8,573,000
Office of the Assistant Secretary for Governmental Affairs	2,316,000
Office of the Assistant Secretary for Administration	23,436,000
Office of Public Affairs	1,929,000
Office of the Executive Secretariat	1,456,000
Board of Contract Appeals	704,000
Office of Small and Disadvantaged Business Utilization	1,278,000
Office of the Chief Information Officer	11,392,000
Office of Intelligence and Security	2,053,000
Office of Emergency Transportation	3,150,000

Retains provisions proposed by both the House and the Senate limiting transfers among each office to no more than 5 percent and requiring notification and approval by the House and Senate Committees on Appropriations for any transfer greater than 5 percent. Bill language, as proposed by both the House and the Senate, is included which allows the Department to spend up to \$60,000 for official reception and representation expenses.

Retains language proposed by the House prohibiting funds from being used to fill the position of Assistant Secretary for Public Affairs.

Retains the House direction that the Assistant Secretary for Administration fund training and recruitment activities at a total of \$378,000, and FedBiz Ops electronic business practice activities at \$68,000. Retains the Senate direction to the Inspector General to review the budget justifications for the last three fiscal years and the mission of the Office of Assistant Secretary for Administration to determine if resources are commensurate with office responsibilities.

Retains the House direction to transfer the Office of Emergency Transportation to the Office of the Secretary. Of the amounts provided, \$100,000 is for improvements to the crisis management center and \$100,000 is for regional emergency response team training.

The conferees direct the Secretary to submit an operating plan for the entire Department as described in the House report within

60 days of enactment of this Act. Further, the Assistant Secretary for Budget and Programs shall submit a quarterly report on the status of all outstanding reports and reporting requirements as directed by the Senate.

The conferees direct the Department to include in the fiscal year 2006 budget justification materials detailed information in the same manner as that of the fiscal year 2003 justifications. In addition, the conferees direct the Chief Information Officer (CIO) to include in the fiscal year 2006 budget materials details of all funds that are utilized and managed by the CIO, regardless of funding source or mode. The conferees reiterate the need for better budget materials from the Department in general.

The conferees direct OST to conduct a study of declining intercity bus service, as proposed by the House under the Federal Transit Administration.

OFFICE OF CIVIL RIGHTS

Appropriates \$8,700,000 as proposed by both the House and the Senate.

COMPENSATION FOR AIR CARRIERS

(RESCISSION)

Rescinds \$235,000,000 from unobligated funds as proposed by the Senate. The House did not include a similar provision.

TRANSPORTATION PLANNING, RESEARCH AND DEVELOPMENT

Appropriates \$20,000,000 for transportation planning, research and development instead of \$10,800,000 as proposed by the House and \$15,000,000 as proposed by the Senate. Adjustments to the budget request are as follows:

Circumpolar Infrastructure Task Force of the Arctic Council and Northern Forum, AK	\$450,000
DOT privacy assessment	750,000
Inland waters freight mobility study, AL	750,000
SDSU instrument training capital initiative, SD	200,000
UI NIATT transportation infrastructure research and technology transfer, ID	300,000
Transportation, infrastructure, and logistics research	750,000
University of Nebraska—Kearney agricultural transportation pilot project, NE	500,000
Western Washington University Transportation and Border Research Institute, WA	1,000,000
Yellow Bend Port planning and development, AR	300,000
NIU Fuel Cell Research, IL	750,000
Gulf of Mexico Transportation Strategic Study	500,000
National Research Center for Rural Transportation, KS	500,000
Center for Coastal Engineering Research, AL	750,000
Interstate Digital Image Exchange	500,000
Great Lakes Maritime Research Institute, short seas shipping Route evaluation	750,000
University of Wisconsin, Superior—Transportation Logistics Research Center shipper and rail service study	250,000
I-91 Corridor Rail Implementation Plan Study	750,000
Hampton University Transportation Center	250,000

WORKING CAPITAL FUND

Limits working capital fund activities to \$151,054,000 as proposed by the Senate instead of \$125,000,000 as proposed by the House.

MINORITY BUSINESS RESOURCE CENTER PROGRAM

Appropriates \$900,000 for the administrative expenses of the minority business resource center program and limits loans made under the program to \$18,367,000 as proposed by both the House and the Senate.

MINORITY BUSINESS OUTREACH

Appropriates \$3,000,000 for minority business outreach as proposed by both the House and the Senate.

NEW HEADQUARTERS BUILDING

Appropriates \$68,000,000 for continued construction and build-out of the new headquarters building. Neither the House nor the Senate provided funds for this account.

PAYMENTS TO AIR CARRIERS

(AIRPORT AND AIRWAY TRUST FUND)

Appropriates \$52,000,000 for payments to air carriers to be derived from the trust fund as proposed by the Senate, instead of \$51,700,000 as proposed by the House. In addition to these funds, the program will receive \$50,000,000 in mandatory spending pursuant to the Federal Aviation Authorization Act of 1996, resulting in a program budget of \$102,000,000.

FEDERAL AVIATION ADMINISTRATION

OPERATIONS

The conference agreement includes \$7,775,000,000 for operations of the Federal Aviation Administration instead of \$7,726,000,000 as proposed by the House and \$7,784,000,000 as proposed by the Senate. Of the total amount provided, \$4,918,073,000 is to be derived from the airport and airway trust fund instead of \$4,972,000,000 as proposed by the House and \$4,959,503,000 proposed by the Senate. Funds are distributed in the bill by budget activity, as proposed by the Senate.

Contract tower cost-sharing.—The bill specifies \$7,000,000 for continuation of the contract tower cost-sharing program as proposed by the House and Senate.

Level of operational air traffic control supervisors.—The conference agreement includes language proposed by the House specifying that \$4,000,000 of funds under this heading are available only to raise the level of operational air traffic control supervisors to 1,846. The Senate bill included no similar provision.

Administration of government credit cards.—The agreement includes language proposed by the House related to FAA manage-

ment of government credit cards. The Senate bill included no similar provision.

The following table compares the conference agreement to the President's budget and the levels proposed in the House and Senate bills by budget activity:

FAA Operations
Fiscal Year 2005

	House Bill	Senate Bill	Conference agreement
Air Traffic Organization:	\$6,522,109,000	\$6,522,109,000	\$6,522,109,000
Contract tower base program	6,800,000	6,800,000	6,800,000

Amount recommended	-34,796,000	-32,733,000	-59,296,000
Total	7,726,000,000	7,784,000,000	7,775,000,000

Administration of potential shortfall due to essential air service transfer.—The conferees agree that the FAA Administrator has the flexibility to propose the use of funds in either the “Operations” or “Facilities and equipment” appropriations to address any shortfalls in essential air service funding for which FAA resources are required under existing law. The Administrator is directed to advise the House and Senate Committees on Appropriations on the appropriations and programs from which these funds would be drawn.

Air traffic controller training.—The conferees agree that the initial training of personnel hired with funds in this Act above the budget request is to be conducted at the FAA Academy to the maximum extent possible. However, conferees do not intend for this directive to negatively influence FAA’s acceptance into the controller workforce of individuals hired through the Collegiate Training Initiative program using funds from FAA’s base budget.

Study of ATC requirements, Chicago O’Hare, IL.—The conference agreement transfers \$5,000,000 from the “Facilities and equipment” account for airspace redesign studies and associated analyses at Chicago O’Hare International Airport. The budget had requested such funding under the air traffic control tower replacement program.

National airspace redesign.—Conferees agree to Senate language regarding the amount and use of funds for the national airspace redesign project in the New York/New Jersey metropolitan area. This results in an allocation of \$4,000,000 for this project. The conferees agree that no funds made available under this appropriation may be used to prepare the Environmental Impact Statement for the redesign of the New York/New Jersey/Philadelphia regional airspace, or to conduct any work as part of the review of the redesign project conducted under the National Environmental Policy Act and related laws, as long as the FAA fails to consider noise mitigation. Further, none of the funds made available for this purpose shall be reprogrammed by the FAA to other activities, including airspace redesign not directly related to New York, New Jersey, and Philadelphia airspace redesign.

Accounting system consolidation.—The conferees agree that FAA may proceed with its consolidation of accounting operations. However, the FAA should not consolidate operations of the Kansas City, Missouri office during fiscal year 2005.

Official time.—The conference agreement includes a reduction of \$7,000,000, as proposed by the House. The conferees direct the FAA Administrator and the Director of the Office of Personnel Management to submit a joint report to the House and Senate Committees on Appropriations, not later than April 1, 2005, explaining the specific short-term actions taken to reduce official time consumption, and the long-term plan to bring FAA’s policies and procedures into closer conformance to government-wide averages.

FACILITIES AND EQUIPMENT

(AIRPORT AND AIRWAY TRUST FUND)

The conference agreement includes \$2,540,000,000 instead of \$2,500,000,000 as proposed by both the House and the Senate. Of the total amount available, \$421,000,000 is available for one year,

and \$2,119,000,000 is available for three years. The appropriation of \$3,000,000 proposed by the House for Defense Contract Audit Agency audits is not included.

The following table provides a breakdown of the House and Senate bills and the conference agreement by program:

Facilities and Equipment
Fiscal Year 2005

	Total Activity 5	443,700,000	443,700,000	428,700,000	421,000,000
	Total	2,500,000,000	2,500,000,000	2,500,000,000	2,540,000,000

Advanced technology development and prototyping.—The conference agreement includes \$59,075,000 for advanced technology development and prototyping instead of \$42,400,000 as proposed by the House and \$56,575,000 as proposed by the Senate. The following table compares the conference agreement to the House and Senate bills by budget activity:

<i>Project</i>	<i>Conference agreement</i>
Runway incursion	\$9,100,000
Aviation system capacity improvement	4,000,000
Separation standards	2,500,000
GA/vertical flight technology	1,500,000
Operational concept validation	2,000,000
NAS requirements development	1,500,000
Domestic RVSM	2,200,000
Safer skies	3,400,000
Lithium technologies to mitigate ASR	1,000,000
Wind/weather research, Juneau, AK	4,900,000
Phased array radar technology	4,000,000
Airport research	10,100,000
Fogeye	1,000,000
NAS safety assessment	1,000,000
GPS anti-jam technology	3,000,000
Airborne automated flight alert system	3,000,000
Runway obstruction warning system	375,000
Airport cooperative research program	3,000,000
Data exchange project	1,500,000
Total	59,075,000

Airport research.—Of the funds provided, \$4,000,000 is for the airfield improvement program authorized under section 905 of Public Law 106–181.

Safe flight 21.—The conference agreement provides \$44,454,000, to be distributed as follows:

<i>Activity</i>	<i>Amount</i>
Project Capstone	\$36,000,000
(Weather cameras)	(7,000,000)
Ohio River Valley	4,004,000
Other activities	4,450,000

En route automation.—The conference agreement provides \$347,200,000 for en route automation. FAA is given the discretion to allocate the reduction of \$14,000,000 among projects within this program. The conferees agree that, in future budget submissions, FAA is to display funds for the en route automation modernization (ERAM) program in a separate budget line item, and to identify sub-elements of that program, with associated funding, in the budget justification documents.

Aviation weather services improvement.—The Senate recedes from its direction regarding this program. Funds for these activities are included under “Safe flight 21”.

Wide area augmentation system.—The conferees do not agree with Senate direction deferring funds for the additional geo-stationary satellite for the wide area augmentation system. The conference agreement fully funds this program.

New York integrated control complex.—The conferees reiterate support for continued analysis of a New York integrated control complex. Although no current funding is provided, conferees support further investigation of the New York consolidation and will

consider future Congressional funding based on the outcome of those studies.

Terminal air traffic control facilities replacement.—The conference agreement provides \$128,025,000 for this program. Funds shall be distributed as follows:

Location	Conference agreement
Cleveland, OH	\$5,000,000
Dayton, OH	975,000
Toledo, OH	975,000
Abilene, TX	1,260,000
Memphis, TN	10,200,000
Deer Valley, AZ	2,000,000
Manchester, NH	1,800,000
Addison Field, Dallas, TX	1,349,375
Reno, NV	3,000,000
Seattle, WA	1,300,000
Fort Wayne, IN	2,200,000
Port Columbus, OH	700,000
Billings, MT	3,000,000
Savannah, GA	700,000
Roanoke, VA	700,000
Merrimack, NH (Tracon)	834,000
Phoenix, AZ	1,334,800
Dulles International, Chantilly, VA	5,500,000
Newport News, VA	2,000,000
Portland, OR (Tracon)	1,000,000
Orlando, FL (Tracon)	2,010,625
Pensacola, FL (Tracon)	1,133,900
Huntsville, AL	11,000,000
Houston, TX (Tracon)	25,000,000
Jefferson County Airport, CO	1,000,000
McCarran International, NV	4,000,000
Montgomery County Airport, TX	1,000,000
North Bend Municipal, OR	2,000,000
Pago Pago, American Samoa	2,000,000
Opa Locka Airport, FL	1,000,000
Spokane International, WA	2,500,000
Boise International, ID	4,500,000
Kalamazoo/Battle Creek International, MI	1,250,000
Palm Beach International, FL	4,000,000
Albert Whitted Airport, FL	2,200,000
Joplin Regional Airport, MO	3,500,000
Kona, HI	2,000,000
Lihue, HI	2,000,000
Missoula, MT	2,000,000
Rogers, AR	700,000
Electronics equipment procurement	7,402,300
Total	128,025,000

Terminal automation.—The conferees direct FAA not to obligate the government contractually during fiscal year 2005 to actions which would involve replacement of common ARTS systems or ARTS color displays until the Inspector General reviews and validates the life cycle cost studies and other relevant analyses provided to FAA's Joint Resources Council to justify and rebaseline this possible phase of the terminal automation modernization program. This direction is the same as enacted for fiscal year 2004. During the current year, FAA made some decisions on this program, but deferred final decisions on this critical phase of the program, pending further analysis. The conferees believe that FAA urgently needs to make decisions on these systems, as they involve many of the agency's largest and busiest air traffic control facilities. Consistent with fiscal year 2004, the conference direction does not prohibit the agency from including such activities in contract options that the agency could exercise after full review and approval is received. The conferees remain neutral on the issue of STARS deployment, and await the FAA's detailed analyses and the Inspector General's review.

Detroit Metro Airport, MI.—Detroit Metro Airport was recently identified as a candidate airport where FAA should consider installation of the precision runway monitor (PRM) system to improve airport capacity in inclement weather conditions. Since then, FAA has begun to limit PRM deployment in favor of multilateration technology. Since the need for capacity improvements at Detroit Metro remains valid, and FAA is moving away from PRM deployments, the conferees encourage FAA to apply fiscal year 2005 funding to develop and implement the multilateration technology at this airport on an accelerated basis.

Approach lighting system improvement program.—The conference agreement provides \$24,360,000 for this program. Funds shall be distributed as follows:

1376

<i>Location</i>	<i>Item</i>	<i>Conference agreement</i>
Nationwide	ALSIP nationwide program	\$1,000,000
Herbert Small Airport, GA	Precision approach path indicators	300,000
Washington County Airport, PA	Design/install approach lighting system	1,000,000
Mena Intermountain Airport, AR	Install PAPI	360,000
Nationwide	MALSR nationwide program	3,000,000
Kingston Airport, NC	Install ALSF-2	2,500,000
Wilmington Airport, DE	Install MALSR	2,500,000
Gulfport-Biloxi Airport, MS	Install TDZ and CL lighting, runway 14-32	1,100,000
Alaska statewide rural airfield lighting program	Acquire and install airfield lighting	7,000,000
North Las Vegas and Henderson Executive Airports, NV	Runway end identification lights (REILs)	500,000
Monroe Regional Airport, LA	Airfield lighting	2,200,000
Mobile Regional Airport, AL	Acquire and install MIRL, runway 18/36	1,000,000
Adak Airport, AK	Upgrade instrument approach lighting	1,900,000
Total recommended		\$24,360,000

Instrument landing system establishments.—The conference agreement provides \$41,345,000 for this program. Funds shall be distributed as follows:

<i>Location</i>	<i>Item</i>	<i>Conference agreement</i>
Nationwide	Items in the budget estimate	\$2,500,000
Middleton Municipal Airport, WI	Purchase/install localizer and DME	400,000
Arlington Municipal Airport, TX	Install ILS and MALSR	2,500,000
San Diego International, CA	Upgrade ILS on runway 9	2,500,000
Eugene Airport, OR	install category I ILS with ALS, PAPI, & REILs	1,250,000
Clay County Regional Airport, MO	Install ILS and MALSR	950,000
Orlando Executive Airport, FL	Install ILS with MALSR	1,900,000
Tri-County Airport, Lone Rock, WI	Install localizer, approach lights, and DME	800,000
Swainsboro-Emanuel Airport, GA	Install localizer, glideslope, and MALSR	1,145,000
Sheboygan County Memorial, WI	Purchase/install ILS/localizer/DME/glideslope	1,000,000
Fond du Lac County Airport, WI	Purchase and install localizer and DME	400,000
Saline County Airport, AR	Purchase and install ILS	1,000,000
Nationwide	National ILS replacement program	4,500,000
Alliance, NE	Acquire and install ILS	1,000,000
Andalusia-Opp Airport, AL	Acquire and install ILS with MALSR	1,625,000
Carbon County, UT	Acquire and install ILS	2,000,000
Colorado Springs, CO	Acquire and install ILS	2,000,000
Herbert Smart Downtown Regional, GA	Acquire and install ILS	2,000,000
Kirkville Regional, MO	Acquire and install ILS	975,000
John F. Kennedy International, NY	Installation of MALSR	1,300,000
O'Hare International, IL	CAT II/III ILS installation	2,000,000
St. Louis Lambert International, MO	CAT III ILS for new runway	2,000,000
Tooele, UT	Install CAT I ILS with MALSR	2,000,000
Walterboro Municipal, SC	Acquire and install ILS	1,600,000
Winston-Salem, NC	Installation of ALSF-2	2,000,000
		41,345,000

Transponder landing system.—The conference agreement provides \$7,000,000 for this program. The conferees agree that FAA should use these funds to conduct site surveys at locations listed in the House and Senate reports. Funds may also be used to evaluate other landing system alternatives, in consultation with the affected airports.

Airport cable loop systems.—Funding of \$3,000,000 above the budget estimate is for Atlanta Hartsfield International Airport, GA.

FACILITIES AND EQUIPMENT

(AIRPORT AND AIRWAY TRUST FUND)

(RESCISSION)

The conference agreement deletes the rescission of \$50,000,000 proposed by the Senate. The House bill contained no similar rescission.

RESEARCH, ENGINEERING, AND DEVELOPMENT

(AIRPORT AND AIRWAY TRUST FUND)

The conference agreement provides \$130,927,000 for research, engineering, and development instead of \$117,000,000 as proposed by the House and \$129,427,000 as proposed by the Senate. The following table compares the conference agreement to the House and Senate bills by budget activity:

Research, Engineering and Development
Conference Agreement
Fiscal Year 2005

Program	House bill	Senate bill	Conference agreement
Improve Commercial Aviation Safety:			
Fire research and safety	\$5,578,000	\$6,578,000	\$6,578,000
Propulsion and fuel systems	3,672,000	7,672,000	7,172,000
Advanced materials/structural safety	2,197,000	6,697,000	6,697,000
Flight safety/atmospheric hazards	4,119,000	4,119,000	4,119,000
Aging aircraft	18,351,000	19,151,000	19,151,000
Aircraft catastrophic failure prevention	1,116,000	1,116,000	1,116,000
Flightdeck safety/systems integration	8,294,000	12,794,000	11,794,000
Aviation safety risk analysis	8,640,000	8,640,000	8,640,000
ATC/AF human factors	9,467,000	9,467,000	9,467,000
Aeromedical research	6,660,000	6,660,000	10,160,000
Weather research	20,838,000	20,838,000	20,838,000
Improve Efficiency of the ATC System:			
National plan for air transportation	5,100,000	5,100,000	5,100,000
Wake turbulence	2,296,000	4,796,000	4,296,000
Reduce Environmental Impacts:			
Environment and energy	16,008,000	11,890,000	11,890,000
Improve Mission Efficiency:			
System planning and resource mgmt	1,275,000	520,000	520,000
Technical laboratory facilities	3,389,000	3,389,000	3,389,000
Total	\$117,000,000	\$129,427,000	\$130,927,000

Propulsion and fuel systems.—Of the funds provided, \$2,000,000 is to continue the evaluation of molecular markers for detecting the adulteration or dilution of jet fuel; \$500,000 is for research into modifying general aviation piston engines to enable their safe operation using unleaded aviation fuel; and \$1,000,000 is for research into aviation grade ethanol fuels at South Dakota State University.

Advanced materials/structural safety.—Of the funds provided, \$4,000,000 is for research and equipment at the National Institute for Aviation Research at Wichita State University (NIAR) and \$500,000 is for advanced materials research at the University of Washington.

Flightdeck safety/systems integration.—Of the funds provided, \$2,000,000 is for the mobile object technology program and \$1,500,000 is for continued development of in-flight simulator training for commercial pilots. Proposed funding for training and education in aircraft inspection, maintenance, and repair is not included.

Aeromedical research.—The conference agreement provides \$10,160,000, an increase of \$3,500,000 above the budget estimate. Of the additional funds, \$3,000,000 is to carry out studies and analyses of airline cabin air quality through the Center of Excellence for Cabin Air Quality, as recommended by the Senate. The conferees encourage FAA to consider adding Oklahoma State University to the consortium of universities in this center of excellence. In addition, \$500,000 is to conduct preliminary investigations of the potential of low cost, low power, lightweight, polymer array technologies, networked within aircraft, to meet requirements for cabin air quality monitoring. This work is to be carried out through the FAA Civil Aeromedical Institute.

Weather research.—Of the funds provided, \$1,000,000 is for weather-related research to be conducted between FAA and the National Severe Storms Laboratory, Norman, Oklahoma.

Wake turbulence.—Of the funds provided, \$2,000,000 is to enhance the capability of pulsed laser Doppler radar to detect and track aircraft wakes.

GRANTS-IN-AID FOR AIRPORTS

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(AIRPORT AND AIRWAY TRUST FUND)

The conference agreement includes a liquidating cash appropriation of \$2,800,000,000, as proposed by the Senate. The House had no similar appropriation.

Obligation limitation.—The conferees agree to an obligation limitation of \$3,500,000,000 for the “Grants-in-aid for airports” program as proposed by the Senate. The House bill contained no similar limitation.

Administration.—The conference agreement includes a limitation on administrative expenses of \$68,802,000 as proposed by the Senate. The House bill contained no similar limitation.

Small community air service development pilot program.—The bill includes \$20,000,000 under the obligation limitation to continue the small community air service development pilot program, as proposed by the Senate. The House had no similar funding. This is consistent with actions taken in the past four fiscal years.

San Diego Airport.—Conferees agree to House direction regarding the San Diego Air Transportation Action Plan site selection process.

High priority projects.—Of the funds covered by the obligation limitation in this bill, the conferees direct FAA to provide not less than the following funding levels, out of available resources, for the following projects in the corresponding amounts. The conferees agree that state apportionment funds may be construed as discretionary funds for the purposes of implementing this provision. To the maximum extent possible, the administrator should work to ensure that airport sponsors for these projects first use available entitlement funds to finance the projects. However, the FAA should not require sponsors to apply carryover entitlements to discretionary projects funded in the coming year, but only those entitlements applicable to the fiscal year 2005 obligation limitation. The conferees further direct that the specific funding allocated above shall not diminish or prejudice the application of a specific airport or geographic region to receive other AIP discretionary grants or multiyear letters of intent.

Redesignation of project.—The conferees agree that the fourteenth project in the AIP priority list on page 33 of House Report 108–671 is renamed “Stockton Airport”.

Airport	Project description	Amount
Akron-Canton Airport, OH	Construction of de-icing fluid containment facility ..	\$5,000,000
Akutan Airport, AK	Various improvements	2,000,000
Albany Airport, GA	Runway extension	1,000,000
Albemarle-Stanly County Airport, NC	Various improvements	600,000
Alliance Airport, TX	Runway extension; relocate nav aids; associated relocations.	4,000,000
Andalusia-Opp Airport, AL	Apron and Connector Taxiway Construction, Runway/Taxiway Extension Design, Land Acquisition, Runway Overlay, Road Relocation, and Runway/Taxiway Extension.	3,500,000
Andrews-Murphy Airport, NC	Corporate apron expansion and land acquisition	1,000,000
Ardmore Municipal Airport, OK	Reconstruct runway 17/35	1,108,113
Arnold Palmer Regional, PA	Extend runway	1,000,000
Augusta Regional Airport, GA	Terminal construction	1,500,000
Aurora Municipal Airport, IL	Various improvements	2,800,000
Bartlesville Airport, OK	Extend runway 17/35	1,210,526
Bastrop-Morehouse Memorial Airport, LA	Phase I funding for land acquisition and project design.	800,000
Baxter County Regional Airport, AR	Development of parallel runway	1,000,000
Belen Alexander Municipal Airport, NM	Various improvements	850,000
Bessemer Municipal, AL	Runway extension and security improvements	1,000,000
Big Sandy Airport, KY	Fencing	150,000
Blue Ridge Airport, VA	Land acquisition and road relocation associated with expansion of apron.	500,000
Brooks County Airport, TX	Land acquisition for runway extension	100,000
Brownsville-South Padre Island Airport, TX	Engineering costs associated with increasing the runway length.	1,250,000
Castle Airport, CA	Upgrade for Part 139 Certification, tower into compliance and various improvements.	1,000,000
Central Nebraska Regional Airport, NE	Pavement repair and replacement; lighting installation.	2,100,000

Airport	Project description	Amount
Chandler Municipal Airport, AZ	Helipoint relocation	1,300,000
Chattanooga Metropolitan Airport, TN	Taxiway "alpha" north reconstruction	1,500,000
Cleveland Hopkins International Airport, OH	Runway safety area improvements and software installation.	1,300,000
Collin County Regional Airport, TX	Reconstruction/overlay of parallel taxiway; runway overlay.	300,000
Concord Regional Airport, NC	Runway extension	1,250,000
Council Bluffs Municipal, IA	Runway improvements	2,000,000
Craig/Klawock Airport, AK	Various improvements	500,000
Dane County Regional Airport, WI	Construct 2nd phase of runway 13 safety area, object free space and approach surface.	1,500,000
DeKalb Taylor Municipal, IL	Widen taxiway A and taxiway C	700,000
Detroit Metropolitan Airport, MI	Demolition of the Berry Terminal and construction of a new deicing pad.	1,000,000
Dillon County Airport, SC	Construct hangars, runways, and other facilities for new airport.	1,000,000
DuPage Airport, IL	Rehabilitation of taxiways A and C	2,500,000
Eastman Airport, GA	Construction of the proposed cross wind runway	1,000,000
Edinburg Airport, TX	Design and engineering for upgrades to add cargo capacity.	100,000
Enid Airport, OK	Reconstruct parallel taxiway; rehabilitate runway 17/35.	947,368
Erie County-Plum Brook Airport, OH	Initial engineering and design work to build the airport.	1,500,000
Fairbanks International, AK	Various improvements	1,300,000
Farmington Airport, MO	Construct apron, partial parallel, and t-hanger taxiways.	1,500,000
Fitzgerald Municipal Airport, GA	Runway extension and precision approach equipment.	1,300,000
Forbes Field Airport, KS	Taxiway improvements	1,000,000
Franklin Field, AL	Land acquisition, runway extension, and parallel taxiway.	1,000,000
Freddie Jones Airport, AL	Runway extension	1,000,000
Frenchville Airport, ME	Construction of aircraft hangar, complete access road; purchase and remove existing hangars.	1,300,000
Gary/Chicago Airport, IN	Railroad relocation	2,800,000
Georgetown County Airport, SC	Various improvements	1,000,000
Golden Triangle Regional Airport, MS	Cargo ramp construction	2,000,000
Granbury Municipal Airport, TX	Runway extension	1,250,000
Great Falls International Airport, MT	Runway improvements	3,000,000
Gulfport-Biloxi International Airport, MS	Various improvements	1,250,000
Guthrie Airport, OK	Complete runway 16/34 extension	684,211
Halifax-Northampton Regional Airport, NC	Installation of category I instrument landing system, including localizer, glideslope, approach lighting system, and other related components.	1,000,000
Hancock International, NY	Improve drainage; acquire snow removal vehicle; rehab apron.	1,000,000
Harlan Tucker Guthrie Airport, KY	Fencing	200,000
Harnett County Airport, NC	Runway and parallel taxiway extension; apron expansion/overlay; and localizer installation.	700,000
Havre City-County Airport, MT	Terminal remodeling and expansion; various improvements.	150,000
Hawkins Field, MS	Extend runway 1634 to 6,500 feet	750,000
Hector International Airport, ND	Reconstruct and shorten runway and various improvements.	1,500,000
Helena Regional, MT	Terminal remodeling and expansion	1,250,000
Highmore Airport, SD	Construct new runway, apron and taxiway	1,000,000
Hilo International Airport, HI	Runway pavement rehabilitation	1,000,000
Horry County Airport, SC	Airport study	500,000
Huntsville International—Jones Field, AL	Taxiway extension and land acquisition	2,000,000
Ithaca Tompkins Airport, NY	Relocation of parallel taxiway	500,000
Jackson International Airport, MS	Apron replacement and related taxiway	1,750,000
Jamestown Municipal Airport, ND	Milling off the current surface and resurfacing air-line runway 13/31 and various improvements.	4,500,000
JFK Memorial Airport, WI	Security fencing	500,000
Jimmy Stewart Airport, PA	Runway extension	900,000

Airport	Project description	Amount
Joplin Regional Airport, MO	Terminal Replacement	1,500,000
Juneau Airport, AK	Terminal enhancements	1,200,000
Kahului Airport, HI	Taxiway pavement rehabilitation	1,000,000
Kansas City International Airport, MO	Various improvements	3,000,000
Kansas State University Airport, KS	Apron and hangar door repair	1,000,000
Kenai Airport, AK	Various improvements	1,000,000
Kenosha Regional Airport, WI	Various improvements	1,000,000
L.O. Simenstad Municipal Airport, WI	Reconstruct and extend primary runway to 5000 feet, construct parallel taxiway, install high intensity runway lighting.	2,000,000
La Crosse Municipal Airport, WI	Construct Parallel Taxiway	1,500,000
Levelland Municipal Airport, TX	Renovation project phase I	68,000
Littlefield Municipal Airport, TX	Renovation project phase I	68,000
Logan Cache Airport, UT	Master plan	100,000
Lumberton Municipal Airport, NC	Rehabilitate the primary runway	1,000,000
Madras/Jefferson County Airport, OR	Construction of flight services building	300,000
Manistee County Blacker Airport, MI	Terminal project	1,000,000
Marshall Municipal Airport, MN	Extension of runways	1,000,000
Mason City Airport, IA	Rehabilitation of runways; land acquisition for RSA	2,500,000
Medford Airport, OR	Terminal construction	1,200,000
Merrill Airport, WI	Install jet A fuel facility; install fence.	1,000,000
Mid-Way Regional Airport, TX	Extension of runway 18-356	700,000
Missoula International Airport, MT	Land acquisition	3,925,000
Montgomery County Airport, NC	Lighting upgrades	150,000
Montgomery Regional (Dannelly Field), AL	Terminal Renovation—Phase III	2,000,000

Santa Teresa (Dona Ana) Airport, NM	Runway improvement—phase I	1,000,000
Soldotna Airport, AK	Runway safety area, drainage improvements, tundra tire/ski runway, signing and visual guidance system.	1,300,000
Somerset Airport, KY	Relocation of Kit Cowan Road	2,500,000

Airport	Project description	Amount
Southwest Georgia Regional Airport, GA	Runway extension	1,000,000
Spearfish Airport, SD	Construct new airport runway	1,000,000
Spokane International Airport, WA	Taxiway 'C' extension	5,000,000
Springfield-Beckley Municipal Airport, OH	Purchase land for instrument landing system and development.	1,700,000
St. Petersburg/Clearwater International, FL	Runway extension	6,000,000
Ted Stevens International Airport, AK	Laser lines of tug roads and Lake Hood Seaplane base.	1,400,000
Trent Lott International Airport, MS	Runway expansion	1,000,000
Tulsa International, OK	Taxi lanes; taxiway rehabilitation; drainage improvements.	1,500,000
Tupelo Airport, MS	Upgrade terminal	1,000,000
Unalaska Airport, AK	Air terminal expansion	1,000,000
Upper Cumberland Regional Airport, TN	Extend runway and construct taxiway extension	2,500,000
Virginia Highlands Airport, VA	Environmental assessment, relocation of State Route 611, and design of a runway extension.	1,250,000
W.K. Kellogg Airport, MI	Various improvements	3,000,000
Warren County Airport, NY	Various improvements	500,000
Waukesha County Airport (Crites Field), WI	Various improvements	3,000,000
West Virginia Statewide	Various improvements	8,000,000
Westfield-Barnes Airport, MA	Navigation aids to add an array of eight new antennas.	100,000
Williamsburg/Whitley County Airport, KY	Various improvements	650,000
Willmar Airport, MN	Various improvements	1,000,000

GRANTS-IN-AID FOR AIRPORTS

(AIRPORT AND AIRWAY TRUST FUND)

(RESCISSION OF CONTRACT AUTHORIZATION)

The conference agreement includes a rescission of contract authority of \$265,000,000 as proposed by the Senate. No similar rescission was proposed by the House.

GENERAL PROVISIONS—FEDERAL AVIATION ADMINISTRATION

Sec. 101 retains authorization for airports to transfer instrument landing systems and other equipment purchased with federal airport grants to the FAA, subject to certain conditions, as proposed by the House and Senate.

Sec. 102 allows 375 technical staff-years at the Center for Advanced Aviation Systems Development as proposed by the House, instead of 350 as proposed by the Senate.

Sec. 103 retains a provision proposed by the House prohibiting funds for engineering work related to an additional runway at Louis Armstrong New Orleans International Airport in Louisiana. The Senate bill contained no similar provision.

Sec. 104 retains a provision prohibiting FAA from requiring airports to provide “without cost” building construction or space, as proposed by the House and Senate.

Sec. 105 retains a provision proposed by the House prohibiting funds to change weight restrictions or prior permission rules at Teterboro Airport in New Jersey. The Senate bill contained no similar provision.

Sec. 106 modifies provisions proposed by the House and Senate concerning the continuation and mandatory expansion of the war risk insurance program. The modification deletes expansion of the program to aircraft manufacturers and associated entities. As pro-

posed by the House and Senate, the conference agreement extends the existing terms and conditions of the program for one year, until December 31, 2005. The conferees note that, under the provisions of section 106 of Public Law 108–176, the Secretary continues to have the authority to extend war risk insurance to aircraft manufacturers at his discretion.

Sec. 107 includes a provision making eligible for the FAA’s Airport Improvement Program a project meeting certain specified requirements.

The conference agreement deletes a provision proposed by the Senate authorizing the FAA Administrator to accept funds from an airport sponsor, subject to certain conditions, for environmental reviews related to a project to add critical airport capacity. A similar provision was enacted on December 12, 2003 in Public Law 108–176.

FEDERAL HIGHWAY ADMINISTRATION

LIMITATION ON ADMINISTRATIVE EXPENSES

The conference agreement limits administrative expenses of the Federal Highway Administration (FHWA) to \$346,500,000 instead of \$346,000,000 as proposed by the House and \$349,594,000 as proposed by the Senate. This amount assumes funding for six full time equivalents to help oversee FHWA major projects.

The conferees recommend the following adjustments to the budget request by program and activity:

Employee multidisciplinary development program	–\$1,600,000
Undistributed reduction	–1,494,000

The conferees note a report on this program due by March 15, 2004 has yet to be received by the House and Senate Committees on Appropriations, and therefore reduce funding for the employee multidisciplinary development program to \$2,506,000. The conferees include an undistributed reduction of \$1,494,000 and direct FHWA to report back to the House and Senate Committees on Appropriations on the planned amounts for these activities and funding sources with the 2005 operations plan, and actual amounts and funding sources in future budget justifications. A table should include information on each LAE subline item, including the budget request, reductions (if any), and a total. Examples of subline items are “awards”, “Oracle licensing”, “electronic government”, or “IT cost to meet new IT architecture standards”.

FEDERAL-AID HIGHWAYS

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The conference agreement limits obligations for the federal-aid highways program to \$34,700,000,000 instead of \$34,641,000,000 as proposed by the House and \$34,900,000,000 as proposed by the Senate.

Project clarifications—The conference agreement deletes language associated with changes or corrections to projects in the

statement of managers associated with both the fiscal year 2004 and 2003 bills, as proposed by the Senate.

Public lands.—The conference agreement modifies language proposed by the Senate directing that funds allocated to FHWA’s public lands discretionary program be derived from that program and not from funds allocated to the National Park Service, and that these funds not come from funds allocated to the Fish and Wildlife Service’s regions.

Major projects updates.—The conferees require FHWA to provide the House and Senate Committees on appropriations quarterly updates on major projects it is tracking.

Transportation Enhancements—The conferees are aware that the Surface Transportation Extension Acts continue TEA-21’s requirement that 10 percent of the Surface Transportation Program (STP) funds apportioned to a State be set-aside specifically for transportation enhancement (TE) activities, which fund community-based transportation infrastructure projects. The Conferees direct that of the fiscal year 2005 TE funds distributed to the State of Oklahoma, the Federal Highway Administration shall ensure that a total of \$2,500,000 is provided to the visitor welcome centers at Blackwell and at Erick, Oklahoma; and that \$750,000 is provided to the recreational trails project in Edmond, Oklahoma.

District of Columbia partnership.—The conferees recognize the success of the “DC Streets” partnership, a project to preserve and maintain the majority of the 75 mile NHS system in the District of Columbia. The conferees note the favorable evaluation of asset condition when measured against performance measures, and believe that the project could serve as a national model for performance based contracting.

LIMITATION ON TRANSPORTATION RESEARCH

The conferees provide a general limitation on transportation research of \$462,500,000, as proposed by the Senate, instead of \$478,000,000 as proposed by the House.

SURFACE TRANSPORTATION RESEARCH

Within the funds provided for surface transportation research, the conference agreement modifies House and Senate language and includes \$103,000,000 for highway research and development for the following activities:

Environmental, planning, real estate	\$16,850,000
Research and technology program support	8,000,000
International research	400,000
Structures	14,000,000
Safety	11,500,000
Operations	13,000,000
Asset management	2,750,000
Pavements research	16,000,000
Long term pavement project (LTPP)	10,000,000
Advanced research	750,000
Policy research	9,000,000
R&T strategic planning and performance measures	750,000
Total	103,000,000

The conference agreement replaces language allocating research funding proposed by the Senate with the following language:

Environmental, planning, and real estate.—The conference agreement provides \$16,850,000 for environmental, planning, and real estate research. Within the funds provided for this research activity, the FHWA is directed to provide \$1,000,000 to continue dust and persistent particulate abatement research in Emmonak, Alaska, \$500,000 for Central California Ozone Study, and \$250,000 for the Sacramento Blueprint, California.

Research and technology.—The conference agreement provides \$8,000,000 for research and technology program support. Within the funds provided for this activity, the FHWA is directed to provide \$250,000 to the Transportation Research Center at Georgia Tech University; \$700,000 to the Center for Intermodal Freight Mobility and Security in Maryland; \$750,000 for the Center on Coastal Transportation Research at the University of South Alabama, \$475,000 for NEPA training at Pellissippi State Community College in Tennessee, \$650,000 for the University of Vermont for research related to dynamic transportation modeling and advanced ground penetrating radar systems, and \$1,500,000 for the Oklahoma Transportation Center.

International research.—“The conferees provide \$400,000 for international research activities. Further, FHWA is directed by the conferees to consult the House and Senate Appropriations Committees before any international agreements are consummated that are likely to require financial support as proposed by the House.

Structures.—The conference agreement provides \$14,000,000 for structures research. Within the funds provided for structures research, the conferees direct FHWA to provide \$125,000 to support nondestructive structural evaluation technology at New Mexico State University’s Bridge Research Center, \$200,000 for West Virginia University Constructed Facilities Center for fire and blast resistant composite barriers research, and \$150,000 for the University of Delaware’s innovative bridge research program, \$350,000 to the University of Maine to study the use of wood composite material to extend the life of ports, and \$1,000,000 for the National Steel Bridge Alliance. The conferees strongly encourage FHWA to continue its research and deployment of lithium technologies to prevent and mitigate ASR since advances in these lithium technologies have the potential to help increase the durability of our transportation infrastructure.

Safety.—The conference agreement provides \$11,500,000 for safety research.

Operations and asset management.—The conference agreement provides \$13,000,000 for operations and \$2,750,000 for asset management. Within the funds provided for these activities, the conferees direct FHWA to provide \$700,000 for Wisconsin’s critical vulnerability assessment and countermeasure plan; \$300,000 for the Wisconsin STRAHNET detour route planning; \$1,500,000 for the Puget Sound In-Vehicle Traffic Map Demonstration initiative in Washington State; and \$500,000 for the Pacific Northwest freight mobility research program at Washington State University, the University of Washington, and North Dakota State University.

The conference agreement does not provide funds for statistical analysis of the National Quality Initiative under any FHWA re-

search program, as proposed by the House. Such analysis shall be performed by the Bureau of Transportation Statistics.

Pavements.—The conference agreement provides \$16,000,000 for pavements research. Within the funds provided for this activity, the conferees direct FHWA to provide \$250,000 to Tennessee Tech University rapid set pavement research and development; \$500,000 for low cost carbon fiber production technology, University of Tennessee Space Institute; \$550,000 for the Center for Portland Cement Concrete Pavement Technology at Iowa State University; \$1,250,000 to the National Center for Asphalt Technology, Auburn, Alabama; \$450,000 for the Mack-Blackwell Paving Materials Study, Arkansas; \$300,000 for the concrete research at Oklahoma State University; and \$500,000 for aggregates research at the International Center for Aggregates Research, Texas.

Policy.—The conference agreement provides \$9,000,000 for policy research. Within the funds provided for this activity, FHWA is directed to provide \$300,000 to the Boston University infrastructure investment research initiative.

INTELLIGENT TRANSPORTATION SYSTEMS

The conference agreement modifies language proposed in the House and Senate and provides a limitation on Intelligent Transportation Systems of \$232,000,000. Funds are available for the following activities:

Research and development	\$52,000,000
Operational tests	10,000,000
Evaluations	7,000,000
Architecture and standards	18,000,000
Integrations	11,500,000
Program support	11,500,000
Subtotal	110,000,000
ITS Deployment incentive program	122,000,000
Total	232,000,000

Joint Program Office.—The conferees retain House language regarding the structure of the ITS Joint Program and directing the Secretary to justify any changes to the administrative structure.

Intelligent transportation systems deployment projects.—Within the funds available for intelligent transportation systems deployment, the conference agreement provides that not less than the following sums shall be available for intelligent transportation projects in these specified areas:

<i>Project Name</i>	<i>Amount</i>
Alameda Corridor—East Project, San Gabriel Valley, California	\$2,000,000
Alexandria Fiber Optic Cable for Traffic Signal Coordination, Virginia	2,000,000
Alliance for Transportation Research, Transportation Technology Center, New Mexico	750,000
Appalachian Transportation Institute and U3C, West Virginia	1,000,000
Atlanta Construction and Traffic Management Project, Georgia	2,000,000
Baltimore City Intelligent Transportation System, Maryland	1,000,000
Bay County Regional ITS, Florida	2,000,000
Calmar Research Vehicle Communication Systems, New York	1,150,000
Center for Injury Sciences, Alabama	2,000,000
Central Florida Regional Transportation Authority (LYNX): North Orange/South Seminole ITS Enhanced Circulator	500,000
Cicero Avenue Smart Corridor, Illinois	1,000,000
City of Boston Directional Signage Program, Massachusetts	1,000,000

<i>Project Name</i>	<i>Amount</i>
City of Elk Grove ITS Project, California	1,500,000
City of Fort Worth Intelligent Transportation Systems, Texas	1,800,000
City of San Antonio Municipal ITS Technologies, Texas	1,300,000
Clark County ITS, Washington	2,000,000
Commercial Vehicle Information Systems Network, Illinois	500,000
COTA ITS Integration Project Phases II and III, Ohio	800,000
DeKalb Co. Signal System Improvements, Georgia	500,000
Downtown Signalization Project, Mechanicsburg, Pennsylvania	750,000
FAST-TRAC Signal Expansion, Michigan	1,000,000
Florida State University System Center for Intermodal Transportation Safety	3,000,000
Freeway Incident Management Program, Houston, Texas	3,250,000
Ft. Lauderdale Intelligent Trans System Improvement, Florida	1,000,000
GEARS Demonstration Project, Cumberland County, Pennsylvania	150,000
Germantown ITS, Tennessee	500,000
GMU ITS Appropriations, Virginia	2,000,000
Highway Speed E-ZPass, Outerbridge Crossing, New York	350,000
Hillsborough Area Regional Transit Authority: Bus Tracking, Communication and Security, Florida	750,000
I-70 Incident Management Plan, Colorado	1,250,000
I-91 Fiber and ITS Construction, Massachusetts	2,500,000
Intelligent Transportation at George Washington University, Virginia	1,000,000
Intelligent Transportation System feasibility study and implementation plan, Edmond, OK	100,000
Intelligent Transportation System, Jackson, Tennessee	385,000
Intelligent Transportation System, Wichita, Kansas	1,250,000
Intelligent Transportation Systems—Nebraska	450,000
Intelligent Transportation Systems, City of Jackson, Tennessee	1,000,000
Intelligent Transportation Systems, Illinois	5,000,000
Intercity Transit ITS (Thurston County), Washington	2,000,000
Interurban Transit Partnership, Grand Rapids, MI	2,000,000
Iowa ITS	2,000,000

West Baton Rouge Emergency Communications Center, Louisiana	1,500,000
Wisconsin State Patrol Mobile Data Communications Network— Phase III	3,400,000

FERRY BOATS AND FERRY TERMINAL FACILITIES

Within the funds available for ferry boats and ferry terminal facilities, funds are to be available for the following projects and activities:

<i>Project</i>	<i>Amount</i>
Beale Street Landing/Docking Facility, Memphis, Tennessee	\$500,000
Beale Street Landing/Docking Facility, Tennessee	1,350,000
Bridgeport High Speed Ferry Terminal, Connecticut	550,000
Bridgeport High-Speed Ferry Terminal Project, Connecticut	350,000
City dock repairs, Bayfield, Wisconsin	500,000
Claggett Hill, Lewis and Clark Ferry Boat Facilities on Missouri River, Montana	1,000,000
Claggett Road/Lewis and Clark Ferry Boat Facilities, Montana	500,000
Commuter Ferry to Boston, Winthrop, Massachusetts	300,000
Ferry Boat for San Francisco Water Transit Authority, California	1,000,000
Ferry for Jamestown 2007 Festivities, Virginia	250,000
Greenup-Boyd Riverport Authority in Greenup County, Kentucky ..	850,000
Jamaica Bay Transportation Hub, New York	300,000
Kitsap Transit Ferry Boat Buy, Washington	1,750,000
Mammoth Cave/Edmonson County Green River Ferry, Kentucky	250,000
Mid-Chesapeake Bay Ferry, Virginia	250,000
National Park Service Sandy Hook, New Jersey	400,000
Newport Harbor Water Shuttle, Rhode Island	600,000
Oklahoma City Water Taxi	1,000,000
Penobscot River Passenger Ferry Docking Facility, Maine	750,000
Putnam County, FL Ferry Boat & Terminal Facilities, Florida	500,000
Savannah Water Taxi, Georgia	500,000

<i>Project</i>	<i>Amount</i>
St. Johns River Ferry Terminal, Florida	700,000
Stamford High Speed Ferry, Connecticut	500,000
Staten Island Ferryboat Replacement—New York, New York	1,000,000
Washington State Ferries, Smart Video Surveillance for Ferry Security	750,000
Water taxi docks, New York	600,000
Water Taxi Study, Barnett Reservoir, Mississippi	1,000,000

NATIONAL CORRIDOR PLANNING AND BORDER DEVELOPMENT
PROGRAM

Within the funds available for the national corridor planning and border development program, funds are to be available for the following projects and activities:

<i>Project</i>	<i>Amount</i>
Albany Bypass, Clinton County, Kentucky	\$1,000,000
Berkley Road Polk County, Florida	2,000,000
Bishopville Bypass Construction, South Carolina	1,500,000
Broad & Washington Street Reconstruction, Connecticut	2,000,000
Carrollton/US90–US61 Rehabilitation Project, Louisiana	1,000,000
Construction of Juneau Access road, Alaska	2,000,000
Construction of road from Kotzebue, Alaska to Cape Blossom, Alaska	2,000,000
Construction of road, Shot Gun Cove, Alaska	2,000,000
County State Aid Highway 21 Project, Minnesota	1,000,000
Craig roads, Alaska	1,000,000
Cross Valley Connector, California	5,000,000
East Hiram Parkway, Paulding County, Georgia	1,000,000
Emmonak street lighting, Alaska	1,000,000
Englewood Interstate Connector EIC, Sarasota, Florida	1,000,000
FAST Corridor Program, Washington	2,500,000
Haleyville Bypass, Winston County, Alabama	6,500,000
Highway 65 Hollister Interchange Missouri	1,000,000
Horse Stamp Road/I-95 Interchange, Georgia	3,000,000
I-4/Crosstown Connection in Hillsborough County, Florida	1,000,000
I-235/US54 and I-235/Central Ave, Wichita, Kansas	1,500,000
I-49 North, Louisiana	2,250,000
I-49 South, Louisiana	2,250,000
I-494/US 169 Interchange, Minnesota	1,500,000
I-635, Texas	2,450,000
I-69 Access Project, Hamilton County, IN	1,000,000
I-69/SR 304 Paving, Mississippi	1,000,000
I-69 Connector (I-530 Ext.): Pine Bluff-Hwy. 278, Arkansas	2,000,000
I-74 from Maxton Bypass to Lumberton, North Carolina	1,000,000
Improvements to Anaheim Street, from 710 Freeway, California	500,000
Improvements to CR 833 in Hendry County, Florida	1,000,000
Interchange at K-7 & 55th St./Johnson Dr, Shawnee, Kansas	2,000,000
Interstate 280 Interchange Improvements, New Jersey	1,500,000
Interstate 5 Riverfront Reconnector, California	1,000,000
Interstate 69, Tennessee	1,500,000
Jennie Barker Rd./Mary St./K-156 Intersection, Finney County, Kansas	500,000
Kalispell Bypass, Montana	3,000,000
Kodiak Island roads, Alaska	1,300,000
KY 911/115 Widening, Kentucky	1,000,000
Lincoln Parish I-20 Corridor, Louisiana	1,000,000
Loop 49 from SH 155 to SH 31, Texas	3,000,000
Manchester Road in Akron, Ohio	1,000,000
Mesa del Sol/I-25 Interchange, New Mexico	1,000,000
Mon-Fayette Expressway Project/Uniontown to Browns, Pennsylvania	2,000,000
Navajo Route N7048 Bridge Construction, New Mexico	250,000
Nikiski emergency escape road, Alaska	500,000
Northwest Butler Transportation Improvement District, Ohio	4,000,000
Old Highway 471, Rankin County, Mississippi	1,000,000

<i>Project</i>	<i>Amount</i>
Outer Loop/I-85 Connector, Montgomery, Alabama	2,000,000
Parkway West Missing Ramps and Widening Project, Pennsylvania	1,000,000
Port of Albany Operational Improvements, New York	1,000,000
Ports of Savage/TH 13 Improvements, Minnesota	1,000,000
President George Bush Tollway Eastern Extension, Texas	2,000,000
Pt. Hope evacuation road, Alaska	2,000,000
Reconstruction of Ashburton Avenue, Saw Mill River	1,200,000
Reyes Adobe Road Interchange Project, California	1,500,000
Rickenbacker Intermodal Facility, Ohio	1,500,000
Route 247, Nelson County, Kentucky	600,000
Route 412 Improvement Project, Bethlehem, Pennsylvania	3,000,000
Route 79 Improvements, Fall River, Massachusetts	1,000,000
SR 0171, Drinkers Creek Bridge, Susquehanna County, Pennsylvania	1,000,000
Santa Fe Corridor, Colorado	1,000,000
SR 519 Intermodal Access, Washington	1,000,000
Street Improvements, Lawndale, California	500,000
US 82 Bypass at Greenville, Mississippi	1,500,000
US 101 Off-ramp Extension at Van Nuys Boulevard, California	1,000,000
US 319 Improvements, Florida	1,000,000
US 321 Corridor, North Carolina	1,000,000
US 60 bridge replacement, Virginia	2,600,000
US Highway 56 Improvements, Kansas	4,000,000
US Route 2/Danville, Vermont Improvements	2,000,000
Upgrade of NH Rte. 110 Berlin, New Hampshire	800,000
US 395—North Spokane Corridor, Washington	1,000,000
US 401 in Harnett, Cumberland & Wake Counties, North Carolina	800,000
US 62—Franklin County/Frank Road, Ohio	1,000,000
US 83 from .5 mi e of FM1425 to Hidalgo/Cameron, Texas	1,000,000
US Highway 62/180 Four-Lane Reconstruction, New Mexico	5,000,000
US-95, MP 536 to Canadian Border, Idaho	1,500,000
UW-Bothell/Cascadia South Access Project, Washington	1,000,000
Wadsworth/U.S. 36 Interchange in Broomfield, Colorado	1,250,000
Wasilla substandard road improvements, Alaska	1,000,000
West Virginia Route 9—Berkeley and Jefferson Counties	10,000,000
White County/Monticello 6th Street West Shafer Drive Project, Indiana	250,000
Yakima Grade Separations, Washington	1,500,000

TRANSPORTATION AND COMMUNITY AND SYSTEM PRESERVATION
PROGRAM

Within the funds made available for the transportation and community and system preservation program, funds are to be distributed to the following projects and activities:

<i>Project</i>	<i>Amount</i>
Aberdeen, South Dakota Pedestrian/Bicycle Trail	\$200,000
AltaVista Business Park Entrance, Pennsylvania	2,500,000
American Village Citizenship Trust—Transportation Access and Improvement, Alabama	1,000,000
Antelope Valley Transportation Improvements, Nebraska	1,000,000
Blount County Transportation Growth and Planning Study, Tennessee	500,000
Clayton Core Area Revitalization and Enhancement Program, Alabama	250,000
Concord 20/20, New Hampshire	450,000
Coosa River Boardwalk, Gadsden, Alabama	800,000
Culpeper Regional Airport Road Project, Virginia	1,100,000
Fairgrounds Road in Alamogordo, New Mexico	400,000
Farmington Canal Greenway, New Haven, Connecticut	750,000
Hammonton Pedestrian Downtown Improvements, New Jersey	200,000
Hattiesburg Rail-Roadway Intersection Congestion Study, Mississippi	300,000
Henry M. Jackson Pedestrian and Bicycle Bridge and Snohomish River Shoreline Trail Project, Everett, Washington	500,000

