Dr. Hugh E. Montgomery
JSA President and Laboratory Director
Jefferson Science Associates, LLC
Thomas Jefferson National Accelerator Facility
12000 Jefferson Avenue, Suite 15
Newport News, VA 23606

Dear Dr. Montgomery:

It is a pleasure to inform you that Jefferson Science Associates, LLC (JSA, LLC) at the Department of Energy Thomas Jefferson National Accelerator Facility has successfully demonstrated compliance of its Earned Value Management System (EVMS) for non-information technology capital asset projects greater than \$20 million with the American National Standards Institute/Electronic Industries Alliance (ANSI/EIA)-748-A.

This certification is based on the Department of Energy's EVMS review of Project Control System Manual, Revision 4, dated 1 July 08. Your team is to be commended for attaining this EVMS certification. The acceptance of the JSA, LLC EVMS will apply to all JSA, LLC acquisition projects requiring EVMS.

The Department of Energy expects JSA, LLC to maintain its EVMS through surveillance programs. Recognizing that management systems are dynamic to meet changing business needs and to improve effectiveness, we encourage continuous improvement as long as compliance with the ANSI/EIA-748-A is maintained. JSA, LLC shall notify the Office of Engineering and Construction Management (OECM) of any changes to its EVMS.

The Department of Energy congratulates JSA, LLC on this certification. JSA, LLC has achieved a significant milestone by demonstrating a performance measurement system that provides valid data and is effective in managing project performance.

Sincerely,

A handwritten signature in black ink, appearing to read "PBosco".
