Department of Energy Announces $6 Million for
Computational Research to Strengthen the Nation's Electric Grid

Principal Investigator	Title	Institution	City	State	ZIP Code
Cosmin Petra	Scalable Learning and Optimization for Secure and Economic Grid Operations	Lawrence Livermore National Laboratory (LLNL)	Livermore	CA	94551-0808
Emil Constantinescu	Scalable Learning and Optimization for Secure and Economic Grid Operations	Argonne National Laboratory (ANL)	Lemont	IL	60439-4847
Slaven Peles	Next Generation Dynamic Simulations for Reliable, Resilient and Decarbonized Grid	Oak Ridge National Laboratory (ORNL)	Oak Ridge	TN	37831-6118
Julie Bessac	Next Generation Dynamic Simulations for Reliable, Resilient and Decarbonized Grid	National Renewable Energy Laboratory (NREL)	Golden	CO	80401-3111
Carol Woodward	Next Generation Dynamic Simulations for Reliable, Resilient and Decarbonized Grid	Lawrence Livermore National Laboratory (LLNL)	Livermore	CA	94551-0808