<i>Project</i>	<i>Amount</i>
INAAP Re-Use Authority Project, Indiana	1,000,000
Lakeview Park Trail, Mexico, Missouri	375,000
Luverne, AL Downtown Revitalization, Alabama	500,000
Miami Performing Arts Center: Pedestrian Plaza and Traffic Calming, Florida	250,000
Midwest City Hudiburg Drive Improvements, Oklahoma	875,000
Mingo Trail Construction, Oklahoma	200,000
New Cassel Revitalization Project, NY	1,000,000
NH Rte. 103 Bridge, Warner, New Hampshire	200,000
Norman, Oklahoma Railroad Grade Separations, Oklahoma	1,000,000
Oglala, South Dakota Pedestrian/Bicycle Trail	225,000
Orange Beach Pedestrian Safety and Lighting Enhancements, Ala- bama	250,000
Ottawa, KS Master Transportation Plan, Kansas	200,000
Paulding Business and Technology Park, Georgia	1,000,000
Paulding County Business and Technology Park Roadway Improve- ment, Georgia	1,000,000
Pedestrian bridge, Shandon, California	250,000
Pedestrian safety improvements, San Miguel, California	250,000
Philadelphia Port—Access Enhancement Plan, Pennsylvania	500,000
Portsmouth Town Center, Rhode Island	225,000
Resurfacing Diaz Avenue in Hurley, New Mexico	100,000
Sidewalk & Lighting Improvements, Beville State CC, Alabama	400,000
Southern Corridor/Atkinville Interchange, Utah	2,500,000
State Route 52 East from SR125 to SR67, California	1,000,000
US-2 Development Plan, Washington	500,000
Wheeler NWR—Wildlife Drive, Alabama	250,000
Windsor, VT Industrial Access Road, Vermont	1,000,000

BRIDGE DISCRETIONARY PROGRAM

Within the funds available for the bridge discretionary program, including the bridge set-aside, funds are to be available for the following projects and activities:

<i>Project</i>	<i>Amount</i>
Black Narrows and Chincoteague Bridge, Virginia	\$1,000,000
Brent Spence Bridge Replacement, Kentucky	3,000,000
Brent Spence Bridge, Kentucky	1,000,000
Bridge Number 658, Arizona	200,000
Covered Bridge Program, Vermont	2,000,000
Dover Bridge, Bonner County, Idaho	1,500,000
Eutaw, Alabama Bridge Reconstruction	500,000
Flat Road Bridge, Pennsylvania	500,000
Flint River Bridge, Albany, Georgia	1,000,000
Gill Montague Bridge, Massachusetts	3,000,000
Gilmerton Bridge, Chesapeake, Virginia	250,000
Golden Gate Bridge Seismic Retrofit, California	5,000,000
Highway 35 Bridge Repair, near Little River Canyon, Alabama	800,000
Hoover Dam Bypass Bridge, Arizona	10,000,000
I-10 Bridge Widening at Ray Road, Arizona	1,000,000
I-40 Oklahoma City Cross Town Expressway	10,000,000
I-75 bridge upgrades for capacity improvements, Florida	1,500,000
Indian River Inlet Bridge Replacement, Delaware	5,000,000
Interstate 35-E at CSAH 14 in Lino Lakes, Minnesota	250,000
Interstate 74 Bridge, Bettendorf, Iowa	1,100,000
Joachim Avenue Bridge Replacement, Missouri	2,500,000
Juneau bridge repair and upgrade, Alaska	1,800,000
LA 143-US 165 Connector/Ouachita River Bridge, Louisiana	1,500,000
Leeville Bridge, Lafourche Parish, Louisiana	1,000,000
Louisiana Department of Transportation	1,000,000
Lowell Street Bridge, Somerville, Massachusetts	2,000,000
Matthews Bridge Replacement, Florida	1,500,000
McBaine Bridge Replacement, Missouri	850,000
Meridian Bridge, Yankton, South Dakota	4,000,000
Missisquoi Bay Bridge, Vermont	1,500,000
Naknek Bridge, Alaska	3,000,000

<i>Project</i>	<i>Amount</i>
National Covered Bridge Program	2,000,000
NM467 Highway Overpass, New Mexico	1,000,000
North-South Wacker Drive Reconstruction, Chicago, Illinois	5,000,000
Ohio River Bridges, Kentucky	2,000,000
Old Central Bridge in Pickens County, South Carolina	200,000
Old Town-Milford Bridge, Maine	2,000,000
Rancho Cucamonga I-15 Base Line Road Interchange, California ...	500,000
Reconstruction of Multorpor Overpass at Highway 26, Oregon	2,500,000
Removal of old Jamestown Bridge, Rhode Island	3,000,000
Replacement of Waldo-Hancock Bridge, Maine	1,000,000
Route 17/Essex Street Bridge Replacement, Bergen County, New Jersey	2,000,000
Scioto River Bridges Replacements, Columbus, Ohio	1,000,000
Seventh Street Bridge Reconstruction—Port Huron, Michigan	500,000
SR-520 Bridge Replacement and HOV Project, Washington	1,000,000
SR-6, Bridge Replacement Project, Pacific County, Washington	1,000,000
Star Landing Railroad Underpass, Southaven, Mississippi	2,000,000
State Hwy. 32 (Claude Allouez Bridge, DePere), Wisconsin	1,000,000
Sutton Road Bridge, Pennsylvania	500,000
Topeka Boulevard Bridge, Kansas	850,000
US 220-Business Bridge Replacement, Virginia	400,000
US 34 Missouri River Bridge, Mills County, Iowa	500,000
Upgrade Route 141 from I-64 to Route 340, Missouri	800,000

FEDERAL LANDS

Within the funds available for the federal lands program,
funds are to be available for the following projects and activities:

<i>Project Name</i>	<i>Amount</i>
14th Street Bridge Improvements, Virginia	\$1,250,000
Access Road Planning—Big Gem Park/Shenandoah, Virginia	60,000
Alaska Trail Initiative	4,000,000
Amherst County River Walk Trail, Virginia	500,000
Beale Air Force Base access road improvements, California	1,000,000
Bear River Access Road, Utah	2,000,000
Cape Cod Seashore Eastham/Dennis Bike Trail Repair, Massachusetts	1,200,000
City of Palm Harbor Safety and Access Program	700,000
City of Rocks Back Country Byway, Stage 3, Idaho	1,000,000
City of Rocks Back Country Byway, Stage 3, Idaho	3,000,000
City of Treasure Island Harbor Safety and Access Program	450,000
Doyle Drive Replacement Project, California	1,000,000
Enumclaw Welcome Center, Washington	1,000,000
Fort Campbell Cole Road Widening, Kentucky	2,000,000
Fort Peck Reservoir Fishing Access Roads, Montana	5,000,000
Frederick Douglass Bridge, Washington, DC	4,500,000
Golden Gate National Park Conservancy	1,000,000
Grand Teton National Park pathway system, Wyoming	4,000,000
Hoover Dam Bypass Boulder City Extension, Nevada	1,000,000
I-25/NM 556 Interchange, Pueblo of Sandia, New Mexico	500,000
I-5/116th Street NE Interchange Improvements, Tulalip Tribe, Washington	1,000,000
IH20—Dyess AFB Access Project, Texas	750,000
Kentucky Scenic Byways	1,000,000
Lake Mead Parkway/Lake Las Vegas Gateway	1,000,000
Leelanau County Road Commission, Michigan	300,000
Lone Pine Dam Road, Arizona	2,500,000
Louis Reef Road and Boswick Lake Road, Alaska	1,500,000
Lowell Riverwalk, Massachusetts	1,000,000
M-6 Paul Henry Trail construction, Michigan	1,000,000
Marin Parklands/Muir Woods Visitor Access, California	1,278,000
Marysville Road Construction Project, Montana	3,000,000
MD 4, Suitland Parkway, Maryland	3,750,000
Missisquoi Wildlife Refuge Federal Lands Project, Vermont	500,000
Needles Highway/NV Improvements, California	500,000
OR 140, Lake County, Oregon	500,000

<i>Project Name</i>	<i>Amount</i>
OR 140, Lake County, Oregon	400,000
Palm Coast Trail System, Flagler County, Florida	1,000,000
Pine Springs Road N9010, Arizona	1,000,000
Port of Stockton Daggett Road, California	1,000,000
Preston North & South, Nebraska	700,000
S-323 Alzada-Ekalaka, Montana	3,000,000
Serpentine Hot Springs Road, Bering Land Bridge National Park, Alaska	1,000,000
SH 145—Dolores to Stoner, Colorado	500,000
Silvio Conte National Fish & Wildlife Refuge Educational Outreach Center, Norwich, Vermont	1,000,000
South Palm Canyon Drive Phase 2, California	1,582,000
SR 160 Blue Diamond Highway Widening—Valley View to Rain- bow Clark County, Nevada	5,000,000
SR-92, I-15 to 1200 East, Lehi, Utah	750,000
Statewide Improvements to Federal Lands, Hawaii	4,000,000
Summit Valley Road, San Bernardino County, California	1,000,000
Swinomish Tribe Marina Project, Washington	2,000,000
Timucuan Preserve Bike Trail, Florida	1,000,000
Turtle Mountain Access Road to Ojibwa Indian School, North Da- kota	1,000,000
USMC Heritage Center Access, Virginia	500,000
Valles Caldera National Preserve, New Mexico	1,250,000
Vermont Civil War Monument in Virginia	200,000

INTERSTATE MAINTENANCE DISCRETIONARY

Within the funds available for the interstate maintenance discretionary program, funds are to be available for the following projects and activities:

<i>Project Name</i>	<i>Amount</i>
I-15, SR-92 to University Parkway, Utah County, Utah	\$1,000,000
34th Street Corridor/I-94 Interchange, Moorhead, Minnesota	4,000,000
Clark County Beltway (I-215) Interchanges project, Nevada	1,000,000
Cocke County Tennessee I-40 Connector Roads, Tennessee	1,000,000
Coweta County Noise Barrier, Georgia	750,000
Exit 18 Reconstruction, Town of Queensbury, New York	1,000,000
Exit 3, I-295 South Portland, Maine	800,000
Harrison County New 184 Interchange, Indiana	1,000,000
Heartland Expressway Nebraska	1,000,000
I-10 Riverside Avenue Interchange, California	1,250,000
I-12 @ LA 1088 Interchange, St. Tammany Parish, LA	500,000
I-15—24th Street Interchange, Ogden, Utah	500,000
I-15 North & Commuter Rail Coordination, Utah	2,500,000
I-20 Interchange at Hawkins Crossing, Lauderdale County, Mis- sissippi	250,000
I-205, Oregon	1,000,000
I-215/Barton Road Interchange Improvements, California	2,000,000
I-25 through Colorado Springs, Colorado	750,000
I-253/US-54 & I-235/Central Ave. Interchanges, Kansas	3,000,000
I-29 Northbound Reconstruction, North Dakota	2,000,000
I-30 Dallas Construction of Bridge, Trinity River, Texas	500,000
I-35 Interchange, Thackerville, Oklahoma	1,000,000
I-40 and Morgan Road Interchange Improvements, Oklahoma City, OK	500,000
I-40 Oklahoma City Cross Town Expressway	5,000,000
I-5 Blaine Exit Interchange, Whatcom County, Washington	2,500,000
I-5 South HOV Lane, Phase 1, California	500,000
I-5/SR 18 Interchange Reconstruction, Washington	1,000,000
I-55 Sound Barrier, Darien, Illinois	1,400,000
I-580/Meadowood Complex Improvements, Reno, Nevada	1,000,000
I-635/Van de Populier Road Interchange, Missouri	5,000,000
I-64 from IL 157 to Lincoln Trail at O'Fallon, Illinois	1,000,000
I-66/Route 29 Interchange, Gainesville, Virginia	250,000
I-695, Baltimore Beltway N/E, Maryland	1,000,000
I-70 at SH 58 Interchange Reconstruction, Colorado	1,500,000

<i>Project Name</i>	<i>Amount</i>
I-70 Improvement Project, Maryland	5,000,000
I-70 Tunnel Improvements, C-470 to Glenwood Springs, Colorado	2,000,000
I-75 in Rockcastle County, Kentucky	1,000,000
I-75 Interchanges Preliminary Engineering and Environmental Impact Study Project, Ohio	1,000,000
I-75/I-475 North Interchange, Ohio	1,000,000
I-76 between Ft. Morgan and Brush, Colorado	1,000,000
I-76 Northeast Gateway, Colorado	1,500,000
I-79 Parkway West missing ramps and widening, Pennsylvania	2,000,000
I-80 Freight Corridor Improvements, Wyoming	500,000
I-93 Interchange, Massachusetts	2,000,000
I-94 Safety near Benton Harbor and St. Joseph, Michigan	100,000
I-95 and Route 20 Interchange modification, Waltham, Massachusetts	2,000,000
I-96 Beck and Wixom Road Interchange, Michigan	1,000,000
IH 30-IH 635 Interchange, Texas	1,000,000
Interchange on I-35 at Lone Elm Road, Olathe, Kansas	1,000,000
Interstate 10—Cypress Avenue Overcrossing, California	500,000
Interstate 280 Interchange Improvements, New Jersey	1,000,000
Interstate 430/630: Interchange Modification, Arkansas	1,000,000
Interstate 5 and Interstate 8 Connector, California	1,200,000
Interstate 80 at Fernley, Nevada	500,000
Interstate 94/43/794 Marquette Interchange, Milwaukee, Wisconsin	5,000,000
LA37/US 190 Connector (Central Thruway), Louisiana	1,250,000
Laval Road Interchange at Interstate 5, California	1,000,000
Manslick Road feasibility study, Kentucky	300,000
Pennsylvania Turnpike/I-95 Interchange Project, Pennsylvania	500,000
Phase 2 of I-520, Palmetto Parkway in Aiken County, South Carolina	1,000,000
Pineda Causeway Interchange at I-95, Florida	1,200,000
Port of Houston Barbours Cut Boulevard, Texas	1,500,000
Rehabilitation of Interstate I-195, Rhode Island	1,000,000
Replacement of Washington Bridge, Rhode Island	1,000,000
Routes I-295/42/I-76 Direct Connection, New Jersey	1,250,000
SR 54/I-75 Interchange in Pasco County	1,500,000
Turnpike Improvements, Delaware	5,000,000
Valleydale Road Widening, Alabama	4,000,000
Widening of exit ramp I-265 and I-65, Kentucky	750,000

BUREAU OF TRANSPORTATION STATISTICS

The conferees provide \$31,000,000 for the Bureau of Transportation Statistics under the FHWA appropriation. Consistent with both House and Senate language, the conference agreement limits BTS full time positions to 136. Within the funds provided, the conferees direct \$400,000 for BTS to administer section 5402 of title 39, United States Code.

FEDERAL-AID HIGHWAYS

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(HIGHWAY TRUST FUND)

The conference agreement provides liquidating cash appropriation of \$35,000,000,000 for the federal-aid highways program as proposed by both the House and the Senate.

FEDERAL-AID HIGHWAYS
 (HIGHWAY TRUST FUND)
 RECISSION

The conference agreement includes a rescission of \$520,277,000 of funds in unobligated contract authority balances from Federal-aid highway program funds.

FEDERAL-AID HIGHWAYS
 EMERGENCY RELIEF PROGRAM
 (INCLUDING RESCISSION)
 (HIGHWAY TRUST FUND)

The conferees provide \$741,000,000 to fund the backlog of requests for damage repairs necessary due to disasters. The current funding requirements far exceed the annual authorization of \$100,000,000 for the emergency relief program, and this amount will fully fund the existing backlog of requests. This section also rescinds \$741,000,000 in unobligated contract authority balances from Federal-aid highway funds.

APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM

The conference agreement provides \$80,000,000 for the Appalachian Development Highway System (ADHS), and shall be allocated as follows: \$15,000,000 for Kentucky Corridors; \$5,000,000 for Tennessee Corridor S; \$5,000,000 for Mississippi Corridor V; \$15,000,000 for West Virginia Corridor H; \$25,000,000 for Alabama Corridor X and X-1, \$7,000,000 for Tennessee Corridor J; \$4,000,000 for Alabama Corridor V; and \$4,000,000 for New York Corridor T.

GENERAL PROVISIONS—FEDERAL HIGHWAY ADMINISTRATION

The conference agreement includes a provision (Sec. 110) that modifies the distribution of Federal-aid highway obligation limitation proposed by the House and Senate.

The conference agreement includes a provision (Sec. 111) that allows funds received by the Bureau of Transportation Statistics from the sale of data products to be credited to the Federal-aid Highways account, as proposed by both the House and Senate.

The conference agreement includes a provision (Sec. 112) that clarifies that BTS is to administer activities under section 5402 of title 39, United States Code.

The conference agreement includes a provision (Sec. 113) that modifies a House provision amending public laws to allow changes to projects in Massachusetts, New Jersey, Michigan, Utah, and California.

The conference agreement includes a provision (Sec. 114) relating to highway signs, as proposed by the House.

The conference agreement includes a provision (Sec. 115) that amends section 115, division F, title 1 of P.L. 108-199, as proposed by the House and Senate.

The conference agreement includes a provision (Sec. 116) that modifies a provision in the House bill and provides \$5,000,000 from balances made available under section 104(a)(1)(A) of title 23, U.S.C. to carry out environmental streamlining activities.

The conference agreement includes a provision (Sec. 117) that modifies a Senate provision relating to an administrative take-down, and set-aside funding for Delta Regional Authority and National Highway Traffic Safety activities. The Secretary of Transportation must submit a spend plan regarding Delta Regional Authority funding to both the House and Senate Committees on Appropriations before funds are distributed or obligated. The remaining amounts shall be distributed for the following purposes:

<i>Project Name</i>	<i>Amount</i>
101st Street Corridor Widening	\$500,000
126th Street, Hamilton County, Town of Fishers, Indiana	3,000,000
12th Street Viaduct, Missouri	500,000
13th East in Sandy City, Utah	1,500,000
17 Mile Road on Wind River Indian Reservation, Wyoming	4,500,000
171st Street reconstruction, East Hazel Crest, Illinois	400,000
26th Street Extension—Philadelphia Naval Business Center, Pennsylvania	4,000,000
4 Lane U.S. 68, 31W to Transpark Entrance on U.S. 68, Kentucky	2,000,000
40th Street Revitalization Project, Florida	1,250,000
67th Street Pedestrian Underpass, Chicago Lakefront, Illinois	400,000
95th Street/Dan Ryan Intermodal Improvements	1,000,000
9th Street Bridge, NE over New York Ave.	500,000
A-B Street NW Corridor Connector, Auburn, Washington	1,000,000
Access to Ebenezer Swamp Wetlands Interpretative Center, Alabama	225,000
Addition of Eggerts Crossing storm drains, New Jersey	200,000
Adriaen's Landing, Hartford, Connecticut	9,000,000
Akutan Road, Alaska	1,500,000
Alabama State University, Alabama	250,000
Alaskan Way Viaduct and Seawall Replacement, Seattle, Washington	1,000,000
Alle-Kiski Connector Bridge, Pennsylvania	2,500,000
Almaden Express Pedestrian Overcrossing, San Jose, California	500,000
Altus Falcon Road Improvements, Oklahoma	500,000
Altus Falcon Road Improvements, Oklahoma	750,000
American Parkway Project, Pennsylvania	1,000,000
Anderson, IN Rail Study, Indiana	1,000,000
Angels Flight, Los Angeles, California	200,000
Ann-Arbor-Detroit Commuter Rail	1,500,000
Aroostook North-South Highway, Maine	1,000,000
Arthur Avenue Retail Market, New York	1,000,000
Asheville River Way Project, PE and Design, North Carolina	600,000
Asphalt Institute Research, University of Kentucky	500,000
Atlantic Avenue Design/Right of Way project, New York	600,000
Atlantic Avenue Extension, New York	1,250,000
Aucilla River Bridge	1,000,000
Avalon Boulevard Expansion Project, Florida	1,000,000
Avenue T Restoration Project, Winter Haven, Florida	600,000
Avery Parkway Interchange at Interstate 5, California	1,000,000
Balch Road, Madison, Alabama	1,500,000
Barber Street, Wilsonville, Oregon	500,000
Battlefield Parkway expansion, Virginia	1,000,000
Beall Avenue Economic Redevelopment Project, Ohio	1,500,000
Bellevue Access Downtown Project, Washington	1,500,000
Bellevue Access Downtown, Phase Two, Washington	500,000
Bellingham San Juan Boulevard, Washington	1,000,000
Belmont Ave Gateway Community Enhancement Project	350,000
Belmont Infrastructure and Streetscape Improvement, North Carolina	1,250,000
Berkeley Springs Streetscape, West Virginia	200,000

<i>Project Name</i>	<i>Amount</i>
Bikeways and Walkways, Santa Fe, New Mexico	1,000,000
Billings North Bypass Project, Montana	5,000,000
Blackstone River Bicycle Facility—Segment 4A, Rhode Island	500,000
Blackstone River Valley National Heritage Corridor Roadway Improvement Program, Rhode Island	3,000,000
Boot Key Bridge Rehabilitation Project, Florida	500,000
Bouldercrest Road Improvements, Georgia	500,000
Braves Avenue, City of Gladstone, Michigan	370,000
Bridge Replacement on SR-54, Wisconsin	500,000
Briggs-DeLaine-Pearson Connector, South Carolina	2,500,000
Bring Back Broad Street Initiative, Alabama	1,000,000
Bristol Street Multi-Modal Corridor, California	750,000
Broadway Bridge, Colorado	1,200,000
Bronx Zoo Access Improvement, New York	750,000
Brooklyn Chamber of Commerce's Light-rail study, New York	300,000
Brooklyn Public Library/Grand Army Plaza, New York	700,000
Buffalo Bayou—San Jacinto Corridor Improvements	500,000
Building Access Improvements, University of Florida	1,000,000
Bullock County Industrial Park Access Road, Alabama	750,000
Byram-Clinton Norrell Corridor, Mississippi	3,800,000
C-470 and Santa Fe (US 85) Interchange, Colorado	1,000,000
California University Pennsylvania Urban MAGLEV	2,500,000
Camp Steet upgrades, East Peoria, Illinois	2,000,000
Campbell Avenue Gateway Corridor, Tucson, Arizona	500,000
Campbelltown Connector and US 322 Improvement Project, Pennsylvania	1,000,000
Canton Junction Commuter Rail Station, Massachusetts	50,000
Capacity Improvements on I-75 Corridor in SW Florida	1,000,000
Cape Cod Hyannis Gateway, Massachusetts	382,000
Cape Girardeau I-55 Corridor, Missouri	100,000
Cape Girardeau/Fountain Street downtown revitalization, Missouri	500,000
Caraway Overpass Project, Jonesboro, Arkansas	1,000,000
Central Link Westchester Avenue to East Tremont, New York	750,000
Central Riverfront Street Grid: Theodore Berry Way, Cincinnati, Ohio	500,000
Central Susquehanna Valley Transportation Project, Pennsylvania	2,000,000
Cermak and Kenton Avenues, Illinois	1,000,000

Cook-DuPage, Multi-Modal Corridor.—The conferees understand that the Illinois Department of Transportation is considering reconstruction or expansion of the Eisenhower Expressway (I-290) that passes through Oak Park, Illinois. The conferees have provided \$1,000,000 for further study of a cap over all or portions of I-290 as it passes through Oak Park. If such a cap is determined to be feasible, the conferees intend for the cap to be funded concurrently with any project to reconstruct or expand I-290 through Oak Park.

The conference agreement includes a provision (Sec. 118) that rescinds transportation infrastructure finance and innovation act funds.

The conference agreement includes a provision (Sec. 119) that makes the Port of Anchorage eligible for certain highway programs, as proposed by the Senate.

The conference agreement includes a provision (Sec. 120) that relates to RETRAC project contingency fund for payment of projects.

The conference agreement includes a provision (Sec. 121) that names the Hoover Dam Bypass Bridge, as proposed by the Senate.

The conference agreement includes a new provision (Sec. 122) allowing Nevada and Arizona to reimburse debt service payment on the Bypass Bridge at Hoover Dam project with future apportionments, in accordance with title 23 United States Code.

The conference agreement includes a provision (Sec. 123) that prohibits funding for the development or dissemination of any programmatic agreement making the Interstate eligible under the National Register of Historic Places, as proposed by the House.

The conference agreement includes a provision (Sec. 124) that rescinds unobligated balances associated with completed demonstration or high priority projects from previous laws.

The conference agreement includes a provision (Sec. 125) that makes certain projects and activities eligible to receive fiscal year 2005 grants.

The conference agreement includes a provision (Sec. 126) that provides an appropriation for the replacement of the Belleair Causeway Bridge in Pinellas County, Florida.

The conference agreement includes a provision (Sec. 127) regarding the I-10 Bridge spanning Escambia Bay in Escambia and Santa Rosa Counties, Florida.

The conference agreement includes a provision (Sec. 128) that amends section 14003 of Public Law 108-287.

FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION

MOTOR CARRIER SAFETY

LIMITATION ON ADMINISTRATIVE EXPENSES

(HIGHWAY TRUST FUND)

The conference agreement includes a limitation of \$257,547,000 for the Federal Motor Carrier Safety Administration's administrative expenses and grant programs, instead of \$248,480,000 as proposed by the House and \$260,000,000 as proposed by the Senate. The conference agreement provides funding in the following manner:

	<i>Conference level</i>
General and border operating expenses	\$125,229,000
New entrant program (Federal portion)	3,000,000
New entrant (state grants portion) ¹	13,200,000
Hazardous materials permitting program	2,000,000
Conditional carrier review program	2,000,000
Household goods enforcement	1,300,000
Administrative infrastructure	8,000,000
Regulatory development	11,143,000
HAZMAT sampling	200,000
HAZMAT routing	500,000
Non-entrant initiative	1,000,000
Information Management	18,500,000
Crash data collection	7,400,000
Outreach and education	2,200,000
Commercial driver's license improvement grants	20,000,000
Total Northern and Southern border grants	33,000,000
Hotline	375,000
Research and technology	8,500,000

¹In addition to the \$13,200,000 provided in this account, another \$17,000,000 is provided under the National motor carrier safety program.

New entrant program.—The conference agreement provides a total of \$30,200,000 for the new entrant program, of which \$13,200,000 is provided under this limitation and an additional \$17,000,000 is provided for state grants under the motor carrier safety assistance program. The conferees continue the program structure developed in fiscal year 2004 that provides the majority of funding for this program in the form of state grants, therefore, only \$3,000,000 is for oversight and other Federal responsibilities. The conferees direct that FMCSA report to both the House and Senate Committees on Appropriations by March 1, 2005, regarding the use of this Federal portion of the program, and an explanation of the new entrant audit procedure improvements and plans to

maximize the program's safety benefits and to enhance carrier compliance.

Household goods enforcement.—The conference agreement provides \$1,300,000 for household goods enforcement. This is an adequate level to maintain seven FTE provided in fiscal year 2004. The agreement does not provide for five new safety specialists proposed by the Senate. The conferees direct FMCSA to report to both the House and Senate Committees on Appropriations regarding the use of the household goods enforcement funds by March, 1, 2005.

Outreach and education.—The conferees provide a total of \$2,200,000 for outreach and education. Of this amount, \$1,500,000 is for household goods outreach, \$150,000 is for motorcoach and school bus transportation service selection, \$50,000 is for the safety is good business program, and \$500,000 is to increase safety belt usage among commercial motor vehicle drivers. No funds are provided for the share the road safely program; however, the conferees direct FMCSA to detail one FTE to NHTSA for the share the road safely program for a period ending on the date of enactment of a fiscal year 2006 Transportation and Treasury and Independent Agencies appropriations Act, other than a continuing resolution. No funds are provided for the public outreach and evaluation program as proposed by the Senate.

The conference agreement retains language proposed by the House directing FMCSA to develop strategies that link outreach and education program initiatives to each goal with a reporting date of April 10, 2005.

Working capital fund (WCF) desktop services and electronic government (E-gov).—The conferees provide no separate funding for WCF desktop services or e-gov, but direct FMCSA to absorb costs associated with these activities within funds provided under this limitation, other than grant funds, and report back to the House and Senate Committees on Appropriations on the planned amounts for these activities and funding sources with the 2005 operations plan, and actual amounts and funding sources in future budget justifications.

Safety Status Measurement System (Safestat).—The conferees retain the House language directing FMCSA to implement the Inspector General's recommendation in its February 13, 2004 report Improvements Needed in the Motor Carrier's Safety Status Measurement System.

Form M.—The conferees retain House and Senate language denying the request to transfer responsibility and funding for Form M from BTS to FMCSA.

Compliance Reviews and Safety Audits.—The conferees reiterate the House and Senate reporting requirements regarding compliance reviews and safety audits with a reporting date of February 7, 2005.

Research and Technology.—Within amounts for research and technology, the conferees direct \$500,000 for the testing and evaluation of both stationary and mobile radiation detection devices, and, as proposed by the Senate, \$200,000 to study the correlation between driver history and future safety violations.

Commercial drivers license (CDL) program.—The conference agreement provides \$21,000,000 for the commercial driver's license

improvement grants program, and retains the directive in both the House and Senate reports directing FMCSA to initiate a rule requiring all CDL applicants to provide proof of citizenship or legal presence in the U.S., consistent with the Inspector General recommendation. FMCSA shall initiate a rulemaking by May 30, 2005. The conference agreement retains the House language encouraging FMCSA to continue working to improve all aspects of the CDL program, including sponsoring pilot projects to ensure drivers who have been convicted of a disqualifying offense do not operate during the period of suspension or revocation.

NATIONAL MOTOR CARRIER SAFETY PROGRAM

(HIGHWAY TRUST FUND)

The conference agreement provides liquidating cash appropriation of \$190,000,000 for the national motor carrier safety program as proposed by both the House and the Senate.

(LIMITATION ON OBLIGATIONS)

The conference agreement includes a limitation on obligations of \$190,000,000 for motor carrier safety grants as proposed by both the House and the Senate.

The conference agreement provides funding for the national motor carrier safety program as follows:

	<i>Amount</i>
Motor carrier safety assistance program	\$169,000,000
Basic motor carrier safety grants	(133,350,000)
Performance based incentive grant program	(7,100,000)
High-priority activities	(9,450,000)
New entrant grants	(17,000,000)
State training and administration	(2,100,000)
Crash causation (Sec. 224(f) MCSIA)	(1,000,000)
Information systems and strategic safety initiatives	20,000,000
Data analysis and information systems	(14,000,000)
Implementation of PRISM	(5,000,000)
Driver programs (CDL grants)	(1,000,000)

Within the funds provided for FMCSA's high priority initiative program, the conference agreement provides \$250,000 to Auburn University for using a genetic algorithm with computational fluid dynamic codes, validated using wind tunnel and water tunnel testing, in developing a comprehensive method for optimizing the shape of tractor-trailer rigs; \$250,000 to continue the Hazardous Material Transportation safety and security testing, including conducting research on cost and benefits of using industry-standard truck disabling technologies, establishing best practices for safety and security applications of remote vehicle disabling technologies in trucking operations, and conducting field operational testing of this technology; \$150,000 to the Transportation Research Center at Georgia Tech University; and \$150,000 for FMCSA to conduct a survey of the States' entry level CDL programs to determine the adequacy of each State's CDL entry-level driving test. The conferees direct that FMCSA provide the findings of such a survey with recommendations to ensure each State administers a sufficiently demanding entry-level CDL driving test to the House and Senate Committees on Appropriations no later than June 1, 2005.

GENERAL PROVISIONS—FEDERAL MOTOR CARRIER SAFETY
ADMINISTRATION

The conference agreement includes a provision (Sec. 130) that subjects funds appropriated in this Act to the terms and conditions of section 350 of Public Law 107–87, including that the Secretary submit a report on Mexico-domiciled motor carriers. This provision was proposed by both the House and Senate.

The conference agreement includes a provision (Sec. 131) that prohibits the use of funds in this Act to implement or enforce any provision of the Final Rule issued on April 16, 2003 as it applies to operators of utility service vehicles and motion picture and television production drivers working at a site within 100 air mile radius of the reporting location for the period ending December 31, 2005.

The conference agreement includes a provision (Sec. 132) that prohibits the use of funds in this Act to issue or implement a specific proposed regulation as it relates to a phase in period to bring vehicles into compliance. The conferees direct FMCSA to coordinate and communicate with trucking firms and manufacturers affected by this provision to ensure that they understand their responsibilities, potential deadlines, and consequences. The conferees direct FMCSA to notify the House and Senate Committees on Appropriations regarding the steps that will take place to meet this coordination requirement.

NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION

OPERATIONS AND RESEARCH

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The conference agreement provides a total program level of \$232,986,000 for highway and traffic safety activities, instead of \$223,114,000 as proposed by the House and \$228,300,000 as proposed by the Senate. The limited amounts for obligation include \$157,386,000 for operations and research, \$72,000,000 for operations and research, and \$3,600,000 for the national driver register.

The following table summarizes the conference agreement for operations and research by budget activity:

Salaries and benefits	\$71,700,000
Travel	1,347,000
Operating expenses	23,801,000
Contract programs:	
Safety performance (rulemaking)	11,383,000
Safety assurance (enforcement)	18,277,000
Highway safety programs	51,493,000
Research and analysis	70,521,000
General administration	779,000
Grant administration reimbursements	– 16,306,000
Total	232,986,000

OPERATING EXPENSES

The conference agreement provides no more than \$2,900,000 for NHTSA computer support, \$100,000 for harmonization efforts, and no funding for workforce development or e-gov initiatives from OST.

SAFETY ASSURANCE

The conference agreement provides an additional \$250,000 for 2 additional full-time staff years for enforcement actions against non-compliant vehicles, as proposed by the House.

SAFETY PERFORMANCE

The conference agreement provides an additional \$200,000 to accelerate the purchase schedules for NCAP vehicle testing, as proposed by the Senate.

HIGHWAY SAFETY PROGRAMS

The conference agreement provides the following funding levels for highway safety programs:

Impaired Driving	\$13,145,000
Judicial and prosecutorial awareness	(1,500,000)
Target populations	(500,000)
Drug Evaluation and Classification	0
Pedestrian/Bicycle safety	2,450,000
Pedestrian accident study	(50,000)
South Carolina DOT's Older Drivers & Pedestrian Signage Demonstration Project	(800,000)
WPI Center for Human Impact Protection Systems	(400,000)
Motorcycle safety	744,000
National Occupant Protection	11,600,000
Enforcement and Justice Services	2,217,000
Emergency Medical Services	3,520,000
NEMSIS implementation	(250,000)
TraumaLink, Philadelphia PA	(500,000)
USA Center for Rural Vehicle Research	(500,000)
Records and Licensing	4,900,000
Interstate digital image exchange project	(2,300,000)
Highway Safety Research	8,050,000
Driver's Edge Safety Program, Nevada	(400,000)
FAMU—FSU Transportation Safety Research Center	(800,000)
Emerging Traffic Safety Issues	1,187,000
Share the Road Safely	100,000
NAS Tire Study	250,000
NOPUS	1,600,000
National Driver Register	2,000,000

Share the road safely program.—The conference agreement directs NHTSA to lead the implementation of the share the road safely program for fiscal year 2005, as proposed by the House and the Senate. In addition, FMCSA is directed to work cooperatively with NHTSA and to provide one full-time detailee to work with NHTSA staff, as proposed by the Senate.

NAS tire efficiency study.—The conferees direct NHTSA to provide an update to the House and Senate Committees on Appropriations on the status of the NAS tire efficiency study by December 31, 2004, as proposed by the House.

Plastic and composite vehicles.—The conferees recognize the development of plastics and polymer-based composites in the auto-

motive industry and the important role these technologies play in improving and enabling automobile performance. The conferees encourage NHTSA to develop a program to examine possible safety benefits of Lightweight Plastic and Composite Intensive Vehicles (PCIV). The program will help facilitate a foundation between DOT, the Department of Energy and industry stakeholders for the development of safety-centered approaches for future light-weight automotive design.

RESEARCH AND ANALYSIS

The conference agreement provides the following funding levels for research and analysis:

Crashworthiness	\$25,675,000
Southern Consortium for Injury Biomechanics	(2,000,000)
University of Vermont & Fletcher Allen Healthcare	(1,000,000)
Crash Avoidance	10,198,000
Fatigue eye-tracking & monitoring research	(300,000)
Visual loss research	(100,000)
National Center for Statistics & Analysis	25,119,000
Additional FARS funding	(850,000)
Vehicle Research & Test Center	1,020,000
Crash Causation Study	7,000,000
Crash Avoidance Initiative	500,000
Early Fatality Notification System	1,000,000

OPERATIONS AND RESEARCH

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The conference agreement limits obligations for operations and research to \$72,000,000, as proposed by the Senate.

NATIONAL DRIVER REGISTER

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The conference agreement limits obligations for the national driver register to \$3,600,000, as proposed by the House.

HIGHWAY TRAFFIC SAFETY GRANTS

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(LIMITATION ON OBLIGATIONS)

(HIGHWAY TRUST FUND)

The conference agreement limits obligations for highway traffic safety grants to \$225,000,000, as proposed by both the House and the Senate.

Highway safety oversight.—The conference agreement does not agree to include language pertaining to highway safety grant oversight, as proposed by the Senate. This exclusion is based upon assurances that NHTSA will actively pursue their oversight respon-

sibilities relating to state obligation of grant monies. Furthermore, NHTSA shall ensure that the House and Senate Committees on Appropriations are kept apprised of NHTSA's progress.

GENERAL PROVISIONS—NATIONAL HIGHWAY TRAFFIC SAFETY
ADMINISTRATION

The conference agreement includes a provision (Section 140) allowing States to use highway traffic safety grant funds for highway safety public service messages, as proposed by the House and Senate. No more than 30% of funds for impaired driving media support may go to the 13 strategic states, instead of 60%, as proposed by the House.

The conference agreement includes a provision (Section 141) directing NHTSA to administer the share the road safely program and prohibiting funds from being transferred to any other Federal agency, as proposed by the Senate.

The conference agreement includes a provision (Section 142) allowing NHTSA to use the funds necessary to carry out provisions of section 157, as proposed by the Senate.

FEDERAL RAILROAD ADMINISTRATION

SAFETY AND OPERATIONS

The conference agreement provides \$139,769,000 for Safety and Operations, instead of \$137,738,000 as proposed by the House and \$139,849,000 as proposed by the Senate. The conferees approve 17 new positions for FRA: 8 inspectors, 8 inspector trainees, and 1 passenger rail staff. The agreement provides \$275,000 for a central training facility and \$1,500,000 for a track geometry vehicle. The agreement denies \$193,000 for e-gov initiatives requested by OST, \$500,000 for a fatigue study, and \$300,000 for workforce planning efforts.

RAILROAD RESEARCH AND DEVELOPMENT

The conference agreement provides \$36,025,000 for Railroad Research and Development, instead of \$33,289,000 as proposed by the House and \$35,225,000 as proposed by the Senate. Within the amount provided, the conferees have provided \$250,000 for the WVU constructed facility center, \$2,000,000 for Marshall University and the University of Nebraska for safety and research programs in rail equipment, human factors, and track and rail safety related issues, and \$6,800,000 for NDGPS.

RAILROAD REHABILITATION AND IMPROVEMENT PROGRAM

RRIF loan repayment.—The conferees include bill language directing Amtrak to repay the 2002 RRIF loan in five equal annual installments over a five-year period. The conferees are concerned that, in annually seeking deferral of its obligations to repay the Federal Government, Amtrak jeopardizes the future of the Railroad Rehabilitation and Improvement Financing Program. This program was established to meet the essential infrastructure investment needs of the rail industry, in particular the small and regional freight railroads that are essential to the economic competitiveness

of many parts of rural and small town America. Continuation of such deferrals could set a dangerous precedent for Federal credit programs. The conferees believe that no one, including a quasi-governmental entity such as Amtrak, should be exempt from meeting its financial obligations to the Federal Government in a timely manner. Clearly, Amtrak agreed to a repayment schedule that it knew, or at least should have known, would jeopardize its ability to undertake infrastructure repairs critical to safe and reliable intercity and commuter passenger transportation, particularly in the Northeast Corridor. This is a lesson that should not be lost on Amtrak if it should again contemplate funding capital improvements with debt. The conferees direct Amtrak and the FRA to enter into a realistic repayment schedule that will permit repayment of the principal and interest of the RRIF loan owed to the Federal Government by Amtrak, while mitigating the impact of this debt obligation on Amtrak's capital program.

NEXT GENERATION HIGH-SPEED RAIL

The conference agreement provides \$19,650,000 for Next Generation High-Speed Rail, instead of \$11,000,000 as proposed by the House and \$20,000,000 as proposed by the Senate. The agreement provides the following funding allocations:

Train Control Systems	\$7,500,000
North American joint PTC project	(6,500,000)
Train Control—TTC	(1,000,000)
High-Speed Non-Electric Locomotives	1,700,000
DMU compliance and demonstration, Florida	(400,000)
DMU compliance and demonstration, New Jersey	(400,000)
Grade Crossing & Innovative Technologies	4,350,000
Alaska RR luminescent grade crossings	(1,000,000)
Vicksburg, MS Fairgrounds St grade crossing	(1,000,000)
Assembly Street, South Carolina	(600,000)
High-speed rail improvements between NYC and Albany, NY	(350,000)
Track/Structures Technology	1,000,000
Corridor Planning	3,100,000
Gulf Coast High Speed Rail Corridor Study	(1,000,000)
Memphis Region High Speed Rail Study	(400,000)
Spokane Region High Speed Rail Corridor Study	(1,000,000)
New England High Speed Rail Boston-Springfield-New Haven Corridor Study	(700,000)
Maglev	2,000,000
California-Nevada Interstate Maglev Project	(1,000,000)
Pennsylvania Maglev Deployment Project	(1,000,000)

Magnetic levitation.—Section 1218 of TEA-21 established a magnetic levitation deployment program to be administered by the FRA. Last year, the conferees requested that FRA perform a cost-benefit comparison report of magnetic levitation to other modes of travel. Although FRA has not completed the report, the conferees are awaiting the receipt of the final draft.

Rail-highway crossing hazard eliminations.—The conference agreement also provides the following funding allocations for rail-highway grade crossing mitigation:

Hamilton Boulevard, Mobile, Alabama	\$1,000,000
City of Spartanburg rail crossing mitigation, South Carolina	1,075,000
Safety and Mitigation Rail Relocation in Auburn, Maine	500,000
Harrisburg CorridorOne Track Safety, Pennsylvania	550,000
McCord Road, Lucas County, Ohio, grade separation	1,000,000
Illinois statewide highway-rail crossing safety program	400,000

Vermont statewide highway-rail crossing safety	325,000
Wisconsin railway-highway crossing elimination	400,000

Rock Island rail line, Oklahoma.—The conferees are aware of an unused rail line, which runs from McAlester to Oklahoma City, Oklahoma, that has been the subject of acquisition negotiations for a number of years. The conferees encourage all parties involved to reach a reasonable settlement expeditiously, so that this important rail link can be rehabilitated and reopened as soon as possible.

ALASKA RAILROAD REHABILITATION

The conference agreement provides \$25,000,000 for the rehabilitation expenses of the Alaska Railroad, as proposed by the Senate.

GRANTS TO THE NATIONAL RAILROAD PASSENGER CORPORATION

The conference agreement provides \$1,217,000,000 for quarterly grants to Amtrak, as proposed by the Senate. Of this amount, no less than \$500,000,000 is provided for capital grants, as proposed by the House. The conference agreement retains report language proposed by the House regarding operating and capital plans, Amtrak financial information, monthly reporting requirements, state-assisted intercity rail service, and capital asset valuation.

Amtrak common stock redemption.—The Amtrak Reform and Accountability Act of 1997 (AARA) directed Amtrak to redeem all common stock at fair market value by October 1, 2002 in order to rid Amtrak of certain of its financial encumbrances so that Amtrak could position itself to seek and receive investor funds and other private financing. The date of the mandated redemption has passed, the redemption has not occurred, and the parties are not engaged in resolving the matter of evaluation of such stock at Fair Market Value, thwarting clear Congressional intent. The conferees urge these parties to resolve this matter expeditiously.

GENERAL PROVISIONS—FEDERAL RAILROAD ADMINISTRATION

The conference agreement includes a provision (Section 150) that requires the Secretary of Transportation to continue development and implementation of a fair competitive bid procedure, as proposed by both the House and the Senate.

The conference agreement includes a provision (Section 151) that allows FRA to provide reimbursement to employees for home internet connections, as proposed by the House.

The conference agreement includes a provision (Section 152) that clarifies the intent of Federal funds provided to the Alaska Railroad, as proposed by the Senate.

The conference agreement includes a provision (Section 153) that directs DOT to award a grant included in P.L. 108–199 for KBS Railroad in Illinois, as proposed by the Senate.

The conference agreement includes a provision (Section 154) that expands the Northern New England High Speed Rail Corridor.

The conference agreement includes a provision (Section 155) that directs Amtrak to submit to the House and Senate Commit-

tees on Appropriations in fiscal year 2005 a report detailing Amtrak's obligations pursuant to 49 U.S.C. 24306(a).

FEDERAL TRANSIT ADMINISTRATION

ADMINISTRATIVE EXPENSES

The conference agreement provides \$78,000,000 for administrative expenses, as proposed by the Senate. Within this total, the conference agreement provides the following funding levels for FTA offices:

Office of the Administrator	\$900,000
Office of Administration	6,520,000
Office of Chief Counsel	4,100,000
Office of Communications & Congressional Affairs	1,243,000
Office of Program Management	7,396,000
Office of Budget and Policy	6,929,000
Office of Research, Demonstration and Innovation	4,645,000
Office of Civil Rights	3,013,000
Office of Planning and Environment	4,171,000
Regional Offices	20,150,000
Central Account	16,433,000
National Transit Database	2,500,000

Transfer authority.—The conference agreement provides transfer authority of 5% among administrative offices. The conferees direct FTA to provide quarterly updates to the House and Senate Committees on Appropriations on all transfers of funding within the administrative office structure.

FY06 budget request.—Within the FY06 budget request, the conferees direct FTA to submit an office-by-office breakdown, as proposed by both the House and Senate and an analysis of new start project technical assistance, as proposed by the House.

Full funding grant agreements (FFGAs).—The conference agreement retains language proposed by the House detailing notification of Congress of procedures prior to the execution of a FFGA. In addition, the conference agreement retains language proposed by the House regarding notification of advancement of projects into preliminary engineering or final design.

Revisions of Congressional intent.—The conference agreement retains language proposed by the House directing FTA to seek approval of the House and Senate Committees on Appropriations prior to revising Congressional intent.

FORMULA GRANTS

(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$4,032,175,000 for formula grants, as proposed by the Senate. The conference agreement transfers language regarding an intercity bus reporting requirement, as proposed by the House, to the Office of the Secretary.

UNIVERSITY TRANSPORTATION RESEARCH

The conference agreement provides \$6,000,000 for university transportation research, as proposed by the House and Senate.

TRANSIT PLANNING AND RESEARCH

The conference agreement provides \$128,000,000 for transit planning and research, as proposed by the Senate. From funds provided for national planning and research, the conference agreement provides the following funding levels:

Advanced Transportation Technology Institute	\$125,000
Automation Alley BuSolutions	550,000
CALSTART/WestStart Advanced Transit Technology	2,000,000
Center for composite manufacturing, AL	950,000
Southern Fuel Cell Coalition—Center for Transportation and the Environment	450,000
Chester County transit security training facility, PA	125,000
Community Transportation Association of America Nationwide Joblinks	500,000
Fischer-Tropsch clean diesel technology demonstration, OK	875,000
Hennepin County Community Works	1,200,000
hOurCar, MN	75,000
Lehigh Carbon Community College transit first responder training facility	75,000
Low cost carbon fiber production technology, University of Tennessee	450,000
Nanostructured catalysts for hydrogen fuel cells (CATV UA)	950,000
National Bio-Terrorism Civilian Medical Response Center, PA	725,000
National Technical Assistance Center for Senior Transportation	2,000,000
NDSU Transit Center for Small Urban Areas, ND	400,000
Northern Wisconsin Rural Transportation Study	60,000
Oklahoma Transportation Center	2,000,000
Pawtucket train depot rehabilitation initiative, RI	235,000
Phillipsburg to Northeastern NJ/NYC commuter rail study, NJ	400,000
Project ACTION (TEA-21)	3,000,000
PVTA Electric Bus	640,000
Sitting Bull College bus facility planning, SD	65,000
Transit access CUMTD initiative, IL	500,000
Transit technology career ladder partnership training program	500,000
Transportation Research Program, Wichita State University	1,000,000
WVU exhaust emissions testing initiative, WV	1,400,000

TRUST FUND SHARE OF EXPENSES

The conference agreement provides \$6,744,500,000 for the trust fund share of expenses, instead of \$6,047,200,000 as proposed by the House and \$6,764,976,000 as proposed by the Senate.

CAPITAL INVESTMENT GRANTS

(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$3,338,825,000 for capital investment grants, instead of \$2,852,647,000 as proposed by the House and \$3,413,825,000 as proposed by the Senate.

Three year availability of section 5309 discretionary funds.—The conferees direct FTA to not reallocate funds provided in the fiscal year 2002 Department of Transportation and Related Agencies Appropriations Act or previous Acts for the following bus and bus facilities projects:

- Alabama State Dock in intermodal passenger and freight terminal bus and bus related facilities
- Binghamton Intermodal Transportation Center/terminal
- Blue Water Area Transportation Commission bus facilities
- Bronx Zoo Intermodal Transportation Facility
- Cab Care paratransit facility
- City of Monrovia natural gas vehicle fueling facility

- Costa Mesa CNG facility
- County of Calaveras bus fleet replacement
- East Haddam transportation vehicles and transit facilities
- Greater Minnesota Transit Authority bus, paratransit and transit hub (MNDOT)
- Greater New Haven Transit District CNG vehicle project (ConnDOT)
- Homer Alaska Maritime Wildlife Intermodal and welcome center
- Indiana bus consortium buses and bus facilities
- Indianapolis downtown transit facility
- Las Cruces intermodal transit facility
- Livermore Amador Valley Transit Authority buses and facility
- Macon terminal intermodal station
- Missouri Pacific Depot
- Morgantown Parking Facility
- North County Transit District, initial design and planning for new intermodal center
- Norwich bus terminal and pedestrian access
- Oglala Sioux Tribe buses and bus facilities
- San Bernardino CNG/LNG buses
- Sierra Madre Villa & Chinatown intermodal transportation centers/LA MTA bus and bus related facilities
- Southern Teton Area Rapid Transit bus facility
- Springfield Union Station intermodal facility
- Station Plaza (NY) commuter parking lot
- Tompkins Consolidated Area transit center
- Ravalli County Council on aging bus facility
- Area VII agency on aging bus facility
- Statewide bus and bus facilities, MT
- Wilkes-Barre Intermodal Facility

The conferees direct FTA to not reallocate funds provided in the fiscal year 2002 Department of Transportation and Related Agencies Appropriations Act or previous Acts for the following new start projects:

- Greater Albuquerque mass rail transit project
- Birmingham, Alabama, Transit Corridor
- Dulles Corridor Project
- Honolulu, Hawaii, Bus Rapid Transit Project
- Kenosha-Racine-Milwaukee Rail Extension Project
- Maryland (MARC) Commuter Rail Improvements Projects
- Northeast Indianapolis, Indiana, Downtown Corridor Project
- Philadelphia SEPTA Cross County Metro Project
- Philadelphia, Pennsylvania-Schuylkill Valley Metro Project

BUS AND BUS FACILITIES

The conference agreement provides \$675,000,000 for buses and bus facilities programs, together with \$50,000,000 transferred from "Federal Transit Administration, Formula grants". Funds provided for buses and bus facilities are distributed as follows:

<i>Project Name</i>	<i>Amount</i>
Abilene bus and bus facilities, Texas	\$750,000
Acadia National Park intermodal facility, Maine	250,000
Addicks Park & Ride Ramp, Texas	4,500,000
Alabama State Docks intermodal facility, Alabama	10,000,000
Alaska Mental Health Trust bus program, Alaska	1,000,000
Alaska Native Medical Center intermodal bus/parking facility, Alaska	2,000,000
Allegan County Transportation, Michigan	1,500,000
Alma Transit facility and replacement buses, Michigan	500,000
Alternative fuel replacement buses, Tucson, Arizona	1,000,000
Ames transit/bus facility, Iowa	1,000,000
Amesbury bus facility, Massachusetts	1,000,000
Amtran Bus Replacement, Altoona, Pennsylvania	300,000
Anaheim Resort Transit, California	300,000
Anchorage Museum/Transit intermodal depot, Alaska	1,500,000

<i>Project Name</i>	<i>Amount</i>
Anchorage paratransit and disability improvements, Alaska	1,500,000
Anchorage Ship Creek intermodal facility, Alaska	2,500,000
Ann Arbor Transit (AATA) transit center, Michigan	1,000,000
Ardmore transit center, Pennsylvania	6,000,000
Area Transit Authority, Pennsylvania	1,425,000
Area Transportation Authority of North Central Pennsylvania pas- senger terminal, Pennsylvania	1,250,000
Arkansas Statewide buses and bus facilities	8,000,000

Yosemite Area Regional Transportation System, California	400,000

Washington statewide small transit systems, bus and bus facilities.—The conference agreement provides \$4,000,000 to the Washington State Department of Transportation (WSDOT) for bus and bus facilities grants. The conferees expect WSDOT to fund the following projects: (1) \$400,000 Clallam Transit; (2) \$50,000 Columbia County Public Transportation (CCPT); (3) \$50,000 Garfield County; (4) \$400,000 Grant Transit; (5) \$600,000 Grays Harbor Transportation Authority; (6) \$400,000 Island Transit; (7) \$750,000 Jefferson Transit; (8) \$400,000 Mason County Transportation Authority; (9) \$50,000 Pacific Transit; (10) \$400,000 Twin Transit; and (11) \$500,000 Valley Transit.

Illinois Statewide Buses.—The conferees provide \$7,000,000 to the Illinois Department of Transportation (IDOT) for Section 5309 Bus and Bus Facilities grants. The conferees expect IDOT to provide at least \$3,000,000 for Downstate Illinois replacement buses in Bloomington, Champaign-Urbana, Danville, Decatur, Peoria, Quincy, RIDES MTD, River Valley, Rockford, Rock Island, Springfield, and for the Bi-State Development/Metro Agency. Further, the conferees expect IDOT to provide appropriate funds for bus facili-

ties in Bloomington, Galesburg, Macomb, Peoria, and Rock Island, including \$750,000 for the Champaign Day Care Center/Park-n-Ride; \$500,000 for the Richton Park Metra Intermodal Transit Park and Ride Facility; \$750,000 for the City of Chicago's Free Trolley system; and \$500,000 for the Downtown Normal Multimodal facility.

The conference agreement retains all language in the House and Senate reports allowing funds appropriated for a bus or bus facility project to be used for another eligible purpose, with the exception of Senate proposed language for South Bend Intermodal Facility, Indiana. Amounts previously obligated for the South Street Station Project in fiscal year 1996 and fiscal year 1997 shall be made available for the South Bend Bus Operations Center project in South Bend, Indiana. In addition, House retained language regarding Detroit bus and bus facilities should read "Public Law 106-69" instead of "Public Law 106-109".

Newton Rapid Transit Handicap Access Improvements, Massachusetts.—Amounts made available in fiscal year 2004 for Newton Rapid Transit Handicap Access Improvements, Massachusetts, shall be available for making handicap accessibility improvements to the Auburndale Station in Newton, MA.

Alameda Point Areil Transit Project, California.—Amounts made available in fiscal year 2004 for Alameda Point Areil Transit Project, California, shall be available for the Fairfield/Vacaville Intermodal Transit Station, California.

Utica Transit Authority Buses, New York.—Amounts made available in fiscal year 2003 for Utica Transit Buses, New York, shall be made available for Oneida County buses and transit items.

Statewide Bus and Bus Facilities, Montana.—Unobligated balances from amounts made available in fiscal year 2002 to Area VIII Agency on Aging Bus and Bus Facility and Ravalli County Council on Aging Bus and Bus Facility shall be combined with and made available for Statewide Buses and Bus Facilities.

New York City grant reprogramming.—The conference agreement includes a provision that allows urbanized area formula grant funds and capital investment or discretionary grant funds awarded to the New York City DOT to be made available to the New York Metropolitan Transportation Authority for eligible capital projects. The conferees are concerned that this provision in some way might facilitate the closure of current bus routes or the delaying of service improvements in certain New York City bus lines. This is not the intent of the conferees, and MTA should work to avoid any such harmful effects.

NEW STARTS

The conference agreement provides \$1,449,425,000 for new starts programs, together with funds made available from reallocated new start projects from the fiscal year 2002 Act and previous Acts. Funds provided for new start projects are distributed as follows:

Atlanta, Georgia/North Springs (North Line Extension)	\$265,410
Baltimore, Maryland, Central Light Rail Double Track	29,010,000
Birmingham—Transit Corridor, Alabama	1,000,000
Boston, Massachusetts, Silver Line III	3,000,000

Capital Metro—Bus Rapid Transit, Texas	1,000,000
CATRAIL RTC Rail Project, Nevada	1,000,000
Charlotte, North Carolina, South Corridor Light Rail Project	30,000,000
Chicago, Illinois, Douglas Branch Reconstruction	85,000,000
Chicago, Illinois, Ravenswood Line Extension	40,000,000
Cleveland, Ohio, Euclid Corridor Transportation Project	25,000,000
Dallas, Texas, NW/SE Extension	8,500,000
Denver, Colorado, Southeast Corridor LRT	80,000,000
Dulles Corridor Rapid Transit Project, Virginia	25,000,000
Fort Lauderdale, Florida, South Florida Commuter Rail Upgrades	11,409,506
Harrisburg, Pennsylvania, Corridor One Rail MOS	2,000,000
Hawaii and Alaska Ferry Boats	10,296,000
Houston Advanced Metro Transit Plan, Texas	8,500,000
I-5/I-205/SR50, Transit Loop, Washington and Oregon	1,500,000
Las Vegas, Nevada, Resort Corridor Fixed Guideway Project	30,000,000
Little Rock River Rail, Arkansas	3,500,000
Los Angeles, California/MOS3 Metro Rail (North Hollywood)	675,103
Los Angeles, California, Eastside Light Rail Transit Project	60,000,000
Los Angeles, California, Gold Line Foothill Extension	500,000
Metra Commuter Rail Expansions and Extensions, Illinois	52,000,000
Minneapolis, Minnesota, Hiawatha Light Rail Project	33,698,453
Minneapolis, Minnesota, Northstar Commuter Rail Project	5,000,000
Nashville, Tennessee, East Corridor Commuter Rail	2,000,000
New Jersey Trans-Hudson Midtown Corridor	1,200,000
New Orleans, Louisiana, Canal Street Corridor Project	16,747,023
New York, New York Long Island Rail Road East Side Access	100,000,000
Norfolk, Virginia, Light Rail Transit Project	2,000,000
Northern New Jersey Hudson-Bergen Light Rail MOS2	100,000,000
New Jersey Newark Rail Link MOS 1	319,463
Northern New Jersey Newark-Elizabeth Rail Line MOS1	1,365,876
Philadelphia, Pennsylvania, Schuylkill Valley MetroRail	10,000,000
Phoenix, Arizona, Central Phoenix/East Valley Light Rail	75,000,000
Pittsburgh, Pennsylvania, North Shore Light Rail Connector	55,000,000
Pittsburgh, Pennsylvania, Stage II Light Rail	1,140,792
Portland, Oregon, Interstate Max Light Rail Extension	23,480,000
Raleigh, North Carolina, Triangle Transit Authority Regional Rail Project	20,000,000
Rhode Island Integrated Commuter Rail Project	6,000,000
Regional Commuter Rail (Weber County to Salt Lake City), Utah	8,000,000
Salt Lake City, Utah/CBD to University LRT	1,147,398
Salt Lake City, Utah/Medical Center Extension	8,836,110
San Diego, California, Mid-Coast Light Rail Extension	1,000,000
San Diego, California, Mission Valley East Light Rail Extension	81,640,000
San Diego, California, Oceanside-Escondido Rail Corridor	55,000,000
San Francisco, California, BART Extension to San Fran Inter- national Airport	100,000,000
San Francisco, California, Muni Third Street Light Rail Project	10,000,000
San Juan, Puerto Rico, Tren Urbano Rapid Transit System	44,620,000
Santa Clara County, California, Silicon Valley Rapid Transit Cor- ridor Project	2,500,000
Seattle, Washington, Central Link Initial Segment	80,000,000
Sound Transit Sounder Commuter Rail, Lakewood to Nisqually, Washington	4,000,000
South Shore Commuter Rail, Indiana	2,500,000
St. Louis, Missouri/MetroLink St. Clair Extension	60,436
Stamford, Connecticut Urban Transitway, Phase 2	3,000,000
Washington County, Oregon, Wilsonville to Beaverton Commuter Rail Project	9,000,000
Washington, DC/Largo Extension, Maryland	76,770,615

Resort corridor system extension, Las Vegas, NV.—The conferees expect the FTA to continue to set aside sufficient funds from the total amount of contingent commitment authority available for full funding grant agreements for fiscal year 2005 for the Resort Corridor System Extension project while the project works through a series of unanticipated technical problems. The conferees look for-

ward to receiving the anticipated Full Funding Grant Agreement for this project once those technical problems have been resolved.

JOB ACCESS AND REVERSE COMMUTE GRANTS

The conference agreement provides \$125,000,000 for JARC programs. Funds provided for JARC projects are distributed as follows:

Cleveland JARC Ohio	\$750,000
Abilene JARC, Texas	150,000
AC Transit—Calworks Job Center (Bay Area), California	5,000,000
Akron METRO Job Access and Reverse Commute, Ohio	300,000
ARC of Madison County, Alabama	350,000
Bedford Ride, Virginia	60,000
Brockton Area Transit Authority JARC, Massachusetts	600,000
Broome County Transit, Binghamton, New York	250,000

Wyandotte Co/KCK JARC, Kansas	500,000

Washington Metropolitan Area Transit Authority JARC.—The conferees direct FTA to permit WMATA to reprogram funds currently and previously appropriated for WMATA's JARC program to be used to provide ADA paratransit service to persons who are eligible for such service under the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and the guidelines for WMATA's MetroAccess program.

GENERAL PROVISIONS—FEDERAL TRANSIT ADMINISTRATION

The conference agreement includes a provision (Section 160) that exempts previously made transit obligations from limitations on obligations, as proposed by both the House and Senate.

The conference agreement includes a provision (Section 161) that allows funds for discretionary grants of the Federal Transit Administration for specific projects, except for fixed guideway modernization projects, not obligated by September 30, 2005, and other recoveries, to be used for other projects under 49 U.S.C. 5309, as proposed by both the House and Senate.

The conference agreement includes a provision (Section 162) that allows transit funds appropriated before October 2, 2003, that

remain available for expenditure to be transferred, as proposed by both the House and Senate.

The conference agreement includes a provision (Section 163) that prohibits Federal transit grantees from obligating or expending funds after February 1, 2004, that would otherwise be available in the Act, if the grantee is involved directly or indirectly with any activity, including displaying or permitting to be displayed advertisements on its land, equipment, or in its facilities, that promotes the legalization or medical use of substances listed in schedule I of section 202 of the Controlled Substances Act, as proposed by the House.

The conference agreement includes a provision (Section 164) that allows the restoration of obligation authority to formula grants funds that were reduced due to FTA violations of the Antideficiency Act, as proposed by the House.

The conference agreement includes a provision (Section 165) that allows funds made available for Alaska and Hawaii ferry boats or ferry terminal facilities to be used to construct new vessels and facilities or to improve existing vessels and facilities, as proposed by the Senate.

The conference agreement includes a provision (Section 166) that allows unobligated funds for new projects under Federal Transit Authority to be used during this fiscal year to satisfy expenses incurred for such projects, as proposed by the Senate.

The conference agreement includes a provision (Section 167) that expands authorization allowing cooperative procurement of major capital equipment to 5 pilot projects, as proposed by the Senate.

The conference agreement includes a provision (Section 168) that allows amounts previously made available to the Port Authority of Allegheny County to be used for bus purchases, as proposed by the Senate.

The conference agreement includes a provision (Section 169) that allows a transfer of Greater New Haven Transit District bus funding for transit research, as proposed by the Senate.

The conference agreement includes a provision (Section 170) that allows amounts previously made available to Matanuska Susitna Borough for ferry boats to be used for an intermodal facility, as proposed by the Senate.

The conference agreement includes a provision (Section 171) that relates to bus funds for Honolulu, Hawaii, as proposed by the Senate.

The conference agreement includes a provision (Section 172) that allows the Navy to receive funds from Hawaii for ferry boats for transportation services for the Arizona War Memorial, as proposed by the Senate.

The conference agreement includes a provision (Section 173) that directs FTA to comply with the coordinated development and governmental funding requirements of Section 3042 of the Federal Transit Act of 1998, as proposed by the Senate.

The conference agreement includes a provision (Section 174) that modifies the calculation of the non-New Starts share of funding for the San Francisco Muni Third Street Light Rail Project, as proposed by the House.

The conference agreement includes a provision (Section 175) that allows a transfer of funding for Vermont Commuter Rail to upgrade an existing rail project, as proposed by the Senate.

The conference agreement includes a provision (Section 176) that allows unobligated funds made available to the Oklahoma Transit Association in Public Law 108-7 to instead be made available to the Metropolitan Tulsa Transit Authority and the Central Oklahoma Transportation and Parking Authority for any project or activity authorized under the JARC program, as proposed by the House.

The conference agreement includes a provision (Section 177) that allows urbanized area formula grant funds and capital investment or discretionary grant funds awarded to the New York City Department of Transportation to be made available to the New York Metropolitan Transportation Authority for eligible capital projects.

The conference agreement includes a provision (Section 178) that allows small urbanized areas that became part of the metropolitan Houston, Texas urbanized area, but lie outside the service area of the principal public transportation agency that serves that urbanized area to use funds made available to carry out 49 U.S.C. 5307 in fiscal year 2005.

The conference agreement includes a provision (Section 179) that allows funds made available to the Hawthorne-Warwick Commuter Rail Project to be reallocated for other projects.

SAINT LAWRENCE SEAWAY DEVELOPMENT CORPORATION
OPERATIONS AND MAINTENANCE
(HARBOR MAINTENANCE TRUST FUND)

The conference agreement includes \$15,900,000 for the Operations and Maintenance of the Saint Lawrence Seaway Development Corporation as proposed by both the House and Senate. The conferees designate that \$1,500,000 of this total is for concrete replacement at Eisenhower and Snell Locks, as proposed by the House.

MARITIME ADMINISTRATION
MARITIME SECURITY PROGRAM

The conference agreement includes \$98,700,000 for the maritime security program as proposed by the House and Senate.

OPERATIONS AND TRAINING

The conference agreement includes \$109,478,000 for MARAD's operations and training account, instead of \$106,400,000 as proposed by the House and \$110,910,000 as proposed by the Senate. The conference agreement allocates the funds for operations and training as follows:

[In thousands of dollars]

<i>Activity</i>	<i>Conference level</i>
U.S. Merchant Marine Academy:	
Salary and benefits	\$23,753
Midshipmen program	6,303

<i>Activity</i>	<i>Conference level</i>
Instructional program	3,448
Program direction and administration	2,945
Maintenance, repair & operating requirements	6,327
Capital improvements	13,138
	<hr/>
Subtotal, USMMA	55,914
	<hr/> <hr/>
State Maritime Schools:	
Student incentive payments	1,200
Direct schoolship payments	1,200
Schoolship maintenance and repair	8,090
	<hr/>
Subtotal, State Maritime Academies	10,490
	<hr/> <hr/>
MARAD Operations:	
Salaries and benefits	26,112
Non-salary base	10,448
	<hr/>
Subtotal—Base operations	36,560
Enterprise architecture & IT security upgrades	150
DOT working capital fund (IT consolidation)	4,560
GSA space	94
DOT Electronic Government	100
Inland waterway conditions and performance report	1,000
Security Training Center	610
	<hr/>
Subtotal, MARAD Operations	43,074
	<hr/> <hr/>
Subtotal, Operations and Training	109,478

The conferees provide \$610,000 as a one-time appropriation for relocation and reconfiguration of the CAPE CHALMERS from the National Defense Reserve Fleet to the Federal Law Enforcement Training Center in Charleston, South Carolina to establish a maritime security professional training center. Funds shall not be used for training purposes or for administration purposes associated with the Federal Law Enforcement Training Center.

The conferees provide \$1,000,000 to prepare a conditions and performance report and needs assessment for the inland waterways system. In developing the conditions and performance and needs assessment report, MARAD should consider and evaluate the potential for applying information technology and data management to the inland waterways infrastructure to address increased transportation demands.

Base Ops Breakout.—The conferees direct MARAD to comprehensively delineate the antecedent line item elements, along with their associated, requested funding levels, that encompass base operations within future, officially submitted budget justifications to the House and Senate Committees on Appropriations.

SHIP DISPOSAL

The conference agreement includes \$21,616,000 for the disposal of obsolete vessels of the National Defense Reserve Fleet as proposed by the Senate, instead of \$19,116,000 as proposed by the House.

MARITIME GUARANTEED LOAN (TITLE XI) PROGRAM ACCOUNT
(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$4,764,000 for administration expenses of the maritime guaranteed loan program (Title XI) as proposed by the House and Senate. This level is adequate to fund the three requested full time equivalents to improve the administration and oversight of the Title XI loan process, as recommended by the DOT Inspector General. Further, MARAD is prohibited from detailing any personnel overseeing the Title XI program to any other modal administration, including the Office of the Secretary, without the advance consent of both the House and Senate Committees on Appropriations. In addition, the conferees direct MARAD to implement the additional three recommendations detailed in the Inspector General's follow-up audit of the Title XI program dated September 28, 2004, and make available up to \$2,000,000 of the Title XI funds provided under Public Law 108-11 to be used to develop and acquire a comprehensive computer-based financial monitoring system.

NATIONAL DEFENSE TANK VESSEL CONSTRUCTION PROGRAM

The conference agreement amends a provision included in the Senate bill and includes \$75,000,000 for the National Defense Tank Vessel Construction Program authorized under Public Law 108-136.

SHIP CONSTRUCTION
(RESCISSION)

The conference agreement includes a rescission of unobligated balances totaling \$1,979,000 from the dormant ship construction account as proposed by the House, instead of \$1,900,000 as proposed by the Senate.

GENERAL PROVISIONS—MARITIME ADMINISTRATION

The conference agreement includes a provision (Sec. 180) that authorizes MARAD to furnish utilities and services and make necessary repairs in connection with any lease, contract, or occupancy involving Government property under control of MARAD, and allow payments received to be credited to the Treasury, as proposed by both the House and Senate.

The conference agreement includes a provision (Sec. 181) that does not allow obligations to be incurred during the current fiscal year from the construction fund established by the Merchant Marine Act, 1936.

RESEARCH AND SPECIAL PROGRAMS ADMINISTRATION

RESEARCH AND SPECIAL PROGRAMS

The conference agreement provides \$47,115,000 for Research and Special Programs, instead of \$46,790,000 as proposed by the House and \$49,000,000 as proposed by the Senate. Funding for the Office of Emergency Transportation has been transferred to the Of-

office of the Secretary, as proposed by the House. The agreement approves a staffing level of 225 and includes the following funding allocations:

Hazardous Materials Safety	\$25,159,000
Research and Technology	2,434,000
Program Support	19,572,000

PIPELINE SAFETY

The conference agreement provides \$69,769,000 for the Office of Pipeline Safety, instead of \$68,466,000 as proposed by the House and \$71,073,000 as proposed by the Senate. The conferees approve 4 additional pipeline inspectors, instead of 2 as proposed by the House and 6 as proposed by the Senate.

Oil Spill Liability Trust Fund.—The conferees strongly agree with language contained in both the House and Senate reports regarding the oil spill liability trust fund. The fiscal year 2006 budget justification should adequately address the allocation of resources, containing an itemization of how these funds are being allocated within OPS, as proposed by the House.

Natural Gas Distribution Pipeline Safety.—In lieu of directives proposed by the Senate, the conferees direct the Office of Pipeline Safety to report to the House and Senate Committees on Appropriations by May 1, 2005, detailing the extent to which integrity management plan [IMP] elements may be applied to the natural gas distribution pipeline industry in order to enhance distribution system safety. This report should detail the IMP implementation approach for operators of natural gas distribution pipelines, including development of guidance for adoption by states, and publication and promotion of best practices and development of national consensus standards and/or federal or state regulation. In addition, the report should include specific milestones and performance measures on the actions that will be necessary to carry out the IMP initiative and should examine the financial implications of an IMP and impacts on natural gas consumers. The Administrator shall provide quarterly updates to the House and Senate Committees on Appropriations regarding the status of the implementation.

Public Safety and Education Programs.—The conferees include \$750,000 for RSPA to create a clearinghouse to evaluate public safety and education efforts, as proposed by the Senate.

Small Gas Distribution Systems.—The conferees encourage the Office of Pipeline Safety to work closely with and assist existing organizations and foundations in efforts to develop and deliver educational tools and materials to small gas utilities. The conferees support those efforts focused on operating and maintenance procedures that will help prevent incidents, rapidly and safely control hazards and restore service in the event of accidental or intentional damage to pipelines.

EMERGENCY PREPAREDNESS GRANTS

The conference agreement provides a total of \$14,500,000 for Emergency Preparedness Grants, as proposed by both the House and the Senate.

OFFICE OF INSPECTOR GENERAL

SALARIES AND EXPENSES

The conference agreement includes \$59,000,000 for the Office of Inspector General, as proposed by the Senate.

SURFACE TRANSPORTATION BOARD

SALARIES AND EXPENSES

The conference agreement provides a funding level of \$21,250,000 for the Surface Transportation Board to fund salaries and expenses from a direct appropriation, as proposed by the Senate. The conference agreement includes language that allows the Board to offset \$1,050,000 of this appropriation from fees collected during the fiscal year, as proposed by the Senate.

The conference agreement approves a level of 150 FTE for the Board, as proposed by the Senate.

GENERAL PROVISIONS—DEPARTMENT OF TRANSPORTATION

(INCLUDING TRANSFER OF FUNDS)

Section 185 permits appropriations to the Department of Transportation to be available for maintenance and operation of aircraft; hire of passenger motor vehicles and aircraft; purchase of liability insurance for motor vehicles operating in foreign countries on official department business; and uniforms or allowances by law, as proposed by the House and Senate.

Section 186 allows funds for the Department of Transportation to be available for services as authorized by 5 U.S.C. 3109, as proposed by the House and Senate.

Section 187 prohibits funds to be used for salaries and expenses of more than 106 political and Presidential appointees in the Department of Transportation, and requires that none of the personnel covered by this provision may be assigned on temporary detail outside DOT, as proposed by the House and Senate.

Section 188 prohibits funds from being used to implement section 404 of title 23, United States Code, as proposed by the House and Senate.

Section 189 prohibits the dissemination of personal information obtained by a State department of motor vehicles in connection with a motor vehicle record, as proposed by the House and Senate.

Section 190 permits funds received by specified DOT agencies from States or other private or public sources for expenses incurred for training to be credited to certain specified agency accounts, as proposed by the House and Senate.

Section 191 authorizes the Secretary of Transportation to allow the issuer of any preferred stock sold to the Department to redeem or repurchase such stock upon the payment to the Department of an amount determined by the Secretary, as proposed by the House and Senate.

Section 192 prohibits funds to be used to make a grant unless the Secretary of Transportation notifies the House and Senate Committees on Appropriations no less than 3 days in advance of any discretionary grant award, letter of intent, or full funding

grant agreement totaling \$1,000,000, as proposed by the House and Senate.

Section 193 allows certain rebates, refunds, and related payments to be credited to appropriations of the Department of Transportation, as proposed by the House and Senate.

Section 194 requires that amounts determined to represent recoveries of improper payments should be available for certain specified expenses, as proposed by the House and Senate.

Section 195 authorizes the Secretary of Transportation to transfer the unexpended balances available for the bonding assistance program from "Office of the Secretary, Salary and Expenses" to "Minority Business Outreach", as proposed by the House and Senate.

Section 196 prohibits funds from being obligated to approve assessments or reimbursable agreements pertaining to funds appropriated to the modal administrations, as proposed by the House and Senate.

Section 197 limits working capital fund obligations to \$130,210,000.

Section 198 specifies that the City of Norman, Oklahoma shall be considered to be part of the Oklahoma City urbanized area for fiscal years 2004 and 2005.

Section 199 amends 49 U.S.C. 41716(b) relating to exemptions for air service to small and nonhub airports. The conferees believe the DOT and FAA should take steps to encourage airline service to small hub airports. Air service plays a critical role in the economic development of communities serviced by small hub airports. Continued economic growth for these communities and their airports is dependent upon having access to large hub airports. Therefore, DOT and FAA are urged to make it their highest priority to allocate permanent slots at LaGuardia Airport to allow the communities of Akron-Canton, Ohio and Newport News-Williamsburg, Virginia to each have permanent third roundtrips to LaGuardia with stage III aircraft with no less than 110 and no more than 125 seats.

TITLE II—DEPARTMENT OF THE TREASURY

DEPARTMENTAL OFFICES

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$157,559,000 for departmental offices of the Treasury Department instead of \$177,000,000 as proposed by the House and \$161,313,000 as proposed by the Senate. The conferees direct the funds to be allocated as follows:

Executive Direction	\$7,274,000
General Counsel	7,200,000
Economic Policies and Programs	31,657,000
Financial Policies and Programs	26,072,000
Terrorism and Financial Intelligence	10,633,000
Treasury Wide Management	16,760,000
Administration	57,963,000

Provides \$100,000 for official representation and reception expenses instead of \$75,000 as proposed by the House and \$150,000 as proposed by the Senate. Fiscal year 2005 representation and reception expenses for the other bureaus and offices of the Department are provided under the specific appropriating paragraphs as proposed by the Senate.

Deletes the provision proposed by the House setting aside funds for the Office of Foreign Assets Control (OFAC). The conferees have provided resources for OFAC under a separate header as proposed by the Senate and retained the provision allowing for the transfer of funds to that account.

Deletes the provision proposed by the House limiting travel expenses to \$2,750,000. The Senate did not include a similar provision. The conferees direct the Secretary to submit quarterly reports to the House and Senate Committees on Appropriations providing details, including expenses, for all Treasury employee foreign travel and the domestic travel for Treasury employees at the SES level and above.

Deletes the provision proposed by both the House and the Senate setting aside \$2,900,000 for grants to state and local law enforcement to fight money laundering. While the conferees support the efforts of law enforcement, the Department has not obligated any of the funds provided in fiscal year 2004 for these activities. The conferees direct the Department to obligate the funds in a timely manner.

Modifies the provision proposed by the Senate allowing for the transfer of funds between Office activities through reprogramming actions. The conferees limit transfers to 2.5% instead of the Senate proposed 5%. The House did not include a similar provision.

As proposed by the Senate, the conferees deny the request to reimburse the Department of Homeland Security \$2,400,000 for protective services.

Retains the Senate provisions specifying \$1,900,000 and five FTE for the Office of Emergency Preparedness, \$1,000,000 to promote basic financial literacy and education, and \$1,000,000 for critical infrastructure protection research and development.

Modifies the direction proposed by the Senate under Financial Crimes Enforcement Network (FinCEN) regarding duplicative systems in FinCEN and the IRS. The conferees direct the Secretary to certify within 30 days of enactment of this Act that FinCEN's BSA information collection system is the only system of its sort under development. Further, none of the funds provided to the IRS for information technology projects may be obligated until the Secretary provides such certification.

OFFICE OF FOREIGN ASSETS CONTROL

SALARIES AND EXPENSES

Appropriates \$22,291,000 for salaries and expenses as proposed by the Senate. The House proposed funding the office within the amounts provided for departmental offices. The conferees assume no less than 138 FTE will be funded under this resource level.

DEPARTMENT-WIDE SYSTEMS AND CAPITAL INVESTMENTS PROGRAMS
(INCLUDING TRANSFER OF FUNDS)

Appropriates \$32,260,000 for the Department's systems and capital investments. The conference agreement assumes \$1,500,000 for appliance-based computer security technology as described in the House report, \$400,000 for enterprise architecture, and \$500,000 for certificate-based internet security as described under "Departmental Offices" in the House report. In addition, not to exceed \$2,500,000 is available for e-gov activities.

The conferees direct the Department to better detail the e-gov activities in future budget justifications, including associated costs and Department-specific benefits. As proposed by the Senate, the conferees have not provided \$275,000 as requested for information technology governance.

OFFICE OF INSPECTOR GENERAL

SALARIES AND EXPENSES

Appropriates \$16,500,000 for salaries and expenses of the Inspector General's office as proposed by the House, instead of \$16,158,000 as proposed by the Senate. The conferees direct the Inspector General to allocate the amounts over the budget request evenly between audit and investigation activities.

Retains language allowing up to \$2,500 to be used for official reception and representation expenses as proposed by the Senate. The House did not identify funds for such purposes.

The conferees direct the IG to complete the audit on the Treasury Building and Annex repair and restoration project, including building code compliance, and issue a final report by April 4, 2005. The conferees modify the direction of the House regarding employee-driven cost overruns and request that the IG identify costs associated with employee delays on planned moves into alternative space during restoration phases.

The conferees retain the directive in the House report regarding a status report on creation of the Financial Crimes Enforcement Network's Office of Compliance with a reporting date of March 11, 2005.

TREASURY INSPECTOR GENERAL FOR TAX ADMINISTRATION

SALARIES AND EXPENSES

Appropriates \$129,126,000 for salaries and expenses of the Tax Inspector General's office as proposed by both the House and the Senate.

Retains language allowing up to \$1,500 to be used for official reception and representation expenses as proposed by the Senate. The House did not identify funds for such purposes.

AIR TRANSPORTATION STABILIZATION PROGRAM ACCOUNT

Appropriates \$2,000,000 for the air transportation stabilization program as proposed by both the House and the Senate.

TREASURY BUILDING AND ANNEX REPAIR AND RESTORATION

Appropriates \$12,316,000 for the repair and restoration of the Treasury building and annex as proposed by the Senate instead of \$20,316,000 as proposed by the House. The conference agreement does not include the House proposal to transfer funds to the Office of Inspector General.

EXPANDED ACCESS TO FINANCIAL SERVICES

(RESCISSION)

Rescinds \$4,000,000 from unobligated balances as proposed by both the House and the Senate.

VIOLENT CRIME REDUCTION PROGRAM

(RESCISSION)

Rescinds \$1,200,000 from the violent crime reduction program as proposed by the Senate. The House proposed rescinding \$1,000,000.

FINANCIAL CRIMES ENFORCEMENT NETWORK

SALARIES AND EXPENSES

Appropriates \$72,502,000 for the Financial Crimes Enforcement Network (FinCEN) as proposed by the Senate instead of \$90,002,000 as proposed by the House. The conference agreement provides up to \$14,000 for official representation and reception expenses and \$7,500,000 for BSA Direct as proposed by the Senate, and a new provision allowing up to \$350,000 from available funds to be used for costs associated with the 2005 Annual Plenary of the Egmont Group. The House did not include similar provisions. The conferees retain the requirement included in the Senate report directing the FinCEN Director to report to the Committees on Appropriations on any delay, deviation, or cost change to the BSA Direct program.

The conference agreement includes \$3,000,000 over the budget request to hire no less than 18 full time equivalent positions for the Bank Secrecy Act (BSA) compliance program as proposed by the Senate. The conferees retain the directive proposed by the Senate that resources provided over the budget request may only be used by the Office of Compliance or the Office of Regulatory Support, and shall not be used for any other purpose without the written approval from the House and Senate Committees on Appropriations.

FINANCIAL MANAGEMENT SERVICE

SALARIES AND EXPENSES

Appropriates \$230,930,000 for salaries and expenses as proposed by both the House and the Senate. In addition, the conference agreement allows for up to \$2,500 to be used for official reception and representation expenses as proposed by the Senate. The House did not identify funds for such purpose.

ALCOHOL AND TOBACCO TAX AND TRADE BUREAU

SALARIES AND EXPENSES

Appropriates \$83,000,000 for salaries and expenses of the alcohol and tobacco tax and trade bureau as proposed by the Senate, instead of \$82,542,000 as proposed by the House. Funds over the budget request are to be used to establish an information technology infrastructure independent from the Bureau of Alcohol, Tobacco and Firearms. The Bureau is to report to the Committees by March 1, 2005 as directed by the Senate.

In addition, the bill allows for up to \$6,000 to be used for official reception and representation expenses as proposed by the Senate. The House did not identify funds for such purpose.

UNITED STATES MINT

UNITED STATES MINT PUBLIC ENTERPRISE FUND

Limits expenditures from the Fund to \$24,000,000 for operations, instead of \$41,100,000 as proposed by both the House and the Senate.

BUREAU OF THE PUBLIC DEBT

ADMINISTERING THE PUBLIC DEBT

Appropriates \$175,166,000 for the salaries and expenses of the bureau of public debt as proposed by both the House and the Senate. In addition, the bill allows for up to \$2,500 to be used for official reception and representation expenses as proposed by the Senate. The House did not identify funds for such purpose.

INTERNAL REVENUE SERVICE

The conferees direct the Commissioner to include an IRS operating plan with the plan submitted by the Treasury 60 days after enactment of this Act as described in the House report.

Retains language regarding workforce alignment activities as proposed by Senate. The House included a similar provision with a difference in reporting dates.

PROCESSING, ASSISTANCE AND MANAGEMENT

Appropriates \$4,089,574,000 for costs associated with processing, assistance and management of the Service instead of \$4,071,824,000 as proposed by the House and \$4,107,325,000 as proposed by the Senate. Of the funds provided, the conferees have set aside \$4,100,000 for tax counseling for the elderly, \$8,000,000 for low-income taxpayer clinics, and up to \$25,000 for official representation and reception expenses. The conference agreement does not include provisions regarding postage as proposed by the Senate.

TAX LAW ENFORCEMENT

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$4,398,729,000 for enforcement instead of \$4,278,107,000 as proposed by the House and \$4,519,350,000 as

proposed by the Senate. Allows for the transfer of up to \$10,000,000 from the Social Security Administration as proposed by the House.

The conferees direct the Commissioner to submit quarterly reports regarding IRS's progress on compliance activities as proposed by the Senate.

The conferees direct GAO to review IRS and FinCEN compliance with the requirements of the Bank Secrecy Act as proposed by the Senate.

INFORMATION SYSTEMS

Appropriates \$1,590,492,000 for information systems instead of \$1,622,093,000 as proposed by the House and \$1,606,768,000 as proposed by the Senate.

BUSINESS SYSTEMS MODERNIZATION

Appropriates \$205,000,000 for business system modernization instead of \$285,000,000 as proposed by the House and \$125,000,000 as proposed by the Senate. The conferees retain the requirement directed by both the House and the Senate regarding GAO review and Committee approval of the annual spend plan.

The conference agreement does not include a rescission of fiscal year 2004 funds proposed by the Senate.

HEALTH INSURANCE TAX CREDIT ADMINISTRATION

Appropriates \$34,841,000 for administration of the health insurance tax credit program as proposed by both the House and the Senate.

GENERAL PROVISIONS—INTERNAL REVENUE SERVICE

Retains four general provisions proposed by the Senate. The House included similar provisions under the Department-wide general provision section.

GENERAL PROVISIONS—DEPARTMENT OF THE TREASURY

Retains nine general provisions proposed by the House. The Senate included similar provisions with minor grammatical differences.

Retains the provision proposed by the Senate extending authority for the Franchise Fund indefinitely. The House proposed extending the Fund for one year.

Retains the provision proposed by the Senate regarding the Check Forgery Insurance Fund. The House included a similar provision with a minor grammatical difference.

Retains the provision proposed by the Senate directing the Secretary to provide a report on currency manipulation to the Committees on Appropriations. The conferees direct the Secretary to also address the reporting requirements directed in the House and Senate reports, and include trade data of China's other trade partners in his analysis.

Includes a provision streamlining the process for official oversight of IRS field office operations by designated individuals.

Modifies the provision proposed by the Senate regarding the creation of the Office of Terrorism and Financial Intelligence in regard to reporting authority. The House did not include a similar provision.

Deletes the provision proposed by the Senate regarding Cuba travel.

TITLE III

EXECUTIVE OFFICE OF THE PRESIDENT AND FUNDS APPROPRIATED TO THE PRESIDENT

COMPENSATION OF THE PRESIDENT

The conference agreement provides \$450,000 for compensation of the President as proposed by both the House and Senate.

WHITE HOUSE OFFICE

SALARIES AND EXPENSES

The conference agreement provides \$62,000,000 instead of \$59,525,000 as proposed by the House and \$63,698,000 as proposed by the Senate. The conference agreement allows up to \$9,975,000 in reimbursements to the White House Communications Agency as proposed by the Senate instead of \$8,345,395 as proposed by the House. The bill specifies that, of the total funding provided, \$2,475,000 is for the Homeland Security Council. The House had proposed a similar funding level in a separate appropriation. The Senate bill assumed \$4,173,000 under this appropriation. The conferees agree to technical wording differences as proposed by the House.

EXECUTIVE RESIDENCE AT THE WHITE HOUSE

OPERATING EXPENSES

The conference agreement provides \$12,760,000 as proposed by both the House and the Senate.

REIMBURSABLE EXPENSES

The conference agreement includes bill language on reimbursements as proposed by both the House and the Senate and identical to language carried in fiscal year 2004.

WHITE HOUSE REPAIR AND RESTORATION

The conference agreement provides \$1,900,000 as proposed by both the House and the Senate.

COUNCIL OF ECONOMIC ADVISERS

SALARIES AND EXPENSES

The conference agreement provides \$4,040,000 as proposed by both the House and the Senate.

OFFICE OF POLICY DEVELOPMENT

SALARIES AND EXPENSES

The conference agreement provides \$2,300,000 instead of \$2,267,000 as proposed by the House and \$2,392,000 as proposed by the Senate.

NATIONAL SECURITY COUNCIL

SALARIES AND EXPENSES

The conference agreement provides \$8,932,000 as proposed by both the House and the Senate.

HOMELAND SECURITY COUNCIL

SALARIES AND EXPENSES

The conference agreement deletes the appropriation of \$2,475,000 proposed by the House. Funding is provided under "White House office, salaries and expenses".

OFFICE OF ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement provides \$92,269,000 instead of \$92,696,000 as proposed by the House and \$92,869,000 as proposed by the Senate. The agreement withholds the obligation of \$4,000,000 in capital investment plan funds until submission, review, and approval of a report on enterprise architecture, as proposed by the House. Adjustments to the budget estimate are as follows:

<i>Adjustment</i>	<i>Conference agreement</i>
Enterprise services program savings	-\$400,00
Business process analysis and consulting	-200,000
Restoration of OMB to enterprise services program	+7,193,000

OFFICE OF MANAGEMENT AND BUDGET

SALARIES AND EXPENSES

The conference agreement provides \$68,411,000 as proposed by the Senate instead of \$67,759,000 as proposed by the House. The bill limits reception and representation expenses to \$1,500 as proposed by the House instead of \$3,000 as proposed by the Senate, and incorporates changes to the limitation on transcript alteration proposed by the House. Further, the agreement modifies the proposal of the Senate concerning OMB's review of water resource project proposals of the Army Corps of Engineers by specifying that the limitations are applicable for fiscal year 2005 only.

Adjustments to the budget estimate are as follows:

<i>Adjustment</i>	<i>Conference agreement</i>
Staffing adjustment	-\$1,600,000
Restoration of FASAB and JFMIP transfer	+639,000
Restoration of OMB to enterprise services program	-7,193,000

OFFICE OF NATIONAL DRUG CONTROL POLICY

SALARIES AND EXPENSES

The conferees agree to provide \$27,000,000 for salaries and expenses, as proposed by the Senate. Within this total, the conference agreement retains specific funding and staffing levels for ONDCP administrative offices as proposed in the Senate report. In addition, 2.5 new FTE are approved to be allocated to administrative offices at the Director's discretion.

The conference agreement provides the following funding levels for ONDCP offices:

Operations	\$25,650,000
Office of the Director	(3,315,500)
Office of the Deputy Director	(1,125,500)
Office Management and Administration	(5,840,000)
Office of General Counsel	(1,065,000)
Office of Public Affairs	(2,130,000)
Office of Legislative Affairs	(700,000)
Counterdrug Tech. Assessment Center	(760,000)
Office of Planning and Budget	(2,700,000)
Office of Demand Reduction	(1,550,000)
Office of Media Campaign	(935,000)
Office of State and Local Affairs	(2,554,000)
Office of Supply Reduction	(2,310,000)
Office of Intelligence	(665,000)
Policy Research	1,350,000

COUNTERDRUG TECHNOLOGY ASSESSMENT CENTER

(INCLUDING TRANSFER OF FUNDS)

The conferees agree to provide \$42,000,000 for the counterdrug technology center, as proposed by the Senate. Of this amount, the conferees agree to provide \$24,000,000 for the operation of the technology transfer program and \$18,000,000 for counternarcotics research and development, as proposed by the Senate.

The conference agreement retains language proposed by the Senate directing the CTAC chief scientist to submit an expenditures report prior to the obligation of funds. The agreement also retains language directing CTAC to complete all on-going technology acquisition projects and adhere to its research and development spending plan, as proposed by the Senate. The conferees agree with language proposed by the Senate directing CTAC to expeditiously obligate all of its research funding in pursuit of functions for which it was appropriated.

FEDERAL DRUG CONTROL PROGRAMS

HIGH INTENSITY DRUG TRAFFICKING AREAS PROGRAM

(INCLUDING TRANSFER OF FUNDS)

The conferees agree to provide \$228,350,000 for the HIDTA program, as proposed by the Senate. Of the funds provided, no more than \$2,000,000 shall be for the CPOT program and no less than \$2,000,000 shall be for new counties. The conferees agree that HIDTAs designated as of September 30, 2004 shall be funded at no less than the fiscal year 2004 initial allocations, as proposed by the House.

The conferees encourage ONDCP to refocus the distribution of excess funding on enhancing the domestic interdiction of illegal drugs by launching additional investigations, by disrupting and dismantling local mid-level drug trafficking organizations and by supporting the HIDTA Intelligence Support Centers.

OTHER FEDERAL DRUG CONTROL PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The conferees agree to provide \$213,700,000 for Other Federal Drug Control Programs, instead of \$195,000,000 as proposed by the House and Senate. Within the amount provided, the agreement provides the following allocations:

National Youth Anti-Drug Media Campaign	\$120,000,000
Drug Free Communities Support Program	80,000,000
Community Anti-Drug Coalitions	(2,000,000)
Counterdrug Intelligence Executive Secretariat	2,000,000
National Drug Court Institute	750,000
National Alliance for Model State Drug Laws	1,000,000
U.S. Anti-Doping Agency	7,500,000
World Anti-Doping Agency Membership Dues	1,450,000
Performance Measures Development	1,000,000

The conference agreement directs ONDCP to maintain funding for nonadvertising services for the Media Campaign at no less than the FY03 ratio of service funding to total funds and to re-institute the corporate outreach program as it operated prior to its cancellation. The conferees direct ONDCP to obligate the appropriation for NAMSDDL expeditiously, although not outside normal grant procedures. In addition, the conferees retain language as proposed by the Senate directing ONDCP to submit the planned performance measures development plan.

UNANTICIPATED NEEDS

The conference agreement provides \$1,000,000 as proposed by both the House and the Senate.

SPECIAL ASSISTANCE TO THE PRESIDENT

SALARIES AND EXPENSES

The conference agreement provides \$4,571,000 as proposed by both the House and the Senate, and adopts the header as proposed by the Senate.

OFFICIAL RESIDENCE OF THE VICE PRESIDENT

OPERATING EXPENSES

(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$333,000 as proposed by both the House and the Senate, and adopts the header as proposed by the Senate.

TITLE IV—INDEPENDENT AGENCIES

ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE
BOARD

SALARIES AND EXPENSES

The conference agreement includes \$5,686,000 as proposed by the House and Senate.

ELECTION ASSISTANCE COMMISSION

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$14,000,000 for salaries and expenses of the Commission instead of \$15,000,000 as proposed by the House and \$10,000,000 as proposed by the Senate. The conferees direct the Commission to cap employment at 22 full time equivalent positions and that of the funds provided, no more than \$2,515,000 shall be for personnel compensation and benefits.

Transfers \$2,800,000 to the National Institute of Standards and Technology (NIST) as proposed by the Senate, instead of up to \$2,500,000 as proposed by the House. The conferees direct the Commission to report by March 2, 2005 on the activities and resources planned in fiscal year 2005 on research and standards, including those at NIST. In addition, the conferees provide \$200,000 for the national student parent mock election and \$200,000 for the Help America Vote College Program.

The conferees did not retain the provision proposed by the House prohibiting funds from being used to lobby for an election date change. However, the conferees agree that the Commission should focus its efforts and resources on the priorities outlined in the Help America Vote Act of 2002 such as making grants and setting standards.

FEDERAL ELECTION COMMISSION

SALARIES AND EXPENSES

Appropriates \$52,159,000 for salaries and expenses of the Commission as proposed by both the House and the Senate.

FEDERAL LABOR RELATIONS AUTHORITY

SALARIES AND EXPENSES

Appropriates \$25,673,000 for salaries and expenses as proposed by the Senate, instead of \$29,673,000 as proposed by the House.

RESCISSION

Rescinds \$3,000,000 from unobligated balances of the Authority as proposed by the Senate. The House did not include a similar provision.

FEDERAL MARITIME COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$19,496,000 as proposed by the Senate, instead of \$19,362,000 as proposed by the House.

GENERAL SERVICES ADMINISTRATION

REAL PROPERTY ACTIVITIES

FEDERAL BUILDINGS FUND

LIMITATIONS ON AVAILABILITY OF REVENUE

(INCLUDING TRANSFER OF FUNDS)

Provides resources from the Federal Buildings Fund in the aggregate amount of \$7,217,043,000 instead of \$6,996,741,000 as proposed by the House and \$7,159,324,000 as proposed by the Senate. Modifies the provision proposed by the Senate regarding a Federal building in Tuscaloosa, Alabama to include authorization for construction and management. The House did not have a similar provision.

CONSTRUCTION

Limits funds for construction to \$708,542,000 instead of \$522,251,000 as proposed by the House and \$710,823,000 as proposed by the Senate. The conference agreement provides funds for the following projects:

Courthouses:	
Los Angeles, CA	\$314,385,000
San Diego, CA	3,068,000
El Paso, TX	63,462,000
Las Cruces, NM	60,600,000
Border Stations:	
Calais, ME	3,269,000
Madawaska, ME	1,760,000
Warroad, MN	1,837,000
Alexandria Bay, NY	8,884,000
Massena, NY	15,000,000
Dunseith, ND	2,301,000
Portal, ND	22,351,000
Del Norte, El Paso, TX	26,191,000
Ysleta, El Paso, TX	2,491,000
Derby Line, VT	3,190,000
Norton, VT	580,000
Richford, VT	589,000
Other:	
FBI Building, Los Angeles, CA	14,054,000
Southeast Federal Center Site Remediation, DC	2,650,000
10 West Jackson Place, Chicago, IL	53,170,000
FDA Consolidation, Montgomery County, MD	88,710,000
Nonprospectus Construction	10,000,000
Judgment Fund repayment	10,000,000

REPAIRS AND ALTERATIONS

Limits resources for repairs and alterations to \$980,222,000 as proposed by the Senate instead of \$931,211,000 as proposed by the House. The bill specifies funding levels for certain projects and various programs which were proposed in the House and Senate bills.

The conferees have provided \$2,000,000 for the steam distribution project in the District of Columbia as proposed by the House and modified the amount provided for design to \$48,699,000 and the amount provided for basic repairs and alterations to \$393,500,000.

INSTALLMENT ACQUISITION PAYMENTS

Limits \$161,442,000 for installment acquisition payments as proposed by both the House and the Senate.

RENTAL OF SPACE

Limits \$3,657,315,000 for rental of space instead of \$3,672,315,000 as proposed by the House and \$3,597,315,000 as proposed by the Senate.

BUILDING OPERATIONS

Limits \$1,709,522,000 for building operations as proposed by both the House and the Senate.

GENERAL ACTIVITIES

GOVERNMENT-WIDE POLICY

Appropriates \$62,100,000 for government-wide policy activities as proposed by both the House and the Senate.

OPERATING EXPENSES

Appropriates \$92,175,000 for operating expenses instead of \$82,175,000 as proposed by the House and \$85,175,000 as proposed by the Senate. Of the funds provided, the conferees direct GSA to make the following distributions:

Ruffner Mountain Educational Facility, AL	\$500,000
Center for the Living Arts, AL	500,000
Alaska statehood celebration, University of Alaska	250,000
Way of a Champion, VA	200,000
Washington State Border Communities Prosecution Initiative	1,000,000
University of North Dakota Government Services Rural Outreach	300,000
Walla Walla, WA surplus Federal property study	250,000
City of Maryville, MO for airport improvements	450,000
Web Wise Kids	200,000
American Revolution Historical Literacy Project	700,000
City of Desert Hot Springs Civic Center, CA	425,000
Oklahoma City National Memorial Foundation	3,000,000
Public Service Recognition Week	150,000
B&O Railroad Museum Restoration, MD	500,000
Center for Jewish History digitization project, NY	500,000
San Francisco, CA Muni Radio Replacement System	750,000
Kings County Hospital Redevelopment, NY	500,000
Aviation Education, NH Community Technical College, Nashua, NH	500,000

OFFICE OF INSPECTOR GENERAL

Appropriates \$42,351,000 for the Inspector General as proposed by both the House and the Senate.

ELECTRONIC GOVERNMENT FUND

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$3,000,000 for e-gov activities as proposed by the Senate instead of \$5,000,000 as proposed by the House.

ALLOWANCES AND OFFICE STAFF FOR FORMER PRESIDENTS

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$3,106,000 for former presidents as proposed by the Senate instead of \$3,449,000 as proposed by the House.

EXPENSES, PRESIDENTIAL TRANSITION

Due to the outcome of the 2004 Presidential election, no funds are needed for these purposes in fiscal year 2005. The conferees have not provided additional funds proposed by the House for activities associated with the President's second term. The resources for these activities should be funded out of the agencies and departments as necessary.

GENERAL PROVISIONS—GENERAL SERVICES ADMINISTRATION

(INCLUDING RESCISSION OF FUNDS)

Continues six general provisions proposed by both the House and the Senate and carried in prior Acts.

Retains the provision regarding the sale of the Middle River Depot at Middle River, Maryland in consultation with Baltimore County, Maryland officials as proposed by the Senate. The House contained a similar provision without the Baltimore County provision.

Retains the provision regarding contracts for property studies, deed inspection, and relocation expenses as proposed by both the House and the Senate.

Retains the provision rescinding \$106,000,000 from the Federal Buildings Fund as proposed by the Senate. The House did not include a similar provision.

Retains the provision regarding changes to the Moss United States Courthouse Annex Project in Salt Lake City, Utah as proposed by the Senate. The House did not include a similar provision.

Deletes the provision proposed by the Senate regarding transfer of the Panama Canal Commission and associated revolving fund to GSA. The House did not include a similar provision and transfer was legislated in a prior Act.

Retains the provision regarding the conveyance of land to Baton Rouge, Louisiana as proposed by the Senate. The House did not include a similar provision.

Retains the provision allowing GSA to convey property and retain the proceeds in the Federal Buildings Fund as proposed by the House. The Senate did not include a similar provision.

Retains the provision regarding the conveyance of land in Nahant, Massachusetts as proposed by the House. The Senate did not include a similar provision.

Retains the provision regarding telecommunications services in Federal buildings as proposed by the Senate. The House did not include a similar provision.

MERIT SYSTEMS PROTECTION BOARD

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$34,677,000, plus \$2,626,000 from appropriate trust funds, for salaries and expenses of the Board as proposed by the Senate. The House proposed a funding level of \$34,683,000, and a transfer of \$2,620,000 from the trust funds.

MORRIS K. UDALL SCHOLARSHIP AND EXCELLENCE IN NATIONAL ENVIRONMENTAL POLICY FOUNDATION

MORRIS K. UDALL SCHOLARSHIP AND EXCELLENCE IN NATIONAL ENVIRONMENTAL POLICY TRUST FUND

(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$1,996,000 for the Morris K. Udall Trust Fund, as proposed by the Senate.

ENVIRONMENTAL DISPUTE RESOLUTION FUND

The conference agreement provides \$1,309,000 for the Environmental Dispute Resolution Fund, as proposed by the Senate.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

OPERATING EXPENSES

Appropriates \$266,945,000 for operating expenses of the Administration as proposed by the Senate instead of \$264,185,000 as proposed by the House.

ELECTRONIC RECORDS ARCHIVES

Appropriates \$35,914,000 for the electronic records archives as proposed by both the House and the Senate. Retains the directive to GAO to report on program costs, schedule, and performance by May 25, 2005.

REPAIRS AND RESTORATION

Appropriates \$13,432,000 for repairs and restoration instead of \$7,182,000 as proposed by the House and \$12,182,000 as proposed by the Senate. Retains bill language providing \$3,000,000 for site preparation and construction management for the Pacific Alaska Regional Archives facility in Anchorage, Alaska and \$2,000,000 for repair and restoration of the plaza of the Lyndon Baines Johnson Presidential Library in Austin, Texas.

The conferees reiterate the concern about the delay in repairing the plaza as stated in the Senate report. The conferees direct the Archivist to require the President of the University of Texas in Austin to submit a plan, including project milestones, for plaza repair prior to any transfer of funds to the University of Texas.

In addition, the conferees direct \$500,000 for technical assistance to the Nixon Library in California, \$750,000 for technical assistance to the Roosevelt Library in New York, and \$1,000,000 for design and renovations to the Kennedy Library in Massachusetts.

NATIONAL HISTORICAL PUBLICATIONS AND RECORDS COMMISSION—
GRANTS PROGRAM

Appropriates \$5,000,000 for the grant program as proposed by the Senate instead of \$3,000,000 as proposed by the House.

NATIONAL TRANSPORTATION SAFETY BOARD
SALARIES AND EXPENSES

The conferees agree to provide \$76,700,000 instead of \$76,925,000 as proposed by the House and \$76,425,000 as proposed by the Senate. Consistent with both the House and Senate, the conferees direct NTSB to use funds over the requested level to hire accident investigators. None of these additional funds shall be used to enhance staffing at the Academy. The conferees direct NTSB to report to both the House and Senate Committees on Appropriations by April 4, 2005 regarding specific improvements to the budget justification materials the Board has made and will make in compliance with the directive contained in the statement of managers associated with the fiscal year 2004 Transportation and Treasury and Independent Agencies Appropriations Act.

(RESCISSION)

The conferees agree to rescind \$8,000,000 in unobligated balances associated with Public Law 106–246 as proposed by both the House and Senate.

OFFICE OF GOVERNMENT ETHICS
SALARIES AND EXPENSES

Appropriates \$11,238,000 for salaries and expenses of the Office as proposed by both the House and the Senate.

OFFICE OF PERSONNEL MANAGEMENT
SALARIES AND EXPENSES

(INCLUDING TRANSFER OF TRUST FUNDS)

Appropriates \$125,500,000 for salaries and expenses instead of \$120,444,000 as proposed by the House and \$130,600,000 as proposed by the Senate. Transfers a total of \$128,462,000 from appropriate trust funds for administrative expenses, of which \$27,640,000 is for automated record keeping, as proposed by both the House and the Senate.

The conferees have not included bill language identifying specific resource levels for various e-gov projects as proposed by both the House and the Senate, but direct the Office not to exceed the funding levels for the following projects: \$1,870,000 for the enterprise human resources integration project, \$6,219,000 for the federal payroll project, \$748,000 for the e-human resources informa-

tion system project, and \$1,887,000 for the e-clearance project. To accommodate the obligation rate of these projects, the conference agreement provides that \$12,000,000 of the funds are made available until September 30, 2007. No funds are provided for the recruitment one stop project or the program evaluation and performance assessment project.

In addition, the conference agreement provides \$250,000 to complete the retirement readiness project. The conferees urge the Office to expand the retirement readiness project to non-federal employees.

Of the funds provided, the conference agreement allows the Director the flexibility to allocate the budget resources consistent with the direction provided in this statement of the managers and the budget justifications. The conferees reiterate the direction in the House report to submit an operating plan within 60 days of enactment of this Act to the House and Senate Committees on Appropriations detailing program funding levels for fiscal year 2005.

Reiterates the House direction to the Director to respond to the Butner Low Security Correctional Institution petition within 30 days of enactment of this Act.

Modifies the House direction regarding pay and non-pay compensation of the Federal workforce. The conferees direct the Director to submit a report by March 4, 2005 comparing the pay and non-pay compensation packages of the Federal workforce and the private sector.

The conferees share the concerns expressed by the Senate regarding child care and expect OPM and GSA, with technical assistance from GAO, to work collaboratively to collect data on child care needs, analyze options to meet the identified needs, and provide the data and analysis to GAO. The conferees direct GAO to review the data and analyses and provide an evaluation of the results to the Committees on Appropriations. The conferees expect an update on the status of these efforts 90 days after enactment of this Act. In addition, the conferees reiterate the Senate direction to the Office to re-evaluate efforts to inform low-income employees of programs to assist with child care expenses.

OFFICE OF INSPECTOR GENERAL

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF TRUST FUNDS)

Appropriates \$1,627,000, plus a transfer of \$16,461,000 from appropriate trust funds for the Inspector General as proposed by both the House and the Senate.

GOVERNMENT PAYMENT FOR ANNUITANTS, EMPLOYEES HEALTH BENEFITS

Appropriates such sums as may be necessary for health benefit payments, estimated to be \$8,135,000,000, as proposed by both the House and the Senate.

GOVERNMENT PAYMENT FOR ANNUITANTS, EMPLOYEES LIFE
INSURANCE

Appropriates such sums as may be necessary for life insurance payments, estimated to be \$35,000,000 as proposed by both the House and the Senate.

PAYMENT TO CIVIL SERVICE RETIREMENT AND DISABILITY FUND

Appropriates such sums as may be necessary for the fund, estimated to be \$9,772,000,000, as proposed by both the House and the Senate.

HUMAN CAPITAL PERFORMANCE FUND

No funds are provided for the performance fund as proposed by the Senate, instead of \$12,514,000 as proposed by the House.

GENERAL PROVISION—OFFICE OF PERSONNEL MANAGEMENT

Retains the provision regarding the detail of executive branch employees to the legislative branch as a general provision under title VI as proposed by the House, instead of under OPM as proposed by the Senate.

OFFICE OF SPECIAL COUNSEL

SALARIES AND EXPENSES

Appropriates \$15,449,000 for salaries and expenses of the Counsel as proposed by both the House and the Senate.

UNITED STATES POSTAL SERVICE

PAYMENT TO THE POSTAL SERVICE FUND

The conference agreement provides \$90,709,000 for the payment to the Postal Service Fund, as proposed by the Senate. Of this amount, \$61,709,000 is provided as an advance appropriation for free mail for the blind and overseas voters to be available on October 1, 2005. The agreement also includes \$29,000,000 for repayment for revenue forgone.

EMERGENCY PREPAREDNESS

The conference agreement provides \$507,000,000 for emergency expenses to enable the Postal Service to protect postal employees and postal customers from exposure to hazardous materials in the mail, as proposed by the Senate. Of this amount, \$7,000,000 is specified as an emergency requirement for the mail irradiation facility in Washington, DC.

UNITED STATES TAX COURT

SALARIES AND EXPENSES

The conference agreement includes \$41,180,000 as proposed by the House and Senate.

TITLE V—GENERAL PROVISIONS

THIS ACT

(INCLUDING TRANSFERS OF FUNDS)

Section 501 permits funds for pay raises for programs funded in this Act, with a technical change as proposed by the Senate. The House bill contained a similar provision.

Section 502 prohibits funds to be used for the planning or execution of any program to pay the expenses of non-Federal parties, as proposed by the House and Senate.

Section 503 prohibits funds from remaining available for obligation beyond the current fiscal year unless expressly provided in this Act, as proposed by the House and Senate.

Section 504 limits consulting service expenditures in procurement contracts to those of public record, as proposed by the House and Senate.

Section 505 prohibits funds from being transferred to any department, agency, or instrumentality of the United States Government unless approved in an appropriations Act, as proposed by the House and Senate.

Section 506 prohibits funds for paying the salary of any government employee that would prohibit the enforcement of section 307 of the Tariff Act of 1930, as proposed by the House and Senate.

Section 507 protects the employment rights of Federal employees who return to their civilian jobs after assignment with the Armed Forces, as proposed by the House and Senate.

Section 508 prohibits funds from being provided to entities that fail to comply with sections 2 through 4 of the Buy America Act, as proposed by the House and Senate.

Section 509 prohibits the use of funds by any person or entity that has been convicted of violating the Buy America Act, as proposed by the House and Senate.

Section 510 modifies provisions proposed by the House and Senate related to the reprogramming process for agencies funded in this Act.

Section 511 provides that fifty percent of unobligated balances of funds provided in this Act remain available through fiscal year 2006, as proposed by the House and Senate.

Section 512 prohibits funds to be used by the Executive Office of the President to request official background investigation reports from the Federal Bureau of Investigations, as proposed by the House and Senate.

Section 513 exempts contracts under the Federal Employees Health Benefits Program from certain cost accounting standards, as proposed by the House and Senate.

Section 514 permits OPM to accept funds regarding the non-foreign area cost of living allowance program, as proposed by the House and Senate.

Section 515 prohibits Federal Employee Health Benefit Program funds from being used to cover an abortion, as proposed by the House.

Section 516 states that section 515 shall not apply when the life of the mother is endangered, or the pregnancy is the result of rape or incest, as proposed by the House.

Section 517 waives the Buy America Act provision for Federal information technology purchases, as proposed by the Senate.

Section 518 requires all Federal agencies to consult with Alaska Native corporations pursuant to Executive Order 13175, as proposed by the Senate.

Section 519 prohibits the use of funds for a proposed rule relating to the determination of real estate brokerage as a financial activity.

Section 520 amends the Securities Exchange Act of 1934 in regard to the Tennessee Valley Authority. The Senate included a similar provision.

Section 521 amends section 307 of the Denali Commission Act of 1998, as proposed by the Senate.

Section 522 requires each agency to establish a Chief Privacy Officer, to assume primary responsibility for privacy and data protection policy, as proposed by the Senate.

Section 523 prohibits funds for the essential air service local participation program, as proposed by the House and Senate.

Section 524 prohibits funds to produce an economic report including retail fast food employment under the definition of manufacturing employment, as proposed by the House.

Section 525 amends section 302 of the Federal Election Campaign Act of 1971, as proposed by the Senate.

Section 526 amends the Former Presidents Act to allow amounts provided for "Allowances and office staff for former Presidents" to be used for the review of Presidential records in connection with the transfer of such records to the National Archives and Records Administration, as proposed by the Senate.

Section 527 allows funds made available for various Buffalo, New York transit projects to be made available for the Buffalo Inner Harbor Redevelopment Project.

Section 528 allows funds made available for the Charleston Area Regional Transportation Authority to be made available for other transit purposes.

Section 529 allows funds made available for Tri-Met Interstate light rail extension to allow acquisition of up to a total of twenty-four light rail vehicles.

Section 530 extends an expiring statute exempting transit vehicle axle weight.

Section 531 allows amounts made available to North Country County Consortium JARC, New York, in fiscal year 2004 to be made available for North Country Bus and Bus Related Equipment.

Section 532 amends section 312 of the Federal Election Campaign Act of 1971, as proposed by the Senate.

Section 533 allows for 10% transfer authority among certain offices of the Executive Office of the President.

TITLE VI—GENERAL PROVISIONS

DEPARTMENTS, AGENCIES, AND CORPORATIONS

Section 601 authorizes funds to be used for travel to the United States for the immediate families of Federal employees assigned to foreign duty in the event of a death or a life threatening illness of the employee, as proposed by the House and Senate.

Section 602 requires agencies to administer a written policy designed to ensure that all of its workplaces are free from the illegal use of controlled substances, as proposed by the House and Senate.

Section 603 limits the amount allowed per fiscal year for the purchase of any passenger motor vehicle to be purchased by the Federal Government, as proposed by the House and Senate.

Section 604 allows funds to be used for expenses of travel for quarters allowances and cost-of-living allowances, as proposed by the House and Senate.

Section 605 prohibits the government, with certain exceptions, from employing non-U.S. citizens whose posts of duty would be in the continental U.S., as proposed by the House and Senate.

Section 606 ensures that agencies will have authority to pay GSA bills for space renovation and other services, as proposed by the House and Senate.

Section 607 authorizes agencies to receive and use funds resulting from the sale of materials, and Federal records disposed of pursuant to a records schedule recovered through recycling or waste prevention programs, as proposed by the House and Senate.

Section 608 permits funds to be used for administrative expenses of the corporations and agencies subject to chapter 91 of title 31, U.S.C. shall be available for rent in the District of Columbia, as proposed by the House and Senate.

Section 609 prohibits funds to be used to pay any person filling a position which he or she has been nominated after the Senate has voted not to approve the nomination, as proposed by the House and Senate.

Section 610 prohibits funds to be used for interagency financing of boards (except Federal Executive Boards) that do not have prior statutory approval, as proposed by the House and Senate.

Section 611 allows funds to be available to the Postal Service Fund for employment of guards for all buildings and areas owned or occupied by the Postal Service, as proposed by the House and Senate.

Section 612 prohibits funds from being used for any regulation that has been disapproved pursuant to a resolution, as proposed by the House and Senate.

Section 613 limits the pay increases of certain prevailing rate employees described in section 5342(a)(2)(A) of title 5, United States Code, as proposed by the House and Senate.

Section 614 prohibits funds from being obligated or expended in excess of \$5,000 to furnish or redecorate the office of the head of any department or agency, as proposed by the House and Senate.

Section 615 permits funds to be used for interagency funding of national security and emergency preparedness telecommuni-

cations initiatives benefiting Federal agencies, as proposed by the House and Senate.

Section 616 prohibits funds to be used for the salaries and expenses of any employee appointed to a position without a certification to the Office of Personnel Management from an agency employing a Schedule C appointee that was created solely to detail the employee to the White House, as proposed by the House and Senate.

Section 617 requires agencies to administer a written policy designed to ensure that the workplace is free from discrimination and sexual harassment, as proposed by the House and Senate.

Section 618 prohibits the payment of any employee who prohibits, threatens or prevents another employee from communicating with Congress, as proposed by the House and Senate.

Section 619 prohibits Federal training not directly related to the performance of official duties, as proposed by the House and Senate.

Section 620 prohibits the expenditure of funds for implementation of agreements in nondisclosure policies unless certain provisions are included, as proposed by the House and Senate.

Section 621 prohibits propaganda, publicity and lobbying by executive agency personnel in support or defeat of legislative initiatives, as proposed by the House and Senate.

Section 622 prohibits any Federal agency from disclosing any employee's home address to any labor organization, absent employee authorization or court order, as proposed by the House and Senate.

Section 623 prohibits funds from being used to provide non-public information such as mailing or telephone lists to any person or organization outside the government, as proposed by the House and Senate.

Section 624 prohibits the use of funds for propaganda or publicity purposes not authorized by Congress, as proposed by the House and Senate.

Section 625 directs agency employees to use official time in an honest effort to perform official duties, as proposed by the House and Senate.

Section 626 authorizes that funds be available to finance an appropriate share of the Joint Financial Management Improvement Program administrative costs, as proposed by the House and Senate.

Section 627 authorizes agencies to transfer funds to GSA to finance an appropriate share of the Joint Financial Management Improvement Program, as proposed by the House and Senate.

Section 628 prohibits Federal funds from being used to prohibit any agency from independently contracting with private companies to provide online applications and processing services.

Section 629 permits breast-feeding in a Federal building or on Federal property if the woman and child are authorized to be there, as proposed by the House and Senate.

Section 630 permits interagency funding of specific projects of the National Science and Technology Council, as proposed by the House and Senate.

Section 631 requires documents involving the distribution of Federal funds to indicate the agency providing the funds and the amount provided, as proposed by the House and Senate.

Section 632 amends subsection (f) of section 403 of Public Law 103-356 by striking "October 1, 2004" and inserting "October 1, 2005", as proposed by the House and Senate.

Section 633 prohibits the use of funds to monitor personal information relating to the use of Federal internet sites, or to collect, review, or create any aggregate list that includes personally identifiable information relating to access to or use of any Federal Internet site, as proposed by the House and Senate.

Section 634 requires health plans participating in the FEHBP to provide contraceptive coverage and provides exemption for certain religious plans, as proposed by the House and Senate.

Section 635 recognizes the U.S. Anti-Doping Agency as the official anti-doping agency of the Olympic, Pan American, and Paralympic sport in the U.S, as proposed by the House and Senate.

Section 636 allows funds appropriated for official travel, if consistent with OMB Circular A-126, to participate in the fractional aircraft ownership pilot program, as proposed by the House and Senate.

Section 637 restricts Federal purchases from Federal Prison Industries, Inc. unless the agency determines such purchase provides the best value to the agency.

Section 638 prohibits funds to be used to implement or enforce restriction on the Coast Guard Congressional Fellowship Program or relating to the detail of Executive Branch employees to the Legislative Branch, as proposed by the House and Senate.

Section 639 relates to the agency management of government charge cards, as proposed by the House and Senate.

Section 640 states that the pay rate adjustment that takes effect in fiscal year 2005 should be a rate increase of 3.5% beginning the pay period on or after January 1, 2005, as proposed by the House and Senate.

Section 641 requires a report on articles purchased by agencies that were manufactured outside of the United States, as proposed by the Senate.

Section 642 restricts the use of funds for federal law enforcement training facilities, as proposed by the Senate.

Section 643 amends 26 U.S.C. 6402 regarding offset procedures for the collection of past due, legally enforceable state unemployment compensation debts, as proposed by the Senate.

Section 644 modifies a provision as proposed by the Senate to ensure the continued operation of the Midway Atoll Airfield. The conference agreement authorizes necessary intergovernmental funding transfers for the continued operation of the airfield and requires the Director of OMB to initiate such transfers so as to ensure the continuous, uninterrupted operation of the airfield. The conferees would welcome the receipt of any information from the Director as to whether certain capital investments on Midway Island might serve to lower the annual operating costs of the airfield.

Section 645 designates the courthouse at 95 Seventh Street in San Francisco, California as the "James R. Browning United States Courthouse".

CONFERENCE TOTAL—WITH COMPARISONS

The total new budget (obligational) authority for the fiscal year 2005 recommended by the Committee of Conference, with comparisons to the fiscal year 2004 amount, the 2005 budget estimates, and the House and Senate bills for 2005 follow:

[In thousands of dollars]	
New budget (obligational) authority, fiscal year 2004	\$46,141,907
Budget estimates of new (obligational) authority, fiscal year 2005	43,748,430
House bill, fiscal year 2005	43,540,159
Senate bill, fiscal year 2005	44,052,003
Conference agreement, fiscal year 2005	43,993,116
Conference agreement compared with:	
New budget (obligational) authority, fiscal year 2004	-2,148,791
Budget estimates of new (obligational) authority, fiscal year 2005	+244,686
House bill, fiscal year 2005	+452,957
Senate bill, fiscal year 2005	-58,887

DIVISION I—DEPARTMENTS OF VETERANS AFFAIRS AND
HOUSING AND URBAN DEVELOPMENT, AND INDEPENDENT AGENCIES APPROPRIATIONS ACT, 2005

The language and allocations set forth in House Report 108-674 and Senate Report 108-353 should be complied with unless specifically addressed to the contrary in the conference report and statement of the managers. Report language included by the House which is not changed by the report of the Senate or the conference and Senate report language which is not changed by the conference is approved by the committee of the conference. The statement of the managers, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases where the House or Senate have directed the submission of a report, such report is to be submitted to both House and Senate Committees on Appropriations.

OPERATING PLAN REPROGRAMMING PROCEDURES

The conferees continue to have a particular interest in being informed of reprogrammings which, although they may not change either the total amount available in an account or any of the purposes for which the appropriation is legally available, represent a significant departure from budget plans presented to the Committees in an agency's budget justifications, the basis of this appropriations Act.

Consequently, the conferees direct the departments, agencies, boards, commissions, corporations and offices funded at or in excess of \$100,000,000 in this Act, to consult with the Committee on Appropriations in both the House and Senate prior to each change from the approved budget levels in excess of \$500,000 between programs, activities, object classifications or elements unless otherwise provided for in the statement of the managers accompanying this Act. For agencies, boards, commissions, corporations and offices funded at less than \$100,000,000 in this Act, the reprogramming threshold shall be \$250,000 between programs, activities, object classifications or elements unless otherwise provided for in the statement of the managers accompanying this Act. Additionally,

the conferees expect the Committees on Appropriations to be promptly notified of all reprogramming actions which involve less than the above-mentioned amounts. If such actions would have the effect of significantly changing an agency's funding requirements in future years, or if programs or projects specifically cited in the statement of the managers or accompanying reports of the House and Senate are affected by the reprogramming, the reprogramming must be approved by the Committees on Appropriations regardless of the amount proposed to be moved. Furthermore, the conferees direct that the Committees on Appropriations be consulted regarding reorganizations of offices, programs, and activities prior to the planned implementation of such reorganizations.

The conferees also direct that the Departments of Veterans Affairs and Housing and Urban Development, as well as the Corporation for National and Community Service, the Environmental Protection Agency, the National Aeronautics and Space Administration, the National Science Foundation, the Consumer Product Safety Commission, and the Chemical Safety and Hazard Investigation Board shall submit operating plans, signed by the respective secretary, administrator, or agency head, for review by the Committees on Appropriations of both the House and Senate within 60 days of enactment of this Act. Other agencies within this Act should continue to submit operating plans consistent with prior year policy, or as directed in this statement of the managers.

The conferees reiterate the Committees' longstanding position that while the Committees reserve the right to call upon all offices in the departments, agencies, boards, and commissions, access to the budget offices is essential and shall in no way be hindered.

TITLE I—DEPARTMENT OF VETERANS AFFAIRS

In addition to the directives above, the conferees direct that no changes may be made to any account or objective, except as approved by the Committees, if it is construed to be policy or change in policy. It is the intent of the conferees that all carryover funds in the various appropriations accounts are subject to the normal reprogramming requirements outlined above. The Department is directed to notify the Committees on Appropriations should the loan limitation of any program administered by the Department be met or exceeded.

VETERANS BENEFITS ADMINISTRATION

COMPENSATION AND PENSIONS

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$32,607,688,000 for compensation and pensions as proposed by both the House and the Senate, of which not more than \$20,703,000 is to be transferred to general operating expenses and medical services for reimbursement of necessary expenses in implementing the Omnibus Budget Reconciliation Act of 1990 and the Veterans' Benefits Act of 1992.

READJUSTMENT BENEFITS

Appropriates \$2,556,232,000 for readjustment benefits as proposed by both the House and the Senate.

VETERANS INSURANCE AND INDEMNITIES

Appropriates \$44,380,000 for veterans insurance and indemnities as proposed by both the House and the Senate.

VETERANS HOUSING BENEFIT PROGRAM FUND PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

Appropriates such sums as may be necessary for costs associated with direct and guaranteed loans from the veterans housing benefit program fund program account as proposed by both the House and the Senate, limits obligations for direct loans to not more than \$500,000 and provides that \$154,075,000 is to be transferred to and merged with general operating expenses.

VOCATIONAL REHABILITATION LOANS PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$47,000 for the costs of direct loans from the vocational rehabilitation loans program account as proposed by both the House and the Senate, plus \$311,000 to be transferred to and merged with general operating expenses. Provides for a direct loan limitation of \$4,108,000.

The conferees direct the Department to monitor carefully the program's loan activity and notify the Committees on Appropriations of the House and Senate during the year if it determines that it may exceed the loan level amount.

NATIVE AMERICAN VETERAN HOUSING LOAN PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$571,000 for administrative expenses of the Native American veteran housing loan program account to be transferred to and merged with general operating expenses as proposed by both the House and the Senate. Provides a loan limitation of \$50,000,000 for the program as proposed by both the House and the Senate.

GUARANTEED TRANSITIONAL HOUSING LOANS FOR HOMELESS
VETERANS PROGRAM ACCOUNT

Provides up to \$750,000 of the funds available in medical administration and general operating expenses to carry out the guaranteed transitional housing loans for homeless veterans program as proposed by the House instead of \$600,000 as proposed by the Senate.

VETERANS HEALTH ADMINISTRATION

The conferees have agreed to provide total resources of \$30,330,370,000 to fund the various operating programs of the Veterans Health Administration (VHA), an increase of \$1,195,000,000

over the appropriation request level. None of the funds are contingent upon an emergency declaration as proposed by the Senate. Further, the conferees have agreed to fund VHA through the new account structure started in fiscal year 2004, comprised of four accounts: medical services, medical administration, medical facilities, and medical and prosthetic research. The conferees continue to believe this account structure will provide better oversight and achieve a more accurate accounting of funds.

MEDICAL SERVICES

(INCLUDING TRANSFERS OF FUNDS)

Provides \$19,472,777,000 to finance medical services for all veterans and beneficiaries in VA, State, and contract medical facilities.

Retains bill language making \$1,100,000,000 available until September 30, 2006, as proposed by both the House and the Senate.

Retains bill language providing the Secretary with the authority to establish a priority system for veterans seeking medical care as proposed by both the House and the Senate.

Retains bill language allowing the Secretary to give priority to medical services for priority 1–6 veterans, as proposed by both the House and the Senate.

Retains bill language allowing the transfer of up to \$400,000,000 to the construction, major projects account for the purposes of implementing Capital Asset Realignment for Enhanced Services (CARES) recommendations. The conferees direct the VA to notify the Committees on Appropriations prior to the transfer of funds for this purpose as stated in Senate Report 108–353.

Modifies bill language proposed by the House, allowing the transfer of up to \$125,000,000 to general operating expenses for Veterans Benefits Administration claims processing. The conferees direct the Secretary to notify the Committees on Appropriations of the House and Senate prior to any transfer.

Retains bill language proposed by both the House and the Senate, allowing the Secretary to fill privately written prescriptions from VA facilities for designated veterans. The conferees agree that such benefit should not result in additional cost to the VA.

Retains bill language proposed by both the House and Senate, providing \$15,000,000 for the DoD/VA Health Care Sharing Incentive Fund.

The conferees are in agreement that the Department shall submit a report on the steps, funds, and staff assigned to improving the transition from DoD to VA for service members returning from conflicts in the Middle East and other areas. The report is to be submitted no later than March 15, 2005.

The conferees direct the continuation of the Joslin Vision Network at no less than the current level and encourage the VA to establish new pilot sites for the Network.

The conferees agree with the Senate direction that the Department shall report on the number and location of training slots for psychologists for post-doctoral training. The report is to be sub-

mitted to the House and Senate Committees on Appropriations by no later than February 4, 2005.

Retains the Senate provision providing \$20,000,000 for a new Prosthetics and Integrative Health Care Initiative. This new initiative will ensure that returning war veterans with loss of limbs and other very severe and lasting injuries have access to the best of both modern medicine and integrative holistic therapies for rehabilitation, and will ensure continuity of care for veterans who transition from the DOD health system, including the Amputee Center at Walter Reed Army Medical Center. The Department is directed to report to the Committees on Appropriations of the House and Senate on the status of this new initiative by February 4, 2005.

Retains the Senate provision directing the VA to: (1) establish an advisory committee on complementary medicine; and (2) implement the recommendations of the White House Commission on Complementary and Alternative Medicine. The VA should report to the Committees on Appropriations of the House and Senate on the status of these issues by February 4, 2005.

The conferees direct the VA to comply with all recommendations of the August 11, 2004, report by the Inspector General regarding issues at the Bay Pines VA Medical Center in Florida, and to report to the Committees on Appropriations of the House and Senate detailing progress in this matter by February 4, 2005.

MEDICAL ADMINISTRATION

Appropriates \$4,705,000,000, as proposed by both the House and Senate, for the expenses of the headquarters offices of the Veterans Health Administration as well as the costs of Veterans Integrated Service Network (VISN) offices and facility directors, all information technology hardware and software, legal services, billing and coding activities, procurement, and related activities.

Includes language allowing \$250,000,000 of the funds to be available until September 30, 2006.

The conferees direct the Secretary to look at integrated medical asset tracking programs and conduct a pilot program to test the feasibility of the implementation of such programs.

The conferees direct the Secretary to review the need for the development of a web portal and implement a pilot program of the system, consistent with existing emergency response systems.

MEDICAL FACILITIES

Appropriates \$3,745,000,000 for the operation, maintenance and security of VHA's capital infrastructure as proposed by both the House and Senate. Included under this heading are provisions for the costs associated with utilities, engineering, capital planning, leases, laundry and food services, grounds-keeping, garbage, house-keeping, facility repair, and property disposition and acquisition.

Retains language allowing \$250,000,000 of the funds to be available until September 30, 2006 as proposed by the Senate.

The conferees reiterate the directive contained in the fiscal year 2004 Consolidated Appropriations Act that the Department of Veterans Affairs offer to transfer to the U.S. Army Corps of Engineers one residential property in Fort Thomas, Kentucky, to be used as the residence for the Commander of the Great Lakes and

Ohio River Division, and appreciate the progress that has been made so far.

MEDICAL AND PROSTHETIC RESEARCH

Appropriates \$405,593,000 for medical and prosthetic research as proposed by the Senate instead of \$384,770,000 as proposed by the House. The conferees direct the Department to continue its technology transfer activities at the current level of effort through the West Virginia High Technology Consortium Foundation.

The conferees direct the Department to prioritize prosthetics in its research agenda and report to the Committee on Appropriations of the House and Senate by March 15, 2005 on its efforts.

DEPARTMENTAL ADMINISTRATION

GENERAL OPERATING EXPENSES

Appropriates \$1,324,753,000 for general operating expenses instead of \$1,319,753,000 as proposed by the House and \$1,399,753,000 as proposed by the Senate.

Provides not less than \$1,027,193,000 for the Veterans Benefits Administration (VBA) as proposed by the House instead of \$1,102,193,000 as proposed by the Senate.

Provides two-year availability for \$66,000,000 as proposed by both the House and Senate.

The conferees direct VA to proceed with information technology initiatives supporting the Department's enterprise architecture and continuity of operations capabilities and direct that not less than \$25,000,000 be allocated for these activities Department-wide. Additionally, the conferees direct that all cyber-security and enterprise architecture activities continue to be centrally managed by the Chief Information Officer. Finally, the conferees reiterate the House position that the Department report quarterly on key information technology objectives and efforts to meet these objectives.

NATIONAL CEMETERY ADMINISTRATION

Appropriates \$148,925,000 for the National Cemetery Administration as proposed by both the House and Senate. Provides two-year obligation authority for \$7,400,000 of the appropriated funds.

OFFICE OF INSPECTOR GENERAL

Appropriates \$69,711,000 for the Office of Inspector General as proposed by the House instead of \$64,711,000 as proposed by the Senate.

CONSTRUCTION, MAJOR PROJECTS

Appropriates \$458,800,000 for construction, major projects as proposed by both the House and Senate. The conferees have included bill language proposed by both the House and Senate which defines a major construction project as one where the estimated cost is more than the amount set forth in 38 U.S.C. 8104(a)(3)(A).

The conference agreement includes \$370,709,000 for construction projects supporting the fiscal year 2005 recommendations of the Secretary's National CARES plan as identified in the May 20,

2004 report entitled "CARES Major Construction Projects, Fiscal Year 2004–2010." The specific projects are also identified in both the House and Senate reports.

Additional recommendations of the conferees are as follows:

Description	House Report 108–674	Senate Report 108–353	Conference agreement
CARES	\$370,709,000	\$370,709,000	\$370,709,000
VHA Advance Planning Fund	14,000,000	14,000,000	14,000,000
VHA Asbestos	3,000,000	3,000,000	3,000,000
VHA Claims	1,000,000	1,000,000	1,000,000
VHA Judgment	8,091,000	8,091,000	8,091,000
VHA Hazardous Waste	2,000,000	2,000,000	2,000,000
Emergency Response Security Study	2,000,000	2,000,000	2,000,000
NCA Phase I Development: Sacramento, CA	21,600,000	21,600,000	21,600,000
NCA Expansion: Barrancas, FL	20,000,000	20,000,000	20,000,000
NCA Expansion: Rock Island, IL	10,200,000	10,200,000	10,200,000
NCA Design Funds	3,200,000	3,200,000	3,200,000
NCA Advance Planning Fund	1,000,000	1,000,000	1,000,000
Staff Offices	2,000,000	2,000,000	2,000,000

The conferees agree with the Senate direction that the Department update its 5-year strategic plan for capital asset management on a periodic basis.

The conferees direct the Department to review the financial status of all existing major construction projects and the major working reserve account. The Department shall provide information on any unobligated and unexpended funds that may be recaptured and spent on other CARES projects.

The conferees agree with the direction contained in the Senate report regarding the establishment of an independent CARES advisory body.

As part of the CARES initiative, the Department will, in some cases, depend on contracting with local providers to deliver health care services. The Department is to provide a business plan to the Committees on Appropriations of the House and Senate that will address the issues raised in the Senate report. This plan should be submitted no later than March 15, 2005.

Finally, the conferees agree with the Senate direction that the Department submit a business plan for excess infrastructure that details disposition strategy and budgetary impacts.

CONSTRUCTION, MINOR PROJECTS

Appropriates \$230,779,000 for construction, minor projects as proposed by the Senate instead of \$230,799,000 as proposed by the House. The conferees have included bill language proposed by both the House and Senate which defines a minor construction project as one where the estimated cost is equal to or less than the amount set forth in 38 U.S.C. 8104(a)(3)(A).

The conference agreement provides \$182,100,000 for construction projects implementing CARES recommendations, as proposed by the Senate instead of \$162,100,000 as proposed by the House. Additional amounts may be used for CARES activities upon notification of and approval by the Committees on Appropriations of the House and Senate.

GRANTS FOR CONSTRUCTION OF STATE EXTENDED CARE FACILITIES

Appropriates \$105,163,000 for grants for construction of state extended care facilities as proposed by both the House and the Senate.

GRANTS FOR THE CONSTRUCTION OF STATE VETERANS CEMETERIES

Appropriates \$32,000,000 for grants for construction of state veterans cemeteries as proposed by both the House and the Senate.

ADMINISTRATIVE PROVISIONS

(INCLUDING TRANSFERS OF FUNDS)

Retains the first eleven administrative provisions which were carried in both the House and Senate bills, and which have been carried in previous years.

Retains section 112 as proposed by the House allowing the Secretary to manage effectively the billing and collection process to third party insurers. The Senate had proposed similar language.

Retains section 113 as proposed by the House providing \$25,000,000 of VA's total information technology budget for enterprise architecture activities under the Office of the Chief Information Officer. The Senate did not include this provision.

Retains section 114 as proposed by the House regarding implementation of Public Law 107-287 by prohibiting funds for implementation of section 2 and section 5. The Senate had proposed similar language.

Retains the provision proposed by the Senate regarding the Secretary's authority in depositing receipts from various funds into the Medical Care Collections Fund. The House had proposed similar language.

Retains the provision proposed by both the House and Senate directing the Secretary to conduct a recovery audit program.

Retains the provision proposed by both the House and Senate allowing the Secretary to transfer enhanced-use lease revenue from the Medical Care Collections Fund to the construction accounts.

Retains the provision proposed by both the House and Senate allowing the Secretary to furnish recreation services and pay funeral expenses.

Retains the provision proposed by both the House and Senate transferring all balances in the Medical Care Collections Fund to medical services.

Retains the provision proposed by both the House and Senate allowing the transfer of funds among Veterans Health Administration accounts.

Retains the provision proposed by the House providing for the transfer of funds from general operating expenses to Veterans Housing Benefit Program Fund Program Account for a nationwide property management contract. The Senate had proposed a similar provision.

Retains the provision proposed by the House authorizing the Department to expend such sums as are available in the unobligated balances of the funds originally appropriated to medical care for emergency expenses resulting from the January 1994 earth-

quake in Southern California, for the same purposes of the medical services account until expended. The Senate had proposed a similar provision.

Deletes the provision proposed by the Senate which would have made funds transferred pursuant to Public Law 108-199 from medical services to construction, major projects, available until expended.

Modifies the provision proposed by the Senate which allows eligible veterans who reside in Alaska to obtain medical services from medical facilities supported by the Indian Health Service.

Adds a new administrative provision which allows the Secretary to transfer up to \$19,800,000 appropriated in Public Law 108-324 from construction, minor projects to medical facilities for non-recurring maintenance expenses related to hurricane and tropical storm damage. Neither House nor Senate bills had included this language.

TITLE II—DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

The conferees restate the reprogramming requirements with respect to amounts approved for each appropriations account within this title. The Department must limit the reprogramming of funds between the programs, projects, and activities within each account to not more than \$500,000 without prior approval of the Committees on Appropriations. Unless otherwise identified in this statement of managers or committee reports, the most detailed allocation of funds presented in the budget justifications shall be considered to be approved, with any deviation from such approved allocation subject to the normal reprogramming requirements outlined above. Further, it is the intent of the conferees that all carry-over funds in the various accounts, including recaptures and deobligations, are subject to the normal reprogramming requirements outlined above. Further, no changes may be made to any program, project, or activity if it is construed to be policy or a change in policy, without prior approval of the Committees. Finally, the conferees expect to be notified regarding reorganizations of offices, programs or activities prior to the planned implementation of such reorganizations, as well as be notified, on a monthly basis, of all ongoing litigation, including any negotiations or discussions, planned or ongoing, regarding a consent decree between the Department and any other entity.

PUBLIC AND INDIAN HOUSING TENANT-BASED RENTAL ASSISTANCE (INCLUDING TRANSFER OF FUNDS)

The conference agreement adopts the account structure proposed by the House to fund tenant-based section 8 activities and project-based section 8 activities in two separate accounts to provide better transparency and oversight of expenditures in these programs that now represent over fifty percent of the Department's budget. The Senate proposed to continue to fund both tenant-based

and project-based Section 8 activities in the Housing Certificate Fund.

The joint explanatory statement of the managers herein reflects the agreement of the conferees on tenant-based and project-based section 8 programs and activities. The language and direction included in this joint explanatory statement of the managers replaces any language included in the Senate report regarding these programs, including Senate language under the Housing Certificate Fund account, and replaces any language included in the House report regarding these programs, including House language under the Tenant-Based Rental Assistance, Project-Based Rental Assistance, and Housing Certificate Fund accounts.

The conference agreement appropriates \$14,885,000,000 for tenant-based section 8 (voucher) activities under the Tenant-Based Rental Assistance account instead of \$14,677,019,000 as proposed by the House. The Senate proposed \$15,359,019,000 for these activities within the Housing Certificate Fund account. Language is included designating funds provided as follows:

<i>Activity</i>	<i>Conference agreement</i>
Voucher Renewals	\$13,462,989,000
Tenant Protection Vouchers	163,000,000
Administrative Costs	1,259,011,000
(Administrative Fees)	(1,210,107,000)
(Family Self-Sufficiency Coordinators)	(46,000,000)
(Working Capital Fund)	(2,904,000)
Total, Tenant Based Rental Assistance	14,885,000,000

Section 8 Voucher Renewals.—The conference agreement includes \$13,462,989,000 to fund tenant-based section 8 vouchers in calendar year 2005, instead of \$13,303,177,000 as proposed by the House. The Senate proposed \$13,787,115,000 within the Housing Certificate Fund. New language is included setting forth the distribution of renewal funds as described herein.

The Department is provided \$13,462,989,000 to fund tenant-based vouchers in calendar year 2005. HUD shall not use recaptures from any source or any project-based carryover to augment total 2005 funding for this account. HUD shall provide all public housing agencies (PHAs) with a fixed, annual budget that each agency must manage their voucher programs within for 2005. HUD shall determine such annual budgets for public housing agencies using the average of the May, June and July 2004 Voucher Management System (VMS) data (for leasing and costs) as reported to, verified, and determined to be complete by HUD. Moving To Work (MTW) agencies shall be funded based on their agreements and are subject to the same adjustments made to all other PHA annual budgets based on funding availability. If an agency failed to report verifiable data into VMS during the May–July time period, HUD shall use the complete three-month submission of VMS data averaged for the period of February, March and April 2004. If an agency has not submitted VMS data for the previously referenced periods, HUD shall use the agency's year-end financial statement for fiscal years ending no later than March 31, 2004. HUD shall then adjust the VMS costs for each agency by applying HUD-published 2005 annual adjustment factors (AAFs) to determine an annual funding eligibility for each agency. HUD may make any necessary adjustments for the costs associated with the first-time renewals of

tenant protection and HOPE VI vouchers in 2005. The Department is to obligate the entire amount of funds provided for voucher renewals to the public housing authorities at the time annual budgets of the public housing authorities are established pursuant to the formula prescribed herein and in the Act. Finally, HUD will, to the extent necessary, pro rate each public housing agency's budget to stay within the amount appropriated.

The voucher program is strictly a dollar-based, or budget-based program in 2005. This new structure is designed to provide flexibility for PHAs to manage their voucher programs, so long as such flexibility meets current legal requirements and PHAs manage within their annual budgets. This could include lowering eligible rents in order to expand utilization to no greater than their authorized levels. PHAs are expected to manage utility costs, decreased tenant contributions and protect the most at-risk families within these budgets. HUD is not provided a central fund or any other funds to address increased leasing or costs in 2005. Furthermore, HUD is not provided any funding to replenish program reserves in 2005, nor can carryover or recaptures be used for this purpose. Agencies must manage within their annual budget as determined by HUD, pursuant to the formula prescribed herein and in this Act. HUD must issue a notice implementing the tenant-based provisions of this Act, including details on the eligibility for the \$25,000,000 in administrative fees set aside under this Act, within 30 days of enactment of this Act. HUD will also communicate all agencies' annual budget amounts directly to each agency within 45 days of enactment of this Act. This is intended to provide agencies with as much advanced notice as possible in order to manage their budgets successfully in 2005. HUD shall also provide agencies with flexibility to adjust payment standards and portability policies as necessary to manage within their 2005 budgets. Agencies shall ensure that current elderly and disabled voucher families be protected against significant impacts resulting from adjustments made by agencies to maintain their voucher programs within their 2005 budgets.

The conference agreement does not include language proposed by the Senate to allow recaptures to be used to augment funds appropriated for section 8 vouchers. Instead the conference agreement includes language elsewhere in this title that prohibits the use of recaptures for this purpose, similar to language proposed by the House.

The conference agreement does not include language proposed by the Senate to allow funds to be used to amend a public housing agency's voucher renewal amount. The House did not include similar language.

The conference agreement does not include language proposed by the Senate to allow the Secretary to transfer funds among various activities. The House did not include similar language.

The conference agreement does not include language proposed by the Senate to allocate renewal funds based upon information submitted to the public housing agency as of October 1, 2004, adjusted by an inflation factor established by the Secretary, and further adjusted based on certain other factors. The House did not include similar language.

The conference agreement does not include language proposed by the Senate requiring that all units be subject to a rent reasonableness test. The House did not include similar language. The conferees note that public housing agencies are statutorily required to determine and ensure rent reasonableness and expect this requirement to be followed.

The conference agreement does not include \$100,000,000 for a Central Fund as proposed by the Senate. The House did not include similar language or funding.

Language is included, as proposed by the House, prohibiting funds from being used to fund a public housing agency for vouchers in excess of their authorized level. The Senate bill included similar language.

Tenant Protection.—The conference agreement includes \$163,000,000 for rental subsidies for tenant protection activities to replace project-based section 8 assistance with section 8 vouchers, for conversion of section 202 and section 23 projects to section 8 assistance, for the family reunification program and for the witness protection program, as proposed by the House and the Senate.

The conference agreement assumes that new vouchers under the Revitalization of Severely Distressed Housing Program (HOPE VI) will continue to be provided within that account as proposed by the House. The Senate did not address this matter.

Administrative Fees.—The conference agreement includes \$1,210,107,000 for public housing agencies' administrative costs and other expenses, instead of \$1,161,938,000 as proposed by the House and \$1,256,000,000 as proposed by the Senate.

Modified language is included, similar to language proposed by the House, designating \$1,185,107,000 to be allocated to public housing agencies for the calendar year 2005 funding cycle on a pro rata basis based on the amount the public housing agencies were eligible to receive in calendar year 2004. In addition, new language is included making up to \$25,000,000 available to the Secretary to allocate to public housing agencies that need additional funds to administer their programs. The conferees direct the Department to specify the activities eligible for this funding in the notice to be issued within thirty days of enactment of this Act. The Senate did not include similar language.

Language is included as proposed by the Senate to allow section 8 administrative fees to be used for section 8 rental assistance activities, including related development activities. The House limited the use to section 8 rental assistance activities.

Family Self Sufficiency Coordinators.—The conference agreement includes \$46,000,000 for public housing agencies family self-sufficiency coordinator staff as proposed by the House instead of \$48,000,000 as proposed by the Senate.

Working Capital Fund.—The conference agreement includes \$2,904,000 for transfer to the Working Capital Fund, instead of no less than \$2,904,000 as proposed by the House. Modified language is included to broaden the uses of these funds to include other departmental information technology needs.

Language proposed by the Senate is not included to require all public housing agencies to submit accounting data for funds provided under this account in this Act or any other Act by source of

funds and purpose of such funds. This requirement was made permanent in the fiscal year 2004 Act. The House did not include similar language.

Language is also included elsewhere in this Act rescinding funds provided in previous years under the Housing Certificate Fund, including funds previously made available for certain tenant-based rental assistance activities.

PROJECT-BASED RENTAL ASSISTANCE
(INCLUDING TRANSFER OF FUNDS)

The conference agreement appropriates \$5,341,000,000 for project-based rental assistance activities instead of \$5,340,745,000 as proposed by the House. The Senate proposed \$5,348,785,000 for these activities within the Housing Certificate Fund account.

The conference agreement provides funds as follows:

<i>Activity</i>	<i>Conference agreement</i>
Project-Based Contract Renewals	\$4,990,100,000
Moderate Rehabilitation Renewals and Administrative Costs	227,000,000
Section 441 Renewals and Administrative Costs	20,000,000
Contract Administrators	101,900,000
Working Capital Fund	2,000,000
Total, Project-Based Rental Assistance	5,341,000,000

Language is included, similar to language proposed by the House, designating \$5,237,100,000 for renewals and amendment of section 8 project-based contracts, section 8 moderate rehabilitation contracts (including associated PHA administrative expenses), Emergency Low-Income Housing Preservation Reform Act (ELIHPRRA) and Low-Income Housing Preservation Reform Act (LIHPRA) contracts, and section 441 single room occupancy contracts (including associated PHA administrative expenses). The Senate included similar language under the Housing Certificate Fund.

Language is included, as proposed by the House, designating \$101,900,000 for performance-based contract administrators. The Senate included a similar provision under the Housing Certificate Fund.

Language is included designating \$2,000,000 for transfer to the Working Capital Fund. Modified language is included to broaden the uses of these funds to include other departmental information technology needs.

The conference agreement assumes that project-based section 8 contract amendment funding requirements for fiscal year 2005 will be met through the use of recaptures available in the Housing Certificate Fund as proposed in the budget request. Language is included elsewhere in this title making funds available for such purpose.

PUBLIC HOUSING CAPITAL FUND
(INCLUDING TRANSFER OF FUNDS)

Appropriates \$2,600,000,000 for the public housing capital fund, instead of \$2,580,000,000 as proposed by the House and \$2,700,000,000 as proposed by the Senate.

Includes \$38,700,000 for technical assistance including up to \$12,500,000 for remediation services to certain troubled PHAs and for rent surveys. The House proposed \$37,850,000, including \$12,440,000 for remediation services and rent surveys and the Senate proposed \$50,000,000, including up to \$15,000,000 for such activities. The Department is directed to use no less than \$4,750,000 of these funds for activities related to fair market rent surveys as proposed by the House.

Does not include language proposed by the Senate making such funds available for lease adjustments to section 23 projects. The House did not include a similar provision.

Includes \$10,150,000 for information technology systems needs instead of not less than \$10,150,000 as proposed by the House and \$4,500,000 as proposed by the Senate. Modified language is included to broaden the uses of these funds to include other departmental information technology needs.

Includes up to \$30,000,000 for emergency capital needs resulting from unforeseen emergencies or natural disasters in fiscal year 2005, instead of \$38,000,000 as proposed by the House and \$50,000,000 as proposed by the Senate. Language is included as proposed by the House to allow funds to be awarded non-competitively and only for unforeseen activities. The Senate proposed similar language.

Includes \$53,500,000 for the Resident Opportunity Self-Sufficiency (ROSS) program, instead of \$52,300,000 as proposed by the House and \$55,000,000 as proposed by the Senate.

Includes modified language to allow up to \$3,000,000 to support the costs of existing administrative and judicial receiverships in effect as of the date of enactment of this Act. The House proposed language allowing such funds to be used for current and future receiverships while the Senate did not include funds for such purpose. The Department is directed to submit a proposed spending plan for the use of these funds prior to expenditure.

Includes modified language designating \$15,000,000 for Neighborhood Networks grants similar to language proposed by the Senate. Language is also included allowing up to \$1,000,000 to be made available for technical assistance and to allow centers established under these grants to serve individuals receiving housing assistance under other programs funded in this Act. Language is included as proposed by the Senate, requiring such funds to be competitively awarded. The conferees remind HUD that these funds, and all other funds provided in this Act, are to be awarded on a competitive basis in accordance with the requirements set forth in section 205 under administrative provisions in this title, except where explicitly authorized. The House did not include similar language.

The conference agreement does not designate \$30,000,000 for demolition, relocation and site remediation for obsolete and distressed public housing units as proposed by the Senate. The House did not address this matter.

PUBLIC HOUSING OPERATING FUND

Appropriates \$2,458,000,000 for the public housing operating fund, instead of \$3,425,000,000 as proposed by the House and \$2,610,000,000 as proposed by the Senate.

Modified language is included, similar to language proposed by the Senate, to synchronize the funding cycles for all public housing authorities' operating subsidy payments to the same calendar year. The conferees believe that this conversion will simplify and improve administration and oversight of the program. This change results in a one-time savings to this account. The House did not include similar language.

Includes modified language designating \$8,000,000 for programs to assist in the investigation, prosecution and prevention of criminal activities in public housing to be administered through a cooperative agreement with the Department of Justice (DOJ) similar to language proposed by the House. The Senate did not propose a similar provision.

Includes language designating \$10,000,000 for a program to provide bonus funding for PHAs that assist families in moving away from dependency on housing assistance programs, instead of \$15,000,000 as proposed by the Senate. The House did not propose a similar provision. The conferees expect the Department to allocate these funds through a Notice of Funding Availability that provides clear eligibility criteria for this program.

Language proposed by the Senate to designate \$30,000,000 for transition costs associated with synchronization to a calendar year funding basis is not included. The House did not address this matter.

REVITALIZATION OF SEVERELY DISTRESSED PUBLIC HOUSING (HOPE VI)

Appropriates \$144,000,000 for the revitalization of severely distressed public housing program (HOPE VI), instead of \$150,000,000 as proposed by the Senate and \$143,000,000 as proposed by the House.

Language is included making funds available for obligation until September 30, 2006 as proposed by the House, instead of making funds available for one year as proposed by the Senate.

NATIVE AMERICAN HOUSING BLOCK GRANTS

(INCLUDING TRANSFERS OF FUNDS)

Appropriates \$627,000,000 instead of \$622,000,000 as proposed by the House and \$650,241,000 as proposed by the Senate.

Includes \$4,500,000 for inspections, training, and technical assistance and \$2,200,000 for the National American Indian Housing Council for technical assistance and capacity building as proposed by the Senate. The House proposed \$4,300,000 and \$2,100,000 respectively for these activities.

Includes \$2,000,000 for guaranteed loans to subsidize a total guaranteed loan principal of up to \$17,926,000 as proposed by the Senate instead of \$1,914,000 to subsidize a total loan volume of up to \$17,155,000 as proposed by the House.

Includes \$2,600,000 for information technology systems instead of no less than \$2,600,000 as proposed by the House and \$500,000 as proposed by the Senate. Modified language is included to broaden the uses of these funds to include other departmental information technology needs.

The conference agreement also includes language elsewhere in this title rescinding \$21,000,000 from prior year unobligated balances remaining for title VI loan guarantees. Both the House and Senate proposed this rescission.

INDIAN HOUSING LOAN GUARANTEE FUND PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$5,000,000 to subsidize a total loan principal of up to \$145,345,000 as proposed by the House instead of \$1,000,000 to subsidize a total loan principal of \$29,069,767 as proposed by the Senate.

The conference agreement also includes language elsewhere in this title rescinding \$33,000,000 from prior year unobligated balances remaining from this program. Both the House and Senate proposed this rescission.

NATIVE HAWAIIAN HOUSING LOAN GUARANTEE FUND PROGRAM
ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$1,000,000 for guaranteed loans for Native Hawaiian housing to subsidize a total guaranteed loan principal of up to \$37,403,000 as proposed by the House and Senate.

COMMUNITY PLANNING AND DEVELOPMENT

HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS

Appropriates \$284,000,000 for housing opportunities for persons with AIDS (HOPWA) instead of \$282,000,000 as proposed by the House and \$294,800,000 as proposed by the Senate.

RURAL HOUSING AND ECONOMIC DEVELOPMENT

Appropriates \$24,000,000 for rural housing and economic development as proposed by the House instead of \$25,000,000 as proposed by the Senate. Language is included requiring funds to be awarded competitively by September 1, 2005. The Senate had proposed that funds be awarded by June 1, 2005.

EMPOWERMENT ZONES/ENTERPRISE COMMUNITIES

Appropriates \$10,000,000 for grants to the second round of empowerment zones. The House had proposed \$14,250,000 for this account and the Senate did not include funding for this activity. The Conferees direct that funding in this account be distributed equally among the 15 Enterprise Zones and Enterprise Communities (EZ/ECs) designated in Round II.

COMMUNITY DEVELOPMENT FUND
(INCLUDING TRANSFERS OF FUNDS)

Appropriates \$4,709,000,000 for various activities funded in this account as proposed by the House instead of \$4,950,000,000 as proposed by the Senate. The conferees agree to the following:

- \$4,150,035,000 for formula grants under the Community Development Block Grant program (CDBG), instead of \$4,304,900,000 as proposed by the House and \$4,547,700,000 as proposed by the Senate. The amount provided for CDBG includes grants to insular areas as proposed by the House. The Senate had proposed funding insular areas as a Section 107 set-aside;
 - \$69,000,000 for grants to Indian tribes, including up to \$4,000,000 for emergencies as proposed by the House, instead of \$72,000,000 as proposed by the Senate;
 - \$3,300,000 for the Housing Assistance Council as proposed by the Senate instead of \$3,200,000 as proposed by the House;
 - \$2,400,000 for the National American Indian Housing Council as proposed by the House instead of \$2,500,000 as proposed by the Senate;
 - \$43,700,000 for section 107 grants, instead of \$36,700,000 as proposed by the House and \$51,000,000 as proposed by the Senate. Within the amount provided for section 107 grants, the conference agreement provides the following:
 - \$10,000,000 for historically black colleges and universities, of which up to \$2,000,000 may be used for technical assistance;
 - \$2,900,000 for community development work study;
 - \$6,700,000 for Hispanic Serving Institutions;
 - \$6,700,000 for the Community Outreach Partnerships program;
 - \$3,000,000 for tribal colleges and universities;
 - \$4,000,000 for Alaska Native-Serving Institutions and Native Hawaiian-Serving Institutions;
 - \$9,000,000 for assistance under the Hawaiian Homelands Homeownership Act of 2000; and
 - \$1,400,000 for technical assistance.
- Does not provide \$7,000,000 for insular areas within section 107 activities. Instead, insular areas are funded within Community Development Block Grants.
- \$4,800,000 for the National Housing Development Corporation for continuation of its program of acquisition, rehabilitation, and preservation of at-risk affordable housing, including \$2,000,000 for operating expenses as proposed by the House. The Senate did not propose funding for this program;
 - \$4,800,000 for the National Council of La Raza HOPE Fund, of which \$500,000 is for technical assistance and fund management and \$4,300,000 is for investments and financing as proposed by the House. The Senate did not propose funding for this program;

—\$25,000,000 for grants to eligible grantees under section 11 of the Self-Help Housing Opportunity Program (SHOP) as proposed by the Senate instead of \$26,000,000 as proposed by the House;

—\$34,500,000 for capacity building, of which \$30,000,000 is for the Community Development and Affordable Housing program for LISC and the Enterprise Foundation for activities as authorized by section 4 of the Department of Housing and Urban Development Demonstration Act, as in effect before June 12, 1997, including \$5,000,000 for rural areas; and of which \$4,500,000 is for Habitat for Humanity International. The House proposed \$33,500,000 for capacity building including \$28,800,000 for LISC and the Enterprise Foundation and \$4,700,000 for Habitat for Humanity; and the Senate proposed \$33,500,000 for such activities including \$30,000,000 for LISC and the Enterprise Foundation and \$3,500,000 for Habitat for Humanity;

—\$62,000,000 for Youthbuild as proposed by the House instead of \$65,000,000 as proposed by the Senate. Within amounts available for Youthbuild, the agreement provides \$9,000,000 for underserved and rural areas;

—\$262,000,000 for economic development initiatives instead of \$136,500,000 as proposed by the House and \$126,000,000 as proposed by the Senate. This amount is 5% below the amounts appropriated for EDI grants in fiscal year 2004. Language is included prohibiting funds from being used for program operations as proposed by both the House and the Senate. The conferees note that projects receiving funds must comply with the environmental review requirements set forth in section 305(c) of the Multifamily Housing Property Disposition Act of 1994 (42 U.S.C. 3547). The conferees will not entertain waivers of such requirements. In addition, funds provided for projects shall not be used for reimbursement of expenses incurred prior to the receipt of economic development initiative funding. Modified language is included, similar to language proposed by the House and Senate, to target funds made available under this program. Targeted grants shall be made as follows:

1. \$1,900,000 for the City of Tuscaloosa, Alabama for the Urban Renewal Project in Tuscaloosa, Alabama;
2. \$300,000 for the City of Livingston, Alabama for downtown revitalization in Livingston, Alabama;

956. \$242,500 to the Waynesburg College Center for Economic Development in Greene County, Pennsylvania for facilities construction and renovations;

957. \$291,000 to Fayette County, Pennsylvania for development of a business park;

958. \$388,000 to Cambria County, Pennsylvania for facility construction and improvements to the Johnstown Regional Technology Complex;

959. \$485,000 to the Winnie Palmer Nature Reserve in Westmoreland County, Pennsylvania for facilities construction and development;

960. \$485,000 to Fayette County, Pennsylvania for renovation, revitalization, and improvement associated with the Downtown Uniontown Revitalization Project;

961. \$72,750 to the Please Touch Museum in Philadelphia, Pennsylvania for facilities construction;

962. \$48,500 to the World War II Memorial Commission of Rhode Island for the construction of the Rhode Island World War II Memorial;

963. \$121,250 to the Cornerstone Adult Services/Bristol Center for renovation of a mill building in Bristol, Rhode Island;

964. \$145,500 to the City of East Providence, Rhode Island for facilities construction and renovation of the East Providence Senior Center;

965. \$72,750 to the City of West Warwick, Rhode Island for construction of the West Warwick Senior Center;

966. \$242,500 to Salve Regina University in Newport, Rhode Island for facilities renovations;

967. \$145,500 to the Five Rivers Community Development Corporation for the acquisition of land for a community training site in Georgetown County, South Carolina;

968. \$145,500 to the South Sumter Resource Center for facilities construction and renovation in Sumter, South Carolina;

969. \$97,000 to the Lee County Public Library in Lee County, South Carolina for facilities expansion and relocation;

970. \$291,000 to Clinton Junior College in Rock Hill, South Carolina for construction of a new library/classroom facility;

971. \$121,250 to the Cheyenne River Youth Project for construction of a teen center in Eagle Butte, South Dakota;

972. \$72,750 to Fisk University in Nashville, Tennessee for development of a physical facilities master plan;

973. \$121,250 to the Arts Center of Cannon County in Woodbury, Tennessee for construction and renovation of the Cannon County Cultural Tourism Complex;

974. \$72,750 to the Southwest Tennessee Community College for expansion of a biotechnology building in Memphis, Tennessee;

975. \$169,750 to the Arts Center of Cannon County for expansion and construction of the Cannon County Cultural Tourism Complex in Woodbury, Tennessee;

976. \$145,500 to the Lauderdale County Economic Development Board in Ripley, Tennessee for industrial park development at the North Industrial Park;

977. \$97,000 to the NABA International Park for the construction and renovations of its visitor center;

978. \$97,000 to Southwest Key in Austin, Texas for facilities construction;
979. \$97,000 to the City of Killeen, Texas for construction of a senior citizens center;
980. \$436,500 to Quinn Campus, Inc. for construction, renovation and upgrades at Paul Quinn College in Waco, Texas;
981. \$145,500 to Harris County, Texas Precinct 2 for the Harris County Unincorporated Area Revitalization Program in Harris County, Texas to enhance economic development in the area;
982. \$145,500 to the City of Houston, Texas for construction and buildout of the Mason Park Family Center;
983. \$72,750 to Texas A&M University in Kingsville, Texas for facility expansion of the Center for Young Children;
984. \$72,750 to the City of Houston, Texas for the renovation of a school building to house an African-American archive and cultural center;
985. \$121,250 to the City of Houston, Texas for capital improvements to the Guadalupe Plaza Park;
986. \$72,750 to the City of Dallas, Texas for facilities construction and buildout of the Joppa Rodeo;
987. \$121,250 to the City of Dallas, Texas for rehabilitation of the Black Dance Theater;
988. \$169,750 to the Corpus Christi Regional Transportation Authority for the sidewalk improvements in Corpus Christi, Texas;
989. \$121,250 to the Canutillo, Texas Independent School District for construction of a Science and research center;
990. \$97,000 to Salt Lake County, Utah for construction of the East Side Senior Center;
991. \$121,250 to the Utah Shakespearean Festival for architectural and engineering design and construction of a performance facility;
992. \$194,000 to the Dabney S. Lancaster Community College for construction of the Virginia Packaging Applications Center;
993. \$97,000 to the Boys and Girls Club of Alexandria, Virginia for renovation and expansion of its facility;
994. \$97,000 to the Shirlington Incubation Center in Arlington, Virginia for construction of an incubator;
995. \$97,000 to the Arlington Housing Corporation in Arlington County, Virginia for property acquisition, building demolition, and facilities renovation;
996. \$169,750 to the Northern Virginia Urban League for rehabilitation of the Freedom House in Alexandria, Virginia;
997. \$145,500 to the National Park Foundation for site preparation and construction of a New Market Heights memorial and visitor's center in Henrico County, Virginia;
998. \$291,000 to Edgehill Recovery Retreat Center in Winchester, Virginia for facilities construction;
999. \$72,750 to the Central Vermont Council on Aging in Barre, Vermont for construction and rehabilitation of senior centers;

1000. \$72,750 to the Vermont Network Against Domestic Violence and Sexual Assault in Montpelier, Vermont for construction and rehabilitation of domestic violence shelters;

1001. \$97,000 to the Vermont Employee Ownership Center in Burlington, Vermont for capitalization of a loan fund;

1002. \$72,750 to the Fire Mountain Arts Council for renovation of the Morton Theater in Morton, Washington;

1003. \$72,750 to the City of Hoquiam, Washington for renovation of the Senior Nutrition Center;

1004. \$194,000 to the Port of Bremerton, Washington for expansion of a marina;

1005. \$388,000 to the Town of Port Townsend, Washington for construction on the Northwest Maritime Center;

1006. \$72,750 to the Edmonds Public Facilities District for renovations at the Edmonds Center for the Arts in Edmonds, Washington;

1007. \$121,250 to the City of Bellingham, Washington for renovations to the Mount Baker Theater;

1008. \$72,750 to the Boys and Girls Club of King County, Washington for renovation of the Greenbridge Community Center in White Center;

1009. \$72,750 to the Asian Counseling and Referral Service for construction of a new building in Seattle, Washington;

1010. \$72,750 to the City of Federal Way, Washington for the West Hylebos Wetlands Boardwalk Replacement;

1011. \$169,750 to the City of Beloit, Wisconsin for sidewalks, street furniture, and façade improvements;

1012. \$97,000 to Dakota County Technical College and Chippewa Valley Technical College for construction of the Center of Technology Innovation and Learn Lab in Eau Claire, Wisconsin and Rosemount, Minnesota;

1013. \$242,500 to the Wisconsin Rapids Heart of Wisconsin Chamber of Commerce for a loan fund;

1014. \$940,000 to the Ashwabay Outdoor Education Foundation in Washburn, Wisconsin for acquisition of land;

1015. \$1,000,000 to the Marshfield Clinic for construction of the Melvin R. Laird Center for Applied Sciences;

1016. \$97,000 to Forward Southern West Virginia in Beckley, West Virginia for land acquisition, planning, design and construction;

1017. \$657,000 to the Greenbrier Valley Economic Development Corporation in Lewisburg, West Virginia for facilities construction and buildout;

1018. \$970,000 to the 4-County Economic Development Corporation in Oak Hill, West Virginia for facilities construction;

1019. \$72,750 to the Mountaineer Area Council in Fairmont, West Virginia for facilities construction;

1020. \$72,750 to the Wetzel County 4-H Camp in New Martinsville, West Virginia for facilities renovation and buildout;

1021. \$72,750 to the Grant County Library Commission in Grant County, West Virginia for facilities construction and renovation;

1022. \$97,000 to Alderson-Broaddus College in Philippi, West Virginia for facilities construction, upgrades and build-out;

1023. \$97,000 to the Tyler County Commission in Tyler County, West Virginia for facilities construction and renovations;

1024. \$97,000 to the Monongalia County Schools Foundation, Inc. in West Virginia for construction of recreational facilities;

1025. \$97,000 to the Marion County Commission in Marion County, West Virginia for planning, renovation and construction;

1026. \$97,000 to West Liberty State College in West Liberty, West Virginia for planning and construction;

1027. \$97,000 to Glenville State College in Glenville, West Virginia for planning and design of a science center;

1028. \$97,000 to the Strand Theatre Preservation Society in Moundsville, West Virginia for theatre renovations;

1029. \$242,500 to Wheeling Hospital in Wheeling, West Virginia for facilities upgrades and buildout;

1030. \$1,386,600 to Vandalia Heritage Foundation, Inc. for land acquisition;

1031. \$1,090,900 to the West Virginia High Technology Consortium Foundation, Inc. for facilities construction; and

1032. \$1,940,000 to Glenville State College in Glenville, West Virginia for the construction of a new campus community education center.

—\$42,000,000 for the Neighborhood Initiatives program instead of \$21,735,000 as proposed by the House and \$22,000,000 as proposed by the Senate. Modified language is included, similar to language proposed by the House and Senate, to target funds made available under this program. Targeted grants shall be provided as follows:

1. \$250,000 for the reconstruction of Newell Hall at the University of Florida;

2. \$300,000 for Lokahi Pacific in Wailuku, Hawaii for costs associated with the construction of the Blue Hawaii Building Projects and the Wailuku Small Business Center;

3. \$200,000 for the Patriot's Gateway Center in Rockford, Illinois for continuation of programs and neighborhood revitalization in Rockford;

4. \$500,000 for the City of Terre Haute, Indiana for the Terre Haute Business Incubator;

5. \$500,000 for the Iowa Department of Economic Development for the enhancement of regional economic development capabilities;

6. \$300,000 for the City of Council Bluffs, Iowa for downtown revitalization;

7. \$500,000 for Catholic Housing of Wyandotte County, Kansas, Inc. for construction of low-cost housing and economic development activities as part of the Bethany Redevelopment Project in Wyandotte County, Kansas;

8. \$1,000,000 for the Casey County Fiscal Court, Kentucky for the Central Kentucky Agriculture and Exposition Center in Casey County, Kentucky;
9. \$1,000,000 for East Baltimore Development Inc., in Baltimore, Maryland for redevelopment activities in East Baltimore;
10. \$1,300,000 for the Denali Commission for economic development in remote Native and rural villages in Alaska;
11. \$300,000 for the Cambridge Redevelopment Authority, Massachusetts for the Kendall Square Renewal Area Project;
12. \$300,000 for the Detroit Riverfront Conservancy, Michigan for costs associated with the restoration of Detroit riverfront west;
13. \$1,000,000 to the B.B. King Museum Foundation for the B.B King Museum in Indianola, Mississippi;
14. \$300,000 to Mississippi State University for the Capacity Development Initiative in Starkville, Mississippi;
15. \$250,000 to Jackson State University for the Lynch Street Development Corridor Redevelopment in Jackson, Mississippi;
16. \$250,000 to the City of Grenada for the Taylor Hall renovation in Grenada, Mississippi;
17. \$350,000 for the LeFleur Lakes Development Foundation for an Economic Development Plan in Rankin and Hinds County, Mississippi;
18. \$350,000 to Lincoln County for the restoration of the Boys & Girls Club in Lincoln County, Mississippi;
19. \$5,000,000 for the Grace Hill Neighborhood Health Centers, Inc. shall be spent on primary prevention activities with no less than \$4,000,000 spent on remediation and abatement activities of housing in St. Louis, Missouri;
20. \$500,000 to the Urban League of Kansas City, Missouri for programs to support at-risk youth in the urban core of Kansas City;
21. \$260,000 to the Central Missouri Food Bank in Columbia, Missouri for capital campaign project;
22. \$90,000 to the Special Learning Center in Jefferson City, Missouri for staffing, training, equipment, supplies and renovations;
23. \$50,000 to the Children's Therapy and Early Education School in Mexico, Missouri for an indoor exercise and gym area and to provide location for occupational and physical therapy for children with developmental delays and special needs;
24. \$250,000 for the Urban Institute in Washington, DC for HOPE VI related research activities;
25. \$1,000,000 for the Georgia Museum of Art in Athens, Georgia for completion of phase II;
26. \$250,000 for the City of North Las Vegas, Nevada for a neighborhood beautification project;
27. \$500,000 for the City of Rugby, North Dakota to continue work on information technology and energy projects;
28. \$400,000 for Charleston Housing Trust Incorporated in South Carolina for the development of affordable housing;

29. \$300,000 for Mercy Housing, Inc. for improvements to rural housing in Yakima, Washington; and
30. \$1,000,000 for the Girl Scouts of the USA for youth development initiatives in public housing;
31. \$1,000,000 for Shepherd University in Shepherdstown, West Virginia for construction, related activities, and programs at the Scarborough Library;
32. \$500,000 for the Boys and Girls Clubs of America to establish programs for youth living in Public and Indian housing communities;
33. \$800,000 to Swope Community Builders in Kansas City, Missouri for the redevelopment of the Brush Creek Neighborhood;
34. \$100,000 to Tri-State University in Angola, Indiana for facilities construction and renovation of the Center for Technology and Online Resources;
35. \$250,000 to Bradley University in Peoria, Illinois for facilities construction and renovation of Bradley Hall;
36. \$250,000 to Pathway Services in Jacksonville, Illinois for facilities construction and renovation of a respite care facility;
37. \$100,000 to Teen Challenge in Decatur, Illinois for facilities construction and renovation;
38. \$100,000 to Quincy University in Quincy, Illinois for design and construction of a science building;
39. \$100,000 to Tazewell/Woodford Head Start in East Peoria, Illinois for facilities construction and renovation of a new facility;
40. \$100,000 to the City of Peoria, Illinois for Southern Gateway revitalization project;
41. \$275,000 to the First Gethsemane Center for Family Development in Louisville, Kentucky for the purchase of a multi-purpose facility;
42. \$600,000 to Maryhurst, Inc. in Louisville, Kentucky for facilities construction and renovation of a multi-purpose youth activities center;
43. \$675,000 to the YMCA of Greater Louisville, Kentucky for renovations to the Chestnut Street facility;
44. \$200,000 to the Visually Impaired Preschool Services in Louisville, Kentucky for facilities renovation;
45. \$735,000 to the Monroe County Heritage Christian Home for costs associated with construction of the Springdale Farm Demonstration Project located in Ogden, Monroe County, New York;
46. \$500,000 to NYSERNET for optical networking infrastructure;
47. \$550,000 to the Central New York Regional Planning and Development Board for Finger Lakes Open Lands Conservation Project;
48. \$475,000 to the Genesee/Finger Lakes Regional Planning Council for the Finger Lakes Open Lands Conservation Project;
49. \$5,540,000 to the City of Syracuse, New York for the Neighborhood Initiative Program;

50. \$1,000,000 for The Ohio State University in Columbus, Ohio for facilities construction and renovation in the Community Properties of Ohio Initiative.

51. \$2,910,000 to the Institute for Scientific Research for construction related to a high-technology diversification initiative

52. \$2,660,000 to the West Virginia High Technology Consortium Foundation, Inc. for mission purposes and economic development initiatives;

53. \$2,910,000 to the Vandalia Heritage Foundation, Inc. for community and neighborhood revitalization and economic diversification initiatives; and

54. \$970,000 to the City and County of San Francisco for capital; and improvements, upgrades and buildout for a senior homeless facility.

Includes modified language making technical corrections to certain targeted economic development initiative grants funded under this heading in prior appropriations Acts, similar to language proposed by the House and the Senate.

Includes language proposed by the House transferring up to \$3,465,000 to the Working Capital Fund for development of and modifications to information technology systems. Modified language is included to broaden the uses of these funds to include other Departmental information technology needs. The Senate had proposed \$500,000 for this transfer.

Includes language limiting the use of funds provided under this heading for planning, management and administration to not more than 20 percent of the funds provided except for amounts provided for certain activities as proposed by the House and the Senate.

COMMUNITY DEVELOPMENT LOAN GUARANTEES PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$7,000,000 for costs associated with section 108 loan guarantees, including administrative costs, to subsidize a total loan principal of up to \$275,000,000 as proposed by the House. The Senate had proposed \$7,325,000 for this account.

BROWNFIELDS REDEVELOPMENT

Appropriates \$24,000,000 for brownfields redevelopment as proposed by the House. The Senate had proposed \$25,000,000 for this account.

HOME INVESTMENT PARTNERSHIPS PROGRAM

(INCLUDING TRANSFER OF FUNDS)

Appropriates a total of \$1,915,000,000 for this account, instead of \$1,920,000,000 as proposed by the House and \$2,050,000,000 as proposed by the Senate.

The conference agreement includes \$1,865,000,000 for the HOME Investment Partnerships program, instead of \$1,835,000,000 as proposed by the House and \$2,000,000,000 as

proposed by the Senate. Within this account, funds are allocated as follows:

\$42,000,000 is for housing counseling. The House had proposed \$38,000,000 for housing counseling and the Senate had proposed \$45,000,000;

\$18,000,000 is for technical assistance as proposed by the Senate. The House had proposed \$17,400,000 for technical assistance. Of amounts made available for technical assistance, \$7,500,000 is for qualified non-profit intermediaries to provide technical assistance to Community Housing and Development Organizations (CHDOs) instead of \$7,000,000 as proposed by the House and \$8,000,000 as proposed by the Senate; and

\$2,000,000 as a transfer to the Working Capital Fund as proposed by the House instead of \$500,000 as proposed by the Senate. Modified language is included to broaden the uses of these funds to include other Departmental information technology needs.

In addition, the conference agreement includes \$50,000,000 to provide down-payment assistance to low-income families to help them achieve homeownership as proposed by the Senate, instead of \$85,000,000 as proposed by the House.

HOMELESS ASSISTANCE GRANTS

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$1,250,515,000 for homeless assistance grants, instead of \$1,206,000,000 as proposed by the House and \$1,260,000,000 as proposed by the Senate. Language is included designating up to \$11,500,000 for the national homeless data analysis project and for technical assistance as proposed by the House. The Senate had proposed \$12,000,000 for these activities. Includes modified language proposed by the House transferring \$2,500,000 to the Working Capital Fund. Modified language is included to broaden the uses of these funds to include other Departmental information technology needs. The Senate had proposed \$500,000 for this transfer.

The conferees reiterate language proposed by the Senate directing HUD to provide flexibility in the types of activities that qualify in meeting the match requirement under the Supportive Housing Program. The conferees also reiterate the direction in the Senate report that HUD is to include 5-year projections for the cost of renewing the permanent housing component of the Supportive Housing Program and Shelter Plus Care grants in its fiscal year 2006 budget justification.

HOUSING PROGRAMS

HOUSING FOR THE ELDERLY

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$747,000,000 for this account instead of \$741,000,000 as proposed by the House and \$773,800,000 as proposed by the Senate.

The conference allocates funds as follows:

—\$650,550,000 for new capital and PRAC contracts;

—\$3,000,000 for one-year renewals of expiring PRAC payments;

—\$50,000,000 for service coordinators and the continuation of congregate services grants. The House had proposed \$48,000,000 for service coordinators and congregate services and the Senate had proposed \$53,000,000;

—up to \$25,000,000 for assisted living conversion grants and emergency capital repairs. The House proposed \$20,000,000 for assisted living conversion grants and emergency repairs, and the Senate proposed \$30,000,000 for assisted living conversion grants, emergency capital repairs, and substantial rehabilitation;

—\$18,000,000 for competitive grants for planning, design and development activities for section 202 projects. The House had proposed \$15,000,000 for these activities and the Senate had proposed \$20,000,000. These funds are to be allocated for project planning, preliminary design, site control activities and other development costs, including gap financing if appropriate, directly related to section 202 projects in order to facilitate timely completion of such projects. The conferees do not intend for these funds to be used for technical assistance but instead expect such funds to be used for start-up costs associated with such projects; and

—\$450,000 for transfer to the Working Capital Fund for information technology activities as proposed by the House instead of \$75,000 as proposed by the Senate. Modified language is included to broaden the uses of these funds to include other Departmental information technology needs.

Bill language is included to clarify language included in the fiscal year 2004 bill which provided for the transfer and merger of all unexpended balances previously appropriated for the section 202 program into the new Housing for the Elderly account.

The conferees reiterate language proposed by the Senate directing the Department to work with the Department of Health and Human Services' Office of Aging to coordinate expertise and resources to strengthen naturally occurring retirement communities, known as "NORCs."

The conferees direct the Department to submit the report required in the statement of managers accompanying H.R. 2673 on the long-term conditions and needs of the section 202 and 236 stock by December 15, 2004. This report was due on August 15, 2004, but to date has not been submitted. The conferees are very concerned about the state of this housing stock and are disappointed that the Department has not only failed to prioritize those repair needs, but has also failed to meet the reporting requirement.

HOUSING FOR PERSONS WITH DISABILITIES

(INCLUDING TRANSFER OF FUNDS)

The conference agreement recommends a total program level of \$240,000,000 for the section 811 program instead of \$238,000,000 proposed by the House and \$250,000,000 proposed by the Senate.

Includes bill language proposed by the Senate to ensure that housing assistance made available under this account remain available to persons with disabilities upon turnover.

The conference agreement allocates funds as follows:

- \$148,311,000 for new capital grants and PRAC;
- \$50,000,000 for one-year renewal costs of section 811 rental assistance;
- \$2,349,000 for PRAC renewals;
- \$10,000,000 for incremental tenant-based assistance as proposed by the House. The Senate had provided up to 25% of amounts provided, other than amounts for renewal of expiring project-based assistance, for tenant-based rental assistance;
- \$28,890,000 for amendments to tenant-based contracts entered into prior to fiscal year 2004, as proposed by the House; and
- \$450,000 for transfer to the Working Capital Fund as proposed by the House. The Senate had proposed \$75,000 for transfer to the Working Capital Fund. Modified language is included to broaden the uses of these funds to include other Departmental information technology needs.

Bill language proposed by the House is included to clarify authority provided in fiscal year 2004 transferring and merging all unexpended balances previously appropriated for the section 811 program to this account.

The conferees reiterate language included in the House report directing HUD to issue program guidance for the Section 811 mainstream program by March 15, 2005, including guidance on (1) targeting rental assistance eligibility criteria; (2) maintaining vouchers exclusively for eligible persons; and (3) retaining a meaningful role for non-profit disability organizations. The Senate report had also included language to ensure that all tenant-based assistance made available under this account is to remain available to persons with disabilities upon turnover.

FLEXIBLE SUBSIDY FUND

(TRANSFER OF FUNDS)

Includes language permanently transferring excess rental charges to this fund as proposed by the Senate. The House included similar language.

MANUFACTURED HOUSING FEES TRUST FUND

Appropriates up to \$13,000,000 for authorized activities from fees collected in the Fund as proposed by the House and Senate.

FEDERAL HOUSING ADMINISTRATION

MUTUAL MORTGAGE INSURANCE PROGRAM ACCOUNT

(INCLUDING TRANSFERS OF FUNDS)

Establishes an \$185,000,000,000 limitation on commitments to guarantee single-family loans during fiscal year 2005 as proposed

by the House and the Senate. Retains language applying this limitation to commitments to guarantee loans as proposed by the House. The Senate applied this limitation to loan guarantees.

Establishes a \$50,000,000 limitation on direct loans to non-profits and governmental entities in connection with the sale of HUD-owned single-family properties as proposed by the House and the Senate.

Appropriates \$356,906,000 for administrative expenses, of which \$352,906,000 is for transfer to the salaries and expenses account and not to exceed \$4,000,000 is for transfer to the Office of Inspector General. The House proposed \$356,882,000 including transfers of \$352,906,000 and \$3,976,000, and the Senate proposed \$366,000,000 including transfers of \$362,000,000 and \$4,000,000.

Appropriates \$78,000,000 for administrative contract expenses, of which \$15,000,000 is for information technology systems. The House proposed \$78,000,000 including no less than \$15,000,000 for information technology systems and the Senate proposed \$70,002,000 including no less than \$7,002,000 for such systems. Modified language is included to broaden the uses of these funds to include other departmental information technology needs.

Language is also included allowing up to an additional \$30,000,000 to be made available for such expenses in certain circumstances as proposed by both the House and Senate.

GENERAL AND SPECIAL RISK PROGRAM ACCOUNT

(INCLUDING TRANSFERS OF FUNDS)

Establishes a \$35,000,000,000 limitation on multifamily and specialized loan guarantees during fiscal year 2005 as proposed by the House and the Senate.

Appropriates \$10,000,000 for subsidy costs to support certain multifamily and special purpose loan guarantee programs as proposed by both the House and Senate.

Appropriates \$227,767,000 for administrative expenses, of which \$207,767,000 is for transfer to the salaries and expenses account and not to exceed \$20,000,000 is for transfer to the Office of Inspector General. The House proposed \$227,649,000 including transfers of \$207,767,000 and \$19,882,000, and the Senate proposed \$234,000,000 including transfers of \$214,000,000 and \$20,000,000.

Appropriates \$86,000,000 for administrative contract expenses, of which \$9,600,000 is for information technology systems. The House proposed \$86,000,000 including no less than \$9,600,000 for information technology systems and the Senate proposed \$81,600,000 including no less than \$5,200,000 for such systems. Modified language is included to broaden the uses of these funds to include other departmental information technology needs.

Language is also included allowing up to an additional \$14,400,000 to be made available for such expenses in certain circumstances as proposed by both the House and Senate.

Language is also included elsewhere in this title rescinding \$30,000,000 from prior year unobligated balances of credit subsidy appropriations. Both the House and Senate proposed this rescission.

GOVERNMENT NATIONAL MORTGAGE ASSOCIATION
 GUARANTEES OF MORTGAGE-BACKED SECURITIES LOAN GUARANTEE
 PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$10,695,000 for administrative expenses to be transferred to the salaries and expenses account as proposed by the House instead of \$10,986,000 as proposed by the Senate.

POLICY DEVELOPMENT AND RESEARCH

RESEARCH AND TECHNOLOGY

Appropriates \$45,500,000 for research and technology instead of \$45,000,000 as proposed by the House and \$46,700,000 as proposed by the Senate.

The agreement includes \$7,000,000 for the Partnership for Advancing Technology in Housing (PATH) initiative as proposed by the House, instead of \$7,500,000 as proposed by the Senate. The conferees have included language which exempts \$3,500,000 of the funds available in the PATH program from the competitive requirements included in the Administrative Provisions under this title. The Senate had proposed to exempt the entire PATH program from this requirement. The conferees expect HUD to undertake an evaluation of the PATH program, including an assessment of the benefits or drawbacks of competitive requirements in this program.

The conferees reiterate the direction included in the Senate report denying demonstration authority without prior congressional approval.

FAIR HOUSING AND EQUAL OPPORTUNITY

FAIR HOUSING ACTIVITIES

Appropriates \$46,500,000 for this account instead of \$46,000,000 as proposed by the House and \$47,700,000 as proposed by the Senate.

Of this amount, \$26,500,000 is for the Fair Housing Assistance Program (FHAP) and \$20,000,000 is for the Fair Housing Initiatives Program (FHIP). The House proposed \$26,500,000 for FHAP and \$19,500,000 for FHIP. The Senate proposed \$27,000,000 for FHAP and \$20,700,000 for FHIP.

OFFICE OF LEAD HAZARD CONTROL

LEAD HAZARD REDUCTION

Appropriates \$168,000,000 for the lead hazard reduction program instead of \$167,000,000 as proposed by the House and \$175,000,000 as proposed by the Senate.

The conferees agree to allocate funds as follows:

- \$92,600,000 for the lead-based paint hazard control grant program to provide assistance to State and local governments and Native American tribes for lead-based paint abatement in private low-income housing;
- \$8,000,000 for Operation LEAP;

- \$9,500,000 for technical assistance and support to State and local agencies and private property owners;
- \$9,900,000 for the Healthy Homes Initiative for competitive grants for research, standards development, and education and outreach activities to address lead-based paint poisoning and other housing-related diseases and hazards; and
- \$47,000,000 for an initiative to target lead abatement funds to areas with the highest lead paint abatement needs.

The agreement includes bill language proposed by the House delegating authority and responsibility for performing environmental reviews for lead programs to governmental entities familiar with local environmental conditions.

The agreement includes modified language proposed by the Senate making available \$47,000,000 on a competitive basis to those areas with the highest lead paint abatement needs. The conferees reiterate concerns noted by the Senate regarding the problem of lead risks in housing and direct the Department to carry out the lead demonstration program according to terms specified in the Senate report and in the same manner as fiscal year 2004.

The conferees agree with Senate direction to the Department to continue mold and moisture initiatives within the Healthy Homes program and direct the Department to report to the Committees on Appropriations by March 1, 2005 on lessons learned and strategies for disseminating best practices on controlling and preventing household mold and moisture. The report should include a discussion of the unique needs in Native American housing.

MANAGEMENT AND ADMINISTRATION

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes language requiring funds provided under this heading to be allocated in the manner specified in the joint explanatory statement of the managers accompanying this Act unless the Committees on Appropriations are notified and approve of any changes in the operating plan or through a reprogramming. The object classification distribution, which shall also serve as the basis for operating plan and reprogramming changes, is as follows:

Personal Services	\$912,409,000
Travel and Transportation of Persons	17,031,000
Transportation of Things	548,000
Rent, Communications and Utilities	131,791,000
Printing and Reproduction	2,740,000
Other Services	48,058,000
Supplies and Materials	4,687,000
Furniture and Equipment	2,511,000
Indemnities	225,000

The conference agreement does not include a specific allocation of funding and staffing among offices as was proposed in the House report. The conferees understand that adjustments to these allocations will be necessary to remain within the funds appropriated in

the account and to reflect the latest Resource Allocation and Estimation Process (REAP) studies. The conferees direct the Department to include in its operating plan a proposal to distribute the funds and FTE among offices based on these adjustments. Until the operating plan is approved by the Committees, the Department is to manage its staffing ceilings in accordance with the Corrective Action Plan completed in September, 2004.

Public and Indian Housing Division of Quality Assurance.—The conferees direct that the Department provide no less than 75 FTE to the Section 8 Quality Assurance Division within the Office of Public and Indian Housing.

Operating Plans/Reprogramming Requirements.—The conferees appreciate the need for management flexibility to allocate management and administrative resources or reorganize offices and programs to address changing requirements at the departments and agencies funded in the bill, including HUD. To provide such flexibility, while ensuring appropriate consultation and oversight, all Departments within the Subcommittee's jurisdiction are required to submit operating plans and reprogramming letters and reorganization proposals for Committee approval. The conferees reiterate that HUD is directed to follow the Committees' requirements regarding operating plans, reprogrammings and reorganizations as outlined in the House report. Unless otherwise specified in this Act or the accompanying report, the approved level for any program, project, or activity is that amount detailed for that program, project, or activity in the Department's annual detailed budget justification document. These requirements apply to all funds provided to the Department.

Includes language as proposed by the Senate placing a limitation on the number of GS-14 and GS-15 positions at the Department. The House did not propose similar language.

In lieu of the direction included in the Senate report requiring the Department to submit quarterly travel reports, the conferees direct HUD to report on all travel by Senate-confirmed Presidential Appointees (PAS) and non-career senior executive service personnel located at HUD headquarters beginning from October 1, 2004 through September 1, 2005, including all names, locations and costs. This report shall be submitted to the Senate and House Committees on Appropriations no later than September 15, 2005.

The conferees appreciate the Department's cooperation to make its fiscal year 2005 budget justification submission more useful and informative. The conferees reiterate the direction included in the House report regarding the fiscal year 2006 submission. Language is included again this year under Administrative Provisions requiring the fiscal year 2006 justification materials to be submitted in the traditional structure with sufficient detailed information to satisfy the Committees' needs.

WORKING CAPITAL FUND

Appropriates \$270,000,000 for the Working Capital Fund instead of \$234,000,000 as proposed by the Senate and \$100,000,000 as proposed by the House.

In addition, the conference agreement includes \$51,725,000 in transfers from the following accounts to the Working Capital Fund

as proposed by the House instead of \$23,762,000 as proposed by the Senate:

FHA, Mutual mortgage insurance fund	\$15,000,000
FHA, General and special risk insurance fund	9,600,000
Community development fund	3,465,000
HOME investment partnerships program	2,000,000
Homeless assistance	2,500,000
Public housing capital fund	10,150,000
Native American Indian block grants	\$2,600,000
Tenant-based rental assistance	2,904,000
Project-based rental assistance	2,000,000
Housing for the elderly	450,000
Housing for the disabled	450,000
Interagency Services	306,000
Office of Inspector General	300,000

Modified language is included elsewhere in the Act to broaden the uses of these transferred funds to include departmental information technology needs as well as program specific needs. Language is also included, similar to language proposed by the Senate, to broaden the uses of previously appropriated program transfers to meet departmental information technology requirements. The House did not include similar language. Language is also included under the salaries and expenses account to allow the transfer of up to \$20,000,000 to the Working Capital Fund.

The conferees are concerned that delays in the successful award of a new contract for HUD's department-wide information technology infrastructure has resulted in the Department significantly overspending for outdated technology in fiscal year 2004, has created a potentially significant funding shortfall for fiscal year 2005, and has prohibited the Department from needed modernization to its infrastructure. The conference agreement includes additional funds above the levels proposed in the House and Senate and the budget request to cover a portion of the potential shortfall. The conferees expect the Department to use the funds provided to address its need for a modernized information technology infrastructure in a manner that is fiscally responsible and in the best interest of the Department, the Federal government and the taxpayer. The conferees expect the Department and the Office of Management and Budget to request sufficient funds in their fiscal year 2006 budget request to meet their information technology requirements.

The conferees reiterate the direction included in the House report on continued development and definition of a five-year information technology plan consistent with the format previously provided to the Department and direct such updated plan be submitted no later than February 1, 2005.

OFFICE OF INSPECTOR GENERAL

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$104,000,000 for the Office of Inspector General instead of \$100,858,000 as proposed by the House and \$107,500,000 as proposed by the Senate. Of this amount, \$24,000,000 is provided by transfer from the various funds of the Federal Housing Administration as proposed by the House and the Senate.

OFFICE OF FEDERAL HOUSING ENTERPRISE OVERSIGHT
SALARIES AND EXPENSES
(INCLUDING TRANSFER OF FUNDS)

Appropriates \$59,209,000 for the Office of Federal Housing Enterprise Oversight (OFHEO) to be derived from collections available in the Federal Housing Enterprise Oversight Fund as proposed by the House and the Senate.

Language proposed by the Senate is included requiring not less than 80 percent of the total amount made available under this heading shall be used only for examination, supervision and capital oversight to ensure that the enterprises are operating in a financially sound manner and comply with statutory capital requirements.

The conferees have not included a Senate provision that holds back \$10,000,000 until the Director is replaced through Senate confirmation. This deletion is not a vote of support; instead, the conferees believe that hiring decisions at this level belong to the President. Nevertheless, the conferees urge the President to take swift action in replacing the Director and his Deputy, both in consideration of the very poor decision making of these individuals over the last few years as well the serious issues raised by the HUD IG's Report of Investigation (Case# SID-04-0034-I).

PUBLIC AND INDIAN HOUSING
HOUSING CERTIFICATE FUND
(RESCISSION)

Includes a rescission of \$1,557,000,000 from unobligated balances and recaptures from prior-year appropriations provided under this account or any other account in this title to be effected no later than September 30, 2005 as proposed by the House and in the budget request. The Senate proposed a rescission of \$2,588,172,000 to be effected no later than June 30, 2005.

Includes language proposed by the House making any balances governed by statutory reallocation provisions available for this rescission. The Senate did not include similar language.

Modified language is included, similar to language proposed by the House, to prohibit any recaptures from tenant-based and project-based rental assistance and any project-based rental assistance carryover from being used to augment calendar year 2005 funding for Section 8 vouchers. The Senate proposed language to allow recaptures and carryover to be used to augment 2005 tenant-based rental assistance funding.

Modified language is included, similar to language proposed in the House, allowing recaptures from amounts previously provided for project-based rental assistance to be used for amendments to project-based rental assistance contracts and for contract administrators. The Senate did not include similar language.

The conferees direct that a portion of this rescission be met by reducing public housing agencies' program reserves to no more than one week as assumed in the budget request.

The conference agreement does not include language proposed by the Senate to require that, to the extent funds are not available from unobligated balances and recaptures in the Housing Certificate Fund, all other accounts, programs, projects and activities in this Act are to be reduced on a proportionate basis except the Department of Veterans Affairs Medical Services account. The conference agreement does not include language proposed by the Senate to require that the Government Accountability Office (GAO) to audit of the availability of funds for recapture. The House did not include similar language.

DRUG ELIMINATION GRANTS FOR LOW-INCOME HOUSING

(RESCISSION)

Includes a rescission of \$5,000,000 from prior year unobligated balances remaining in this account as proposed by both the House and Senate.

NATIVE AMERICAN HOUSING BLOCK GRANTS

(RESCISSION)

Includes a rescission of \$21,000,000 from prior year balances of credit subsidy appropriations for the title VI loan guarantee program as proposed by both the House and Senate.

INDIAN HOUSING LOAN GUARANTEE PROGRAM ACCOUNT

(RESCISSION)

Includes a rescission of \$33,000,000 from prior year balances of credit subsidy appropriations for the section 184 loan guarantee program as proposed by both the House and Senate.

HOUSING PROGRAMS

RENTAL HOUSING ASSISTANCE

(RESCISSION)

Includes a rescission of up to \$675,000,000 from unobligated balances previously provided to fund amendment requirements for current State-aided, non-insured rental housing contracts as proposed by the House and Senate and included in the budget request.

FEDERAL HOUSING ADMINISTRATION

GENERAL AND SPECIAL RISK PROGRAM ACCOUNT

(RESCISSION)

Includes a rescission of \$30,000,000 from unobligated balances of prior year credit subsidy appropriations for the FHA multifamily and specialized programs as proposed by the House and Senate.

ADMINISTRATIVE PROVISIONS

Includes modified language regarding the distribution of certain HOPWA funds, similar to language proposed by the House and the Senate.

Includes language requiring all funds to be awarded competitively except as explicitly provided for otherwise in statute as proposed by the House. The Senate proposed similar language.

Includes language proposed by the House to require the Secretary to continue to provide project-based rental assistance for units in properties that are managed, owned, or disposed of by the Department if such properties are primarily occupied by elderly or disabled families, or contract for new project-based rental assistance with other owners if such properties are not preserved. The Senate proposed language to expand this to require that project-based rental assistance be continued for units in all properties or contract for new project-based rental assistance with other owners if such properties are not preserved.

Includes language as proposed by the Senate to permanently allow the Secretary to maintain and dispose of certain elderly and disabled projects upon foreclosure. The House included similar language.

Includes language proposed by the House setting forth requirements regarding the fiscal year 2006 budget justification submission to the Committees on Appropriations. The Senate did not include similar language.

Includes language proposed by the House requiring that, to the extent practicable, incremental section 8 vouchers previously provided for non-elderly disabled families should continue to be provided to other non-elderly disabled families upon turnover. The Senate included similar language elsewhere in this title.

Includes language as proposed by the House clarifying an equitable title issue in the section 202 program. The Senate did not include similar language.

Includes language proposed by the Senate requiring the Secretary to submit an annual report to the Committees on Appropriations regarding the number of Federally-assisted units under lease and the per unit costs to the Federal government of such units. The House did not include similar language.

Does not include language proposed by the Senate to expand the FHA hospital insurance program to include the purchase of existing facilities. The House did not include similar language. The Government Accountability Office (GAO) is directed to conduct a review of the HUD FHA Hospital and Nursing Home Mortgage Insurance programs by August 15, 2005. The review is to be designed to assess the financial risk of the program to the insurance fund as well as to review the management and design of the program, including the nature of the relationship between HUD and HHS in approving insurance for hospital mortgages.

Does not include language proposed by the Senate to amend section 683(2) of the Housing and Community Development Act of 1972 to authorize service coordinators in section 811 projects. The House did not include similar language.

Includes language proposed by the Senate to amend the National Housing Act to make certain changes related to submission of mortgagors financial statements and the criteria and penalties for violations of certain requirements. The House did not include similar language.

Includes language proposed by the Senate to amend the Housing and Community Development Act of 1987 to expand the applicability of certain damages and remedies to include FHA-insured health care facilities. The House did not include similar language.

Includes language as proposed by the Senate to amend the National Housing Act to make certain changes to the Asset Control Area program. The House did not include similar language.

Includes language proposed by the Senate to amend the National Housing Act to make a technical correction to premium requirements for rehabilitation loans. The House did not include similar language.

Includes language proposed by the Senate to limit repayment of certain upfront premiums. The House did not include similar language.

Does not include language under Administrative Provisions as proposed by the Senate related to allocation of funds under the Partnership for Advancing Technology in Housing (PATH) but instead has addressed this matter under the Policy Development and Research account elsewhere in this title. The House did not include similar language.

Does not include language under Administrative Provisions as proposed by the Senate making technical corrections regarding the transfer of funds from the old Housing for Special Populations account, but instead has addressed this matter within the Housing for the Elderly and Housing for Persons with Disabilities accounts as proposed by the House.

Does not include bill language proposed by the Senate to limit the expenditure of housing funds on partisan election activities. The House did not include similar language. The conferees agree that no funds provided to the Department can be used by public housing authorities for partisan political activities.

Includes modified language, similar to language proposed by the Senate, regarding the treatment of athletic scholarships for purposes of determining eligibility for college students to receive subsidized rental assistance. The House did not include similar language.

Includes language as proposed by the Senate regarding the allocation of Native American Housing Block Grant funding among Native Alaskan recipients. The House did not include similar language.

Does not include language proposed by the Senate to allow public housing authorities to convert up to 50 percent of their section 8 voucher funding to project-based assistance. The House did not include similar language.

Does not include language proposed by the Senate to authorize the Secretary to transfer project-based assistance, debt, and income restrictions, notwithstanding current statutory prohibitions on such transfers. The House did not include similar language.

TITLE III—INDEPENDENT AGENCIES

AMERICAN BATTLE MONUMENTS COMMISSION

SALARIES AND EXPENSES

Appropriates \$41,100,000 for salaries and expenses as proposed by the House instead of \$46,100,000 as proposed by the Senate.

In addition, the conference agreement includes a separate appropriation of \$12,000,000 for the Commission's foreign currency fluctuations account to address declines in exchange rates instead of \$9,000,000 as proposed by the House. The Senate proposed to address these changes within the salaries and expenses account.

The conferees concur with the concerns expressed in the Senate report regarding the failure of the Office of Management and Budget (OMB) to address adequately foreign currency rate fluctuations for the Commission in its original budget submission or through a budget amendment. The conferees are concerned that the current OMB methodology for addressing fluctuations does not adequately address the impact of the volatility of such changes to smaller agencies such as the Commission. Therefore the conferees request that the Government Accountability Office review the past and current methodology used by OMB and the Commission and recommend changes if warranted to improve such estimates.

While the conference agreement has not included bill language proposed by the Senate, the conference agreement includes \$9,100,000 for the Normandy Interpretive Center. The conferees understand that exchange rate fluctuations may impact construction costs for the Center and expect the Commission's fiscal year 2006 budget request to include the necessary funds to accommodate such changes.

Language is included as proposed by the House allowing not to exceed \$7,500 for official reception and representation expenses. The Senate did not include similar language.

The conferees reiterate the direction in the House report regarding an annual report on the financial position of the World War II Memorial Fund.

FOREIGN CURRENCY FLUCTUATIONS ACCOUNT

Appropriates \$12,000,000 to re-capitalize the Commission's foreign currency fluctuations account, instead of \$9,000,000 as proposed by the House. The Senate addressed this matter under the salaries and expenses account. The conference agreement reflects the latest estimate necessary to maintain Commission operations and activities based on current exchange rates.

CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

SALARIES AND EXPENSES

Appropriates \$9,100,000 instead of \$9,451,000 as proposed by the House and \$9,000,000 as proposed by the Senate. The amount proposed by the Senate had included \$400,000 for emergency funds. The conference agreement provides emergency funds as a

separate account as proposed by the House, which is consistent with the fiscal year 2004 bill.

EMERGENCY FUND

Provides \$400,000 for an Emergency Fund as proposed by the House. The Senate had proposed a set-aside of \$400,000 as emergency funds in the salaries and expenses account.

DEPARTMENT OF THE TREASURY

COMMUNITY DEVELOPMENT FINANCIAL INSTITUTIONS

COMMUNITY DEVELOPMENT FINANCIAL INSTITUTIONS FUND PROGRAM
ACCOUNT

Appropriates \$55,522,000 for the community development financial institutions fund program account, instead of \$55,000,000 as proposed by the Senate and \$60,640,000 as proposed by the House.

Includes \$4,000,000 for technical assistance designed to benefit Native American communities as proposed by both the House and Senate.

Provides that up to \$14,900,000 to be used for administrative expenses as proposed by the Senate instead of \$15,321,000 as proposed by the House.

Provides for a cost limitation on direct loans of \$6,000,000 with \$250,000 for administrative expenses as proposed by both the House and Senate.

Provides for a limitation on the amount of direct loans of \$11,000,000 as proposed by both the House and Senate.

The conferees are in agreement that the Bank Enterprise Award program should be continued at not less than \$10,000,000 in fiscal year 2005.

CONSUMER PRODUCT SAFETY COMMISSION

SALARIES AND EXPENSES

Appropriates \$62,650,000 as proposed by the House and the Senate. The conferees urge the CPSC to expand its relationship with the Home Safety Council and its Great Safety Adventure Program.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

The conference agreement appropriates \$577,884,000 for the Corporation for National and Community Service. The House had proposed \$572,000,000 and the Senate had proposed \$590,061,000.

NATIONAL AND COMMUNITY SERVICE PROGRAMS OPERATING EXPENSES

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$545,884,000 for the Corporation for National and Community Service operating expenses, including the Trust. The House proposed \$541,000,000 for operating expenses and the Senate proposed \$558,311,000. The agreement provides \$290,000,000 for AmeriCorps State and National grants (author-

ized under subtitle C) and education awards only grants (authorized under subtitle H), plus an additional \$144,000,000 for the Trust, as proposed by the House. The Senate had proposed \$291,933,000 for AmeriCorps grants and \$150,500,000 for the Trust. Within amounts provided for the Trust, \$3,900,000 is for President's Freedom Scholarships and \$13,000,000 is to be held in reserve. Within the amount provided for AmeriCorps State and National grants, the conferees have provided up to \$55,000,000 for national direct grants, as proposed by the Senate. The total funding level for AmeriCorps grants and the Trust will support 70,000 new volunteers.

The agreement includes language proposed by the Senate which prohibits funds provided for quality and innovation activities to be used for salaries and related expenses attributable to Corporation employees. The conferees include bill language proposed by the House allowing up to one percent of grant funds to be used to defray the cost of conducting grant reviews. The conferees direct the Corporation to provide an estimate of the funds that would be used for this purpose in its fiscal year 2005 operating plan. The agreement also includes language proposed by the Senate regarding matching funds and in-kind contributions.

The conference agreement includes the following program levels:

	House	Senate	Conference
Learn and Serve	\$40,000,000	\$43,000,000	\$43,000,000
National Civilian Community Corps	25,500,000	26,000,000	25,500,000
Innovation and Demonstration	12,000,000	16,328,000	13,334,000
Evaluation	3,000,000	3,550,000	3,550,000
State Commissions	12,000,000	12,000,000	12,000,000
Points of Light Foundation	9,700,000	10,000,000	10,000,000
America's Promise	4,800,000	5,000,000	4,500,000

The conferees direct that the increase provided for National Civilian Community Corps (NCCC) be used to address its most critical capital improvement needs at NCCC facilities.

The agreement reiterates the direction by the Senate that the Corporation report to the Committees on the impact of the two-term limitation on service. This report is to be submitted to the Committees no later than February 4, 2005.

The conferees provide \$13,334,000 for subtitle H grants, innovation, demonstration and assistance activities, with the funding distribution as follows: \$4,000,000 for challenge grants; \$1,500,000 for next generation grants; \$600,000 for MLK day grants; \$725,000 for the Service Learning Clearinghouse and Exchange; \$2,000,000 for TA; and \$4,509,000 for disability programs. The House proposed \$12,000,000 for subtitle H activities and the Senate proposed \$16,328,000.

The agreement modifies language proposed by the Senate directing the Corporation to comply with challenge grant requirements in the FY 2003 conference report by directing the Corporation also to allow past grant recipients to compete for challenge grants in FY 2005.

The conference agreement provides \$3,550,000 for audits and evaluations, as proposed by the Senate. The House had proposed

\$3,000,000 for these activities. Audit and evaluation funds are to be distributed as follows (identical to the distribution proposed by the Senate): \$1,200,000 for performance measures; \$1,000,000 for a longitudinal study of volunteers; \$100,000 for national partners; \$150,000 for data archives; \$150,000 for indicator archives; \$450,000 for a capacity study; and \$500,000 to continue a National Academy of Public Administration study on the Corporation's leadership, operations and management.

The conferees have included bill language, identical to language that has been included in previous conference reports and proposed by the Senate, regarding Federal costs per participant and certain requirements for funds provided under subtitle C.

The agreement includes Senate language directing the Corporation to list in its budget justification recipients that have received more than \$500,000 and the amount and source of other Federal and non-federal funds received by each recipient.

SALARIES AND EXPENSES

Appropriates \$26,000,000 for salaries and expenses associated with the administrative activities of the Corporation. The House had proposed \$25,000,000 for this account, and the Senate had proposed \$25,500,000. The funding increase provided in this account is to be directed to ongoing personnel compensation and benefits needs and should not augment the current level of marketing and outreach activities.

OFFICE OF INSPECTOR GENERAL

Appropriates \$6,000,000 for Office of Inspector General, as proposed by the House instead of \$6,250,000 as proposed by the Senate. The conferees direct the Inspector General to continue to review the Corporation's management of the National Service Trust.

ADMINISTRATIVE PROVISIONS

The conference agreement continues a number of administrative provisions carried in the fiscal year 2004 appropriations Act and proposed by both the House and the Senate, including: (1) language regarding qualified student loans eligible for education awards; (2) language regarding the availability of funds for the placement of volunteers with disabilities; and (3) language directing the Inspector General to levy sanctions in accordance with standard Inspector General audit resolution procedures, which include, but are not limited to, debarment of any grantee found to be in violation of AmeriCorps' program requirements, including using grant or program funds to lobby the Congress. In addition, the conference agreement continues an administrative provision proposed by the Senate and carried in the fiscal year 2004 appropriations Act, which requires the Corporation to ensure that significant changes to program requirements or policy are made only through public notice and comment rulemaking. The agreement also includes a provision carried in the fiscal year 2004 appropriations Act and proposed by the Senate prohibiting an officer or employee of the Corporation from disclosing any grant selection information to any person not authorized to receive such information.

U.S. COURT OF APPEALS FOR VETERANS CLAIMS
SALARIES AND EXPENSES

Appropriates \$17,250,000 for salaries and expenses instead of \$17,623,000 as proposed by the Senate and \$16,725,000 as proposed by the House. Both the House and the Senate provided \$1,100,000 for the pro bono program.

The conferees are in agreement that the Court shall work with the General Services Administration (GSA) on a feasibility study to evaluate the Court's space needs and the options to meet those needs. The results of this feasibility study shall be provided to the Committees on Appropriations of the House and Senate. The Court is authorized only to enter into agreement with GSA for a feasibility study and is specifically prohibited from undertaking a Program Development Study or any other action beyond the feasibility study at this time. The Committees on Appropriations will address the need for follow-on studies and possible construction milestones in future legislation and reports.

DEPARTMENT OF DEFENSE—CIVIL
CEMETERIAL EXPENSES, ARMY
SALARIES AND EXPENSES

Appropriates \$29,600,000 for salaries and expenses as proposed by the House and Senate. The conferees reiterate the direction included in the House report regarding the Cemetery's automation project with the report due no later than December 15, 2004, and request that such plan be updated in the fiscal year 2006 budget submission.

DEPARTMENT OF HEALTH AND HUMAN SERVICES
NATIONAL INSTITUTES OF HEALTH

NATIONAL INSTITUTE OF ENVIRONMENTAL HEALTH SCIENCES

Appropriates \$80,486,000 as proposed by the House and the Senate.

AGENCY FOR TOXIC SUBSTANCES AND DISEASE REGISTRY
TOXIC SUBSTANCES AND ENVIRONMENTAL PUBLIC HEALTH

Appropriates \$76,654,000 for toxic substances and environmental public health as proposed by both the House and Senate.

ENVIRONMENTAL PROTECTION AGENCY

The conference agreement includes \$8,088,189,000 for programs administered by the Environmental Protection Agency. This is an increase of \$335,120,000 above the amount provided in the House bill and \$412,219,000 below the level in the Senate bill.

The conferees direct EPA to round all programs to the nearest thousand dollar in the budget submission for fiscal year 2006.

SCIENCE AND TECHNOLOGY

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$750,061,000 for science and technology instead of \$729,029,000 as proposed by the House and \$758,179,000 as proposed by the Senate. Additional resources of \$36,097,000 are transferred to this account from the Hazardous Substance Superfund for a total resource level of \$786,158,000 for Science and Technology.

The conferees have agreed to specific Agency program levels as follows:

	House	Senate	Conference
Arsenic Removal Research	\$4,274,000	\$10,000,000	\$8,274,000
Building Decon. Research	4,000,000	0	0
Clean Air Allowance Trading Prog.	4,750,000	9,000,000	9,000,000
Fed. Vehicle and Fuels Standards	58,000,000	63,000,000	58,000,000
Indoor Air: Radon Program	399,000	0	399,000
Indoor Air: Schools and Workplace	906,000	0	850,000
Pesticides: Registration of New Pest.	2,403,000	2,265,000	2,403,000
Pesticides: Review/Reregistration	2,417,000	2,370,000	2,417,000
Research: Air Toxics	17,639,000	17,000,000	17,000,000
Research: Computational Toxicology	13,029,000	11,805,000	11,805,000
Research: Drinking Water	44,500,000	46,118,000	44,500,000
Research: Endocrine Disruptor	10,887,000	10,000,000	10,000,000
Research: Global Change	20,690,000	20,000,000	20,000,000
Research: Human Health and Eco.	177,408,000	170,000,000	177,408,000
Research: Land Protection and Restoration	8,842,000	9,000,000	9,000,000
Research: Particulate Matter	59,000,000	62,000,000	61,000,000
Research: Troposphere Ozone	4,901,000	4,000,000	4,000,000
Research: Water Quality	45,000,000	46,810,000	45,000,000

The conferees have agreed to the following increases above the budget request:

1. \$2,450,000 for EPSCoR;
2. \$3,900,000 for the Water Environmental Research Foundation;
3. \$4,900,000 for the American Water Works Association Research Foundation;
4. \$1,950,000 for the National Decentralized Water Resource Capacity Development Project, in coordination with EPA, for continued training and research and development program;
5. \$1,000,000 to the Florida Department of Citrus to provide for the manufacture of an adequate amount of abscission chemical compound for testing and to provide for any comprehensive environmental and toxicological studies and other relevant research required by the Federal Government in order to register this product for use as an abscission chemical agent for citrus;
6. \$1,500,000 for the Mickey Leland National Urban Air Toxics Research Center in Houston, Texas;
7. \$1,500,000 for the clean automotive technology program for advanced diesel, hybrid, and high efficiency, low emission vehicle development;
8. \$500,000 for the Consortium for Plant Biotechnology Research;
9. \$500,000 for the New England Green Chemistry Consortium;

10. \$200,000 to the Arkansas State University in Jonesboro, Arkansas for the Delta Center for water quality;
11. \$150,000 to the University of Arkansas for environmental resource management to develop watershed technologies and management tools;
12. \$350,000 to the University of California Riverside for the Center for Environmental Research and Technology in Riverside, California.
13. \$200,000 to Florida International University for Research activities in the greater Everglades in Miami, Florida;
14. \$250,000 for the Florida Gulf Coast University for the Novel Early Detection and Detoxification Technologies for Toxic Red Tide in Fort Myers, Florida;
15. \$200,000 for New College, Florida for ecotoxicology training;
16. \$750,000 for the University of South Florida Study, Protection and Amelioration of Coastal Environments;
17. \$200,000 for the management of waste from navigating vessels in U.S. tidal waters;
18. \$250,000 for the Iowa Foundation for Education Administration for the Bus Emissions Education Program;
19. \$100,000 to the Metropolitan Mayors Caucus for the Clean Air Counts Campaign in Chicago land Metropolitan Area, Illinois;
20. \$1,000,000 for the Karmanos Cancer Institute to create a National Center for Vermiculite-Related Cancers in the Detroit metropolitan area;
21. \$400,000 to the Lawrence Technology University for sustainable alternative energy technologies Green Building in Southfield, Michigan;
22. \$750,000 to the National Center for Manufacturing Sciences for Life Cycle Analysis in Ann Arbor, Michigan;
23. \$1,250,000 to the National Center for Manufacturing Sciences for the sustainable produce initiative in Ann Arbor, Michigan;
24. \$200,000 to Green Hills Regional Planning in Princeton, Missouri for the Biomass Processing System;
25. \$150,000 for the University of Nebraska for the Nebraska Water Resources Model in Lincoln, Nebraska;
26. \$250,000 to Ramapo College in Mahwah, New Jersey for a new Sustainability Education Center;
27. \$150,000 to the State University of New York at Brockport for the Center of Excellence for Great Lakes Research;
28. \$450,000 to the State University of New York Environmental School of Forestry for research and demonstration of contaminant mitigation strategies for rural/suburban run-off affecting water quality along the rural-urban interface in Central New York watersheds;
29. \$500,000 to the Center for Environmental Information in Rochester, New York for continued research, planning and environmental remediation for the Lake Ontario Coastal Initiative;

30. \$7,000,000 for the Environmental Systems Center of Excellence at Syracuse University for research and technology transfer in the fields of indoor environmental quality and urban ecosystems sustainability;
31. \$750,000 to the Syracuse Research Corporation in Syracuse, New York for a Microbial Risk Assessment Center;
32. \$1,500,000 to Onondaga County's Metropolitan Water Board for a demonstration project to determine the feasibility of bringing naturally chilled water from Lake Ontario to Onondaga and Oswego County;
33. \$300,000 to the State University of New York Environmental School of Forestry for training, education and research related to the Summer Eco-Science Camp Initiative;
34. \$500,000 to Alfred University, New York for the Center for Environmental and Energy Research;
35. \$575,000 to Orbital Research Inc., Fuel Efficient Diesel Sensor for Advanced Vehicle Emission Reduction (FEDSAVER), for research that may reduce fuel consumption and will help diesel engines meet EPA standards, Ohio;
36. \$600,000 to the Ohio Air Quality Development Authority/Ohio Coal Development Office for research and development of the Jupiter Oxy-Fuel Technology, Ohio;
37. \$650,000 to the University of Toledo for the Lake Erie Center in Toledo, Ohio;
38. \$250,000 to the University of Tulsa, University of Oklahoma, University of Arkansas, and Oklahoma State University for the Integrated Petroleum Environmental Consortium;
39. \$100,000 for the Oregon Department of Human Services for the View Master Water Contamination Study in Washington County, Oregon;
40. \$225,000 for California University of Pennsylvania for the Monongahela Valley River Research Project in California, Pennsylvania;
41. \$200,000 to the Middle Tennessee State University for research in Development and Transmission of Emerging Diseases;
42. \$500,000 for the University of Houston, Texas for the GulfStar Grid Program in Houston, Texas;
43. \$1,700,000 for the Canaan Valley Institute to continue to develop a regional sustainability support center and coordinated information system in the Mid-Atlantic Highlands;
44. \$1,000,000 for the Canaan Valley Institute in close coordination with the ORD Restoration Plus program to demonstrate, validate and report on critical ecological hubs and corridors within the Mid-Atlantic Highlands and approaches to Highlands ecological prioritization, restoration and conservation Research and educational tools are to be developed using integrative technologies to predict future environmental risks and support informed, proactive decision-making to be undertaken in conjunction with the Highlands Action Program;
45. \$650,000 to the Polymer Alliance Zone's MARCEE Initiative with oversight provided by the Office of Solid Waste;

46. \$250,000 for Carnegie Mellon University's Sustainable Oxidation Chemistry Clean Water Project;
47. \$500,000 for Utah State University to continue monitoring and assessment activities related to freshwater ecosystems;
48. \$2,100,000 for the Mine Waste Technology program at the National Environmental Waste Technology, Testing, and Evaluation Center;
49. \$400,000 to enhance and improve EPA's Tribal Portal program, and to implement this program on a nationwide basis;
50. \$750,000 for the Environmental Lung Disease Center at the National Jewish Medical Center;
51. \$500,000 for the University of Maine-Orono to develop Source Water Warning and Analysis Technology;
52. \$1,500,000 for Boise State University to continue research on multi-purpose sensors to detect and analyze contaminants and time-lapse imaging of shallow subsurface fluid flow;
53. \$500,000 for the North Carolina State University Turfgrass Research Center;
54. \$2,000,000 for the National Environmental Respiratory Center at the Lovelace Respiratory Research Institute in New Mexico;
55. \$1,000,000 for the Desert Research Institute for western Nevada regionally-based clean water activities;
56. \$1,000,000 for the University of Tennessee at Knoxville Natural Resources Policy Center;
57. \$1,000,000 for the University of Louisville/Illinois Waste Management and Research Center;
58. \$750,000 for the Integrated Petroleum Environmental Consortium [IPEC];
59. \$1,000,000 for the water and wastewater training program at the Alabama Department of Environmental Management;
60. \$1,000,000 for the Center for Estuarine Research at the University of South Alabama;
61. \$425,000 for the Connecticut River Airshed-Watershed Consortium;
62. \$425,000 for the Center for the Study of Metals in the Environment;
63. \$900,000 for the Center for Air Toxic Metals at the Energy and Environmental Research Center;
64. \$700,000 for Clean Air Counts of Northeastern Illinois to develop an innovative and cost effective method to reduce smog-causing emissions in the Chicago metropolitan region—the funding will provide support for an ongoing partnership involving EPA, the Metropolitan Mayors Caucus, Illinois EPA, and the Delta Institute;
65. \$200,000 for acid rain research at the University of Vermont;
66. \$200,000 for the University of Vermont's Proctor Maple Research Center to continue mercury deposition monitoring effects;

- 67. \$500,000 for the University of Vermont's Aiken Center Greening Initiative;
- 68. \$700,000 for Families in Search of the Truth to investigate the incidence of cancer in Fallon, Nevada;
- 69. \$500,000 for the demonstration of an integrated approach to perchlorate remediation and treatment in the City of Rialto, California;
- 70. \$200,000 for the Central California Ozone Study;
- 71. \$700,000 for Southeastern Louisiana University for the Turtle Cove research station;
- 72. \$200,000 for the State of New Jersey's Smart Growth Initiative;
- 73. \$200,000 for ecology research at Fordham University;
- 74. \$200,000 for expansion of the Roots and Shoots program headquartered at Western Connecticut State University;
- 75. \$200,000 for water resource modeling at the University of Nebraska-Lincoln;
- 76. \$1,500,000 for the Healy Zero Air Emission Technology;
- 77. \$1,000,000 for the Donald Danforth Plant Science Center in St. Louis, Missouri for a Parasitic Nematodes Controls research project designed to reduce pesticide use; and
- 78. \$1,000,000 to the Missouri Pork Producers Federation for development of technology and creation of Innoventor process to decrease environmental impacts of animal waste by conversion into energy sources.

The conferees have included bill language to authorize \$1,000,000 to be transferred from EPA to the Council on Environmental Quality for an environmental study.

The conferees direct EPA to fund the fellowship programs including the STAR fellowships at as close as possible to the fiscal year 2004 level.

The conferees direct EPA to continue its technology transfer activities initially funded in fiscal year 2000 at not less than the current level of support and that those activities be carried out through the West Virginia High Technology Consortium Foundation.

The conferees agree that funding provided under this heading in H. Report 108-401 for project #57 should be redirected to the Montana Physical Sciences Foundation to research pilot scale enzyme catalyzed processes.

There is no general reduction to this account.

ENVIRONMENTAL PROGRAMS AND MANAGEMENT

Appropriates \$2,313,409,000 for environmental programs and management instead of \$2,241,476,000 as proposed by the House and \$2,310,263,000 as proposed by the Senate.

The conference agreement does not include the language proposed by the House to make funds available for Public Law 108-199 to carry out paragraph (c)(12) of section 118 of the Federal Water Pollution Control Act, to remain available until September 30, 2007.

The conferees have agreed to specific Agency program levels as follows:

	House	Senate	Conference
Alternative Dispute Resolution	\$1,015,000	\$937,000	\$937,000
Brownfields	23,000,000	25,000,000	25,000,000
Climate Protection Program	91,961,000	90,849,000	90,849,000
Commission for Environmental Coop	3,949,000	3,881,000	3,881,000
Compliance Assistance and Centers	27,759,000	37,000,000	27,759,000
Compliance Incentives	9,195,000	9,035,000	9,035,000
Congressional, Intergovernmental	48,366,000	46,415,000	46,415,000
Criminal Enforcement	31,370,000	54,450,000	39,370,000
Drinking Water Programs	94,000,000	95,000,000	94,000,000
Enforcement Training	3,302,000	6,000,000	3,302,000
Environment and Trade	1,723,000	1,616,000	1,616,000
Environmental Education	9,200,000	5,000,000	9,000,000
Environmental Justice	5,900,000	4,231,000	5,900,000
Exchange Network	22,000,000	23,000,000	22,000,000
Facilities Infrastructure and Ops.	308,000,000	309,000,000	317,955,000
Fed. Support for Air Quality Manage.	87,000,000	90,000,000	87,000,000
Federal Stationary Source Regs.	24,302,000	21,944,000	21,944,000
Financial Assistance Grants/IAG	20,000,000	20,329,000	20,000,000
Geographic Program: Chesapeake B.	20,817,000	22,817,000	22,817,000
Geographic Program: Great Lakes	19,000,000	19,500,000	21,195,000
Geographic Program: Long Island S.	2,300,000	2,300,000	2,300,000
Geographic Program: Other	6,790,000	6,069,000	6,790,000
Great Lakes Legacy Act	10,000,000	25,000,000	22,500,000
Human Resources Management	40,000,000	39,109,000	39,109,000
Indoor Air: Asthma Program	11,197,000	9,999,000	11,197,000
Indoor Air: Environment Tobacco	3,695,000	3,030,000	3,030,000
Indoor Air: Radon Program	5,667,000	5,073,000	5,073,000
Indoor Air: Schools and Workplace	10,352,000	9,425,000	9,425,000
International Capacity Building	6,854,000	5,500,000	5,500,000
IT/Data Management	103,000,000	105,000,000	105,000,000
Legal Advice: Environmental Program	34,679,000	34,404,000	34,404,000
Legal Advice: Support Program	12,522,000	12,370,000	12,370,000
Marine Pollution	12,296,000	11,779,000	11,779,000
National Estuary Program/Coastal	25,000,000	20,000,000	25,000,000
NEPA Implementation	12,654,000	12,136,000	12,136,000
Pesticides: Field Programs	27,186,000	25,217,000	25,217,000
Pesticides: Registration for New Pesticides	42,907,000	40,773,000	40,773,000
Pesticides: Review/Reregistration	52,000,000	51,714,000	51,714,000
Pollution Prevention Program	17,000,000	16,822,000	16,822,000
POPS Implementation	2,235,000	2,147,000	2,235,000
Radiation: Protection	11,812,000	11,285,000	11,812,000
Radiation: Response Preparedness	2,611,000	2,188,000	2,611,000
RCRA: Corrective Action	40,976,000	40,000,000	39,100,000
RCRA: Waste Management	67,422,000	67,000,000	67,000,000
RCRA: Waste Minimization and Rec.	11,000,000	12,000,000	11,000,000
Regional Geographic Initiatives	8,800,000	7,500,000	7,500,000
Regional Science and Technology	3,626,000	3,368,000	3,368,000
Regulatory Innovation	18,000,000	17,338,000	17,338,000
Regulatory/Economic-Management	18,552,000	17,934,000	17,934,000
Science Advisory Board	4,757,000	4,396,000	4,396,000
Science Policy and Biotechnology	1,707,000	1,651,000	1,651,000
Small Business Ombudsman	3,839,000	3,742,000	3,742,000
Stratospheric Ozone: Domestic Prog.	5,840,000	5,000,000	5,000,000
Stratospheric Ozone: Multilateral	11,000,000	10,000,000	10,000,000
Surface Water Protection	188,000,000	185,000,000	188,000,000
Toxic Substances: Chemical Risk Management	9,514,000	9,252,000	9,252,000
Toxic Substances: Chemical Risk Reduction	45,879,000	44,454,000	44,454,000
Toxic Substances: Lead Risk Reduc.	14,800,000	11,083,000	11,083,000
TRI/Right to Know	15,941,000	14,670,000	14,670,000

There is no general reduction to this account.

The conferees have agreed to the following increases to the budget request:

1. 8,000,000 for the criminal enforcement;

2. 2,000,000 for EPA Region 10 for environmental compliance;
3. \$18,375,000 for rural water technical assistance activities and groundwater protection with distribution as follows: \$9,800,000 for the National Rural Water Association; \$3,900,000 for Rural Community Assistance program, to be divided equally between assistance for water programs and assistance for wastewater programs; \$735,000 for Ground Water Protection Council; \$1,960,000 for Small Flows Clearinghouse; \$980,000 for the National Environmental Training Center; and \$1,000,000 for the Water Systems Council Wellcare Program.
4. \$980,000 for the National Biosolids Partnership Program;
5. \$2,000,000 for source water protection programs;
6. \$2,940,000 for EPA's National Computing Center to provide for the remote mirroring of all critical information and related systems to achieve a Continuity of Operations (COOP)/Disaster Recovery capability.
7. \$5,000,000 for America's Clean Water Foundation for implementation of on-farm environmental assessments for livestock operations;
8. \$5,000,000 to support a demonstration project for deployment of idle reduction technology including advanced truck stop electrification, as part of the Agency's Smartway Transport Program.
9. \$1,000,000 for the Lake Pontchartrain Basin Restoration Program for a total of \$2,000,000;
10. \$200,000 for the Northeast States for Coordinated Air Use Management [NESCAUM];
11. \$200,000 for the Northeast Waste Management Officials Association [NEWMOA];
12. \$1,540,000 for the Lake Champlain Basin program, for a total of \$2,500,000;
13. \$1,823,000 for the Long Island Sound program, for a total of \$2,300,000;
14. \$2,000,000 for Chesapeake Bay small watershed grants. The Committee expects that the funds provided for this program, managed by the Fish and Wildlife Foundation, shall be used for community-based projects including those that design and implement on the ground and in the water environmental restoration or protection activities to help meet Chesapeake Bay program goals and objectives. This will result in a total of \$22,817,000 available in fiscal year 2005 for the Chesapeake Bay program.
15. \$1,000,000 to the Environmental Monitoring and Assessment Program within the State of Alaska;
16. \$100,000 to the Salton Sea Authority in Salton Sea, California for air quality mitigation projects;
17. \$250,000 to Calleguas Municipal Water for the Calleguas Creek Watershed Management Plan Implementation in Ventura County, California;
18. \$100,000 to the University of Redlands in California for the Salton Sea Database;

19. \$300,000 for the City of Highland, California for developing and implementing displays and exhibits for the City of Highland Environmental Learning Center;
20. \$200,000 for the Operation Clean Air Advocates, Inc. in San Joaquin Valley, California for Operation Clean Air;
21. \$100,000 for the California State University-Fullerton, California for the National Center for Water Hazard Mitigation;
22. \$175,000 to the Central California Ozone Study;
23. \$100,000 to the University of Connecticut Health Center to implement a model asthma intervention program for the State of Connecticut;
24. \$250,000 to the University of North Florida for the Real-Time Regional Environmental Modeling in Jacksonville, Florida;
25. \$900,000 to Osceola County, Florida for abatement and prevention of hydrilla and hygophila;
26. \$150,000 to the Spokane Region Chamber of Commerce for the Rathdrum Prairie/Spokane Valley Aquifer Study in Spokane County, Idaho;
27. \$1,700,000 to Boise State University for research projects aimed at developing and demonstrating multi-purpose sensors to detect and analyze contaminants and time-lapse imaging of shallow subsurface fluid flow;
28. \$300,000 for the Selenium Information System Project at the Idaho National Engineering and Environmental Laboratory;
29. \$100,000 to the City of Rexburg, Idaho for the Teton River Mill Site Redevelopment and Learning Project;
30. \$150,000 to the City of Chicago, Illinois for the Beach Contamination Identification/Elimination Study;
31. \$100,000 for PRIDE in the 2nd District of Kentucky for PRIDE in the Heartland of Kentucky;
32. \$500,000 to the Olmsted Parks Conservancy in Louisville, Kentucky to remove invasive species and correct erosion in Cherokee and Seneca Parks;
33. \$1,000,000 to the Olmsted Parks Conservancy in Louisville, Kentucky to correct riverbank erosion in Chickasaw Park;
34. \$550,000 to the Olmsted Parks Conservancy in Louisville, Kentucky to correct erosion in Iroquois Park;
35. \$850,000 to the Louisville Waterfront Development Corporation, Kentucky for anti-erosion strategies;
36. \$200,000 to the Louisiana State University in Shreveport, Louisiana for the Red River Watershed Management Institute;
37. \$100,000 to Prince George's County, Maryland for the Low Impact Development demonstration project in the Anacostia River Watershed;
38. \$100,000 to Wayne County, Michigan for the Lead Prevention Initiative;
39. \$100,000 to Wayne County, Michigan for the lead prevention initiative;

40. \$200,000 for the Michigan Biotechnology Institute in East Lansing, Michigan for the Michigan Biotechnology Institute International's Nanocomposite Surfaces;

41. \$100,000 to the New Hampshire Department of Environmental Services to develop a statewide water resources management plan;

42. \$250,000 to the Ten Towns Great Swamp Watershed Management Committee in New Jersey for a water quality monitoring program in the Great Swamp National Refuge;

43. \$100,000 to Monmouth University for the Coastal Watershed Program in West Long Branch, New Jersey;

44. \$150,000 for Monmouth University for the Center for Coastal Watershed Management in West Long Beach, New Jersey;

45. \$200,000 to Madison County, New York for the Land-fill Gas to Electricity Project;

46. \$250,000 for the New York University in Bronx, New York for health disparity studies;

47. \$1,500,000 for continued work on water management plans for the Central New York Watersheds in Onondaga and Cayuga counties;

48. \$750,000 to Cortland County, New York for continued work on the aquifer protection plan, of which \$350,000 is for continued implementation of the comprehensive water quality management program in the Upper Susquehanna Watershed;

49. \$250,000 to Wayne County, New York for continued work on a county-wide lakeshore embankments resource preservation and watershed enhancement plan;

50. \$300,000 for the NADO (National Association of Development Organizations) Research Foundation for environmental training and information dissemination related to rural brownfields, air quality standards and water infrastructure;

51. \$200,000 to the Ohio River Valley Water Sanitation Commission for the Ohio River Watershed Pollutant Reduction Program;

52. \$250,000 to Lake Erie Coastal Ohio for planning, research, and analysis of coastal Lake Erie community, environmental, and educational efforts;

53. \$200,000 to the Oklahoma State University, the University of Oklahoma, the University of Tulsa, and the University of Arkansas for the Integrated Petroleum Environmental Consortium in Tulsa, Oklahoma;

54. \$1,500,000 to the American Cities Foundation (ACF) for the Neighborhood Environmental Action Team program and other community environmental efforts;

55. \$700,000 to Caribbean American Mission for Education Research and Action, Inc. (CAMERA), to support a youth environmental stewardship program in Bala Cynwyd, Pennsylvania;

56. \$700,000 to the Environment and Sports Inc., of Philadelphia to continue support of an environmental awareness program in Philadelphia, Pennsylvania;

57. \$350,000 for the Concurrent Technologies Corp for the Small Partner Environmental Information Exchange Network;

58. \$100,000 to Cabrini College in Radnor, Pennsylvania for the Center for Science Education and Technology;
59. \$100,000 to the University of Memphis for Environmental Programs Hazard Management in Memphis, Tennessee;
60. \$250,000 to the Tarrant County Watershed District in Tarrant County, Texas to develop and implement an integrated watershed protection plan;
61. \$750,000 to the University of Texas at Austin for environmental resource management and technical assistance activities for the Rio Bravo-Rio Grande Physical Assessment Program;
62. \$250,000 to the University of North Texas for the Texas Institute for Environmental Assessment and Management;
63. \$200,000 to the City of Lubbock, Texas for a comprehensive study to address regional water and wastewater concerns;
64. \$75,000 to the Brazos River Authority for the Brazos/Navasota Watershed Management Project in Texas;
65. \$200,000 to the Puget Sound Action Team of Hood Canal, Washington for the Hood Canal Depleted Oxygen Study;
66. \$100,000 for the Spokane Regional Chamber of Commerce for the Spokane Valley/Rathdrum Prairie Aquifer Study;
67. \$200,000 to the Upper Kanawha Valley Enterprise Community for the Shrewsbury Riverbank Erosion Project in Shewsbury, West Virginia;
68. \$2,000,000 for on-going activities at the Canaan Valley Institute, including activities relating to community sustainability;
69. \$1,500,000 to support and implement the Highlands Action Program (HAP) of the Agency, including, but not limited to, federal personnel and related costs;
70. \$150,000 for Marshall University, Center for Environmental, Geotechnical and Applied Sciences for Environmental Management Incubator in Huntington, West Virginia;
71. \$200,000 to the City of Cedarburg, Wisconsin for ongoing surface water treatment and general environmental remediation of Cedar Creek;
72. \$4,000,000 for the Small Public Water System Technology Centers at Western Kentucky University, the University of New Hampshire, the University of Alaska-Sitka, Pennsylvania State University, the University of Missouri-Columbia, Montana State University, the University of Illinois, and Mississippi State University;
73. \$500,000 for the City of Boulder's Sustainability Center;
74. \$300,000 for the State Review of Oil and Natural Gas Environmental Regulations [STRONGER] program;
75. \$200,000 for the Utah Watershed Coordinator's Council;
76. \$250,000 for the City of Covington Riverfront Planning Project in Covington, Kentucky;

77. \$600,000 for the University of Southern Mississippi's Gulf of Mexico program to evaluate bacterial source tracking in three Gulf Coast watersheds;

78. \$350,000 for the Greater Houston Partnership/Houston Advanced Research Center for an air quality study;

79. \$400,000 to the Baylor University for a Lake Whitney comprehensive assessment;

80. \$1,500,000 for the Rathdrum Prairie/Spokane Valley Aquifer study with matching funds to be provided by the State of Idaho and Washington;

81. \$300,000 for the Selenium Information System project at the Idaho National Engineering and Environmental Laboratory;

82. \$2,500,000 for the Southwest Center for Environmental Research and Policy;

83. \$500,000 for the Lake Tahoe Environmental Improvement program;

84. \$1,000,000 for the City of Maryville, Tennessee to implement an environmental protection and education project;

85. \$250,000 for the Center for Environmental Citizenship at Luther College in Decorah, Iowa;

86. \$250,000 for a comprehensive storm and irrigation-water management initiative for Orem, Utah;

87. \$5,000,000 for the Oklahoma Department of Environmental Quality for ongoing surface water treatment and general environmental remediation in collaboration with other involved state and Federal entities of the effects of mine-waste tailings in the Tar Creek and Spring Creek watersheds and area in Ottawa County, Oklahoma;

88. \$500,000 for the U.S.-Mexico Border Environmental Protection program at the University of Arizona;

89. \$600,000 for the Western Kentucky University Center for Wastewater Research;

90. \$400,000 for the Green River Biological Diversity Monitoring project at Western Kentucky University;

91. \$300,000 for Auburn University to develop a Mobile Delta Initiative;

92. \$750,000 for the City of Wilsonville, Oregon to develop an innovative rainwater management system;

93. \$500,000 for the Ozarks Environmental and Water Resources Institute at Southwest Missouri State University;

94. \$750,000 for the Lake Pontchartrain Basin Foundation for Lake Pontchartrain water quality improvement;

95. \$250,000 for the Maryland Bureau of Mines for an acid mine drainage remediation project;

96. \$1,000,000 for projects demonstrating the benefits of Low Impact Development along the Anacostia Watershed in Prince Georges County, Maryland, including

97. \$500,000 for storm drains and trash traps;

98. \$750,000 for the City of Waukesha, Wisconsin, for a radium removal research and study project;

99. \$250,000 for the Northwest Straits Commission for Washington State University's beach watchers program;

100. \$500,000 for the Columbia Basin Groundwater Management Area;
101. \$300,000 for the Walker Lake Working Group in Nevada for scientific, analytical, and other technical assistance to evaluate solutions for the restoration of Walker Lake;
102. \$250,000 for the Friends of Old Maui School and Community Work Day in Hawaii for environmental assessments;
103. \$350,000 for the County of Hawaii for the Honomolino Irrigation Cooperative surface and ground water project;
104. \$250,000 for the Hawaii Nature Center East Kauai watershed improvement initiative;
105. \$500,000 for the Metropolitan Water District of Southern California for a study of the effectiveness of biological treatment for the removal of perchlorate from groundwater;
106. \$250,000 for the Fresno County Council of Governments in California for a non-point source water quality management program;
107. \$500,000 for the Storm Lake, Iowa, water quality project;
108. \$250,000 for the Iowa Stormwater Runoff Council for the development and implementation of improved urban stormwater control practices;
109. \$300,000 for the Vermont Department of Agriculture Steven's Brook watershed project;
110. \$250,000 for the City of Warwick, Rhode Island, for design and engineering of the Potowomut wastewater collection system;
111. \$400,000 for the City of Las Vegas, New Mexico, for a mechanical biological treatment initiative;
112. \$750,000 for the University of West Florida's PERCH program;
113. \$400,000 for the County of Ventura, California, Calleguas Creek Watershed Management Plan;
114. \$400,000 for a storm water research initiative at the University of Vermont;
115. \$700,000 for Plimoth Plantation in Plymouth, Massachusetts, for environmental education initiatives;
116. \$400,000 for the City of Norwalk, Connecticut, for the FILTER project to prevent runoff into the Long Island Sound;
117. \$500,000 for the State of Nevada to replace or retrofit school buses to lower emissions;
118. \$250,000 for Chautauqua County, New York, for a sewerage mapping project;
119. \$400,000 for the Right Place in Grand Rapids, Michigan, for the West Michigan Regional Sustainable Manufacturing Initiative;
120. \$400,000 for Deschutes County, Oregon, for the Upper Deschutes River water quality and monitoring program;
121. \$200,000 for pollution prevention of Wreck Pond and nearby beaches in Spring Lake, New Jersey;
122. \$200,000 for the City of Vineland, New Jersey, for the demonstration of an environmentally sound disabled vehicle removal pilot project;

123. \$400,000 for the King County, Washington, molten fuel cell demonstration project;

124. \$200,000 for the North Carolina Rural Economic Development Center for a statewide water and wastewater assessment;

125. \$750,000 for continued research and watershed activities at the Kenai River Center in Kenai, Alaska;

126. \$375,000 for regional haze monitoring in the State of Alaska;

127. \$1,500,000 to the Environmental Resources Coalition for the Southwest Missouri Water Resources Assessment Project; and

128. \$1,000,000 for the Missouri Department of Natural Resources for the Low Sulfur Coal Emissions Reduction Pilot Project.

The Conference has included \$8,000,000 more than the budget request for EPA Criminal Enforcement for a total of \$39,370,000 for FY05, an increase of a little more than \$8,000,000 above the 2004 level. The Conference believes that a strong criminal enforcement program is essential to reducing pollution and protecting public health. The Conference believes that the EPA does not devote adequate resources to the program, which has led to staffing declines and case backlogs. The Conference directs EPA to submit to the House and Senate Committees on Appropriations a plan to reduce case backlogs and ensure adequate resources and staffing levels by March 15, 2005. In addition to this increase, the conference agreement includes sufficient funds to maintain the level of staffing at other enforcement activities throughout the agency at not less than the fiscal year 2004 level.

The Conferees consider that a strong relationship between EPA and the Department of Homeland Security (DHS) is critical if the Nation is going to have a comprehensive and effective plan for protecting our homeland. The conferees understand that the EPA has negotiated two memorandums of understandings (MOUs) with DHS. The first, between DHS and EPA's Office of Research and Development, provides for joint research projects. The second, between DHS and EPA's Office of Air and Radiation, is designed to provide coordination and funding for field operations of the biowatch monitoring network. Nevertheless, the Conferees remain concerned that the Agency's responsibilities as to homeland security are not well articulated. Therefore, the Conferees direct EPA to enter into a comprehensive MOU with DHS no later than August 1, 2005 that will define the relationship and responsibilities of these entities with regard to the protection and security of our Nation. The Conferees expect the MOU to specifically identify areas of responsibilities and the potential costs (including which entity pays, in whole or part) for fully meeting such responsibilities. EPA shall submit to the House and Senate Committees on Appropriations a plan no later than September 15, 2005 that details how the agency will meet its responsibilities under the MOU, including a staffing plan and budget.

The conference agreement provides the budget request of \$2,000,000 for the Water Information Sharing and Analysis Center (Water ISAC) to gather, analyze, and disseminate sensitive security

information to water and wastewater systems. The conferees direct that the Water ISAC shall be implemented through a grant to the Association of Metropolitan Water Agencies.

The conferees have, within available funds, provided \$2,000,000 for nine Environmental Finance Centers, the same as for fiscal year 2004.

The conferees have provided the full budget request for the Endocrine Disruptor Screening Program. The High Production Volume (HPV) Chemical Challenge Program and the Voluntary Children's Chemical Evaluation Program have been funded at the fiscal year 2004 level and the conferees urge that no reductions be proposed in the operating plan submission for these important programs.

The conferees support EPA's promotion of environmental management systems (EMSs), codes established by a variety of industry sectors to ensure superior environmental performance, and urge the agency to examine additional regulatory incentives to be provided to organizations that have implemented an EMS.

The conferees have also provided the fiscal year 2004 appropriation level for activities and programs of the Office of Pesticide Programs (OPP).

The conferees direct EPA to provide for the Pesticide Applicator Training program the same amount as available in fiscal year 2004.

The conferees support the Agency's electronics recycling initiative, and encourage the Agency to support pilot projects through the Polymer Alliance Zone's MARCEE Initiative to develop a market-based sustainable electronics recycling infrastructure.

OFFICE OF INSPECTOR GENERAL

Appropriates \$38,000,000 for the Office of Inspector General, an increase of \$1,000,000 over the amount proposed by the House, and the same amount proposed by the Senate. In addition to amounts appropriated directly to the OIG, \$13,000,000 is also available by transfer from funds appropriated for Hazardous Substance Superfund. Of the total funding, \$750,000 shall be used to carry out the duties of Inspector General for the Chemical Safety and Hazard Investigation Board.

BUILDINGS AND FACILITIES

Appropriates \$39,000,000 for buildings and facilities, instead of \$40,000,000 as proposed by the Senate and the same as proposed by the House.

HAZARDOUS SUBSTANCE SUPERFUND

(INCLUDING TRANSFERS OF FUNDS)

Appropriates \$1,257,537,000 for Hazardous Substance Superfund as proposed by the House instead of \$1,381,416,000 as proposed by the Senate. Bill language provides that such sums as are available from the Superfund trust fund upon the date of enactment are available for this activity, with the remainder to be derived from general revenues of the Treasury. Additional language provides for the transfer of \$13,000,000 to the Office of Inspector

General, and for the transfer of \$36,097,000 to the Science and Technology account.

The conferees direct EPA to develop a standard test method for naturally occurring asbestos that will provide reproducible results and provide a risk analysis using the existing EPA Airborne Asbestos Health Assessment Update.

The conferees remain concerned about the effective implementation of the Superfund program. The EPA IG is conducting an ongoing evaluation of Superfund expenditures at the request of the House and Senate Committees on Appropriations. It is clear, however, that there is little coordination of best practices at Superfund sites and the conferees urge EPA to develop a best practices approach which will ensure that there will be better coordination in managing sites and that those Superfund procedures that work best for the least cost will be implemented.

The conferees have agreed to the following fiscal year 2005 funding levels:

1. \$879,100,000 for Superfund response and cleanup activities;
2. \$146,514,000 for enforcement activities;
3. \$145,000,000 for management and support;
4. \$13,000,000 for transfer to the Office of Inspector General;
5. \$36,097,000 for research and development activities, to be transferred to the Science and Technology account; and
6. \$37,826,000 for reimbursable interagency activities, including \$27,150,000 for the Department of Justice and \$10,676,000 for OSHA, FEMA, NOAA, the United States Coast Guard, and for the Department of the Interior.

LEAKING UNDERGROUND STORAGE TANK PROGRAM

Appropriates \$70,000,000 for the leaking underground storage tank program as proposed by the Senate, instead of \$74,000,000 as proposed by the House.

OIL SPILL RESPONSE

Appropriates \$16,000,000 for oil spill response as proposed by the House and the Senate.

STATE AND TRIBAL ASSISTANCE GRANTS

Appropriates \$3,604,182,000 for state and tribal assistance grants instead of \$3,359,027,000 as proposed by the House and \$3,886,550,000 as proposed by the Senate. Bill language specifically provides \$1,100,000,000 for Clean Water State Revolving Fund (SRF) capitalization grants, of which up to \$50,000,000 is to be made available for use by States that choose to make loans, including interest-free loans, that increase non-point and non-structural, decentralized alternatives, expanding the choices available to communities in their fight for clean water. The conferees again strongly encourage States that can do so to pursue innovative technologies in this regard, but emphasize that this program is voluntary and that States not participating in the program will nevertheless continue to receive their normal level of funding through the established SRF formulas.

Additional bill language provides \$850,000,000 for Safe Drinking Water SRF capitalization grants; \$50,000,000 for the United States-Mexico Border program; \$45,000,000 for grants to address drinking water and wastewater infrastructure needs in rural and native Alaska communities; \$4,000,000 for remediation of above ground leaking fuel tanks in Alaska pursuant to Public Law 106-554; \$90,000,000 for Brownfields infrastructure grants; \$1,145,757,000 for categorical grants to the states and tribes, including \$50,000,000 for Brownfields categorical grants and \$19,500,000 for the Environmental Information Exchange program; \$7,500,000 for Clean School Bus grants; and \$309,925,000 for cost-shared grants for construction of water and wastewater treatment facilities and infrastructure and for groundwater protection infrastructure.

The conferees have included bill language which: (1) for fiscal year 2005, authorizes the Administrator of the EPA to use funds appropriated pursuant to the Federal Water Pollution Control Act (FWPCA) to make grants to Indian tribes pursuant to section 319(h) and 518(e) of FWPCA; (2) will permit the states to include as principal amounts considered to be the cost of administering SRF loans to eligible borrowers, with certain limitations; (3) for fiscal year 2005, authorizes the states to transfer funds between the Clean Water and Safe Drinking Water SRF programs; and (4) stipulates that no funds provided in the Act to address water infrastructure needs of colonias within the United States along the United States-Mexico border shall be made available to a county or municipal government unless that governmental entity has established an enforceable ordinance or rule which prevents the development or construction of any additional colonia areas, or the development within an existing colonia of any new home, business, or other structure which lacks water, wastewater, or other necessary infrastructure.

As in previous years, the conferees have included bill language that stipulates that none of the funds provided in this or any previous years' Act for the Safe Drinking Water SRF may be reserved by the Administrator for health effects studies on drinking water contaminants. The conferees have instead provided significant resources for such studies within EPA's Science and Technology account.

The conferees have included, as proposed by the Senate, bill language which sets certain requirements for Alaska Native Village grants, including: (1) a 25% cost share from the State of Alaska; (2) a limitation on administrative expenses; and (3) the establishment of a statewide priority list and a set-aside for regional hub communities.

The conferees have not included language proposed in the Senate bill that created a new \$3,000,000 construction program that was designed to begin building the needed infrastructure to reduce the risk of arsenic in drinking water as required by the arsenic in drinking water rule (66 FR 6979). In 2006, both community water systems and non-transient, non-community water systems are expected to be in compliance with these new arsenic in drinking water requirements. The conferees are concerned that many communities, especially rural communities in the West, will be unable

to meet these new requirements which could become a huge financial hardship on these communities. This may mean that clean water systems could be abandoned in favor of untreated well water or that communities may be forced to spend very tight resources on new water infrastructure while abandoning other critical priorities such as maintaining local school systems. The conferees direct EPA to submit a study no later than August 15, 2005 on the extent to which the communities will be impacted by the arsenic in drinking water rule, the likely cost to these communities for meeting the requirements of the rule, alternatives to meeting the requirements of the rule and recommendations for, but not limited to, ways to minimize the cost.

The conferees have included bill language that makes technical corrections and changes to grants approved in previous fiscal years.

Of the funds provided for the United States-Mexico Border program, \$5,000,000 is for continuation of the El Paso, Texas desalination and water supply project, and \$2,000,000 is for the Brownsville, Texas water supply project.

The conferees provide \$18,000,000 for making competitive Targeted Watershed grants; within these funds, \$8,000,000 is for a regional pilot program for the Chesapeake Bay that shall demonstrate effective non-point source nutrient reduction approaches that target small watersheds and accelerate nutrient reduction in innovative, sustainable, and cost-effective ways. Partners in the effort to protect the Bay include Maryland; Pennsylvania; Virginia; the District of Columbia; the Chesapeake Bay Commission, a tri-state legislative body; EPA, which represents the Federal Government; and, participating citizen advisory groups.

The conferees direct EPA under the "school bus" program to treat all school districts equally, regardless of whether the buses are owned by the district or owned by a contractor. In either case, the grantee is a school district. In cases where the school district contracts with an outside entity for the provision of school buses, the school district is expected to contract with its contractor to ensure the buses are as environmentally sound as possible at the least possible cost. Any use of funds must be consistent with the program requirements. School districts can apply jointly for a grant where the contractor provides student busing services to more than one district.

Within the State and Tribal Categorical Grant program, the conference agreement includes:

	House	Senate	Conference
State and Local Air Quality Assistance	225,000,000	228,550,000	225,000,000
Tribal Air Quality Assistance	10,830,000	11,000,000	10,830,000
Radon	8,000,000	7,000,000	7,000,000
Pollution Control (Section 106)	200,000,000	210,000,000	210,000,000
Beaches Protection	10,000,000	10,000,000	10,000,000
Nonpoint Source (Section 319)	235,250,000	215,000,000	209,000,000
Wetlands Program Development	14,500,000	15,000,000	15,000,000
Wastewater Operator Training	1,500,000	1,500,000	1,500,000
Water Quality Cooperative Agreements (Sec. 104(3)(b))	18,620,000	17,000,000	17,000,000
Targeted Watersheds	14,500,000	20,000,000	18,000,000
Public Water System Supervision (PWSS)	100,550,000	102,500,000	100,550,000
Underground Injection Control (UIC)	10,780,000	9,000,000	10,780,000
Drinking Water Homeland Security	5,000,000	5,000,000	5,000,000
RCRA Financial Assistance	104,300,000	106,400,000	104,300,000

	House	Senate	Conference
Brownfields	50,000,000	50,000,000	50,000,000
Underground Storage Tanks	12,000,000	13,000,000	12,000,000
Pesticides Program Implementation	13,000,000	13,100,000	13,000,000
Lead Risk Reduction	13,500,000	13,700,000	13,500,000
Toxic Substances Compliance	5,047,000	5,150,000	5,047,000
Pesticides Enforcement	19,500,000	19,900,000	19,500,000
Environmental Information	19,500,000	20,000,000	19,500,000
Pollution Prevention	6,000,000	5,000,000	5,000,000
Sector Program (Enforcement & Comp Assurance)	2,250,000	2,250,000	2,250,000
Tribal General Assistance Program	62,000,000	62,500,000	62,000,000

The conferees have not included language that directed EPA to deduct from grants to state associations for a state that does not wish to participate in the association, as proposed by the Senate. The conferees believe that current recipients of such grants have administratively addressed this issue.

The conferees have provided \$309,925,000 for a targeted program making grants to communities for the construction of drinking water, wastewater and storm water infrastructure and for water quality protection. As in past years, these grants shall be accompanied by a cost-share requirement whereby 45 percent of a project's cost is the responsibility of the community or entity receiving the grant. In those few cases where such cost-share requirement poses a particular financial burden on the recipient community or entity, the conferees support the Agency's use of its long-standing guidance for financial capability assessments to determine reductions or waivers from this match requirement.

With the exception of the limited instances in which an applicant meets the criteria for a waiver, the conferees have provided no more than 55% of an individual project's cost, regardless of the amount appropriated below. The phrase 'terms and conditions' referenced in the bill language includes the maximum 55% federal share, as well as the intended recipients and the specific project descriptions, as listed below. The distribution of funds under this program is as follows:

1. \$400,000 to the City of Falkville, Alabama for sewer infrastructure improvements;
2. \$750,000 to the City of Albertville, Alabama for sewer infrastructure improvements;
3. \$180,000 to the City of Boldo, Alabama for water infrastructure improvements;
4. \$200,000 to the City of Addison, Alabama for sewer infrastructure improvements;
5. \$220,000 to Lamar County, Alabama for infrastructure improvements to the Lamar County Reservoir;
6. \$350,000 to the City of Arley, Alabama for water infrastructure improvements;
7. \$200,000 to the City of Eva, Alabama for sewer infrastructure improvements;
8. \$200,000 to the City of Guin, Alabama for water infrastructure improvements;
9. \$250,000 to the City of Phil Campbell, Alabama for water infrastructure improvements;
10. \$500,000 to Blount County, Alabama for water infrastructure improvements;

11. \$500,000 to the DeKalb-Jackson Water Supply District in Ider, Alabama for construction of a water treatment plant;
12. \$150,000 to Fort Payne, Alabama for a pump station at Wills Valley Industrial Park;
13. \$250,000 to the Helena Utility Board in Helena, Alabama for sewer infrastructure improvements;
14. \$250,000 to the City of Jackson, Alabama for water and wastewater infrastructure improvements;
15. \$200,000 to the City of Athens, Alabama for wastewater infrastructure improvements;
16. \$500,000 to Lawrence County, Alabama for the Bankhead Forest Water Project;
17. \$250,000 to the City of Huntsville, Alabama for water infrastructure improvements;
18. \$400,000 to Hartselle Utilities for wastewater infrastructure improvements in Hartselle, Alabama;
19. \$100,000 to Harvest-Monrovia Water, Sewer, and Fire Protection in Alabama for a master plan to accomplish the establishment of a sewer system within the service area;
20. \$300,000 to the Limestone County Water and Sewer Authority in Alabama for water infrastructure improvements;
21. \$400,000 to the Waterworks Boards of the Towns of Section and Dutton, Alabama for water infrastructure improvements;
22. \$500,000 to the Scottsboro Waterworks, Sewer, and Gas Board in Scottsboro, Alabama for construction and rehabilitation of a sanitary sewer collection system;
23. \$600,000 to the City of Sheffield, Alabama for water and wastewater infrastructure improvements;
24. \$200,000 to the West Morgan-East Lawrence Water and Sewer Authority for water and wastewater system infrastructure improvements;
25. \$50,000 to Jackson County, Alabama for water and wastewater infrastructure improvements;
26. \$400,000 to the City of Muscle Shoals, Alabama for water and wastewater infrastructure improvements;
27. \$100,000 to the community of Overlook Hills in Dallas County, Alabama for wastewater infrastructure improvements;
28. \$100,000 to the Town of Fulton, Alabama to construct a wastewater treatment facility;
29. \$150,000 to the Town of Red Level, Alabama for Phase II water infrastructure improvements;
30. \$150,000 to the City of Valley, Alabama to purchase Langdale Mill and Fairfax Utilization Plant;
31. \$100,000 for the Millerville Water Authority (Clay County Commission) for water infrastructure improvements in Millerville, Alabama;
32. \$200,000 for the Smiths Station Water Authority in Alabama for water infrastructure improvements;
33. \$30,000 for City of Piedmont Water and Utilities Board to extend water lines to the Terrapin Cove/Borden Springs area in Cleburne County, Alabama;
34. \$250,000 to the City of Fayetteville, Arkansas for water infrastructure improvements;

35. \$250,000 for the Faulkner County Public Facilities Board for Lake Conway Sewer Improvements in Faulkner County, Arkansas;
36. \$200,000 for the City of Goodyear, Arizona for water infrastructure improvements;
37. \$250,000 to the City of Avondale, Arizona for wastewater infrastructure improvements;
38. \$150,000 to the City of Chandler, Arizona for the Chandler Arsenic Mitigation Program;
39. \$1,000,000 to the University of Arizona, College of Pharmacy for the US-Mexico Border Environmental Protection Program;
40. \$250,000 to the City of Stafford, Arizona for construction of a wastewater treatment plant;
41. \$500,000 to the City of St. Johns, Arizona for new water transmission pipeline construction;
42. \$150,000 to the City of Rialto, California for water infrastructure improvements;
43. \$250,000 to the Box Springs Mutual Water Company of the City of Moreno Valley, California for installation of a sewer system;
44. \$200,000 to the City of Oxnard, California for the Headworks Expansion Project and Redwood Trunk Project;
45. \$150,000 to the City of Modesto, California for the neighborhood storm water, sewer, and water infrastructure project (Ninth Street Corridor Storm Drain Project);
46. \$600,000 to the Orange County Sanitation District for wastewater infrastructure improvements in Fountain Valley, California;
47. \$500,000 to the City of Laguna Beach, California for emergency sewer repairs;
48. \$1,000,000 to the City of Solana Beach, California for wastewater treatment improvements in the municipal sewer system;
49. \$250,000 to the City of Roseville, California for water infrastructure improvements;
50. \$400,000 to the City of Monrovia, California for water and wastewater infrastructure improvement;
51. \$1,000,000 to the Cities of Arcadia and Sierra Madre, California for the Joint Water Infrastructure Restoration Program;
52. \$200,000 to the City of East Palo Alto, California for the storm water infrastructure improvements;
53. \$350,000 to the Monterey County Water Resource Agency for the Salinas Valley Water Project in Monterey County, California;
54. \$100,000 to the Sweetwater Authority for the water quality monitoring in Chula Vista, California;
55. \$250,000 to the City of El Segundo, California for wastewater infrastructure improvements for Smoky Hollow;
56. \$350,000 for the City of Redding, California for water infrastructure improvements;

57. \$750,000 to the San Diego County Water Authority for the San Diego County Water Authority Regional Seawater Desalination Initiative in San Diego, California;
58. \$350,000 to the City of Brisbane, California for water and wastewater infrastructure improvements;
59. \$100,000 for the Bighorn Desert Water Agency for water infrastructure improvements in Yucca Valley, California;
60. \$450,000 to the City of San Bernardino, California for Lakes and Stream Project;
61. \$250,000 to the City of Hesperia, California for water infrastructure improvements;
62. \$200,000 to the City of Lake Arrowhead, California for the Community Services District;
63. \$500,000 for Mission Springs Water District for the Groundwater Protection, Supply Enhancement/Reuse Program in Desert Hot Springs, California;
64. \$450,000 to the City of Banning, California for the Brinton Reservoir;
65. \$300,000 for the Hi-Desert Water District in Yucca Valley, California for the Warren Valley Recharge Facility;
66. \$300,000 for the Santa Ana Watershed Project Authority in California for the Santa Ana Regional Interceptor (SARI) Enhancement;
67. \$200,000 for the City of San Jose, California for water and wastewater infrastructure improvements;
68. \$500,000 to the City of Sacramento, California for combined sewer system improvement rehabilitation project;
69. \$250,000 for the Castaic Lake Water Agency in California for wastewater infrastructure improvements;
70. \$250,000 to the City of Barstow, California for a sewer master plan implementation project;
71. \$250,000 to the City of Victorville, California for water infrastructure improvements;
72. \$200,000 for the California State University, Dominguez Hills for the Center for Urban Environmental Research in Carson, California;
73. \$200,000 to the City of Brea, California for sewer infrastructure improvements;
74. \$200,000 to the City of Mission Viejo, California for the Oso Creek Barrier Project;
75. \$300,000 to the City of Vallejo, California for the Mare Island Sanitary Sewer and Storm Drain Improvement Project;
76. \$250,000 to the City of Norwalk, California for the Balancing Facility Project;
77. \$150,000 to the Strathmore Public Utility District for a wastewater treatment plant;
78. \$250,000 to the City of Folsom, California for the sewer rehabilitation project;
79. \$1,000,000 to the City of San Francisco, California for water and wastewater infrastructure improvements;
80. \$800,000 for the Santa Clara Valley Water District in Santa Clara County, California for Perchlorate Cleanup;
81. \$200,000 to the City of Westminster, California for the Westminster Water Quality Pilot Project;

82. \$300,000 to the City of Huntington Beach, California for the Wintersberg Channel Urban Run-Off Treatment;
83. \$250,000 to the City of Downey, California for storm water infrastructure improvements;
84. \$150,000 for the Municipal Water District of Orange County, California for an Orange County water reliability study;
85. \$200,000 for the Orange County Sanitation District for a new secondary treatment facility in Fountain Valley, California;
86. \$250,000 to the City of Eurka, California for the Martin Slough Interceptor;
87. \$250,000 to the City of Gardena, California for water and wastewater infrastructure improvements;
88. \$250,000 to the City of Santa Monica, California for water infrastructure improvements;
89. \$200,000 for Sonoma County, California for the Monte Rio sanitation project in Monte Rio, California;
90. \$250,000 to Jefferson County, Colorado to implement a new storm water improvement program;
91. \$250,000 to the City of Ouray, Colorado for water infrastructure improvements;
92. \$150,000 to the City of Meriden, Connecticut for the City Center Initiative Flood Control and Demolition;
93. \$300,000 to the City of New Britain, Connecticut for water infrastructure improvements;
94. \$500,000 to the City of Southington, Connecticut for the Southington Water Supply Improvement Project;
95. \$200,000 to the City of Stamford, Connecticut for storm water infrastructure improvements;
96. \$350,000 to the City of Groton, Connecticut for water and sewer line extension;
97. \$500,000 to the District of Columbia Government for drinking water infrastructure improvements to address lead problems;
98. \$400,000 for the City of Wilmington, Delaware for wastewater infrastructure improvements;
99. \$250,000 to the City of Tarpon Springs, Florida for water and wastewater infrastructure improvements;
100. \$200,000 to the City of Gainesville, Florida for the depot regional storm water park;
101. \$250,000 to Citrus County, Florida for the Chassahowitzka Area Wastewater Collection and Drinking Water Distribution System;
102. \$200,000 to Hillsborough County, Florida for the Hillsborough County Alternative Water Supplies—Phase III;
103. \$750,000 to the City of Miami Beach, Florida for storm water infrastructure improvements;
104. \$250,000 to the City of Key West, Florida for storm water infrastructure improvements;
105. \$200,000 to the City of Pembroke Pines, Florida for water treatment expansion;
106. \$250,000 to the City of Homestead, Florida for water and wastewater infrastructure improvements;

107. \$150,000 for the South Seminole & North Orange County Wastewater Transmission Authority for the replacement of wastewater pipes and mechanical equipment;
108. \$200,000 to the Southwest Florida Water Management District for the Peace River & Myakka River Water Initiative in Polk County, Florida;
109. \$300,000 to the Village of Wellington, Florida for the reconfiguration of storm water system project;
110. \$350,000 for the County of Sarasota, Florida for wastewater infrastructure improvements;
111. \$200,000 to the City of Rivera Beach, Florida for the storm water management plan;
112. \$200,000 to the Town of Windermere, Florida for storm water management improvements;
113. \$250,000 to the City of Miami Gardens, Florida for water, wastewater, storm water, and sewer infrastructure improvements;
114. \$200,000 to the City of Bunnell, Florida for the Wastewater Collection, Treatment and Disposal System Rehabilitation Project;
115. \$500,000 for St. Johns County, Florida for the College Park Drainage Improvement Project in West Augustine, Florida;
116. \$250,000 for the Escambia County Utility Authority for Wastewater Treatment/water Reclamation Partnership in Escambia County, Florida;
117. \$350,000 to the City of Davenport, Florida for wastewater infrastructure improvements;
118. \$200,000 to the City of Lakeworth, Florida for water infrastructure improvements;
119. \$200,000 to the City of Davie, Florida for water main replacement;
120. \$300,000 for the South Central Regional Wastewater Treatment and Disposal Board for the 100% Wastewater Reuse Project in the Cities of Delray Beach and Boynton Beach, Florida;
121. \$300,000 to the City of Starke, Florida for the Water Quality Improvement Program;
122. \$500,000 to Osceola County, Florida for drainage basin improvements;
123. \$2,500,000 to the St. Johns River Water Management District for water infrastructure improvements in Central and East Florida;
124. \$4,000,000 to the Southwest Florida Water Management District for continuation of the Tampa Bay Reservoir Project;
125. \$1,200,000 to the Southwest Florida Water Management District for Tampa Bay Reclaimed Water and Downstream Augmentation Project;
126. \$300,000 to the Southwest Florida Water Management District for the Peace River and Myakka River Watershed Restoration Initiative;
127. \$500,000 to the City of Clearwater, Florida for the Wastewater and Reclaimed Water Infrastructure Project;

128. \$1,300,000 to the City of Tampa, Florida for sediment removal from estuaries of the headwaters at the canals;
129. \$500,000 to the City of Treasure Island, Florida for wastewater and sewer system upgrades;
130. \$900,000 to the City of Albany, Georgia storm water infrastructure improvements;
131. \$400,000 to the City of Americus, Georgia for sewer service expansion;
132. \$1,000,000 to the City of Atlanta, Georgia for the McDaniel Basin Combined Sewer Overflow Separation project;
133. \$1,000,000 for Columbus Water Works, Columbus, Georgia for its Biosolids Flow-Through Thermophilic Treatment Demonstration Project;
134. \$250,000 to the City of Plains, Georgia for water infrastructure improvements;
135. \$100,000 to the City of Social Circle, Georgia for water and wastewater infrastructure improvements;
136. \$100,000 to the City of Thomasville, Georgia for extension of sewer lines;
137. \$150,000 to the City of Moultrie, Georgia for wastewater infrastructure improvements;
138. \$150,000 to the City of Summerville, Georgia for water and wastewater infrastructure improvements;
139. \$200,000 to Polk County, Georgia for the Polk County Wastewater Collection System;
140. \$250,000 to the City of Roswell, Georgia for the Big Creek Watershed Project;
141. \$750,000 to the City of Atlanta, Georgia for wastewater infrastructure improvements;
142. \$750,000 to the City of Moultrie, Georgia for wastewater infrastructure improvements;
143. \$700,000 for the Metropolitan North Georgia Planning District for water infrastructure improvements in North Atlanta Metropolitan Area, Georgia;
144. \$150,000 to the City of Byron, Georgia for water and wastewater infrastructure improvements;
145. \$250,000 to the City of Social Circle, Georgia for water and wastewater infrastructure improvements;
146. \$250,000 to the Guam Waterworks Authority for water and wastewater infrastructure improvements in the Territory of Guam;
147. \$150,000 to the Maui County Department of Water Supply for the lead reduction in Upcountry Maui in Upcountry Maui, Hawaii;
148. \$200,000 to the City of Castleford, Idaho for water infrastructure improvements;
149. \$450,000 to the City of Castleford, Idaho for water infrastructure improvements;
150. \$600,000 to the City of Twin Falls, Idaho for wastewater infrastructure improvements;
151. \$750,000 to the City of Pocatello, Idaho for water infrastructure improvements;
152. \$150,000 to the City of Lockport, Illinois for water and wastewater infrastructure improvements;

153. \$450,000 to the Village of Johnsborg, Illinois for wastewater infrastructure improvements;
154. \$300,000 to the Lake County Storm water Management Community for the Lake County Watershed Plan in Lake County, Illinois;
155. \$200,000 to the City of Silvis, Illinois for water infrastructure improvements;
156. \$200,000 to the Village of Newark, Illinois for wastewater infrastructure improvements;
157. \$200,000 to the Village of Paw Paw, Illinois for construction of an elevated water storage tower;
158. \$200,000 to the Village of Annawan, Illinois for water and wastewater infrastructure improvements;
159. \$650,000 to the Salt Creek Sanitary District in Villa Park, Illinois for water and wastewater infrastructure improvements;
160. \$300,000 to the Village of East Hazel Crest, Illinois for water infrastructure improvements;
161. \$200,000 to the City of Lexington, Illinois for wastewater infrastructure improvements;
162. \$400,000 to Lake County, Illinois for wastewater infrastructure improvements on the Des Plaines River;
163. \$500,000 to the City of Peoria, Illinois for stormwater management;
164. \$542,500 to the Village of Bartonville, Illinois for storm sewer improvements in Broadmoor Heights;
165. \$500,000 to the Village of Arenzville, Illinois for water infrastructure improvements;
166. \$500,000 to the Village of Argenta, Illinois for water infrastructure improvements;
167. \$500,000 to the Village of North Pekin, Illinois for water infrastructure improvements;
168. \$357,500 to the City of Spring Valley, Illinois for water infrastructure improvements;
169. \$250,000 to the City of Virginia, Illinois for water infrastructure improvements;
170. \$500,000 to the City of Pekin, Illinois wastewater infrastructure improvements;
171. \$250,000 to the City of Lincoln, Illinois to repair and slip line Pulaski Street sewer line;
172. \$350,000 to the Village of La Grange, Illinois for water infrastructure improvements;
173. \$550,000 to the Village of Fox River Grove, Illinois for Phase II sewer plant infrastructure improvements;
174. \$250,000 to the City of Shelbyville, Illinois for wastewater infrastructure improvements;
175. \$250,000 to the City of Breese, Illinois for construction of the Breese Water Plant;
176. \$100,000 to the Village of Mazon, Illinois for water infrastructure improvements;
177. \$200,000 for Will County, Illinois for the feasibility study for sanitary district expansion;

178. \$300,000 to the City of Marion, Indiana for water infrastructure improvements associated with the Water Loop Project in Grant County, Indiana;

179. \$200,000 to the City of Crawford, Indiana for the design and construction phases of the Crawfordsville Eastside Sanitary Sewer Project;

180. \$500,000 to the City of Frankfort, Indiana for construction of the Eastside Drainage/Detention Facility;

181. \$150,000 to the City of Indianapolis, Indiana for sewer rehabilitation in northeast Indianapolis;

182. \$300,000 to the City of Evansville, Indiana for the Pigeon Creek Enhancement Project;

183. \$200,000 to the City of New Castle, Indiana for the sanitary sewer and sanitary forcemain project;

184. \$330,000 to the City of Lowell, Indiana for construction of additional water lines;

185. \$400,000 to the City of Hebron, Indiana for water infrastructure improvements;

186. \$150,000 to the City of Des Moines, Iowa for storm water infrastructure improvements to the Closes Creek Watershed;

187. \$250,000 to the City of Storm Lake, Iowa for water infrastructure improvements;

188. \$250,000 to the City of Postville, Iowa for the completion of the Postville wastewater facility;

189. \$500,000 to the City of Mason City, Iowa for completion of the Mason City water treatment plant;

190. \$450,000 to the City of Ft. Madison, Iowa for water and wastewater infrastructure improvements;

191. \$450,000 to the City of Ottumwa, Iowa for the South Ottumwa Sewer Separation project;

192. \$500,000 to the City of Davenport, Iowa for the Westside Diversion Tunnel;

193. \$250,000 to the City of Mission, Kansas for construction and expansion of a storm water flow management system;

194. \$350,000 to the City of Harper, Kansas for water infrastructure improvements;

195. \$150,000 to the Town of North Middletown, Kentucky for North Middletown water and sewer improvements;

196. \$100,000 to the City of Shepherdsville, Kentucky for storm water compliance;

197. \$100,000 to the City of Hillview, Kentucky for the Hillview Storm water Compliance;

198. \$550,000 to the Louisville/Jefferson County Metropolitan Sewer District, Kentucky to construct a gravity interceptor sewer in Shively;

199. \$225,000 Louisville/Jefferson County Metropolitan Sewer District, Kentucky for wastewater infrastructure improvements in Beechwood Village;

200. \$225,000 Louisville/Jefferson County Metropolitan Sewer District, Kentucky for wastewater infrastructure improvements at Canoe Lane;

201. \$700,000 to the City of Whitesburg, Kentucky for construction of a wastewater treatment plant;

202. \$1,200,000 for the Perry County Fiscal Court in Hazard, Kentucky for the construction of a wastewater treatment plant;
203. \$100,000 to the City of Morehead, Kentucky for the renovation and expansion of a wastewater treatment plant;
204. \$150,000 to the City of Jamestown, Kentucky for the water treatment plant;
205. \$150,000 to the City of Monroe for the Monroe Wastewater Improvement Program in Monroe, Louisiana;
206. \$200,000 to the Village of Slaughter, Louisiana for wastewater infrastructure improvements;
207. \$200,000 to the West Baton Rouge Parish, Louisiana for wastewater infrastructure improvements;
208. \$250,000 to the City of Shreveport, Louisiana for the Municipal Water Distribution System—Backflow Prevention;
209. \$200,000 to the City of Shreveport, Louisiana for watershed protection;
210. \$500,000 for the South Central Planning & Development Commission for water and wastewater infrastructure improvements in New Iberia, St. Charles, Morgan City, St. Bernard and St. James, Louisiana;
211. \$250,000 to the City of Slidell, Louisiana for storm water infrastructure improvements;
212. \$200,000 to the Town of Windham, Maine for wastewater infrastructure improvements;
213. \$500,000 to the City of Brewer, Maine for the sewer improvements project;
214. \$250,000 to the City of Salisbury, Maryland for wastewater infrastructure improvements;
215. \$250,000 to the City of Cambridge, Maryland for wastewater infrastructure improvements;
216. \$250,000 to the City of Elkton, Maryland for wastewater infrastructure improvements;
217. \$100,000 to Prince George's County, Maryland for the Livable Community Initiative in Brentwood, North Brentwood, Edmonston and Cottage City, Maryland;
218. \$250,000 for Prince George's County, Maryland for the Anacostia Trash Reduction Program and Removal of Floatable Trash for the Cities of Brentwood and Edmonston, Maryland;
219. \$500,000 to the YMCA Camp Letts in Edgewater, Maryland for water infrastructure improvements;
220. \$200,000 to the City of Boston, Massachusetts to continue efforts to address deteriorating groundwater levels in the Greater Boston area;
221. \$200,000 for the Towns of Braintree, Holbrook and Randolph in Massachusetts for water and wastewater infrastructure improvements;
222. \$950,000 to the Cities of Fall River and New Bedford, Massachusetts for combined sewer overflow projects;
223. \$200,000 to the City of Lawrence, Massachusetts for combined sewer overflow mitigation;

224. \$400,000 to the City of Leomister, Massachusetts for the Rockwell Village revitalization initiative for water infrastructure improvements;

225. \$250,000 for wastewater projects for communities in Essex County, Massachusetts

226. \$500,000 to the Pioneer Valley Planning Commission in West Springfield, Massachusetts for the Connecticut River combined sewer overflow;

227. \$900,000 to Wayne County, Michigan for the Rouge River National Wet Weather Demonstration Project;

228. \$500,000 to the City of Grand Rapids, Michigan for combined sewer overflows;

229. \$250,000 to the Genesee County Drain Commission for the Northeast Relief Sewer/Kearsley Creek Interceptor project in Genesee County, Michigan;

230. \$350,000 to the City of Detroit, Michigan for the Woodmere Sewage Pump Station Rehabilitation;

231. \$1,000,000 to the Oakland County Drain Commission for Evergreen-Farmington Sanitary Sewer Overflow control project in Farmington Hills, Michigan;

232. \$500,000 to the Oakland County Drain Commission for Footing Drain/Sewer Lead Excess Flow Prevention demonstration project in Waterford, Michigan;

233. \$200,000 for Oakland County, Michigan to identify and eliminate sewage contributions from older urban areas in the Clinton River;

234. \$200,000 to the City of Westland, Michigan for water infrastructure improvements;

235. \$650,000 for Macomb County and St. Clair County, Michigan to implement a comprehensive water quality monitoring program;

236. \$300,000 to Brighton Township, Michigan for a water-line construction;

237. \$300,000 for the Livingston County Drain Commission for drain construction in Livingston County, Michigan;

238. \$250,000 to L'Anse Township, Michigan for water and sewer infrastructure improvements;

239. \$250,000 to the City of Roseau, Minnesota for storm water infrastructure improvements;

240. \$600,000 to the City of Minneapolis, Minnesota for the combined sewer overflow;

241. \$200,000 to the Mississippi Band of Choctaw Indians for an Academic Wetlands and Wetlands Mitigation Project in Neshoba County, Mississippi;

242. \$300,000 for Lamar County, Mississippi for water and sewer infrastructure improvements;

243. \$500,000 to the City of Belmont, Mississippi for wastewater infrastructure improvements;

244. \$500,000 to the City of Pontotoc, Mississippi for wastewater infrastructure improvements;

245. \$350,000 to the City of Joplin, Missouri for the Crossroads Parallel Sewer Phase 4 upgrades;

246. \$200,000 to the City of St. Louis, Department of Public Utilities for the Columbia Bottoms Wellfield Development water project in St. Louis, Missouri;

247. \$250,000 to the Clarence Cannon Wholesale Water Commission for water infrastructure improvements in Monroe County, Missouri;

248. \$250,000 to the Duckett Creek Sanitary District in Missouri for wastewater infrastructure improvements;

249. \$150,000 for the Rosodyn Corporation in Butte, Montana for a waste recovery from municipal waste treatment plant;

250. \$300,000 to the City of Lincoln, Nebraska for water and wastewater infrastructure improvements;

251. \$550,000 to the City of Omaha, Nebraska for the Combined Sewerage Overflow Project;

252. \$400,000 to the City of Fallon, Nevada for wastewater infrastructure improvements;

253. \$400,000 to the City of Henderson, Nevada for wastewater infrastructure improvements;

254. \$150,000 to the City of Nashua, New Hampshire for wastewater infrastructure improvements;

255. \$200,000 to the New Hampshire Department of Environmental Services for sewer system expansion in Franklin, New Hampshire;

256. \$200,000 to the City of Somerworth, New Hampshire for wastewater infrastructure improvements;

257. \$1,000,000 to the Township of Parsippany, New Jersey for water infrastructure improvements;

258. \$250,000 to the City of Wildwood, New Jersey for storm sewer outflow reconstruction;

259. \$250,000 to the New Jersey Municipal Utilities Authority for the Peninsula at Bayonne Harbor Water Infrastructure Improvement Project in Bayonne, New Jersey;

260. \$400,000 for the Passaic Valley Sewerage Commission in New Jersey for the Combined Sewage Overflow Program;

261. \$100,000 for the Bergen County Utilities Authority for wastewater infrastructure improvements in Englewood, New Jersey;

262. \$300,000 for the New Jersey Meadowlands Commission for the Hackensack Meadowlands Ecosystem Restoration;

263. \$100,000 to the City of Lordsburg, New Mexico for water infrastructure improvements;

264. \$100,000 to the City of Bayard, New Mexico for the Ft. Bayard Effluent Reuse System;

265. \$150,000 to the City of Ruidoso Downs, New Mexico for wastewater infrastructure improvements;

266. \$150,000 to the City of Elephant Butte, New Mexico for wastewater infrastructure improvements;

267. \$150,000 to the City of Los Lunas, New Mexico to build a sewer interceptor line;

268. \$150,000 to the City of Espanola, New Mexico for wastewater infrastructure improvements;

269. \$200,000 to the City of Tijeras, New Mexico for water infrastructure improvements;

270. \$200,000 for Bernalillo County, New Mexico for the South and North water and wastewater infrastructure improvements;
271. \$200,000 to the City of Brookhaven, New York for storm water infrastructure improvements;
272. \$100,000 to the Chenango County Agricultural Society of Chenango County, New York for upgrades to the water and septic systems at the Chenango County Fair Grounds and for a study;
273. \$125,000 to the Town of Schulyer, New York for water system improvements;
274. \$200,000 to the Village of Bridgewater, New York for water infrastructure improvements;
275. \$200,000 to the Towns of Springport and Fleming, New York for water and wastewater infrastructure improvements;
276. \$300,000 to Rockland County, New York for the Western Ramapo sewer extension and water reuse project;
277. \$250,000 to the Village of Deposit, New York for wastewater infrastructure improvements;
278. \$250,000 to the Town of Blooming Grove, New York for wastewater infrastructure improvements;
279. \$300,000 to the Village of Sea Cliff, New York for the Sanitary Sewer System Infrastructure Development and Management project;
280. \$110,000 for the Village of Mamaroneck, New York for sewer system improvements;
281. \$150,000 to the Town of New Castle, New York for the Phase II Storm Water Compliance Program;
282. \$250,000 to the City of Oswego, New York for sewer overflow system improvements;
283. \$275,000 for the Warnerville Water District in Warnerville, New York for a water and sewer project;
284. \$250,000 to the Town of Cheektowaga, New York for the Plant No. 3 overflow retention facility;
285. \$650,000 to the Erie Water Authority for water infrastructure improvements for the Town of Newstead and Village of Williamsville, New York;
286. \$200,000 to the Town/Village of East Rochester, New York for sewer infrastructure improvements;
287. \$1,000,000 for Dutchess County Water and Wastewater Authority in Hyde Park, New York for wastewater infrastructure improvements;
288. \$12,000,000 for continued clean water improvements for Onondaga Lake, New York;
289. \$4,000,000 to Monroe County Water Authority in New York State for the Eastside Water Treatment Project;
290. \$900,000 to Wayne County, New York for construction of a waterline along North Geneva Road;
291. \$600,000 to the Wayne County Water and Sewer Authority for water infrastructure improvements in the Town of Huron, New York;
292. \$4,000,000 for drinking water infrastructure needs in the New York City Watershed;

293. \$4,000,000 for water quality infrastructure improvements for Long Island Sound, New York;
294. \$1,000,000 for water quality infrastructure improvements for the Jamesville, New York sewer project;
295. \$350,000 to the Town of Elbridge, New York for the construction of a waterline;
296. \$500,000 to the County of Onondaga, Department of Community Development in New York for water and wastewater infrastructure improvements;
297. \$500,000 to Cayuga County in Victory, New York for water infrastructure improvements;
298. \$250,000 to the Town of Landis, North Carolina for water and wastewater infrastructure improvements;
299. \$200,000 to Harnett County, North Carolina to install pump stations and a forcemain as part of a central wastewater treatment rehabilitation project;
300. \$200,000 to the Towns of Biscoe, Star, and Troy, North Carolina for the Montgomery County, North Carolina Sewer Project;
301. \$200,000 to the Towns of Hamlet-Rockingham, North Carolina for wastewater infrastructure improvements;
302. \$200,000 to the Town of Farmville, North Carolina for wastewater infrastructure improvements;
303. \$150,000 to the Cities of East Arcadia, Bolton and Sandyfield, North Carolina for a regional water system;
304. \$200,000 to the Town of Wendell, North Carolina for the Buffalo Creek Interceptor project;
305. \$250,000 to the City of Charlotte, North Carolina for the wastewater plant expansion;
306. \$200,000 to the Town of Apex, North Carolina for wastewater infrastructure improvements;
307. \$1,500,000 to Wake County, North Carolina for water infrastructure improvements in cooperation with the Town of Cary, North Carolina and Durham County, North Carolina;
308. \$500,000 to Orange County, North Carolina for water and wastewater infrastructure improvements;
309. \$650,000 to the Orange Water and Sewer Authority (OWASA) in North Carolina for a water reuse project;
310. \$200,000 to the Town of Hillsborough, North Carolina for water and wastewater infrastructure improvements;
311. \$880,000 for the Eastern Band of Cherokee Indians for water infrastructure improvements in Cherokee, North Carolina;
312. \$1,000,000 for McDowell County, North Carolina for water infrastructure improvements;
313. \$100,000 to the Town of East Spencer, North Carolina for water and sewer rehabilitation project;
314. \$150,000 to the City of Devils Lake, North Dakota for the Devils Lake water line;
315. \$150,000 to the City of Lorain, Ohio for wastewater infrastructure improvements;
316. \$150,000 to Butler County, Ohio for the Butler County Waterline;

317. \$300,000 to the Village of North Baltimore, Ohio for the Water Street Combined Sewer Separation Project;
318. \$300,000 to the Village of Hicksville, Ohio for the Hicksville Wastewater Treatment Plant Project;
319. \$300,000 to the City of Defiance, Ohio for the Sewer Separation Project;
320. \$750,000 to the City of Circleville, Ohio for sewer infrastructure improvements;
321. \$1,000,000 to the Burr Oak Regional Water District for water infrastructure improvements in Perry County, Ohio;
322. \$550,000 to Greene County, Ohio for water and wastewater infrastructure improvements;
323. \$50,000 to the Logan Elm School District for water infrastructure improvements in Circleville, Ohio;
324. \$220,000 to the Lancaster Campus of Ohio University for water infrastructure improvements in Lancaster, Ohio;
325. \$155,000 to Fairfield County, Ohio for water and wastewater infrastructure improvements;
326. \$350,000 to the Northeast Ohio Regional Sewer District for the Easterly/Doan Brook Watershed Pollution Abatement Project;
327. \$1,000,000 to the City of Toledo, Ohio for wet weather flow and wastewater infrastructure improvements;
328. \$1,000,000 to Ottawa County, Ohio for water infrastructure improvements;
329. \$1,000,000 to the City of Sandusky, Ohio for wastewater infrastructure improvements;
330. \$350,000 to Ashtabula County, Ohio for the Rock Creek Village Waterline Extension;
331. \$50,000 to Jackson County, Ohio for water infrastructure improvements;
332. \$550,000 to Guernsey County, Ohio for a water line extension;
333. \$500,000 for the St. Mary's Municipal Government for wastewater infrastructure improvements in St. Mary's, Ohio;
334. \$625,000 for Urbana University in Urbana, Ohio for storm drainage and water and sewer line construction;
335. \$500,000 for the Delphos Municipal Government for the Tri-County regional water system in Delphos, Ohio;
336. \$550,000 to the Metropolitan Sewer District of Greater Cincinnati for the sanitary sewer overflow demonstration project in Cincinnati, Ohio;
337. \$500,000 to the City of Wooster, Ohio for storm water infrastructure improvements along Beall Ave;
338. \$500,000 to the Village of Hayesville, Ohio for water and wastewater infrastructure improvements;
339. \$500,000 to the City of Canton, Ohio for water infrastructure improvements;
340. \$150,000 for the Trumbull County Sanitary Engineer for installation of the Maplewood Park sewer system in Hubbard Township, Ohio;
341. \$250,000 for Columbiana County, Ohio for water infrastructure improvements to the Buckeye Water District;

342. \$100,000 to the City of Marlow, Oklahoma for water and wastewater infrastructure improvements;
343. \$200,000 to the City of Sulpher, Oklahoma for wastewater infrastructure improvements;
344. \$1,000,000 to the City of Seminole, Oklahoma for water infrastructure improvements;
345. \$80,000 to the City of Meeker, Oklahoma to refurbish the water tower;
346. \$100,000 to Skiatook, Oklahoma for water and sewer infrastructure improvements;
347. \$150,000 to the City of Portland, Oregon for water and wastewater infrastructure improvements;
348. \$150,000 to the City of Sweet Home, Oregon for wastewater infrastructure improvements;
349. \$150,000 to the City of Salem, Oregon for the Peak Excess Flow Treatment Facility for Sanitary Sewer Overflows;
350. \$200,000 to the City of Klamath Falls, Oregon for wastewater infrastructure improvements;
351. \$150,000 to the City of Rainier, Oregon for wastewater infrastructure improvements;
352. \$1,000,000 to Allegheny County, Pennsylvania for the 3 Rivers Wet Weather Demonstration Project;
353. \$100,000 to the City of Sharon, Pennsylvania for the Budd Street sewer line replacement;
354. \$500,000 to the City of Philadelphia to continue the planning, design, and construction of innovative storm-water management solutions in Philadelphia, Pennsylvania;
355. \$500,000 to Cheltenham Township, Pennsylvania to continue the planning, design, and construction of innovative storm-water management solutions;
356. \$250,000 to Beaver Falls Municipal Authority for wastewater infrastructure improvements to the Big Beaver Treatment Facility in Big Beaver, Pennsylvania;
357. \$250,000 to the City of Harrisburg, Pennsylvania for the Harrisburg Advanced Wastewater Treatment Facility;
358. \$350,000 to the Wyoming Valley Sanitary Authority in Wyoming Valley, Pennsylvania for the Wyoming Valley Combined Sewer Overflow Project;
359. \$200,000 to Ligonier Township, Pennsylvania for the Ligonier Township sewage project;
360. \$250,000 for the South Hills Area Council of Governments for the South Hills Area Storm Sewer Project in Allegheny County, Pennsylvania;
361. \$250,000 for the Clarion Area Authority for the Fifth Avenue sewer line replacement project in Clarion, Pennsylvania;
362. \$500,000 to the Nelson Township Authority for water infrastructure improvements in Nelson, Pennsylvania;
363. \$250,000 to the City of Lancaster, Pennsylvania for the water treatment membrane project;
364. \$200,000 for York City Sewer Authority for the Clean Water Demonstration Project in York, Pennsylvania;

365. \$500,000 for the Kulpmont-Marion Heights Joint Municipal Authority in Kulpmont, Pennsylvania for sewer infrastructure improvements;

366. \$4,000,000 for a grant to Puerto Rico for drinking water infrastructure improvements to the Metropolitano community water system in San Juan;

367. \$200,000 to the Town of North Smithfield, Rhode Island for water and wastewater infrastructure improvements;

368. \$200,000 to the City of Newport, Rhode Island for water and wastewater infrastructure improvements;

369. \$200,000 to the Narragansett Bay Commission in Providence, Rhode Island for combined sewer overflow control and wastewater improvement project;

370. \$250,000 to the City of Lake Greenwood, South Carolina for water and wastewater infrastructure improvements;

371. \$150,000 to Mount Pleasant Waterworks for the Mount Pleasant Waterworks Rural Roads Gravity Wastewater Extension Project in Mount Pleasant, South Carolina;

372. \$500,000 to the Myrtle Beach Downtown Redevelopment Corporation for a new storm water drainage system in Myrtle Beach, South Carolina;

373. \$750,000 to the Towns of Olar and Govan, South Carolina for water infrastructure improvements;

374. \$300,000 to the City of Wellford, South Carolina for sewer/wastewater infrastructure improvements;

375. \$400,000 for the Chester County Sewer District for wastewater infrastructure improvements in Lando, South Carolina;

376. \$200,000 to the Town of Ridgeland, South Carolina for the Wagon Branch Water Project;

377. \$125,000 to the City of Franklin, Tennessee for water system improvements to the Watson Branch Watershed;

378. \$150,000 to the City of Pikeville, Tennessee for the Pikeville/Bledsoe County Water Improvements Project;

379. \$125,000 to the Hampton Utility District in Little Milligan/Fish Springs Community, Carter County, Tennessee for water infrastructure improvements;

380. \$125,000 to the City of Tusculum, Tennessee for first construction phase of a wastewater treatment plant;

381. \$50,000 to the City of Bean Station, Tennessee for wastewater infrastructure improvements;

382. \$100,000 for Roane County, Tennessee for water infrastructure improvements;

383. \$200,000 to the Spring City, Tennessee for water and sewer line replacement;

384. \$250,000 for Anderson County, Tennessee for water infrastructure improvements;

385. \$400,000 to the City of Dayton, Tennessee for flocculation and settling basins;

386. \$150,000 for the City of Houston, Texas for water infrastructure improvements;

387. \$250,000 to the City of Liberty Hill, Texas for the Liberty Hill Central City Sewer System Project;

388. \$75,000 to the Brazos River Authority for the Brazos/Navasota Watershed Management Project in Fort Bend County, Texas;

389. \$100,000 for the Brazos River Authority for the West Fort Bend County Regional Water Treatment Facility in Fort Bend County, Texas;

390. \$500,000 for the Fort Bend County, Texas for water infrastructure improvements;

391. \$350,000 to Bosque County, Texas for water infrastructure improvements;

392. \$250,000 to the City of Weatherford, Texas for water infrastructure improvements;

393. \$250,000 to the City of Pharr, Texas for wastewater infrastructure improvements;

394. \$150,000 to the City of Alvin, Texas for water infrastructure improvements;

395. \$250,000 for the El Paso Water Utilities for water infrastructure expansion in El Paso, Texas;

396. \$150,000 to the San Antonio Water System for the Espada Road Sewer Project in San Antonio, Texas;

397. \$500,000 to the City of Austin, Texas for the non-structural sanitary sewer overflow prevention project;

398. \$150,000 to Logan City, Utah for water and wastewater infrastructure improvements for Phase I and II of the Northwest Park Project;

399. \$250,000 to Smyth County, Virginia for wastewater infrastructure improvements;

400. \$300,000 to Hanover County, Virginia for wastewater infrastructure improvements;

401. \$150,000 to Fauquier County, Virginia for a sewage treatment plant in the Catlett/Calverton area;

402. \$750,000 to Dale Service Corporation in Dale City, Virginia for wastewater infrastructure improvements;

403. \$100,000 to the Isle of Wight County, Virginia for water infrastructure improvements;

404. \$500,000 to the Town of Halifax, Virginia for water infrastructure improvements;

405. \$1,000,000 to Franklin County, Virginia for water infrastructure improvements;

406. \$500,000 to Fluvanna County, Virginia for water infrastructure improvements;

407. \$1,000,000 to the Town of Brookneal, Virginia for water infrastructure improvements;

408. \$218,000 to Nelson County, Virginia for water and wastewater infrastructure improvements;

409. \$682,000 to Pittsylvania County, Virginia for water infrastructure improvements;

410. \$200,000 to the Eastern Shore of Virginia Public Service Authority in Northhampton County, Virginia for wastewater infrastructure improvements;

411. \$250,000 to the Government of the Virgin Islands for wastewater infrastructure system improvements in St. Croix, Virgin Islands;

412. \$1,000,000 to the City of Alexandria, Virginia and Arlington County for water infrastructure improvements in the Four Mile Run watershed;

413. \$150,000 to the City of Chehalis, Washington for water infrastructure improvements;

414. \$1,000,000 to the City of Tacoma, Washington for an integrated storm water system for Salishan housing development;

415. \$200,000 to the City of Carson, Washington for water infrastructure improvements;

416. \$200,000 to the City of Oak Harbor, Washington for water infrastructure improvements;

417. \$150,000 to the Town of Uniontown, Washington for wastewater infrastructure improvements;

418. \$250,000 to the Town of Ione, Washington for water infrastructure improvements;

419. \$150,000 to the City of Lakewood, Washington for the American Lake Gardens Industrial Sewer Extension;

420. \$150,000 to the City of Sun Prairie, Wisconsin for wastewater infrastructure improvements;

421. \$1,850,000 to the City of Antigo, Wisconsin for water and wastewater infrastructure improvements;

422. \$862,000 to the City of Vesper, Wisconsin for water and wastewater infrastructure improvements;

423. \$1,500,000 to the City of Boyd, Wisconsin for water and wastewater infrastructure improvements;

424. \$100,000 to the Town of Scott, Wisconsin for wastewater infrastructure improvements;

425. \$200,000 to the City of Racine, Wisconsin for water infrastructure improvements;

426. \$500,000 to the City of Waukesha, Wisconsin for systems planning and water infrastructure improvements;

427. \$200,000 to the Kanawha County Commission in Kanawha County, West Virginia for the Upper Fishers Branch/Guthrie Water Project;

428. \$200,000 to the Braxton County Development Authority for the Curry Ridge Water Line Extension in Curry Ridge, West Virginia;

429. \$1,000,000 to the Marshall County Public Service District #4 in West Virginia for water and wastewater infrastructure improvements;

430. \$100,000 to the Jane Lew Public Service District in Harrison County, West Virginia for water and wastewater infrastructure improvements;

431. \$1,500,000 to the Pleasants County Public Service District in West Virginia for water and wastewater infrastructure improvements;

432. \$480,000 to the Grant County Commission in West Virginia to extend water service to the Deep Spring area;

433. \$900,000 to the City of Shinnston in West Virginia for water and wastewater infrastructure improvements;

434. \$750,000 to the Town of Pine Grove in West Virginia for water and wastewater infrastructure improvements;

435. \$1,000,000 to City of Fairmont Sanitary Sewer Board in West Virginia for water and wastewater infrastructure improvements;
436. \$2,374,000 to the City of Petersburg in West Virginia for water and wastewater infrastructure improvements;
437. \$101,000 to the River Road Public Service District in West Virginia to extend water service on National Church Hollow Road;
438. \$935,000 to the Taylor County Public Service District in West Virginia for water and wastewater infrastructure improvements;
439. \$833,000 to the Taylor County Commission in West Virginia for water and wastewater infrastructure improvements;
440. \$1,000,000 to the City of Cameron in West Virginia for water and wastewater infrastructure improvements;
441. \$55,000 to the Hammond Public Service District in West Virginia for the Lazear's Lane water project;
442. \$1,840,000 to the Canaan Valley Institute to work in conjunction with the Highlands Action Program for an innovative wastewater demonstration program in Canaan Valley in Tucker County, West Virginia;
443. \$350,000 to the City of Cheyenne, Wyoming for wastewater infrastructure improvements;
444. \$800,000 to the Coosa Valley Water Supply District for development of a surface water supply in St. Clair County, Alabama;
445. \$750,000 to the Utilities Board of the City of Helena for water and sewer upgrades and construction in Helena, Alabama;
446. \$600,000 to the Cleburne County Commission in Heflin, Alabama for county water expansion in Cleburne, County, Alabama;
447. \$600,000 to the Randolph County Commission in Wedowee, Alabama for county water expansion in Randolph County, Alabama;
448. \$450,000 to the Blount County Water Authority in Oneonta, Alabama for development of a county water supply line;
449. \$750,000 to the City of Fort Payne for water and sewer improvements in Fort Payne, Alabama;
450. \$250,000 to the West Morgan/East Lawrence Water and Sewer Authority in Decatur, Alabama for water and sewer improvements;
451. \$300,000 to the Lamar County Commission in Vernon, Alabama for the Lamar County Water Supply Project;
452. \$1,000,000 to Girdwood, Inc. for water and sewer expansion in Girdwood, Alaska;
453. \$1,300,000 to the Municipality of Anchorage, Alaska for Sand Lake Water Extension;
454. \$300,000 for Matanuska-Susitna Borough, Alaska for water wells for Gorsuch Lake;
455. \$1,100,000 for the City of Wasilla, Alaska for sewer expansion;

456. \$750,000 for the City of Valdez, Alaska to replace septic systems with sewers and wells with city water;
457. \$400,000 for the City of Ketchikan, Alaska for Mountain Point Sewer System;
458. \$250,000 for the City of Skagway, Alaska for water system upgrades;
459. \$425,000 for the City of Wrangell, Alaska for water and sewer upgrades;
460. \$800,000 for the City of Nome, Alaska for water and sewer upgrades for Old Federal Building;
461. \$600,000 for the City of Seldovia, Alaska for water and sewer upgrades;
462. \$600,000 for the Fort Chafee Redevelopment Authority in Barling/Fort Smith, Arkansas for water infrastructure improvements;
463. \$250,000 for City of Fayetteville, Arkansas for wastewater infrastructure improvements;
464. \$300,000 for the Santa Clara Valley Water District, California for perchlorate groundwater clean-up;
465. \$300,000 for the Inland Empire Perchlorate Task Force in California for the Wellhead Treatment of Perchlorate Contaminated Wells;
466. \$400,000 for the City of Santa Ana, California for East and West Reservoir Upgrades;
467. \$500,000 for the City of San Jose, California for North San Pedro water and sewer infrastructure improvements;
468. \$500,000 for the City of Eureka, California for the Martin Slough Interceptor Project;
469. \$200,000 for the Metropolitan Water District of Southern California for the City of Ontario Final Design for Wellhead Treatment for Perchlorate and Nitrate;
470. \$400,000 for the City of Laguna Beach, California for wastewater infrastructure improvements;
471. \$300,000 for the City of Trinidad, Colorado for the Trinidad Wastewater Improvement Project;
472. \$250,000 for the Town of Bayfield, Colorado for the construction of a water storage tank;
473. \$250,000 for the Mancos Water Conservancy District, Mancos, Colorado for water supply facility renovation;
474. \$250,000 for the Town of Idaho Springs, Colorado for water distribution facility renovation;
475. \$250,000 for the Town of Eldorado Springs, Colorado for improving wastewater treatment;
476. \$950,000 for Ouray, Colorado for water infrastructure improvements;
477. \$250,000 for Jefferson County, Colorado for stormwater collection system improvements;
478. \$300,000 for the City of Bristol, Connecticut for water infrastructure improvements;
479. \$300,000 for the Town of East Hampton, Connecticut for drinking water infrastructure improvements;
480. \$250,000 for Stamford, Connecticut for a waste-to-energy project;

481. \$250,000 for the City of Wilmington, Delaware for wastewater infrastructure improvements;
482. \$250,000 for the Town of Ocean View, Delaware for wastewater infrastructure improvements;
483. \$300,000 for Key West, Florida for stormwater infrastructure improvements;
484. \$300,000 for the South Florida Water Management District Lake Region Water Treatment Plant for water infrastructure improvements;
485. \$250,000 for the Southwest Florida Water Management District in Tampa, Florida for the Tampa Bay Regional Reclaimed Water project;
486. \$250,000 to City of Atlanta, Georgia for the west area combined sewer project;
487. \$250,000 to City of Eatonton, Georgia for wastewater infrastructure improvements;
488. \$250,000 to City of Forsyth, Georgia for wastewater infrastructure improvements;
489. \$250,000 for the State of Hawaii for upgrade and expansion of the Sand Island Wastewater Treatment Plant;
490. \$1,000,000 for wastewater infrastructure improvements in Hawaii, to be distributed: \$500,000 to the County of Hawaii and \$500,000 to the Housing and Community Development Corporation of Hawaii;
491. \$2,000,000 for the City of Burley, Idaho, to continue work on a Wastewater Treatment System Project;
492. \$1,000,000 for the City of Pocatello, Idaho, for Day Street Division Water System Improvements;
493. \$500,000 for the City of Effingham, Illinois for drinking water infrastructure improvements;
494. \$500,000 for the City of Monmouth, Illinois for wastewater infrastructure improvements;
495. \$500,000 for the Village of Olympia Fields, Illinois for wastewater infrastructure improvements;
496. \$500,000 for the Village of Franklin Park, Illinois for water and wastewater infrastructure improvements;
497. \$1,000,000 for the City of Marion, Indiana for the Marion Water Loop and Deer Creek Project;
498. \$100,000 for the City of Southport, Southport/Marion County, Indiana for downtown infrastructure and drainage improvements;
499. \$500,000 for the City of Fort Madison, Iowa for the Water Treatment Plant Improvements;
500. \$500,000 for the City of West Burlington for the Iowa Army Ammunition Plant Improvements;
501. \$1,500,000 for the City of Ottumwa, Iowa for the separation of combined sewers;
502. \$500,000 for the City of Davenport, Iowa for water infrastructure improvements;
503. \$1,000,000 for the City of Abilene, Kansas for construction of a wastewater treatment plant;
504. \$1,500,000 for the City of Hutchinson, Kansas for groundwater remediation and treatment projects;

505. \$2,000,000 for the City of Bowling Green, Kentucky, for the South Central Kentucky Water Infrastructure Project;
506. \$750,000 for the Hardin County Water District No. 2 in Hardin County, Kentucky for a Water Quality Assurance Plan and System Improvements Projects;
507. \$500,000 for the City of Elkton, Kentucky, for the City of Elkton Sewer Plant Expansion and Sewer Line Extension Project;
508. \$250,000 for Breckinridge County, Kentucky for water infrastructure improvements;
509. \$250,000 for Bullitt County, Kentucky for wastewater infrastructure improvements;
510. \$250,000 for Calloway County, Kentucky for the City of Hazel Wastewater System;
511. \$250,000 for Cadiz-Trigg County, Kentucky for water infrastructure improvements;
512. \$250,000 for Marshall County, Kentucky for drinking water infrastructure improvements;
513. \$600,000 for Rapides Parish, Louisiana for wastewater infrastructure improvements;
514. \$400,000 for St. Charles Parish, Louisiana for wastewater infrastructure improvements;
515. \$400,000 for Jefferson Parish, Louisiana for water and wastewater infrastructure improvements;
516. \$400,000 for the City of Bastrop, Louisiana for wastewater infrastructure improvements;
517. \$400,000 for the City of Hammond, Louisiana for wastewater infrastructure improvements;
518. \$400,000 for the City of Grand Isle, Louisiana for drinking water infrastructure improvements;
519. \$450,000 for the Greater Limestone Wastewater Treatment Facilities in Maine to consolidate and replace antiquated wastewater collection and treatment facilities at the Loring Development Authority [LDA] and Caribou Utilities District [CUD];
520. \$250,000 for the Indian Township Tribal Government in Maine for the first phase for expansion of current lagoon system to provide adequate capacity;
521. \$300,000 for the Town of Machias, Maine for replacement of sewers and completion of deficiencies at existing aging wastewater treatment plant;
522. \$250,000 for Chesapeake Beach, Maryland, for wastewater infrastructure improvements;
523. \$250,000 for Indian Head, Maryland, for wastewater infrastructure improvements;
524. \$500,000 for Elkton, Maryland, for wastewater infrastructure improvements;
525. \$250,000 for Hurlock, Maryland, for wastewater infrastructure improvements;
526. \$750,000 for Kent Island, Maryland, for wastewater infrastructure improvements;
527. \$250,000 for Easton, Maryland, for wastewater infrastructure improvements;

528. \$750,000 for Cumberland, Maryland, for wastewater infrastructure improvements;
529. \$500,000 for Frostburg, Maryland, for wastewater infrastructure improvements;
530. \$250,000 for Brunswick, Maryland, for wastewater infrastructure improvements;
531. \$250,000 for Bristol County, Massachusetts for the Bristol County Combined Sewer Overflow Abatement Project;
532. \$250,000 for the Pioneer Valley Planning Commission in Massachusetts for combined sewer overflow abatement in the Connecticut River;
533. \$1,000,000 for the City of Benton Harbor, Michigan for water infrastructure improvements;
534. \$500,000 for Seney Township, Michigan for sewer infrastructure improvements;
535. \$500,000 for the City of Saginaw, Michigan for sewer infrastructure improvements;
536. \$1,000,000 for the Macomb County Department of Public Works, Michigan for sewer infrastructure improvements;
537. \$150,000 to Minnesota State University in Moorhead for water infrastructure improvements;
538. \$300,000 to the City of Duluth, Minnesota for wastewater infrastructure improvements;
539. \$300,000 to the City of Minneapolis, Minnesota for combined sewer overflow improvements;
540. \$250,000 for the City of Duluth and Western Lake Superior Sanitary District in Duluth, Minnesota for wastewater infrastructure improvements;
541. \$500,000 for Tchula, Mississippi for water and sewer infrastructure improvements;
542. \$500,000 for the City of Brookhaven, Mississippi for wastewater infrastructure improvements;
543. \$500,000 to the City of Sherman, Mississippi for water and sewer infrastructure improvements;
544. \$1,300,000 to the City of Oxford, Mississippi for water and sewer infrastructure improvements;
545. \$750,000 to City of Forest, Mississippi for water and sewer infrastructure improvements;
546. \$250,000 to the Town of French Camp, Mississippi for water and sewer infrastructure improvements;
547. \$1,500,000 to Kansas City, Missouri for water and wastewater infrastructure;
548. \$687,500 to the City of Joplin, Missouri for the final phase of the Crossroads Parallel Sewer project;
549. \$1,312,500 to the City of Milan, Missouri for the Milan Water Quality Treatment Project;
550. \$1,000,000 to the Clarence Cannon Wholesale Water Commission to expand the existing water treatment capacity from 5 million gallons to 7.5 million gallons per day and to include connecting the Macon County PWSD #1 and the City of Wellsville, Missouri to the CCWWC transmission system;

551. \$1,000,000 to the Environmental Resources Coalition in Missouri to mitigate point source pollution issues in distressed communities that border Table Rock Lake;

552. \$1,000,000 to the City of Springfield, Missouri for wastewater treatment plant improvements including the design and construction of infrastructure for removal of nitrogen from the treated wastewater effluent and improved anaerobic digester facilities that treat solids from the wastewater;

553. \$1,000,000 for the City of Bozeman, Montana, for water infrastructure improvements;

554. \$1,000,000 for the Missouri River Water Project, Helena, Montana for a water treatment project;

555. \$500,000 for the City of Glasgow, Montana for water infrastructure improvements;

556. \$750,000 for the Seeley Lake Sewer District, Montana for wastewater infrastructure improvements;

557. \$900,000 for the City of Omaha, Nebraska for the construction of combined sewer separation systems;

558. \$350,000 for the City of Lincoln, Nebraska to upgrade the Theresa Street and Northeast Wastewater Treatment plants;

559. \$400,000 for Las Vegas Valley Water District/Searchlight, Nevada for water infrastructure improvements;

560. \$400,000 for Clark County Reclamation District/Searchlight, Nevada for wastewater infrastructure improvements;

561. \$250,000 for the City of Reno, Nevada for sewer infrastructure improvements;

562. \$300,000 for the Spanish Springs Nitrate Removal Project in Nevada;

563. \$200,000 for the North Valley Lemmon Artificial Recharge Project in North Lemmon Valley, Nevada for water infrastructure improvements;

564. \$250,000 for the Virgin Valley Water District, Nevada for water infrastructure improvements;

565. \$200,000 for Carson City, Nevada for reservoir lining;

566. \$600,000 for the Berlin Waterworks in Berlin, New Hampshire for drinking water distribution system improvements;

567. \$400,000 for the Nashua Combined Sewer Overflow project in Nashua, New Hampshire for CSO treatment and abatement;

568. \$400,000 for the New Hampshire Department of Environmental Services to develop a septage treatment facility based at the wastewater treatment facility in Franklin, New Hampshire;

569. \$200,000 for Troy, New Hampshire for a wastewater and water improvement program;

570. \$400,000 for the Manchester Combined Sewer Overflow project in Manchester, New Hampshire;

571. \$200,000 for the Rochester, New Hampshire Route 108 sewer line extension;

572. \$150,000 for Somersworth, New Hampshire for the sewerage improvement program to provide upgrades to the wastewater treatment plant;
573. \$200,000 for Bristol, New Hampshire for wastewater system improvements;
574. \$150,000 for Milton, New Hampshire for a water storage tank replacement project;
575. \$600,000 for Town of Exeter, New Hampshire for water treatment plant replacement;
576. \$500,000 for the Township of Parsippany-Troy Hills in New Jersey for water infrastructure improvements;
577. \$1,250,000 for the City of Bayonne, New Jersey for water and wastewater infrastructure improvements;
578. \$1,600,000 for the City of Albuquerque and County of Bernalillo, New Mexico, for the Valley Utilities Project;
579. \$1,000,000 for the City of Espanola, New Mexico, for water and wastewater treatment infrastructure;
580. \$900,000 for the City of Kirtland, New Mexico, for Phase 1 of a sewer system project;
581. \$500,000 for the Village of Los Lunas, New Mexico, for the interceptor sewer line project;
582. \$250,000 for the City of Clovis, New Mexico for wastewater infrastructure improvements;
583. \$400,000 for the Town of Babylon, New York for the Oak Beach Park Stormwater Management Project;
584. \$300,000 for Orange County Water Authority, Goshen, New York for wastewater infrastructure improvements;
585. \$300,000 for the Town of Plattsburg, New York for wastewater infrastructure improvements;
586. \$500,000 for Washington County, North Carolina sewer improvements;
587. \$600,000 for the City of Mooresville, North Carolina for water infrastructure improvements;
588. \$1,000,000 for the City of Grafton, North Dakota for the Grafton Water Treatment Plant;
589. \$500,000 for the City of Devils Lake, North Dakota for water infrastructure improvements;
590. \$250,000 for the City of Riverdale, North Dakota for the Riverdale Regional Water Treatment Facility;
591. \$250,000 for Dickey Rural Water Users Association in Southeast, North Dakota for the Southeast Regional Expansion Project;
592. \$250,000 for the City of Mandan, North Dakota for drinking water infrastructure improvements;
593. \$300,000 for the Muskingum Watershed Conservancy District, Carroll County, Ohio for the Atwood Conference Center Water Treatment Plant Improvements;
594. \$500,000 for the Village of Racine, Meigs County, Ohio for water treatment plant improvements;
595. \$750,000 for the City of Celina, Ohio for the Water Treatment Plant Project;
596. \$400,000 for City of Akron, Ohio for Combined Sewer Overflow Improvements Project;

597. \$300,000 for City of Parma, Ohio for City Sewer Replacement Project;

598. \$200,000 for Defiance County Commissioners, Defiance and Paulding Counties, Ohio for Auglaize River Sewer Project;

599. \$175,000 for Jefferson County Water and Sewer District, Jefferson County, Ohio for Crestview/Belvedere Sewer Project;

600. \$175,000 for Tri-County Rural Water and Sewer District, Washington, Morgan and Noble Counties, Ohio for Tri-County/Noble County Water Interconnect Project;

601. \$100,000 for City of Delphos, Allen, Putnam and Van Wert Counties, Ohio for Tri-County Regional Water System Project;

602. \$100,000 for Village of Corning, Ohio for Wastewater System Improvements Project;

603. \$250,000 for City of Warrenton, Oregon for continued work on the municipal water outfall;

604. \$250,000 for City of Rainier, Oregon for a wastewater treatment plant;

605. \$250,000 for City of Coquille, Oregon for a wastewater treatment plant;

606. \$250,000 for Klamath Falls, Oregon for preliminary work on wastewater treatment improvements;

607. \$300,000 for the City of Coburg, Oregon for wastewater infrastructure improvements;

608. \$300,000 for the City of Rainier, Oregon for wastewater infrastructure improvements;

609. \$200,000 for the Municipality of Penn Hills, Pennsylvania, for the Madison Avenue Storm Sewer Project;

610. \$200,000 for the Nesquehoning Borough Authority, Carbon County, Pennsylvania, for a water main replacement;

611. \$200,000 for the Mercer County Regional Council of Governments, Pennsylvania, for the Shenango Valley Sewer/Water Improvement Project;

612. \$200,000 for the Berwick Industrial Development Association, Berwick, Pennsylvania, for the sanitary storm water system;

613. \$200,000 for the City of Johnstown, Pennsylvania for water and sewer improvements at the Point Stadium multi-use facility;

614. \$1,500,000 for the Three Rivers Wet Weather Demonstration program in Allegheny County, Pennsylvania to develop innovative, cost-effective solutions to assist municipalities to eliminate sewer overflows;

615. \$250,000 for the Derry Township Municipal Authority in Hershey, Pennsylvania for wastewater treatment plant upgrades;

616. \$250,000 for the Mercer County Sanitary Sewer and Water Treatment project in the City of Hermitage, City of Sharon, and Borough of Sharpsville, Pennsylvania;

617. \$250,000 for the City of Lancaster, Pennsylvania for water infrastructure improvements;

618. \$250,000 for the Newport Borough Sewer Authority in Newport, Pennsylvania for storm and sewer water separation;
619. \$250,000 for the York City Sewer Authority in York, Pennsylvania for wastewater collection system improvements;
620. \$250,000 for Pocono Township in Tannersville, Pennsylvania for the Route 611 Corridor sewer line construction;
621. \$250,000 to the Shannock Water District, Rhode Island for water infrastructure improvements;
622. \$250,000 to the Lincoln Water Commission, Rhode Island for water infrastructure improvements;
623. \$250,000 to the Pawtucket Water Supply Board, Rhode Island for water infrastructure improvements;
624. \$250,000 to the Town of North Kingstown, Rhode Island for water infrastructure improvements;
625. \$1,000,000 for the Narragansett Bay Commission, Rhode Island for combined sewer overflow infrastructure improvements;
626. \$500,000 for the City of Newport, Rhode Island for water infrastructure improvements;
627. \$500,000 for the Town of Warren, Rhode Island for sewer infrastructure improvements;
628. \$250,000 for Charleston CPW, Charleston, South Carolina for a Wastewater Tunnel Replacement Project;
629. \$250,000 for Kershaw County, Kershaw, South Carolina for the I-20 Corridor Infrastructure Project-Waste Water Treatment Plant Expansion;
630. \$800,000 for the Chester Sewer District, South Carolina for water and wastewater infrastructure improvements;
631. \$1,000,000 for Kershaw County, South Carolina for wastewater infrastructure improvements;
632. \$1,500,000 for the City of Huron, South Dakota for water infrastructure improvements;
633. \$600,000 for the Green Valley Sanitary District, South Dakota for water infrastructure improvements;
634. \$400,000 for the City of Tyndal, South Dakota for water infrastructure improvements;
635. \$300,000 for Milbank, South Dakota, for wastewater infrastructure improvements;
636. \$300,000 for Sisseton, South Dakota, for stormwater improvements;
637. \$750,000 for the City of Pikeville and Bledsoe County, Pikeville, Tennessee for water infrastructure improvements;
638. \$500,000 for the Watauga River Regional Water Authority, Carter County, Tennessee for planning and construction of regional water infrastructure facilities;
639. \$750,000 for the Walden's Ridge Water System, Hamilton County, Tennessee for water infrastructure improvements;
640. \$500,000 for the San Antonio Water System, Texas for water infrastructure improvements at KellyUSA;
641. \$650,000 for the Lower Rio Grande Morillo Drain Rehabilitation project in the Lower Rio Grande Valley of Texas;

642. \$800,000 for the Canyon Lakes Water Reuse Project in Lubbock, Texas for construction related costs to the water system infrastructure;

643. \$350,000 for the Abilene Brekenridge Reservoir project in Abilene, Texas for drinking water infrastructure;

644. \$400,000 for the Pharr Wastewater Collection System in Pharr, Texas to update the wastewater system infrastructure;

645. \$300,000 for the City of Brekenridge, Texas wastewater and sewer infrastructure project;

646. \$500,000 for the City of Hillsboro, Texas wastewater and sewer infrastructure project;

647. \$1,250,000 for the Town of Colchester, Vermont for wastewater infrastructure improvements;

648. \$1,000,000 for the Town of Waitsfield, Vermont for wastewater infrastructure improvements;

649. \$400,000 for the Fairfax County Water Authority, Virginia for the drinking water infrastructure improvements associated with the Electric Reliability project;

650. \$300,000 for Caroline County, Virginia for the Dawn Wastewater Treatment project;

651. \$400,000 for the City of Norfolk, Virginia for the Norfolk Sewer and Water Infrastructure Replacement;

652. \$300,000 for the City of Holladay, Utah, for water infrastructure improvements associated with the Wayman Storm Drain Project;

653. \$500,000 for the Magna Water Company an Improvement District, Magna, Utah, for water infrastructure improvements associated with the perchlorate & arsenic treatment plant;

654. \$400,000 for the City of Logan, Utah for water infrastructure improvements;

655. \$400,000 for Park City, Utah for water infrastructure improvements associated with the Judge and Spiro Tunnel treatment plant;

656. \$400,000 for the City of Riverton, Utah for water infrastructure improvements;

657. \$400,000 for the City of Orem, Utah for water infrastructure improvements;

658. \$100,000 for the Jordan Valley Water Conservancy District, Utah for the Groundwater Extraction and Treatment Remedial Project;

659. \$1,000,000 for Sandy City, Utah for drinking water and storm water infrastructure improvements;

660. \$400,000 for the City of Battle Ground, Washington for sewer infrastructure improvements;

661. \$750,000 for the Port of Walla Walla, Washington for the Burbank Water System improvements;

662. \$500,000 for the City of Kennewick, Washington for drinking water infrastructure improvements;

663. \$500,000 for Skamania County Public Utilities District in Carson, Washington for water infrastructure improvements;

664. \$250,000 for Squaxin Island Tribe in Shelton, Washington for water and wastewater infrastructure improvements;
665. \$1,000,000 for the Milwaukee Metropolitan Sewerage District in Wisconsin for sewer infrastructure improvements;
666. \$1,000,000 for the City of Racine, Wisconsin for water infrastructure improvements; and
667. \$600,000 for the City of Sun Prairie, Wisconsin for water and wastewater infrastructure improvements.

ADMINISTRATIVE PROVISIONS

The conferees have again this year included an administrative provision giving the Administrator specific authority to, in the absence of an acceptable tribal program, award cooperative agreements to federally recognized Indian Tribes or Intertribal consortia so as to properly carry out EPA's environmental programs.

The conference agreement includes a provision that allows EPA to collect certain pesticides fees authorized last year. The conferees have rejected the President's proposal to reinstate fees prohibited by the same Act and are concerned that EPA is needlessly spending time proposing fees and promulgating rules when other more productive pesticide work could be completed.

The conferees have again this year, included a provision that for fiscal year 2005 extends the eligibility of brownfield grant recipients to those who purchased properties prior to the enactment of the Small Business Liability Relief and Brownfield Revitalization Act of 2001. The conferees have not included a provision that would permit the use of certain brownfield grant funds for administrative costs, as the Senate had proposed.

In addition the conferees included a provision, as proposed by the House, which authorizes the agency to collect and use the non-federal share of the cost of the Great Lakes Legacy Act projects.

The conferees did not include a provision proposed by the Senate to provide special personnel authority for the Office of Research and Development.

Finally, the conference agreement does not include the provision proposed by the Senate to require EPA to reformat its budget justification; however, the conferees urge EPA to continue its current budget justification reformatting process.

EXECUTIVE OFFICE OF THE PRESIDENT

OFFICE OF SCIENCE AND TECHNOLOGY POLICY

Appropriates \$6,379,000, which is \$702,000 below the House and the Senate. The reduction reflects a cost decrease, at OSTP's request, for security related expenses that are no longer necessary.

The conferees direct OSTP to assess the cost and manner in which all federally funded agencies and entities award and pay science grants and stipends. The conferees understand that OSTP is currently conducting a similar review. To the extent there are differences between OSTP's review and the requirements in this report language, the conferees direct OSTP to incorporate the additional requirements as part of OSTP's review. OSTP is directed to consult with the House and Senate Committees on Appropriations on this assessment.

COUNCIL ON ENVIRONMENTAL QUALITY AND OFFICE OF
ENVIRONMENTAL QUALITY

Appropriates \$3,284,000 as proposed by the House and the Senate. The conference agreement also includes a transfer of \$1,000,000 to the Office of Environmental Quality Management Fund, with which the conferees direct CEQ, in coordination with the U.S. Fish and Wildlife Service and other agencies as appropriate, to contract with the National Academy of Sciences within 60 days of enactment to conduct a study of the environmental, including landscape/viewshed, impacts of wind energy projects in the Mid-Atlantic Highlands. This study is to conclude with appropriate recommendations, such as viewshed and other criteria, regarding the siting of wind turbines in the Mid-Atlantic Highlands and should be submitted to the Committees no later than December 2005.

FEDERAL DEPOSIT INSURANCE CORPORATION
OFFICE OF INSPECTOR GENERAL

Appropriates \$30,125,000 for the Office of Inspector General, as proposed by the House instead of \$30,625,000 as proposed by the Senate. Funds for this account are derived from the Bank Insurance Fund, the Savings and Loan Insurance Fund, and the FSLIC Resolution Fund and are therefore not reflected in either the budget authority or budget outlay totals.

GENERAL SERVICES ADMINISTRATION
FEDERAL CITIZEN INFORMATION CENTER FUND

Appropriates \$14,907,000 as proposed by the House and the Senate.

UNITED STATES INTERAGENCY COUNCIL ON HOMELESSNESS
OPERATING EXPENSES

Appropriates \$1,500,000 for the United States Interagency Council on Homelessness as proposed by the House and the Senate.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

The joint explanatory statement of the managers herein reflects the agreement of the conferees on NASA programs and activities. The operative funding levels for programs and activities are those funding levels specified in this joint explanatory statement of the managers. Where no funding level is specified, NASA is directed to make a final determination of funding level for fiscal year 2005 and is required to notify the Congress under the established operating plan procedures of the Committees on Appropriations of the House and Senate. The conferees direct NASA not to charge any administrative expenses to congressionally directed spending on specific projects. These costs should be absorbed within the funding provided.

The conferees note that the House had requested a report from NASA documenting the reconciliation and correction of discrep-

ancies between NASA's fund balance and the U.S. Treasury's reported balances as of September 30, 2003. NASA has not yet satisfied the reporting requirement specified in the House report, even though the report was due on September 30, 2004, over 45 days ago. NASA is directed to expeditiously complete the requested report and formally submit it to the Committees on Appropriations of the House and Senate. Included in the report should be an explanation of any outstanding discrepancies and potential remedies.

As part of the proposed exploration vision, NASA will begin to phase-out existing programs in order to accommodate the vision. These plans must be clearly identified in order for NASA to smoothly transition older programs to make way for missions associated with the vision. As part of this process, the conferees direct NASA to include in all future budget justifications the phase-out schedules and any out-year termination dates of its programs.

The conferees direct the National Academy's Space Studies Board to conduct a thorough review of the science that NASA is proposing to undertake under the space exploration initiative and to develop a strategy by which all of NASA's science disciplines, including Earth science, space science, and life and microgravity science, as well as the science conducted aboard the International Space Station, can make adequate progress towards their established goals, as well as providing balanced scientific research in addition to support of the new initiative. This study should be completed no later than March 15th, 2005.

The conferees have included substantial funding for the space exploration initiative, but to date there has been no substantive Congressional action endorsing the initiative. The conferees note that the initiative is a very long-term endeavor and will require tens of billions of dollars over the next two decades. As such, the initiative deserves and requires the deliberative benefit of the Congress. To this end, the conferees call upon the appropriate Committees of jurisdiction of the House and Senate for action to specifically endorse the initiative and provide authorization and guidance. NASA is directed to forward a comprehensive package of authorization legislation for consideration by the 109th Congress.

The conferees are concerned that the current implementation plans for the new vision do not properly address the requirements for the heavy lift capability that may be necessary to carry out the space exploration initiative. A complete review of such plans must be conducted prior to embarking fully upon the implementation of the initiative. In order to assess heavy lift capability needs, NASA shall report to the Committees on Appropriations of the House and Senate, no later than 180 days from the date of enactment of this Act, regarding NASA's heavy lift capability needs and plans to meet those needs immediately and in the future. NASA is encouraged to look at concepts currently being developed in the Falcon program with DARPA that could have an impact on future heavy lift program development.

The conferees are concerned about the implications of full cost accounting procedures on the operation of NASA's wind tunnels. Rates charged to U.S. airframe, engine and component manufacturers are significantly higher than facilities in Europe. The conferees are concerned that the impact of such high fees will drive U.S. com-

panies and jobs overseas and result in the closing of NASA's wind tunnels. Therefore, the conferees direct NASA to restructure the fees charged for use of the agency's wind tunnels to make them competitive with rates charged overseas and report back to the Committees on Appropriations of the House and Senate by March 1, 2005 on their plan to restructure the fee system. Furthermore, the conferees prohibit NASA from closing any wind tunnels during fiscal year 2005.

The conferees agree with the direction in the Senate report that NASA is to include the out-year budget impacts on all operating plan proposals. The operating plan and all resubmissions also shall include a separate accounting of all program/mission reserves.

The conferees agree with the Senate direction that NASA shall provide appropriate funds for the completion of the current NAPA review of NASA's organizational, programmatic, and personnel structures, including funds to review the recently announced NASA organization transformation and the recommendation contained in the Aldridge report for NASA to consider conversion of some NASA centers to Federally Funded Research and Development Centers.

The conferees are concerned that that sole source contracting can stifle competition and discourage new investment in space-related activities and should be avoided as much as practicable. The conferees direct NASA to submit to the Committees on Appropriations of the House and Senate, each intention by NASA to enter into a sole source contract no later than 10 days before a contract is awarded; this requirement shall apply to all new contracts and contract modifications of more than \$500,000 where a new contractor is involved or a new activity is added to an existing contract.

The conferees agree that from within the funding provided, \$291,000,000 is to be used for a servicing mission to the Hubble Space Telescope. The conferees believe a successful servicing mission to Hubble should be one of NASA's highest priorities and have provided a substantial increase in funding to accomplish this goal. The conferees direct NASA to report to the Committees on Appropriations of the House and Senate on the status of their plan to service Hubble and the recommendations of the National Academy of Sciences within 90 days of enactment of this Act.

Finally, the conferees note that NASA has requested and the conferees have provided unrestrained transfer authority between the Exploration Capabilities account and the Science, Aeronautics, and Exploration account. The conferees have taken this action because NASA needs flexibility as it completes its transition to full cost accounting. While this transfer authority can be used for purposes other than addressing full cost accounting issues, NASA is cautioned to do so with restraint.

SCIENCE, AERONAUTICS AND EXPLORATION

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$7,742,550,000 for science, aeronautics and exploration, instead of \$7,621,169,000 as proposed by the House and \$7,936,500,000 as proposed by the Senate. The Senate proposal included \$200,000,000 in emergency funding.

The Federal investments in aeronautics research and development have delivered countless economic and societal benefits to the nation over the years. Challenges in dealing with the projected growth in air traffic as well as the need to reduce significantly the adverse environmental impacts of future aircraft will require that NASA remain deeply engaged in aeronautics research and development. The conferees direct NASA to develop a prioritized set of aeronautics goals through 2020, along with the annual funding requirements associated with achieving each goal. The plan should be provided to the Committees within 120 days. As part of NASA's investments in this area, the conferees direct NASA to provide \$25,000,000 for Intelligent Propulsion System Foundation Technologies (Propulsion 21) to continue research by the existing coalition of NASA, state government, industry, and academia.

The conferees have included \$28,200,000 for the National Space Grant College and Fellowship program. This amount is an increase of \$9,100,000 to the fiscal year 2005 budget request. The amount provided will fund 40 states at \$575,000 each and 12 states at \$350,000 each as well as \$1,000,000 for administrative expenses.

The conferees have included \$12,000,000 for the Experimental Program to Stimulate Competitive Research (EPSCoR). The amount provided is \$7,400,000 above the budget request of \$4,600,000 and will fund the fourth year of current five-year research grants.

The conferees note the overall success of the Science, Engineering, Mathematics and Aerospace Academies program and direct NASA to fund the core program at no less than \$4,800,000 in fiscal year 2005.

The conferees have provided \$10,000,000 for the Lunar Reconnaissance Orbiter [LRO], a reduction of \$60,000,000 from the budget request. NASA should continue with its announcement of opportunity for scientific instruments with these funds. However, in establishing the criteria for instrument selection, not less than 25 percent of the LRO's scientific instrumentation funding should be explicitly dedicated to building instruments focused solely on answering basic science questions. The conferees are concerned that the lunar measurement investigations to be carried out by the LRO mission, intended to characterize future robotic and human lunar landing sites, will forgo the opportunity for research and focus only on applied engineering assessments. The current proposed announcement of opportunity focuses solely on the human exploration objectives of the potential mission. Since the LRO is allocated against NASA's space science budget, the conferees believe that fundamental lunar science questions should be addressed in a significant fashion through instruments on this spacecraft. The conferees encourage NASA, as part of the LRO development, to consider the research instrumentation opportunities as well as technology qualification, navigation and communications capabilities, and resource identification technologies to maximize the opportunities of this first lunar mission.

The conferees share the concern of the Senate with regard to the proposed reductions to the Living With a Star [LWS] program and provide \$681,100,000 for the program. To meet the original goals of the LWS program, which the Congress has endorsed, the

conferees are providing an additional \$35,000,000 for the LWS theme in 2005 to be allocated as follows: \$5,000,000 for the solar probe mission; \$15,000,000 to begin implementation of Geospace and \$5,000,000 for preliminary studies of solar sentinels; and \$10,000,000 for Solar Terrestrial Probes for continued development of the Magnetospheric Multiscale (MMS) mission. Furthermore, the conferees agree with the Senate direction that NASA is to develop a plan to guarantee launch of Geospace and Solar Dynamic Observatory within one year of each other with solar sentinels to follow in a reasonable time thereafter.

The conferees agree to provide \$2,000,000 for establishment of a NASA program office at the Applied Physics Laboratory [APL] for the purpose of administering all existing contracts between NASA and APL, including those under the LWS Program. The APL program office will report directly to the Associate Administrator for Science.

The conferees agree with the Senate direction that NASA is directed to undertake a detailed study of the feasibility for a New Horizons II mission, to be launched within the near-term, if the study results can justify the scientific return for such a follow-on mission, at a price considerably less than the original New Horizons mission. Such a study should have its results submitted to the Committee on Appropriations by April 15, 2005.

The conferees do not agree with the direction in the Senate report calling for the transfer of 10 FTE from the Office of the Associate Administrator for Science to the NASA field centers responsible for management of the Discovery and New Frontiers programs. NASA is directed to expeditiously address the concerns raised in the Senate report.

The conferees direct NASA to select competitively some of the scientific instruments for the Terrestrial Planet Finder mission as directed by the Senate. The conferees provide \$15,000,000 for this effort.

The conferees agree to an increase of \$15,000,000 above the President's request for fiscal year 2005 for the NASA Earth Science Applications Program. This funding increase will be used to support competitively-selected applications projects. These projects will integrate the results of NASA's earth observing systems and earth system models (using observations and predictions) into decision support tools to serve applications of national priority including, but not limited to, Homeland Security, Coastal Management, Agriculture Efficiency, Water Management and Disaster Management.

The conferees are supportive of continuation of the ECS/EMD Synergy Program, reflecting the success of NASA's EOS Data Information System [EOSDIS] and its core system [ECS]. The conferees are providing \$15,000,000 for Synergy in fiscal year 2005 with \$1,500,000 for the Battelle Pacific Northwest Laboratory's Infomart; not more than \$1,500,000 to support the transition of Synergy Infomart activities to the ESE Application Division to be administered through a Cooperative Agreement [CAN] that will focus these funds toward meeting the needs of State, local and tribal governments; and \$12,000,000 through the EOSDIS Maintenance and Development Contract to support an extension of the Synergy Data Pools to improve data distribution to climate change

models, expansion of data distribution to the user community and development of a pilot project using grid computing technology.

The conferees remain supportive of NASA's Columbia Project to upgrade its supercomputing capacity, but insists that NASA's total supercomputing capability should not reside at one location to protect the Agency from a potential single point of failure for mission critical and safety of flight analyses. Therefore, the conferees have provided \$5,000,000 from within funds projected for the Columbia project to upgrade the Goddard Space Flight Center's Center for Computational Science [NCCS] to guarantee that it serves as NASA's backup supercomputing center with tier 1 system backup and disaster recovery functions, including full transfer capability in the event of a failure of the principal supercomputer facility.

Based on the success of the X-43 program, the conferees are providing \$25,000,000 to continue design work being conducted for the X-43c as a follow-on to the X-43a program. The conferees encourage joint NASA and Air Force cooperation and collaboration in advancement of aeronautics technologies in the National interest.

The conferees agree to the following specific funding increases in addition to any increases mentioned above:

Space Science

An increase of \$250,000 for the Detroit Science Center;

An increase of \$150,000 for the Coca-Cola Space Science Center in Columbus, Georgia to support the Space Science Center;

An increase of \$2,100,000 for continued development of a light-weight carrier pallet to increase NASA's payload capacity for space shuttle servicing missions;

An increase of \$500,000 for the Sacramento Space Science Center at California State University;

An increase of \$1,000,000 for telescope construction at the Pisgah Astronomical Research Center;

An increase of \$1,000,000 for University of Idaho for RTULP Electronics for Space Applications;

An increase of \$1,000,000 for Utah State University in Logan, Utah for the Calibration Center;

An increase of \$300,000 to the University of Missouri at Rolla for the Advanced Millimeter Wave Inspection System program;

An increase of \$3,000,000 to New Mexico State University for the ultra-long balloon program to augment planned flights and technology development;

An increase of \$1,500,000 to Montana State University to purchase clean room systems and basic process equipment related to the microdevice fabrication facility;

An increase of \$1,000,000 for Texas Tech University Experimental Sciences Initiative, Lubbock, Texas to promote advanced and interdisciplinary research;

An increase of \$1,000,000 to the Southern Methodist University Multifab Facility in Dallas, Texas to develop multifabrication manufacturing technology;

An increase of \$1,000,000 to the University of Arkansas, Fayetteville, Arkansas for the Arkansas-Oklahoma Center for Space and Planetary Sciences;

An increase of \$1,500,000 to Montana State University-Bozeman for the Center for Studying Life in Extreme Environments;

An increase of \$2,500,000 to Marshall University in Bridgeport, West Virginia for the continuation of NASA related composites workforce development training at the Composites Technology Institute; and

An increase of \$1,750,000 to the University of Maryland, Baltimore County for photonics research.

Earth Science

An increase of \$500,000 to the Friends of the Museum of Natural Sciences in Raleigh, North Carolina for NASA Earth Science integration planning;

An increase of \$500,000 for continuation of emerging research that applies remote sensing technologies to forest management practices at the State University of New York, College of Environmental Sciences and Forestry;

An increase of \$1,000,000 for the Advanced Interactive Discovery Environment engineering research program at Syracuse University;

An increase of \$3,000,000 for the Regional Application Center for the Northeast;

An increase of \$15,900,000 for the Institute for Scientific Research, Inc. for development and construction of research facilities;

An increase of \$1,500,000 for on-going activities of the Goddard Institute for Systems, Software, and Technology Research, including mission design tools, Earth Science analysis, and remote sensing instrumentation development;

An increase of \$1,000,000 for the Goddard Space Flight Center's Clustering and Advanced Visual Environments Initiative;

An increase of \$1,000,000 for the University of San Francisco Center for Science and the Environment;

An increase of \$500,000 for hyper spectral remote sensing research and development at the Desert Research Institute;

An increase of \$400,000 for Space Place;

An increase of \$4,500,000 for the implementation of a remote data storage capability at the NASA IV&V Facility. Appropriated funds are for augmenting available data storage capacities; expanding remote data storage capabilities to the Goddard Space Flight Center and a second DAAC; and communications, facility and integration services at the IV&V Facility to support data backup, recovery, and on-line access capabilities for the Goddard Space Flight Center (GSFC) ECS program;

An increase of \$3,000,000 to be transferred to the Air Force Research Laboratory to begin development of miniature synthetic radar technology;

An increase of \$1,500,000 for Integrated Sensing Systems at the Rochester Institute of Technology;

An increase of \$3,500,000 for Little River Canyon Field School;

An increase of \$390,000 for Pearl River Community College in Mississippi for remote sensing, geographic information system and GPS training;

An increase of \$1,000,000 for Idaho State University for the Temporal Landscape Change Research program;

An increase of \$3,000,000 for the University of Alaska for weather and ocean research;

An increase of \$1,000,000 to Utah State University in Logan, Utah for the Intermountain region Digital Image Archive and Processing Center;

An increase of \$750,000 for the University of Northern Iowa for the GeoTREE project;

An increase of \$1,000,000 for the University of Texas Mid-American Geospatial Information Center at the UT Center for Space Research in Austin, Texas to continue information collection through satellite imaging;

An increase of \$500,000 to the Liberty Science Center, Jersey City, New Jersey for the Hudson Harbor and Estuary Ecological Learning Center;

An increase of \$750,000 to the University of Connecticut for the Center for Land Use and Education Research;

An increase of \$750,000 to the University of Vermont, Burlington for the Center for Advanced Computing;

An increase of \$5,400,000 for the Wallops Island Flight Facility to be used for developing a standard small launch vehicle, universal FTS, doppler radar and launch modeling laboratory;

An increase of \$2,000,000 to the University of North Dakota in Grand Forks for the Northern Great Plains Space Sciences and Technology Center; and

An increase of \$2,000,000 to upgrade the High End Production Capability at the Goddard Space Flight Center to improve climate and weather research capabilities.

Biological and Physical Research

An increase of \$3,000,000 for space radiation research at the Loma Linda University Medical Center;

An increase of \$500,000 for the Northwestern University Institute for Proteomics and Nanobiotechnology;

An increase of \$400,000 for Musculoskeletal Simulator for Injuries at the Cleveland Clinic;

An increase of \$1,250,000 for the Michigan Research Institute;

An increase of \$600,000 to the MCNC-Research and Development Institute (RDI) for continued funding for a Laboratory for Distributed Chemical and Biological Sensors;

An increase of \$500,000 for gravitational space biology research at North Carolina State University;

An increase of \$3,000,000 for the National Center of Excellence in Bioinformatics in Buffalo, New York;

An increase of \$1,000,000 for the Central New York Biotechnology Research Center in Syracuse, New York;

An increase of \$900,000 for the State University of New York Downtown Medical Center in Brooklyn, New York for the Advanced Biotechnology Incubator project;

An increase of \$1,500,000 to the University of Missouri at Columbia for the National Center for Gender Physiology studies on basic biomedical knowledge for the improvement of life on earth and solution of problems in human space flight;

An increase of \$5,000,000 to the Marshall Space Flight Center for propulsion materials microgravity research;

An increase of \$2,000,000 for the Alliance for Nanohealth, Houston, Texas to purchase equipment and conduct research on Nanotechnology and medicine;

An increase of \$2,000,000 for the University of Louisville Space Flight Exploration: The Impact on Perception, Cognition, Sleep and Brain Physiology Project at the University of Louisville in Louisville, Kentucky;

An increase of \$1,000,000 to the National Technology Transfer Center at Wheeling Jesuit University to transfer and adapt the Walter Reed Army Medical Center's HealthForces program, into medically underserved rural areas;

An increase of \$1,000,000 to the State University of Buffalo Center for Bioinformatics, Erie, New York;

An increase of \$3,000,000 to the Inland Northwest Space Alliance in Montana for the FreeFlyer program; and

An increase of \$750,000 to the University of Montana in Missoula, Montana for the National Space Privatization Program.

Aeronautics

An increase of \$350,000 for Validated Probabilistic Lifting Tools;

An increase of \$500,000 for the Michigan Small Aircraft Transportation System;

An increase of \$3,000,000 for the Virginia Institute for Performing Engineering and Research;

An increase of \$700,000 to the Virtual Systems Laboratory of the National Aviation Technology Center, School of Aviation, Dowling College, New York;

An increase of \$1,700,000 for the University of Toledo Turbine Institute;

An increase of \$600,000 to the Research Triangle Institute, International for Synthetic Vision Systems/Combined Vision Systems;

An increase of \$2,100,000 for Research on Advanced Wireless Communications for Airport Applications;

An increase of \$2,700,000 to research Secure Automatic Dependent Surveillance Broadcast (ADS-B) Surveillance data link technology for enhanced aviation security and general aviation airspace access;

An increase of \$5,000,000 for Project SOCRATES;

An increase of \$1,000,000 for the National Aviation Technology Center at Dowling College, New York;

An increase of \$500,000 for the development of an Aircraft Radio Guidance System (ARGUS) utilizing a new radio frequency interferometer that will provide two or three dimensional navigation guidance for airborne, space or surface vehicles;

An increase of \$1,000,000 for the development of a Research Flight Computing System in support of the NASA Dryden Flight Research Center's Altair/Predator B UAV Technology Demonstrator Project;

An increase of \$7,500,000 for the Hydrogen Research Initiative;

An increase of \$1,000,000 to the Applied Polymer Technology Extension Consortium for research on polymers;

An increase of \$850,000 for the Florida Institute of Technology in Melbourne, Florida for its Hydrogen, Fuel Cell & Sensor Technology Initiative;

An increase of \$2,300,000 to the University of Missouri at Rolla for Aerospace Propulsion Particulate Emissions Reduction Program;

An increase of \$1,000,000 for the National Institute of Aviation Research in Kansas for icing research;

An increase of \$2,000,000 to Wichita State University in Wichita, Kansas for the National Center for Advanced Materials Performance for composite materials research;

An increase of \$1,000,000 for the Glenn Research Center for the National Center for Communications, Navigation and Surveillance;

An increase of \$4,000,000 for the Glenn Research Center for the commercial technology program;

An increase of \$1,000,000 to Iowa State University for the Center for Nondestructive Evaluation; and

An increase of \$3,000,000 to Chesapeake Information Based Aeronautics Consortium.

Education

An increase of \$500,000 to the State of Alabama for the Alabama Math, Science, and Technology Initiative;

An increase of \$250,000 for the Education Training Center at the U.S. Space and Rocket Center;

An increase of \$2,000,000 to the Educational Advancement Alliance, to support the Alliance's K-12 math, science, and technology education enrichment program;

An increase of \$400,000 for Albany State University/Darton College in Albany, Georgia for the Science, Engineering, Math and Aerospace Academy program;

An increase of \$250,000 for South Georgia Technical College in Americus, Georgia for the Science, Engineering, Math and Aerospace Academy program;

An increase of \$250,000 for Albany State University in Albany, Georgia for project 'JumpStart' for a Math, Science Education Enhancement program for pre-college students;

An increase of \$250,000 for the Georgia Project/ABAC College, Tifton, Georgia to implement a K-12 program for Hispanic students in science, engineering, math and aerospace in SW Georgia who struggle with English as a Second Language;

An increase of \$400,000 for the University System of Georgia—Board of Regents, Atlanta, Georgia for purchase and implementation of a pre-testing software for math and science educational and career-related standardized test;

An increase of \$100,000 for Georgia Southwestern College in Americus, Georgia for grants and scholarships in math and science for students implemented through the Multicultural Affairs Program;

An increase of \$4,000,000 for a new Science Center at St. Bonaventure's University in New York State;

An increase of \$2,000,000 for the JASON Foundation;

An increase of \$300,000 for a Science, Technology, Engineering, and Mathematics Center at Tennessee Tech University, Cookeville, Tennessee;

An increase of \$250,000 for Hollins University for upgrades to its science infrastructure;

An increase of \$250,000 for the University of New England Marine Science Center;

An increase of \$500,000 for the Liberty Science Center;

An increase of \$350,000 for Aerospace Education Center in Cleveland, Ohio;

An increase of \$200,000 for Morehouse College in Atlanta, Georgia to support the technology center;

An increase of \$1,000,000 for National Center for Air and Space Law at the University of Mississippi;

An increase of \$1,000,000 for Tennessee Technological Institute for the development of a Challenger Learning Center;

An increase of \$500,000 for the Christa McAuliffe Planetarium in New Hampshire for the construction of the Alan Shepard Discovery Center;

An increase of \$500,000 to Southeast Missouri State University for the NASA-ERC Initiative;

An increase of \$1,000,000 to the Texas A&M Space Engineering Institute in College Station, Texas to continue minority engineering outreach in conjunction with NASA;

An increase of \$1,000,000 to Northern Kentucky University/University of Louisville for the Taking Astronomy to the Schools Project at Northern Kentucky University in Campbell County, Kentucky;

An increase of \$750,000 for the US Space and Rocket Center in Huntsville, Alabama for education training equipment and the museum exhibit improvement program.

An increase of \$250,000 for Sci-Quest, Northern Alabama Science Center for the interactive immersive-reality science laboratory;

An increase of \$750,000 to the Delaware Aerospace Education Foundation in Kent County, Delaware;

An increase of \$500,000 to the Chabot Space and Science Center in Oakland, California for The Future for Humans in Space Education Program;

An increase of \$250,000 for Dominican University, San Rafael, California for the Center for Science and Technology for science teacher training and education;

An increase of \$250,000 to Rowan University, Pomona, New Jersey for the Engineering and Technology Satellite Campus;

An increase of \$250,000 to the Museum of Science and Industry in Chicago, Illinois for the Henry Crown Space Center;

An increase of \$250,000 to Glendale Community College, California for the Cimmarusti Science Center's Teacher Training and Science Education Outreach Program;

An increase of \$500,000 to the Science Center of Iowa in Des Moines, Iowa;

An increase of \$2,000,000 for improvements to the Cooper Library at the University of South Carolina, Columbia, South Carolina;

An increase of \$2,000,000 to the College of Charleston, South Carolina for the School of Science and Mathematics;

An increase of \$1,000,000 to the Boston Museum of Science, Massachusetts for the National Center for Technology Literacy;

An increase of \$750,000 to Space Education Initiative, Wisconsin for the Wisconsin Aerospace Education Initiative;

An increase of \$1,750,000 to the Mitchell Institute, Portland, Maine for educational purposes;

An increase of \$1,000,000 to the Virginia Air and Space Museum, Norfolk, Virginia;

An increase of \$750,000 for the Griffith Observatory, Los Angeles, California; and

An increase of \$4,000,000 to the University of Hawaii, Hilo for the Mauna Kea Astronomy Education Center;

EXPLORATION CAPABILITIES

(INCLUDING TRANSFER OF FUNDS)

Appropriates \$8,425,850,000 for exploration capabilities, instead of \$7,496,800,000 as proposed by the House and \$8,411,100,000 as proposed by the Senate. The Senate proposal included \$600,000,000 in emergency funding.

The conferees agree that the space shuttle remains the cornerstone of our Nation's heavy launch capability and is critical to the future of the International Space Station and scientific research. Therefore, the conferees have provided \$4,319,200,000 for the space shuttle program, the same as the level within the request of the administration. Should additional resource needs associated with return-to-flight activities arise during this fiscal year, the regular order of the budget process allows for the Administration to submit a supplemental request for funding, which would be given full and fair consideration by Congress. Alternatively, NASA has flexibility under established operating plan procedures with the Committees on Appropriations of the House and Senate to propose funding adjustments to augment the budget for the space shuttle as necessary, contingent on Congressional approval of the proposed changes. The conferees believe that returning the shuttle fleet to flight, the first step in the Space Exploration Initiative, should be NASA's highest priority.

Within the funds provided, the conferees direct \$10,000,000 for the Propulsion Research Laboratory at Marshall Space Flight Center to perform non-nuclear research on spacecraft engine systems that support nuclear thermal propulsion development. The conferees direct NASA to ensure that NASA facilities are utilized to the greatest extent possible by the Department of Energy in its role as a contractor for NASA under the Project Prometheus program.

The conferees do not agree with the termination of the commercial programs within the Innovative Technology Transfer Partnerships (ITTP) program as proposed in the budget submission, and have therefore provided an increase of \$30,000,000 to this appropriation for the express purpose of continuing the commercial programs, including the activities of both NASA and associated personnel, as they existed in fiscal year 2003 and prior fiscal years. The conferees notes that the National Academy of Public Adminis-

tration (NAPA) has completed the first phase of an analysis of the ITTP program, which highlights a number of weaknesses that reduce the program's effectiveness at spin-in and spin-out of technology. The conferees direct NASA to fully address the recommendations of phases I and II of the NAPA study in the context of future budget submissions. The conferees support maintaining a vigorous ITTP program at NASA and strongly support maintaining the spin-out of NASA technology to the commercial world as an integral part of the program.

The conferees agree with direction contained in the Senate report that as soon as the Shuttle is available to provide access to the ISS, NASA is to provide the Committees on Appropriations of the House and Senate with a plan detailing the steps necessary to complete construction of the ISS. This plan may include completion of the ISS by only using the shuttle, or a combination of shuttle and unmanned flights for delivering components to the ISS. The cost implications associated with the revised schedule must be included in the plan that is submitted to the Committees within 30 days after the successful return-to-flight of the shuttle program. The report should also contain a timeline, in conjunction with the construction timetable for the ISS, for the eventual transition to a new manned launch vehicle.

The conferees are prepared to commit funds for development of a Crew Exploration Vehicle [CEV], but remain concerned that there has not been enough initial planning to determine what specific capabilities the CEV should have. The determination of the right capabilities should naturally come from a carefully thought-out plan and goals, which have yet to emerge from the implementation of the space exploration initiative. The current plan offered by NASA resembles a work-in-progress, rather than a firm definition of what is necessary to accomplish missions to the ISS, as well as future manned missions. The conferees expect NASA to provide a report to the Committees on Appropriations of the House and Senate that details the criteria and developmental goals the CEV must meet to accomplish the missions envisioned by NASA within 60 days of enactment of this Act. The report shall also include the internal and independent procedures that will be in place to ensure that the CEV will stay within its budget throughout its development.

As NASA begins to consider another manned vehicle program, the conferees do not want a repeat of the mistakes of the International Space Station, where poor management and lack of independent oversight resulted in major cost overruns. At this early stage in the development of the CEV, it is essential that these mistakes be avoided. Therefore, the conferees direct the Administrator of NASA to identify an independent oversight committee capable of examining the design, technology readiness, and most importantly the cost estimates for the CEV. The Administrator shall use available funds within the Exploration Capabilities account to provide sufficient resources for this independent committee. The chosen oversight committee shall report to the Administrator and the Committees on Appropriations of the House and Senate annually on their findings and recommendations.

The conferees have agreed to provide \$10,000,000 for the Centennial Challenges program, subject to passage of authorizing legislation. NASA is directed to submit a detailed implementation plan for this program to the Committees on Appropriations of the House and Senate as soon as practicable.

The conferees recognize that modeling and simulation will have an important role in assessing the overall system development and performance in the Space Exploration Initiative and provide \$3,000,000 for this purpose. The conferees believe that simulated integrated systems, including testing and evaluation, will substantially reduce the total development costs of future space transportation systems by formulating and validating program requirements and by identifying and mitigating program risks as early as possible in the development process. The conferees direct the Office of Exploration Systems to develop and implement an integrated system simulation strategy to take full advantage of modeling, simulation, and evaluation tools.

The conferees direct NASA to keep the Committees on Appropriations of the House and Senate informed, in writing, of any movement of funds related to the shuttle program, as well as including the out-year impacts on all activities involved in the funding shifts. Finally, the conferees expect regular consultations by NASA on all proposed changes to investments in the Shuttle program. These consultations should occur before program decisions are finalized.

The conferees agree to the following specific funding increases in addition to any increases mentioned above:

An increase of \$400,000 for the Glennan Microsystems Commercialization Initiative;

An increase of \$300,000 for Garrett Morgan Commercial;

An increase of \$900,000 for Simulation based acquisition for manned space flight vehicle, design and testing, MSFC;

An increase of \$150,000 to the Technology Research & Development Authority of Central Florida for continuing investment in IT, and security technologies;

An increase of \$2,000,000 for the Idaho National Engineering and Environmental Laboratory for development of performance, safety, and mission success tools for NASA programs;

An increase of \$250,000 to the Alabama A&M University for Advanced Propulsion Materials Research;

An increase of \$500,000 for the Nano and Micro Devices Laboratory at the University of Alabama in Huntsville;

An increase of \$6,000,000 for the continuation of the Space Alliance Technology Outreach Program for business incubators in Florida and New York;

An increase of \$1,000,000 for the National Center of Excellence in Wireless and Information Technology Programs at Stony Brook University, New York;

An increase of \$1,000,000 for the National Center of Excellence in Small Scale Systems Packaging at the State University of New York at Binghamton;

An increase of \$2,500,000 for NASA's Independent Verification and Validation Facility, of which \$800,000 is available for continuation of the Code Level Metrics Data Program; \$400,000 is avail-

able for continuation of IV & V of Neural Nets; and \$400,000 is available for Software Legacy Research;

An increase of \$600,000 to the MCNC-Research and Development Institute (RDI) for continued funding for a Laboratory for Distributed Chemical and Biological Sensors;

An increase of \$1,000,000 for Cryogenic Power Electronics Development at the State University of New York at Albany;

An increase of \$200,000 for the National Center for Communication Navigation, and Surveillance at Glenn Research Center;

An increase of \$400,000 for COM Simulation Architecture;

An increase of \$300,000 for the Bowling Green State University Hybrid Engine project;

An increase of \$500,000 to the University of Alabama in Huntsville for a Space Flight Guidance, Navigation, and Control Test Bed;

An increase of \$3,000,000 for the National Center of Excellence in Infotonics in Rochester, New York;

An increase of \$3,000,000 for the Computing, Information and Communications Technology Program (CICT) for High Information Density Approaches to Mobile Broadband Internet Communications;

An increase of \$3,000,000 to the Mobile Broadband Network project, a joint effort between NASA and the Air Force Research Laboratory;

An increase of \$3,000,000 to be transferred to the Air Force Research Laboratory to continue joint research between NASA and the Air Force on emerging areas of computing including grid computing, quantum and biomolecular information processing technology;

An increase of \$4,000,000 for the Stennis Space Center for the commercial technology program;

An increase of \$4,000,000 for the Marshall Space Flight Center for the commercial technology program;

An increase of \$750,000 to Purdue University in West Lafayette, Indiana for the Advanced Manufacturing Institute;

An increase of \$2,000,000 to Wheeling Jesuit University, West Virginia for continued operation of the National Technology Transfer Center;

An increase of \$1,000,000 to the University of New Orleans, Louisiana for the Composites Research Center of Excellence and for the development of advanced metallic joining technologies at Michoud Space Center;

An increase of \$1,750,000 to the University of Maryland, College Park for the nanotechnology institute; and

An increase of \$2,000,000 to the SSME program office at Marshall for development of a knowledge management integrated data environment.

OFFICE OF INSPECTOR GENERAL

Appropriates \$31,600,000 for the Office of Inspector General as proposed by the Senate, instead of \$31,400,000 as proposed by the House. The amount provided includes \$3,800,000 to conduct NASA's annual audit of NASA's financial statements.

The conferees remain concerned that NASA needs to reform its contracting process to ensure timely delivery of both services and hardware. The conferees direct the NASA Inspector General to issue a list of contracting ‘trouble’ areas with recommendations to address these areas. The conferees understand that this is no easy project, but expects NASA and the NASA IG to respond to these concerns with a package of proposed contracting reforms that can begin to be implemented in fiscal year 2005.

ADMINISTRATIVE PROVISIONS

The conferees have included three administrative provisions included in both the House and Senate bills. In addition, the conferees agree to language proposed by the Senate allowing the use of funds for prizes and language allowing for the transfer of funds between the exploration capabilities account and the science, aeronautics, and exploration account subject to established operating plan procedure. The conferees further agree to language proposed by the Senate as a General Provision, with some modifications, which will have the effect of incorporating projects and activities into the text of the bill by reference.

NATIONAL CREDIT UNION ADMINISTRATION

CENTRAL LIQUIDITY FACILITY

Provides limitation of \$1,500,000,000 on CLF lending activities from borrowed funds as proposed by the House and Senate.

COMMUNITY DEVELOPMENT REVOLVING LOAN FUND

Appropriates \$1,000,000 as proposed by the House and the Senate. Within this amount, \$800,000 is provided for technical assistance to low-income and community development credit unions. Funds are available for two years as proposed by the House. The Senate had proposed that funds be available until expended. The conferees reiterate language proposed by the Senate encouraging NCUA to continue to develop technical assistance in rural areas.

NATIONAL SCIENCE FOUNDATION

The conferees agree that the language included in House Report 108-674 and Senate Report 108-353 is to be complied with unless specifically addressed to the contrary in this conference report and the statement of the managers.

The conferees agree that the National Science Foundation is to abide by the reprogramming requirements set forth in the House report requiring prior Committee approval for any transfers in excess of \$500,000 or any change that could be construed as policy or a change in policy, instead of \$250,000 as proposed in the Senate report.

The conferees agree that the National Science Foundation is to present its fiscal year 2006 budget justification submission in the traditional appropriations account structure with detailed information on program, project and activity funding levels and all proposed changes. The Foundation is directed not to format or integrate its strategic themes of “People,” “Tools,” and “Ideas” into the

detailed appropriations justifications but instead may provide them as supplementary information. The conferees direct the Foundation to submit a template for its fiscal year 2006 budget justification to the Committees on Appropriations of the House and Senate that complies with this direction no later than December 15, 2004.

RESEARCH AND RELATED ACTIVITIES

Appropriates \$4,254,593,000 for research and related activities instead of \$4,151,745,000 as proposed by the House and \$4,402,320,000 as proposed by the Senate.

The conferees agree to continue funding for the costs of Foundation employees hired under the Intergovernmental Personnel Agreements (IPA) Act under this account instead of consolidating funding for such costs under the Salaries and Expenses account as proposed by the House. New language is included to limit the amount available for such purposes to the amount requested in the Foundation's budget for fiscal year 2005.

The conferees have included bill language that provides up to \$350,000,000 for polar research and operations support, as proposed by the House and \$95,000,000 for a comprehensive research initiative on plant genomes for economically significant crops, as proposed by the Senate. Language is also included as proposed by the Senate and carried in previous years regarding distribution of funding against statutory minimum and maximum levels. The House did not include similar language. Language proposed by the Senate is not included authorizing the payment of travel expenses from this account. The House did not include similar language as requested in the budget. The conferees understand that deletion of this language will not impact travel costs associated with Foundation staff hired under the IPA Act since such costs are eligible to be funded under this account.

Notwithstanding the language in the House and Senate reports designating the allocation of funds, the conferees have agreed that the allocation among programs and directorates is to be determined by the Director of the Foundation, unless specifically noted herein. The Foundation is to submit its proposed operating plan to the Committees on Appropriations of the House and the Senate within sixty days of enactment of this Act that addresses the Foundation's highest research priorities. In developing this plan, the Foundation is urged to maintain the proper balance between interdisciplinary research and single-issue research in core disciplines.

The conference agreement provides \$95,000,000 for plant genome research on economically significant crops as proposed by the Senate. The House did not address this matter.

The conferees do not object to the allocation of not to exceed \$6,000,000 for continued planning and design for the National Ecological Observatory Network if the Director of the Foundation determines such funding is warranted. The conferees reiterate the language in the House report regarding the National Research Council's recommendations regarding this project. The conferees concur that funding provided may be used for a new class of Science and Technology Centers if the Director of the Foundation determines such funding is warranted when measured against other priorities within the agreed upon total for this account.

The conferees do not object to the allocation of not to exceed \$5,000,000 for completion of a design and development study for the Giant Segmented Mirror Telescope if the Director of the Foundation determines such funding is warranted based upon private sector interest and commitment, other astronomical science needs, and subject to approval by the National Science Board.

The conference agreement does not provide any funding for the new Workforce for the 21st Century program. The Foundation is encouraged to work with the Committees to develop a more refined and descriptive proposal for future consideration.

The conference agreement does not provide any funding for a new Innovation Fund.

The conferees understand that discussions between the National Science Foundation and the Smithsonian Institution are ongoing and have been productive. With respect to Smithsonian researchers' access to NSF funding, the Committees expect the Foundation to treat any proposal submitted by non-Federal employees of the Smithsonian whose salaries are not part of appropriated accounts in the same manner as any academic proposal.

The conferees reiterate the direction in the Senate report requiring NSF to include multi-year budget estimates and future budget impacts for multi-disciplinary and mid-level activities in the annual operating plan and in future budget requests.

MAJOR RESEARCH EQUIPMENT AND FACILITIES CONSTRUCTION

Appropriates \$175,050,000 for major research equipment and facilities construction instead of \$208,200,000 as proposed by the House and \$130,420,000 as proposed by the Senate. Included within the appropriated amount is \$49,700,000 for construction of the Atacama Large Millimeter Array aperture-synthesis radio telescope; \$47,350,000 for EarthScope; \$48,000,000 for continued research and development of the IceCube Neutrino Detector Observatory in Antarctica; \$15,000,000 for the Integrated Ocean Drilling Program (IODP); and \$15,000,000 for the Rare Symmetry Violating Processes Program.

Funding for the NEON program is addressed under the Research and Related Activities account.

EDUCATION AND HUMAN RESOURCES

Appropriates \$848,207,000 for education and human resources instead of \$842,985,000 as proposed by the House and \$929,150,000 as proposed by the Senate.

The conferees agree to continue funding for the costs of Foundation employees hired under the Intergovernmental Personnel Agreements (IPA) Act under this account instead of consolidating funding for such costs under the Salaries and Expenses account as proposed by the House. New language is included to limit the amount available for such purposes to the amount requested in the Foundation's fiscal year 2005 budget. Language is also included as proposed by the Senate and carried in previous years regarding distribution of funding against statutory minimum and maximum levels. The House did not include similar language.

The conferees agree to the following funding levels and directives within this account:

Program	FY 2005 request	House	Senate	Conference agreement
Math & Science Partnership	\$80,000,000	\$82,500,000	\$110,000,000	\$80,000,000
EPSCoR	84,000,000	94,440,000	95,000,000	94,440,000
Elementary, Secondary & Informal Education	172,750,000	175,457,000	187,750,000	183,412,000
Undergraduate Education	158,850,000	160,301,000	162,430,000	154,905,000
Graduate Education	173,880,000	155,950,000	173,880,000	155,950,000
Human Resources Development	107,940,000	115,343,000	126,060,000	119,500,000
Research, Evaluation & Communication	73,940,000	64,494,000	73,940,000	60,000,000

Within this level of funding for Elementary, Secondary and Informal Education, \$63,565,000 has been provided for the Informal Science program.

Of the amount appropriated for Undergraduate Education, \$45,500,000 is for the Advanced Technological Education program; \$25,485,000 is for the STEM Talent Expansion Program (STEP); and \$7,950,000 is for the Robert Noyce Scholarship Program. No funds are provided for the Workforce for the 21st Century program.

Within the funding level for Human Resource Development, \$35,300,000 is provided for the Louis Stokes Alliances for Minority Participation program; \$25,420,000 is provided for the Historically Black Colleges and Universities Undergraduates (HBCU) Program; \$14,910,000 is provided for the Alliance for Graduate Education and the Professoriate; \$16,000,000 is provided for the Centers of Research Excellence in Science and Technology (CREST) program and HBCU Research University Science and Technology (THRUST) initiative within CREST; \$2,510,000 is provided for Model Institutions for Excellence; and \$9,920,000 is provided for Tribal Colleges. While the conferees agree that eligibility for THRUST should not exclude CREST recipients, NSF is directed to first use fiscal year 2005 program funds to fully fund multi-year awards to recipients of THRUST.

SALARIES AND EXPENSES

Appropriates \$225,000,000 for salaries and expenses instead of \$249,970,000 as proposed by the House and \$269,000,000 as proposed by the Senate.

At the request of the Foundation, the conferees have agreed to continue funding the costs of personnel employed by the Foundation under the Intergovernmental Personnel Act (IPA's) under the "Research and Related Activities" and the "Education and Human Resources" appropriations accounts. These costs have been set within each account at \$25,954,000 and \$5,500,000, respectively. No funding has been included in the "Salaries and Expenses" account for this purpose. The conferees note that the \$31,454,000 provided for the IPA program in fiscal year 2005 is approximately a 10 percent increase over the fiscal year 2004 level for the program. The conferees are pleased that the Director has assured the Committees that the cost of the IPA program will be shown in a more transparent way in future budget submissions. As a part of this process the conferees expect the fiscal year 2006 budget justification materials to include a single consolidated schedule showing all personnel costs for the Foundation.

The conference agreement provides sufficient resources to maintain existing staffing levels at the Foundation. Within the

total amount provided for this account, the Director may, at his discretion, devote additional resources to address permanent staffing at the agency and address computer system needs, particularly for the FastLane system.

The conferees reiterate the direction in the Senate report regarding staffing support to the Deputy Director of Large Facilities and expect the fiscal year 2005 operating plan to identify the actions taken regarding this matter.

OFFICE OF THE NATIONAL SCIENCE BOARD

Appropriates \$4,000,000 for the National Science Board as proposed by the Senate, instead of \$3,950,000 as proposed by the House.

OFFICE OF INSPECTOR GENERAL

Appropriates \$10,110,000 for the Office of Inspector General as proposed by both the House and the Senate.

The conferees request that the IG conduct a review of the portion of the Foundation's total budget devoted to administrative and other overhead expenses and how these costs compare to similar costs at other large research agencies.

NEIGHBORHOOD REINVESTMENT CORPORATION

PAYMENT TO THE NEIGHBORHOOD REINVESTMENT CORPORATION

Appropriates \$115,000,000 for the Neighborhood Reinvestment Corporation as proposed by both the House and Senate.

Language is included in the bill which designates \$5,000,000 to support the Corporation's multi-family rental housing program, as proposed by the Senate.

SELECTIVE SERVICE SYSTEM

SALARIES AND EXPENSES

Appropriates \$26,300,000 for salaries and expenses as proposed by both the House and Senate. The conferees are in agreement that the Selective Service System should not use any of its funds to support the Corporation for National and Community Service.

WHITE HOUSE COMMISSION ON THE NATIONAL MOMENT OF REMEMBRANCE

Appropriates \$250,000 for this account as proposed by the House. The Senate did not include a similar provision but instead included funding in another bill.

TITLE IV—GENERAL PROVISIONS

The conference agreement includes the following dispositions of General Provisions:

Retains sixteen general provisions proposed by both the House and the Senate, all of which were included in the fiscal year 2004 Act.

Includes modified language, similar to language proposed by the House and the Senate, amending Section 313 of the National Space Act of 1958 to implement new appropriations accounts.

Retains language proposed by the House and the Senate regarding outreach and marketing efforts to enroll veterans in the Veterans Health Administration.

Retains language proposed by the Senate expressing a Sense of the Congress that no veteran should wait more than thirty days for a doctor's appointment. The House did not include similar language.

Retains language proposed by the Senate prohibiting the use of any NASA funds to be used for voluntary separation incentive payments if those incentives result in the loss of skills related to the safety of the Space Shuttle or the International Space Station. The House did not include similar language.

Retains language proposed by the Senate recognizing the six Pioneer Homes in Alaska as eligible for per diem payments under the Department of Veterans Affairs state home program. The House did not include similar language.

Retains language proposed by the House and the Senate related to benefits to families of astronauts of the Space Shuttle Columbia.

Retains language proposed by the Senate to amend a provision included in the fiscal year 2004 Act regarding the regulation of engines under 50 horsepower. The House did not include similar language.

Deletes language proposed by the House providing for expansion of the NASA enhanced use lease demonstration program. The Senate did not include similar language.

Deletes language under this title proposed by the Senate regarding NASA expenditure of funds and instead includes the provision under NASA Administrative Provisions. The House did not include similar language.

Deletes language proposed by the Senate prohibiting the use of funds in this or any other Act to implement section 338 of the Department of the Interior appropriations bill. The House did not include similar language.

Deletes language proposed by the Senate amending section 1502 of the Farm Security and Rural Investment Act of 2002. The House did not include similar language.

Adds a provision appropriating funds for the reconstruction of Pier 86 in New York City.

Adds a provision providing compensation funds to the Department of Veterans Affairs.

Adds a provision exempting the Village of Chickasaw, Ohio from section 102(g)(2) of the Housing and Community Development Act of 1974.

CONFERENCE TOTAL—WITH COMPARISONS

The total new budget (obligational) authority for the fiscal year 2005 recommended by the Committee of Conference, with comparisons to the fiscal year 2004 amount, the 2005 budget estimates, and the House and Senate bills for 2005 follow:

[In thousands of dollars]	
New budget (obligational) authority, fiscal year 2004	\$127,683,430
Budget estimates of new (obligational) authority, fiscal year 2005	131,436,824
House bill, fiscal year 2005	132,238,084
Senate bill, fiscal year 2005	134,238,029
Conference agreement, fiscal year 2005	132,869,084
Conference agreement compared with:	
New budget (obligational) authority, fiscal year 2004	+5,185,654
Budget estimates of new (obligational) authority, fiscal year 2005	+1,432,260
House bill, fiscal year 2005	+631,000
Senate bill, fiscal year 2005	-1,368,945

DIVISION J—OTHER MATTERS

TITLE I—MISCELLANEOUS PROVISIONS AND OFFSETS

Sec. 101. The conference agreement provides \$230,000,000 for the weatherization assistance program of the Department of Energy.

Sec. 102. The conferees have included a new general provision which amends section 1201(a) of Public Law 108-375.

Sec. 103. The conference agreement includes language in section 103 amending Public Law 108-335 the District of Columbia Appropriations Act, 2005 to allow the following: (1) Permits the District of Columbia Department of Transportation to allocate funds from the rights-of-way fund for road, sidewalk, and alley repairs; (2) makes technical corrections to section 340(a) dealing with charter school lease guarantees; (3) repeals section 342(a) and (b) dealing with charter school conversions; (4) modifies section 342(c) dealing with the leasing and acquisition of surplus property by charter schools; and (5) makes technical corrections to section 347 dealing with charter school contracting.

Sec. 104. The conferees include a new provision requiring the Coast Guard to transfer up to \$40,000,000 from the Rescue 21 project to the HH-65 re-engining project. The Rescue 21 project is experiencing significant delays due to software and technical difficulties. The HH-65 re-engining project is a critical safety issue. The Coast Guard has indicated that additional funding is required to accelerate the re-engining project and complete the work by the end of calendar year 2006. Bill language requires the Coast Guard to notify the House and Senate Committees on Appropriations 15 days prior to the transfer occurring.

Sec. 105. The conferees include a new provision extending the authorization of the National Pre-Disaster Mitigation program to December 31, 2005.

Sec. 106. The conferees include a new provision clarifying how funding shall be spent by the Transportation Security Administration's maritime and land security program in fiscal year 2005.

Sec. 107. The conference agreement includes the following technical correction to the Military Construction Appropriations Act, 2005:

Mississippi

Navy: Gulfport, Vehicle Maintenance Facility	-\$4,350,000
Naval Reserve: Gulfport, Vehicle Maintenance Facility	+4,350,000

Sec. 108. The conferees agree to include a new general provision, section 108, which provides the Department of the Navy with \$2,000,000 to acquire an historic vessel, with Coast Guard registration number 225115.

Sec. 122. The conference agreement includes a 0.83 percent across-the-board rescission to discretionary budgetary resources provided in fiscal year 2005 regular appropriations Act (except Defense, Military Construction, and Homeland Security), as well as to any previously enacted fiscal year 2005 advance appropriation and to any contract authority subject to limitation.

TAPS QUALITY BANK

Congress has concerns regarding the Federal Energy Regulatory Commission Administrative Law Judge's decision dated August 31, 2004 in Docket No. OR89-2-017; Docket No. OR96-14-006; Docket No. OR98-24-002; Docket No. ISO3-137-001; Docket No. ISO3-141-001; Docket No. ISO3-142-001; Docket No. ISO3-143-001; Docket No. ISO3-144-001. Considering the specific equities of this case, the general importance of continued domestic refinery activity in order to protect national fuel supplies and the need to limit business uncertainty associated with the use of the Trans Alaska Pipeline System, Congress expects the Federal Energy Regulatory Commission to evaluate carefully the disputed Resid valuation and related retroactive Resid refund matter affecting the TAPS Quality Bank Adjustments. Except where the parties have otherwise stipulated, Congress is particularly concerned about the equity of assigning retroactive refunds beyond a term of 15 months.

The term "TAPS Quality Bank Adjustments" means monetary adjustments paid by or to shippers of oil on the Trans Alaska Pipeline System through the operation of a quality bank to compensation for the value of the shippers' oil commingled in the pipeline.
